Otherwise the commission shall conduct its hearing and may by order designate an area as in need of orderly annexation. In determining the area in need of orderly annexation, the commission shall consider the factors set forth in subdivision 4 of this section insofar as applicable. Thereafter, annexations within*

The petition shall be denied if the commission finds that the increase in revenues for the annexing municipality bears no reasonable relation to the monetary value of benefits conferred upon the annexed area. The annexation may be denied if it appears that annexation of all or a part of the property to an adjacent municipality would better serve the interests of the residents of the property. The commission may alter the boundaries of the proposed annexation so as to include that property within the designated area which is in need of municipal services or will be in need of municipal services within a reasonable time.*

**Subd. 4. Differential taxation.** *The commission shall provide that the mill levy of the annexing municipality on the area annexed shall be increased in substantially equal proportions over a period of years, not less than three nor more than five, to equality with the mill levy on the property already within the municipality, such period to be determined by the Commission on the basis of the period reasonably required effectively to provide full municipal services to the annexed area.*

The petition or resolution shall also contain a statement explaining the reasons for requesting the consolidation and the names of all parties entitled to mailed notice under section 19. The party initiating the proceeding shall serve copies of the petition or resolution on all of the included municipalities.*

If the most populous of the included municipalities is a city, the new municipality shall be governed by its home rule charter or the statutory form under which it is governed except that any ward system for the election of councilmen shall be inoperable. The ordinances of all of the included municipalities shall continue in effect within their former boundaries until repealed by the governing body of the new municipality.*

*Notwithstanding any other provision of law to the contrary, the commission may in its order establish a ward system in the new municipality, in which event it shall establish not less than three nor more than seven wards, each of which shall elect one councilman. If the tract ~~adjoins~~ *abuts* more than one township, it shall become a part of each township, being divided by projecting through it the boundary line between the townships. The detached area may be relieved of the primary responsibility for existing indebtedness of the municipality and be required to assume the indebtedness of the township of which it becomes a part, in such proportion as the commission shall deem just and equitable having in view the amount of taxes due and delinquent and the indebtedness of each township and the municipality affected, if any, and for what purpose the same was incurred, all in relation to the benefit inuring to the detached area as a result of the indebtedness

The appeal shall be taken in the district court in the county in which the majority of the area *affected* is located. The appeal shall not stay the effect of the order.

If the court shall determine that the action of the commission involved is unlawful or unreasonable or is not warranted by the evidence in case an issue of fact is involved, the court may vacate or suspend the action of the commission involved, in whole or in part, as the case may require, and thereupon the matter shall be remanded to the commission for further action in conformity with the decision of the court.

To render a review of a *commission order* effectual, the aggrieved person shall file with the clerk of the district court of the county wherein the majority of the area is located, within 30 days of such order, an application for review together with the grounds upon which the review is sought.
