1.29 department, and it shall be unlawful for the head of any department of the state government

2.16 **16A.065 PREPAY SOFTWARE, SUBSCRIPTIONS, UNITED STATES**
 2.17 **DOCUMENTS.**

2.18 Notwithstanding section 16A.41, subdivision 1, the commissioner may allow an agency
 2.19 to make advance deposits or payments for software or software maintenance services for
 2.20 state-owned or leased electronic data processing equipment, for information technology
 2.21 hosting services, for sole source maintenance agreements where it is not cost-effective to
 2.22 pay in arrears, for exhibit booth space or boat slip rental when required by the renter to
 2.23 guarantee the availability of space, for registration fees where advance payment is required
 2.24 or advance payment discount is provided, ~~and~~ for newspaper, magazine, and other
 2.25 subscription fees, and other costs where advance payment discount is provided or are
 2.26 customarily paid for in advance. The commissioner may also allow advance deposits by
 2.27 any department with the Library of Congress and federal Supervisor of Documents for items
 2.28 to be purchased from those federal agencies.

2.29 Sec. 5. Minnesota Statutes 2016, section 16A.13, subdivision 2a, is amended to read:

2.30 Subd. 2a. **Procedure.** The commissioner shall see that the deduction for the withheld

3.1 one ~~warrant payable~~ payment to the commissioner for the total amount deducted on the
 3.2 abstract. Deductions from the pay of an employee paid direct by an agency shall be made
 3.3 by the employee's payroll authority. A later deduction must correct an error made on an
 3.4 earlier deduction. The paying authority shall see that a ~~warrant or check~~ payment for the
 3.5 deductions is promptly sent to the commissioner. The commissioner shall deposit the amount
 3.6 of the ~~warrant or check~~ payment to the credit of the proper federal authority or other person
 3.7 authorized by federal law to receive it.

3.8 Sec. 6. Minnesota Statutes 2016, section 16A.134, is amended to read:

3.9 **16A.134 CHARITABLE ORGANIZATIONS PAYROLL DEDUCTIONS.**

3.10 An employee's contribution to a registered combined charitable organization defined in

 3.12 the commissioner shall deduct a requested amount from the pay of the employee for each

 3.14 organization.

3.15 Sec. 7. Minnesota Statutes 2016, section 16A.15, subdivision 3, is amended to read:

3.16 Subd. 3. **Allotment and encumbrance.** (a) A payment may not be made without prior
 3.17 obligation. An obligation may not be incurred against any fund, allotment, or appropriation
 3.18 unless the commissioner has certified a sufficient unencumbered balance or the accounting
 3.19 system shows sufficient allotment or encumbrance balance in the fund, allotment, or
 3.20 appropriation to meet it. The commissioner shall determine when the accounting system
 3.21 may be used to incur obligations without the commissioner's certification of a sufficient
 3.22 unencumbered balance. An expenditure or obligation authorized or incurred in violation of
 3.23 this chapter is invalid and ineligible for payment until made valid. A payment made in
 3.24 violation of this chapter is illegal. An employee authorizing or making the payment, or
 3.25 taking part in it, and a person receiving any part of the payment, are jointly and severally
 3.26 liable to the state for the amount paid or received. If an employee knowingly incurs an
 3.27 obligation or authorizes or makes an expenditure in violation of this chapter or takes part
 3.28 in the violation, the violation is just cause for the employee's removal by the appointing
 3.29 authority or by the governor if an appointing authority other than the governor fails to do
 3.30 so. In the latter case, the governor shall give notice of the violation and an opportunity to
 3.31 be heard on it to the employee and to the appointing authority. A claim presented against
 3.32 an appropriation without prior allotment or encumbrance may be made valid on investigation,
 3.33 review, and approval by the agency head in accordance with the commissioner's policy, if

4.1 the services, materials, or supplies to be paid for were actually furnished in good faith
 4.2 without collusion and without intent to defraud. The commissioner may then ~~draw a warrant~~
 4.3 ~~to~~ pay the claim just as properly allotted and encumbered claims are paid.

4.4 (b) The commissioner may approve payment for materials and supplies in excess of the
 4.5 obligation amount when increases are authorized by section 16C.03, subdivision 3.

