11.24 Sec. 14. Minnesota Statutes 2016, section 126C.17, subdivision 9, is amended to read:

11.25 Subd. 9. **Referendum revenue.** (a) The revenue authorized by section 126C.10,
 11.26 subdivision 1, may be increased in the amount approved by the voters of the district at a
 11.27 referendum called for the purpose. The referendum may be called by the board. The
 11.28 referendum must be conducted one or two calendar years before the increased levy authority,
 11.29 if approved, first becomes payable. Only one election to approve an increase may be held
 11.30 in a calendar year. Unless the referendum is conducted by mail under subdivision 11,
 11.31 paragraph (a), the referendum must be held on the first Tuesday after the first Monday in

12.1 November. The ballot must state the maximum amount of the increased revenue per adjusted
12.2 pupil unit. The ballot may state a schedule, determined by the board, of increased revenue
12.3 per adjusted pupil unit that differs from year to year over the number of years for which the
12.4 increased revenue is authorized or may state that the amount shall increase annually by the
12.5 rate of inflation. For this purpose, the rate of inflation shall be the annual inflationary increase
12.6 calculated under subdivision 2, paragraph (b). The ballot may state that existing referendum
12.7 levy authority is expiring. In this case, the ballot may also compare the proposed levy
12.8 authority to the existing expiring levy authority, and express the proposed increase as the
12.9 amount, if any, over the expiring referendum levy authority. The ballot must designate the
12.10 specific number of years, not to exceed ten, for which the referendum authorization applies.
12.11 The ballot, including a ballot on the question to revoke or reduce the increased revenue
12.12 amount under paragraph (c), must abbreviate the term "per adjusted pupil unit" as "per
12.13 pupil." The notice required under section 275.60 may be modified to read, in cases of
12.14 renewing existing levies at the same amount per pupil as in the previous year:

12.15 "BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING TO
12.16 EXTEND AN EXISTING PROPERTY TAX REFERENDUM THAT IS SCHEDULED
12.17 TO EXPIRE."

12.18 The ballot may contain a textual portion with the information required in this subdivision
12.19 and a question stating substantially the following:

12.20 "Shall the increase in the revenue proposed by (petition to) the board of, School
12.21 District No. ..., be approved?"

12.22 If approved, an amount equal to the approved revenue per adjusted pupil unit times the
12.23 adjusted pupil units for the school year beginning in the year after the levy is certified shall
12.24 be authorized for certification for the number of years approved, if applicable, or until
12.25 revoked or reduced by the voters of the district at a subsequent referendum.

12.26 (b) The board must ~~prepare and~~ deliver by ~~first class~~ mail at least 15 days but no more
12.27 than 30 days before the day of the referendum to each taxpayer a notice of the referendum
12.28 and the proposed revenue increase. The board need not mail more than one notice to any
12.29 taxpayer. For the purpose of giving mailed notice under this subdivision, owners must be
12.30 those shown to be owners on the records of the county auditor or, in any county where tax
12.31 statements are mailed by the county treasurer, on the records of the county treasurer. Every
12.32 property owner whose name does not appear on the records of the county auditor or the
12.33 county treasurer is deemed to have waived this mailed notice unless the owner has requested
12.34 in writing that the county auditor or county treasurer, as the case may be, include the name

13.1 on the records for this purpose. The notice must project the anticipated amount of tax increase
13.2 in annual dollars for typical residential homesteads, agricultural homesteads, apartments,
13.3 and commercial-industrial property within the school district.

13.4 The notice for a referendum may state that an existing referendum levy is expiring and
13.5 project the anticipated amount of increase over the existing referendum levy in the first
13.6 year, if any, in annual dollars for typical residential homesteads, agricultural homesteads,
13.7 apartments, and commercial-industrial property within the district.

13.8 The notice must include the following statement: "Passage of this referendum will result
13.9 in an increase in your property taxes." However, in cases of renewing existing levies, the
13.10 notice may include the following statement: "Passage of this referendum extends an existing
13.11 operating referendum at the same amount per pupil as in the previous year."

13.12 (c) A referendum on the question of revoking or reducing the increased revenue amount
13.13 authorized pursuant to paragraph (a) may be called by the board. A referendum to revoke
13.14 or reduce the revenue amount must state the amount per adjusted pupil unit by which the
13.15 authority is to be reduced. Revenue authority approved by the voters of the district pursuant
13.16 to paragraph (a) must be available to the school district at least once before it is subject to
13.17 a referendum on its revocation or reduction for subsequent years. Only one revocation or
13.18 reduction referendum may be held to revoke or reduce referendum revenue for any specific
13.19 year and for years thereafter.

13.20 (d) The approval of 50 percent plus one of those voting on the question is required to
13.21 pass a referendum authorized by this subdivision.

13.22 (e) At least 15 days before the day of the referendum, the district must submit a copy of
13.23 the notice required under paragraph (b) to the commissioner and to the county auditor of
13.24 each county in which the district is located. Within 15 days after the results of the referendum
13.25 have been certified by the board, or in the case of a recount, the certification of the results
13.26 of the recount by the canvassing board, the district must notify the commissioner of the
13.27 results of the referendum.

13.31 payments for a district nonoperating fund must be made at the current year aid payment
13.32 percentage of the estimated entitlement during the fiscal year of the entitlement. This amount
13.33 shall be paid in ~~12~~ six equal monthly installments from July through December. The amount

14.1 of the actual entitlement, after adjustment for actual data, minus the payments made during
 14.2 the fiscal year of the entitlement must be paid prior to October 31 of the following school
 14.3 year. The commissioner may make advance payments of debt service equalization aid and
 14.4 state-paid tax credits for a district's debt service fund earlier than would occur under the
 14.5 preceding schedule if the district submits evidence showing a serious cash flow problem in
 14.6 the fund. The commissioner may make earlier payments during the year and, if necessary,
 14.7 increase the percent of the entitlement paid to reduce the cash flow problem.

19.3 gold and platinum seals. The school district or charter school must affix the appropriate seal
19.4 to the transcript of each high school student who meets the requirements of this subdivision

19.16 ACTFL proficiency guidelines.

19.17 (h) By August 1, 2015, the colleges and universities of the Minnesota State Colleges
19.18 and Universities system must establish criteria to translate the seals into college credits
19.19 based on the world language course equivalencies identified by the Minnesota State Colleges
19.20 and Universities faculty and staff and, upon request from an enrolled student, the Minnesota
19.21 State Colleges and Universities may award foreign language credits to a student who receives
19.22 a Minnesota World Language Proficiency Certificate under subdivision 1a. A student who
19.23 demonstrated the requisite level of language proficiency in grade 10, 11, or 12 to receive a
19.24 seal or certificate and is enrolled in a Minnesota State Colleges and Universities institution
19.25 must request college credits for the student's seal or proficiency certificate within three
19.26 academic years after graduating from high school. The University of Minnesota is encouraged
19.27 to award students foreign language academic credits consistent with this paragraph.

19.28 Sec. 5. Minnesota Statutes 2016, section 120B.12, subdivision 2, is amended to read:

19.29 Subd. 2. **Identification; report.** (a) Each school district shall identify before the end of
19.30 kindergarten, grade 1, and grade 2 students who are not reading at grade level before the
19.31 end of the current school year and shall identify students in grade 3 or higher who
19.32 demonstrate a reading difficulty to a classroom teacher. Reading assessments in English,
19.33 and in the predominant languages of district students where practicable, must identify and
19.34 evaluate students' areas of academic need related to literacy. The district also must monitor

20.1 the progress and provide reading instruction appropriate to the specific needs of English
20.2 learners. The district must use a locally adopted, developmentally appropriate, and culturally
20.3 responsive assessment and annually report summary assessment results to the commissioner
20.4 by July 1. The district also must annually report to the commissioner by July 1 a summary
20.5 of the district's efforts to screen and identify students with:

20.6 (1) dyslexia, using screening tools such as those recommended by the department's
20.7 dyslexia and literacy specialist; or

20.8 (2) convergence insufficiency disorder to the commissioner by July 1.

20.9 (b) A student identified under this subdivision must be provided with alternate instruction
20.10 under section 125A.56, subdivision 1.

20.11 Sec. 6. Minnesota Statutes 2016, section 120B.12, subdivision 2a, is amended to read:

20.12 Subd. 2a. **Parent notification and involvement.** Schools, at least annually, must give
20.13 the parent of each student who is not reading at or above grade level timely information
20.14 about:

20.15 (1) the student's reading proficiency as measured by a locally adopted assessment;

20.16 (2) reading-related services currently being provided to the student and the student's
20.17 progress; and

20.18 (3) strategies for parents to use at home in helping their student succeed in becoming
20.19 grade-level proficient in reading in English and in their native language.

20.20 A district may not use this section to deny a student's right to a special education
20.21 evaluation.

20.22 Sec. 7. Minnesota Statutes 2016, section 120B.12, subdivision 3, is amended to read:

20.23 Subd. 3. **Intervention.** (a) For each student identified under subdivision 2, the district
20.24 shall provide reading intervention to accelerate student growth and reach the goal of reading
20.25 at or above grade level by the end of the current grade and school year. If a student does
20.26 not read at or above grade level by the end of grade 3, the district must continue to provide
20.27 reading intervention until the student reads at grade level. District intervention methods
20.28 shall encourage family engagement and, where possible, collaboration with appropriate
20.29 school and community programs. Intervention methods may include, but are not limited to,
20.30 requiring attendance in summer school, intensified reading instruction that may require that

21.1 the student be removed from the regular classroom for part of the school day, extended-day
21.2 programs, or programs that strengthen students' cultural connections.

21.3 (b) A school district or charter school is strongly encouraged to provide a personal
21.4 learning plan for a student who is unable to demonstrate grade-level proficiency, as measured
21.5 by the statewide reading assessment in grade 3. The district or charter school must determine
21.6 the format of the personal learning plan in collaboration with the student's educators and
21.7 other appropriate professionals. The school must develop the learning plan in consultation
21.8 with the student's parent or guardian. The personal learning plan must address knowledge
21.9 gaps and skill deficiencies through strategies such as specific exercises and practices during
21.10 and outside of the regular school day, periodic assessments, and reasonable timelines. The
21.11 personal learning plan may include grade retention, if it is in the student's best interest. A
21.12 school must maintain and regularly update and modify the personal learning plan until the
21.13 student reads at grade level. This paragraph does not apply to a student under an
21.14 individualized education program.

21.15 **Sec. 8. [120B.122] DYSLEXIA SPECIALIST.**

21.16 Subdivision 1. **Purpose.** The department must employ a dyslexia specialist to provide
21.17 technical assistance for dyslexia and related disorders and to serve as the primary source of
21.18 information and support for schools in addressing the needs of students with dyslexia and
21.19 related disorders. The dyslexia specialist shall also act to increase professional awareness
21.20 and instructional competencies to meet the educational needs of students with dyslexia or
21.21 identified with risk characteristics associated with dyslexia and shall develop implementation
21.22 guidance and make recommendations to the commissioner consistent with section 122A.06,
21.23 subdivision 4, to be used to assist general education teachers and special education teachers
21.24 to recognize educational needs and to improve literacy outcomes for students with dyslexia
21.25 or identified with risk characteristics associated with dyslexia, including recommendations
21.26 related to increasing the availability of online and asynchronous professional development
21.27 programs and materials.

21.28 Subd. 2. **Definition.** For purposes of this section, a "dyslexia specialist" means a dyslexia
21.29 therapist, licensed psychologist, licensed speech-language pathologist, or certified dyslexia
21.30 training specialist who has a minimum of three years of field experience in screening,
21.31 identifying, and treating dyslexia and related disorders.

21.32 Subd. 3. **Requirements.** A dyslexia specialist shall be highly trained in dyslexia and
21.33 related disorders and in using interventions and treatments that are evidence-based,

22.1 multisensory, direct, explicit, structured, and sequential in the areas of phonics, phonemic
22.2 awareness, vocabulary, fluency, and comprehension.

