1.9	Section 1. Minnesota Statutes 2014, section 115A.1310, subdivision 6, is amended to
1.10	read:
1.11	Subd. 6. Computer monitor. "Computer monitor" means an electronic device that
1.12	is a cathode-ray tube or flat panel display primarily intended to display information from a
1.13	central processing unit or the Internet. Computer monitor includes a laptop computer.
1.14	Sec. 2. Minnesota Statutes 2014, section 115A.1310, subdivision 7, is amended to read:
1.15	Subd. 7. Covered electronic device. "Covered electronic device" means computers,
1.16	including tablet computers and laptop computers, peripherals, facsimile machines, DVD
1.17	players, video cassette recorders, and video display devices that are sold to a household by
1.18	means of retail, wholesale, or electronic commerce.
1.19	Sec. 3. Minnesota Statutes 2014, section 115A.1310, is amended by adding a
1.20	subdivision to read:
1.21	Subd. 12a. Portable battery. "Portable battery" means a rechargeable battery
1.22	as defined in section 115A.9157.

Sec. 4. Minnesota Statutes 2014, section 115A.1310, is amended by adding a subdivision to read:

Subd. 12b. Phase I recycling credits. "Phase I recycling credits" means the number of pounds of covered electronic devices recycled by a manufacturer from households during program years one through nine, less the product of the number of pounds of video display devices sold to households during the same program year, multiplied by the proportion of sales a manufacturer is required to recycle.

- Sec. 5. Minnesota Statutes 2014, section 115A.1310, is amended by adding a subdivision to read:
- Subd. 12c. Phase II recycling credits. "Phase II recycling credits" means the number of pounds of covered electronic devices recycled by a manufacturer during a program year beginning July 1, 2019, and thereafter, from households located outside the 11-county metropolitan area, as defined in section 115A.1314, subdivision 2, less the manufacturer's recycling obligation calculated for the same program year in section 115A.1320, subdivision 1, paragraph (g).
- Sec. 6. Minnesota Statutes 2014, section 115A.1310, subdivision 20, is amended to read: 2.16
 - Subd. 20. Video display device. "Video display device" means a television or computer monitor, including a laptop computer, that contains a cathode-ray tube or a flat panel screen with a screen size that is greater than nine inches measured diagonally and that is marketed by manufacturers for use by households. Video display device does not include any of the following:
 - (1) a video display device that is part of a motor vehicle or any component part of a motor vehicle assembled by, or for, a vehicle manufacturer or franchised dealer, including replacement parts for use in a motor vehicle;
 - (2) a video display device, including a touch-screen display, that is functionally or physically part of a larger piece of equipment or is designed and intended for use in an industrial; commercial, including retail; library checkout; traffic control; kiosk; security, other than household security; border control; or medical setting, including diagnostic, monitoring, or control equipment;
 - (3) a video display device that is contained within a clothes washer, clothes dryer, refrigerator, refrigerator and freezer, microwave oven, conventional oven or range, dishwasher, room air conditioner, dehumidifier, or air purifier; or
- (4) a telephone of any type unless it contains a video display area greater than nine 2.33 inches measured diagonally. 2.34

3.2	Sec. 7. Minnesota Statutes 2014, section 115A.1312, subdivision 2, is amended to read
3.3	Subd. 2. Manufacturer's registration. (a) By August 15 each year, a manufacturer
3.4	of video display devices sold or offered for sale to households after September 1, 2007, in
3.5	the state must submit a registration to the agency that includes:
3.6	(1) a list of the manufacturer's brands of video display devices offered for sale in
3.7	this state;
3.8	(2) the name, address, and contact information of a person responsible for ensuring
3.9	compliance with this chapter; and
3.10	(3) a certification that the manufacturer has complied and will continue to comply
3.11	with the requirements of sections 115A.1312 to 115A.1318.
3.12	(b) By September 1, 2008, and each year thereafter, A manufacturer of video display
3.13	devices sold or offered for sale to a household must include in the registration submitted
3.14	under paragraph (a), a statement disclosing whether:
3.15	(1) any video display devices sold to households exceed the maximum concentration
3.16	values established for lead, mercury, cadmium, hexavalent chromium, polybrominated
3.17	biphenyls (PBB's), and polybrominated diphenyl ethers (PBDE's) under the RoHS
3.18	(restricting the use of certain hazardous substances in electrical and electronic equipment)
3.19	Directive 2002/95/EC of the European Parliament and Council and any amendments
3.20	thereto; or
3.21	(2) the manufacturer has received an exemption from one or more of those maximum
3.22	concentration values under the RoHS Directive that has been approved and published by
3.23	the European Commission.
3.24	(c) A manufacturer who begins to sell or offer for sale video display devices to
3.25	households after September 1, 2007 August 15, 2016, and has not filed a registration under
3.26	this subdivision must submit a registration to the agency within ten days of beginning to
3.27	sell or offer for sale video display devices to households.
3.28	(d) A registration must be updated within ten days after a change in the
3.29	manufacturer's brands of video display devices sold or offered for sale to households.
3.30	(e) A registration is effective upon receipt by the agency and is valid until September
3.31	1 of August 15 each year.
3.32	(f) The agency must review each registration and notify the manufacturer of any
3.33	information required by this section that is omitted from the registration. Within 30 days