4.6 (c) To minimize potential construction delay claims, an agency with a project funded
 4.7 by a building appropriation may allow a contractor to proceed with supplemental work
 4.8 within the limits of the appropriation before money is encumbered. Under this circumstance,
 4.9 the agency may requisition funds and allow contractors to expeditiously proceed with a
 4.10 construction sequence. While the contractor is proceeding, the agency shall immediately
 4.11 act to encumber the required funds.

4.12 Sec. 8. Minnesota Statutes 2016, section 16A.17, subdivision 5, is amended to read:

4.13 Subd. 5. **Payroll duties.** When the department prepares the payroll for an agency, the

 4.15 from, or employer contributions on, the pay of the agency's employees and to prepare and
 4.16 issue the necessary ~~warrants~~ payments.

4.17 Sec. 9. Minnesota Statutes 2016, section 16A.272, subdivision 3, is amended to read:

4.18 Subd. 3. **Section ~~7.19~~ 16A.271 to apply.** The provisions of Minnesota Statutes ~~1941,~~
 4.19 section ~~7.19~~ 16A.271, shall apply to deposits of securities made pursuant to this section.

 4.23 commissioner or an electronic fund transfer approved by the commissioner. Warrants must
 4.24 be drawn on printed blanks that are in numerical order. The commissioner shall enter, in
 4.25 numerical order in a ~~warrant~~ payment register, the number, amount, date, and payee for
 4.26 every ~~warrant~~ payment issued.

4.27 The commissioner may require payees to supply their bank routing information to enable
 4.28 the payments to be made through an electronic fund transfer.

5.1 Sec. 11. Minnesota Statutes 2016, section 16A.42, subdivision 2, is amended to read:

5.2 Subd. 2. **Approval.** If the claim is approved, the commissioner shall ~~complete and sign~~
5.3 ~~a warrant~~ issue a payment in the amount of the claim.

5.5 Subd. 4. **Register.** The commissioner shall enter a ~~warrant~~ payment in the ~~warrant~~
5.6 payment register as if it were a cash payment.

5.7 Sec. 13. Minnesota Statutes 2016, section 16A.42, is amended by adding a subdivision to
5.8 read:

5.9 Subd. 5. **Invalid claims.** If the commissioner determines that a claim is invalid after
5.10 issuing a warrant, the commissioner may void an unpaid warrant. The commissioner is not
5.11 liable to any holder who took the void warrant for value.

5.12 Sec. 14. Minnesota Statutes 2016, section 16A.56, is amended to read:

5.13 **16A.56 COMMISSIONER'S RECEIPT AND CLAIM DUTIES.**

5.15 approve them, name the account to be charged or credited, and issue ~~warrants~~ payments to
5.16 pay claims.

5.17 Sec. 15. Minnesota Statutes 2016, section 16A.671, subdivision 1, is amended to read:

5.18 Subdivision 1. **Authority; advisory recommendation.** To ensure that cash is available
5.19 when needed to ~~pay warrants~~ make payments drawn on the general fund under appropriations
5.20 and allotments, the commissioner may (1) issue certificates of indebtedness in anticipation
5.21 of the collection of taxes levied for and other revenues appropriated to the general fund for
5.22 expenditure during each biennium; and (2) issue additional certificates to refund outstanding
5.23 certificates and interest on them, under the Constitution, article XI, section 6.

5.24 Sec. 16. Minnesota Statutes 2016, section 16B.37, subdivision 4, is amended to read:

5.25 Subd. 4. **Work of department for another.** To avoid duplication and improve efficiency,
5.26 the commissioner may direct an agency to do work for another agency or may direct a
5.27 division or section of an agency to do work for another division or section within the same
5.28 agency and shall require reimbursement for the work. Reimbursements received by an
5.29 agency are reappropriated to the account making the original expenditure in accordance

6.1 with the transfer ~~warrant~~ procedure established by the commissioner of management and
6.2 budget.