22.3 Sec. 9. Minnesota Statutes 2016, section 120B.125, is amended to read:

22.4 **120B.125 PLANNING FOR STUDENTS' SUCCESSFUL TRANSITION TO**
22.5 **POSTSECONDARY EDUCATION AND EMPLOYMENT; PERSONAL LEARNING**
22.6 **PLANS.**

22.7 (a) Consistent with sections 120B.13, 120B.131, 120B.132, 120B.14, 120B.15, 120B.30,
22.8 subdivision 1, paragraph (c), 125A.08, and other related sections, school districts, beginning
22.9 in the 2013-2014 school year, must assist all students by no later than grade 9 to explore
22.10 their educational, college, and career interests, aptitudes, and aspirations and develop a plan
22.11 for a smooth and successful transition to postsecondary education or employment. All
22.12 students' plans must:

22.13 (1) provide a comprehensive plan to prepare for and complete a career and college ready
22.14 curriculum by meeting state and local academic standards and developing career and
22.15 employment-related skills such as team work, collaboration, creativity, communication,
22.16 critical thinking, and good work habits;

22.17 (2) emphasize academic rigor and high expectations and inform the student, and the
22.18 student's parent or guardian if the student is a minor, of the student's achievement level
22.19 score on the Minnesota Comprehensive Assessments that are administered during high
22.20 school;

22.21 (3) help students identify interests, aptitudes, aspirations, and personal learning styles
22.22 that may affect their career and college ready goals and postsecondary education and
22.23 employment choices;

22.24 (4) set appropriate career and college ready goals with timelines that identify effective
22.25 means for achieving those goals;

22.26 (5) help students access education and career options;

22.27 (6) integrate strong academic content into career-focused courses and applied and
22.28 experiential learning opportunities and integrate relevant career-focused courses and applied
22.29 and experiential learning opportunities into strong academic content;

22.30 (7) help identify and access appropriate counseling and other supports and assistance
22.31 that enable students to complete required coursework, prepare for postsecondary education

23.1 and careers, and obtain information about postsecondary education costs and eligibility for
23.2 financial aid and scholarship;

23.3 (8) help identify collaborative partnerships among prekindergarten through grade 12
23.4 schools, postsecondary institutions, economic development agencies, and local and regional
23.5 employers that support students' transition to postsecondary education and employment and
23.6 provide students with applied and experiential learning opportunities; and

23.7 (9) be reviewed and revised at least annually by the student, the student's parent or
23.8 guardian, and the school or district to ensure that the student's course-taking schedule keeps
23.9 the student making adequate progress to meet state and local academic standards and high
23.10 school graduation requirements and with a reasonable chance to succeed with employment
23.11 or postsecondary education without the need to first complete remedial course work.

23.12 (b) A school district may develop grade-level curricula or provide instruction that
23.13 introduces students to various careers, but must not require any curriculum, instruction, or
23.14 employment-related activity that obligates an elementary or secondary student to involuntarily
23.15 select or pursue a career, career interest, employment goals, or related job training.

23.16 (c) Educators must possess the knowledge and skills to effectively teach all English
23.17 learners in their classrooms. School districts must provide appropriate curriculum, targeted
23.18 materials, professional development opportunities for educators, and sufficient resources
23.19 to enable English learners to become career and college ready.

23.20 (d) When assisting students in developing a plan for a smooth and successful transition
23.21 to postsecondary education and employment, districts must recognize the unique possibilities
23.22 of each student and ensure that the contents of each student's plan reflect the student's unique
23.23 talents, skills, and abilities as the student grows, develops, and learns.

23.24 (e) If a student with a disability has an individualized education program (IEP) or
23.25 standardized written plan that meets the plan components of this section, the IEP satisfies
23.26 the requirement and no additional transition plan is needed.

23.27 (f) Students who do not meet or exceed Minnesota academic standards, as measured by
23.28 the Minnesota Comprehensive Assessments that are administered during high school, shall
23.29 be informed that admission to a public school is free and available to any resident under 21
23.30 years of age or who meets the requirements of section 120A.20, subdivision 1, paragraph

23.31 (c). A student's plan under this section shall continue while the student is enrolled.

23.32 **EFFECTIVE DATE.** This section is effective July 1, 2017.

24.1 Sec. 10. Minnesota Statutes 2016, section 120B.132, is amended to read:

24.8 this section:

24.9 (1) must have a three-year plan approved by the local school board to establish a new
24.10 international baccalaureate program leading to international baccalaureate authorization,

24.28 scores on related exams.

24.29 Subd. 2. **Application and review process; funding priority.** (a) Charter schools and
24.30 school districts in which eligible schools under subdivision 1 are located may apply to the
24.31 commissioner, in the form and manner the commissioner determines, for competitive funding
24.32 to further raise students' academic achievement. The application must detail the specific

25.1 efforts the applicant intends to undertake in further raising students' academic achievement,
 25.2 consistent with subdivision 1, and a proposed budget detailing the district or charter school's
 25.3 current and proposed expenditures for advanced placement, preadvanced placement, and
 25.4 international baccalaureate courses and programs. The proposed budget must demonstrate
 25.5 that the applicant's efforts will support implementation of advanced placement, preadvanced
 25.6 placement, and international baccalaureate courses and programs. Expenditures for
 25.7 administration must not exceed five percent of the proposed budget. The commissioner may
 25.8 require an applicant to provide additional information.

25.9 (b) When reviewing applications, the commissioner must determine whether the applicant
 25.10 satisfied all the requirements in this subdivision and subdivision 1. The commissioner may
 25.11 give funding priority to an otherwise qualified applicant that demonstrates:

26.4 subdivision 2. For charter schools in their first year of operation, the maximum funding
26.5 award must be calculated using the number of pupils enrolled on October 1 of the current
26.6 fiscal year. The commissioner may adjust the maximum funding award computed using
26.7 prior year data for changes in enrollment attributable to school closings, school openings,
26.8 grade level reconfigurations, or school district reorganizations between the prior fiscal year
26.9 and the current fiscal year; or

 27.15 placement, preadvanced placement, and international baccalaureate courses and programs
 27.16 compared with the previous fiscal year, and the district or charter school has expended all
 27.17 grant funds, consistent with its approved budget.

27.18 (c) Notwithstanding any law to the contrary, a grant under this section is available for
 27.19 three years from the date of the grant if the district or charter school meets the annual

30.21 ~~11 or grade 12;~~

30.22 ~~(2)~~ achievement and career and college readiness in mathematics, reading, and writing,
30.23 consistent with paragraph (k) and to the extent available, to monitor students' continuous
30.24 development of and growth in requisite knowledge and skills; analyze students' progress
30.25 and performance levels, identifying students' academic strengths and diagnosing areas where
30.26 students require curriculum or instructional adjustments, targeted interventions, or
30.27 remediation; and, based on analysis of students' progress and performance data, determine
30.28 students' learning and instructional needs and the instructional tools and best practices that
30.29 support academic rigor for the student; and

30.30 ~~(3)~~ (2) consistent with this paragraph and section 120B.125, age-appropriate exploration
30.31 and planning activities and career assessments to encourage students to identify personally
30.32 relevant career interests and aptitudes and help students and their families develop a regularly

31.1 reexamined transition plan for postsecondary education or employment without need for
31.2 postsecondary remediation.

31.3 Based on appropriate state guidelines, students with an individualized education program
31.4 may satisfy state graduation requirements by achieving an individual score on the
31.5 state-identified alternative assessments.

31.6 (d) Expectations of schools, districts, and the state for career or college readiness under
31.7 this subdivision must be comparable in rigor, clarity of purpose, and rates of student
31.8 completion.

31.9 A student under paragraph (c), clause ~~(2)~~ (1), must receive targeted, relevant, academically
31.10 rigorous, and resourced instruction, which may include a targeted instruction and intervention
31.11 plan focused on improving the student's knowledge and skills in core subjects so that the
31.12 student has a reasonable chance to succeed in a career or college without need for
31.13 postsecondary remediation. Consistent with sections 120B.13, 124D.09, 124D.091, 124D.49,
31.14 and related sections, an enrolling school or district must actively encourage a student in
31.15 grade 11 or 12 who is identified as academically ready for a career or college to participate
31.16 in courses and programs awarding college credit to high school students. Students are not
31.17 required to achieve a specified score or level of proficiency on an assessment under this
31.18 subdivision to graduate from high school.

31.19 (e) Though not a high school graduation requirement, students are encouraged to
31.20 participate in a nationally recognized college entrance exam. To the extent state funding
31.21 for college entrance exam fees is available, a district must ~~pay the cost~~ reimburse a student
31.22 in grade 11 or 12 who is eligible for a free or reduced-price meal, one time, for an interested
31.23 student in grade 11 or 12 to take for the registration fees associated with a nationally
31.24 recognized college entrance exam before graduating. A student must be able to take the
31.25 exam under this paragraph at the student's high school during the school day and at any one
31.26 of the multiple exam administrations available to students in the district. In order to comply
31.27 with this subdivision, a district may administer the ACT or SAT or both the ACT and SAT
31.28 to comply with this paragraph at the student's high school or arrange for the student to take
31.29 the exam at another location. If the district administers only one of these two tests and a
31.30 student opts not to take that test and chooses instead to take the other of the two tests, the
31.31 A free or reduced-price meal eligible student may take the other test exam at a different
31.32 time or location and remains eligible for the examination fee reimbursement.

31.33 (f) The commissioner and the chancellor of the Minnesota State Colleges and Universities
31.34 must collaborate in aligning instruction and assessments for adult basic education students

32.1 and English learners to provide the students with diagnostic information about any targeted
32.2 interventions, accommodations, modifications, and supports they need so that assessments
32.3 and other performance measures are accessible to them and they may seek postsecondary
32.4 education or employment without need for postsecondary remediation. When administering
32.5 formative or summative assessments used to measure the academic progress, including the
32.6 oral academic development, of English learners and inform their instruction, schools must
32.7 ensure that the assessments are accessible to the students and students have the modifications
32.8 and supports they need to sufficiently understand the assessments.

32.9 (g) Districts and schools, on an annual basis, must use career exploration elements to
32.10 help students, beginning no later than grade 9, and their families explore and plan for
32.11 postsecondary education or careers based on the students' interests, aptitudes, and aspirations.
32.12 Districts and schools must use timely regional labor market information and partnerships,
32.13 among other resources, to help students and their families successfully develop, pursue,
32.14 review, and revise an individualized plan for postsecondary education or a career. This
32.15 process must help increase students' engagement in and connection to school, improve
32.16 students' knowledge and skills, and deepen students' understanding of career pathways as
32.17 a sequence of academic and career courses that lead to an industry-recognized credential,
32.18 an associate's degree, or a bachelor's degree and are available to all students, whatever their
32.19 interests and career goals.

32.20 (h) A student who demonstrates attainment of required state academic standards, which
32.21 include career and college readiness benchmarks, on high school assessments under
32.22 subdivision 1a is academically ready for a career or college and is encouraged to participate
32.23 in courses awarding college credit to high school students. Such courses and programs may
32.24 include sequential courses of study within broad career areas and technical skill assessments
32.25 that extend beyond course grades.

32.26 (i) As appropriate, students through grade 12 must continue to participate in targeted
32.27 instruction, intervention, or remediation and be encouraged to participate in courses awarding
32.28 college credit to high school students.

32.29 (j) In developing, supporting, and improving students' academic readiness for a career
32.30 or college, schools, districts, and the state must have a continuum of empirically derived,
32.31 clearly defined benchmarks focused on students' attainment of knowledge and skills so that
32.32 students, their parents, and teachers know how well students must perform to have a
32.33 reasonable chance to succeed in a career or college without need for postsecondary
32.34 remediation. The commissioner, in consultation with local school officials and educators,
32.35 and Minnesota's public postsecondary institutions must ensure that the foundational

33.1 knowledge and skills for students' successful performance in postsecondary employment
33.2 or education and an articulated series of possible targeted interventions are clearly identified
33.3 and satisfy Minnesota's postsecondary admissions requirements.

33.4 (k) For students in grade 8 in the 2012-2013 school year and later, a school, district, or
33.5 charter school must record on the high school transcript a student's progress toward career
33.6 and college readiness, and for other students as soon as practicable.

33.7 (l) The school board granting students their diplomas may formally decide to include a
33.8 notation of high achievement on the high school diplomas of those graduating seniors who,
33.9 according to established school board criteria, demonstrate exemplary academic achievement
33.10 during high school.

33.11 (m) The 3rd through 8th grade computer-adaptive assessment results and high school
33.12 test results shall be available to districts for diagnostic purposes affecting student learning
33.13 and district instruction and curriculum, and for establishing educational accountability. The
33.14 commissioner must establish empirically derived benchmarks on adaptive assessments in
33.15 grades 3 through 8. The commissioner, in consultation with the chancellor of the Minnesota
33.16 State Colleges and Universities, must establish empirically derived benchmarks on the high
33.17 school tests that reveal a trajectory toward career and college readiness consistent with
33.18 section 136F.302, subdivision 1a. The commissioner must disseminate to the public the
33.19 computer-adaptive assessments and high school test results upon receiving those results.

33.20 (n) The grades 3 through 8 computer-adaptive assessments and high school tests must
33.21 be aligned with state academic standards. The commissioner shall determine the testing
33.22 process and the order of administration. The statewide results shall be aggregated at the site
33.23 and district level, consistent with subdivision 1a.

33.24 (o) The commissioner shall include the following components in the statewide public
33.25 reporting system:

33.26 (1) uniform statewide computer-adaptive assessments of all students in grades 3 through
33.27 8 and testing at the high school levels that provides appropriate, technically sound
33.28 accommodations or alternate assessments;

33.29 (2) educational indicators that can be aggregated and compared across school districts
33.30 and across time on a statewide basis, including average daily attendance, high school
33.31 graduation rates, and high school drop-out rates by age and grade level;

33.32 (3) state results on the American College Test; and

34.1 (4) state results from participation in the National Assessment of Educational Progress
 34.2 so that the state can benchmark its performance against the nation and other states, and,
 34.3 where possible, against other countries, and contribute to the national effort to monitor
 34.4 achievement.

34.5 (p) For purposes of statewide accountability, "career and college ready" means a high
 34.6 school graduate has the knowledge, skills, and competencies to successfully pursue a career
 34.7 pathway, including postsecondary credit leading to a degree, diploma, certificate, or
 34.8 industry-recognized credential and employment. Students who are career and college ready
 34.9 are able to successfully complete credit-bearing coursework at a two- or four-year college
 34.10 or university or other credit-bearing postsecondary program without need for remediation.