of receipt of a notification from the agency, the manufacturer must submit a revised

(g) The agency must maintain on its Web site the names of manufacturers and the manufacturers' brands listed in registrations filed with the agency. The agency must update the Web site information promptly upon receipt of a new or updated registration. The Web site must contain prominent language stating, in effect, that sections 115A.1310 to 115A.1330 are directed at household equipment and the manufacturers' brands list is, therefore, not a list of manufacturers qualified to sell to industrial, commercial, or other markets identified as exempt from the requirements of sections 115A.1310 to 115A.1330.

EFFECTIVE DATE. This section is effective July 1, 2016.

Sec. 8. Minnesota Statutes 2014, section 115A.1312, subdivision 3, is amended to read: Subd. 3. Collector's registration. After August 1, 2007, No person may operate as a collector of covered electronic devices from households unless that person has submitted a registration with the agency by July 15 each year on a form prescribed by the commissioner. Registration information must include the name, address, telephone number, and location of the business and a certification that the collector has complied and will continue to comply with the requirements of sections 115A.1312 to 115A.1318 and any regulations adopted by a local government unit for the jurisdiction in which the collector operates. A collector must indicate any end-of-life fees that will be charged at the collection point. A registration is effective upon receipt by the agency and is valid until July 1 of 15 each year.

EFFECTIVE DATE. This section is effective July 1, 2016.

Sec. 9. Minnesota Statutes 2014, section 115A.1312, subdivision 4, is amended to read:

Subd. 4. **Recycler's registration.** After August 1, 2007, No person may recycle video display devices generated by households unless that person has submitted a registration with the agency by July 15 each year on a form prescribed by the commissioner. Registration information must include the name, address, telephone number, and location of all recycling facilities under the direct control of the recycler that may receive video display covered electronic devices from households and a certification that the recycler has complied and will continue to comply with the requirements of sections 115A.1312 to 115A.1318. A registered recycler may must conduct recycling activities that are consistent with this chapter. A registration is effective upon receipt by the agency and is valid until July 1 of 15 each year.

EFFECTIVE DATE. This section is effective July 1, 2016.

Sec. 10. Minnesota Statutes 2015 Supplement, section 115A.1314, subdivision 1, is amended to read:

Subdivision 1. **Registration fee.** (a) Each manufacturer who registers under section 115A.1312 must, by September 1, 2007, and August 15 each year thereafter, pay to the commissioner of revenue an annual registration fee, on a form and in a manner prescribed by the commissioner of revenue. The commissioner of revenue must deposit the fee in the state treasury and credit the fee to the environmental fund.

(b) The registration fee <u>for manufacturers that sell 100 or more video display</u> <u>devices to households in the state during the previous calendar year is equal to a base fee</u> <u>of \$2,500</u>, plus a variable recycling fee. <u>The variable recycling fee is</u> calculated according to the formula:

 $((A \times B) - (C + D)) \times E [A - (B + C)] \times D$, where:

