HOUSE OF REPRESENTATIVES

EIGHTY-EIGHTH SESSION

The bill was read for the first time and referred to the Committee on Environment, Natural Resources and Agriculture Finance

A bill for an act

relating to natural resources; appropriating money from environment and natural

03/13/2013 Adoption of Report: Pass as Amended and re-referred to the Committee on Ways and Means

04/02/2013 Adoption of Report: Pass as Amended and Read Second Time

Authored by Wagenius, Persell, Torkelson, Fabian and Lillie

05/01/2013 Calendar for the Day, Amended

Read Third Time as Amended

Passed by the House as Amended and transmitted to the Senate to include Floor Amendments

resources trust fund; modifying provisions for Legislative-Citizen Commission 1.3 on Minnesota Resources; modifying requirements for land acquisition with trust 1.4 fund money; amending Minnesota Statutes 2012, sections 116P.05, subdivisions 1.5 1, 2; 116P.09, subdivision 2; 116P.15; 116P.16; 116P.17; proposing coding for 1.6 new law in Minnesota Statutes, chapter 116P. 1.7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA: 18 Section 1. APPROPRIATIONS. 1.9 The sums shown in the columns marked "Appropriations" are appropriated to 1 10 the agencies and for the purposes specified in this act. The appropriations are from 1 11 the environment and natural resources trust fund and are available for the fiscal years 1.12 indicated for each purpose. The figures "2014" and "2015" used in this act mean that the 1 13 appropriations listed under them are available for the fiscal year ending June 30, 2014, 1 14 or June 30, 2015, respectively. "The first year" is fiscal year 2014. "The second year" is 1.15 fiscal year 2015. "The biennium" is fiscal years 2014 and 2015. The appropriations in 1.16 this act are onetime. 1.17 APPROPRIATIONS 1.18 Available for the Year 1.19 **Ending June 30** 1.20 1.21 2015

h1113-3

HF1113 THIRD ENGROSSMENT

3.1	of the production of county geologic atlases		
3.2	that define aquifer boundaries and the		
3.3	connection of aquifers to the land surface and		
3.4	surface water resources for the purpose of		
3.5	sustainable management of surface water and		
3.6	groundwater resources. This appropriation		
3.7	is available until June 30, 2016, by which		
3.8	time the project must be completed and final		
3.9	products delivered.		
3.10	(c) County Geologic Atlases - Part B		
3.11	\$1,200,000 the first year is from the trust		
3.12	fund to the commissioner of natural resources		
3.13	to continue the analysis and compilation		
3.14	of groundwater data for the production		
3.15	of county geologic atlases, publication of		
3.16	geospatial groundwater data, and continued		
3.17	mapping of springsheds and karst features		
3.18	for Winona and Houston Counties. This		
3.19	appropriation is available until June 30,		
3.20	2016, by which time the project must be		
3.21	completed and final products delivered.		
3.22 3.23	(d) Updating National Wetland Inventory for Minnesota - Phase IV		
3.24	\$1,000,000 the first year is from the trust		
3.25	fund to the commissioner of natural resources		
3.26	to continue the update and enhancement		
3.27	of wetland inventory maps for Minnesota.		
3.28	This appropriation is available until June		
3.29	30, 2016, by which time the project must be		
3.30	completed and final products delivered.		
3.31 3.32	(e) Conservation Easement Stewardship Program - Phase III		
3.33	\$200,000 the first year is from the trust fund		
3.34	to the commissioner of natural resources		
3.35	for the final phase to bring conservation		

REVISOR

4.1	easements held by the Department of Natural
4.2	Resources up to minimum conservation
4.3	standards, through monitoring, baseline data
4.4	collection, and baseline report preparation.
4.5 4.6	(f) Harnessing Soudan Mine Microbes: Bioremediation, Bioenergy, and Biocontrol
4.7	\$838,000 the first year is from the trust fund
4.8	to the Board of Regents of the University of
4.9	Minnesota to continue the characterization of
4.10	unique microbes discovered in the Soudan
4.11	Underground Mine State Park that have
4.12	potential applications for metal remediation
4.13	in water resources, microbial electrofuels,
4.14	and biocontrol of white-nose bat syndrome.
4.15	This appropriation is available until June
4.16	30, 2016, by which time the project must be
4.17	completed and final products delivered.
4.18 4.19	(g) Improved Rapid Forest Ecosystem and Habitat Inventory
4.20	\$262,000 the first year is from the trust fund
4.21	to the Board of Regents of the University
4.22	of Minnesota to evaluate a new approach to
4.23	forest inventory, based on statewide forest
4.24	inventory and analysis (FIA) data.
4.25 4.26	(h) Finding Disease Resistant Elm Trees in Minnesota
4.27	\$200,000 the first year is from the trust fund
4.28	to the Board of Regents of the University
4.29	of Minnesota to evaluate and identify
4.30	native Minnesota elms resistant to Dutch
4.31	elm disease to assist with limiting the
4.32	susceptibility of the state's elms to Dutch elm
4.33	disease. This appropriation is available until
4.34	June 30, 2016, by which time the project must
4 35	he completed and final products delivered