34.11 (q) For purposes of statewide accountability, "cultural competence," "cultural
 34.12 competency," or "culturally competent" means the ability ~~and will~~ of families and educators
 34.13 to interact effectively with people of different cultures, native languages, and socioeconomic
 34.14 backgrounds.

34.15 Sec. 16. Minnesota Statutes 2016, section 120B.31, is amended by adding a subdivision
 34.16 to read:

34.17 Subd. 3a. **Rollout sites; report.** The commissioner of education shall designate up to
 34.18 six school districts or charter schools as rollout sites.

34.19 (a) The rollout sites should represent urban school districts, suburban school districts,
 34.20 nonurban school districts, and charter schools. The commissioner shall designate rollout
 34.21 sites and notify the schools by August 1, 2017, and the designated school districts or charter
 34.22 schools shall have the right to opt in or out as rollout sites by September 1, 2017.

34.23 (b) The commissioner must consult stakeholders and review the American Community
 34.24 Survey to develop recommendations for best practices for disaggregated data. Stakeholders
 34.25 consulted under this paragraph include at least:

34.26 (1) the rollout sites;

34.27 (2) parent groups; and

34.28 (3) community representatives.

34.29 (c) The commissioner shall report to the legislative committees having jurisdiction over
 34.30 kindergarten through grade 12 education policy and finance by February 1, 2018. The
 34.31 commissioner may research best practices from other states that have disaggregated data
 34.32 beyond the requirements of the most recent reauthorization of the Elementary and Secondary

35.1 Education Act. The commissioner must consult with the stakeholders on how to measure
 35.2 a student's background as an immigrant or a refugee and provide a recommendation in the
 35.3 report on how to include the data in the statewide rollout. The recommendations may address:

35.4 (1) the most meaningful use of disaggregated data, including but not limited to which
 35.5 reports should include further disaggregated data;

35.6 (2) collection of additional student characteristics, including but not limited to ensuring
 35.7 enhanced enrollment forms:

35.8 (i) provide context and the objective of additional data;

35.9 (ii) are designed to convey respect and acknowledgment of the sensitive nature of the
 35.10 additional data; and

35.11 (iii) are designed to collect data consistent with user feedback;

35.12 (3) efficient data-reporting approaches when reporting additional information to the
 35.13 department;

35.14 (4) the frequency by which districts and schools must update enrollment forms to meet
 35.15 the needs of the state's changing racial and ethnic demographics; and

35.16 (5) the criteria for determining additional data. This recommendation should include a
 35.17 recommendation for frequency of reviews and updates of the additional data and should
 35.18 also identify the approach of updating any additional census data and data on new enrollees.
 35.19 This recommendation must consider additional student groups that may face education
 35.20 disparities and must take into account maintaining student privacy and providing
 35.21 nonidentifiable student level data.

35.22 **EFFECTIVE DATE.** This section is effective for the 2018-2019 school year and later.

35.23 Sec. 17. Minnesota Statutes 2016, section 120B.31, subdivision 4, is amended to read:

35.24 Subd. 4. **Student performance data.** In developing policies and assessment processes
 35.25 to hold schools and districts accountable for high levels of academic standards under section
 35.26 120B.021, the commissioner shall aggregate and disaggregate student data over time to
 35.27 report summary student performance and growth levels and, under section 120B.11,
 35.28 subdivision 2, clause (2), student learning and outcome data measured at the school, school
 35.29 district, and statewide level. The commissioner shall use the student categories identified
 35.30 under the federal Elementary and Secondary Education Act, as most recently reauthorized,
 35.31 and student categories of:

35.32 (1) homelessness;

36.1 (2) ethnicity; under section 120B.35, subdivision 3, paragraph (a), clause (2);

36.2 (3) race; under section 120B.35, subdivision 3, paragraph (a), clause (2);

36.3 (4) home language; immigrant; refugee status;

36.4 (5) English learners under section 124D.59;

36.5 (6) free or reduced-price lunch; and

36.6 (7) other categories designated by federal law to organize and report the data so that
 36.7 state and local policy makers can understand the educational implications of changes in
 36.8 districts' demographic profiles over time as data are available.

36.9 Any report the commissioner disseminates containing summary data on student performance
 36.10 must integrate student performance and the demographic factors that strongly correlate with
 36.11 that performance.

36.12 **EFFECTIVE DATE.** This section is effective for the 2019-2020 school year and later.

36.13 Sec. 18. Minnesota Statutes 2016, section 120B.35, subdivision 3, is amended to read:

36.14 Subd. 3. **State growth target; other state measures.** (a)(1) The state's educational
 36.15 assessment system measuring individual students' educational growth is based on indicators
 36.16 of achievement growth that show an individual student's prior achievement. Indicators of
 36.17 achievement and prior achievement must be based on highly reliable statewide or districtwide
 36.18 assessments.

36.19 (2) For purposes of paragraphs (b), (c), and (d), the commissioner must analyze and
 36.20 report separate categories of information using the student categories identified under the
 36.21 federal Elementary and Secondary Education Act, as most recently reauthorized, and, in
 36.22 addition to "other" for each race and ethnicity, and the Karen community, other student
 36.23 categories as determined by the total Minnesota population at or above the 1,000-person
 36.24 threshold based on the most recent decennial census, including ethnicity; race; refugee status
 36.25 seven of the most populous Asian and Pacific Islander groups, three of the most populous
 36.26 Native groups, seven of the most populous Hispanic/Latino groups, and five of the most
 36.27 populous Black and African Heritage groups as determined by the total Minnesota population
 36.28 based on the most recent American Community Survey; English learners under section
 36.29 124D.59; home language; free or reduced-price lunch; immigrant; and all students enrolled
 36.30 in a Minnesota public school who are currently or were previously in foster care, except
 36.31 that such disaggregation and cross tabulation is not required if the number of students in a

37.1 category is insufficient to yield statistically reliable information or the results would reveal
37.2 personally identifiable information about an individual student.

37.3 (b) The commissioner, in consultation with a stakeholder group that includes assessment
37.4 and evaluation directors, district staff, experts in culturally responsive teaching, and
37.5 researchers, must implement a model that uses a value-added growth indicator and includes
37.6 criteria for identifying schools and school districts that demonstrate medium and high growth
37.7 under section 120B.299, subdivisions 8 and 9, and may recommend other value-added
37.8 measures under section 120B.299, subdivision 3. The model may be used to advance
37.9 educators' professional development and replicate programs that succeed in meeting students'
37.10 diverse learning needs. Data on individual teachers generated under the model are personnel
37.11 data under section 13.43. The model must allow users to:

37.12 (1) report student growth consistent with this paragraph; and

37.13 (2) for all student categories, report and compare aggregated and disaggregated state
37.14 student growth and, under section 120B.11, subdivision 2, clause (2), student learning and
37.15 outcome data using the student categories identified under the federal Elementary and
37.16 Secondary Education Act, as most recently reauthorized, and other student categories under
37.17 paragraph (a), clause (2).

37.18 The commissioner must report measures of student growth and, under section 120B.11,
37.19 subdivision 2, clause (2), student learning and outcome data, consistent with this paragraph,
37.20 including the English language development, academic progress, and oral academic
37.21 development of English learners and their native language development if the native language
37.22 is used as a language of instruction, and include data on all pupils enrolled in a Minnesota
37.23 public school course or program who are currently or were previously counted as an English
37.24 learner under section 124D.59.

37.25 (c) When reporting student performance under section 120B.36, subdivision 1, the
37.26 commissioner annually, beginning July 1, 2011, must report two core measures indicating
37.27 the extent to which current high school graduates are being prepared for postsecondary
37.28 academic and career opportunities:

37.29 (1) a preparation measure indicating the number and percentage of high school graduates
37.30 in the most recent school year who completed course work important to preparing them for
37.31 postsecondary academic and career opportunities, consistent with the core academic subjects
37.32 required for admission to Minnesota's public colleges and universities as determined by the
37.33 Office of Higher Education under chapter 136A; and

38.1 (2) a rigorous coursework measure indicating the number and percentage of high school
38.2 graduates in the most recent school year who successfully completed one or more
38.3 college-level advanced placement, international baccalaureate, postsecondary enrollment
38.4 options including concurrent enrollment, other rigorous courses of study under section
38.5 120B.021, subdivision 1a, or industry certification courses or programs.

38.6 When reporting the core measures under clauses (1) and (2), the commissioner must also
38.7 analyze and report separate categories of information using the student categories identified
38.8 under the federal Elementary and Secondary Education Act, as most recently reauthorized,
38.9 and other student categories under paragraph (a), clause (2).

38.10 (d) When reporting student performance under section 120B.36, subdivision 1, the
38.11 commissioner annually, beginning July 1, 2014, must report summary data on school safety
38.12 and students' engagement and connection at school, consistent with the student categories
38.13 identified under paragraph (a), clause (2). The summary data under this paragraph are
38.14 separate from and must not be used for any purpose related to measuring or evaluating the
38.15 performance of classroom teachers. The commissioner, in consultation with qualified experts
38.16 on student engagement and connection and classroom teachers, must identify highly reliable
38.17 variables that generate summary data under this paragraph. The summary data may be used
38.18 at school, district, and state levels only. Any data on individuals received, collected, or
38.19 created that are used to generate the summary data under this paragraph are nonpublic data
38.20 under section 13.02, subdivision 9.

38.21 (e) For purposes of statewide educational accountability, the commissioner must identify
38.22 and report measures that demonstrate the success of learning year program providers under
38.23 sections 123A.05 and 124D.68, among other such providers, in improving students'
38.24 graduation outcomes. The commissioner, beginning July 1, 2015, must annually report
38.25 summary data on:

38.26 (1) the four- and six-year graduation rates of students under this paragraph;

38.27 (2) the percent of students under this paragraph whose progress and performance levels
38.28 are meeting career and college readiness benchmarks under section 120B.30, subdivision
38.29 1; and

38.30 (3) the success that learning year program providers experience in:

38.31 (i) identifying at-risk and off-track student populations by grade;

38.32 (ii) providing successful prevention and intervention strategies for at-risk students;

39.1 (iii) providing successful recuperative and recovery or reenrollment strategies for off-track
39.2 students; and

39.3 (iv) improving the graduation outcomes of at-risk and off-track students.

39.4 The commissioner may include in the annual report summary data on other education
39.5 providers serving a majority of students eligible to participate in a learning year program.

39.6 (f) The commissioner, in consultation with recognized experts with knowledge and
39.7 experience in assessing the language proficiency and academic performance of all English
39.8 learners enrolled in a Minnesota public school course or program who are currently or were
39.9 previously counted as an English learner under section 124D.59, must identify and report
39.10 appropriate and effective measures to improve current categories of language difficulty and
39.11 assessments, and monitor and report data on students' English proficiency levels, program
39.12 placement, and academic language development, including oral academic language.

39.13 (g) When reporting four- and six-year graduation rates, the commissioner or school
39.14 district must disaggregate the data by student categories according to paragraph (a), clause
39.15 (2).

39.16 (h) A school district must inform parents and guardians that volunteering information
39.17 on student categories not required by the most recent reauthorization of the Elementary and
39.18 Secondary Education Act is optional and will not violate the privacy of students or their
39.19 families, parents, or guardians. The notice must state the purpose for collecting the student
39.20 data.

39.21 **EFFECTIVE DATE.** This section is effective for the 2018-2019 school year and later
39.22 for rollout sites under Minnesota Statutes, section 120B.31, subdivision 3a. This section is
39.23 effective for the 2019-2020 school year and later for all other schools.

39.24 Sec. 19. Minnesota Statutes 2016, section 120B.36, subdivision 1, is amended to read:

39.25 Subdivision 1. **School performance reports and public reporting.** (a) The commissioner
39.26 shall report student academic performance data under section 120B.35, subdivisions 2 and
39.27 3; the percentages of students showing low, medium, and high growth under section 120B.35,
39.28 subdivision 3, paragraph (b); school safety and student engagement and connection under
39.29 section 120B.35, subdivision 3, paragraph (d); rigorous coursework under section 120B.35,
39.30 subdivision 3, paragraph (c); the percentage of students under section 120B.35, subdivision
39.31 3, paragraph (b), clause (2), whose progress and performance levels are meeting career and
39.32 college readiness benchmarks under sections 120B.30, subdivision 1, and 120B.35,
39.33 subdivision 3, paragraph (e); longitudinal data on the progress of eligible districts in reducing

40.1 disparities in students' academic achievement and realizing racial and economic integration
40.2 under section 124D.861; the acquisition of English, and where practicable, native language
40.3 academic literacy, including oral academic language, and the academic progress of all
40.4 English learners enrolled in a Minnesota public school course or program who are currently
40.5 or were previously counted as English learners under section 124D.59; two separate
40.6 student-to-teacher ratios that clearly indicate the definition of teacher consistent with sections
40.7 122A.06 and 122A.15 for purposes of determining these ratios; staff characteristics excluding
40.8 salaries; student enrollment demographics; foster care status, including all students enrolled
40.9 in a Minnesota public school course or program who are currently or were previously in
40.10 foster care, student homelessness, and district mobility; and extracurricular activities. ~~The~~
40.11 ~~report also must indicate a school's status under applicable federal law.~~

40.12 (b) The school performance report for a school site and a school district must include
40.13 school performance reporting information and calculate proficiency rates as required by the
40.14 most recently reauthorized Elementary and Secondary Education Act.