- (1) A = the number of pounds of a manufacturer's video display devices sold to households during the previous program year, as reported to the department the manufacturer's recycling obligation as determined under section 115A.1316, subdivision 115A.1320;
- (2) B = the proportion of sales of video display devices required to be recycled, set at 0.6 for the first program year and 0.8 for the second program year and every year thereafter;
- (3) C = the number of pounds of covered electronic devices recycled by a manufacturer from households during the <u>previous immediately preceding</u> program year, as reported to the <u>department</u> under section 115A.1316, subdivision 1;
- (4) D C = the number of phase I or phase II recycling credits a manufacturer elects to use to calculate the variable recycling fee, as reported to the department under section 115A.1316, subdivision 1; and
- (5) ED = the estimated per-pound cost of recycling, initially set at \$0.50 per pound for manufacturers who recycle less than 50 percent of the product (A x B) manufacturer's recycling obligation; \$0.40 per pound for manufacturers who recycle at least 50 percent but less than 90 percent of the product (A x B) manufacturer's recycling obligation; and \$0.30 per pound for manufacturers who recycle at least 90 percent but less than 100 percent of the product (A x B) manufacturer's recycling obligation; and \$0.00 per pound for manufacturers who recycle 100 percent or more of the manufacturer's recycling obligation.
- (c) A manufacturer may petition the agency to waive the per-pound cost of recycling fee, element D in the formula in paragraph (b), required under this section. The agency shall direct the commissioner of revenue to waive the per-pound cost of recycling fee if the manufacturer demonstrates to the agency's satisfaction a good faith effort to meet its recycling obligation as determined under section 115A.1320. The petition must include:

Sec. 10. 5

REVISOR

6.1	(1) documentation that the manufacturer has met at least 75 percent of its recycling
6.2	obligation as determined under section 115A.1320;
6.3	(2) a list of political subdivisions and public and private collectors with whom the
6.4	manufacturer had a formal contract or agreement in effect during the previous program
6.5	year to recycle or collect covered electronic devices;
6.6	(3) the total amounts of covered electronic devices collected from both within and
6.7	outside of the 11-county metropolitan area, as defined in subdivision 2;
6.8	(4) a description of the manufacturer's best efforts to meet its recycling obligation as
6.9	determined under section 115A.1320; and
6.10	(5) any other information requested by the agency.
6.11	(e) If, as specified in paragraph (b), the term C - (A x B) equals a positive number of
6.12	pounds, that amount is defined as the manufacturer's recycling credits. (d) A manufacturer
6.13	may retain phase I and phase II recycling credits to be added, in whole or in part, to
6.14	the actual value of C, as reported under section 115A.1316, subdivision 2, during any
6.15	succeeding program year, provided that no more than 25 percent of a manufacturer's
6.16	recycling obligation (A x B) for any program year may be met with phase I and phase
6.17	II recycling credits, separately or in combination, generated in a prior program year. A
6.18	manufacturer may sell any portion or all of its phase I and phase II recycling credits to
6.19	another manufacturer, at a price negotiated by the parties, who may use the credits in the
6.20	same manner.
6.21	(d) (e) For the purpose of calculating a manufacturer's variable recycling fee under
6.22	paragraph (b), starting with the program year beginning July 1, 2019, and continuing each
6.23	year thereafter, the weight of covered electronic devices collected from households located
6.24	outside the 11-county metropolitan area, as defined in subdivision 2, paragraph (e) (b), is
6.25	calculated at 1.5 times their actual weight.
6.26	(e) The registration fee for the initial program year and the base registration fee
6.27	thereafter for a manufacturer who produces fewer than 100 video display devices for sale
6.28	annually to households is \$1,250.
6.29	(f) For the ninth program year, the agency shall publish a statewide recycling goal of
6.30	16,000,000 pounds.
6.31	(g) For the ninth program year, the agency shall determine each registered
6.32	manufacturer's market share of video display devices to be collected and recycled based
6.33	on the manufacturer's percentage share of the total weight of video display devices sold
6.34	as reported to the Department for the eighth program year as reported to the agency by
6.35	July 15, 2015. By July 30, 2015, the agency shall provide each manufacturer with a
6.36	determination of its share of video display devices to be collected and recycled, which

households in the eighth program year, divided by the total weight of all manufacturers'
video display devices sold to households in this state based on reporting to the agency for
the eighth program year, then applied proportionally to the statewide recycling goal of
16,000,000 pounds as specified in paragraph (f).
(h) If a manufacturer's obligation for the recycling of video display devices as
determined in paragraph (b), clauses (1) and (2), by weight is higher than the obligation
determined by the agency in paragraph (g), then the higher number is the obligation for
program year nine.
(i) For the ninth program year, a manufacturer that did not report sales data to the
department for the eighth or ninth program years shall be subject to a recycling obligation
that is equal to 80 percent by weight of the manufacturer's video display devices sold
to households.

