BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

ARTICLE 1

CHILDREN AND FAMILY SERVICES

Section 1. Minnesota Statutes 2012, section 256D.02, subdivision 11, is amended to read:

Subd. 11. **State aid.** "State aid" means state aid to county agencies for general assistance ~~and general assistance medical care~~ expenditures as provided for in section 256D.03, ~~subdivisions~~ subdivision 2 and 3.

Sec. 2. Minnesota Statutes 2013 Supplement, section 256D.02, subdivision 12a, is amended to read:

Subd. 12a. **Resident.** (a) For purposes of eligibility for general assistance ~~and general assistance medical care~~, a person must be a resident of this state.

(b) A "resident" is a person living in the state for at least 30 days with the intention of making the person's home here and not for any temporary purpose. Time spent in a shelter for battered women shall count toward satisfying the 30-day residency requirement. All applicants for these programs are required to demonstrate the requisite intent and can do so in any of the following ways:

(1) by showing that the applicant maintains a residence at a verified address, other than a place of public accommodation. An applicant may verify a residence address by presenting a valid state driver's license, a state identification card, a voter registration card, a rent receipt, a statement by the landlord, apartment manager, or homeowner verifying that the individual is residing at the address, or other form of verification approved by the commissioner; or

(2) by verifying residence according to Minnesota Rules, part 9500.1219, subpart 3, item C.

(c) For general assistance, a county shall waive the 30-day residency requirement where unusual hardship would result from denial of general assistance. For purposes of this subdivision, "unusual hardship" means the applicant is without shelter or is without available resources for food.

The county agency must report to the commissioner within 30 days on any waiver granted under this section. The county shall not deny an application solely because the applicant does not meet at least one of the criteria in this subdivision, but shall continue to process the application and leave the application pending until the residency requirement is met or until eligibility or ineligibility is established.

(d) For purposes of paragraph (c), the following definitions apply (1) "metropolitan statistical area" is as defined by the United States Census Bureau; (2) "shelter" includes any shelter that is located within the metropolitan statistical area containing the county and for which the applicant is eligible, provided the applicant does not have to travel more than 20 miles to reach the shelter and has access to transportation to the shelter. Clause (2) does not apply to counties in the Minneapolis-St. Paul metropolitan statistical area.

(e) Migrant workers as defined in section 256J.08 ~~and, until March 31, 1998, their immediate families~~ are exempt from the residency requirements of this section, provided the migrant worker provides verification that the migrant family worked in this state within the last 12 months and earned at least \$1,000 in gross wages during the time the migrant worker worked in this state.

(f) For purposes of eligibility for emergency general assistance, the 30-day residency requirement under this section shall not be waived.

(g) If any provision of this subdivision is enjoined from implementation or found unconstitutional by any court of competent jurisdiction, the remaining provisions shall remain valid and shall be given full effect.

Sec. 3. Minnesota Statutes 2012, section 256D.04, is amended to read:

256D.04 DUTIES OF THE COMMISSIONER.

In addition to any other duties imposed by law, the commissioner shall:

(1) supervise according to section 256.01 the administration of general assistance ~~and general assistance medical care~~ by county agencies as provided in sections 256D.01 to 256D.21;

(2) promulgate uniform rules consistent with law for carrying out and enforcing the provisions of sections 256D.01 to 256D.21, including ~~section 256D.05, subdivision 3,~~

and section 256.01, subdivision 2, paragraph (16), to the end that general assistance may be administered as uniformly as possible throughout the state; rules shall be furnished immediately to all county agencies and other interested persons; in promulgating rules, the provisions of sections 14.001 to 14.69, shall apply;

(3) allocate money appropriated for general assistance ~~and general assistance medical care~~ to county agencies as provided in section 256D.03, ~~subdivisions~~ subdivision 2 and 3;

(4) accept and supervise the disbursement of any funds that may be provided by the federal government or from other sources for use in this state for general assistance ~~and general assistance medical care~~;

(5) cooperate with other agencies including any agency of the United States or of another state in all matters concerning the powers and duties of the commissioner under sections 256D.01 to 256D.21;

(6) cooperate to the fullest extent with other public agencies empowered by law to provide vocational training, rehabilitation, or similar services;

(7) gather and study current information and report at least annually to the governor on the nature and need for general assistance ~~and general assistance medical care~~, the amounts expended under the supervision of each county agency, and the activities of each county agency and publish such reports for the information of the public;

(8) specify requirements for general assistance ~~and general assistance medical care~~ reports, including fiscal reports, according to section 256.01, subdivision 2, paragraph (17); and

(9) ensure that every notice of eligibility for general assistance includes a notice that women who are pregnant may be eligible for medical assistance benefits.

Sec. 4. Minnesota Statutes 2012, section 256D.045, is amended to read:

256D.045 SOCIAL SECURITY NUMBER REQUIRED.

To be eligible for general assistance under sections 256D.01 to 256D.21, an individual must provide the individual's Social Security number to the county agency or submit proof that an application has been made. ~~An individual who refuses to provide a Social Security number because of a well-established religious objection as described in Code of Federal Regulations, title 42, section 435.910, may be eligible for general assistance medical care under section 256D.03.~~ The provisions of this section do not apply to the determination of eligibility for emergency general assistance under section 256D.06, subdivision 2. This provision applies to eligible children under the age of 18 effective July 1, 1997.

Sec. 5. Minnesota Statutes 2012, section 256D.07, is amended to read:

256D.07 TIME OF PAYMENT OF ASSISTANCE.