40.15 (c) The commissioner shall develop, annually update, and post on the department Web
40.16 site school performance reports consistent with paragraph (a) and section 120B.11.

40.17 ~~(e)~~ (d) The commissioner must make available performance reports by the beginning of
40.18 each school year.

40.19 ~~(d)~~ (e) A school or district may appeal its results in a form and manner determined by
40.20 the commissioner and consistent with federal law. The commissioner's decision to uphold
40.21 or deny an appeal is final.

40.22 ~~(e)~~ (f) School performance data are nonpublic data under section 13.02, subdivision 9,
40.23 until the commissioner publicly releases the data. The commissioner shall annually post
40.24 school performance reports to the department's public Web site no later than September 1,
40.25 except that in years when the reports reflect new performance standards, the commissioner
40.26 shall post the school performance reports no later than October 1.

40.27 **EFFECTIVE DATE.** This section is effective for the 2017-2018 school year and later.

40.28 Sec. 20. Minnesota Statutes 2016, section 122A.40, subdivision 10, is amended to read:

40.29 Subd. 10. **Negotiated unrequested leave of absence.** The school board and the exclusive
40.30 bargaining representative of the teachers ~~may~~ must negotiate a plan providing for unrequested
40.31 leave of absence without pay or fringe benefits for as many teachers as may be necessary
40.32 because of discontinuance of position, lack of pupils, financial limitations, or merger of
40.33 classes caused by consolidation of districts. ~~Failing to successfully negotiate such a plan,~~

41.1 ~~the provisions of subdivision 11 shall apply. The negotiated plan must not include provisions~~
 41.2 ~~which would result in the exercise of seniority by a teacher holding a provisional license,~~
 41.3 ~~other than a vocational education license, contrary to the provisions of subdivision 11,~~
 41.4 ~~paragraph (e), or the reinstatement of a teacher holding a provisional license, other than a~~
 41.5 ~~vocational education license, contrary to the provisions of subdivision 11, paragraph (e).~~
 41.6 ~~The provisions of section 179A.16 do not apply for the purposes of this subdivision.~~

41.7 **EFFECTIVE DATE.** This section is effective July 1, 2018.

41.8 Sec. 21. Minnesota Statutes 2016, section 122A.41, is amended by adding a subdivision
 41.9 to read:

41.10 Subd. 14a. **Negotiated unrequested leave of absence.** The school board and the exclusive
 41.11 bargaining representative of the teachers must negotiate a plan providing for unrequested

44.27 school building within the municipality.

44.28 The process for the school district lottery must be established in school district policy,
44.29 approved by the school board, and posted on the school district's Web site.

44.30 **EFFECTIVE DATE.** This section is effective for lotteries conducted beginning July
44.31 1, 2017.

46.16 postsecondary faculty member and offered at a secondary school, or another location,
46.17 according to an agreement between a public school board and the governing body of an
46.18 eligible public postsecondary system or an eligible private postsecondary institution, as
46.19 defined in subdivision 3. All provisions of this section shall apply to a pupil, public school
46.20 board, district, and the governing body of a postsecondary institution, except as otherwise
46.21 provided.

46.22 (b) To encourage students, especially American Indian students and students of color,
46.23 to consider teaching as a profession, participating schools, school districts, and postsecondary
46.24 institutions are encouraged to develop and offer an "Introduction to Teaching" or

46.26 grant to develop a course under this paragraph must annually report to the commissioner
46.27 in a form and manner determined by the commissioner on the participation rates of students

47.10 Sec. 31. Minnesota Statutes 2016, section 124D.09, subdivision 12, is amended to read:

47.11 Subd. 12. **Credits; grade point average weighting policy.** (a) A pupil must not audit
47.12 a course under this section.

47.13 (b) A district shall grant academic credit to a pupil enrolled in a course for secondary
47.14 credit if the pupil successfully completes the course. Seven quarter or four semester college
47.15 credits equal at least one full year of high school credit. Fewer college credits may be
47.16 prorated. A district must also grant academic credit to a pupil enrolled in a course for
47.17 postsecondary credit if secondary credit is requested by a pupil. If no comparable course is
47.18 offered by the district, the district must, as soon as possible, notify the commissioner, who
47.19 shall determine the number of credits that shall be granted to a pupil who successfully
47.20 completes a course. If a comparable course is offered by the district, the school board shall
47.21 grant a comparable number of credits to the pupil. If there is a dispute between the district
47.22 and the pupil regarding the number of credits granted for a particular course, the pupil may
47.23 appeal the board's decision to the commissioner. The commissioner's decision regarding
47.24 the number of credits shall be final.

47.25 (c) A school board must adopt a policy regarding weighted grade point averages for any
47.26 high school or dual enrollment course. The policy must state whether the district offers

47.28 which a student may earn a weighted grade.

47.29 (d) The secondary credits granted to a pupil must be counted toward the graduation
47.30 requirements and subject area requirements of the district. Evidence of successful completion
47.31 of each course and secondary credits granted must be included in the pupil's secondary
47.32 school record. A pupil shall provide the school with a copy of the pupil's grade in each
47.33 course taken for secondary credit under this section. Upon the request of a pupil, the pupil's

48.1 secondary school record must also include evidence of successful completion and credits
48.2 granted for a course taken for postsecondary credit. In either case, the record must indicate
48.3 that the credits were earned at a postsecondary institution.

48.4 (e) If a pupil enrolls in a postsecondary institution after leaving secondary school, the
48.5 postsecondary institution must award postsecondary credit for any course successfully
48.6 completed for secondary credit at that institution. Other postsecondary institutions may
48.7 award, after a pupil leaves secondary school, postsecondary credit for any courses
48.8 successfully completed under this section. An institution may not charge a pupil for the
48.9 award of credit.

48.10 (f) The Board of Trustees of the Minnesota State Colleges and Universities and the
48.11 Board of Regents of the University of Minnesota must, and private nonprofit and proprietary
48.12 postsecondary institutions should, award postsecondary credit for any successfully completed
48.13 courses in a program certified by the National Alliance of Concurrent Enrollment Partnerships
48.14 offered according to an agreement under subdivision 10. Consistent with section 135A.101,
48.15 subdivision 3, all MnSCU institutions must give full credit to a secondary pupil who
48.16 completes for postsecondary credit a postsecondary course or program that is part or all of
48.17 a goal area or a transfer curriculum at a MnSCU institution when the pupil enrolls in a
48.18 MnSCU institution after leaving secondary school. Once one MnSCU institution certifies
48.19 as completed a secondary student's postsecondary course or program that is part or all of a
48.20 goal area or a transfer curriculum, every MnSCU institution must consider the student's
48.21 course or program for that goal area or the transfer curriculum as completed.

48.22 Sec. 32. Minnesota Statutes 2016, section 124D.09, subdivision 13, is amended to read:

48.23 Subd. 13. **Financial arrangements.** For a pupil enrolled in a course under this section,
48.24 the department must make payments according to this subdivision for courses that were
48.25 taken for secondary credit.

48.26 The department must not make payments to a school district or postsecondary institution
48.27 for a course taken for postsecondary credit only. The department must not make payments
48.28 to a postsecondary institution for a course from which a student officially withdraws during
48.29 the first 14 days of the quarter or semester or who has been absent from the postsecondary
48.30 institution for the first 15 consecutive school days of the quarter or semester and is not
48.31 receiving instruction in the home or hospital.

49.2 an amount equal to 88 percent of the product of the formula allowance minus \$425, multiplied
49.3 by 1.2, and divided by 45; or

49.4 (2) for an institution granting semester credit, the reimbursement per credit hour shall
49.5 be an amount equal to 88 percent of the product of the general revenue formula allowance
49.6 minus \$425, multiplied by 1.2, and divided by 30.

49.7 The department must pay to each postsecondary institution 100 percent of the amount
49.8 in clause (1) or (2) within ~~30~~ 45 days of receiving initial enrollment information each quarter
49.9 or semester. If changes in enrollment occur during a quarter or semester, the change shall
49.10 be reported by the postsecondary institution at the time the enrollment information for the
49.11 succeeding quarter or semester is submitted. At any time the department notifies a
49.12 postsecondary institution that an overpayment has been made, the institution shall promptly
49.13 remit the amount due.

49.14 Sec. 33. [124D.4535] INNOVATIVE DELIVERY OF CAREER AND TECHNICAL
49.15 EDUCATION PROGRAMS; SHARING OF DISTRICT RESOURCES.

49.16 Subdivision 1. Establishment; requirements for participation. (a) A program is
49.17 established to improve student, career and college readiness, and school outcomes by
49.18 allowing groups of school districts to work together in partnership with local and regional

49.20 for-profit, and nonprofit workplace partners, to:

49.21 (1) provide innovative education programs and activities that integrate core academic
49.22 and career and technical subjects in students' programs of study through coordinated

49.24 certification or other credential;

49.25 (2) provide embedded professional development for program participants;

49.28 (4) efficiently share district, institution, and workplace resources.

49.29 (b) To participate in this program to improve student, career and college readiness, and
49.30 school outcomes, a group of two or more school districts must collaborate with school staff

49.32 partnership must develop a plan to provide challenging programmatic options for students
49.33 under paragraph (a); create professional development opportunities for educators and other

50.1 program participants; increase student engagement and connection and challenging learning
50.2 opportunities for diverse populations of students that are focused on employability skills
50.3 and technical, job-specific skills related to a specific career pathway; or demonstrate
50.4 efficiencies in delivering financial and other services needed to realize plan goals and
50.5 objectives. The plan must include:

50.6 (1) collaborative education goals and objectives;

50.7 (2) strategies and processes to implement those goals and objectives, including a budget
50.8 process with periodic expenditure reviews;

50.9 (3) valid and reliable measures including performance assessments in authentic settings
50.10 and progress toward attaining an industry certification or other credential, among other
50.11 measures, to evaluate progress in realizing plan goals and objectives;

50.12 (4) an implementation timeline; and

50.13 (5) other applicable conditions, regulations, responsibilities, duties, provisions, fee
50.14 schedules, and legal considerations needed to fully implement the plan.

50.15 A partnership may invite additional districts or other participants under paragraph (a) to
50.16 join the partnership after notifying the commissioner.

50.17 (c) A partnership of interested districts must submit an application to the commissioner
50.18 of education in the form and manner the commissioner determines, consistent with the

50.21 (d) Notwithstanding any other law to the contrary, a participating school district under
50.22 this section continues to: receive revenue and maintain its taxation authority; be organized
50.23 and governed by an elected school board with general powers under section 123B.02; and
50.24 be subject to employment agreements under chapter 122A and section 179A.20; and district

50.27 odd-numbered year to the education committees of the legislature and the commissioner of
50.28 education that includes performance assessment, high school graduation, and career and
50.29 technical certification data to show the success of the partnership in preparing diverse
50.30 populations of students for careers and jobs.

50.31 Subd. 2. **Commissioner's role.** The commissioner of education must convene an advisory
50.32 panel to advise the commissioner on applicants' qualifications to participate in this program.
50.33 The commissioner must ensure an equitable geographical distribution of program participants

51.1 to the extent practicable. The commissioner must select only those applicants that fully
 51.2 comply with subdivision 1. The commissioner may terminate a program participant that
 51.3 fails to effectively implement the goals and objectives contained in its application and
 51.4 according to its stated timeline.

51.5 **EFFECTIVE DATE.** (a) This section is effective the day following final enactment
 51.6 and applies to those applications submitted after that date.

51.7 (b) Districts already approved for an innovation zone pilot project under Laws 2012,
 51.8 chapter 263, section 1, as amended by Laws 2014, chapter 312, article 15, section 24, may

63.16 Sec. 49. **INNOVATION RESEARCH ZONES PILOT PROGRAM.**

63.17 **Subdivision 1. Establishment; requirements for participation; research zone plans.**

63.18 **(a) The innovation research zone pilot program is established to improve student and school**
63.19 **outcomes consistent with the world's best workforce requirements under Minnesota Statutes,**
63.20 **section 120B.11. Innovation zone partnerships allow school districts and charter schools to**
63.21 **research and implement innovative education programming models designed to better**
63.22 **prepare students for the world of the 21st century.**

63.23 **(b) One or more school districts or charter schools may join together to form an innovation**
63.24 **zone partnership. The partnership may include other nonschool partners, including**
63.25 **postsecondary institutions, other units of local government, nonprofit organizations, and**
63.26 **for-profit organizations. An innovation zone plan must be collaboratively developed in**
63.27 **concert with the school's instructional staff.**

63.28 **(c) An innovation research zone partnership must research and implement innovative**
63.29 **education programs and models that are based on proposed hypotheses. An innovation zone**
63.30 **plan may include an emerging practice not yet supported by peer-reviewed research.**

63.31 **Examples of innovation zone research may include, but are not limited to:**

63.32 **(1) personalized learning, allowing students to excel at their own pace and according to**
63.33 **their interests, aspirations, and unique needs;**

- 64.1 (2) the use of competency outcomes rather than seat time and course completion to fulfill
64.2 standards, credits, and other graduation requirements;
- 64.3 (3) multidisciplinary, real-world, inquiry-based, and student-directed models designed
64.4 to make learning more engaging and relevant, including documenting and validating learning
64.5 that takes place beyond the school day and school walls;
- 64.6 (4) models of instruction designed to close the achievement gap, including new models

64.16 professional development; or
- 64.17 (9) new models in other areas such as whole child instruction, social-emotional skill
64.18 development, technology-based or blended learning, parent and community involvement,
64.19 professional development and mentoring, and models that increase the return on investment.
- 64.20 (d) An innovation zone plan submitted to the commissioner must describe:
- 64.21 (1) how the plan will improve student and school outcomes consistent with the world's
64.22 best workforce requirements under Minnesota Statutes, section 120B.11;
- 64.23 (2) the role of each partner in the zone;
- 64.24 (3) the research methodology used for each proposed action in the plan;
- 64.25 (4) the exemptions from statutes and rules in subdivision 2 that the research zone

- 64.29 (6) a detailed description of expected outcomes and graduation standards;
- 64.30 (7) a timeline for implementing the plan and assessing the outcomes; and
- 64.31 (8) how results of the plan will be disseminated.

