Subdivision 1. <u>Total Appropriation</u>	\$	<u>127,837,000</u>	\$	<u>557,000</u>
--	-----------	---------------------------	-----------	-----------------------

This appropriation is from the outdoor heritage fund. The amounts that may be spent for each purpose are specified in the following subdivisions.

Subd. 2. <u>Prairies</u>		<u>42,784,000</u>		<u>-0-</u>
---------------------------------	--	--------------------------	--	-------------------

(a) DNR Wildlife Management Area and Scientific and Natural Area Acquisition, Phase XIII

\$1,948,000 the first year is to the commissioner of natural resources to acquire in fee and restore and

enhance lands for wildlife management under Minnesota Statutes, section 86A.05, subdivision 8, and to acquire land in fee for scientific and natural area purposes under Minnesota Statutes, section 86A.05, subdivision 5. Subject to evaluation criteria in Minnesota Rules, part 6136.0900, priority must be given to acquiring lands that are eligible for the native prairie bank under Minnesota Statutes, section 84.96, or lands adjacent to protected native prairie. A list of proposed land acquisitions must be provided as part of the required accomplishment plan.

(b) Accelerating Wildlife Management Area Program, Phase XIII

\$4,715,000 the first year is to the commissioner of natural resources for an agreement with Pheasants Forever to acquire in fee and restore and enhance lands for wildlife management under Minnesota Statutes, section 86A.05, subdivision 8. Subject to evaluation criteria in Minnesota Rules, part 6136.0900, priority must be given to acquiring lands that are eligible for the native prairie bank under Minnesota Statutes, section 84.96, or lands adjacent to protected native prairie. A list of proposed land acquisitions must be provided as part of the required accomplishment plan.

(c) Minnesota Prairie Recovery Project, Phase XI

\$2,794,000 the first year is to the commissioner of natural resources for an agreement with The Nature Conservancy to acquire land in fee and restore and enhance native prairie, grasslands, wetlands, and savanna. Subject to evaluation criteria in Minnesota Rules, part 6136.0900, priority must be given to acquiring lands that are eligible for the native prairie bank under Minnesota Statutes, section 84.96, or lands adjacent to protected native prairie. Annual income statements and balance sheets for income and expenses from land acquired with this appropriation must be submitted to the Lessard-Sams Outdoor Heritage Council no later than 180 days after The Nature Conservancy's fiscal year closes. A list of proposed land acquisitions must be provided as part of the required accomplishment plan. Land acquisitions must be consistent with the priorities identified in the Minnesota Prairie Conservation Plan.

**(d) Northern Tallgrass Prairie National Wildlife Refuge
Land Acquisition, Phase XII**

\$3,280,000 the first year is to the commissioner of natural resources for an agreement with The Nature Conservancy, in cooperation with the United States Fish and Wildlife Service, to acquire land in fee or permanent conservation easements and restore and enhance lands in the Northern Tallgrass Prairie Habitat Preservation Area in western Minnesota for addition to the Northern Tallgrass Prairie National Wildlife Refuge. Subject to evaluation criteria in Minnesota Rules, part 6136.0900, priority must be given to acquiring lands that are eligible for the native prairie bank under Minnesota Statutes, section 84.96, or lands adjacent to protected native prairie. A list of proposed land acquisitions must be provided as part of the required accomplishment plan. Land acquisitions must be consistent with the priorities in the Minnesota Prairie Conservation Plan.

(e) Cannon River Watershed Habitat Complex, Phase X

\$2,623,000 the first year is to the commissioner of natural resources for an agreement with The Trust for Public Land, in cooperation with Great River Greening and the Cannon River Watershed Partnership, to acquire land in fee in the Cannon River watershed for wildlife management under Minnesota Statutes, section 86A.05, subdivision 8; to acquire land in fee for aquatic management purposes under Minnesota Statutes, section 86A.05, subdivision 14; to acquire land in fee for scientific and natural areas under Minnesota Statutes, section 86A.05, subdivision 5; to acquire land in fee for state forests under Minnesota Statutes, section 86A.05, subdivision 7, and county forests; and to restore and enhance lands in the Cannon River watershed. Of this amount, \$1,784,000 is to The Trust for Public Land; \$687,000 is to Great River Greening; and \$152,000 is to the Cannon River Watershed Partnership. Subject to evaluation criteria in Minnesota Rules, part 6136.0900, priority must be given to acquiring lands that are eligible for the native prairie bank under Minnesota Statutes, section 84.96, or lands adjacent to protected native prairie. A list of proposed land acquisitions and restorations must be provided as part of the required accomplishment plan.

(f) Accelerated Native Prairie Bank Protection, Phase VIII

\$884,000 the first year is to the commissioner of natural resources to acquire permanent conservation easements to protect and restore native prairie according to the Minnesota Prairie Conservation Plan. Of this amount, up to \$120,000 is for establishing monitoring and enforcement funds as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. Subject to evaluation criteria in Minnesota Rules, part 6136.0900, priority must be given to acquiring lands that are eligible for the native prairie bank under Minnesota Statutes, section 84.96, or lands adjacent to protected native prairie. A list of permanent conservation easements must be provided as part of the final report.

(g) RIM Buffers for Wildlife and Water, Phase IX

\$4,170,000 the first year is to the Board of Water and Soil Resources to acquire permanent conservation easements and restore habitat under Minnesota Statutes, section 103F.515, to protect, restore, and enhance habitat, including by expanding the riparian buffer and floodplain program under the clean water fund for wildlife benefits from buffers on private land. Of this amount, up to \$195,000 is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of permanent conservation easements must be provided as part of the final report.

(h) Prairie Chicken Habitat Partnership of Southern Red River Valley, Phase VII

\$2,264,000 the first year is to the commissioner of natural resources for an agreement with Pheasants Forever, in cooperation with the Minnesota Prairie Chicken Society, to acquire land in fee and to restore and enhance lands in the southern Red River Valley for wildlife management under Minnesota Statutes, section 86A.05, subdivision 8, or to be designated and managed as waterfowl production areas in Minnesota in cooperation with the United States Fish and Wildlife Service. Subject to evaluation criteria in Minnesota Rules, part 6136.0900, priority must be given to

acquiring lands that are eligible for the native prairie bank under Minnesota Statutes, section 84.96, or lands adjacent to protected native prairie. A list of proposed land acquisitions must be provided as part of the required accomplishment plan.

(i) Accelerating USFWS Habitat Conservation Easement Program, Phase III

\$4,752,000 the first year is to the commissioner of natural resources for an agreement with Ducks Unlimited, in cooperation with Pheasants Forever and the United States Fish and Wildlife Service, to acquire permanent conservation working lands easements and to restore wetlands and prairie grasslands. Of this amount, \$3,153,000 is to Ducks Unlimited and \$1,599,000 is to Pheasants Forever. A list of proposed acquisitions and restorations must be provided as part of the required accomplishment plan.

(j) Martin County DNR WMA Acquisition, Phase V

\$2,864,000 the first year is to the commissioner of natural resources for agreements to acquire land in fee and restore and enhance strategic prairie grassland, wetland, and other wildlife habitat in Martin and Watonwan counties for wildlife management under Minnesota Statutes, section 86A.05, subdivision 8, as follows: \$2,181,000 to Fox Lake Conservation League, Inc; \$592,000 to Ducks Unlimited; and \$91,000 to the Conservation Fund. A list of proposed acquisitions must be provided as part of the required accomplishment plan.

(k) RIM Grasslands Reserve, Phase III

\$4,354,000 the first year is to the Board of Water and Soil Resources to acquire permanent conservation easements and to restore and enhance grassland habitat under Minnesota Statutes, sections 103F.501 to 103F.531. Of this amount, up to \$91,000 is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of permanent conservation easements must be provided as part of the final report.

(l) DNR Grassland Enhancement, Phase XIII

\$3,534,000 the first year is to the commissioner of natural resources to accelerate the restoration and enhancement of prairies, grasslands, and savannas in wildlife management areas, in scientific and natural areas, in aquatic management areas, on lands in the native prairie bank, in bluff prairies on state forest land in southeastern Minnesota, and in waterfowl production areas and refuge lands of the United States Fish and Wildlife Service. A list of proposed land restorations and enhancements must be provided as part of the required accomplishment plan.

(m) Enhanced Public Land - Grasslands, Phase V

\$1,951,000 the first year is to the commissioner of natural resources for an agreement with Pheasants Forever to enhance and restore grassland and wetland habitat on public lands. A list of proposed land restorations and enhancements must be provided as part of the required accomplishment plan.

(n) Anoka Sand Plain Habitat Conservation, Phase VII

\$2,651,000 the first year is to the commissioner of natural resources for agreements to acquire permanent conservation easements and to restore and enhance wildlife habitat on public lands and easements in the Anoka Sand Plain ecoregion and intersecting minor watersheds as follows: \$418,000 is to the Anoka Conservation District; \$700,000 is to Great River Greening; \$233,000 is to The Nature Conservancy; and \$1,300,000 is to Minnesota Land Trust, of which up to \$168,000 to Minnesota Land Trust is for establishing monitoring and enforcement funds as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of proposed permanent conservation easements, restorations, and enhancements must be provided as part of the required accomplishment plan.

(a) Southeast Minnesota Protection and Restoration, Phase IX

\$4,068,000 the first year is to the commissioner of natural resources for agreements as follows: (1) \$1,294,000 to The Nature Conservancy to acquire

lands in fee for wildlife management under Minnesota Statutes, section 86A.05, subdivision 8; for scientific and natural areas under Minnesota Statutes, section 86A.05, subdivision 5; for state forests under Minnesota Statutes, section 86A.05, subdivision 7; for aquatic management areas under Minnesota Statutes, section 86A.05, subdivision 14; and to restore and enhance wildlife habitat; (2) \$1,393,000 to The Trust for Public Land to acquire lands in fee for wildlife management under Minnesota Statutes, section 86A.05, subdivision 8; for scientific and natural areas under Minnesota Statutes, section 86A.05, subdivision 5; for state forests under Minnesota Statutes, section 86A.05, subdivision 7; and for aquatic management areas under Minnesota Statutes, section 86A.05, subdivision 14; and (3) \$1,381,000 to Minnesota Land Trust to acquire permanent conservation easements and to restore and enhance wildlife habitat, of which up to \$168,000 is to establish a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of proposed land acquisitions must be provided as part of the required accomplishment plan.

(b) Minnesota Forests for the Future, Phase VIII

\$2,971,000 the first year is to the commissioner of natural resources to acquire lands in conservation easements and to restore and enhance forests, wetlands, and shoreline habitat through working forest permanent conservation easements under the Minnesota forests for the future program according to Minnesota Statutes, section 84.66. A conservation easement acquired with money appropriated under this paragraph must comply with Minnesota Statutes, section 97A.056, subdivision 13. The accomplishment plan must include an easement monitoring and enforcement plan. Of this amount, up to \$160,000 is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of proposed land acquisitions must be provided as part of the required accomplishment plan. A list of permanent conservation easements must be provided as part of the final report.

(c) Camp Ripley Sentinel Landscape ACUB Protection Program, Phase IX

\$1,043,000 the first year is to the Board of Water and Soil Resources, in cooperation with the Morrison County Soil and Water Conservation District, to acquire permanent conservation easements and restore and enhance forest wildlife habitat within the boundaries of the Minnesota National Guard Camp Ripley Sentinel Landscape and Army Compatible Use Buffer. Up to \$59,000 to the Board of Water and Soil Resources is to establish a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of permanent conservation easements must be provided as part of the final report.

(d) DNR Forest Habitat Enhancement, Phase II

\$1,338,000 the first year is to the commissioner of natural resources to restore and enhance wildlife habitat in the northern forest region on wildlife management areas, scientific and natural areas, aquatic management areas, and state forests. A list of proposed land restorations and enhancements must be provided as part of the required accomplishment plan.

(e) Floodplain Forest Enhancement, Phase IV

\$1,247,000 the first year is to the commissioner of natural resources for an agreement with the National Audubon Society to restore and enhance floodplain forest habitat for wildlife on public lands along the Mississippi River and Mississippi River tributaries. A list of restorations and enhancements must be provided as part of the required accomplishment plan.

(f) Moose Habitat Collaborative - NE MN Forest Habitat Enhancement, Phase IV

\$1,809,000 the first year is to the commissioner of natural resources for an agreement with the Ruffed Grouse Society to restore and enhance public forest lands in the northern forest region for moose habitat purposes. A list of proposed land restoration and enhancements must be provided as part of the required accomplishment plan.

Subd. 4. Wetlands22,389,000-0-**(a) Accelerating Waterfowl Production Area Acquisition Program, Phase XIII**

\$3,869,000 the first year is to the commissioner of natural resources for an agreement with Pheasants Forever, in cooperation with the United States Fish and Wildlife Service, to acquire land in fee and restore and enhance wetlands and grasslands to be designated and managed as waterfowl production areas in Minnesota. A list of proposed land acquisitions must be provided as part of the required accomplishment plan.

