 - Sec. 7. Minnesota Statutes 2016, section 256B.0625, is amended by adding a subdivision to read:
- Subd. 65. Outpatient mental health services. Medical assistance covers diagnostic assessment, explanation of findings, and psychotherapy according to Minnesota Rules, part 9505.0372, when the mental health services are performed by a mental health practitioner working as a clinical trainee according to section 245.462, subdivision 17, paragraph (g).
 - Sec. 8. Minnesota Statutes 2017 Supplement, section 256B.0943, subdivision 1, is amended to read:
- Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given them.
- (a) "Children's therapeutic services and supports" means the flexible package of mental health services for children who require varying therapeutic and rehabilitative levels of intervention to treat a diagnosed emotional disturbance, as defined in section 245.4871, subdivision 15, or a diagnosed mental illness, as defined in section 245.462, subdivision 20. The services are time-limited interventions that are delivered using various treatment modalities and combinations of services designed to reach treatment outcomes identified in the individual treatment plan.

- (b) "Clinical supervision" means the overall responsibility of the mental health professional for the control and direction of individualized treatment planning, service delivery, and treatment review for each client. A mental health professional who is an enrolled Minnesota health care program provider accepts full professional responsibility for a supervisee's actions and decisions, instructs the supervisee in the supervisee's work, and oversees or directs the supervisee's work.
- (c) "Clinical trainee" means a mental health practitioner who meets the qualifications specified in Minnesota Rules, part 9505.0371, subpart 5, item C.
- (d) "Crisis assistance" has the meaning given in section 245.4871, subdivision 9a. Crisis assistance entails the development of a written plan to assist a child's family to contend with a potential crisis and is distinct from the immediate provision of crisis intervention services.
- (e) "Culturally competent provider" means a provider who understands and can utilize to a client's benefit the client's culture when providing services to the client. A provider may be culturally competent because the provider is of the same cultural or ethnic group as the client or the provider has developed the knowledge and skills through training and experience to provide services to culturally diverse clients.
- (f) "Day treatment program" for children means a site-based structured mental health program consisting of psychotherapy for three or more individuals and individual or group skills training provided by a multidisciplinary team, under the clinical supervision of a mental health professional.
 - (g) "Diagnostic assessment" has the meaning given in Minnesota Rules, part 9505.0372, subpart 1.
- (h) "Direct service time" means the time that a mental health professional, clinical trainee, mental health practitioner, or mental health behavioral aide spends face-to-face with a client and the client's family or providing covered telemedicine services. Direct service time includes time in which the provider obtains a client's history, develops a client's treatment plan, records individual treatment outcomes, or provides service components of children's therapeutic services and supports. Direct service time does not include time doing work before and after providing direct services, including scheduling or maintaining clinical records.
- (i) "Direction of mental health behavioral aide" means the activities of a mental health professional or mental health practitioner in guiding the mental health behavioral aide in providing services to a client. The direction of a mental health behavioral aide must be based on the client's individualized treatment plan and meet the requirements in subdivision 6, paragraph (b), clause (5).
 - (j) "Emotional disturbance" has the meaning given in section 245.4871, subdivision 15.
- (k) "Individual behavioral plan" means a plan of intervention, treatment, and services for a child written by a mental health professional or mental health practitioner, under the clinical supervision of a mental health professional, to guide the work of the mental health behavioral aide. The individual behavioral plan may be incorporated into the child's individual treatment plan so long as the behavioral plan is separately communicable to the mental health behavioral aide.
 - (l) "Individual treatment plan" has the meaning given in Minnesota Rules, part 9505.0371, subpart 7.
- (m) "Mental health behavioral aide services" means medically necessary one-on-one activities performed by a trained paraprofessional qualified as provided in subdivision 7, paragraph (b), clause (3), to assist a child retain or generalize psychosocial skills as previously trained by a mental health professional or mental health practitioner and as described in the child's individual treatment plan and individual behavior plan. Activities involve working directly with the child or child's family as provided in subdivision 9, paragraph (b), clause (4).
- (n) "Mental health practitioner" means an individual as defined in Minnesota Rules, part 9505.0371, subpart 5, item B, has the meaning given in section 245.462, subdivision 17, except that a practitioner working in a day treatment setting may be exempt from the 2,000-hour supervised experience requirement if the day treatment provider delivers 40 hours of training to the practitioner within six months of employment

and the practitioner receives weekly clinical supervision from a mental health professional until the practitioner meets the 2,000 hours of supervised experience. qualify as a mental health practitioner if the practitioner holds a bachelor's degree in one of the behavioral sciences or related fields from an accredited college or university, and: (1) has at least 2,000 hours of clinically supervised experience in the delivery of mental health services to clients with mental illness; (2) is fluent in the language, other than English, of the cultural group that makes up at least 50 percent of the practitioner's clients, completes 40 hours of training on the delivery of services to clients with mental illness, and receives clinical supervision from a mental health professional at least once per week until meeting the required 2,000 hours of supervised experience; or (3) receives 40 hours of training on the delivery of services to clients with mental illness within six months of employment, and clinical supervision from a mental health professional at least once per week until meeting the required 2,000 hours of supervised experience.