6.3 Sec. 17. Minnesota Statutes 2016, section 16D.03, subdivision 2, is amended to read:

6.4 Subd. 2. **State agency reports.** State agencies shall report quarterly to the commissioner
6.5 of management and budget the debts owed to them. The commissioner of management and
6.6 budget, ~~in consultation with the commissioners of revenue and human services, and the~~
6.7 ~~attorney general,~~ shall establish internal guidelines for the recognition, tracking, and
6.8 reporting, ~~and collection~~ of debts owed the state. The internal guidelines must include
6.9 accounting standards, performance measurements, and uniform reporting requirements
6.10 applicable to all state agencies. The commissioner of management and budget shall require
6.11 a state agency to recognize, track, report, and attempt to collect debts according to the
6.12 internal guidelines. The commissioner, in consultation with the commissioner of management
6.13 and budget and the attorney general, shall establish internal guidelines for the collection of

6.15 Sec. 18. Minnesota Statutes 2016, section 16D.09, subdivision 1, is amended to read:

6.16 Subdivision 1. **Generally.** When a debt is determined by a state agency to be
6.17 uncollectible, the debt may be written off by the state agency from the state agency's financial
6.18 accounting records and no longer recognized as an account receivable for financial reporting
6.19 purposes. A debt is considered to be uncollectible when (1) all reasonable collection efforts
6.20 have been exhausted, (2) the cost of further collection action will exceed the amount
6.21 recoverable, (3) the debt is legally without merit or cannot be substantiated by evidence,
6.22 (4) the debtor cannot be located, (5) the available assets or income, current or anticipated,
6.23 that may be available for payment of the debt are insufficient, (6) the debt has been

6.28 commissioner of management and budget. The basis for the determination of the

 7.20 employee to continue accruing vacation and sick leave, be eligible for paid holidays and
 7.21 insurance benefits, accrue seniority, and accrue service credit and credited salary in retirement
 7.22 plans as if the employee had actually been employed during the time of leave. An employee
 7.23 covered by the unclassified plan may voluntarily make the employee contributions to the
 7.24 unclassified plan during the leave of absence. If the employee makes these contributions,
 7.25 the appointing authority must make the employer contribution. If the leave of absence is

10.31 budget the following information relating to bonds issued to finance or refinance public

11.1 drainage ditches wholly or partly within the projects, and the collection of assessments

11.2 levied on account of the ditches:

11.3 (1) the amount of principal and interest to become due on the bonds before the next tax
11.4 settlement and distribution;

11.5 (2) the amount of money collected from the drainage assessments and credited to the
11.6 funds of the ditches; and

11.7 (3) the amount of the deficit in the ditch fund of the county chargeable to the ditches.

11.8 (b) On approving the certificate, the commissioner of management and budget shall
11.9 ~~draw a warrant~~ issue a payment, payable out of the fund pertaining to the project, for the
11.10 amount of the deficit in favor of the county.

11.11 (c) As to public drainage ditches wholly within a project, the amount of money paid to
11.12 or for the benefit of the county under paragraph (b) must never exceed the principal and
11.13 interest of the bonds issued to finance or refinance the ditches outstanding at the time of
11.14 the passage and approval of sections 84A.20 to 84A.30, less money on hand in the county
11.15 ditch fund to the credit of the ditches. The liabilities must be reduced from time to time by
11.16 the amount of all payments of assessments after April 25, 1931, made by the owners of
11.17 lands assessed before that date for benefits on account of the ditches.

11.18 (d) As to public drainage ditches partly within and partly outside a project, the amount
11.19 paid from the fund pertaining to the project to or for the benefit of the county must never
11.20 exceed a certain percentage of bonds issued to finance and refinance the ditches so
11.21 outstanding, less money on hand in the county ditch fund to the credit of the ditches on
11.22 April 25, 1931. The percentage must bear the same proportion to the whole amount of these
11.23 bonds as the original benefits assessed against lands within the project bear to the original
11.24 total benefits assessed to the entire system of the ditches. This liability shall be reduced
11.25 from time to time by the payments of all assessments extended after April 25, 1931, made
11.26 by the owners of lands within the project of assessments for benefits assessed before that
11.27 date on account of a ditch.

11.28 (e) The commissioner of management and budget may provide and prescribe forms for
11.29 reports required by sections 84A.20 to 84A.30 and require any additional information from
11.30 county officials that the commissioner of management and budget considers necessary for
11.31 the proper administration of sections 84A.20 to 84A.30.