(b) Shallow Lake and Wetland Protection and Restoration Program, Phase X

\$4,581,000 the first year is to the commissioner of natural resources for an agreement with Ducks Unlimited to acquire land in fee for wildlife management under Minnesota Statutes, section 86A.05, subdivision 8, and to restore and enhance prairie lands, wetlands, and land buffering shallow lakes. A list of proposed acquisitions must be provided as part of the required accomplishment plan.

(c) RIM Wetlands, Phase X

\$3,051,000 the first year is to the Board of Water and Soil Resources to acquire permanent conservation easements and to restore wetlands and native grassland habitat under Minnesota Statutes, section 103F.515. Of this amount, up to \$59,000 is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of permanent conservation easements must be provided as part of the final report.

(d) Wetland Habitat Protection and Restoration Program, Phase VI

\$3,088,000 the first year is to the commissioner of natural resources for an agreement with Minnesota Land Trust to acquire permanent conservation easements and restore and enhance prairie, wetland, and other habitat on permanently protected

conservation easements in high-priority wetland habitat complexes in the prairie and forest/prairie transition regions. Of this amount, up to \$288,000 is to establish a monitoring and enforcement fund, as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of proposed conservation easement acquisitions and restorations and enhancements must be provided as part of the required accomplishment plan.

(e) Wild Rice Shoreland Protection, Phase VI

\$1,251,000 the first year is to the Board of Water and Soil Resources to acquire permanent conservation easements on shoreland habitat of wild-rice lakes for protecting native wild rice beds. Of this amount, up to \$78,000 is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of permanent conservation easements must be provided as part of the final report.

(f) Accelerated Shallow Lakes and Wetland Enhancement, Phase XII

\$2,589,000 the first year is to the commissioner of natural resources to enhance and restore shallow lakes and wetland habitat statewide. A list of proposed land restorations and enhancements must be provided as part of the required accomplishment plan.

(g) Living Shallow Lake Enhancement and Wetland Restoration Initiative, Phase VII

\$3,960,000 the first year is to the commissioner of natural resources for an agreement with Ducks Unlimited to restore and enhance shallow lakes and wetlands on public lands and wetlands under permanent conservation easements for wildlife management. A list of proposed shallow lake enhancements and wetland restorations must be provided as part of the required accomplishment plan.

\$2,901,000 the first year is to acquire land in fee and permanent conservation easements and restore wildlife habitat in the Mississippi River headwaters. Of this amount, \$1,421,000 is to the Board of Water and Soil Resources, of which up to \$150,000 is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17, and \$1,480,000 is to the commissioner of natural resources for agreements as follows: \$60,000 to the Mississippi Headwaters Board and \$1,420,000 to The Trust for Public Land. A list of proposed fee-title acquisitions must be included as part of the required accomplishment plan. A list of permanent conservation easements must be provided as part of the final report.

(f) Protecting Minnesota's Lakes of Outstanding Biological Significance

\$1,477,000 the first year is to the commissioner of natural resources for an agreement with Minnesota Land Trust to acquire land in permanent conservation easements and to restore and enhance lakes of

outstanding biological significance in northeast and north-central Minnesota. Of this amount, up to \$168,000 is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of proposed acquisitions must be included as part of the required accomplishment plan.

(g) Riparian Habitat Protection in Kettle and Snake River Watersheds

\$1,435,000 the first year is to the Board of Water and Soil Resources to acquire and restore land in permanent conservation easements of high-quality forest, wetland, and shoreline habitat in the Kettle and Snake River watersheds. Of this amount, \$31,000 is for an agreement with the Pine County Soil and Water Conservation District. Up to \$72,000 of the total amount is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of permanent conservation easements must be provided as part of the final report.

(h) DNR Trout Stream Conservation Easements

\$500,000 the first year is to the commissioner of natural resources to acquire land in permanent conservation easements to protect trout stream aquatic habitat. Of this amount, up to \$65,000 is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of permanent conservation easements must be provided as part of the required accomplishment plan.

(i) Targeted RIM Easement Program to Individual Parcel: Pine and Leech Watersheds, Phase II

\$1,609,000 the first year is to acquire and restore land in fee and permanent conservation easements of high-quality forest, wetland, and shoreline habitat. Of this amount, \$1,065,000 is to the commissioner of natural resources for an agreement with the Crow Wing County Soil and Water Conservation District and \$544,000 is to the Board of Water and Soil Resources.

Up to \$26,000 of the total amount is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of permanent conservation easements must be included as part of the final report.

(j) Minnesota Trout Unlimited Coldwater Fish Habitat Enhancement and Restoration, Phase XIII

\$1,033,000 the first year is to the commissioner of natural resources for an agreement with Trout Unlimited to restore and enhance habitat for trout and other species in and along coldwater rivers, lakes, and streams in Minnesota. A list of proposed land restorations and enhancements must be provided as part of the required accomplishment plan.

(k) DNR Aquatic Habitat Restoration and Enhancement, Phase IV

\$2,790,000 the first year is to the commissioner of natural resources to restore and enhance aquatic habitat in degraded streams and aquatic management areas and to facilitate fish passage. A list of proposed land restorations and enhancements must be provided as part of the required accomplishment plan.

(l) St. Louis River Restoration Initiative, Phase VIII

\$2,024,000 the first year is to the commissioner of natural resources to restore and enhance priority aquatic, riparian, and forest habitats in the St. Louis River estuary. Of this amount, up to \$500,000 is for an agreement with Minnesota Land Trust. A list of proposed restorations must be provided as part of the required accomplishment plan.

(m) Shell Rock River Watershed Habitat Restoration Program, Phase X

\$1,547,000 the first year is to the commissioner of natural resources for an agreement with the Shell Rock River Watershed District to acquire land in fee and to restore and enhance wildlife habitat in the Shell Rock River watershed. A list of proposed acquisitions, restorations, and enhancements must be provided as part of the required accomplishment plan.

(n) Knife River Habitat Rehabilitation, Phase VI

\$467,000 the first year is to the commissioner of natural resources for an agreement with Zeitgeist, a nonprofit corporation, in cooperation with the Lake Superior Steelhead Association, to restore and enhance trout habitat in the Knife River watershed. A list of proposed enhancements must be provided as part of the required accomplishment plan.

(o) Sauk River Watershed Habitat Protection and Restoration, Phase III

\$4,034,000 the first year is to the commissioner of natural resources for agreements to acquire land in fee and permanent conservation easements and to restore and enhance wildlife habitat in the Sauk River watershed as follows: \$1,034,000 to Sauk River Watershed District; \$1,618,000 to Pheasants Forever; and \$1,382,000 to Minnesota Land Trust. Up to \$168,000 to Minnesota Land Trust is to establish a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of acquisitions must be provided as part of the required accomplishment plan.

(p) Klondike Clean Water Retention Project, Phase I

\$1,973,000 the first year is to the commissioner of natural resources for an agreement with the Two Rivers Watershed District to construct a multipurpose water impoundment project in Kittson and Roseau Counties to provide fish and wildlife habitat. A list of restoration and enhancement projects must be provided as part of the required accomplishment plan.

(q) Conservation Partners Legacy Grant Program: Statewide and Metro Habitat, Phase XIII

\$10,450,000 the first year is to the commissioner of natural resources for a program to provide competitive matching grants of up to \$400,000 to local, regional, state, and national organizations for enhancing, restoring, or protecting forests, wetlands, prairies, or habitat for fish, game, or wildlife in Minnesota. Of this amount, at least \$2,400,000 is for grants in the seven-county metropolitan area and cities with a

population of 50,000 or greater. Grants must not be made for activities required to fulfill the duties of owners of lands subject to conservation easements. Grants must not be made from the appropriation in this paragraph for projects that have a total project cost exceeding \$575,000. Of the total appropriation, \$475,000 may be spent for personnel costs and other direct and necessary administrative costs. Grantees may acquire land or interests in land. Easements must be permanent. Grants may not be used to establish easement stewardship accounts. Land acquired in fee must be open to hunting and fishing during the open season unless otherwise provided by law. The program must require a match of at least ten percent from nonstate sources for all grants. The match may be cash or in-kind resources. For grant applications of \$25,000 or less, the commissioner must provide a separate, simplified application process. Subject to Minnesota Statutes, the commissioner must, when evaluating projects of equal value, give priority to organizations that have a history of receiving, or a charter to receive, private contributions for local conservation or habitat projects. For grant requests to acquire land in fee or a conservation easement, the commissioner must give priority to projects associated with or within one mile of existing wildlife management areas under Minnesota Statutes, section 86A.05, subdivision 8; scientific and natural areas under Minnesota Statutes, sections 84.033 and 86A.05, subdivision 5; or aquatic management areas under Minnesota Statutes, sections 86A.05, subdivision 14, and 97C.02. All restoration or enhancement projects must be on land permanently protected by a permanent covenant ensuring perpetual maintenance and protection of restored and enhanced habitat, by a conservation easement or public ownership, or in public waters as defined in Minnesota Statutes, section 103G.005, subdivision 15. Priority must be given to restoration and enhancement projects on public lands. Minnesota Statutes, section 97A.056, subdivision 13, applies to grants awarded under this paragraph. This appropriation is available until June 30, 2025. No less than five percent of the amount of each grant must be held back from reimbursement until the grant recipient has completed a grant accomplishment report by the deadline and in the form prescribed by and satisfactory to the Lessard-Sams Outdoor Heritage Council. The commissioner must provide notice of the grant program in the summary

of game and fish law prepared under Minnesota Statutes, section 97A.051, subdivision 2.

(r) DNR Roving Crews

\$4,500,000 the first year is to the commissioner of natural resources to restore and enhance fish and wildlife habitat on permanently protected lands statewide using the roving crew program of the Department of Natural Resources. A list of restoration and enhancement projects must be provided as part of the required accomplishment plan.

Subd. 6. Administration

934,000

557,000

(a) Contract Management

\$210,000 the first year is to the commissioner of natural resources for contract management duties assigned in this section. The commissioner must provide an accomplishment plan in the form specified by the Lessard-Sams Outdoor Heritage Council on expending this appropriation. The accomplishment plan must include a copy of the grant contract template and reimbursement manual. No money may be expended before the Lessard-Sams Outdoor Heritage Council approves the accomplishment plan.

(b) Legislative Coordinating Commission

\$546,000 the first year and \$553,000 the second year are to the Legislative Coordinating Commission for administrative expenses of the Lessard-Sams Outdoor Heritage Council and for compensating and reimbursing expenses of council members. This appropriation is available until June 30, 2023. Minnesota Statutes, section 16A.281, applies to this appropriation.

(c) Technical Evaluation Panel

\$150,000 the first year is to the commissioner of natural resources for a technical evaluation panel to conduct up to 25 restoration and enhancement evaluations under Minnesota Statutes, section 97A.056, subdivision 10.

(d) Legacy Website

\$3,000 the first year and \$4,000 the second year are to the Legislative Coordinating Commission for the website required under Minnesota Statutes, section 3.303, subdivision 10.

(e) High-Priority Pre-Transaction Service Acceleration for Lessard-Sams Outdoor Heritage Council

\$25,000 the first year is to the commissioner of natural resources to provide land acquisition pre-transaction services including but not limited to appraisals, surveys, or title research for acquisition proposals under consideration by the Lessard-Sams Outdoor Heritage Council. A list of activities must be included in the final accomplishment plan.

Subd. 7. Availability of Appropriation

Money appropriated in this section may not be spent on activities unless they are directly related to and necessary for a specific appropriation and are specified in the accomplishment plan approved by the Lessard-Sams Outdoor Heritage Council. Money appropriated in this section must not be spent on indirect costs or other institutional overhead charges that are not directly related to and necessary for a specific appropriation. For acquiring real property, the amounts in this section are available until June 30, 2025. Money for restoration or enhancement is available until June 30, 2026. Money for restoration and enhancement of land acquired with an appropriation in this article is available for four years after the acquisition date with a maximum end date of June 30, 2029. If a project receives at least 15 percent of its funding from federal funds, the time of the appropriation may be extended to equal the availability of federal funding to a maximum of six years if the federal funding was confirmed and included in the original approved draft accomplishment plan. Money appropriated for acquiring land in fee title may be used to restore, enhance, and provide for public use of the land acquired with the appropriation. Public-use facilities must have a minimal impact on habitat in acquired lands.

Subd. 8. Payment Conditions and Capital Equipment Expenditures

All agreements referred to in this section must be administered on a reimbursement basis unless otherwise provided in this section. Notwithstanding Minnesota Statutes, section 16A.41, expenditures directly related to each appropriation's purpose made on or after July 1, 2021, or the date of accomplishment plan approval, whichever is later, are eligible for reimbursement unless otherwise provided in this section. For purposes of administering appropriations and legislatively authorized agreements paid out of the outdoor heritage fund, an expense must be considered reimbursable by the administering agency when the recipient presents the agency with an invoice or binding agreement with the landowner and the recipient attests that the goods have been received or the landowner agreement is binding. Periodic reimbursement must be made upon receiving documentation that the items articulated in the accomplishment plan approved by the Lessard-Sams Outdoor Heritage Council have been achieved, including partial achievements as evidenced by progress reports approved by the Lessard-Sams Outdoor Heritage Council. Reasonable amounts may be advanced to projects to accommodate cash-flow needs, support future management of acquired lands, or match a federal share. The advances must be approved as part of the accomplishment plan. Capital equipment expenditures for specific items in excess of \$10,000 must be itemized in and approved as part of the accomplishment plan.