- (o) "Mental health professional" means an individual as defined in Minnesota Rules, part 9505.0370, subpart 18.
 - (p) "Mental health service plan development" includes:
- (1) the development, review, and revision of a child's individual treatment plan, as provided in Minnesota Rules, part 9505.0371, subpart 7, including involvement of the client or client's parents, primary caregiver, or other person authorized to consent to mental health services for the client, and including arrangement of treatment and support activities specified in the individual treatment plan; and
- (2) administering standardized outcome measurement instruments, determined and updated by the commissioner, as periodically needed to evaluate the effectiveness of treatment for children receiving clinical services and reporting outcome measures, as required by the commissioner.
- (q) "Mental illness," for persons at least age 18 but under age 21, has the meaning given in section 245.462, subdivision 20, paragraph (a).
- (r) "Psychotherapy" means the treatment of mental or emotional disorders or maladjustment by psychological means. Psychotherapy may be provided in many modalities in accordance with Minnesota Rules, part 9505.0372, subpart 6, including patient and/or family psychotherapy; family psychotherapy; psychotherapy for crisis; group psychotherapy; or multiple-family psychotherapy. Beginning with the American Medical Association's Current Procedural Terminology, standard edition, 2014, the procedure "individual psychotherapy" is replaced with "patient and/or family psychotherapy," a substantive change that permits the therapist to work with the client's family without the client present to obtain information about the client or to explain the client's treatment plan to the family. Psychotherapy is appropriate for crisis response when a child has become dysregulated or experienced new trauma since the diagnostic assessment was completed and needs psychotherapy to address issues not currently included in the child's individual treatment plan.
- (s) "Rehabilitative services" or "psychiatric rehabilitation services" means a series or multidisciplinary combination of psychiatric and psychosocial interventions to: (1) restore a child or adolescent to an age-appropriate developmental trajectory that had been disrupted by a psychiatric illness; or (2) enable the child to self-monitor, compensate for, cope with, counteract, or replace psychosocial skills deficits or maladaptive skills acquired over the course of a psychiatric illness. Psychiatric rehabilitation services for children combine psychotherapy to address internal psychological, emotional, and intellectual processing deficits, and skills training to restore personal and social functioning. Psychiatric rehabilitation services establish a progressive series of goals with each achievement building upon a prior achievement. Continuing progress toward goals is expected, and rehabilitative potential ceases when successive improvement is not observable over a period of time.
- (t) "Skills training" means individual, family, or group training, delivered by or under the supervision of a mental health professional, designed to facilitate the acquisition of psychosocial skills that are medically necessary to rehabilitate the child to an age-appropriate developmental trajectory heretofore disrupted by a

psychiatric illness or to enable the child to self-monitor, compensate for, cope with, counteract, or replace skills deficits or maladaptive skills acquired over the course of a psychiatric illness. Skills training is subject to the service delivery requirements under subdivision 9, paragraph (b), clause (2).

- Sec. 9. Minnesota Statutes 2016, section 256B.0944, subdivision 7, is amended to read:
- Subd. 7. **Crisis stabilization services.** Crisis stabilization services must be provided by a mental health professional or a mental health practitioner, as defined in section 245.462, subdivision 17, who works under the clinical supervision of a mental health professional and for a crisis stabilization services provider entity and must meet the following standards:
 - (1) a crisis stabilization treatment plan must be developed which meets the criteria in subdivision 8;
- (2) services must be delivered according to the treatment plan and include face-to-face contact with the recipient by qualified staff for further assessment, help with referrals, updating the crisis stabilization treatment plan, supportive counseling, skills training, and collaboration with other service providers in the community; and
- (3) mental health practitioners must have completed at least 30 hours of training in crisis intervention and stabilization during the past two years.
 - Sec. 10. Minnesota Statutes 2016, section 256B.0946, subdivision 1a, is amended to read:
- Subd. 1a. **Definitions.** For the purposes of this section, the following terms have the meanings given them.