HF1113 THIRD ENGROSSMENT	REVISOR	JC	h1113-3
(i) Enhancing Timber Sale Progra Environmental and Economic Susta			
\$336,000 the first year is from the tru	st fund		
to the Board of Regents of the Unive	rsity		
of Minnesota to evaluate the impacts	of		
timber payment methods on postharv	rest		
forest ecological conditions and net re	evenue		
generated from public timber sale pro	ograms.		
This appropriation is available until J	<u>[une</u>		
30, 2016, by which time the project n	nust be		
completed and final products delivere	ed.		
(j) Enhancing Environmental and I Benefits of Woodland Grazing	Economic .		
\$190,000 the first year is from the tru	st fund		
to the Board of Regents of the Univer	esity of		
Minnesota to evaluate management o	ptions		
for woodlands used for grazing to im	prove		
ecological and economic benefits. The	<u>nis</u>		
appropriation is available until June 3	30,		
2016, by which time the project must	t be		
completed and final products delivere	ed.		
Subd. 4. Land, Habitat, Restoration	on, and	13,522,000	<u>-0-</u>
(a) State Parks and Trails Land Acc	quisition		
\$1,000,000 the first year is from the t	trust		
fund to the commissioner of natural re	esources		
to acquire authorized state trails and o	eritical eritical		
parcels within the statutory boundaries	<u>es</u>		

(a) State Parks and Trails Land A

5 Sec. 2.

as part of the required work plan. This

6.1	appropriation is available until June 30,
6.2	2016, by which time the project must be
6.3	completed and final products delivered.
6.4 6.5	(b) Scientific and Natural Area Restoration, Enhancement, and Citizen Engagement
6.6	\$1,500,000 the first year is from the
6.7	trust fund to the commissioner of natural
6.8	resources to conserve sites of biodiversity
6.9	significance by restoring and enhancing
6.10	lands established as scientific and natural
6.11	areas as provided in Minnesota Statutes,
6.12	section 86A.05, subdivision 5, and providing
6.13	volunteer engagement and outreach. This
6.14	appropriation is available until June 30,
6.15	2016, by which time the project must be
6.16	completed and final products delivered.
6.17 6.18	(c) Native Prairie Stewardship and Native Prairie Bank Easement Acquisition
6.19	\$750,000 the first year is from the trust fund
6.20	to the commissioner of natural resources
6.21	to acquire native prairie bank easements,
6.22	prepare baseline property assessments,
6.23	restore and enhance native prairie sites, and
6.24	provide technical assistance to landowners.
6.25	This appropriation is available until June
6.26	30, 2016, by which time the project must be
6.27	completed and final products delivered.
6.28 6.29	(d) Metropolitan Conservation Corridors (MeCC) - Phase VII
6.30	\$2,000,000 the first year is from the
6.31	trust fund for the acceleration of agency
6.32	programs and cooperative agreements.
6.33	Of this appropriation, \$10,000 is to the
6.34	commissioner of natural resources for
6.35	agency programs and \$1,990,000 is to
6.36	the commissioner of natural resources for

JC

7.1	agreements as follows: \$304,000 with
7.2	Friends of the Mississippi River; \$368,000
7.3	with Dakota County; \$208,000 with Great
7.4	River Greening; \$310,000 with Minnesota
7.5	Land Trust; \$400,000 with Minnesota Valley
7.6	National Wildlife Refuge Trust, Inc.; and
7.7	\$400,000 with the Trust for Public Land for
7.8	planning, restoring, and protecting priority
7.9	natural areas in the metropolitan area, as
7.10	defined under Minnesota Statutes, section
7.11	473.121, subdivision 2, and portions of the
7.12	surrounding counties, through contracted
7.13	services, technical assistance, conservation
7.14	easements, and fee title acquisition. Land
7.15	acquired with this appropriation must
7.16	be sufficiently improved to meet at least
7.17	minimum management standards, as
7.18	determined by the commissioner of natural
7.19	resources. Expenditures are limited to the
7.20	identified project corridor areas as defined in
7.21	the work plan. This appropriation may not be
7.22	used for the purchase of habitable residential
7.23	structures, unless expressly approved in the
7.24	work plan. All conservation easements must
7.25	be perpetual and have a natural resource
7.26	management plan. Any land acquired in fee
7.27	title by the commissioner of natural resources
7.28	with money from this appropriation must
7.29	be designated as an outdoor recreation unit
7.30	under Minnesota Statutes, section 86A.07.
7.31	The commissioner may similarly designate
7.32	any lands acquired in less than fee title. A
7.33	list of proposed restorations and fee title
7.34	and easement acquisitions must be provided
7.35	as part of the required work plan. Lands
7.36	that would require payments in lieu of taxes

8.1	under Minnesota Statutes, section 97A.061
8.2	or 477A.12, shall not be acquired with money
8.3	from this appropriation. Up to \$54,000 is for
8.4	use by Minnesota Land Trust in a monitoring
8.5	and enforcement fund as approved in the
8.6	work plan and subject to subdivision 16. An
8.7	entity that acquires a conservation easement
8.8	with appropriations from the trust fund
8.9	must have a long-term stewardship plan
8.10	for the easement and a fund established for
8.11	monitoring and enforcing the agreement.
8.12	Money appropriated from the trust fund for
8.13	easement acquisition may be used to establish
8.14	a monitoring, management, and enforcement
8.15	fund as approved in the work plan. An
8.16	annual financial report is required for any
8.17	monitoring, management, and enforcement
8.18	fund established, including expenditures
8.19	from the fund. This appropriation is available
8.20	until June 30, 2016, by which time the
8.21	project must be completed and final products
8.22	delivered.
8.23 8.24	(e) Landscape Arboretum Acquisition - Lake <u>Tamarack</u>
8.25	\$2,000,000 the first year is from the trust fund
8.26	to the Board of Regents of the University
8.27	of Minnesota to acquire land surrounding
8.28	Lake Tamarack in Carver County as part of
8.29	the acquisition of approximately 80 acres.
8.30	This appropriation is available until June
8.31	30, 2016, by which time the project must be
8.32	completed and final products delivered.
8.33 8.34	(f) Conservation Program Technical Assistance Grants
8.35	\$3,000,000 the first year is from the trust fund
9 26	to the Roard of Water and Soil Resources to