Subd. 9. Mapping

Each direct recipient of money appropriated in this section and each recipient of a grant awarded pursuant to this section must provide geographic information to the Lessard-Sams Outdoor Heritage Council for mapping of any lands acquired in fee with funds appropriated in this section and open to public taking of fish and game. The commissioner of natural resources must include the lands acquired in fee with money appropriated in this section on maps showing public recreation opportunities. Maps must include information on and acknowledgment of the outdoor heritage fund, including a notation of any restrictions.

Subd. 10. Carryforwards

(a) The availability of the appropriations for the following projects is extended to June 30, 2022:

(1) Laws 2016, chapter 172, article 1, section 2, subdivision 2, paragraph (j), for Accelerated Prairie Restoration and Enhancement on DNR Lands - Phase VIII;

(2) Laws 2016, chapter 172, article 1, section 2, subdivision 2, paragraph (k), for Anoka Sandplain Habitat Restoration and Enhancement - Phase IV;

(3) Laws 2016, chapter 172, article 1, section 2, subdivision 5, paragraph (h), for Sand Hill River Fish Passage - Phase II;

(4) Laws 2018, chapter 208, article 1, section 2, subdivision 2, paragraph (j), for Protect and Restore Minnesota's Important Bird Areas - Phase II, within the Tallgrass Aspen Parklands;

(5) Laws 2018, chapter 208, article 1, section 2, subdivision 3, paragraph (c), for Minnesota Forests for the Future - Phase VI;

(6) Laws 2016, chapter 172, article 1, section 2, subdivision 5, paragraph (b), for Metro Big Rivers Habitat - Phase VII; and

(7) Laws 2018, chapter 208, article 1, section 2, subdivision 5, paragraph (b), for Mississippi Headwaters Habitat Corridor Project - Phase IV.

(b) The availability of the appropriations for the following projects is extended to June 30, 2023:

(1) Laws 2015, First Special Session chapter 2, article 1, section 2, subdivision 2, paragraph (j), for Wild Rice River Corridor Habitat Restoration;

(2) Laws 2016, chapter 172, article 1, section 2, subdivision 5, paragraph (e), for Minnesota Trout Unlimited Coldwater Fish Habitat Enhancement and Restoration - Phase VIII;

(3) Laws 2016, chapter 172, article 1, section 2, subdivision 5, paragraph (j), for Roseau Lake Rehabilitation;

(4) Laws 2017, chapter 91, article 1, section 2, subdivision 5, paragraph (c), for Goose Prairie;

(5) Laws 2017, chapter 91, article 1, section 2, subdivision 5, paragraph (d), for Minnesota Trout Unlimited Coldwater Fish Habitat Enhancement and Restoration - Phase IX;

(6) Laws 2018, chapter 208, article 1, section 2, subdivision 2, paragraph (f), for Accelerated Native Prairie Bank Protection - Phase VII;

(7) Laws 2018, chapter 208, article 1, section 2, subdivision 2, paragraph (k), for Grassland Conservation Partnership - Phase III;

(8) Laws 2018, chapter 208, article 1, section 2, subdivision 3, paragraph (e), for Critical Shoreland Habitat Program - Phase V;

(9) Laws 2018, chapter 208, article 1, section 2, subdivision 5, paragraph (c), for Fisheries Habitat Protection on Strategic North Central Minnesota Lakes - Phase IV;

(10) Laws 2018, chapter 208, article 1, section 2, subdivision 5, paragraph (g), for Hennepin County Habitat Conservation Program; and

(11) Laws 2019, First Special Session chapter 2, article 1, section 2, subdivision 2, paragraph (e), for Lower Wild Rice Corridor Habitat Restoration - Phase II.

(c) The availability of the appropriation in Laws 2014, chapter 256, article 1, section 2, subdivision 5, paragraph (e), for Mustinka River Fish and Wildlife Habitat Corridor Rehabilitation, is extended to June 30, 2024.

Subd. 11. Extension of Certain Appropriations

(a) Notwithstanding Minnesota Statutes, section 16A.28, or any other law to the contrary, the availability of any appropriation or grant of money from the outdoor heritage fund that would otherwise cancel, lapse, or expire on June 30, 2021, is extended to June 30, 2022, if the recipient or grantee does both of the following:

(1) by June 30, 2021, notifies the Lessard-Sams Outdoor Heritage Council in the manner specified by

the council that the recipient or grantee intends to avail itself of the extension available under this subdivision; and

(2) modifies the applicable accomplishment plan in accordance with the council's accomplishment plan modification procedures.

(b) The council must notify the commissioner of management and budget and the commissioner of natural resources of any extension granted under this subdivision.

EFFECTIVE DATE. Subdivision 10 is effective retroactively from July 1, 2019, for projects funded under Laws 2016, chapter 172.

Sec. 3. Minnesota Statutes 2020, section 97A.056, subdivision 9, is amended to read:

Subd. 9. **Lands in public domain.** (a) Money appropriated from the outdoor heritage fund shall not be used to purchase any land in fee title or a permanent conservation easement if ~~the land in question is fully or partially owned by~~ the state of Minnesota or a political subdivision of the state, ~~unless~~ owns the land in fee or if the land is wholly or partially subject to a conservation easement.

(b) Paragraph (a) does not apply if:

(1) the purchase creates additional direct benefit to protect, restore, or enhance the state's wetlands, prairies, forests, or habitat for fish, game, and wildlife; and

(2) the purchase is approved by an affirmative vote of at least nine members of the council; or

(2) the purchase is for land that is partially subject to a conservation easement and no money appropriated from the outdoor heritage fund is used to pay the purchase price for the portion of land that is subject to the easement. Nothing in this clause prohibits the use of money appropriated from the outdoor heritage fund to pay for costs and other expenses associated with the acquisition of the land as part of the larger acquisition.

(c) For purposes of this subdivision, "conservation easement" means a conservation easement as defined in section 84C.01.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 4. Laws 2020, chapter 104, article 1, section 2, subdivision 5, is amended to read:

Subd. 5. Habitats	-0-	55,429,000
--------------------------	-----	------------

(a) Protecting Coldwater Fisheries on Minnesota's North Shore

\$1,809,000 the second year is to the commissioner of natural resources for an agreement with Minnesota Land Trust to acquire permanent conservation easements and to restore and enhance wildlife habitat

in priority coldwater tributaries to Lake Superior. Of this amount, up to \$144,000 is to establish a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of proposed conservation easement acquisitions, restorations, and enhancements must be provided as part of the required accomplishment plan.

(b) Metro Big Rivers - Phase X

\$6,473,000 the second year is to the commissioner of natural resources for agreements to acquire lands in fee and permanent conservation easements and to restore and enhance natural habitat systems associated with the Mississippi, Minnesota, and St. Croix Rivers and their tributaries in the metropolitan area. Of this amount, \$801,000 is to Minnesota Valley National Wildlife Refuge Trust Inc., \$300,000 is to Friends of the Mississippi River, \$366,000 is to Great River Greening, \$3,406,000 is to The Trust for Public Land, and \$1,600,000 is to Minnesota Land Trust. Up to \$144,000 to Minnesota Land Trust is to establish a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of proposed land acquisitions and permanent conservation easements must be provided as part of the required accomplishment plan.

(c) Resilient Habitat for Heritage Brook Trout

\$2,266,000 the second year is to the commissioner of natural resources for agreements to acquire land in fee and permanent conservation easements and to restore and enhance habitat in targeted watersheds of southeast Minnesota to improve heritage brook trout and coldwater communities. Of this amount, \$350,000 is to The Nature Conservancy, \$258,000 is to Trout Unlimited, \$857,000 is to The Trust for Public Land, and \$801,000 is to Minnesota Land Trust. Up to \$96,000 to Minnesota Land Trust is to establish a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of proposed land acquisitions and permanent conservation easements must be provided as part of the required accomplishment plan.

(d) Fisheries Habitat Protection on Strategic North Central Minnesota Lakes - Phase VI

\$2,814,000 the second year is to the commissioner of natural resources for agreements to acquire lands in fee and permanent conservation easements and to restore and enhance wildlife habitat to sustain healthy fish habitat on coldwater lakes in Aitkin, Cass, Crow Wing, and Hubbard Counties. Of this amount, \$883,000 is to Northern Waters Land Trust and \$1,931,000 is to Minnesota Land Trust. Up to \$192,000 to Minnesota Land Trust is to establish a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of acquisitions must be provided as part of the required accomplishment plan.

(e) Accelerating Habitat Conservation in Southwest Minnesota

\$3,044,000 the second year is to the commissioner of natural resources for an agreement with Minnesota Land Trust to acquire permanent conservation easements and to restore and enhance high-quality wildlife habitat in southwest Minnesota. Of this amount, up to \$144,000 is to establish a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of proposed conservation easement acquisitions, restorations, and enhancements must be provided as part of the required accomplishment plan.

(f) Targeted RIM Easement Program to Individual Parcel: Pine and Leech Watersheds - Phase I

\$2,458,000 the second year is to the Board of Water and Soil Resources to acquire and restore permanent conservation easements of high-quality forest, wetland, and shoreline habitat. Of this amount, \$164,000 is for an agreement with the Crow Wing County Soil and Water Conservation District. Up to \$97,000 of the total amount is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of proposed

acquisitions must be included as part of the required accomplishment plan.

(g) Mississippi Headwaters Habitat Corridor Project - Phase V

\$3,695,000 the second year is to acquire lands in fee and conservation easement and restore wildlife habitat in the Mississippi headwaters as follows:

(1) \$2,177,000 is to the commissioner of natural resources for agreements as follows: \$69,000 to the Mississippi Headwaters Board and \$2,108,000 to The Trust for Public Land; and

(2) \$1,518,000 is to the Board of Water and Soil Resources, of which up to \$175,000 is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17.

A list of proposed acquisitions must be included as part of the required accomplishment plan.

(h) Hennepin County Habitat Conservation Program - Phase II

\$3,155,000 the second year is to the commissioner of natural resources for agreements with Hennepin County, in cooperation with Minnesota Land Trust, to acquire permanent conservation easements and to restore and enhance habitats in Hennepin County as follows: \$446,000 to Hennepin County and \$2,709,000 to Minnesota Land Trust. Up to \$264,000 to Minnesota Land Trust is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of proposed permanent conservation easements, restorations, and enhancements must be provided as part of the required accomplishment plan.

(i) Trout Unlimited Coldwater Fish Habitat Enhancement and Restoration - Phase XII

\$1,474,000 the second year is to the commissioner of natural resources for an agreement with Trout Unlimited to restore and enhance habitat for trout and other species in and along coldwater rivers, lakes, and

streams in Minnesota. A list of proposed land acquisitions, restorations, and enhancements must be provided as part of the required accomplishment plan.

(j) DNR Aquatic Habitat Restoration and Enhancement - Phase III

\$3,790,000 the second year is to the commissioner of natural resources to restore and enhance aquatic habitat in degraded streams and aquatic management areas and to facilitate fish passage. A list of proposed land restorations and enhancements must be provided as part of the required accomplishment plan.

(k) St. Louis River Restoration Initiative - Phase VII

\$2,280,000 the second year is to the commissioner of natural resources to restore priority aquatic and riparian habitats in the St. Louis River estuary. A list of proposed restorations must be provided as part of the required accomplishment plan.

(l) Knife River Habitat Rehabilitation - Phase V

\$700,000 the second year is to the commissioner of natural resources for an agreement with Zeitgeist, a nonprofit corporation, in cooperation with the Lake Superior Steelhead Association, to restore and enhance trout habitat in the Knife River watershed. A list of proposed enhancements must be provided as part of the required accomplishment plan.

(m) Shell Rock River Watershed Habitat Restoration Program - Phase IX

\$1,918,000 the second year is to the commissioner of natural resources for an agreement with the Shell Rock River Watershed District to acquire lands in fee and to restore and enhance aquatic habitat in the Shell Rock River watershed. A list of proposed acquisitions, restorations, and enhancements must be provided as part of the required accomplishment plan.

(n) Rum River Wildlife and Fish Habitat Enhancement Using Bioengineered Bank Stabilization

\$816,000 the second year is to the commissioner of natural resources for an agreement with the Anoka

County Soil and Water Conservation District to restore and enhance riverine habitat in the Rum River using eco-sensitive, habitat-building, and bioengineering approaches. A list of proposed enhancements must be provided as part of the required accomplishment plan.