12.1 Sec. 27. Minnesota Statutes 2016, section 84A.33, subdivision 4, is amended to read:

12.2 Subd. 4. **Ditch bonds; funds; payments to counties.** (a) Upon the approval and
12.3 acceptance of a project and after each distribution of the tax collections for the June and
12.4 November tax settlements, the county auditor shall certify to the commissioner of
12.5 management and budget the following information about bonds issued to finance or refinance
12.6 public drainage ditches wholly or partly within the projects, and the collection of assessments
12.7 levied for the ditches:

12.8 (1) the amount of principal and interest to become due on the bonds before the next tax
12.9 settlement and distribution;

12.10 (2) the amount of money collected from the drainage assessments and credited to the
12.11 funds of the ditches, not already sent to the commissioner of management and budget as
12.12 provided in sections 84A.31 to 84A.42; and

12.13 (3) the amount of the deficit in the ditch fund of the county chargeable to the ditches.

12.14 (b) On approving this certificate of the county auditor, the commissioner of management
12.15 and budget shall ~~draw a warrant~~ issue a payment, payable out of the fund provided for in
12.16 sections 84A.31 to 84A.42, and send it to the county treasurer of the county. These funds
12.17 must be credited to the proper ditch of the county and placed in the ditch bond fund of the
12.18 county, which is created, and used only to pay the ditch bonded indebtedness of the county
12.19 assumed by the state under sections 84A.31 to 84A.42. The total amount of ~~warrants drawn~~
12.20 payments issued must not exceed in any one year the total amount of the deficit provided
12.21 for under this section.

12.22 (c) The state is subrogated to all title, right, interest, or lien of the county in or on the
12.23 lands so certified within these projects.

12.24 (d) As to public drainage ditches wholly within a project, the amount paid to, or for the
12.25 benefit of, the county under this subdivision must never exceed the principal and interest
12.26 of the bonds issued to finance or refinance a ditch outstanding on April 22, 1933, less money
12.27 on hand in the county ditch fund to the credit of a ditch. These liabilities must be reduced
12.28 from time to time by the amount of any payments of assessments extended after April 22,
12.29 1933, made by the owners of lands assessed before that date for benefits on account of the
12.30 ditches.

12.31 As to public drainage ditches partly within and partly outside a project the amount paid
12.32 from the fund pertaining to the project to or for the benefit of the county must never exceed
12.33 a certain percentage of bonds issued to finance and refinance a ditch so outstanding, less

13.1 money on hand in the county ditch fund to the credit of a ditch on April 22, 1932. The
 13.2 percentage must bear the same proportion to the whole amount of the bonds as the original
 13.3 benefits assessed against these lands within the project bear to the original total benefits
 13.4 assessed to the entire system for a ditch. This liability must be reduced from time to time
 13.5 by the payments of all assessments extended after April 22, 1933, made by the owners of
 13.6 lands within the project of assessments for benefits assessed before that date on account of
 13.7 a ditch.

13.8 Sec. 28. Minnesota Statutes 2016, section 84A.40, is amended to read:

13.9 **84A.40 COUNTY MAY ASSUME BONDS.**

13.10 Any county where a project or portion of it is located may voluntarily assume, in the
 13.11 manner specified in this section, the obligation to pay a portion of the principal and interest
 13.12 of the bonds issued before the approval and acceptance of the project and remaining unpaid
 13.13 at maturity, of any school district or town in the county and wholly or partly within the
 13.14 project. The portion must bear the same proportion to the whole of the unpaid principal and
 13.15 interest as the last net tax capacity, before the acceptance of the project, of lands then
 13.16 acquired by the state under sections 84A.31 to 84A.42 in the school districts or towns bears
 13.17 to the total net tax capacity for the same year of the school district or town. This assumption
 13.18 must be evidenced by a resolution of the county board of the county. A copy of the resolution
 13.19 must be certified to the commissioner of management and budget within one year after the
 13.20 acceptance of the project.

13.21 Later, if any of the bonds remains unpaid at maturity, the county board shall, upon
 13.22 demand of the governing body of the school district or town or of a bondholder, provide
 13.23 for the payment of the portion assumed. The county shall levy general taxes on all the taxable
 13.24 property of the county for that purpose, or issue its bonds to raise the sum needed, conforming
 13.25 to law respecting the issuance of county refunding bonds. The proceeds of taxes or bonds
 13.26 must be paid by the county treasurer to the treasurer of the school district or town. No
 13.27 payments shall be made by the county to the school district or town until the money in the
 13.28 treasury of the school district or town, together with the money to be paid by the county, is
 13.29 sufficient to pay in full each of the bonds as it becomes due.