9.1	continue providing grants to son and water
9.2	conservation districts and other units of local
9.3	and state government for the employment
9.4	of staff to reenroll expiring lands into
9.5	programs for conservation purposes. This
9.6	appropriation is available until June 30,
9.7	2016, by which time the project must be
9.8	completed and final products delivered.
9.9 9.10	(g) Moose Habitat Restoration in Northeastern Minnesota
9.11	\$200,000 the first year is from the trust fund
9.12	to the Board of Regents of the University
9.13	of Minnesota for the Natural Resources
9.14	Research Institute to develop best practices
9.15	guidelines for creating moose foraging
9.16	habitat efficiently and cost-effectively. This
9.17	appropriation is available until June 30,
9.18	2016, by which time the project must be
9.19	completed and final products delivered.
9.20	(h) Bee Pollinator Habitat Enhancement
9.21	\$200,000 the first year is from the trust
9.22	fund to the Board of Regents of the
9.23	University of Minnesota to assess the
9.24	potential to supplement traditional turf grass
9.25	by providing critical floral plant resources
9.26	to enhance bee pollinator habitat. This
9.27	appropriation is available until June 30,
9.28	2016, by which time the project must be
9.29	completed and final products delivered.
9.30 9.31	(i) Conservation Grazing to Improve Wildlife Habitat on Wildlife Management Areas
9.32	\$600,000 the first year is from the trust fund
9.33	to the commissioner of natural resources
9.34	to develop grazing plans and provide
9.35	infrastructure to support conservation

10.1	grazing on approximately 10,000 acres
10.2	of targeted wildlife management areas in
10.3	partnership with local livestock producers.
10.4	Any revenue generated as a result of
10.5	this appropriation must be reinvested in
10.6	producing plans, conducting maintenance,
10.7	or building infrastructure for new or
10.8	existing conservation grazing efforts. This
10.9	appropriation is available until June 30,
10.10	2016, by which time the project must be
10.11	completed and final products delivered.
10.12 10.13	(j) Preserving the Avon Hills Landscape - Phase II
10.14	\$772,000 the first year is from the trust fund
10.15	to the commissioner of natural resources for
10.16	an agreement with Saint John's University in
10.17	cooperation with the Minnesota Land Trust
10.18	to secure permanent conservation easements
10.19	on high quality habitat in Stearns County,
10.20	prepare conservation management plans, and
10.21	provide public outreach. A list of proposed
10.22	easement acquisitions must be provided
10.23	as part of the required work plan. Up to
10.24	\$80,000 is for use by Minnesota Land Trust
10.25	in a monitoring and enforcement fund as
10.26	approved in the work plan and subject to
10.27	subdivision 16. An entity that acquires a
10.28	conservation easement with appropriations
10.29	from the trust fund must have a long-term
10.30	stewardship plan for the easement and a fund
10.31	established for monitoring and enforcing the
10.32	agreement. Money appropriated from the
10.33	trust fund for easement acquisition may be
10.34	used to establish a monitoring, management,
10.35	and enforcement fund as approved in the
10.36	work plan. An annual financial report is

h1113-3

REVISOR

HF1113 THIRD ENGROSSMENT

12.1	to continue development and implementation
12.2	of monitoring, modeling, and reporting
12.3	protocols for Minnesota lakes to be used
12.4	in water and fisheries management. This
12.5	appropriation is available until June 30,
12.6	2016, by which time the project must be
12.7	completed and final products delivered.
12.8 12.9	(b) Assessment of Natural Copper-Nickel Bedrocks on Water Quality
12.10	\$585,000 the first year is from the trust fund
12.11	to the Board of Regents of the University of
12.12	Minnesota in cooperation with the United
12.13	States Geological Survey to assess impacts
12.14	of existing mineralization and potential
12.15	mining on northeastern Minnesota regional
12.16	water quality, including impacts from copper,
12.17	nickel, and other metal concentrations in
12.18	rocks, streambed sediments, and soils in
12.19	areas of potential base-metal mining. This
12.20	appropriation is available until June 30,
12.21	2016, by which time the project must be
12.22	completed and final products delivered.
12.23 12.24	(c) Heron Lake Sediment and Phosphorus Reduction Implementation Projects
12.25	\$122,000 the first year is from the trust fund
12.26	to the Board of Water and Soil Resources for
12.27	an agreement with the Heron Lake Watershed
12.28	District for public outreach and installation
12.29	and monitoring of water quality improvement
12.30	projects. This appropriation is available until
12.31	June 30, 2016, by which time the project must
12.32	be completed and final products delivered.
12.33	(d) Southern Minnesota Lakes Restoration
12.34	\$463,000 the first year is from the trust fund
12.35	to the Board of Water and Soil Resources for

