 4.25 the commissioner of commerce on a form prescribed by the commissioner. The application
 4.26 form must include at a minimum the following information:

5.5 The fees collected under this subdivision shall be deposited in the general fund.

5.6 (c) Within 30 days of receiving an application, the commissioner may require additional
5.7 information or submissions from an applicant and may obtain any document or information
5.8 reasonably necessary to verify the information contained in the application. Within 90 days
5.9 after receipt of a completed application and the applicable license fee, the commissioner
5.10 shall review the application and issue a license if the applicant is deemed qualified under
5.11 this section. If the commissioner determines the applicant is not qualified, the commissioner
5.12 shall notify the applicant and shall specify the reason or reasons for the denial.

5.13 Subd. 3. **Renewal.** (a) A license issued under this chapter is valid for one year. To renew
5.14 a license, an applicant must submit a completed renewal application on a form prescribed
5.15 by the commissioner and a renewal fee of \$8,500. The fees collected under this paragraph

5.17 to submit additional information to clarify any new information presented in the renewal
5.18 application.

5.19 (b) A renewal application submitted after the renewal deadline date must be accompanied
5.20 by a nonrefundable late fee of \$500. The fees collected under this paragraph shall be
5.21 deposited in the general fund.

5.22 (c) The commissioner may deny the renewal of a license for any of the following reasons:

5.23 (1) the pharmacy benefit manager has been determined by the commissioner to be in
5.24 violation or noncompliance with federal or state law; or

5.25 (2) the pharmacy benefit manager has failed to timely submit a renewal application and
5.26 the information required under paragraph (a).

5.27 In lieu of a denial of a renewal application, the commissioner may permit the pharmacy
5.28 benefit manager to submit to the commissioner a corrective action plan to cure or correct
5.29 deficiencies.

5.30 Subd. 4. **Oversight.** (a) The commissioner may suspend, revoke, or place on probation

 6.7 chapter.

6.8 (b) The commissioner may issue a license subject to restrictions or limitations, including
 6.9 the types of services that may be supplied or the activities in which the pharmacy benefit
 6.10 manager may be engaged.

6.11 Subd. 5. **Penalty.** If a pharmacy benefit manager acts without a license, the pharmacy
 6.12 benefit manager may be subject to a fine of \$5,000 per day for the period the pharmacy
 6.13 benefit manager is found to be in violation. Any penalties collected under this subdivision
 6.14 shall be deposited in the general fund.

6.15 Subd. 6. **Enforcement.** The commissioner shall enforce this chapter under the provisions
 6.16 of chapter 45.

6.17 Sec. 4. **[62W.04] PHARMACY BENEFIT MANAGER GENERAL BUSINESS**
 6.18 **PRACTICES.**

6.19 (a) A pharmacy benefit manager must exercise good faith and fair dealing in the
 6.20 performance of its contractual duties. A provision in a contract between a pharmacy benefit
 6.21 manager and a health carrier or a network pharmacy that attempts to waive or limit this
 6.22 obligation is void.

6.23 (b) A pharmacy benefit manager must notify a health carrier in writing of any activity,
 6.24 policy, or practice of the pharmacy benefit manager that directly or indirectly presents a
 6.25 conflict of interest with the duties imposed in this section.

6.26 Sec. 5. **[62W.05] PHARMACY BENEFIT MANAGER NETWORK ADEQUACY.**

6.27 (a) A pharmacy benefit manager must provide an adequate and accessible pharmacy
 6.28 network for the provision of prescription drugs that at a minimum meets the relevant
 6.29 requirements under section 62K.10. Mail order pharmacies must not be included in the
 6.30 calculations of determining the adequacy of the pharmacy benefit manager's pharmacy
 6.31 network under section 62K.10.

7.1 (b) A pharmacy benefit manager may apply for a waiver from the commissioner of
7.2 health if the pharmacy benefit manager is unable to meet the network adequacy requirements
7.3 in paragraph (a). The waiver application must demonstrate with specific data why the
7.4 pharmacy benefit manager is not able to meet the requirements and must include the steps
7.5 that were and will be taken to address network adequacy.

7.6 (c) A pharmacy benefit manager must not require pharmacy accreditation standards or
7.7 recertification requirements to participate in a network that are inconsistent with, more
7.8 stringent than, or in addition to federal and state requirements for licensure as a pharmacy
7.9 in this state unless authorized under this chapter.