13.30 If a county fails to adopt and certify the resolution, the commissioner of management
 13.31 and budget shall withhold from the payments to be made to the county under section 84A.32
 13.32 a sum equal to that portion of the principal and interest of the outstanding bonds that bears
 13.33 the same proportion to the whole of the bonds as the above determined net tax capacity of
 13.34 lands acquired by the state within the project bears to the total net tax capacity for the same

14.1 year of the school district or town. Money withheld from the county must be set aside in
 14.2 the state treasury and not paid to the county until the full principal and interest of the school
 14.3 district and town bonds have been paid.

14.4 If any bonds remain unpaid at maturity, upon the demand of the governing body of the
 14.5 school district or town, or a bondholder, the commissioner of management and budget shall
 14.6 issue to the treasurer of the school district or town a ~~warrant~~ payment for that portion of the
 14.7 past due principal and interest computed as in the case of the county's liability authorized
 14.8 in this section to be voluntarily assumed. Money received by a school district or town under
 14.9 this section must be applied to the payment of past-due bonds and interest.

14.10 Sec. 29. Minnesota Statutes 2016, section 84A.52, is amended to read:

 14.13 counties within a game preserve, area, or project established under section 84A.01, 84A.20,
 14.14 or 84A.31, the state auditor shall segregate the audit of the accounts reflecting the receipt
 14.15 and disbursement of money collected or disbursed under this chapter or from the sale of
 14.16 tax-forfeited lands held by the state under section 84A.07, 84A.26, or 84A.36. The auditor
 14.17 shall also include in the reports required by section 6.481 summary statements as of
 14.18 December 31 before the examination that set forth the proportionate amount of principal
 14.19 and interest due from the state to the individual county and any money due the state from
 14.20 the county remaining unpaid under this chapter, or from the sale of any tax-forfeited lands
 14.21 referred to in this section, and other information required by the commissioner of management
 14.22 and budget. On receiving a report, the commissioner of management and budget shall
 14.23 determine the net amount due to the county for the period covered by the report and shall
 14.24 ~~draw a warrant~~ issue a payment upon the state treasury payable out of the consolidated fund
 14.25 for that amount. It must be paid to and received by the county as payment in full of all
 14.26 amounts due for the period stated on the ~~warrants~~ payments from the state under any
 14.27 provision of this chapter.

14.28 Money to ~~pay the warrants~~ make the payments is appropriated to the counties entitled

 30.6 shall be affixed electronically and no signature by the treasurer will be required. The actual
 30.7 payment method must be arranged in advance between the submitter and the receiving

 30.12 of the application, the taxpayer may bring an action in Tax Court in the county in which
 30.13 the tax was paid at any time after the expiration of six months from the time that the
 30.14 application was submitted. A denial of refund may be appealed within 60 days from the

 30.21 by the court, the county treasurer of each county that actually received a portion of the tax
 30.22 shall immediately pay a proportionate share of three percent of the refund using any available

 31.4 or counties entitled in the ratio that the estimated market value of the real property covered

 31.13 collects money from the mortgagor to remit the tax on behalf of the mortgagor, the mortgagee
 31.14 has a fiduciary duty to remit the tax on behalf of the mortgagor as to the amount of the tax
 31.15 collected for that purpose and the mortgagor is relieved of any further obligation to pay the
 31.16 tax as to the amount collected by the mortgagee for this purpose.

 31.25 to the total amount of the surcharge on the premiums collected within that city since the
 31.26 previous payment.

31.27 (c) The treasurer of the city shall place the money received under this subdivision in a
 31.28 special account or fund to defray all or a portion of the employer contribution requirement
 31.29 of public employees police and fire plan coverage for city firefighters.