13.1	an agreement with Le Sueur County to install
13.2	shoreland and agricultural best management
13.3	practices to improve water quality for up
13.4	to 14 lakes in a tri-county area in southern
13.5	Minnesota. This appropriation is available
13.6	until June 30, 2016, by which time the
13.7	project must be completed and final products
13.8	delivered.
13.9 13.10	(e) Measuring Hydrologic Benefits from Glacial Ridge Habitat Restoration
13.11	\$400,000 the first year is from the trust fund
13.12	to the commissioner of natural resources for
13.13	an agreement with the Red Lake Watershed
13.14	District in cooperation with the United States
13.15	Geological Survey to compare the hydrology
13.16	of habitats before and after restorations to
13.17	evaluate and quantify the impacts on flood
13.18	reduction and water quality in order to inform
13.19	improvements to restoration techniques.
13.20	The United States Geologic Survey is not
13.21	subject to the requirements in Minnesota
13.22	Statutes, section 116P.10. This appropriation
13.23	is available until June 30, 2016, by which
13.24	time the project must be completed and final
13.25	products delivered.
13.26 13.27	(f) Evaluation of Lake Superior Water Quality Health
13.28	\$600,000 the first year is from the trust fund
13.29	to the Board of Regents of the University
13.30	of Minnesota to evaluate impacts to Lake
13.31	Superior from a changing thermal structure
13.32	and invasive species in order to implement
13.33	lake water quality management strategies.
13.34	This appropriation is available until June
13.35	30, 2016, by which time the project must be
13.36	completed and final products delivered.

invasive species (AIS) research center at the

University of Minnesota that will develop

new techniques to control aquatic invasive

REVISOR

15.1	and plant species. This appropriation is
15.2	available until June 30, 2019, by which time
15.3	the project must be completed and final
15.4	products delivered.
15.5 15.6	(b) Detecting and Monitoring Asian Carp Populations
15.7	\$540,000 the first year is from the trust fund
15.8	to the commissioner of natural resources to
15.9	accelerate a search and monitoring program
15.10	directly targeting Asian carp to be used in the
15.11	development of potential control strategies.
15.12 15.13	(c) Improving Emerald Ash Borer Detection <u>Efficacy for Control</u>
15.14	\$600,000 the first year is from the trust
15.15	fund to evaluate and implement options for
15.16	effective detection of the presence of emerald
15.17	ash borer. Of this appropriation, \$240,000
15.18	is to the commissioner of agriculture and
15.19	\$360,000 is to the Board of Regents of the
15.20	University of Minnesota. This appropriation
15.21	is available until June 30, 2016, by which
15.22	time the project must be completed and final
15.23	products delivered.
15.24	(d) Elimination of Target Invasive Plant Species
15.25	\$350,000 the first year is from the trust fund
15.26	to the commissioner of agriculture to train
15.27	volunteers and professionals to find, control,
15.28	and monitor targeted newly emergent
15.29	invasive species. This appropriation is
15.30	available until June 30, 2016, by which time
15.31	the project must be completed and final
15.32	products delivered.
15.33	(e) Biological Control of Garlic Mustard
15.34	\$140,000 the first year is from the trust fund
15.35	to the commissioner of natural resources in

16.1	cooperation with the University of Minnesota
16.2	to continue the implementation of biological
16.3	control for invasive garlic mustard plants.
16.4	This appropriation is available until June
16.5	30, 2016, by which time the project must be
16.6	completed and final products delivered.
16.7 16.8	(f) Zebra Mussel Control Research and Evaluation in Minnesota Waters
16.9	\$600,000 the first year is from the trust
16.10	fund to the commissioner of natural
16.11	resources for an agreement with the United
16.12	States Geological Survey, Upper Midwest
16.13	Environmental Sciences Center, to assess
16.14	the ecological impacts of a commercially
16.15	available molluscicide formulation on the
16.16	reproduction and development of native fish,
16.17	as well as impacts on larval aquatic insect
16.18	survival, and to evaluate the effectiveness
16.19	of these treatment options for detection
16.20	and control of zebra mussels. The United
16.21	States Geologic Survey is not subject to the
16.22	requirements in Minnesota Statutes, section
16.23	116P.10. This appropriation is available until
16.24	June 30, 2016, by which time the project must
16.25	be completed and final products delivered.
16.26 16.27	(g) Controlling Terrestrial Invasive Plants with Grazing Animals
16.28	\$52,000 the first year is from the trust fund to
16.29	the commissioner of natural resources for an
16.30	agreement with Hiawatha Valley Resource
16.31	Conservation and Development, Inc. to
16.32	develop cost effective best management
16.33	practices to control invasive terrestrial
16.34	species through planned grazing. This
16.35	appropriation is available until June 30,

JC

HFIII3 IHIKD ENGROSSMENI REVI
\$135,000 the first year is from the trust fund
to the commissioner of natural resources
at the direction of the Legislative-Citizen
Commission on Minnesota Resources for
expenses incurred for contract agreement
reimbursement for the agreements specified
in this section. The commissioner
shall provide documentation to the
Legislative-Citizen Commission on
Minnesota Resources on the expenditure of
these funds.
Subd. 9. Availability of Appropriations
Money appropriated in this section may
not be spent on activities unless they are
directly related to and necessary for a specific
appropriation and are specified in the work
plan approved by the Legislative-Citizen
Commission on Minnesota Resources.
Money appropriated in this section must
not be spent on indirect costs or other
institutional overhead charges that are
not directly related to and necessary for
a specific appropriation. Costs that are
directly related to and necessary for an
appropriation, including financial services,
human resources, information services, rent,
and utilities, are eligible only if the costs
can be clearly justified and individually
documented specific to the appropriation's
purpose and would not be generated by
the recipient but for the receipt of the
appropriation. No broad allocations for costs
in either dollars or percentages are allowed.
Unless otherwise provided, the amounts in

