1.1 A bill for an act  
1.2 relating to criminal justice; addressing the use of predictive policing by law  
1.3 enforcement; proposing coding for new law in Minnesota Statutes, chapter 626.

1.4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.5 Section 1. **[626.999] USE OF PREDICTIVE POLICING.**

1.6 (a) As used in this section: (1) "law enforcement agency" has the meaning given  
1.7 in section 626.84, subdivision 1; and (2) "predictive policing" means the practice of  
1.8 collecting data from disparate sources, including both criminal justice and noncriminal  
1.9 justice-related sources, analyzing the data, and proactively using the results of the analysis  
1.10 to anticipate, prevent, or respond to future criminal activities.

1.11 (b) A law enforcement agency may not engage in the practice of predictive policing  
1.12 as a means of targeting a specific individual as having committed or being likely to  
1.13 commit a crime. Nothing in this paragraph prohibits the use of predictive policing on the  
1.14 community or aggregate level to deploy law enforcement resources or implement law  
1.15 enforcement strategies.

1.16 (c) Information or conclusions derived from the use of predictive policing are  
1.17 not relevant to and may not be used as a basis for a probable cause determination or a  
1.18 conviction in a criminal matter.