 32.8 thereafter until notified by the bureau that such suspension has been released by the

 32.14 first Monday of October, in each year, shall issue a warrant payment to the several claimants
 32.15 for the amount to which each is entitled; but, if the aggregate of compensation due to all
 32.16 such claimants shall exceed the appropriation therefor, the commissioner shall distribute

 32.26 to the funds of the department making the payment, the sum deducted, or the part of it
 32.27 required to adjust the deductions, must be refunded to the department or institution if the
 32.28 department applies for the refund on a form furnished by the director. The department's

34.1 covering a refund of accumulated contributions in the retirement fund, in the absence of
 34.2 probate proceedings the commissioner of management and budget's ~~warrant~~ payment may

 34.5 be paid to the last designated beneficiary. Payments made under this subdivision are a bar
 34.6 to recovery by any other person or persons.

34.20 Sec. 71. Minnesota Statutes 2016, section 353.27, subdivision 7, is amended to read:

34.21 Subd. 7. **Adjustment for erroneous receipts or disbursements.** (a) Except as provided
 34.22 in paragraph (b), erroneous employee deductions and erroneous employer contributions and
 34.23 additional employer contributions to the general employees retirement plan of the Public
 34.24 Employees Retirement Association or to the public employees police and fire retirement
 34.25 plan for a person who otherwise does not qualify for membership under this chapter, are
 34.26 considered:

34.27 (1) valid if the initial erroneous deduction began before January 1, 1990. Upon
 34.28 determination of the error by the association, the person may continue membership in the
 34.29 association while employed in the same position for which erroneous deductions were taken,
 34.30 or file a written election to terminate membership and apply for a refund upon termination
 34.31 of public service or defer an annuity under section 353.34; or

34.32 (2) invalid, if the initial erroneous employee deduction began on or after January 1,
 34.33 1990. Upon determination of the error, the association shall refund all erroneous employee

35.1 deductions and all erroneous employer contributions as specified in paragraph (e). No person
35.2 may claim a right to continued or past membership in the association based on erroneous
35.3 deductions which began on or after January 1, 1990.

35.4 (b) Erroneous deductions taken from the salary of a person who did not qualify for
35.5 membership in the general employees retirement plan of the Public Employees Retirement
35.6 Association or in the public employees police and fire retirement plan by virtue of concurrent
35.7 employment before July 1, 1978, which required contributions to another retirement fund
35.8 or relief association established for the benefit of officers and employees of a governmental
35.9 subdivision, are invalid. Upon discovery of the error, allowable service credit for all invalid
35.10 service is forfeited and, upon termination of public service, the association shall refund all
35.11 erroneous employee deductions to the person, with interest as determined under section
35.12 353.34, subdivision 2, and all erroneous employer contributions without interest to the
35.13 employer. This paragraph has both retroactive and prospective application.

35.14 (c) Adjustments to correct employer contributions and employee deductions taken in
35.15 error from amounts which are not salary under section 353.01, subdivision 10, must be
35.16 made as specified in paragraph (e). The period of adjustment must be limited to the fiscal
35.17 year in which the error is discovered by the association and the immediate two preceding
35.18 fiscal years.

35.19 (d) If there is evidence of fraud or other misconduct on the part of the employee or the
35.20 employer, the board of trustees may authorize adjustments to the account of a member or
35.21 former member to correct erroneous employee deductions and employer contributions on
35.22 invalid salary and the recovery of any overpayments for a period longer than provided for
35.23 under paragraph (c).

35.24 (e) Upon discovery of the receipt of erroneous employee deductions and employer
35.25 contributions under paragraph (a), clause (2), or paragraph (c), the association must require
35.26 the employer to discontinue the erroneous employee deductions and erroneous employer
35.27 contributions reported on behalf of a member. Upon discontinuation, the association must:

35.28 (1) for a member, provide a refund in the amount of the invalid employee deductions
35.29 with interest on the invalid employee deductions at the rate specified under section 353.34,
35.30 subdivision 2, from the received date of each invalid salary transaction through the date the
35.31 credit or refund is made;

35.32 (2) for a former member who:

35.33 (i) is not receiving a retirement annuity or benefit, return the erroneous employee
35.34 deductions to the former member through a refund with interest at the rate specified under

36.1 section 353.34, subdivision 2, from the received date of each invalid salary transaction
36.2 through the date the credit or refund is made; or

36.3 (ii) is receiving a retirement annuity or disability benefit, or a person who is receiving
36.4 an optional annuity or survivor benefit, for whom it has been determined an overpayment
36.5 must be recovered, adjust the payment amount and recover the overpayments as provided
36.6 under this section; and

36.7 (3) return the invalid employer contributions reported on behalf of a member or former
36.8 member to the employer by providing a credit against future contributions payable by the
36.9 employer.