65.1 The governing board for each partner must approve the innovation zone plan.

65.2 (e) Upon unanimous approval of the initial innovation zone partners and approval of the
65.3 commissioner of education, the innovation zone partnership may extend membership to
65.4 other partners. A new partner's membership is effective 30 days after the innovation zone
65.5 partnership notifies the commissioner of the proposed change in membership unless the
65.6 commissioner disapproves the new partner's membership.

65.7 (f) Notwithstanding any other law to the contrary, a school district or charter school
65.8 participating in an innovation zone partnership under this section continues to receive all
65.9 revenue and maintains its taxation authority in the same manner as before its participation
65.10 in the innovation zone partnership. The innovation zone school district and charter school
65.11 partners remain organized and governed by their respective school boards with general
65.12 powers under Minnesota Statutes, chapter 123B or 124E, and remain subject to any
65.13 employment agreements under Minnesota Statutes, chapters 122A and 179A. School district
65.14 and charter school employees participating in an innovation zone partnership remain
65.15 employees of their respective school district or charter school.

65.16 (g) An innovation zone partnership may submit its plan at any time to the commissioner
65.17 in the form and manner specified by the commissioner. The commissioner must approve
65.18 or reject the plan after reviewing the recommendation of the Innovation Research Zone
65.19 Advisory Panel. An initial innovation zone plan that has been rejected by the commissioner
65.20 may be resubmitted to the commissioner after the innovation zone partnership has modified
65.21 the plan to meet each individually identified objection.

65.22 Subd. 2. **Exemptions from laws and rules.** (a) Notwithstanding any other law to the
65.23 contrary, an innovation zone partner with an approved plan is exempt from each of the
65.24 following state education laws and rules specifically identified in its plan:

65.25 (1) any law or rule from which a district-created, site-governed school under Minnesota
65.26 Statutes, section 123B.045, is exempt;

65.27 (2) any statute or rule from which the commissioner has exempted another district or
65.28 charter school, as identified in the list published on the Department of Education's Web site
65.29 under subdivision 4, paragraph (b);

65.30 (3) online learning program approval under Minnesota Statutes, section 124D.095,
65.31 subdivision 7, if the school district or charter school offers a course or program online
65.32 combined with direct access to a teacher for a portion of that course or program;

66.1 (4) restrictions on extended time revenue under Minnesota Statutes, section 126C.10,
66.2 subdivision 2a, for a student who meets the criteria of Minnesota Statutes, section 124D.68,
66.3 subdivision 2; and

66.4 (5) any required hours of instruction in any class or subject area for a student who is
66.5 meeting all competencies consistent with the graduation standards described in the innovation
66.6 zone plan.

66.7 (b) The exemptions under this subdivision must not be construed as exempting an
66.8 innovation zone partner from the Minnesota Comprehensive Assessments.

66.9 Subd. 3. **Innovation Research Zone Advisory Panel.** (a) The commissioner must
66.10 establish and convene an Innovation Research Zone Advisory Panel to review all innovation
66.11 zone plans submitted for approval.

66.12 (b) The panel must be composed of nine members. One member must be appointed by
66.13 each of the following organizations: Educators for Excellence, Education Minnesota,

66.17 Education. The commissioner must appoint one member with expertise in evaluation and
66.18 research.

66.19 Subd. 4. **Commissioner approval.** (a) Upon recommendation of the Innovation Research
66.20 Zone Advisory Panel, the commissioner may approve up to three innovation zone plans in
66.21 the seven-county metropolitan area and up to three in greater Minnesota. If an innovation
66.22 zone partnership fails to implement its innovation zone plan as described in its application
66.23 and according to the stated timeline, upon recommendation of the Innovation Research
66.24 Zone Advisory Panel, the commissioner must alert the partnership members and provide
66.25 the opportunity to remediate. If implementation continues to fail, the commissioner must
66.26 suspend or terminate the innovation zone plan.

66.27 (b) The commissioner must publish a list of the exemptions the commissioner has granted
66.28 to a district or charter school on the Department of Education's Web site by July 1, 2017.
66.29 The list must be updated annually.

66.30 Subd. 5. **Project evaluation, dissemination, and report to legislature.** Each research
66.31 zone partnership must submit project data to the commissioner in the form and manner
66.32 provided for in the approved application. At least once every two years, the commissioner
66.33 must analyze each innovation zone's progress in realizing the objectives of the innovation
66.34 zone partnership's plan. The commissioner must summarize and categorize innovation zone

67.1 plans and submit a report to the legislative committees having jurisdiction over education
67.2 by February 1 of each odd-numbered year in accordance with Minnesota Statutes, section
67.3 3.195.

67.4 **EFFECTIVE DATE.** This section is effective the day following final enactment.

67.6 **LEGISLATURE.**

67.7 Subdivision 1. **ESSA plan.** The commissioner of education must submit the state plan
67.8 developed pursuant to the Elementary and Secondary Education Act of 1965, as amended
67.9 by the Every Student Succeeds Act, United States Code, title 20, section 6311, to the
67.10 education policy and finance committees of the legislature at least 30 days before submitting
67.11 the plan to the United States Department of Education.

67.12 Subd. 2. **Alignment with World's Best Workforce measures.** The state plan must be
67.13 consistent and aligned, to the extent practicable, with the performance accountability
67.14 measures required under Minnesota Statutes, section 120B.11, subdivision 1a, to create a
67.15 single accountability system for all public schools.

67.16 Subd. 3. **Indicators.** (a) The school quality or student success accountability indicator
67.17 required by ESSA must be an academic indicator.

67.18 (b) The state plan may use one of the following indicators for elementary and secondary
67.19 schools:

67.20 (1) reading and math growth for students performing in the bottom quartile, as measured
67.21 on the state accountability assessments, and using growth to proficiency standards;

67.22 (2) third grade reading proficiency as measured on the state accountability assessments;

67.23 (3) eighth grade mathematics proficiency as measured on the state accountability
67.24 assessments; or

67.25 (4) science proficiency as measured on the state accountability assessments.

67.26 (c) The state plan should use the tenth grade reading Minnesota Comprehensive
67.27 Assessment and eleventh grade mathematics Minnesota Comprehensive Assessment to
67.28 measure career and college readiness. To the extent practicable, the state plan should also
67.29 use the following information to measure college and career readiness:

67.30 (1) student success or attainment on advanced placement or international baccalaureate
67.31 examinations;

68.1 (2) credits under Minnesota Statutes, section 124D.09; or

68.2 (3) industry-recognized certifications.

68.3 **EFFECTIVE DATE.** This section is effective the day following final enactment.

68.4 Sec. 51. **EDUCATIONAL STABILITY FOR STUDENTS IN FOSTER CARE.**

68.5 Subdivision 1. **Establishment.** A pilot project is established to provide incentives for
68.6 school districts and county governments to develop partnership agreements and implement
68.7 transportation plans to help keep foster care students enrolled in their school of origin when
68.8 a student is placed in a foster care setting outside the school of origin's boundaries.

68.9 Subd. 2. **Qualifying plans.** A school district must submit an application in the form and
68.10 manner prescribed by the commissioner of education to participate in the program. To
68.11 qualify for participation, one or more school districts and the local child welfare agency
68.12 must have a written interagency agreement that describes the local plan for ensuring
68.13 educational stability for foster care students. The parties to the agreement must seek title
68.14 IV-E reimbursement for eligible students and eligible transportation costs. The plan must
68.15 describe:

68.16 (1) how transportation services will be arranged and provided; and

68.18 to cover all costs.

68.19 Subd. 3. **Pilot project; funding.** The commissioner must reimburse partnerships with
68.20 qualifying plans under subdivision 2 at the end of the school year based on allowable
68.21 expenditures and reimbursements and compliance with other reporting requirements. If the
68.22 available appropriation is insufficient to fully fund all qualifying plans, the commissioner
68.23 may prorate the available funds statewide among all school districts with qualifying plans.

68.24 Subd. 4. **Report.** By February 1, 2018, the commissioner of education shall report on
68.25 the pilot project to the legislative committees with jurisdiction over early childhood through

68.27 entered into for this project along with the number of school districts and counties
68.28 participating in the agreements, baseline data showing the number of foster care students
68.29 who were able to remain in their school of origin and the changes in the ratio over the time
68.30 of the pilot project, data on expenditures for school stability transportation and federal
68.31 reimbursements received for the pilot project with a midyear projection of end-of-year costs
68.32 and revenues, and projected costs for statewide implementation of the program.

71.4 in a setting of federal instructional level four or higher. Grants under paragraph (a) must be
71.5 awarded to eligible applicants such that the services are proportionately provided among
71.6 qualifying school units. The commissioner shall calculate the share of the appropriation to
71.7 be used in each qualifying school unit by dividing the qualifying school unit's average daily
71.8 membership in a setting of federal instructional level 4 or higher for fiscal year 2016 by the
71.9 total average daily membership in a setting of federal instructional level 4 or higher for the
71.10 same year for all qualifying school units.

71.11 (c) An eligible applicant is an entity that has demonstrated capacity to serve the youth

84.4

125A.0941 DEFINITIONS.

84.5

(a) The following terms have the meanings given them.

84.6

84.7

84.8

84.9

84.10

84.11

84.12

(b) "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury. Emergency does not mean circumstances such as: a child who does not respond to a task or request and instead places his or her head on a desk or hides under a desk or table; a child who does not respond to a staff person's request unless failing to respond would result in physical injury to the child or other individual; or an emergency incident has already occurred and no threat of physical injury currently exists.

84.13

84.14

84.15

84.16

84.17

(c) "Physical holding" means physical intervention intended to hold a child immobile or limit a child's movement, where body contact is the only source of physical restraint, and where immobilization is used to effectively gain control of a child in order to protect a child or other individual from physical injury. The term physical holding does not mean physical contact that:

84.18

(1) helps a child respond or complete a task;

84.19

(2) assists a child without restricting the child's movement;

84.20

(3) is needed to administer an authorized health-related service or procedure; or

84.21

84.22

84.23

84.24

84.25

(d) "Positive behavioral interventions and supports" means interventions and strategies to improve the school environment and teach children the skills to behave appropriately, including the key components under section 122A.627.

84.31

(g) "Seclusion" means confining a child alone in a room from which egress is barred. Egress may be barred by an adult locking or closing the door in the room or preventing the

85.1 child from leaving the room. Removing a child from an activity to a location where the

85.15 minus (3) the amount of special education aid for children with a disability under section
85.16 125A.76 received on behalf of that child, minus (4) if the pupil receives special instruction
85.17 and services outside the regular classroom for more than 60 percent of the school day, the
85.18 amount of general education revenue and referendum equalization aid, excluding portions
85.19 attributable to district and school administration, district support services, operations and
85.20 maintenance, capital expenditures, and pupil transportation, attributable to that pupil for
85.21 the portion of time the pupil receives special instruction and services outside of the regular
85.22 classroom, calculated using the resident district's average general education revenue and
85.23 referendum equalization aid per adjusted pupil unit excluding basic skills revenue, elementary
85.24 sparsity revenue and secondary sparsity revenue and the serving district's basic skills revenue,
85.25 elementary sparsity revenue and secondary sparsity revenue per adjusted pupil unit.
85.26 Notwithstanding clauses (1) and (4), for pupils served by a cooperative unit without a fiscal
85.27 agent school district, the general education revenue and referendum equalization aid
85.28 attributable to a pupil must be calculated using the resident district's average general
85.29 education revenue and referendum equalization aid excluding compensatory revenue,
85.30 elementary sparsity revenue, and secondary sparsity revenue. Special education aid paid to
85.31 the district or cooperative providing special instruction and services for the pupil must be
85.32 increased by the amount of the reduction in the aid paid to the resident district. If the resident
85.33 district's special education aid is insufficient to make the full adjustment, the remaining
85.34 adjustment shall be made to other state aid due to the district.