Sec. 2. 18

this section are available until June 30, 2015,

when projects must be completed and final

19.1	products delivered. For acquisition of real
19.2	property, the appropriations in this section
19.3	are available for an additional fiscal year if a
19.4	binding contract for acquisition of the real
19.5	property is entered into before the original
19.6	expiration date of the appropriation. If a
19.7	project receives a federal grant, the time
19.8	period of the appropriation is extended to
19.9	equal the federal grant period.
19.10	Subd. 10. Data Availability Requirements
19.11	Data collected by the projects funded under
19.12	this section must conform to guidelines
19.13	and standards adopted by MN.IT Services.
19.14	Spatial data also must conform to additional
19.15	guidelines and standards designed to support
19.16	data coordination and distribution that have
19.17	been published by the Minnesota Geospatial
19.18	Information Office. Descriptions of spatial
19.19	data must be prepared as specified in
19.20	the state's geographic metadata guideline
19.21	and must be submitted to the Minnesota
19.22	Geospatial Information Office. All data must
19.23	be accessible and free to the public unless
19.24	made private under the Data Practices Act,
19.25	Minnesota Statutes, chapter 13.
19.26	To the extent practicable, summary data and
19.27	results of projects funded under this section
19.28	should be readily accessible on the Internet
19.29	and identified as having received funding
19.30	from the environment and natural resources
19.31	trust fund.
19.32	Subd. 11. Project Requirements
19.33	(a) As a condition of accepting an
19.34	appropriation under this section, any agency
19.35	or entity receiving an appropriation or a

20.1	party to an agreement from an appropriation
20.2	must comply with paragraphs (b) to (k)
20.3	and Minnesota Statutes, chapter 116P, and
20.4	must submit a work plan and semiannual
20.5	progress reports in the form determined
20.6	by the Legislative-Citizen Commission on
20.7	Minnesota Resources for any project funded
20.8	in whole or in part with funds from the
20.9	appropriation. Modifications to the approved
20.10	work plan and budget expenditures shall
20.11	be made through the amendment process
20.12	established by the Legislative-Citizen
20.13	Commission on Minnesota Resources.
20.14	(b) For all restorations conducted with
20.15	money appropriated under this section,
20.16	a recipient must prepare an ecological
20.17	restoration and management plan that, to
20.18	the degree practicable, is consistent with the
20.19	highest quality conservation and ecological
20.20	goals for the restoration site. Consideration
20.21	should be given to soil, geology, topography,
20.22	and other relevant factors that would provide
20.23	the best chance for long-term success of the
20.24	restoration projects. The plan must include
20.25	the proposed timetable for implementing
20.26	the restoration, including site preparation,
20.27	establishment of diverse plant species,
20.28	maintenance, and additional enhancement to
20.29	establish the restoration; identify long-term
20.30	maintenance and management needs of
20.31	the restoration and how the maintenance,
20.32	management, and enhancement will be
20.33	financed; and take advantage of the best
20.34	available science and include innovative
20.35	techniques to achieve the best restoration.

21.1	(c) Any entity receiving an appropriation in
21.2	this section for restoration activities must
21.3	provide an initial restoration evaluation
21.4	at the completion of the appropriation
21.5	and an evaluation three years beyond the
21.6	completion of the expenditure. Restorations
21.7	must be evaluated relative to the stated
21.8	goals and standards in the restoration plan,
21.9	current science, and, when applicable, the
21.10	Board of Water and Soil Resources' native
21.11	vegetation establishment and enhancement
21.12	guidelines. The evaluation shall determine
21.13	whether the restorations are meeting planned
21.14	goals, identify any problems with the
21.15	implementation of the restorations, and,
21.16	if necessary, give recommendations on
21.17	improving restorations. The evaluation shall
21.18	be focused on improving future restorations.
21.19	(d) Except as otherwise provided in this
21.20	section, all restoration and enhancement
21.21	projects funded with money appropriated in
21.22	this section must be on land permanently
21.23	protected by a conservation easement or
21.24	public ownership or in public waters as
21.25	defined in Minnesota Statutes, section
21.26	103G.005, subdivision 15.
21.27	(e) A recipient of money from an
21.28	appropriation under this section must
21.29	give consideration to contracting with
21.30	Conservation Corps Minnesota for contract
21.31	restoration and enhancement services.
21.32	(f) All conservation easements acquired with
21.33	money appropriated under this section must:
21.34	(1) be perpetual;