36.10 (f) In the event that a salary ~~warrant or check~~ payment from which a deduction for the
36.11 retirement fund was taken has been canceled or the amount of the ~~warrant or check~~ payment
36.12 returned to the funds of the department making the payment, a refund of the sum deducted,
36.13 or any portion of it that is required to adjust the deductions, must be made to the department
36.14 or institution.

36.15 (g) If the association discovers that a retirement annuity, survivor benefit, or disability
36.16 benefit has been incorrectly calculated by using invalid service or salary, or due to any
36.17 erroneous calculation procedure, the association must recalculate the annuity or benefit
36.18 payable and begin payment of the corrected annuity or benefit effective the first of the month
36.19 following discovery of the error. Any overpayment resulting from the incorrect calculation
36.20 must be recovered as provided under subdivision 7b, if the accrual date, or any adjustment
36.21 in the amount of the annuity or benefit calculated after the accrual date, except adjustments
36.22 required under section 353.656, subdivision 4, falls within the current fiscal year and the
36.23 two immediate previous fiscal years.

36.24 (h) Notwithstanding the provisions of this subdivision, the association may apply the
36.25 Revenue Procedures defined in the federal Internal Revenue Service Employee Plans
36.26 Compliance Resolution System and not issue a refund of erroneous employee deductions
36.27 and employer contributions or not recover a small overpayment of benefits if the cost to
36.28 correct the error would exceed the amount of the member refund or overpayment.

36.29 (i) Any fees or penalties assessed by the federal Internal Revenue Service for any failure
36.30 by an employer to follow the statutory requirements for reporting eligible members and
36.31 salary must be paid by the employer.

37.1 Sec. 72. Minnesota Statutes 2016, section 354.42, subdivision 7, is amended to read:

37.2 Subd. 7. **Erroneous salary deductions or direct payments.** (a) Any deductions taken
37.3 from the salary of an employee for the retirement fund in excess of amounts required must
37.4 be refunded to the employee upon the discovery of the error and after the verification of
37.5 the error by the employing unit making the deduction. The corresponding excess employer
37.6 contribution and excess additional employer contribution amounts attributable to the
37.7 erroneous salary deduction must be refunded to the employing unit.

37.8 (b) If salary deductions and employer contributions were erroneously transmitted to the
37.9 retirement fund and should have been transmitted to the plan covered by chapter 352D,
37.10 353D, 354B, or 354D, the executive director must transfer these salary deductions and
37.11 employer contributions to the account of the appropriate person under the applicable plan.
37.12 The transfer to the applicable defined contribution plan account must include interest at the
37.13 rate of 0.71 percent per month, compounded annually, from the first day of the month
37.14 following the month in which coverage should have commenced in the defined contribution
37.15 plan until the end of the month in which the transfer occurs.

37.16 (c) A potential transfer under paragraph (b) that would cause the plan to fail to be a
37.17 qualified plan under section 401(a) of the Internal Revenue Code, as amended, must not be
37.18 made by the executive director. Within 30 days after being notified by the Teachers
37.19 Retirement Association of an unmade potential transfer under this paragraph, the employer
37.20 of the affected person must transmit an amount representing the applicable salary deductions
37.21 and employer contributions, without interest, to the account of the applicable person under
37.22 the appropriate plan. The retirement association must provide a credit for the amount of the
37.23 erroneous salary deductions and employer contributions against future contributions from
37.24 the employer.

37.25 (d) If a salary ~~warrant or check~~ payment from which a deduction for the retirement fund
37.26 was taken has been canceled or the amount of the ~~warrant or if a check~~ payment has been
37.27 returned to the funds of the employing unit making the payment, a refund of the amount
37.28 deducted, or any portion of it that is required to adjust the salary deductions, must be made
37.29 to the employing unit.

37.30 (e) Erroneous direct payments of member-paid contributions or erroneous salary
37.31 deductions that were not refunded during the regular payroll cycle processing must be
37.32 refunded to the member, plus interest computed using the rate and method specified in
37.33 section 354.49, subdivision 2.

38.1 (f) Any refund under this subdivision that would cause the plan to fail to be a qualified
38.2 plan under section 401(a) of the Internal Revenue Code, as amended, may not be refunded
38.3 and instead must be credited against future contributions payable by the employer. The
38.4 employer is responsible for refunding to the applicable employee any amount that was
38.5 erroneously deducted from the salary of the employee, with interest as specified in paragraph
38.6 (e).

38.7 (g) If erroneous employee deductions and employer contributions are caused by an error
38.8 in plan coverage involving the plan and any other plan specified in section 356.99, that
38.9 section applies.

38.10 Sec. 73. Minnesota Statutes 2016, section 354.52, subdivision 4, is amended to read:

38.11 Subd. 4. **Reporting and remittance requirements.** An employer shall remit all amounts
38.12 due to the association and furnish a statement indicating the amount due and transmitted
38.13 with any other information required by the executive director. If an amount due is not
38.14 received by the association within 14 calendar days of the payroll ~~warrant~~payment, the
38.15 amount accrues interest at an annual rate of 8.5 percent compounded annually from the due
38.16 date until the amount is received by the association. All amounts due and other employer
38.17 obligations not remitted within 60 days of notification by the association must be certified
38.18 to the commissioner of management and budget who shall deduct the amount from any state
38.19 aid or appropriation amount applicable to the employing unit.

38.21 Subd. 4b. **Payroll cycle reporting requirements.** An employing unit shall provide the
38.22 following data to the association for payroll ~~warrants~~payments on an ongoing basis within
38.23 14 calendar days after the date of the payroll ~~warrant~~payments in a format prescribed by
38.24 the executive director:

38.25 (1) association member number;

38.26 (2) employer-assigned employee number;

38.27 (3) Social Security number;

38.30 deduction was made;

38.31 (6) reason for payment;

39.1 (7) the beginning and ending dates of the payroll period covered and the date of actual
39.2 payment;

39.9 Subdivision 1. **Certified statements; determinations; adjustments.** Within 60 days
39.10 of the end of each calendar quarter, participating counties which have received the payments
39.11 authorized by section 401.14 shall submit to the commissioner certified statements detailing
39.12 the amounts expended and costs incurred in furnishing the correctional services provided
39.13 in sections 401.01 to 401.16. Upon receipt of certified statements, the commissioner shall,
39.14 in the manner provided in sections 401.10 and 401.12, determine the amount each
39.15 participating county is entitled to receive, making any adjustments necessary to rectify any
39.16 disparity between the amounts received pursuant to the estimate provided in section 401.14
39.17 and the amounts actually expended. If the amount received pursuant to the estimate is greater
39.18 than the amount actually expended during the quarter, the commissioner may withhold the
39.19 difference from any subsequent monthly payments made pursuant to section 401.14. Upon

39.30 information provided, the authority shall notify the commissioner of the potential default.
39.31 The notice must include a final figure as to the amount due that the governmental unit will
39.32 be unable to repay on the date due.

40.1 (b) Upon receipt of this notice from the authority, the commissioner shall issue a ~~warrant~~
 40.2 payment and authorize the authority to pay to the bond holders or paying agent for the debt
 40.3 obligation the specified amount on or before the date due. The amounts needed for the
 40.4 purposes of this subdivision are annually appropriated to the authority from the general
 40.5 fund.

40.6 Sec. 77. Minnesota Statutes 2016, section 446A.16, subdivision 1, is amended to read:

41.7 herein required, the paying agent may report the amount of the deficiency to the
41.8 commissioner of management and budget, who shall forthwith grant a loan to the issuer for
41.9 this amount plus interest to accrue thereon for one month at the rate represented by the
41.10 coupons then due, and the loan shall be certified and remitted as provided above. The paying
41.11 agent may advance its own funds for the payment of any guaranteed bonds and interest due
41.12 for which it has not received sufficient funds from the municipality, and may contract with
41.13 the municipality to make such advances, and shall be entitled to reimbursement therefor
41.14 from the proceeds of the loan, with interest at the rate represented by the coupons due. The