7.10 **Sec. 6. [62W.06] PHARMACY BENEFIT MANAGER TRANSPARENCY.**

7.11 Subdivision 1. Transparency to plan sponsors. (a) Beginning in the second quarter
7.12 after the effective date of a contract between a pharmacy benefit manager and a plan sponsor,
7.13 the pharmacy benefit manager must disclose, upon the request of the plan sponsor, the
7.14 following information with respect to prescription drug benefits specific to the plan sponsor:

7.15 (1) the aggregate wholesale acquisition costs from a drug manufacturer or wholesale
7.16 drug distributor for each therapeutic category of prescription drugs;

7.17 (2) the aggregate wholesale acquisition costs from a drug manufacturer or wholesale
7.18 drug distributor for each therapeutic category of prescription drugs available to the plan
7.19 sponsor's enrollees;

7.20 (3) the aggregate amount of rebates received by the pharmacy benefit manager by
7.21 therapeutic category of prescription drugs. The aggregate amount of rebates must include
7.22 any utilization discounts the pharmacy benefit manager receives from a drug manufacturer
7.23 or wholesale drug distributor;

7.24 (4) any other fees received from a drug manufacturer or wholesale drug distributor;

7.25 (5) whether the pharmacy benefit manager has a contract, agreement, or other arrangement
7.26 with a drug manufacturer to exclusively dispense or provide a drug to a plan sponsor's
7.27 employees or enrollees, and the application of all consideration or economic benefits collected
7.28 or received pursuant to the arrangement;

7.29 (6) prescription drug utilization information for the plan sponsor's enrollees;

7.30 (7) the aggregate amount of payments made by the pharmacy benefit manager to
7.31 pharmacies owned or controlled by the pharmacy benefit manager on behalf of the sponsor's
7.32 plan;

8.1 (8) the aggregate amount of payments made by the pharmacy benefit manager to
8.2 pharmacies not owned or controlled by the pharmacy benefit manager on behalf of the
8.3 sponsor's plan; and

8.4 (9) the aggregate amount of the fees imposed on, or collected from, network pharmacies
8.5 or other assessments against network pharmacies, including point-of-sale fees and retroactive
8.6 charges, and the application of those amounts collected pursuant to the contract with the
8.7 plan sponsor.

8.8 (b) A pharmacy benefit manager may require a plan sponsor to agree to a nondisclosure
8.9 agreement that specifies that the information reported under this subdivision is proprietary
8.10 information. The pharmacy benefit manager is not required to disclose the information to
8.11 the plan sponsor until the plan sponsor has executed the nondisclosure agreement, if required
8.12 by the pharmacy benefit manager.

8.13 Subd. 2. **Transparency report to the commissioner.** (a) Beginning June 1, 2020, and
8.14 annually thereafter, each pharmacy benefit manager must submit to the commissioner a
8.15 transparency report containing data from the prior calendar year as it pertains to plan sponsors
8.16 located in Minnesota. The report must contain the following information:

8.17 (1) the aggregate wholesale acquisition costs from a drug manufacturer or wholesale
8.18 drug distributor for each therapeutic category of prescription drugs for all of the pharmacy
8.19 benefit manager's plan sponsor clients, unless providing this information even in the aggregate
8.20 permits the determination of a specific drug manufacturer;

8.21 (2) the aggregate amount of all rebates that the pharmacy benefit manager received from
8.22 all drug manufacturers for all of the pharmacy benefit manager's plan sponsor clients. The
8.23 aggregate amount of rebates must include any utilization discounts the pharmacy benefit
8.24 manager receives from a drug manufacturer or wholesale drug distributor;

8.25 (3) the aggregate retained rebates that the pharmacy benefit manager received from all
8.26 drug manufacturers that were not passed through to plan sponsors; and

8.27 (4) the aggregate retained rebate percentage.

8.28 (b) Within 60 days upon receipt of the transparency report, the commissioner shall
8.29 publish the report from each pharmacy benefit manager on the Department of Commerce's
8.30 website, with the exception of data considered trade secret information under section 13.37.
8.31 The transparency report must be published in such a way as to not disclose the identity of
8.32 a specific plan sponsor, the prices charged for a specific prescription drug or classes of

9.1 drugs, or the amount of any rebates provided for a specific prescription drug or classes of
 9.2 drugs.