22.1	(2) specify the parties to an easement in the
22.2	easement;
22.3	(3) specify all of the provisions of an
22.4	agreement that are perpetual;
22.5	(4) be sent to the Legislative-Citizen
22.6	Commission on Minnesota Resources in an
22.7	electronic format prior to closing;
22.8	(5) include a long-term monitoring and
22.9	enforcement plan and funding for monitoring
22.10	and enforcing the easement agreement; and
22.11	(6) include requirements in the easement
22.12	document to address specific water quality
22.13	protection activities such as keeping water
22.14	on the landscape, reducing nutrient and
22.15	contaminant loading, protecting groundwater,
22.16	and not permitting artificial hydrological
22.17	modifications.
22.18	(g) For any acquisition of land or interest in
22.19	land, a recipient of money appropriated under
22.20	this section must give priority to high quality
22.21	natural resources or conservation lands that
22.22	provide natural buffers to water resources.
22.23	(h) For new lands acquired with money
22.24	appropriated under this section, a
22.25	recipient must prepare a restoration and
22.26	management plan in compliance with
22.27	paragraph (b), including sufficient funding
22.28	for implementation unless the work plan
22.29	addresses why a portion of the money is
22.30	not necessary to achieve a high quality
22.31	restoration.
22.32	(i) To the extent an appropriation is used to
22.33	acquire an interest in real property, a recipient
22 34	of an appropriation under this section

must provide to the Legislative-Citizen

JC

23.2	Commission on Minnesota Resources and
23.3	the commissioner of management and budget
23.4	an analysis of increased operation and
23.5	maintenance costs likely to be incurred by
23.6	public entities as a result of the acquisition
23.7	and how these costs are to be paid.
23.8	(j) To ensure public accountability for the
23.9	use of public funds, a recipient of money
23.10	appropriated under this section must provide
23.11	to the Legislative-Citizen Commission on
23.12	Minnesota Resources documentation of the
23.13	selection process used to identify parcels
23.14	acquired and provide documentation of all
23.15	related transaction costs, including but not
23.16	limited to appraisals, legal fees, recording
23.17	fees, commissions, other similar costs,
23.18	and donations. This information must be
23.19	provided for all parties involved in the
23.20	transaction. The recipient must also report
23.21	to the Legislative-Citizen Commission on
23.22	Minnesota Resources any difference between
23.23	the acquisition amount paid to the seller
23.24	and the state-certified or state-reviewed
23.25	appraisal, if a state-certified or state-reviewed
23.26	appraisal was conducted. Acquisition data
23.27	such as appraisals may remain private during
23.28	negotiations but must ultimately be made
23.29	public according to Minnesota Statutes,
23.30	chapter 13. The commission may waive the
23.31	application of this paragraph for specific
23.32	projects.
23.33	(k) A recipient of an appropriation from
23.34	the trust fund under this section must
23.35	acknowledge financial support from
23.36	the Minnesota environment and natural

24.1	resources trust fund in project publications,
24.2	signage, and other public communications
24.3	and outreach related to work completed
24.4	using the appropriation. Acknowledgement
24.5	may occur, as appropriate, through use of
24.6	the trust fund logo or inclusion of language
24.7	attributing support from the trust fund. Each
24.8	direct recipient of money appropriated in
24.9	this section, as well as each recipient of a
24.10	grant awarded pursuant to this section, must
24.11	satisfy all reporting and other requirements
24.12	incumbent upon constitutionally dedicated
24.13	funding recipients as provided in Minnesota
24.14	Statutes, section 3.303, subdivision 10, and
24.15	chapter 116P.
24.16	Subd. 12. Payment Conditions and Capital
24.17	Equipment Expenditures
24.18	All agreements, grants, or contracts referred
24.19	to in this section must be administered on
24.20	a reimbursement basis unless otherwise
24.21	provided in this section. Notwithstanding
24.22	Minnesota Statutes, section 16A.41,
24.23	expenditures made on or after July 1, 2013, or
24.24	the date the work plan is approved, whichever
24.25	is later, are eligible for reimbursement unless
24.26	otherwise provided in this section. Periodic
24.27	payment must be made upon receiving
24.28	documentation that the deliverable items
24.29	articulated in the approved work plan
24.30	have been achieved, including partial
24.31	achievements as evidenced by approved
24.32	progress reports. Reasonable amounts may
	progress reports. Reasonable amounts may
24.33	be advanced to projects to accommodate
24.3324.34	
	be advanced to projects to accommodate

REVISOR

25.1	equipment are allowed unless expressly
25.2	authorized in the project work plan.
25.3 25.4	Subd. 13. Purchase of Recycled and Recyclable Materials
25.5	A political subdivision, public or private
25.6	corporation, or other entity that receives an
25.7	appropriation under this section must use the
25.8	appropriation in compliance with Minnesota
25.9	Statutes, section 16B.121, regarding
25.10	purchase of recycled, repairable, and durable
25.11	materials; and Minnesota Statutes, section
25.12	16B.122, regarding purchase and use of
25.13	paper stock and printing.
25.14 25.15	Subd. 14. Energy Conservation and Sustainable Building Guidelines
25.16	A recipient to whom an appropriation is made
25.17	under this section for a capital improvement
25.18	project must ensure that the project complies
25.19	with the applicable energy conservation and
25.20	sustainable building guidelines and standards
25.21	contained in law, including Minnesota
25.22	Statutes, sections 16B.325, 216C.19, and
25.23	216C.20, and rules adopted under those
25.24	sections. The recipient may use the energy
25.25	planning, advocacy, and State Energy Office
25.26	units of the Department of Commerce to
25.27	obtain information and technical assistance
25.28	on energy conservation and alternative
25.29	energy development relating to the planning
25.30	and construction of the capital improvement
25.31	project.
25.32	Subd. 15. Accessibility
25.33	Structural and nonstructural facilities must
25.34	meet the design standards in the Americans

