1.18 **EFFECTIVE DATE.** This section is effective for taxable years beginning after December  
1.19 31, 2016.

2.1       Sec. 2. [290.0684] SECTION 529 COLLEGE SAVINGS PLAN CREDIT.

2.2           Subdivision 1. Definitions. (a) For purposes of this section, the term "federal adjusted  
2.3       gross income" has the meaning given under section 62(a) of the Internal Revenue Code,  
2.4       and "nonqualified distribution" means any distribution that is includable in gross income  
2.5       under section 529 of the Internal Revenue Code.

2.6           (b) "College savings plan account" means the formal record of transactions relating to  
2.7       a college savings account organized under section 529 of the Internal Revenue Code.

2.8           Subd. 2. Credit allowed. (a) A credit of up to \$500 is allowed to a resident individual  
2.9       against the tax imposed by this chapter, subject to the limitations in paragraph (b). The  
2.10      credit is not allowed to an individual who is eligible to be claimed as a dependent, as defined  
2.11      in sections 151 and 152 of the Internal Revenue Code.

2.12          (b) The credit allowed must be calculated by applying the following rates to the amount  
2.13      contributed to an account in a plan qualifying under section 529 of the Internal Revenue  
2.14      Code, in a taxable year, reduced by any withdrawals from the account made during the  
2.15      taxable year:

2.16          (1) 50 percent for individual filers and married couples filing a joint return who have  
2.17      federal adjusted gross income of not more than \$80,000;

2.18          (2) 25 percent for married couples filing a joint return who have federal adjusted gross  
2.19      income over \$80,000, but not more than \$100,000;

2.20          (3) ten percent for married couples filing a joint return who have federal adjusted gross  
2.21      income over \$100,000, but not more than \$120,000; and

2.22          (4) five percent for married couples filing a joint return who have federal adjusted gross  
2.23      income over \$120,000, but not more than \$160,000.

2.24          (c) The income thresholds in paragraph (b), clauses (1) to (4), used to calculate the credit,  
2.25      must be adjusted for inflation. The commissioner shall adjust by the percentage determined  
2.26      under the provisions of section 1(f) of the Internal Revenue Code, except that in section  
2.27      1(f)(3)(B) the word "2016" is substituted for the word "1992." For 2018, the commissioner  
2.28      shall then determine the percent change from the 12 months ending on August 31, 2016, to  
2.29      the 12 months ending on August 31, 2017, and in each subsequent year, from the 12 months  
2.30      ending on August 31, 2016, to the 12 months ending on August 31 of the year preceding  
2.31      the taxable year. The income thresholds as adjusted for inflation must be rounded to the  
2.32      nearest \$10 amount. If the amount ends in \$5, the amount is rounded up to the nearest \$10

amount. The determination of the commissioner under this subdivision is not subject to chapter 14, including section 14.386.

**Subd. 3. Credit transfer.** (a) The credit allowed under this section must be calculated after applying all other credits to the taxpayer's tax liability. If the amount of credit that the taxpayer is eligible to receive under this section exceeds the taxpayer's tax liability after applying all other credits, the commissioner shall transfer the excess amount according to paragraph (c).

(b) The taxpayer shall provide the commissioner with information required to transfer the excess amount calculated under paragraph (a), in a form and manner prescribed by the commissioner.

(c) The commissioner shall transfer the excess amount calculated under paragraph (a) to the plan administrator to be deposited to the taxpayer's college savings plan account. If the taxpayer made contributions to more than one account, the credit amount must be allocated based on the contributions to each account as a percentage of the total contributions to all accounts.

**Subd. 4. Allocation.** For a part-year resident, the credit must be allocated based on the percentage calculated under section 290.06, subdivision 2c, paragraph (e).

**Subd. 5. Recapture of credit.** In the case of a nonqualified distribution, the taxpayer is liable to the commissioner for the lesser of: ten percent of the amount of the nonqualified distribution, or the sum of credits received under this section for all years.

**Subd. 6. Appropriation.** An amount sufficient to pay the refunds required by this section is appropriated to the commissioner from the general fund.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2016.