9.3 (c) For purposes of this subdivision, the aggregate retained rebate percentage must be
 9.4 calculated for each plan sponsor for rebates in the previous calendar year as follows:

9.5 (1) the sum total dollar amount of rebates from all drug manufacturers for all utilization
 9.6 of enrollees of a plan sponsor that was not passed through to the plan sponsor; and

9.7 (2) divided by the sum total dollar amount of all rebates received from all drug
 9.8 manufacturers for all enrollees of a plan sponsor.

9.9 Subd. 3. **Penalty.** The commissioner may impose civil penalties of not more than \$1,000
 9.10 per day per violation of this section.

9.11 Sec. 7. **[62W.07] PHARMACY OWNERSHIP INTEREST; PHARMACY SERVICES.**

9.12 (a) A pharmacy benefit manager that has an ownership interest either directly or indirectly,
 9.13 or through an affiliate or subsidiary, in a pharmacy must disclose to a plan sponsor that
 9.14 contracts with the pharmacy benefit manager any difference between the amount paid to
 9.15 that pharmacy and the amount charged to the plan sponsor.

9.16 (b) A pharmacy benefit manager or health carrier is prohibited from penalizing, requiring,
 9.17 or providing financial incentives, including variations in premiums, deductibles, co-payments,
 9.18 or coinsurance, to an enrollee as an incentive to use a retail pharmacy, mail order pharmacy,
 9.19 specialty pharmacy, or other network pharmacy provider in which a pharmacy benefit
 9.20 manager has an ownership interest or in which the pharmacy provider has an ownership
 9.21 interest in the pharmacy benefit manager.

9.22 (c) Paragraph (b) does not apply if the pharmacy benefit manager or health carrier offers
 9.23 an enrollee the same financial incentives for using a network retail pharmacy, mail order
 9.24 pharmacy, specialty pharmacy, or other network pharmacy in which the pharmacy benefit
 9.25 manager has no ownership interest and the network pharmacy has agreed to accept the same
 9.26 pricing terms, conditions, and requirements related to the cost of the prescription drug and
 9.27 the cost of dispensing the prescription drug that are in the agreement with a network
 9.28 pharmacy in which the pharmacy benefit manager has an ownership interest.

9.29 (d) A pharmacy benefit manager or health carrier is prohibited from imposing limits,
 9.30 including quantity limits or refill frequency limits, on an enrollee's access to medication
 9.31 that differ based solely on whether the health carrier or pharmacy benefit manager has an
 9.32 ownership interest in a pharmacy or the pharmacy has an ownership interest in the pharmacy
 9.33 benefit manager.

10.1 (e) Nothing in paragraph (d) shall be construed to prohibit a pharmacy benefit manager
 10.2 from imposing different limits, including quantity limits or refill frequency limits on an
 10.3 enrollee's access to medication based on whether the enrollee uses a mail order pharmacy
 10.4 or retail pharmacy so long as the enrollee has the option to use a mail order pharmacy or
 10.5 retail pharmacy with the same limits imposed in which the pharmacy benefit manager or
 10.6 health carrier does not have an ownership interest.

10.7 **Sec. 8. [62W.075] THERAPEUTIC ALTERNATIVE PRESCRIPTION DRUG.**

10.8 A pharmacy benefit manager or health carrier must not require a pharmacy to dispense
 10.9 a therapeutically equivalent or therapeutically alternative drug that costs the enrollee more
 10.10 out-of-pocket than the prescribed drug, unless the switch is made for medical reasons that
 10.11 benefit the patient. Before a switch is made under this section, the pharmacy must obtain
 10.12 approval from the prescribing practitioner and must inform the enrollee of the reason for
 10.13 the switch.

10.14 **Sec. 9. [62W.076] SPECIALTY PHARMACY.**

10.15 A pharmacy benefit manager that contracts with a specialty pharmacy must disclose to
 10.16 an enrollee, upon request, the enrollee's out-of-pocket costs at the specialty pharmacy for
 10.17 the prescription drug referenced by the enrollee and the enrollee's out-of-pocket cost at a
 10.18 network retail pharmacy that is identified by the enrollee that is within the enrollee's health
 10.19 plan network.