REVISOR

26.1

with Disabilities Act (ADA) accessibility

26.2	guidelines.
26.3 26.4	Subd. 16. Easement Monitoring and Enforcement Requirements
26.5	Money appropriated under this section for
26.6	easement monitoring and enforcement may
26.7	be spent only on activities included in an
26.8	easement monitoring and enforcement plan
26.9	contained within the work plan. Money
26.10	received for monitoring and enforcement,
26.11	including earnings on the money received,
26.12	shall be kept in a monitoring and enforcement
26.13	fund held by the organization and dedicated
26.14	to monitoring and enforcing conservation
26.15	easements within Minnesota. Within 120
26.16	days after the close of the entity's fiscal
26.17	year, an entity receiving appropriations
26.18	for easement monitoring and enforcement
26.19	must provide an annual financial report
26.20	to the Legislative-Citizen Commission on
26.21	Minnesota Resources or its successor on
26.22	the easement monitoring and enforcement
26.23	fund as specified in the work plan.
26.24	Money appropriated under this section for
26.25	monitoring and enforcement of easements
26.26	and earnings on the money appropriated
26.27	shall revert to the state if: (1) the easement
26.28	transfers to the state; (2) the holder of the
26.29	easement fails to file an annual report and
26.30	then fails to cure that default within 30 days
26.31	of notification of the default by the state;
26.32	or (3) the holder of the easement fails to
26.33	comply with the terms of the monitoring and
26.34	enforcement plan contained within the work
26.35	plan and fails to cure that default within 90
26.36	days of notification of the default by the state.

(c) Appointed legislative members shall serve on the commission for two-year
terms, beginning in January of each odd-numbered year and continuing through the end
of December of the next even-numbered year. Appointed citizen members shall serve
four-year terms, beginning in January of the first year and continuing through the end
of December of the final year. Citizen and legislative members continue to serve until
their successors are appointed.

- (d) A citizen member may be removed by an appointing authority for cause. Vacancies occurring on the commission shall not affect the authority of the remaining members of the commission to carry out their duties, and vacancies shall be filled for the remainder of the term in the same manner under paragraph (a).
- (e) Citizen members shall be initially appointed according to the following schedule of terms:
- (1) two members appointed by the governor for a term ending the first Monday in January 2010;
- (2) one member appointed by the senate Subcommittee on Committees of the Committee on Rules and Administration for a term ending the first Monday in January 2010 and one member appointed by the speaker of the house for a term ending the first Monday in January 2010;
- (3) two members appointed by the governor for a term ending the first Monday in January 2009; and
- (4) one member appointed by the governor for a term ending the first Monday in January 2008.
- (f) Citizen members are entitled to per diem and reimbursement for expenses incurred in the services of the commission, as provided in section 15.059, subdivision 3.
 - (g) The governor's appointments are subject to the advice and consent of the senate.
- Sec. 4. Minnesota Statutes 2012, section 116P.05, subdivision 2, is amended to read:
- Subd. 2. **Duties.** (a) The commission shall recommend an annual or biennial legislative bill for appropriations from the environment and natural resources trust fund and shall adopt a strategic plan as provided in section 116P.08. Approval of the recommended legislative bill requires an affirmative vote of at least 12 members of the commission.
- (b) It is a condition of acceptance of the appropriations made from the Minnesota environment and natural resources trust fund, and oil overcharge money under section 4.071, subdivision 2, that the agency or entity receiving the appropriation must submit a work program_plan and semiannual progress reports in the form determined by the Legislative-Citizen Commission on Minnesota Resources, and comply with applicable

reporting requirements under section 116P.16. None of the money provided may be spent
unless the commission has approved the pertinent work program plan. Modifications to
the approved work plan and budget expenditures shall be made through the amendment
process established by the commission. The commission shall ensure that the expenditures
and outcomes described in the work plan for appropriations funded by the environment
and natural resources trust fund are met.

- (c) The peer review panel created under section 116P.08 must also review, comment, and report to the commission on research proposals applying for an appropriation from the oil overcharge money under section 4.071, subdivision 2.
- (d) The commission may adopt operating procedures to fulfill its duties under this chapter.
 - (e) As part of the operating procedures, the commission shall:
- (1) ensure that members' expectations are to participate in all meetings related to funding decision recommendations;
- (2) recommend adequate funding for increased citizen outreach and communications for trust fund expenditure planning;
- (3) allow administrative expenses as part of individual project expenditures based on need:
 - (4) provide for project outcome evaluation;
- (5) keep the grant application, administration, and review process as simple as possible; and
- (6) define and emphasize the leveraging of additional sources of money that project proposers should consider when making trust fund proposals.
 - Sec. 5. Minnesota Statutes 2012, section 116P.09, subdivision 2, is amended to read:
- Subd. 2. Liaison officers. The commission shall may request each department or agency head of all state agencies with a direct interest and responsibility in any phase of environment and natural resources to appoint, and the latter shall appoint for the agency, a liaison officer who shall work closely with the commission and its staff.
 - Sec. 6. Minnesota Statutes 2012, section 116P.15, is amended to read:

116P.15 LAND ACQUISITION RESTRICTIONS.

Subdivision 1. Scope. A recipient of an appropriation from the trust fund or the Minnesota future resources fund who acquires an interest in real property with the appropriation must comply with this section. If the recipient fails to comply with the terms of this section, ownership of the interest in real property transfers to the state. For

the purposes of this section, "interest in real property" includes, but is not limited to, an easement or fee title to property.