86.1 (b) Notwithstanding paragraph (a), when a charter school receiving special education
86.2 aid under section 124E.21, subdivision 3, provides special instruction and services for a
86.3 pupil with a disability as defined in section 125A.02, excluding a pupil for whom an
86.4 adjustment to special education aid is calculated according to section 127A.47, subdivision
86.5 7, paragraphs (b) to (e), special education aid paid to the resident district must be reduced
86.6 by an amount equal to that calculated under paragraph (a) as if the charter school received
86.7 aid under section 124E.21, subdivision 1. Notwithstanding paragraph (a), special education
86.8 aid paid to the charter school providing special instruction and services for the pupil must
86.9 not be increased by the amount of the reduction in the aid paid to the resident district.

86.10 (c) Notwithstanding paragraph (a) and section 127A.47, subdivision 7, paragraphs (b)
86.11 to (d):

86.12 (1) an intermediate district or a special education cooperative may recover unreimbursed
86.13 costs of serving pupils with a disability, including building lease, debt service, and indirect
86.14 costs necessary for the general operation of the organization, by billing membership fees
86.15 and nonmember access fees to the resident district;

86.16 (2) a charter school where more than 30 percent of enrolled students receive special
86.17 education and related services, a site approved under section 125A.515, an intermediate
86.18 district, a site constructed according to Laws 1992, chapter 558, section 7, subdivision 7,
86.19 to meet the educational needs of court-placed adolescents, or a special education cooperative
86.20 may apply to the commissioner for authority to charge the resident district an additional
86.21 amount to recover any remaining unreimbursed costs of serving pupils with a disability;

86.22 (3) the billing under clause (1) or application under clause (2) must include a description
86.23 of the costs and the calculations used to determine the unreimbursed portion to be charged
86.24 to the resident district. Amounts approved by the commissioner under clause (2) must be
86.25 included in the aid adjustments under paragraph (a), or section 127A.47, subdivision 7,
86.26 paragraphs (b) to (d), as applicable.

86.27 (d) For purposes of this subdivision and section 127A.47, subdivision 7, paragraph (b),
86.28 "general education revenue and referendum equalization aid" means the sum of the general
86.29 education revenue according to section 126C.10, subdivision 1, excluding the local optional
86.30 levy according to section 126C.10, subdivision 2e, paragraph (c), plus the referendum
86.31 equalization aid according to section 126C.17, subdivision 7.

86.32 **EFFECTIVE DATE.** This section is effective the day following final enactment.

87.1 Sec. 3. Minnesota Statutes 2016, section 125A.21, subdivision 2, is amended to read:

87.2 Subd. 2. **Third-party reimbursement.** (a) Beginning July 1, 2000, districts shall seek
87.3 reimbursement from insurers and similar third parties for the cost of services provided by
87.4 the district whenever the services provided by the district are otherwise covered by the
87.5 child's health coverage. Districts shall request, but may not require, the child's family to
87.6 provide information about the child's health coverage when a child with a disability begins
87.7 to receive services from the district of a type that may be reimbursable, and shall request,
87.8 but may not require, updated information after that as needed.

87.9 (b) For children enrolled in medical assistance under chapter 256B or MinnesotaCare
87.10 under chapter 256L who have no other health coverage, a district shall provide an initial
87.11 and annual written notice to the enrolled child's parent or legal representative of its intent
87.12 to seek reimbursement from medical assistance or MinnesotaCare for:

87.13 (1) the evaluations required as part of the individualized education program process or
87.14 individualized family service plan process; and

87.15 (2) health-related services provided by the district according to the individualized
87.16 education program or individualized family service plan.

87.17 The initial notice must give the child's parent or legal representative the right to request a
87.18 copy of the child's education records on the health-related services that the district provided
87.19 to the child and disclosed to a third-party payer.

87.20 (c) The district shall give the parent or legal representative annual written notice of:

87.21 (1) the district's intent to seek reimbursement from medical assistance or MinnesotaCare
87.22 for evaluations required as part of the individualized education program process or
87.23 individualized family service plan process, and for health-related services provided by the
87.24 district according to the individualized education program or individualized family service
87.25 plan;

87.26 (2) the right of the parent or legal representative to request a copy of all records
87.27 concerning individualized education program or individualized family service plan
87.28 health-related services disclosed by the district to any third party; and

87.29 (3) the right of the parent or legal representative to withdraw consent for disclosure of
87.30 a child's records at any time without consequence.

87.31 The written notice shall be provided as part of the written notice required by Code of Federal
87.32 Regulations, title 34, section 300.504 or 303.520. The district must ensure that the parent

88.1 of a child with a disability is given notice, in understandable language, of federal and state
88.2 procedural safeguards available to the parent under this paragraph and paragraph (b).

88.3 (d) In order to access the private health care coverage of a child who is covered by private
88.4 health care coverage in whole or in part, a district must:

88.5 (1) obtain annual written informed consent from the parent or legal representative, in
88.6 compliance with subdivision 5; and

88.7 (2) inform the parent or legal representative that a refusal to permit the district or state
88.8 Medicaid agency to access their private health care coverage does not relieve the district of
88.9 its responsibility to provide all services necessary to provide free and appropriate public
88.10 education at no cost to the parent or legal representative.

88.11 (e) If the commissioner of human services obtains federal approval to exempt covered
88.12 individualized education program or individualized family service plan health-related
88.13 services from the requirement that private health care coverage refuse payment before
88.14 medical assistance may be billed, paragraphs (b), (c), and (d) shall also apply to students
88.15 with a combination of private health care coverage and health care coverage through medical
88.16 assistance or MinnesotaCare.

88.17 (f) In the event that Congress or any federal agency or the Minnesota legislature or any
88.18 state agency establishes lifetime limits, limits for any health care services, cost-sharing
88.19 provisions, or otherwise provides that individualized education program or individualized
88.20 family service plan health-related services impact benefits for persons enrolled in medical
88.21 assistance or MinnesotaCare, the amendments to this subdivision adopted in 2002 are
88.22 repealed on the effective date of any federal or state law or regulation that imposes the
88.23 limits. In that event, districts must obtain informed consent consistent with this subdivision
88.24 as it existed prior to the 2002 amendments and subdivision 5, before seeking reimbursement
88.25 for children enrolled in medical assistance under chapter 256B or MinnesotaCare under
88.26 chapter 256L who have no other health care coverage.

88.27 **EFFECTIVE DATE.** This section is effective August 1, 2017.

88.28 Sec. 4. Minnesota Statutes 2016, section 125A.515, is amended to read:

88.29 **125A.515 PLACEMENT OF STUDENTS; APPROVAL OF EDUCATION**
88.30 **PROGRAM.**

88.31 Subdivision 1. **Approval of on-site education programs.** The commissioner shall
88.32 approve on-site education programs for placement of children and youth in residential
88.33 facilities including detention centers, before being licensed by the Department of Human

89.1 Services or the Department of Corrections. Education programs in these facilities shall
89.2 conform to state and federal education laws including the Individuals with Disabilities
89.3 Education Act (IDEA). This section applies only to placements in children's residential
89.4 facilities licensed by the Department of Human Services or the Department of Corrections.
89.5 For purposes of this section, "on-site education program" means the educational services
89.6 provided directly on the grounds of the ~~care and treatment~~ children's residential facility to
89.7 children and youth placed for care and treatment.

89.8 Subd. 3. **Responsibilities for providing education.** (a) The district in which the children's
89.9 residential facility is located must provide education services, including special education
89.10 if eligible, to all students placed in a facility.

89.11 (b) For education programs operated by the Department of Corrections, the providing
89.12 district shall be the Department of Corrections. For students remanded to the commissioner
89.13 of corrections, the providing and resident district shall be the Department of Corrections.

89.14 Subd. 3a. **Students without a disability from other states.** A school district is not
89.15 required to provide education services under this section to a student who:

89.16 (1) is not a resident of Minnesota;

89.17 (2) does not have an individualized education program; and

89.18 (3) does not have a tuition arrangement or agreement to pay the cost of education from
89.19 the placing authority.

89.20 Subd. 4. **Education services required.** (a) Education services must be provided to a
89.21 student beginning within three business days after the student enters the ~~care and treatment~~
89.22 children's residential facility. The first four days of the student's placement may be used to
89.23 screen the student for educational and safety issues.

89.24 (b) If the student does not meet the eligibility criteria for special education, regular
89.25 education services must be provided to that student.

89.26 Subd. 5. **Education programs for students placed in children's residential facilities.**

89.27 (a) When a student is placed in a children's residential facility ~~approved~~ under this section
89.28 that has an on-site education program, the providing district, upon notice from the ~~care and~~
89.29 ~~treatment~~ children's residential facility, must contact the resident district within one business
89.30 day to determine if a student has been identified as having a disability, and to request at
89.31 least the student's transcript, and for students with disabilities, the most recent individualized
89.32 education program (IEP) and evaluation report, ~~and to determine if the student has been~~

90.1 ~~identified as a student with a disability.~~ The resident district must send a facsimile copy to
90.2 the providing district within two business days of receiving the request.

90.3 (b) If a student placed under this section has been identified as having a disability and
90.4 has an individualized education program in the resident district:

90.5 (1) the providing agency must conduct an individualized education program meeting to
90.6 reach an agreement about continuing or modifying special education services in accordance
90.7 with the current individualized education program goals and objectives and to determine if
90.8 additional evaluations are necessary; and

90.9 (2) at least the following people shall receive written notice or documented phone call
90.10 to be followed with written notice to attend the individualized education program meeting:

90.11 (i) the person or agency placing the student;

90.12 (ii) the resident district;

90.13 (iii) the appropriate teachers and related services staff from the providing district;

90.14 (iv) appropriate staff from the children's residential facility;

90.15 (v) the parents or legal guardians of the student; and

90.16 (vi) when appropriate, the student.

90.17 (c) For a student who has not been identified as a student with a disability, a screening
90.18 must be conducted by the providing districts as soon as possible to determine the student's
90.19 educational and behavioral needs and must include a review of the student's educational
90.20 records.

90.21 **Subd. 6. Exit report summarizing educational progress.** If a student has been placed
90.22 in a facility under this section for 15 or more business days, the providing district must
90.23 prepare an exit report summarizing the regular education, special education, evaluation,
90.24 educational progress, and service information and must send the report to the resident district
90.25 and the next providing district if different, the parent or legal guardian, and any appropriate
90.26 social service agency. For students with disabilities, this report must include the student's
90.27 IEP.

90.28 **Subd. 7. Minimum educational services required.** When a student is placed in a
90.29 children's residential facility ~~approved~~ under this section, at a minimum, the providing
90.30 district is responsible for:

90.31 (1) the education necessary, including summer school services, for a student who is not
90.32 performing at grade level as indicated in the education record or IEP; and

91.1 (2) a school day, of the same length as the school day of the providing district, unless
91.2 the unique needs of the student, as documented through the IEP or education record in
91.3 consultation with treatment providers, requires an alteration in the length of the school day.

91.4 Subd. 8. **Placement, services, and due process.** When a student's treatment and
91.5 educational needs allow, education shall be provided in a regular educational setting. The
91.6 determination of the amount and site of integrated services must be a joint decision between
91.7 the student's parents or legal guardians and the treatment and education staff. When
91.8 applicable, educational placement decisions must be made by the IEP team of the providing
91.9 district. Educational services shall be provided in conformance with the least restrictive
91.10 environment principle of the Individuals with Disabilities Education Act. The providing
91.11 district and ~~care and treatment~~ children's residential facility shall cooperatively develop
91.12 discipline and behavior management procedures to be used in emergency situations that
91.13 comply with the Minnesota Pupil Fair Dismissal Act and other relevant state and federal
91.14 laws and regulations.

91.15 Subd. 9. **Reimbursement for education services.** (a) Education services provided to
91.16 students who have been placed under this section are reimbursable in accordance with
91.17 special education and general education statutes.

91.18 (b) Indirect or consultative services provided in conjunction with regular education
91.19 prereferral interventions and assessment provided to regular education students suspected
91.20 of being disabled and who have demonstrated learning or behavioral problems in a screening
91.21 are reimbursable with special education categorical aids.

91.22 (c) Regular education, including screening, provided to students with or without
91.23 disabilities is not reimbursable with special education categorical aids.

91.24 Subd. 10. **Students unable to attend school but not covered under this section.**
91.25 Students who are absent from, or predicted to be absent from, school for 15 consecutive or
91.26 intermittent days, and placed at home or in facilities not licensed by the Departments of
91.27 Corrections or Human Services are entitled to regular and special education services
91.28 consistent with this section or Minnesota Rules, part 3525.2325. These students include
91.29 students with and without disabilities who are home due to accident or illness, in a hospital
91.30 or other medical facility, or in a day treatment center.

91.31 Sec. 5. Minnesota Statutes 2016, section 125A.74, subdivision 1, is amended to read:

91.32 Subdivision 1. **Eligibility.** A district may enroll as a provider in the medical assistance
91.33 program and receive medical assistance payments for covered evaluations and special

92.1 education services provided to persons eligible for medical assistance under chapter 256B.
92.2 To receive medical assistance payments, the district must pay the nonfederal share of medical
92.3 assistance services provided according to section 256B.0625, subdivision 26, and comply
92.4 with relevant provisions of state and federal statutes and regulations governing the medical
92.5 assistance program.