10.20 **Sec. 10. [62W.077] PREFERRED NETWORK.**

10.21 A pharmacy benefit manager that uses a preferred network of pharmacies must disclose
 10.22 to an enrollee upon request the enrollee's out-of-pocket cost at the preferred pharmacy for
 10.23 the prescription drug referenced by the enrollee and the enrollee's out-of-pocket cost at a
 10.24 nonpreferred pharmacy identified by the enrollee that is within the enrollee's health plan
 10.25 network.

10.26 **Sec. 11. [62W.08] MAXIMUM ALLOWABLE COST PRICING.**

10.27 (a) With respect to each contract and contract renewal between a pharmacy benefit
 10.28 manager and a pharmacy, the pharmacy benefits manager must:

10.29 (1) provide to the pharmacy, at the beginning of each contract and contract renewal, the
 10.30 sources utilized to determine the maximum allowable cost pricing of the pharmacy benefit
 10.31 manager;

11.1 (2) update any maximum allowable cost price list at least every seven business days,
11.2 noting any price changes from the previous list, and provide a means by which network
11.3 pharmacies may promptly review current prices in an electronic, print, or telephonic format
11.4 within one business day at no cost to the pharmacy;

11.5 (3) maintain a procedure to eliminate products from the list of drugs subject to maximum
11.6 allowable cost pricing in a timely manner in order to remain consistent with changes in the
11.7 marketplace;

11.8 (4) ensure that the maximum allowable cost prices are not set below sources utilized by
11.9 the pharmacy benefits manager; and

11.10 (5) upon request of a network pharmacy, disclose the sources utilized for setting
11.11 maximum allowable cost price rates on each maximum allowable cost price list included
11.12 under the contract and identify each maximum allowable cost price list that applies to the
11.13 network pharmacy. A pharmacy benefit manager must make the list of the maximum
11.14 allowable costs available to a contracted pharmacy in a format that is readily accessible and
11.15 usable to the network pharmacy.

11.16 (b) A pharmacy benefit manager must not place a prescription drug on a maximum
11.17 allowable cost list unless the drug is generally available for purchase by pharmacies in this
11.18 state from a national or regional drug wholesaler and is not obsolete.

11.19 (c) Each contract between a pharmacy benefit manager and a pharmacy must include a
11.20 process to appeal, investigate, and resolve disputes regarding maximum allowable cost
11.21 pricing that includes:

11.22 (1) a 15-business-day limit on the right to appeal following the initial claim;

11.23 (2) a requirement that the appeal be investigated and resolved within seven business
11.24 days after the appeal is received; and

11.25 (3) a requirement that a pharmacy benefit manager provide a reason for any appeal denial
11.26 and identify the national drug code of a drug that may be purchased by the pharmacy at a
11.27 price at or below the maximum allowable cost price as determined by the pharmacy benefit
11.28 manager.

11.29 (d) If an appeal is upheld, the pharmacy benefit manager must make an adjustment to
11.30 the maximum allowable cost price no later than one business day after the date of
11.31 determination. The pharmacy benefit manager must make the price adjustment applicable
11.32 to all similarly situated network pharmacy providers as defined by the plan sponsor.

12.1 Sec. 12. [62W.09] PHARMACY AUDITS.

12.2 Subdivision 1. Procedure and process for conducting and reporting an audit. (a)

12.3 Unless otherwise prohibited by federal requirements or regulations, any entity conducting
12.4 a pharmacy audit must follow the following procedures:

12.5 (1) a pharmacy must be given notice 14 days before an initial on-site audit is conducted;

12.6 (2) an audit that involves clinical or professional judgment must be conducted by or in
12.7 consultation with a licensed pharmacist; and

12.8 (3) each pharmacy shall be audited under the same standards and parameters as other
12.9 similarly situated pharmacies.

12.10 (b) Unless otherwise prohibited by federal requirements or regulations, for any entity
12.11 conducting a pharmacy audit the following items apply:

12.12 (1) the period covered by the audit may not exceed 24 months from the date that the
12.13 claim was submitted to or adjudicated by the entity, unless a longer period is required under
12.14 state or federal law;

12.15 (2) if an entity uses random sampling as a method for selecting a set of claims for
12.16 examination, the sample size must be appropriate for a statistically reliable sample.

