Subject: Report of obsolete rules

According to the prior Executive Director, Julie Vikmanis, the Board of Examiners for Nursing Home Administrators completed extensive revision of Minnesota Rules 6400.0000 pertaining to the administration of nursing homes in Minnesota. The 2000 legislative session provided the direction in removing several obsolete rules with final revision occurring in June.

With those recent successful revisions, the Board of Examiners will continue to examine rules that may become obsolete and proactively work towards their elimination.