92.6 **EFFECTIVE DATE.** This section is effective August 1, 2017.

92.7 Sec. 6. Minnesota Statutes 2016, section 125A.76, subdivision 2c, is amended to read:

92.8 Subd. 2c. **Special education aid.** (a) For fiscal year 2016 and later, a district's special
92.9 education aid equals the sum of the district's special education initial aid under subdivision
92.10 2a and the district's excess cost aid under section 125A.79, subdivision 5.

92.11 (b) Notwithstanding paragraph (a), for fiscal year 2016, the special education aid for a
92.12 school district must not exceed the sum of the special education aid the district would have
92.13 received for fiscal year 2016 under Minnesota Statutes 2012, sections 125A.76 and 125A.79,
92.14 as adjusted according to Minnesota Statutes 2012, sections 125A.11 and 127A.47, subdivision
92.15 7, and the product of the district's average daily membership served and the special education
92.16 aid increase limit.

92.17 (c) Notwithstanding paragraph (a), for fiscal year 2017 and later, the special education
92.18 aid for a school district must not exceed the sum of: (i) the product of the district's average
92.19 daily membership served and the special education aid increase limit and (ii) the product
92.20 of the sum of the special education aid the district would have received for fiscal year 2016
92.21 under Minnesota Statutes 2012, sections 125A.76 and 125A.79, as adjusted according to
92.22 Minnesota Statutes 2012, sections 125A.11 and 127A.47, subdivision 7, the ratio of the
92.23 district's average daily membership served for the current fiscal year to the district's average
92.24 daily membership served for fiscal year 2016, and the program growth factor.

92.25 (d) Notwithstanding paragraph (a), for fiscal year 2016 and later the special education
92.26 aid for a school district, not including a charter school or cooperative unit as defined in
92.27 section 123A.24, must not be less than the lesser of (1) the district's nonfederal special
92.28 education expenditures for that fiscal year or (2) the product of the sum of the special
92.29 education aid the district would have received for fiscal year 2016 under Minnesota Statutes
92.30 2012, sections 125A.76 and 125A.79, as adjusted according to Minnesota Statutes 2012,
92.31 sections 125A.11 and 127A.47, subdivision 7, the ratio of the district's adjusted daily
92.32 membership for the current fiscal year to the district's average daily membership for fiscal
92.33 year 2016, and the program growth factor.

93.1 (e) Notwithstanding subdivision 2a and section 125A.79, a charter school in its first year
 93.2 of operation shall generate special education aid based on current year data. A newly formed
 93.3 cooperative unit as defined in section 123A.24 may apply to the commissioner for approval
 93.4 to generate special education aid for its first year of operation based on current year data,
 93.5 with an offsetting adjustment to the prior year data used to calculate aid for programs at
 93.6 participating school districts or previous cooperatives that were replaced by the new
 93.7 cooperative. The department shall establish procedures to adjust the prior year data and
 93.8 fiscal year 2016 old formula aid used in calculating special education aid to exclude costs
 93.9 that have been eliminated for districts where programs have closed or where a substantial
 93.10 portion of the program has been transferred to a cooperative unit.

93.11 (f) The department shall establish procedures through the uniform financial accounting
 93.12 and reporting system to identify and track all revenues generated from third-party billings
 93.13 as special education revenue at the school district level; include revenue generated from
 93.14 third-party billings as special education revenue in the annual cross-subsidy report; and
 93.15 exclude third-party revenue from calculation of excess cost aid to the districts.

93.16 **EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2018 and later.

93.17 Sec. 7. Minnesota Statutes 2016, section 256B.0625, subdivision 26, is amended to read:

93.18 Subd. 26. **Special education services.** (a) Medical assistance covers evaluations necessary
 93.19 in making a determination for eligibility for individualized education program and
 93.20 individualized family service plan services and for medical services identified in a recipient's
 93.21 individualized education program and individualized family service plan and covered under
 93.22 the medical assistance state plan. Covered services include occupational therapy, physical
 93.23 therapy, speech-language therapy, clinical psychological services, nursing services, school
 93.24 psychological services, school social work services, personal care assistants serving as
 93.25 management aides, assistive technology devices, transportation services, health assessments,
 93.26 and other services covered under the medical assistance state plan. Mental health services
 93.27 eligible for medical assistance reimbursement must be provided or coordinated through a
 93.28 children's mental health collaborative where a collaborative exists if the child is included
 93.29 in the collaborative operational target population. The provision or coordination of services
 93.30 does not require that the individualized education program be developed by the collaborative.

93.31 The services may be provided by a Minnesota school district that is enrolled as a medical
 93.32 assistance provider or its subcontractor, and only if the services meet all the requirements
 93.33 otherwise applicable if the service had been provided by a provider other than a school
 93.34 district, in the following areas: medical necessity, physician's orders, documentation,

94.1 personnel qualifications, and prior authorization requirements. The nonfederal share of costs
94.2 for services provided under this subdivision is the responsibility of the local school district
94.3 as provided in section 125A.74. Services listed in a child's individualized education program
94.4 are eligible for medical assistance reimbursement only if those services meet criteria for
94.5 federal financial participation under the Medicaid program.

94.6 (b) Approval of health-related services for inclusion in the individualized education
94.7 program does not require prior authorization for purposes of reimbursement under this
94.8 chapter. The commissioner may require physician review and approval of the plan not more
94.9 than once annually or upon any modification of the individualized education program that
94.10 reflects a change in health-related services.

94.11 (c) Services of a speech-language pathologist provided under this section are covered
94.12 notwithstanding Minnesota Rules, part 9505.0390, subpart 1, item L, if the person:

94.13 (1) holds a masters degree in speech-language pathology;

94.14 (2) is licensed by the Minnesota Board of Teaching as an educational speech-language
94.15 pathologist; and

94.16 (3) either has a certificate of clinical competence from the American Speech and Hearing
94.17 Association, has completed the equivalent educational requirements and work experience
94.18 necessary for the certificate or has completed the academic program and is acquiring
94.19 supervised work experience to qualify for the certificate.

94.20 (d) Medical assistance coverage for medically necessary services provided under other
94.21 subdivisions in this section may not be denied solely on the basis that the same or similar
94.22 services are covered under this subdivision.

94.23 (e) The commissioner shall develop and implement package rates, bundled rates, or per
94.24 diem rates for special education services under which separately covered services are grouped
94.25 together and billed as a unit in order to reduce administrative complexity.

94.26 (f) The commissioner shall develop a cost-based payment structure for payment of these
94.27 services. Only costs reported through the designated Minnesota Department of Education
94.28 data systems in distinct service categories qualify for inclusion in the cost-based payment
94.29 structure. The commissioner shall reimburse claims submitted based on an interim rate, and
94.30 shall settle at a final rate once the department has determined it. The commissioner shall
94.31 notify the school district of the final rate. The school district has 60 days to appeal the final
94.32 rate. To appeal the final rate, the school district shall file a written appeal request to the
94.33 commissioner within 60 days of the date the final rate determination was mailed. The appeal

95.1 request shall specify (1) the disputed items and (2) the name and address of the person to
 95.2 contact regarding the appeal.

95.3 (g) Effective July 1, 2000, medical assistance services provided under an individualized
 95.4 education program or an individual family service plan by local school districts shall not
 95.5 count against medical assistance authorization thresholds for that child.

95.6 (h) Nursing services as defined in section 148.171, subdivision 15, and provided as an
 95.7 individualized education program health-related service, are eligible for medical assistance
 95.8 payment if they are otherwise a covered service under the medical assistance program.
 95.9 Medical assistance covers the administration of prescription medications by a licensed nurse
 95.10 who is employed by or under contract with a school district when the administration of
 95.11 medications is identified in the child's individualized education program. The simple
 95.12 administration of medications alone is not covered under medical assistance when
 95.13 administered by a provider other than a school district or when it is not identified in the
 95.14 child's individualized education program.

95.15 **EFFECTIVE DATE.** This section is effective August 1, 2017.

95.16 Sec. 8. Laws 2016, chapter 189, article 25, section 62, subdivision 17, is amended to read:

95.17 Subd. 17. **Southwest Minnesota State University special education teacher education**
 95.18 **program.** (a) For the Southwest Minnesota State University special education teacher
 95.19 education program to support Minnesota ~~resident~~ residents working toward licensure in an
 95.20 online program, including persons currently employed as:

106.17 and gross earnings during that period. The district must pay the teacher the amount of

106.21 severance pay, the teacher must not receive credit for any years of service in the district

112.16 Subdivision 1. **Contracts.** A contract for work or labor, or for the purchase of furniture,
112.17 fixtures, or other property, except books registered under the copyright laws and information
112.18 systems software, or for the construction or repair of school houses, the estimated cost or
112.19 value of which shall exceed that specified in section 471.345, subdivision 3, must not be
112.20 made by the school board without first advertising for bids or proposals by two weeks'
112.21 published notice in the official newspaper. This notice must state the time and place of
112.22 receiving bids and contain a brief description of the subject matter.

112.23 Additional publication in the official newspaper or elsewhere may be made as the board
112.24 shall deem necessary.

112.25 After taking into consideration conformity with the specifications, terms of delivery,
112.26 and other conditions imposed in the call for bids, every such contract for which a call for
112.27 bids has been issued must be awarded to the lowest responsible bidder, be duly executed
112.28 in writing, and be otherwise conditioned as required by law. The person to whom the contract
112.29 is awarded shall give a sufficient bond to the board for its faithful performance.

112.30 Notwithstanding section 574.26 or any other law to the contrary, on a contract limited to
112.31 the purchase of a finished tangible product, a board may require, at its discretion, a
112.32 performance bond of a contractor in the amount the board considers necessary. A record

113.1 must be kept of all bids, with names of bidders and amount of bids, and with the successful
113.2 bid indicated thereon. A bid containing an alteration or erasure of any price contained in
113.3 the bid which is used in determining the lowest responsible bid must be rejected unless the
113.4 alteration or erasure is corrected as provided in this section. An alteration or erasure may
113.5 be crossed out and the correction thereof printed in ink or typewritten adjacent thereto and
113.6 initialed in ink by the person signing the bid. In the case of identical low bids from two or
113.7 more bidders, the board may, at its discretion, utilize negotiated procurement methods with
113.8 the tied low bidders for that particular transaction, so long as the price paid does not exceed
113.9 the low tied bid price. In the case where only a single bid is received, the board may, at its
113.10 discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid
113.11 does not exceed the original bid. If no satisfactory bid is received, the board may readvertise.
113.12 Standard requirement price contracts established for supplies or services to be purchased
113.13 by the district must be established by competitive bids. Such standard requirement price
113.14 contracts may contain escalation clauses and may provide for a negotiated price increase
113.15 or decrease based upon a demonstrable industrywide or regional increase or decrease in the
113.16 vendor's costs. Either party to the contract may request that the other party demonstrate
113.17 such increase or decrease. The term of such contracts must not exceed two years with an
113.18 option on the part of the district to renew for an additional two years, except as provided in
113.19 subdivision 7. Contracts for the purchase of perishable food items, except milk for school
113.20 lunches and vocational training programs, in any amount may be made by direct negotiation
113.21 by obtaining two or more written quotations for the purchase or sale, when possible, without
113.22 advertising for bids or otherwise complying with the requirements of this section or section
113.23 471.345, subdivision 3. All quotations obtained shall be kept on file for a period of at least
113.24 one year after receipt.

113.25 Every contract made without compliance with the provisions of this section shall be
113.26 void. Except in the case of the destruction of buildings or injury thereto, where the public
113.27 interest would suffer by delay, contracts for repairs may be made without advertising for
113.28 bids.

 128.26 effectiveness of adult basic education programs. For required reporting, longitudinal studies,
 128.27 and program improvement, the tracking system must be designed to collect data on the
 128.28 following core outcomes for learners, including English learners, who have completed
 128.29 participating in the adult basic education program:

128.30 (1) demonstrated improvements in literacy skill levels in reading, writing, speaking the

129.1 (2) placement in, retention in, or completion of postsecondary education, training,
129.2 unsubsidized employment, or career advancement;

129.3 (3) receipt of a secondary school diploma or its recognized equivalent; and

129.4 (4) reduction in participation in the diversionary work program, Minnesota family
129.5 investment program, and food support education and training program.

129.6 (b) A district, group of districts, state agency, or private nonprofit organization providing
129.7 an adult basic education program may meet this requirement by developing a tracking system
129.8 based on either or both of the following methodologies:

129.9 (1) conducting a reliable follow-up survey; or

129.10 (2) submitting student information, including collected Social Security numbers for data
129.11 matching.

129.12 ~~Data related to obtaining employment must be collected in the first quarter following~~
129.13 ~~program completion or can be collected while the student is enrolled, if known. Data related~~
129.14 ~~to employment retention must be collected in the third quarter following program exit. Data~~
129.15 related to any other of the specified outcome outcomes may be collected at any time during
129.16 a program year.