12.17 Notwithstanding section 151.69, the auditing entity shall provide the pharmacy a masked
12.18 list that provides a prescription number or date range that the auditing entity is seeking to
12.19 audit;

12.20 (3) an on-site audit may not take place during the first five business days of the month
12.21 unless consented to by the pharmacy;

12.22 (4) auditors may not enter the pharmacy area unless escorted where patient-specific
12.23 information is available and to the extent possible must be out of sight and hearing range
12.24 of the pharmacy customers;

12.25 (5) any recoupment will not be deducted against future remittances until after the appeals
12.26 process and both parties have received the results of the final audit;

12.27 (6) a pharmacy benefit manager may not require information to be written on a
12.28 prescription unless the information is required to be written on the prescription by state or
12.29 federal law. Recoupment may be assessed for items not written on the prescription if:

12.30 (i) additional information is required in the provider manual; or

12.31 (ii) the information is required by the Food and Drug Administration (FDA); or

- 13.1 (iii) the information is required by the drug manufacturer's product safety program; and
- 13.2 (iv) the information in item (i), (ii), or (iii) is not readily available for the auditor at the
- 13.3 time of the audit; and
- 13.4 (7) the auditing company or agent may not receive payment based on a percentage of
- 13.5 the amount recovered. This section does not prevent the entity conducting the audit from
- 13.6 charging or assessing the responsible party, directly or indirectly, based on amounts recouped
- 13.7 if both of the following conditions are met:
- 13.8 (i) the plan sponsor and the entity conducting the audit have a contract that explicitly
- 13.9 states the percentage charge or assessment to the plan sponsor; and
- 13.10 (ii) a commission to an agent or employee of the entity conducting the audit is not based,
- 13.11 directly or indirectly, on amounts recouped.
- 13.12 (c) An amendment to pharmacy audit terms in a contract between a pharmacy benefit
- 13.13 manager and a pharmacy must be disclosed to the pharmacy at least 60 days prior to the
- 13.14 effective date of the proposed change.
- 13.15 **Subd. 2. Requirement for recoupment or chargeback.** For recoupment or chargeback,
- 13.16 the following criteria apply:
- 13.17 (1) audit parameters must consider consumer-oriented parameters based on manufacturer
- 13.18 listings;
- 13.19 (2) a pharmacy's usual and customary price for compounded medications is considered
- 13.20 the reimbursable cost unless the pricing methodology is outlined in the pharmacy provider
- 13.21 contract;
- 13.22 (3) a finding of overpayment or underpayment must be based on the actual overpayment
- 13.23 or underpayment and not a projection based on the number of patients served having a
- 13.24 similar diagnosis or on the number of similar orders or refills for similar drugs;
- 13.25 (4) the entity conducting the audit shall not use extrapolation in calculating the
- 13.26 recoupment or penalties for audits unless required by state or federal law or regulations;
- 13.27 (5) calculations of overpayments must not include dispensing fees unless a prescription
- 13.28 was not actually dispensed, the prescriber denied authorization, the prescription dispensed
- 13.29 was a medication error by the pharmacy, or the identified overpayment is solely based on
- 13.30 an extra dispensing fee;

14.1 (6) an entity may not consider any clerical or record-keeping error, such as a typographical
14.2 error, scrivener's error, or computer error regarding a required document or record as fraud,
14.3 however such errors may be subject to recoupment;

14.4 (7) in the case of errors that have no actual financial harm to the patient or plan, the
14.5 pharmacy benefit manager must not assess any chargebacks. Errors that are a result of the
14.6 pharmacy failing to comply with a formal corrective action plan may be subject to recovery;
14.7 and

14.8 (8) interest may not accrue during the audit period for either party, beginning with the
14.9 notice of the audit and ending with the final audit report.

14.10 Subd. 3. **Documentation.** (a) To validate the pharmacy record and delivery, the pharmacy
14.11 may use authentic and verifiable statements or records including medication administration
14.12 records of a nursing home, assisted living facility, hospital, physician, or other authorized
14.13 practitioner or additional audit documentation parameters located in the provider manual.

14.14 (b) Any legal prescription that meets the requirements in this chapter may be used to
14.15 validate claims in connection with prescriptions, refills, or changes in prescriptions, including
14.16 medication administration records, faxes, e-prescriptions, or documented telephone calls
14.17 from the prescriber or the prescriber's agents.

14.18 Subd. 4. **Appeals process.** The entity conducting the audit must establish a written
14.19 appeals process which must include appeals of preliminary reports and final reports.