(o) Roseau River Habitat Restoration

\$3,036,000 the second year is to the commissioner of natural resources for an agreement with the Roseau River Watershed District to restore and enhance riverine habitat in the Roseau River and the Roseau River Wildlife Management Area.

(p) Sauk River Watershed Habitat Protection and Restoration - Phase II

\$3,926,000 the second year is to the commissioner of natural resources for agreements to acquire lands in fee and permanent conservation easements and to restore and enhance wildlife habitat in the Sauk River watershed as follows: \$430,000 to the Sauk River Watershed District, \$2,073,000 to Pheasants Forever, and \$1,423,000 to Minnesota Land Trust. Up to \$168,000 to Minnesota Land Trust is to establish a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of acquisitions must be provided as part of the required accomplishment plan.

(q) Southeast Wetland Restoration

\$1,351,000 the second year is to the commissioner of natural resources for an agreement with the city of Mankato to acquire land in fee in the city of Mankato for wetland and grassland restoration. A list of acquisitions must be provided as part of the required accomplishment plan.

(r) Conservation Partners Legacy Grant Program: Statewide and Metro Habitat - Phase XII

\$10,424,000 the second year is to the commissioner of natural resources for a program to provide competitive matching grants of up to \$400,000 to local, regional, state, and national organizations for enhancing, restoring, or protecting forests, wetlands,

prairies, or habitat for fish, game, or wildlife in Minnesota. Of this amount, at least \$3,250,000 is for grants in the seven-county metropolitan area and cities with a population of 50,000 or more. Grants must not be made for activities required to fulfill the duties of owners of lands subject to conservation easements. Grants must not be made from the appropriation in this paragraph for projects that have a total project cost exceeding \$575,000. Of the total appropriation, \$475,000 may be spent for personnel costs and other direct and necessary administrative costs. Grantees may acquire land or interests in land. Easements must be permanent. Grants may not be used to establish easement stewardship accounts. Land acquired in fee must be open to hunting and fishing during the open season unless otherwise provided by law. The program must require a match of at least ten percent from nonstate sources for all grants. The match may be cash or in-kind resources. For grant applications of \$25,000 or less, the commissioner must provide a separate, simplified application process. Subject to Minnesota Statutes, the commissioner of natural resources must, when evaluating projects of equal value, give priority to organizations that have a history of receiving, or a charter to receive, private contributions for local conservation or habitat projects. For grant requests to acquire land in fee or a conservation easement, the commissioner must give priority to projects associated with or within one mile of existing wildlife management areas under Minnesota Statutes, section 86A.05, subdivision 8; scientific and natural areas under Minnesota Statutes, sections 84.033 and 86A.05, subdivision 5; or aquatic management areas under Minnesota Statutes, sections 86A.05, subdivision 14, and 97C.02. All restoration or enhancement projects must be on land permanently protected by a permanent covenant ensuring perpetual maintenance and protection of restored and enhanced habitat, by a conservation easement or public ownership or in public waters as defined in Minnesota Statutes, section 103G.005, subdivision 15. Priority must be given to restoration and enhancement projects on public lands. Minnesota Statutes, section 97A.056, subdivision 13, applies to grants awarded under this paragraph. This appropriation is available until June 30, ~~2023~~ 2024. No less than five percent of the amount of each grant must be held back from reimbursement until the grant recipient has completed a grant accomplishment report

by the deadline and in the form prescribed by and satisfactory to the Lessard-Sams Outdoor Heritage Council. The commissioner must provide notice of the grant program in the summary of game and fish law prepared under Minnesota Statutes, section 97A.051, subdivision 2.

ARTICLE 2

CLEAN WATER FUND

Section 1. CLEAN WATER FUND APPROPRIATIONS.

The sums shown in the columns marked "Appropriations" are appropriated to the agencies and for the purposes specified in this article. The appropriations are from the clean water fund and are available for the fiscal years indicated for allowable activities under the Minnesota Constitution, article XI, section 15. The figures "2022" and "2023" used in this article mean that the appropriations listed under the figure are available for the fiscal year ending June 30, 2022, or June 30, 2023, respectively. "The first year" is fiscal year 2022. "The second year" is fiscal year 2023. "The biennium" is fiscal years 2022 and 2023. These are onetime appropriations.

APPROPRIATIONS

Available for the Year

Ending June 30

2022

2023

Sec. 2. CLEAN WATER FUND

Subdivision 1. Total Appropriation

	<u>\$</u>	<u>126,711,000</u>	<u>\$</u>	<u>130,081,000</u>
--	-----------	--------------------	-----------	--------------------

This appropriation is from the clean water fund. The amounts that may be spent for each purpose are specified in the following sections.

Subd. 2. Availability of Appropriation

Money appropriated in this article may not be spent on activities unless they are directly related to and necessary for a specific appropriation. Money appropriated in this article must be spent in accordance with Minnesota Management and Budget *MMB Guidance to Agencies on Legacy Fund Expenditure*. Notwithstanding Minnesota Statutes, section 16A.28, and unless otherwise specified in this article, fiscal year 2022 appropriations are available until June 30, 2023, and fiscal year 2023 appropriations are available

until June 30, 2024. If a project receives federal funds, the period of the appropriation is extended to equal the availability of federal funding.

Subd. 3. Disability Access

Where appropriate, grant recipients of clean water funds, in consultation with the Council on Disability and other appropriate governor-appointed disability councils, boards, committees, and commissions, should make progress toward providing people with disabilities greater access to programs, print publications, and digital media related to the programs the recipient funds using appropriations made in this article.

Sec. 3. <u>DEPARTMENT OF AGRICULTURE</u>	<u>\$</u>	<u>10,120,000</u>	<u>\$</u>	<u>10,120,000</u>
---	------------------	--------------------------	------------------	--------------------------

(a) \$350,000 the first year and \$350,000 the second year are to increase monitoring for pesticides and pesticide degradates in surface water and groundwater and to use data collected to assess pesticide use practices. This appropriation is available until June 30, 2025.

(b) \$2,585,000 the first year and \$2,585,000 the second year are for monitoring and evaluating trends in the concentration of nitrate in groundwater in areas vulnerable to groundwater degradation; promoting, developing, and evaluating regional and crop-specific nutrient best management practices; assessing adoption of best management practices; education and technical support from University of Minnesota Extension; grants to support agricultural demonstration and implementation activities, including research activities at the Rosholt Research Farm; and other actions to protect groundwater from degradation from nitrate. This appropriation is available until June 30, 2026.

(c) \$75,000 the first year and \$75,000 the second year are for administering clean water funds managed through the agriculture best management practices loan program. Any unencumbered balance at the end of the second year must be added to the corpus of the loan fund.

(d) \$1,500,000 the first year and \$1,500,000 the second year are for technical assistance, research, and demonstration projects on properly implementing best

management practices and more-precise information on nonpoint contributions to impaired waters and for grants to support on-farm demonstration of agricultural practices. This appropriation is available until June 30, 2026.

(e) \$40,000 the first year and \$40,000 the second year are for maintenance of the Minnesota Water Research Digital Library. Costs for information technology development or support for the digital library may be paid to the Office of MN.IT Services. This appropriation is available until June 30, 2026.

(f) \$3,000,000 the first year and \$3,000,000 the second year are to implement the Minnesota agricultural water quality certification program statewide. This appropriation is available until June 30, 2026.

(g) \$135,000 the first year and \$135,000 the second year are for a regional irrigation water quality specialist through University of Minnesota Extension. This appropriation is available until June 30, 2025.

(h) \$2,000,000 the first year and \$2,000,000 the second year are for grants to the Board of Regents of the University of Minnesota to fund the Forever Green agriculture initiative and to protect the state's natural resources while increasing the efficiency, profitability, and productivity of Minnesota farmers by incorporating perennial and winter-annual crops into existing agricultural practices. This appropriation is available until June 30, 2026.

(i) \$435,000 the first year and \$435,000 the second year are for testing private wells for pesticides where nitrate is detected as part of the township testing program. This appropriation is available until June 30, 2026.

Sec. 4. **POLLUTION CONTROL AGENCY**

\$

21,024,000 **\$**

21,153,000

(a) \$7,416,000 the first year and \$7,416,000 the second year are for completing needed statewide assessments of surface water quality and trends according to Minnesota Statutes, chapter 114D. Of this amount: \$150,000 the first year and \$150,000 the second year are for grants to the Red River Watershed Management Board to enhance and expand the existing water quality and watershed monitoring river watch activities in schools in the Red River of the North watershed; and

\$50,000 the first year and \$50,000 the second year are for grants to the Friends of the Minnesota Valley for river watch activities in schools within the Minnesota River watershed. By February 15, 2023, the Red River Watershed Management Board and the Friends of the Minnesota Valley must each provide a report to the commissioner and the legislative committees and divisions with jurisdiction over environment and natural resources finance and policy and the clean water fund on the outcomes achieved with the money received under this appropriation.

(b) \$6,661,000 the first year and \$6,790,000 the second year are to develop watershed restoration and protection strategies (WRAPS), which include total maximum daily load (TMDL) studies and TMDL implementation plans according to Minnesota Statutes, chapter 114D, for waters on the impaired waters list approved by the United States Environmental Protection Agency. Of this amount, \$280,000 each year is for community engagement activities that build local capacity to support water restoration and protection. The agency must complete an average of ten percent of the TMDLs each year over the biennium.

(c) \$950,000 the first year and \$950,000 the second year are for groundwater assessment, including enhancing the ambient monitoring network, modeling, evaluating trends, and reassessing groundwater that was assessed ten to 15 years ago and found to be contaminated.

(d) \$750,000 the first year and \$750,000 the second year are for implementing the St. Louis River System Area of Concern Remedial Action Plan.

(e) \$900,000 the first year and \$900,000 the second year are for national pollutant discharge elimination system wastewater and storm water TMDL implementation efforts.

(f) \$2,912,000 the first year and \$2,912,000 the second year are for enhancing the county-level delivery systems for subsurface sewage treatment system (SSTS) activities necessary to implement Minnesota Statutes, sections 115.55 and 115.56, for protecting groundwater. This appropriation includes base grants for all counties with SSTS programs and competitive grants to counties with specific plans to significantly reduce water pollution by reducing the number of

systems that are an imminent threat to public health or safety or are otherwise failing. Counties that receive base grants must report the number of properties with noncompliant systems upgraded through an SSTS replacement, connection to a centralized sewer system, or other means, including property abandonment or buyout. Counties also must report the number of existing SSTS compliance inspections conducted in areas under county jurisdiction. The required reports must be part of the established annual reporting for SSTS programs. Of this amount, at least \$900,000 each year is available to counties for grants to low-income landowners to address systems that pose an imminent threat to public health or safety or fail to protect groundwater. A grant awarded under this paragraph may not exceed \$40,000 annually. A county receiving a grant under this paragraph must submit a report to the agency listing the projects funded, including an account of the expenditures. By January 15 of each odd-numbered year, the commissioner must submit a report to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over environment and natural resources and the clean water fund detailing the outcomes achieved under this paragraph for the previous two years.

(g) \$200,000 the first year and \$200,000 the second year are for accelerated implementation of municipal separate storm sewer system (MS4) permit requirements, including additional technical assistance to municipalities experiencing difficulties understanding and implementing the basic requirements of the municipal storm water program.

(h) \$700,000 the first year and \$700,000 the second year are for a grant program for sanitary sewer projects that are included in the draft or any updated Voyageurs National Park Clean Water Project Comprehensive Plan to restore the water quality of waters in Voyageurs National Park. Grants must be awarded to local government units for projects approved by the Voyageurs National Park Clean Water Joint Powers Board and must be matched by at least 25 percent from sources other than the clean water fund.

(i) \$260,000 the first year and \$260,000 the second year are for activities, training, and grants that reduce chloride pollution.

(j) \$275,000 the first year and \$275,000 the second year are to support activities of the Clean Water Council according to Minnesota Statutes, section 114D.30, subdivision 1.

(k) Any unencumbered grant balances in the first year do not cancel but are available for grants in the second year. Notwithstanding Minnesota Statutes, section 16A.28, the appropriations in this section are available until June 30, 2026.

Sec. 5. **DEPARTMENT OF NATURAL RESOURCES** \$ **8,735,000** \$ **8,730,000**

(a) \$2,000,000 the first year and \$2,000,000 the second year are for streamflow monitoring.

(b) \$1,000,000 the first year and \$1,000,000 the second year are for lake Index of Biological Integrity (IBI) assessments.

(c) \$175,000 the first year and \$175,000 the second year are for assessing mercury and other fish contaminants, including monitoring to track the status of impaired waters over time.

(d) \$1,900,000 the first year and \$1,900,000 the second year are for developing targeted, science-based watershed restoration and protection strategies.

(e) \$1,850,000 the first year and \$1,850,000 the second year are for water-supply planning, aquifer protection, and monitoring activities and analysis.

(f) \$1,250,000 the first year and \$1,250,000 the second year are for technical assistance to support local implementation of nonpoint source restoration and protection activities.