- Subd. 2. **Restrictions; modification procedure.** (a) An interest in real property acquired with an appropriation from the trust fund or the Minnesota future resources fund must be used in perpetuity or for the specific term of an easement interest for the purpose for which the appropriation was made. The ownership of the interest in real property transfers to the state if: (1) the holder of the interest in real property fails to comply with the terms and conditions of the grant agreement or work plan; or (2) restrictions are placed on the land that preclude its use for the intended purpose as specified in the appropriation.
- (b) A recipient of funding who acquires an interest in real property subject to this section may not alter the intended use of the interest in real property or convey any interest in the real property acquired with the appropriation without the prior review and approval of the commission or its successor. The commission shall notify the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over the trust fund or Minnesota future resources fund at least 15 business days before approval under this paragraph. The commission shall establish procedures to review requests from recipients to alter the use of or convey an interest in real property. These procedures shall allow for the replacement of the interest in real property with another interest in real property meeting the following criteria:
- (1) the interest is <u>must be</u> at least equal in fair market value, as certified by the commissioner of natural resources, to the interest being replaced; and
- (2) the interest is <u>must be</u> in a reasonably equivalent location, and <u>has have</u> a reasonably equivalent <u>usefulness useful conservation purpose</u> compared to the interest being replaced, <u>taking into consideration</u> all effects from fragmentation of the whole habitat.
- (c) A recipient of funding who acquires an interest in real property under paragraph (a) must separately record a notice of funding restrictions in the appropriate local government office where the conveyance of the interest in real property is filed. The notice of funding agreement must contain:
- (1) a legal description of the interest in real property covered by the funding agreement;
 - (2) a reference to the underlying funding agreement;
- (3) a reference to this section; and
- 31.33 (4) the following statement:

"This interest in real property shall be administered in accordance with the terms, conditions, and purposes of the grant agreement or work program controlling the acquisition of the property. The interest in real property, or any portion of the interest in

real property, shall not be sold, transferred, pledged, or otherwise disposed of or further encumbered without obtaining the prior written approval of the Legislative-Citizen Commission on Minnesota Resources or its successor. The ownership of the interest in real property transfers to the state if: (1) the holder of the interest in real property fails to comply with the terms and conditions of the grant agreement or work program, ownership of the interest in real property shall transfer to this state plan; or (2) restrictions are placed on the land that preclude its use for the intended purpose as specified in the appropriation."

Sec. 7. Minnesota Statutes 2012, section 116P.16, is amended to read:

116P.16 REAL PROPERTY INTEREST REPORT.

By December 1 each year, a recipient of an appropriation from the trust fund, that is used for the acquisition of an interest in real property, including, but not limited to, an easement or fee title, must submit annual reports on the status of the real property to the Legislative-Citizen Commission on Minnesota Resources or its successor in a form determined by the commission. The responsibility for reporting under this section may be transferred by the recipient of the appropriation to another person who holds the interest in the real property. To complete the transfer of reporting responsibility, the recipient of the appropriation must:

- (1) inform the person to whom the responsibility is transferred of that person's reporting responsibility;
- (2) inform the person to whom the responsibility is transferred of the property restrictions under section 116P.15; and
- 32.22 (3) provide written notice to the commission of the transfer of reporting responsibility, 32.23 including contact information for the person to whom the responsibility is transferred. 32.24 After the transfer, the person who holds the interest in the real property is responsible for
- 32.25 reporting requirements under this section.
- Sec. 8. Minnesota Statutes 2012, section 116P.17, is amended to read:

116P.17 ACQUISITION OF LANDS TO BE CONVEYED TO THE STATE OR INTEREST IN LANDS; COMMISSIONER APPROVAL.

Subdivision 1. Commissioner approval. (a) A recipient of an appropriation from the trust fund who acquires an interest in real property must receive written approval from the commissioner of natural resources prior to the acquisition, if the interest:

(1) is acquired in whole or in part with the appropriation; and

Sec. 8. 32

33.28

33.29

33.1	(2) will be conveyed to the state for management by the commissioner. Conservation
33.2	easements to be held by the Board of Water and Soil Resources are not subject to
33.3	commissioner approval under this section.
33.4	(b) The commissioner shall approve acquisitions under this section only when the
33.5	interest in real property:
33.6	(1) is identified as a high priority by the commissioner and meets the objectives and
33.7	criteria identified in the applicable acquisition plan for the intended management status
33.8	of the property; or
33.9	(2) meets the objectives and criteria identified in the applicable acquisition plan
33.10	for the intended management status of the property is otherwise identified by the
33.11	commissioner as a priority for state financing.
33.12	Subd. 2. Value assessment. Prior to acquiring an interest in real property with
33.13	an appropriation from the trust fund, a recipient of an appropriation must submit the
33.14	most recent tax assessed value and most recent tax statement of the real property and the
33.15	amount the recipient plans to offer for the interest in real property to the commission and
33.16	the commissioner of natural resources. Conservation easements to be held by the Board of
33.17	Water and Soil Resources are not subject to the requirements of this section. The board
33.18	shall keep a record of the tax assessed value of the real property at the time of acquisition
33.19	and the most recent tax statement.
33.20	Sec. 9. [116P.18] LANDS IN PUBLIC DOMAIN.
33.21	Money appropriated from the trust fund must not be used to purchase any land in
33.22	fee title or a permanent conservation easement if the land in question is fully or partially
33.23	owned by the state or a political subdivision of the state or was acquired fully or partially
33.24	with state money, unless:
33.25	(1) the purchase creates additional direct benefit to the protection, conservation,
33.26	preservation, and enhancement of the state's air, water, land, fish, wildlife, and other
33.27	natural resources; and

(2) the purchase is approved, prior to the acquisition, by an affirmative vote of