14.20 Subd. 5. **Audit information and reports.** (a) A preliminary audit report must be delivered
14.21 to the pharmacy within 60 days after the conclusion of the audit.

14.22 (b) A pharmacy must be allowed at least 45 days following receipt of the preliminary
14.23 audit to provide documentation to address any discrepancy found in the audit.

14.24 (c) A final audit report must be delivered to the pharmacy within 120 days after receipt
14.25 of the preliminary audit report or final appeal, whichever is later.

14.26 (d) An entity shall remit any money due to a pharmacy or pharmacist as a result of an
14.27 underpayment of a claim within 45 days after the appeals process has been exhausted and
14.28 the final audit report has been issued.

14.29 Subd. 6. **Disclosure to plan sponsor.** Where contractually required, an auditing entity
14.30 must provide a copy to the plan sponsor of its claims that were included in the audit, and
14.31 any recouped money shall be returned to the plan sponsor.

15.1 Subd. 7. **Applicability of other laws and regulations.** This section does not apply to
 15.2 any investigative audit that involves suspected fraud, willful misrepresentation, abuse, or
 15.3 any audit completed by Minnesota health care programs.

15.4 Subd. 8. **Definitions.** For purposes of this section, "entity" means a pharmacy benefit
 15.5 manager or any person or organization that represents a pharmacy benefit manager.

15.6 **Sec. 13. [62W.10] SYNCHRONIZATION.**

15.7 (a) For purposes of this section, "synchronization" means the coordination of prescription
 15.8 drug refills for a patient taking two or more medications for one or more chronic conditions,
 15.9 to allow the patient's medications to be refilled on the same schedule for a given period of
 15.10 time.

15.11 (b) A contract between a pharmacy benefit manager and a pharmacy must allow for
 15.12 synchronization of prescription drug refills for a patient on at least one occasion per year,
 15.13 if the following criteria are met:

15.14 (1) the prescription drugs are covered under the patient's health plan or have been
 15.15 approved by a formulary exceptions process;

15.16 (2) the prescription drugs are maintenance medications as defined by the health plan
 15.17 and have one or more refills available at the time of synchronization;

15.18 (3) the prescription drugs are not Schedule II, III, or IV controlled substances;

15.19 (4) the patient meets all utilization management criteria relevant to the prescription drug
 15.20 at the time of synchronization;

15.21 (5) the prescription drugs are of a formulation that can be safely split into short-fill
 15.22 periods to achieve synchronization; and

15.23 (6) the prescription drugs do not have special handling or sourcing needs that require a
 15.24 single, designated pharmacy to fill or refill the prescription.

15.25 (c) When necessary to permit synchronization, the pharmacy benefit manager must apply
 15.26 a prorated, daily patient cost-sharing rate to any prescription drug dispensed by a pharmacy
 15.27 under this section. The dispensing fee must not be prorated, and all dispensing fees shall
 15.28 be based on the number of prescriptions filled or refilled.

15.29 **Sec. 14. [62W.11] GAG CLAUSE PROHIBITION.**

15.30 (a) No contract between a pharmacy benefit manager or health carrier and a pharmacy
 15.31 or pharmacist shall prohibit, restrict, or penalize a pharmacy or pharmacist from disclosing

16.1 to an enrollee any health care information that the pharmacy or pharmacist deems appropriate
16.2 regarding the nature of treatment; the risks or alternatives; the availability of alternative
16.3 therapies, consultations, or tests; the decision of utilization reviewers or similar persons to
16.4 authorize or deny services; the process that is used to authorize or deny health care services
16.5 or benefits; or information on financial incentives and structures used by the health carrier
16.6 or pharmacy benefit manager.

16.7 (b) A pharmacy or pharmacist must provide to an enrollee information regarding the
16.8 enrollee's total cost for each prescription drug dispensed where part or all of the cost of the
16.9 prescription is being paid or reimbursed by the employer-sponsored plan or by a health
16.10 carrier or pharmacy benefit manager, in accordance with section 151.214.

16.11 (c) A pharmacy benefit manager or health carrier must not prohibit a pharmacist or
16.12 pharmacy from discussing information regarding the total cost for pharmacy services for a
16.13 prescription drug, including the patient's co-payment amount and the pharmacy's own usual
16.14 and customary price of the prescription.