(3) (ii) an estimate of the total weight of its video display devices sold to households during the previous program calendar year, calculated by multiplying the weight of its video display devices sold nationally times the quotient of Minnesota's population divided by the national population. All manufacturers with sales of 99 or fewer video display devices to households in the state during the previous calendar year must report using the method under this item for calculating sales.

A manufacturer must submit with the report required under this paragraph a description of how the information or estimate was calculated.

- (b) (c) By September 1 of August 15 each year, beginning in 2008, each manufacturer must report to the department until June 30, 2017, and to the agency thereafter, the total weight of covered electronic devices the manufacturer collected from households and recycled or arranged to have collected and recycled during the preceding program year. If a manufacturer wishes to receive the variable recycling rate of 1.5 for eovered electronic devices it recycles, the manufacturer must report separately the total weight of covered electronic devices collected from households located in counties specified in section 115A.1314, subdivision 1, paragraph (d), and those collected from households located outside those counties.
- (e) (d) By September 1 of August 15 each year, beginning in 2008, each manufacturer must report separately to the department until June 30, 2017, and to the agency thereafter:
- (1) the number of <u>phase I and phase II</u> recycling credits the manufacturer has purchased and sold during the preceding program year;
- (2) the number of <u>phase I and phase II</u> recycling credits possessed by the manufacturer that the manufacturer elects to use in the calculation of its variable recycling fee under section 115A.1314, subdivision 1; and
- (3) the number of <u>phase I and phase II</u> recycling credits the manufacturer retains at the beginning of the current program year.
- (e) Upon request of the commissioner of revenue, the agency shall provide a copy of each report to the commissioner of revenue.
- Subd. 2. **Recycler's reporting requirements.** By August 1 of July 15 each year, beginning in 2008, a recycler of covered electronic devices must report to the agency and the department:

manufacturer's recycling obligation. Upon request by the commissioner of revenue, the agency must provide the information submitted to manufacturers under this paragraph to the commissioner of revenue.

- (e) (h) The agency shall provide a report to the governor and the legislature on the implementation of sections 115A.1310 to 115A.1330. For each program year, the report must discuss the total weight of covered electronic devices recycled and a summary of information in the reports submitted by manufacturers and recyclers under section 115A.1316. The report must also discuss the various collection programs used by manufacturers to collect covered electronic devices; information regarding covered electronic devices that are being collected by persons other than registered manufacturers, collectors, and recyclers; and information about covered electronic devices, if any, being disposed of in landfills in this state. The report must examine which covered electronic devices, based on economic and environmental considerations, should be subject to the obligation-setting mechanism under paragraph (g). The report must include a description of enforcement actions under sections 115A.1310 to 115A.1330. The agency may include in its report other information received by the agency regarding the implementation of sections 115A.1312 to 115A.1330. The report must be done in conjunction with the report required under section 115A.121.
- (f) (i) The agency shall promote public participation in the activities regulated under sections 115A.1312 to 115A.1330 through public education and outreach efforts.

The department must use this data to review each manufacturer's annual registration fee submitted to the department to ensure that the fee was calculated accurately according to the formula in section 115A.1314, subdivision 1.

- (b) The <u>department agency</u> must estimate, for each registered manufacturer, the sales of video display devices to households during the previous program year, based on:
- (1) data provided by a manufacturer on sales of video display devices to households, including documentation describing how that amount was calculated and certification that the amount is accurate; or
- (2) if a manufacturer does not provide the data specified in clause (1), national data on sales of video display devices.
- The department must use the data specified in this subdivision to review each manufacturer's annual registration fee submitted to the department to ensure that the fee was calculated accurately according to the formula in section 115A.1314, subdivision 1.

115A.1310 DEFINITIONS.

Subd. 16. **Recycling credits.** "Recycling credits" means the number of pounds of covered electronic devices recycled by a manufacturer from households during a program year, less the product of the number of pounds of video display devices sold to households during the same program year, multiplied by the proportion of sales a manufacturer is required to recycle. The calculation and uses of recycling credits are as specified in section 115A.1314, subdivision 1.
