system of the adjoining state, the commissioner may enter into agreements with the authorities of such adjoining state providing for such connecting highway to be constructed or improved under and as part of the trunk highway construction contract. Such connector highway shall connect with the trunk highway at the state boundary and shall not exceed one mile in length. The entire cost of constructing or improving the connector highway, including engineering costs and expenses, planning and designing expenses, and any other expenses attributable to such connector highway, shall be paid by the adjoining state, and the manner and time of such payment shall be specified in the agreement.

Sec. 2. [Subd. 2.] The commissioner, in the interest of construction economy, may enter into agreements with the authorities of an adjoining state providing that the adjoining state construct or improve a segment of a Minnesota trunk highway route in conjunction with a construction project of the adjoining state so as to connect or improve the connection of the Minnesota trunk highway route with the highway system of such adjoining state at their common boundary. Such segment of the Minnesota trunk highway route to be constructed or improved by the adjoining state shall not exceed one mile in length. The cost of construction or improvement of such segment, including costs of planning and design and equitable engineering costs and expenses attributable to such segment, shall be paid from the trunk highway fund.

Sec. 3. [Subd. 3.] There is appropriated out of the trunk highway fund from money not otherwise appropriated a sufficient sum of money to carry out the provisions of sections 1 and 2.

Approved May 3, 1963.