16.15 (d) A pharmacy benefit manager or health carrier must not prohibit a pharmacist or
16.16 pharmacy from discussing the availability of any therapeutically equivalent alternative
16.17 prescription drugs or alternative methods for purchasing the prescription drug, including
16.18 but not limited to paying out-of-pocket the pharmacy's usual and customary price when that
16.19 amount is less expensive to the enrollee than the amount the enrollee is required to pay for
16.20 the prescription drug under the enrollee's health plan.

16.21 **Sec. 15. [62W.12] POINT OF SALE.**

16.22 No pharmacy benefit manager, health carrier, or pharmacy shall require an enrollee to
16.23 make a payment at the point of sale for a covered prescription drug in an amount greater
16.24 than the lesser of:

16.25 (1) the applicable total prescription price, including any co-payment for the prescription
16.26 drug;

16.27 (2) the allowable claim amount for the prescription drug; or

16.28 (3) the amount an enrollee would pay for the prescription drug if the enrollee purchased
16.29 the prescription drug without using a health plan or any other source of prescription drug
16.30 benefits or discounts.

17.4 maintains a mandatory or closed drug formulary.

17.5 Sec. 17. Minnesota Statutes 2018, section 151.21, is amended by adding a subdivision to
17.6 read:

17.7 Subd. 7a. Coverage by substitution. (a) When a pharmacist receives a prescription
17.8 order by paper or hard copy, by electronic transmission, or by oral instruction from the
17.9 prescriber, in which the prescriber has not expressly indicated that the prescription is to be
17.10 dispensed as communicated and the drug prescribed is not covered under the purchaser's
17.11 health plan or prescription drug plan, the pharmacist may dispense a therapeutically
17.12 equivalent and interchangeable prescribed drug or biological product that is covered under
17.13 the purchaser's plan if the pharmacist has a written protocol with the prescriber that outlines
17.14 the class of drugs of the same generation and designed for the same indication that can be
17.15 substituted and the required communication between the pharmacist and the prescriber.

17.16 (b) The pharmacist must inform the purchaser if the pharmacist is dispensing a drug or
17.17 biological product other than the specific drug or biological product prescribed and the
17.18 reason for the substitution.

For recoupment or chargeback, the following criteria apply.

(1) Audit parameters must consider consumer-oriented parameters based on manufacturer listings.

(2) A pharmacy's usual and customary price for compounded medications is considered the reimbursable cost unless the pricing methodology is outlined in the provider contract.

(3) A finding of overpayment or underpayment must be based on the actual overpayment or underpayment and not a projection based on the number of patients served having a similar diagnosis or on the number of similar orders or refills for similar drugs.

(4) The entity conducting the audit shall not use extrapolation in calculating the recoupment or penalties for audits unless required by state or federal law or regulations.

(5) Calculations of overpayments must not include dispensing fees unless a prescription was not actually dispensed, the prescriber denied authorization, the prescription dispensed was a medication error by the pharmacy, or the identified overpayment is solely based on an extra dispensing fee.

(6) An entity may not consider any clerical or record-keeping error, such as a typographical error, scrivener's error, or computer error regarding a required document or record as fraud, however such errors may be subject to recoupment.

(7) In the case of errors that have no actual financial harm to the patient or plan, the PBM must not assess any chargebacks. Errors that are a result of the pharmacy failing to comply with a formal corrective action plan may be subject to recovery.

(8) Interest may not accrue during the audit period for either party, beginning with the notice of the audit and ending with the final audit report.

151.65 DOCUMENTATION.

A pharmacy benefit manager shall maintain a procedure to eliminate products from the list of drugs subject to maximum allowable cost pricing in a timely manner in order to remain consistent with changes in the marketplace.

(b) In order to place a prescription drug on a maximum allowable cost list, a pharmacy benefit manager shall ensure that the drug is generally available for purchase by pharmacies in this state from a national or regional wholesaler and is not obsolete.

(c) Each contract between a pharmacy benefit manager and a pharmacy must include a process to appeal, investigate, and resolve disputes regarding maximum allowable cost pricing that includes:

(1) a 15-business day limit on the right to appeal following the initial claim;

(2) a requirement that the appeal be investigated and resolved within seven business days after the appeal is received; and

(3) a requirement that a pharmacy benefit manager provide a reason for any appeal denial and identify the national drug code of a drug that may be purchased by the pharmacy at a price at or below the maximum allowable cost price as determined by the pharmacy benefit manager.