(g) \$535,000 the first year and \$530,000 the second year are for applied research and tools, including watershed hydrologic modeling; maintaining and updating spatial data for watershed boundaries, streams, and water bodies and integrating high-resolution digital elevation data; and assessing effectiveness of forestry best management practices for water quality.

(h) \$25,000 the first year and \$25,000 the second year are for maintaining and updating buffer maps and for technical guidance on interpreting buffer maps for local units of government implementing buffer

requirements. Maps must be provided to local units of government and made available to landowners on the Department of Natural Resources website.

Sec. 6. **BOARD OF WATER AND SOIL RESOURCES** \$ **68,584,000** \$ **73,216,000**

(a) \$21,197,000 the first year and \$22,367,000 the second year are for performance-based grants with multiyear implementation plans to local government units. The grants may be used to implement projects that protect, enhance, and restore surface water quality in lakes, rivers, and streams; protect groundwater from degradation; and protect drinking water sources. Projects must be identified in a comprehensive watershed plan developed under the One Watershed, One Plan and seven-county metropolitan groundwater or surface water management frameworks as provided for in Minnesota Statutes, chapters 103B, 103C, 103D, and 114D. Grant recipients must identify a nonstate match and may use other legacy funds to supplement projects funded under this paragraph. This appropriation may be used for:

(1) implementation grants to watershed planning areas with approved plans, including but not limited to Buffalo-Red River, Cannon River, Cedar River, Clearwater River, Des Moines River, Hawk Creek, Lac qui Parle Yellow Bank, Lake of the Woods, Lake Superior North, Le Seuer River, Leech Lake River, Long Prairie River, Lower Minnesota River North, Lower Minnesota River West, Lower Minnesota River South, Lower St. Croix River, Marsh and Wild Rice, Middle Snake Tamarack Rivers, Mississippi East, Mississippi River Headwaters, Mississippi West, Missouri River Basin, Mustinka/Bois de Sioux, Nemadji River, North Fork Crow River, Otter Tail, Pine River, Pomme de Terre River, Red Lake River, Redeye River, Root River, Rum River, Sauk River, Shell Rock River/Winnebago Watershed, Snake River, South Fork Crow River, St. Louis River, Thief River, Two Rivers Plus, Vermillion, Watonwan River, Winona La Crescent, Yellow Medicine River, and Zumbro River;

(2) seven-county metropolitan groundwater or surface water management frameworks; and

(3) other comprehensive watershed management plan planning areas that have a board-approved and

local-government-adopted plan as authorized in Minnesota Statutes, section 103B.801.

The board may determine whether a planning area is not ready to proceed, does not have the nonstate match committed, or has not expended all money granted to it. Upon making the determination, the board may allocate a grant's proposed or unexpended allocation to another planning area to implement priority projects, programs, or practices.

(b) \$10,762,000 the first year and \$11,504,000 the second year are for grants to local government units to protect and restore surface water and drinking water; to keep water on the land; to protect, enhance, and restore water quality in lakes, rivers, and streams; and to protect groundwater and drinking water, including feedlot water quality and subsurface sewage treatment system projects and stream bank, stream channel, shoreline restoration, and ravine stabilization projects. The projects must use practices demonstrated to be effective, be of long-lasting public benefit, include a match, and be consistent with total maximum daily load (TMDL) implementation plans, watershed restoration and protection strategies (WRAPS), or local water management plans or their equivalents. Up to 20 percent of this appropriation is available for land-treatment projects and practices that benefit drinking water.

(c) \$4,841,000 the first year and \$4,841,000 the second year are for accelerated implementation, local resource protection, enhancement grants, statewide analytical targeting or technology tools that fill an identified gap, program enhancements for technical assistance, citizen and community outreach, compliance, and training and certification.

(d) \$1,250,000 the first year and \$1,250,000 the second year are:

(1) to provide state oversight and accountability, evaluate and communicate results, provide implementation tools, and measure the value of conservation program implementation by local governments; and

(2) to prepare, in consultation with the commissioners of natural resources, health, agriculture, and the Pollution Control Agency, and submit to the legislature

by March 1 each even-numbered year a biennial report detailing the recipients and projects funded under this section and the amount of pollution reduced.

(e) \$1,936,000 the first year and \$1,936,000 the second year are to provide assistance, oversight, and grants for supporting local governments in implementing and complying with riparian protection and excessive soil loss requirements.

(f) \$1,936,000 the first year and \$1,936,000 the second year are to develop a pilot working lands floodplain program and to purchase, restore, or preserve riparian land and floodplains adjacent to lakes, rivers, streams, and tributaries, by conservation easements or contracts to keep water on the land, to decrease sediment, pollutant, and nutrient transport; reduce hydrologic impacts to surface waters; and increase infiltration for groundwater recharge. Up to \$180,000 is for deposit in a monitoring and enforcement account.

(g) \$2,500,000 the first year and \$2,500,000 the second year are for permanent conservation easements on wellhead protection areas under Minnesota Statutes, section 103F.515, subdivision 2, paragraph (d), or for grants to local units of government for fee title acquisition to permanently protect groundwater supply sources on wellhead protection areas or for otherwise ensuring long-term protection of groundwater supply sources as described under alternative management tools in the Department of Agriculture *Minnesota Nitrogen Fertilizer Management Plan*, including using low-nitrogen cropping systems or implementing nitrogen fertilizer best management practices. Priority must be placed on land that is located where the vulnerability of the drinking water supply is designated as high or very high by the commissioner of health, where drinking water protection plans have identified specific activities that will achieve long-term protection, and on lands with expiring conservation reserve program contracts. Up to \$250,000 is for deposit in a monitoring and enforcement account.

(h) \$42,000 the first year and \$42,000 the second year are for a technical evaluation panel to conduct ten restoration evaluations under Minnesota Statutes, section 114D.50, subdivision 6.

(i) \$2,904,000 the first year and \$2,904,000 the second year are for assistance, oversight, and grants to local

governments to transition local water management plans to a watershed approach as provided for in Minnesota Statutes, section 103B.801.

(j) \$850,000 the first year and \$850,000 the second year are for technical assistance and grants for the conservation drainage program, in consultation with the Drainage Work Group, coordinated under Minnesota Statutes, section 103B.101, subdivision 13, and including projects to improve multipurpose water management under Minnesota Statutes, section 103E.015.

(k) \$1,771,000 the first year and \$3,829,000 the second year are to purchase and restore permanent conservation sites via easements or contracts to treat and store water on the land for water quality improvement purposes and related technical assistance. This work may be done in cooperation with the United States Department of Agriculture with a first-priority use to accomplish a conservation reserve enhancement program, or equivalent, in the state. Up to \$280,000 is for deposit in a monitoring and enforcement account. This appropriation is available until June 30, 2028.

(l) \$1,234,000 the first year and \$1,234,000 the second year are to purchase permanent conservation easements to protect lands adjacent to public waters that have good water quality but that are threatened with degradation. Up to \$300,000 is for deposit in a monitoring and enforcement account.

(m) \$362,000 the first year and \$362,000 the second year are for grants or contracts for a program to systematically collect data and produce county, watershed, and statewide estimates of soil erosion caused by water and wind, along with tracking adoption of conservation measures, including cover crops, to address erosion. This appropriation may be used for grants to or contracts with the University of Minnesota to complete this work.

(n) \$400,000 the first year and \$600,000 the second year are for developing and implementing a water legacy grant program to expand partnerships for clean water.

(o) \$2,599,000 the first year and \$3,061,000 the second year are for permanent conservation easements to protect and restore wetlands and associated uplands.

Up to \$280,000 is for deposit in a monitoring and enforcement account.

(p) \$2,000,000 the first year and \$2,000,000 the second year are for grants to farmers who own or rent land to enhance adoption of cover crops and other soil health practices in areas where there are direct benefits to public water supplies. Up to \$400,000 is for an agreement with the University of Minnesota Office for Soil Health for applied research and education on Minnesota's agroecosystems and soil health management systems.

(q) \$12,000,000 the first year and \$12,000,000 the second year are for payments to soil and water conservation districts for the purposes of Minnesota Statutes, sections 103C.321 and 103C.331. From this appropriation, each soil and water conservation district shall receive an increase in its base funding of \$100,000 per year. Money remaining after the base increase is available for grants to soil and water conservation districts as determined by the board based on county allocations to soil and water conservation districts and the amount of private land and public waters. The board and other agencies may reduce the amount of grants to a county by an amount equal to any reduction in the county's allocation to a soil and water conservation district from the county's previous year allocation when the board determines that the reduction was disproportionate. The board may use up to two percent for the administration of payments.

(r) The board, in consultation with an advisory group consisting of one representative from the Department of Natural Resources, one representative from the Association of Minnesota Counties, one representative from Friends of the Minnesota Valley, and one representative from the Red River Watershed Management Board, must study the development, implementation, and funding of a statewide river watch program. By January 15, 2022, the board must submit a report with recommendations and proposed legislation to the chairs and ranking minority members of the house of representatives and senate environment finance and legacy committees.

(s) The board must contract for delivery of services with Conservation Corps Minnesota for restoration, maintenance, and other activities under this section

for up to \$750,000 the first year and up to \$750,000 the second year.

(t) The board may shift grant, cost-share, or easement funds in this section and may adjust the technical and administrative assistance portion of the funds to leverage federal or other nonstate funds or to address oversight responsibilities or high-priority needs identified in local water management plans.

(u) The board must require grantees to specify the outcomes that will be achieved by the grants before making any grant awards.

(v) The appropriations in this section are available until June 30, 2026, except grant funds are available for five years after the date a grant is executed. Returned grant funds must be regranted consistent with the purposes of this section.

Sec. 7. **DEPARTMENT OF HEALTH**

\$

5,955,000 \$

5,955,000

(a) \$1,200,000 the first year and \$1,200,000 the second year are for addressing public health concerns related to contaminants found or anticipated to be found in Minnesota drinking water for which no health-based drinking water standards exist and for the department's laboratory to analyze for these contaminants.

(b) \$3,942,000 the first year and \$3,942,000 the second year are for protecting sources of drinking water, including planning, implementation, and surveillance activities and grants to local governments and public water systems.

(c) \$563,000 the first year and \$563,000 the second year are to develop and deliver groundwater restoration and protection strategies on a watershed scale for use in local comprehensive water planning efforts, to provide resources to local governments for activities that protect sources of drinking water, and to enhance approaches that improve the capacity of local governmental units to protect and restore groundwater resources.

(d) \$250,000 the first year and \$250,000 the second year are to develop public health policies and an action plan to address threats to safe drinking water, including development of a voluntary statewide plan for

practices, to evaluate best management performance and effectiveness to support meeting total maximum daily loads, to develop standards and incorporate state-of-the-art guidance using minimal impact design standards as the model, and to implement a system to transfer knowledge and technology across local government, industry, and regulatory sectors. This appropriation is available until June 30, 2028.

(c) \$95,000 the first year and \$95,000 the second year are for a report that quantifies the multiple benefits of clean water investments, for a review of equity considerations in clean water fund spending, and for proposing climate considerations in comprehensive watershed management plans. The Board of Regents must submit the report to the Clean Water Council and the chairs and ranking minority members of the house of representatives and senate committees and divisions with jurisdiction over environment and natural resources and the clean water fund no later than June 30, 2024.

(d) \$1,378,000 the first year is to study water's role in transporting chronic wasting disease prions, including:

(1) identifying mechanisms for the accumulation, persistence, and spread of chronic wasting disease prions through waterways;

(2) characterizing chronic wasting disease prion abundance in waterways immediately downstream of regions known to be positive for chronic wasting disease;

(3) modeling and forecasting chronic wasting disease contamination and spread based on landscape ecology and hydrology; and

(4) developing and evaluating remediation strategies for prion-contaminated waterways.

The appropriation in this paragraph is available until June 30, 2024.

The Board of Regents must submit a report with the results of the study to the chairs and ranking minority members of the house of representatives and senate committees and divisions with jurisdiction over environment and natural resources and the clean water fund no later than January 15, 2024.

Sec. 10. <u>LEGISLATURE</u>	<u>\$</u>	<u>8,000</u>	<u>\$</u>	<u>-0-</u>
------------------------------------	------------------	---------------------	------------------	-------------------

\$8,000 the first year is for the Legislative Coordinating Commission for the website required under Minnesota Statutes, section 3.303, subdivision 10.

Sec. 11. <u>PUBLIC FACILITIES AUTHORITY</u>	<u>\$</u>	<u>8,068,000</u>	<u>\$</u>	<u>8,068,000</u>
--	------------------	-------------------------	------------------	-------------------------

(a) \$7,968,000 the first year and \$7,968,000 the second year are for the point source implementation grants program under Minnesota Statutes, section 446A.073. This appropriation is available until June 30, 2028.

(b) \$100,000 the first year and \$100,000 the second year are for small community wastewater treatment grants and loans under Minnesota Statutes, section 446A.075. This appropriation is available until June 30, 2028.

