1.2 relating to human services; requiring the commissioner of human services to ensure

1.3 certain protections for children in foster care; amending Minnesota Statutes 2018,

1.4 section 260C.215, subdivision 4.

1.5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.6 Section 1. Minnesota Statutes 2018, section 260C.215, subdivision 4, is amended to read:

1.7 Subd. 4. **Duties of commissioner.** (a) The commissioner of human services shall:

1.8 (1) provide practice guidance to responsible social services agencies and licensed

1.9 child-placing agencies that reflect federal and state laws and policy direction on placement

1.10 of children;

1.11 (2) develop criteria for determining whether a prospective adoptive or foster family has

1.12 the ability to understand and validate the child's cultural background;

1.13 (3) provide a standardized training curriculum for adoption and foster care workers and

1.14 administrators who work with children. Training must address the following objectives:

1.15 (i) developing and maintaining sensitivity to all cultures;

1.16 (ii) assessing values and their cultural implications;

1.17 (iii) making individualized placement decisions that advance the best interests of a

1.18 particular child under section 260C.212, subdivision 2; and

1.19 (iv) issues related to cross-cultural placement;

1.20 (4) provide a training curriculum for all prospective adoptive and foster families that

1.21 prepares them to care for the needs of adoptive and foster children taking into consideration

2.1 the needs of children outlined in section 260C.212, subdivision 2, paragraph (b), and, as
2.2 necessary, preparation is continued after placement of the child and includes the knowledge
2.3 and skills related to reasonable and prudent parenting standards for the participation of the
2.4 child in age or developmentally appropriate activities, according to section 260C.212,
2.5 subdivision 14;

2.6 (5) develop and provide to responsible social services agencies and licensed child-placing
2.7 agencies a home study format to assess the capacities and needs of prospective adoptive
2.8 and foster families. The format must address problem-solving skills; parenting skills; evaluate
2.9 the degree to which the prospective family has the ability to understand and validate the
2.10 child's cultural background, and other issues needed to provide sufficient information for
2.11 agencies to make an individualized placement decision consistent with section 260C.212,
2.12 subdivision 2. For a study of a prospective foster parent, the format must also address the
2.13 capacity of the prospective foster parent to provide a safe, healthy, smoke-free home
2.14 environment. If a prospective adoptive parent has also been a foster parent, any update
2.15 necessary to a home study for the purpose of adoption may be completed by the licensing
2.16 authority responsible for the foster parent's license. If a prospective adoptive parent with
2.17 an approved adoptive home study also applies for a foster care license, the license application
2.18 may be made with the same agency which provided the adoptive home study; and

2.19 (6) consult with representatives reflecting diverse populations from the councils
2.20 established under sections 3.922 and 15.0145, and other state, local, and community

2.23 certain rights and protections while in foster care. Each child placed in foster care shall
2.24 receive notification of these rights and protections immediately upon out-of-home placement
2.25 or during the child's first meeting with a county social worker, in a document that is age
