Subd. 7. **Window fall prevention device code.** The commissioner of labor and industry shall adopt rules for window fall prevention devices as part of the State Building Code. The rules shall require compliance with standards for window fall prevention devices developed by ASTM International, contained in the International Building Code as the model language with amendments deemed necessary to coordinate with the other adopted building codes in Minnesota. The rules shall establish a scope that includes the applicable building occupancies, and the types, locations, and sizes of windows that will require the installation of fall devices. ~~The rules will be effective July~~

20.12 **326B.194 INTERSTATE COMPACT ON INDUSTRIALIZED/MODULAR**  
20.13 **BUILDINGS.**

20.14 The state of Minnesota ratifies and approves the following compact: Interstate  
20.15 Industrialized Buildings Commission's Interstate Compact as amended by Laws 1990,  
20.16 chapter 458, section 2; Laws 1995, chapter 254, article 4, section 1; and Laws 2007,  
20.17 chapter 140, article 4, section 61, and article 13, section 4, on industrialized/modular  
20.18 buildings and incorporates the compact by reference. A copy of the compact must be  
20.19 available to the public.

20.20 ~~INTERSTATE COMPACT ON INDUSTRIALIZED/MODULAR BUILDINGS~~

20.21 ~~ARTICLE I~~

20.22 ~~FINDINGS AND DECLARATIONS OF POLICY~~

20.23 ~~(1) The compacting states find that:~~

20.24 ~~(a) Industrialized/modular buildings are constructed in factories in the various states~~  
20.25 ~~and are a growing segment of the nation's affordable housing and commercial building~~  
20.26 ~~stock.~~

20.27 ~~(b) The regulation of industrialized/modular buildings varies from state to state and~~  
20.28 ~~locality to locality, which creates confusion and burdens state and local building officials~~  
20.29 ~~and the industrialized/modular building industry.~~

20.30 ~~(c) Regulation by multiple jurisdictions imposes additional costs, which are~~  
20.31 ~~ultimately borne by the owners and users of industrialized/modular buildings, restricts~~  
20.32 ~~market access and discourages the development and incorporation of new technologies.~~

20.33 ~~(2) It is the policy of each of the compacting states to:~~

(a) ~~Provide the states which regulate the design and construction of industrialized/modular buildings with a program to coordinate and uniformly adopt and administer the states' rules and regulations for such buildings, all in a manner to assure interstate reciprocity.~~

(b) ~~Provide to the United States Congress assurances that would preclude the need for a voluntary preemptive federal regulatory system for modular housing, as outlined in Section 572 of the Housing and Community Development Act of 1987, including development of model standards for modular housing construction, such that design and performance will insure quality, durability and safety; will be in accordance with life-cycle cost-effective energy conservation standards; all to promote the lowest total construction and operating costs over the life of such housing.~~

## ARTICLE II DEFINITIONS

~~As used in this compact, unless the context clearly requires otherwise:~~

(1) ~~"Commission" means the Interstate Industrialized/Modular Buildings Commission.~~

(2) ~~"Industrialized/modular building" means any building which is of closed construction, i.e. constructed in such a manner that concealed parts or processes of manufacture cannot be inspected at the site, without disassembly, damage or destruction, and which is made or assembled in manufacturing facilities, off the building site, for installation, or assembly and installation, on the building site. "Industrialized/modular building" includes, but is not limited to, modular housing which is factory-built single-family and multifamily housing (including closed wall panelized housing) and other modular, nonresidential buildings. "Industrialized/modular building" does not include any structure subject to the requirements of the National Manufactured Home Construction and Safety Standards Act of 1974.~~

(3) ~~"Interim reciprocal agreement" means a formal reciprocity agreement between a noncompacting state wherein the noncompacting state agrees that labels evidencing compliance with the model rules and regulations for industrialized/modular buildings, as authorized in Article VIII, section (9), shall be accepted by the state and its subdivisions to permit installation and use of industrialized/modular buildings. Further, the noncompacting state agrees that by legislation or regulation, and appropriate enforcement by uniform administrative procedures, the noncompacting state requires all industrialized/modular building manufacturers within that state to comply with the model rules and regulations for industrialized/modular buildings.~~

(4) ~~"State" means a state of the United States, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.~~

~~(5) "Uniform administrative procedures" means the procedures adopted by the commission (after consideration of any recommendations from the rules development committee) which state and local officials, and other parties, in one state, will utilize to assure state and local officials, and other parties, in other states, of the substantial compliance of industrialized/modular building construction with the construction standard of requirements of such other states; to assess the adequacy of building systems; and to verify and assure the competency and performance of evaluation and inspection agencies.~~

~~(6) "Model rules and regulations for industrialized/modular buildings" means the construction standards adopted by the commission (after consideration of any recommendations from the rules development committee) which govern the design, manufacture, handling, storage, delivery and installation of industrialized/modular buildings and building components. The construction standards and any amendments thereof shall conform insofar as practicable to model building codes and referenced standards generally accepted and in use throughout the United States.~~

### ~~ARTICLE III CREATION OF COMMISSION~~

~~The compacting states hereby create the Interstate Industrialized/Modular Buildings Commission, hereinafter called commission. Said commission shall be a body corporate of each compacting state and an agency thereof. The commission shall have all the powers and duties set forth herein and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states.~~

### ~~ARTICLE IV SELECTION OF COMMISSIONERS~~

~~The commission shall be selected as follows. As each state becomes a compacting state, one resident shall be appointed as commissioner. The commissioner shall be selected by the governor of the compacting state, being designated from the state agency charged with regulating industrialized/modular buildings or, if such state agency does not exist, being designated from among those building officials with the most appropriate responsibilities in the state. The commissioner may designate another official as an alternate to act on behalf of the commissioner at commission meetings which the commissioner is unable to attend.~~

~~Each state commissioner shall be appointed, suspended, or removed and shall serve subject to and in accordance with the laws of the state which said commissioner represents; and each vacancy occurring shall be filled in accordance with the laws of the state wherein the vacancy exists.~~

~~For every three state commissioners that have been appointed in the manner described, those state commissioners shall select one additional commissioner who shall be~~

~~a representative of manufacturers of residential- or commercial-use industrialized/modular buildings. For every six state commissioners that have been appointed in the manner described, the state commissioners shall select one additional commissioner who shall be a representative of consumers of industrialized/modular buildings. In the event states withdraw from the compact or, for any other reason, the number of state commissioners is reduced, the state commissioners shall remove the last added representative commissioner as necessary to maintain the ratio of state commissioners to representative commissioners described herein.~~

~~Upon a majority vote of the state commissioners, the state commissioners may remove, fill a vacancy created by, or replace any representative commissioner, provided that any replacement is made from the same representative group and the ratio described herein is maintained. Unless provided otherwise, the representative commissioners have the same authority and responsibility as the state commissioners.~~

~~In addition, the commission may have as a member one commissioner representing the United States government if federal law authorizes such representation. Such commissioner shall not vote on matters before the commission. Such commissioner shall be appointed by the President of the United States, or in such other manner as may be provided by Congress.~~

No agency license shall be issued to any person, firm, corporation or association that has, within the past three years, been convicted in any court of fraud or felony. No license shall be issued to any attorney whose license to practice law has been suspended or revoked, for a period of three years after the date of such suspension or revocation. The department may refuse to issue a license to any person or may suspend or revoke the license of any employment agent, employment agency manager or counselor when it finds that any of the following conditions exist:
