RESOLUTION No. 17—S. F. No. 1227

*A joint resolution memorializing Congress for the adoption of a pending measure for the relief of landowners burdened by drainage assessments.*

WHEREAS, under present agricultural conditions, the demand upon landowners for the payment of interest and installments of principal upon drainage assessments aggravates existing financial depression in agricultural areas, and a bill now pending in Congress, house file 14116, senate file 4689, contemplates the creation of a revolving fund from which the secretary of the interior is authorized to loan to counties and other drainage districts the amount of their outstanding bonds, to be repaid at the end of forty years without interest, thereby relieving landowners of the burden of present payment of these obligations ;

RESOLVED, that the legislature of the State of Minnesota hereby urges upon the Congress of the United States the early passage of this pending measure as a measure of needed relief from existing agricultural depression.

Approved April 20, 1929.