(c) If there is any uncommitted money at the end of each fiscal year under paragraph (a) or (b), the Public Facilities Authority may transfer the remaining funds to eligible projects under any of the programs listed in this section according to a project's priority rank on the Pollution Control Agency's project priority list.

Sec. 12. Laws 2017, chapter 91, article 2, section 3, is amended to read:

Sec. 3. <u>DEPARTMENT OF AGRICULTURE</u>	<u>\$</u>	<u>8,283,000</u>	<u>\$</u>	<u>9,283,000</u>
---	------------------	-------------------------	------------------	-------------------------

(a) \$350,000 the first year and \$350,000 the second year are to increase monitoring for pesticides and pesticide degradates in surface water and groundwater and to use data collected to assess pesticide use practices.

(b) \$2,085,000 the first year and \$2,086,000 the second year are for monitoring and evaluating trends in the concentration of nitrate in groundwater in areas vulnerable to groundwater degradation; promoting, developing, and evaluating regional and crop-specific nutrient best management practices; assessing best management practice adoption; education and technical support from University of Minnesota Extension; grants to support agricultural demonstration and implementation activities; and other actions to protect groundwater from degradation from nitrate. This appropriation is available until June 30, ~~2022~~ 2023.

(c) \$75,000 the first year and \$75,000 the second year are for administering clean water funds managed through the agriculture best management practices loan program. Any unencumbered balance at the end of the second year shall be added to the corpus of the loan fund.

(d) \$1,125,000 the first year and \$1,125,000 the second year are for technical assistance, research, and demonstration projects on proper implementation of best management practices and more precise information on nonpoint contributions to impaired waters and for grants to support on-farm demonstration of agricultural practices. This appropriation is available until June 30, ~~2022~~ 2023.

(e) \$663,000 the first year and \$662,000 the second year are for research to quantify and reduce agricultural contributions to impaired waters and for development and evaluation of best management practices to protect and restore water resources. This appropriation is available until June 30, ~~2022~~ 2023.

(f) \$50,000 the first year and \$50,000 the second year are for a research inventory database containing water-related research activities. Costs for information technology development or support for this research inventory database may be paid to the Office of MN.IT Services. This appropriation is available until June 30, 2022.

(g) \$2,000,000 the first year and \$3,000,000 the second year are to implement the Minnesota agricultural water quality certification program statewide. Funds appropriated in this paragraph are available until June 30, 2021.

(h) \$110,000 the first year and \$110,000 the second year are to provide funding for a regional irrigation water quality specialist through University of Minnesota Extension.

(i) \$750,000 the first year and \$750,000 the second year are for grants to the Board of Regents of the University of Minnesota to fund the Forever Green Agriculture Initiative and to protect the state's natural resources while increasing the efficiency, profitability, and productivity of Minnesota farmers by incorporating perennial and winter-annual crops into existing

agricultural practices. This appropriation is available until June 30, 2022.

(j) \$1,000,000 the first year and \$1,000,000 the second year are for pesticide testing of private wells where nitrate is detected, as part of the Township Testing Program. This appropriation is available until June 30, ~~2022~~ 2023.

(k) \$75,000 the first year and \$75,000 the second year are to evaluate market opportunities and develop markets for crops that can be profitable for farmers and beneficial for water quality and soil health.

(l) A portion of the funds in this section may be used for programs to train state and local outreach staff in the intersection between agricultural economics and agricultural conservation.

Sec. 13. Laws 2017, chapter 91, article 2, section 5, is amended to read:

Sec. 5. POLLUTION CONTROL AGENCY	\$	25,790,000	\$	26,290,000
---	-----------	-------------------	-----------	-------------------

(a) \$8,275,000 the first year and \$8,275,000 the second year are for completion of needed statewide assessments of surface water quality and trends according to Minnesota Statutes, chapter 114D. Of this amount, \$125,000 the first year and \$125,000 the second year are for grants to the Red River Watershed Management Board to enhance and expand the existing water quality and watershed monitoring river watch activities in the schools in the Red River of the North. The Red River Watershed Management Board shall provide a report to the commissioner of the Pollution Control Agency and the legislative committees and divisions with jurisdiction over environment and natural resources finance and policy and the clean water fund by February 15, 2019, on the expenditure of this appropriation. This appropriation is available until June 30, 2023.

(b) \$9,409,000 the first year and \$9,638,000 the second year are to develop watershed restoration and protection strategies (WRAPS), which include total maximum daily load (TMDL) studies and TMDL implementation plans for waters listed on the United States Environmental Protection Agency approved impaired waters list in accordance with Minnesota Statutes, chapter 114D. The agency shall complete an

average of ten percent of the TMDLs each year over the biennium. This appropriation is available until June 30, 2023.

(c) \$1,181,000 the first year and \$1,182,000 the second year are for groundwater assessment, including enhancing the ambient monitoring network, modeling, and evaluating trends, including the reassessment of groundwater that was assessed ten to 15 years ago and found to be contaminated. This appropriation is available until June 30, 2023.

(d) \$750,000 the first year and \$750,000 the second year are for implementation of the St. Louis River System Area of Concern Remedial Action Plan. This appropriation must be matched at a rate of 65 percent nonstate money to 35 percent state money. This appropriation is available until June 30, 2023.

(e) \$500,000 the first year and \$500,000 the second year are for TMDL research and database development.

(f) \$900,000 the first year and \$900,000 the second year are for national pollutant discharge elimination system wastewater and storm water TMDL implementation efforts. This appropriation is available until June 30, 2023.

(g) \$3,500,000 the first year and \$3,370,000 the second year are for enhancing the county-level delivery systems for subsurface sewage treatment system (SSTS) activities necessary to implement Minnesota Statutes, sections 115.55 and 115.56, for protection of groundwater, including base grants for all counties with SSTS programs and competitive grants to counties with specific plans to significantly reduce water pollution by reducing the number of systems that are an imminent threat to public health or safety or are otherwise failing. Counties that receive base grants must report the number of sewage noncompliant properties upgraded through SSTS replacement, connection to a centralized sewer system, or other means, including property abandonment or buy-out. Counties also must report the number of existing SSTS compliance inspections conducted in areas under county jurisdiction. These required reports are to be part of established annual reporting for SSTS programs. Counties that conduct SSTS inventories or those with an ordinance in place that requires an SSTS to be inspected as a condition of transferring property

or as a condition of obtaining a local permit must be given priority for competitive grants under this paragraph. Of this amount, \$1,000,000 each year is available to counties for grants to low-income landowners to address systems that pose an imminent threat to public health or safety or fail to protect groundwater. A grant awarded under this paragraph may not exceed \$40,000 for the biennium. A county receiving a grant under this paragraph must submit a report to the agency listing the projects funded, including an account of the expenditures. This appropriation is available until June 30, 2023.

(h) \$225,000 the first year and \$225,000 the second year are for accelerated implementation of MS4 permit requirements including additional technical assistance to municipalities experiencing difficulties understanding and implementing the basic requirements of the municipal storm water program.

(i) \$800,000 the first year and \$1,200,000 the second year are for a grant program for sanitary sewer projects that are included in the draft or any updated Voyageurs National Park Clean Water Project Comprehensive Plan to restore the water quality of waters in Voyageurs National Park. Grants must be awarded to local government units for projects approved by the Voyageurs National Park Clean Water Joint Powers Board and must be matched by at least 25 percent from sources other than the clean water fund.

(j) \$200,000 the first year and \$200,000 the second year are for coordination with the state of Wisconsin and the National Park Service on comprehensive phosphorous reduction activities in the Minnesota portion of Lake St. Croix on the St. Croix River. The commissioner must work with the St. Croix Basin Water Resources Planning Team and the St. Croix River Association to implement the water monitoring and phosphorous reduction activities.

(k) \$50,000 the first year and \$50,000 the second year are to support activities of the Clean Water Council according to Minnesota Statutes, section 114D.30, subdivision 1.

(l) Notwithstanding Minnesota Statutes, section 16A.28, unless otherwise specified, the appropriations in this section are available until June 30, 2022.

Sec. 14. Laws 2017, chapter 91, article 2, section 6, is amended to read:

Sec. 6. **DEPARTMENT OF NATURAL RESOURCES** \$ 8,446,000 \$ 8,446,000

(a) \$1,950,000 the first year and \$1,950,000 the second year are for stream flow monitoring.

(b) \$1,250,000 the first year and \$1,250,000 the second year are for lake Index of Biological Integrity (IBI) assessments.

(c) \$135,000 the first year and \$135,000 the second year are for assessing mercury and other contaminants of fish, including monitoring to track the status of impaired waters over time.

(d) \$1,886,000 the first year and \$1,886,000 the second year are for developing targeted, science-based watershed restoration and protection strategies. This appropriation is available until June 30, 2022.

(e) \$1,375,000 the first year and \$1,375,000 the second year are for water supply planning, aquifer protection, and monitoring activities.

(f) \$950,000 the first year and \$950,000 the second year are for technical assistance to support local implementation of nonpoint source restoration and protection activities.

(g) \$675,000 the first year and \$675,000 the second year are for applied research and tools, including watershed hydrologic modeling; maintaining and updating spatial data for watershed boundaries, streams, and water bodies and integrating high-resolution digital elevation data; and assessing effectiveness of forestry best management practices for water quality.

(h) \$125,000 the first year and \$125,000 the second year are for developing county geologic atlases.

(i) \$100,000 the first year and \$100,000 the second year are for maintenance and updates to buffer maps and for technical guidance on buffer map interpretation to local units of government for implementation of buffer requirements. Maps must be provided to local units of government and made available to landowners on the Department of Natural Resources' Web site.

EFFECTIVE DATE. This section is effective retroactively from June 30, 2020.

quality certification program statewide. Funds appropriated in this paragraph are available until June 30, 2024.

(g) \$150,000 the first year and \$150,000 the second year are for a regional irrigation water quality specialist through University of Minnesota Extension.

(h) \$2,300,000 the first year and \$2,000,000 the second year are for grants to fund the Forever Green Agriculture Initiative and to protect the state's natural resources while increasing the efficiency, profitability, and productivity of Minnesota farmers by incorporating perennial and winter-annual crops into existing agricultural practices. Of this amount, \$2,050,000 the first year and \$1,750,000 the second year are for grants to the Board of Regents of the University of Minnesota for research and establishing an Agricultural Diversification Steering Council and Network and \$250,000 the first year and \$250,000 the second year are for grants to implement Forever Green crops or cropping systems. This appropriation is available until June 30, ~~2024~~ 2025.

(i) \$1,000,000 the first year and \$1,000,000 the second year are for testing private wells for pesticides where nitrate is detected as part of the township testing program. This appropriation is available until June 30, ~~2024~~ 2025.

(j) A portion of the money in this section may be used for programs to train state and local outreach staff in the intersection between agricultural economics and agricultural conservation.

Sec. 17. Laws 2019, First Special Session chapter 2, article 2, section 4, is amended to read:

Sec. 4. PUBLIC FACILITIES AUTHORITY	\$	10,125,000	\$	8,125,000

These required reports are to be part of established annual reporting for SSTS programs. Counties that conduct SSTS inventories or those with an ordinance in place that requires an SSTS to be inspected as a condition of transferring property or as a condition of obtaining a local permit must be given priority for competitive grants under this paragraph. Of this amount, \$1,500,000 each year is available to counties for grants to low-income landowners to address systems that pose an imminent threat to public health or safety or fail to protect groundwater. A grant awarded under this paragraph may not exceed \$40,000 for the biennium. A county receiving a grant under this paragraph must submit a report to the agency listing the projects funded, including an account of the expenditures. By January 15, 2021, the commissioner must submit a report to the chairs and ranking minority members of the house of representatives and senate committees and divisions with jurisdiction over environment and natural resources and the clean water fund detailing the

outcomes achieved under this paragraph and past appropriations from the clean water fund for this purpose. This appropriation is available until June 30, 2025.

(g) \$200,000 the first year and \$200,000 the second year are for accelerated implementation of MS4 permit requirements, including additional technical assistance to municipalities experiencing difficulties understanding and implementing the basic requirements of the municipal storm water program.

(h) \$775,000 the first year and \$775,000 the second year are for a grant program for sanitary sewer projects that are included in the draft or any updated Voyageurs National Park Clean Water Project Comprehensive Plan to restore the water quality of waters in Voyageurs National Park. Grants must be awarded to local government units for projects approved by the Voyageurs National Park Clean Water Joint Powers Board and must be matched by at least 25 percent from sources other than the clean water fund. This appropriation is available until June 30, 2025.

(i) \$250,000 the first year and \$250,000 the second year are for activities, training, and grants that reduce chloride pollution. Of this amount, \$100,000 each year is for grants for upgrading, optimizing, or replacing water-softener units. This appropriation is available until June 30, 2023. Any unencumbered grant balances in the first year do not cancel but are available for grants in the second year. This appropriation is available until June 30, 2025.