129.17 (c) When a student in a program is requested to provide the student's Social Security
129.18 number, the student must be notified in a written form easily understandable to the student
129.19 that:

129.20 (1) providing the Social Security number is optional and no adverse action may be taken
129.21 against the student if the student chooses not to provide the Social Security number;

129.22 (2) the request is made under section 124D.52, subdivision 7;

129.26 Minnesota State Colleges and Universities; Office of Higher Education; Department of

130.1 of former students under this section, the Department of Education must forward the Social
 130.2 Security numbers to the Department of Employment and Economic Development to
 130.3 electronically match the Social Security numbers of former students with wage detail reports
 130.4 filed under section 268.044. The results of data matches must, for purposes of this section
 130.5 and consistent with the requirements of the ~~United States Code, title 29, section 2871, of~~

122A.40 EMPLOYMENT; CONTRACTS; TERMINATION.

Subd. 11. **Unrequested leave of absence.** The board may place on unrequested leave of absence, without pay or fringe benefits, as many teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts. The unrequested leave is effective at the close of the school year. In placing teachers on unrequested leave, the board is governed by the following provisions:

(a) The board may place probationary teachers on unrequested leave first in the inverse order of their employment. A teacher who has acquired continuing contract rights must not be placed on unrequested leave of absence while probationary teachers are retained in positions for which the teacher who has acquired continuing contract rights is licensed;

(b) Teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are licensed in the inverse order in which they were employed by the school district. In the case of equal seniority, the order in which teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are licensed is negotiable;

(c) Notwithstanding the provisions of paragraph (b), a teacher is not entitled to exercise any seniority when that exercise results in that teacher being retained by the district in a field for which the teacher holds only a provisional license, as defined by the Professional Educator Licensing and Standards Board, unless that exercise of seniority results in the placement on unrequested leave of absence of another teacher who also holds a provisional license in the same field. The provisions of this paragraph do not apply to vocational education licenses;

(d) Notwithstanding paragraphs (a), (b), and (c), if the placing of a probationary teacher on unrequested leave before a teacher who has acquired continuing rights, the placing of a teacher who has acquired continuing contract rights on unrequested leave before another teacher who has acquired continuing contract rights but who has greater seniority, or the restriction imposed by the provisions of paragraph (c) would place the district in violation of its affirmative action program, the district may retain the probationary teacher, the teacher with less seniority, or the provisionally licensed teacher;

(e) Teachers placed on unrequested leave of absence must be reinstated to the positions from which they have been given leaves of absence or, if not available, to other available positions in the school district in fields in which they are licensed. Reinstatement must be in the inverse order of placement on leave of absence. A teacher must not be reinstated to a position in a field in which the teacher holds only a provisional license, other than a vocational education license, while another teacher who holds a nonprovisional license in the same field remains on unrequested leave. The order of reinstatement of teachers who have equal seniority and who are placed on unrequested leave in the same school year is negotiable;

(f) Appointment of a new teacher must not be made while there is available, on unrequested leave, a teacher who is properly licensed to fill such vacancy, unless the teacher fails to advise the school board within 30 days of the date of notification that a position is available to that teacher who may return to employment and assume the duties of the position to which appointed on a future date determined by the board;

(g) A teacher placed on unrequested leave of absence may engage in teaching or any other occupation during the period of this leave;

(h) The unrequested leave of absence must not impair the continuing contract rights of a teacher or result in a loss of credit for previous years of service;

(i) The unrequested leave of absence of a teacher who is placed on unrequested leave of absence and who is not reinstated shall continue for a period of five years, after which the right to reinstatement shall terminate. The teacher's right to reinstatement shall also terminate if the teacher fails to file with the board by April 1 of any year a written statement requesting reinstatement;

(j) The same provisions applicable to terminations of probationary or continuing contracts in subdivisions 5 and 7 must apply to placement on unrequested leave of absence;

(k) Nothing in this subdivision shall be construed to impair the rights of teachers placed on unrequested leave of absence to receive unemployment benefits if otherwise eligible.

122A.41 TEACHER TENURE ACT; CITIES OF THE FIRST CLASS; DEFINITIONS.

Subd. 14. **Services terminated by discontinuance or lack of pupils; preference given.** (a) A teacher whose services are terminated on account of discontinuance of position or lack of pupils must receive first consideration for other positions in the district for which that teacher is qualified. In the event it becomes necessary to discontinue one or more positions, in making such discontinuance, teachers must be discontinued in any department in the inverse order in which they were employed, unless a board and the exclusive representative of teachers in the district negotiate a plan providing otherwise.

(b) Notwithstanding the provisions of clause (a), a teacher is not entitled to exercise any seniority when that exercise results in that teacher being retained by the district in a field for which the teacher holds only a provisional license, as defined by the Professional Educator Licensing and Standards Board, unless that exercise of seniority results in the termination of services, on account of discontinuance of position or lack of pupils, of another teacher who also holds a provisional license in the same field. The provisions of this clause do not apply to vocational education licenses.

(c) Notwithstanding the provisions of clause (a), a teacher must not be reinstated to a position in a field in which the teacher holds only a provisional license, other than a vocational education license, while another teacher who holds a nonprovisional license in the same field is available for reinstatement.

124D.151 VOLUNTARY PREKINDERGARTEN PROGRAM.

Subdivision 1. **Establishment; purpose.** A district, a charter school, a group of districts, a group of charter schools, or a group of districts and charter schools may establish a voluntary prekindergarten program. The purpose of a voluntary prekindergarten program is to prepare children for success as they enter kindergarten in the following year.

Subd. 2. **Program requirements.** (a) A voluntary prekindergarten program provider must:

(1) provide instruction through play-based learning to foster children's social and emotional development, cognitive development, physical and motor development, and language and literacy skills, including the native language and literacy skills of English learners, to the extent practicable;

(2) measure each child's cognitive and social skills using a formative measure aligned to the state's early learning standards when the child enters and again before the child leaves the program, screening and progress monitoring measures, and others from the state-approved menu of kindergarten entry profile measures;

(3) provide comprehensive program content including the implementation of curriculum, assessment, and instructional strategies aligned with the state early learning standards, and kindergarten through grade 3 academic standards;

(4) provide instructional content and activities that are of sufficient length and intensity to address learning needs including offering a program with at least 350 hours of instruction per school year for a prekindergarten student;

(5) provide voluntary prekindergarten instructional staff salaries comparable to the salaries of local kindergarten through grade 12 instructional staff;

(6) coordinate appropriate kindergarten transition with families, community-based prekindergarten programs, and school district kindergarten programs;

(7) involve parents in program planning and transition planning by implementing parent engagement strategies that include culturally and linguistically responsive activities in prekindergarten through third grade that are aligned with early childhood family education under section 124D.13;

(8) coordinate with relevant community-based services, including health and social service agencies, to ensure children have access to comprehensive services;

(9) coordinate with all relevant school district programs and services including early childhood special education, homeless students, and English learners;

(10) ensure staff-to-child ratios of one-to-ten and a maximum group size of 20 children;

APPENDIX
Repealed Minnesota Statutes: HF0890-5

(11) provide high-quality coordinated professional development, training, and coaching for both school district and community-based early learning providers that is informed by a measure of adult-child interactions and enables teachers to be highly knowledgeable in early childhood curriculum content, assessment, native and English language development programs, and instruction; and

(12) implement strategies that support the alignment of professional development, instruction, assessments, and prekindergarten through grade 3 curricula.

(b) A voluntary prekindergarten program must have teachers knowledgeable in early childhood curriculum content, assessment, native and English language programs, and instruction.

(c) Districts and charter schools must include their strategy for implementing and measuring the impact of their voluntary prekindergarten program under section 120B.11 and provide results in their world's best workforce annual summary to the commissioner of education.

Subd. 3. Mixed delivery of services. A district or charter school may contract with a charter school, Head Start or child care centers, family child care programs licensed under section 245A.03, or a community-based organization to provide eligible children with developmentally appropriate services that meet the program requirements in subdivision 2. Components of a mixed-delivery plan include strategies for recruitment, contracting, and monitoring of fiscal compliance and program quality.

Subd. 4. Eligibility. A child who is four years of age as of September 1 in the calendar year in which the school year commences is eligible to participate in a voluntary prekindergarten program free of charge. Each eligible child must complete a health and developmental screening within 90 days of program enrollment under sections 121A.16 to 121A.19, and provide documentation of required immunizations under section 121A.15.

Subd. 5. Application process; priority for high poverty schools. (a) To qualify for program approval for fiscal year 2017, a district or charter school must submit an application to the commissioner by July 1, 2016. To qualify for program approval for fiscal year 2018 and later, a district or charter school must submit an application to the commissioner by January 30 of the fiscal year prior to the fiscal year in which the program will be implemented. The application must include:

(1) a description of the proposed program, including the number of hours per week the program will be offered at each school site or mixed-delivery location;

(2) an estimate of the number of eligible children to be served in the program at each school site or mixed-delivery location; and

(3) a statement of assurances signed by the superintendent or charter school director that the proposed program meets the requirements of subdivision 2.

(b) The commissioner must review all applications submitted for fiscal year 2017 by August 1, 2016, and must review all applications submitted for fiscal year 2018 and later by March 1 of the fiscal year in which the applications are received and determine whether each application meets the requirements of paragraph (a).

(c) The commissioner must divide all applications for new or expanded voluntary prekindergarten programs under this section meeting the requirements of paragraph (a) and school readiness plus programs into four groups as follows: the Minneapolis and St. Paul school districts; other school districts located in the metropolitan equity region as defined in section 126C.10, subdivision 28; school districts located in the rural equity region as defined in section 126C.10, subdivision 28; and charter schools. Within each group, the applications must be ordered by rank using a sliding scale based on the following criteria:

(1) concentration of kindergarten students eligible for free or reduced-price lunches by school site on October 1 of the previous school year. A school site may contract to partner with a community-based provider or Head Start under subdivision 3 or establish an early childhood center and use the concentration of kindergarten students eligible for free or reduced-price meals from a specific school site as long as those eligible children are prioritized and guaranteed services at the mixed-delivery site or early education center. For school district programs to be operated at locations that do not have free and reduced-price lunch concentration data for kindergarten programs for October 1 of the previous school year, including mixed-delivery programs, the school district average concentration of kindergarten students eligible for free or reduced-price lunches must be used for the rank ordering;

APPENDIX
Repealed Minnesota Statutes: HF0890-5

(2) presence or absence of a three- or four-star Parent Aware rated program within the school district or close proximity of the district. School sites with the highest concentration of kindergarten students eligible for free or reduced-price lunches that do not have a three- or four-star Parent Aware program within the district or close proximity of the district shall receive the highest priority, and school sites with the lowest concentration of kindergarten students eligible for free or reduced-price lunches that have a three- or four-star Parent Aware rated program within the district or close proximity of the district shall receive the lowest priority; and

(3) whether the district has implemented a mixed delivery system.

(d) The limit on participation for the programs as specified in subdivision 6 must initially be allocated among the four groups based on each group's percentage share of the statewide kindergarten enrollment on October 1 of the previous school year. Within each group, the participation limit for fiscal years 2018 and 2019 must first be allocated to school sites approved for aid in the previous year to ensure that those sites are funded for the same number of participants as approved for the previous year. The remainder of the participation limit for each group must be allocated among school sites in priority order until that region's share of the participation limit is reached. If the participation limit is not reached for all groups, the remaining amount must be allocated to the highest priority school sites, as designated under this section, not funded in the initial allocation on a statewide basis. For fiscal year 2020 and later, the participation limit must first be allocated to school sites approved for aid in fiscal year 2017, and then to school sites approved for aid in fiscal year 2018 based on the statewide rankings under paragraph (c).

(e) Once a school site or a mixed delivery site under subdivision 3 is approved for aid under this subdivision, it shall remain eligible for aid if it continues to meet program requirements, regardless of changes in the concentration of students eligible for free or reduced-price lunches.

(f) If the total number of participants approved based on applications submitted under paragraph (a) is less than the participation limit under subdivision 6, the commissioner must notify all school districts and charter schools of the amount that remains available within 30 days of the initial application deadline under paragraph (a), and complete a second round of allocations based on applications received within 60 days of the initial application deadline.

(g) Procedures for approving applications submitted under paragraph (f) shall be the same as specified in paragraphs (a) to (d), except that the allocations shall be made to the highest priority school sites not funded in the initial allocation on a statewide basis.

Subd. 6. Participation limits. (a) Notwithstanding section 126C.05, subdivision 1, paragraph (d), the pupil units for a voluntary prekindergarten program for an eligible school district or charter school must not exceed 60 percent of the kindergarten pupil units for that school district or charter school under section 126C.05, subdivision 1, paragraph (e).

(b) In reviewing applications under subdivision 5, the commissioner must limit the estimated state aid entitlement approved under this section to \$27,092,000 for fiscal year 2017. If the actual state aid entitlement based on final data exceeds the limit in any year, the aid of the participating districts must be prorated so as not to exceed the limit.

(c) The commissioner must limit the total number of funded participants in the voluntary prekindergarten program under this section to not more than 3,160.

(d) Notwithstanding paragraph (c), the commissioner must limit the total number of participants in the voluntary prekindergarten and school readiness plus programs to not more than 6,160 participants for fiscal year 2018 and 7,160 participants for fiscal year 2019.