(j) \$110,000 the first year and \$110,000 the second year are to support activities of the Clean Water Council according to Minnesota Statutes, section 114D.30, subdivision 1.

(k) Notwithstanding Minnesota Statutes, section 16A.28, unless otherwise specified, the appropriations in this section are available until June 30, 2024.

Sec. 19. Laws 2019, First Special Session chapter 2, article 2, section 6, is amended to read:

Sec. 6. DEPARTMENT OF NATURAL RESOURCES \$ 9,310,000 \$ 9,310,000

(a) \$2,000,000 the first year and \$2,000,000 the second year are for stream flow monitoring. This appropriation is available until June 30, 2023.

(b) \$1,250,000 the first year and \$1,250,000 the second year are for lake Index of Biological Integrity (IBI) assessments. The number of IBI sampling assessments in the seven-county metropolitan area and the cities of Rochester and Duluth relative to the number of statewide sampling assessments must be proportional to the number of IBI-suitable lakes in the seven-county metropolitan area and the cities of Rochester and Duluth relative to the number of statewide IBI-suitable lakes. This appropriation is available until June 30, 2023.

(c) \$135,000 the first year and \$135,000 the second year are for assessing mercury and other fish contaminants, including monitoring to track the status of impaired waters over time. This appropriation is available until June 30, 2023.

(d) \$1,900,000 the first year and \$1,900,000 the second year are for developing targeted, science-based watershed restoration and protection strategies. This appropriation is available until June 30, 2023.

(e) \$2,075,000 the first year and \$2,075,000 the second year are for water-supply planning, aquifer protection, and monitoring activities. This appropriation is available until June 30, 2023.

(f) \$1,000,000 the first year and \$1,000,000 the second year are for technical assistance to support local implementation of nonpoint source restoration and protection activities.

(g) \$700,000 the first year and \$700,000 the second year are for applied research and tools, including watershed hydrologic modeling; maintaining and updating spatial data for watershed boundaries, streams, and water bodies and integrating high-resolution digital elevation data; and assessing effectiveness of forestry best management practices for water quality. This appropriation is available until June 30, 2023.

(h) \$150,000 the first year and \$150,000 the second year are for developing county geologic atlases. This appropriation is available until June 30, 2023.

(i) \$100,000 the first year and \$100,000 the second year are for maintenance and updates to buffer maps and for technical guidance on interpreting buffer maps

for local units of government implementing buffer requirements. Maps must be provided to local units of government and made available to landowners on the Department of Natural Resources website. This appropriation is available until June 30, 2023.

Sec. 20. Laws 2019, First Special Session chapter 2, article 2, section 7, is amended to read:

Sec. 7. BOARD OF WATER AND SOIL RESOURCES \$ 71,950,000 \$ 66,484,000

(a) \$13,591,000 the first year and \$13,375,000 the second year are for performance-based grants with multiyear implementation plans to local government units. The grants may be used to implement projects that protect, enhance, and restore surface water quality in lakes, rivers, and streams; protect groundwater from degradation; and protect drinking water sources. Projects must be identified in a comprehensive watershed plan developed under the One Watershed, One Plan or metropolitan surface water management frameworks or groundwater plans. Grant recipients must identify a nonstate match and may use other legacy funds to supplement projects funded under this paragraph.

(b) \$16,000,000 the first year and \$16,000,000 the second year are for grants to local government units to protect and restore surface water and drinking water; to keep water on the land; to protect, enhance, and restore water quality in lakes, rivers, and streams; and to protect groundwater and drinking water, including feedlot water quality and subsurface sewage treatment system projects and stream bank, stream channel, shoreline restoration, and ravine stabilization projects. The projects must use practices demonstrated to be effective, be of long-lasting public benefit, include a match, and be consistent with total maximum daily load (TMDL) implementation plans, watershed restoration and protection strategies (WRAPS), or local water management plans or their equivalents. A portion of this money may be used to seek administrative efficiencies through shared resources by multiple local governmental units. Up to 20 percent of this appropriation is available for land-treatment projects and practices that benefit drinking water.

(c) \$4,000,000 the first year and \$4,000,000 the second year are for accelerated implementation, local resource protection, enhancement grants, statewide analytical

targeting tools that fill an identified gap, program enhancements for technical assistance, citizen and community outreach, compliance, and training and certification.

(d) \$1,000,000 the first year and \$1,000,000 the second year are to provide state oversight and accountability, evaluate and communicate results, provide implementation tools, and measure the value of conservation program implementation by local governments, including submitting to the legislature by March 1 each even-numbered year a biennial report prepared by the board, in consultation with the commissioners of natural resources, health, agriculture, and the Pollution Control Agency, detailing the recipients, the projects funded under this section, and the amount of pollution reduced.

(e) \$2,500,000 the first year and \$2,500,000 the second year are to provide assistance, oversight, and grants for supporting local governments in implementing and complying with riparian protection and excessive soil loss requirements.

(f) \$4,750,000 the first year and \$4,750,000 the second year are to purchase, restore, or preserve riparian land adjacent to lakes, rivers, streams, and tributaries, by easements or contracts, to keep water on the land to decrease sediment, pollutant, and nutrient transport; reduce hydrologic impacts to surface waters; and increase infiltration for groundwater recharge. Up to \$507,000 is for deposit in a monitoring and enforcement account.

(g) \$2,000,000 the first year and \$2,000,000 the second year are for permanent conservation easements on wellhead protection areas under Minnesota Statutes, section 103F.515, subdivision 2, paragraph (d), or for grants to local units of government for fee title acquisition to permanently protect groundwater supply sources on wellhead protection areas or for otherwise ensuring long-term protection of groundwater supply sources as described under alternative management tools in the Department of Agriculture's Nitrogen Fertilizer Management Plan, including low-nitrogen cropping systems or implementing nitrogen fertilizer best management practices. Priority must be placed on land that is located where the vulnerability of the drinking water supply is designated as high or very

high by the commissioner of health, where drinking water protection plans have identified specific activities that will achieve long-term protection, and on lands with expiring Conservation Reserve Program contracts. Up to \$182,000 is for deposit in a monitoring and enforcement account.

(h) \$84,000 the first year and \$84,000 the second year are for a technical evaluation panel to conduct ten restoration evaluations under Minnesota Statutes, section 114D.50, subdivision 6.

(i) \$2,000,000 the first year and \$2,000,000 the second year are for assistance, oversight, and grants to local governments to transition local water management plans to a watershed approach as provided for in Minnesota Statutes, chapters 103B, 103C, 103D, and 114D.

(j) \$850,000 the first year and \$850,000 the second year are for technical assistance and grants for the conservation drainage program in consultation with the Drainage Work Group, coordinated under Minnesota Statutes, section 103B.101, subdivision 13, that includes projects to improve multipurpose water management under Minnesota Statutes, section 103E.015.

(k) \$11,250,000 the first year and \$6,000,000 the second year are to purchase and restore permanent conservation sites via easements or contracts to treat and store water on the land for water quality improvement purposes and related technical assistance. This work may be done in cooperation with the United States Department of Agriculture with a first-priority use to accomplish a conservation reserve enhancement program, or equivalent, in the state. Up to \$397,000 is for deposit in a monitoring and enforcement account.

(l) \$1,500,000 the first year and \$1,500,000 the second year are to purchase permanent conservation easements to protect lands adjacent to public waters with good water quality but threatened with degradation. Up to \$338,000 is for deposit in a monitoring and enforcement account.

(m) \$425,000 the first year and \$425,000 the second year are for grants or contracts for a program to systematically collect data and produce county, watershed, and statewide estimates of soil erosion

caused by water and wind along with tracking adoption of conservation measures, including cover crops, to address erosion. Up to \$700,000 is available for grants to or contracts with the University of Minnesota to complete this work.

(n) \$12,000,000 the first year and \$12,000,000 the second year are for payments to soil and water conservation districts for the purposes of Minnesota Statutes, sections 103C.321 and 103C.331. From this appropriation, each soil and water conservation district shall receive an increase in its base funding of \$100,000 per year. Money remaining after the base increase is available for grants to soil and water conservation districts as determined by the board based on county allocations to soil and water conservation districts and amount of private land and public waters. The board and other agencies may reduce the amount of grants to a county by an amount equal to any reduction in the county's allocation to a soil and water conservation district from the county's previous year allocation when the board determines that the reduction was disproportionate. The board may use up to one percent for the administration of payments.

(o) The board must contract for delivery of services with Conservation Corps Minnesota for restoration, maintenance, and other activities under this section for up to \$500,000 the first year and up to \$500,000 the second year.

(p) The board may shift grant, cost-share, or easement funds in this section and may adjust the technical and administrative assistance portion of the funds to leverage federal or other nonstate funds or to address oversight responsibilities or high-priority needs identified in local water management plans.

(q) The board must require grantees to specify the outcomes that will be achieved by the grants before any grant awards.

(r) The appropriations in this section are available until June 30, ~~2024~~ 2025, except grant funds are available for five years after the date a grant is executed, unless the commissioner of administration determines that a longer duration is in the best interest of the state according to Minnesota Statutes, section 16B.98. Returned grant funds must be regranted consistent with the purposes of this section.

(f) \$250,000 the first year and \$250,000 the second year are to develop public health policies and an action plan to address threats to safe drinking water, including development of a statewide plan for protecting drinking water.

(g) \$250,000 the first year and \$250,000 the second year are to create a road map for water reuse implementation in Minnesota and to address research gaps by studying Minnesota water reuse systems.

(h) Unless otherwise specified, the appropriations in this section are available until June 30, 2023.

Sec. 22. Laws 2019, First Special Session chapter 2, article 2, section 9, is amended to read:

Sec. 9. METROPOLITAN COUNCIL	\$	1,375,000	\$	1,375,000
-------------------------------------	-----------	------------------	-----------	------------------

(a) \$1,000,000 the first year and \$1,000,000 the second year are to implement projects that address emerging threats to the drinking water supply, provide cost-effective regional solutions, leverage interjurisdictional coordination, support local implementation of water supply reliability projects, and prevent degradation of groundwater resources in the metropolitan area. These projects will provide communities with:

- (1) potential solutions to leverage regional water use by using surface water, storm water, wastewater, and groundwater;
- (2) an analysis of infrastructure requirements for different alternatives;
- (3) development of planning-level cost estimates, including capital costs and operating costs;
- (4) identification of funding mechanisms and an equitable cost-sharing structure for regionally beneficial water supply development projects; and
- (5) development of subregional groundwater models.

(b) \$375,000 the first year and \$375,000 the second year are for the water demand reduction grant program to encourage municipalities in the metropolitan area to implement measures to reduce water demand to ensure the reliability and protection of drinking water supplies.

(c) The appropriations in this section are available until June 30, 2023.

Sec. 23. MULTIPURPOSE WATER MANAGEMENT APPROPRIATION EXTENSION.

The portion of the appropriation in Laws 2015, First Special Session chapter 2, article 2, section 7, paragraph (k), from the clean water fund for multipurpose water management projects under the conservation drainage program granted to the Greater Blue Earth River Basin Alliance for a project in Waseca County is available until July 1, 2022.

EFFECTIVE DATE. This section is effective retroactively from July 1, 2020.

Sec. 24. CLEAN WATER COUNCIL; REPORT REQUIRED.

By January 15, 2022, the Clean Water Council must submit a report to the chairs and ranking minority members of the house of representatives and senate committees and divisions with jurisdiction over the environment and natural resources and legacy that includes an assessment of the implementation of the high-resolution digital elevation data developed with the appropriations in Laws 2009, chapter 172, article 2, section 5, paragraph (d), and Laws 2011, First Special Session chapter 6, article 2, section 6, paragraph (h).

ARTICLE 3

PARKS AND TRAILS FUND

Section 1. PARKS AND TRAILS FUND APPROPRIATIONS.

The sums shown in the columns marked "Appropriations" are appropriated to the agencies and for the purposes specified in this article. The appropriations are from the parks and trails fund and are available for the fiscal years indicated for each purpose. The figures "2022" and "2023" used in this article mean that the appropriations listed under the figure are available for the fiscal year ending June 30, 2022, or June 30, 2023, respectively. "The first year" is fiscal year 2022. "The second year" is fiscal year 2023. "The biennium" is fiscal years 2022 and 2023. These are onetime appropriations.

APPROPRIATIONS

Available for the Year

Ending June 30

2022

2023

Sec. 2. PARKS AND TRAILS

Subdivision 1. <u>Total Appropriation</u>	\$	<u>54,797,000</u>	\$	<u>55,884,000</u>
--	-----------	--------------------------	-----------	--------------------------

The amounts that may be spent for each purpose are specified in the following sections.

Subd. 2. Availability of Appropriation

Money appropriated in this article may not be spent on activities unless they are directly related to and necessary for a specific appropriation. Money appropriated in this article must be spent in accordance with Minnesota Management and Budget *MMB Guidance to Agencies on Legacy Fund Expenditure*. Notwithstanding Minnesota Statutes, section 16A.28, and unless otherwise specified in this article, fiscal year 2022 appropriations are available until June 30, 2024, and fiscal year 2023 appropriations are available until June 30, 2025. If a project receives federal funds, the period of the appropriation is extended to equal the availability of federal funding.

Subd. 3. Disability Access

Where appropriate, grant recipients of parks and trails funds, in consultation with the Council on Disability and other appropriate governor-appointed disability councils, boards, committees, and commissions, should make progress toward providing people with disabilities greater access to programs, print publications, and digital media related to the programs the recipient funds using appropriations made in this article.

Sec. 3. DEPARTMENT OF NATURAL RESOURCES \$ 33,081,000 \$ 33,735,000

(a) \$21,712,000 the first year and \$22,149,000 the second year are for state parks, recreation areas, and trails to:

- (1) connect people to the outdoors;
- (2) acquire land and create opportunities;
- (3) maintain existing holdings; and
- (4) improve cooperation by coordinating with partners to implement the 25-year long-range parks and trails legacy plan.

(b) \$10,857,000 the first year and \$11,074,000 the second year are for grants for parks and trails of regional significance outside the seven-county metropolitan area under Minnesota Statutes, section 85.535. The grants awarded under this paragraph must be based on the lists of recommended projects submitted to the legislative committees under Minnesota Statutes, section 85.536, subdivision 10,

from the Greater Minnesota Regional Parks and Trails Commission established under Minnesota Statutes, section 85.536. Grants funded under this paragraph must support parks and trails of regional or statewide significance that meet the applicable definitions and criteria for regional parks and trails contained in the Greater Minnesota Regional Parks and Trails Strategic Plan adopted by the Greater Minnesota Regional Parks and Trails Commission on April 22, 2015. Grant recipients identified under this paragraph must submit a grant application to the commissioner of natural resources. Up to 2.5 percent of the appropriation may be used by the commissioner for the actual cost of issuing and monitoring the grants for the commission. Of the amount appropriated, \$456,000 the first year and \$456,000 the second year are for the Greater Minnesota Regional Parks and Trails Commission to carry out its duties under Minnesota Statutes, section 85.536, including the continued development of a statewide system plan for regional parks and trails outside the seven-county metropolitan area.

(c) By January 15, 2022, the Greater Minnesota Regional Parks and Trails Commission must submit a list of projects that contains the commission's recommendations for funding from the parks and trails fund for fiscal year 2023 to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over the environment and natural resources and the parks and trails fund.

(d) By January 15, 2022, the Greater Minnesota Regional Parks and Trails Commission must submit a report that contains the commission's criteria for funding from the parks and trails fund, including the criteria used to determine if a park or trail is of regional significance, to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over the environment and natural resources and the parks and trails fund.

(e) \$512,000 the first year and \$512,000 the second year are for coordination and projects between the department, the Metropolitan Council, and the Greater Minnesota Regional Parks and Trails Commission; enhanced web-based information for park and trail users; and support of activities of the Parks and Trails Legacy Advisory Committee.

Sec. 6. PROCTOR-HERMANTOWN MUNGER TRAIL SPUR; EXTENSION.

The portion of the appropriation in Laws 2017, chapter 91, article 3, section 3, paragraph (b), from the parks and trails fund granted to the city of Hermantown for the Proctor-Hermantown Munger Trail Spur project is available until June 30, 2022.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 7. COORDINATION AND PROJECTS; EXTENSION.

The portion of the appropriation in Laws 2017, chapter 91, article 3, section 3, paragraph (e), from the parks and trails fund for coordination and projects between the department, the Metropolitan Council, and the Greater Minnesota Regional Parks and Trails Commission; enhanced web-based information for park and trail users; and support of activities of the Parks and Trails Legacy Advisory Committee is available until June 30, 2022.

EFFECTIVE DATE. This section is effective the day following final enactment.

ARTICLE 4**ARTS AND CULTURAL HERITAGE FUND****Section 1. ARTS AND CULTURAL HERITAGE FUND APPROPRIATIONS.**

The sums shown in the columns marked "Appropriations" are appropriated to the entities and for the purposes specified in this article. The appropriations are from the arts and cultural heritage fund and are available for the fiscal years indicated for allowable activities under the Minnesota Constitution, article XI, section 15. The figures "2022" and "2023" used in this article mean that the appropriations listed under the figure are available for the fiscal year ending June 30, 2022, and June 30, 2023, respectively. "The first year" is fiscal year 2022. "The second year" is fiscal year 2023. "The biennium" is fiscal years 2022 and 2023. All appropriations in this article are onetime.

<u>APPROPRIATIONS</u>	
<u>Available for the Year</u>	
<u>Ending June 30</u>	
<u>2022</u>	<u>2023</u>

Sec. 2. ARTS AND CULTURAL HERITAGE

Subdivision 1. <u>Total Appropriation</u>	\$	<u>73,132,000</u>	\$	<u>76,617,000</u>
--	-----------	--------------------------	-----------	--------------------------

The amounts that may be spent for each purpose are specified in the following subdivisions.

Subd. 2. Availability of Appropriation

Money appropriated in this article must not be spent on activities unless they are directly related to and necessary for a specific appropriation. Money

appropriated in this article must not be spent on institutional overhead charges that are not directly related to and necessary for a specific appropriation. Money appropriated in this article must be spent in accordance with Minnesota Management and Budget *MMB Guidance to Agencies on Legacy Fund Expenditure*. Notwithstanding Minnesota Statutes, section 16A.28, and unless otherwise specified in this article, fiscal year 2022 appropriations are available until June 30, 2023, and fiscal year 2023 appropriations are available until June 30, 2024. If a project receives federal funds, the period of the appropriation is extended to equal the availability of federal funding.

Subd. 3. Minnesota State Arts Board

34,372,000

36,010,000

(a) The amounts in this subdivision are appropriated to the Minnesota State Arts Board for arts, arts education, arts preservation, and arts access. Grant agreements entered into by the Minnesota State Arts Board and other recipients of appropriations in this subdivision must ensure that these funds are used to supplement and not substitute for traditional sources of funding. Each grant program established in this appropriation must be separately administered from other state appropriations for program planning and outcome measurements, but may take into consideration other state resources awarded in the selection of applicants and grant award size.

(b) Arts and Arts Access Initiatives

\$27,497,000 the first year and \$28,808,000 the second year are to support Minnesota artists and arts organizations in creating, producing, and presenting high-quality arts activities; to preserve, maintain, and interpret art forms and works of art so that they are accessible to Minnesota audiences; to overcome barriers to accessing high-quality arts activities; and to instill the arts into the community and public life in this state.

(c) Arts Education

\$5,156,000 the first year and \$5,401,000 the second year are for high-quality, age-appropriate arts education for Minnesotans of all ages to develop knowledge, skills, and understanding of the arts.

(d) Arts and Cultural Heritage

\$1,719,000 the first year and \$1,801,000 the second year are for events and activities that represent, preserve, and maintain the diverse cultural arts traditions, including folk and traditional artists and art organizations, represented in this state.

(e) Up to 4.5 percent of the funds appropriated in paragraphs (b) to (d) may be used by the board for administering grant programs, delivering technical services, providing fiscal oversight for the statewide system, and ensuring accountability in fiscal year 2022 and fiscal year 2023.

(f) Up to 30 percent of the remaining total appropriation to each of the categories listed in paragraphs (b) to (d) is for grants to the regional arts councils. Notwithstanding any other provision of law, regional arts council grants or other arts council grants for touring programs, projects, or exhibits must ensure the programs, projects, or exhibits are able to tour in their own region as well as all other regions of the state.

(g) Any unencumbered balance remaining under this subdivision the first year does not cancel but is available the second year.

Subd. 4. Minnesota Historical Society15,588,00017,497,000

(a) The amounts in this subdivision are appropriated to the governing board of the Minnesota Historical Society to preserve and enhance access to Minnesota's history and its cultural and historical resources. Grant agreements entered into by the Minnesota Historical Society and other recipients of appropriations in this subdivision must ensure that these funds are used to supplement and not substitute for traditional sources of funding. Funds directly appropriated to the Minnesota Historical Society must be used to supplement and not substitute for traditional sources of funding. Notwithstanding Minnesota Statutes, section 16A.28, for historic preservation projects that improve historic structures, the amounts are available until June 30, 2025. The Minnesota Historical Society or grant recipients of the Minnesota Historical Society using arts and cultural heritage funds under this subdivision must give consideration to Conservation

Corps Minnesota and Northern Bedrock Historic Preservation Corps, or an organization carrying out similar work, for projects with the potential to need historic preservation services.

(b) Historical Grants and Programs

(1) Statewide Historic and Cultural Grants

\$5,982,000 the first year and \$7,000,000 the second year are for statewide historic and cultural grants to local, county, regional, or other historical or cultural organizations or for activities to preserve significant historic and cultural resources. Money must be distributed through a competitive grant process. The Minnesota Historical Society must administer the money using established grant mechanisms, with assistance from the advisory committee created under Laws 2009, chapter 172, article 4, section 2, subdivision 4, paragraph (b), item (ii).

(2) Statewide History Programs

\$6,213,000 the first year and \$6,990,000 the second year are for historic and cultural programs and purposes related to the heritage of the state. Of this amount, \$213,000 the first year must be used by the Board of Directors of the Minnesota Historical Society to either produce or purchase and distribute a book to engage and educate elementary school students on Minnesota's natural resources, legacy, culture, and history. The book should be made available cost-free to educators and libraries and through state historical society sites to provide to a targeted grade of elementary school students.

(3) History Partnerships

\$2,450,000 the first year and \$2,550,000 the second year are for history partnerships involving multiple organizations, which may include the Minnesota Historical Society, to preserve and enhance access to Minnesota's history and cultural heritage in all regions of the state.

(4) Statewide Survey of Historical and Archaeological Sites

\$475,000 the first year and \$525,000 the second year are for one or more contracts to be competitively awarded to conduct statewide surveys or investigations of Minnesota's sites of historical, archaeological, and cultural significance. Results of the surveys or investigations must be published in a searchable form and available to the public cost-free. The Minnesota Historical Society, the Office of the State Archaeologist, the Indian Affairs Council, and the State Historic Preservation Office must each appoint a representative to an oversight board to select contractors and direct the conduct of the surveys or investigations. The oversight board must consult with the Department of Transportation and Department of Natural Resources.

(5) Digital Library

\$368,000 the first year and \$382,000 the second year are for a digital library project to preserve, digitize, and share Minnesota images, documents, and historical materials. The Minnesota Historical Society must cooperate with the Minitex interlibrary loan system and must jointly share this appropriation for these purposes.

(6) Grants

(i) \$100,000 the first year is for a grant to the Litchfield Opera House to restore and renovate the historic Litchfield Opera House.

(ii) \$50,000 the second year is for a grant to the city of South St. Paul to relocate the gatehouses in the BridgePoint Business Park that remain from the Armour & Company meatpacking campus.

(c) Balance Remaining

Any unencumbered balance remaining under this subdivision the first year does not cancel but is available the second year.

Subd. 5. Department of Education

2,710,000

2,710,000

(a) \$2,500,000 the first year and \$2,500,000 the second year are appropriated to the commissioner of education for grants to the 12 Minnesota regional library systems to provide educational opportunities in the arts, history,

literary arts, and cultural heritage of Minnesota. This money must be allocated using the formulas in Minnesota Statutes, section 134.355, subdivisions 3, 4, and 5, with the remaining 25 percent to be distributed to all qualifying systems in an amount proportionate to the number of qualifying system entities in each system. For purposes of this subdivision, "qualifying system entity" means a public library, a regional library system, a regional library system headquarters, a county, or an outreach service program. This money may be used to sponsor programs provided by regional libraries or to provide grants to local arts and cultural heritage programs for programs in partnership with regional libraries. This money must be distributed in ten equal payments per year. Notwithstanding Minnesota Statutes, section 16A.28, the appropriations encumbered on or before June 30, 2023, as grants or contracts in this subdivision are available until June 30, 2025.

(b) \$110,000 each year is appropriated to the commissioner of education for a water safety grant program. The commissioner of education must allocate grants to eligible applicants. Eligible applicants include nonprofit organizations and city and county parks and recreation programs providing swimming lessons to youth. Eligible applicants are not required to partner with other entities. Grant funds must primarily be used to provide scholarships to low-income and at-risk children for swimming lessons. Up to 15 percent of the grant funds may also be used to hire water safety instructors or lifeguards or train water safety instructors or lifeguards in nationally recognized water safety practices and instruction. This appropriation is available until June 30, 2023.

(c) \$100,000 each year is appropriated to the commissioner of education for a grant to the entity designated by the Library of Congress as the Minnesota Center for the Book to provide statewide programming related to the Minnesota Book Awards and for additional programming throughout the state related to the Center for the Book designation.

Subd. 6. Department of Administration

11,383,000

11,225,000

(a) The amounts in this subdivision are appropriated to the commissioner of administration for grants to the named organizations for the purposes specified in this