An applicant for general assistance ~~or general assistance medical care authorized by section 256D.03, subdivision 3,~~ shall be deemed eligible if the application and the verification of the statement on that application demonstrate that the applicant is within the eligibility criteria established by sections 256D.01 to 256D.21 and any applicable rules of the commissioner. Any person requesting general assistance ~~or general assistance medical care~~ shall be permitted by the county agency to make an application for assistance as soon as administratively possible and in no event later than the fourth day following the date on which assistance is first requested, and no county agency shall require that a person requesting assistance appear at the offices of the county agency more than once prior to the date on which the person is permitted to make the application. The application shall be in writing in the manner and upon the form prescribed by the commissioner and attested to by the oath of the applicant or in lieu thereof shall contain the following declaration which shall be signed by the applicant: "I declare that this application has been examined by me and to the best of my knowledge and belief is a true and correct statement of every material point." On the date that general assistance is first requested, the county agency shall inquire and determine whether the person requesting assistance is in immediate need of food, shelter, clothing, assistance for necessary transportation, or other emergency assistance pursuant to section 256D.06, subdivision 2. A person in need of emergency assistance shall be granted emergency assistance immediately, and necessary emergency assistance shall continue for up to 30 days following the date of application. A determination of an applicant's eligibility for general assistance shall be made by the county agency as soon as the required verifications are received by the county agency and in no event later than 30 days following the date that the application is made. Any verifications required of the applicant shall be reasonable, and the commissioner shall by rule establish reasonable verifications. General assistance shall be granted to an eligible applicant without the necessity of first securing action by the board of the county agency. The first month's grant must be computed to cover the time period starting with the date a signed application form is received by the county agency or from the date that the applicant meets all eligibility factors, whichever occurs later.

If upon verification and due investigation it appears that the applicant provided false information and the false information materially affected the applicant's eligibility for general assistance ~~or general assistance medical care provided pursuant to section 256D.03, subdivision 3,~~ or the amount of the applicant's general assistance grant, the county agency may refer the matter to the county attorney. The county attorney may

6.1 commence a criminal prosecution or a civil action for the recovery of any general
6.2 assistance wrongfully received, or both.

6.3 Sec. 6. Minnesota Statutes 2012, section 256I.04, subdivision 3, is amended to read:

6.4 Subd. 3. **Moratorium on development of group residential housing beds.** (a)
6.5 County agencies shall not enter into agreements for new group residential housing beds
6.6 with total rates in excess of the MSA equivalent rate except:

6.7 (1) for group residential housing establishments licensed under Minnesota Rules,
6.8 parts 9525.0215 to 9525.0355, provided the facility is needed to meet the census reduction
6.9 targets for persons with developmental disabilities at regional treatment centers;

6.10 ~~(2) to ensure compliance with the federal Omnibus Budget Reconciliation Act~~
6.11 ~~alternative disposition plan requirements for inappropriately placed persons with~~
6.12 ~~developmental disabilities or mental illness;~~

6.13 ~~(3)~~ (2) up to 80 beds in a single, specialized facility located in Hennepin County
6.14 that will provide housing for chronic inebriates who are repetitive users of detoxification
6.15 centers and are refused placement in emergency shelters because of their state of
6.16 intoxication, and planning for the specialized facility must have been initiated before July
6.17 1, 1991, in anticipation of receiving a grant from the Housing Finance Agency under
6.18 section 462A.05, subdivision 20a, paragraph (b);

6.19 ~~(4)~~ (3) notwithstanding the provisions of subdivision 2a, for up to 190 supportive
6.20 housing units in Anoka, Dakota, Hennepin, or Ramsey County for homeless adults with a
6.21 mental illness, a history of substance abuse, or human immunodeficiency virus or acquired
6.22 immunodeficiency syndrome. For purposes of this section, "homeless adult" means a
6.23 person who is living on the street or in a shelter or discharged from a regional treatment
6.24 center, community hospital, or residential treatment program and has no appropriate
6.25 housing available and lacks the resources and support necessary to access appropriate
6.26 housing. At least 70 percent of the supportive housing units must serve homeless adults
6.27 with mental illness, substance abuse problems, or human immunodeficiency virus or
6.28 acquired immunodeficiency syndrome who are about to be or, within the previous six
6.29 months, has been discharged from a regional treatment center, or a state-contracted
6.30 psychiatric bed in a community hospital, or a residential mental health or chemical
6.31 dependency treatment program. If a person meets the requirements of subdivision 1,
6.32 paragraph (a), and receives a federal or state housing subsidy, the group residential housing
6.33 rate for that person is limited to the supplementary rate under section 256I.05, subdivision
6.34 1a, and is determined by subtracting the amount of the person's countable income that
6.35 exceeds the MSA equivalent rate from the group residential housing supplementary rate.

A resident in a demonstration project site who no longer participates in the demonstration program shall retain eligibility for a group residential housing payment in an amount determined under section 256I.06, subdivision 8, using the MSA equivalent rate. Service funding under section 256I.05, subdivision 1a, will end June 30, 1997, if federal matching funds are available and the services can be provided through a managed care entity. If federal matching funds are not available, then service funding will continue under section 256I.05, subdivision 1a;

~~(5) for group residential housing beds in settings meeting the requirements of subdivision 2a, clauses (1) and (3), which are used exclusively for recipients receiving home and community-based waiver services under sections 256B.0915, 256B.092, subdivision 5, 256B.093, and 256B.49, and who resided in a nursing facility for the six months immediately prior to the month of entry into the group residential housing setting. The group residential housing rate for these beds must be set so that the monthly group residential housing payment for an individual occupying the bed when combined with the nonfederal share of services delivered under the waiver for that person does not exceed the nonfederal share of the monthly medical assistance payment made for the person to the nursing facility in which the person resided prior to entry into the group residential housing establishment. The rate may not exceed the MSA equivalent rate plus \$426.37 for any case;~~

~~(6) (4)~~ for an additional two beds, resulting in a total of 32 beds, for a facility located in Hennepin County providing services for recovering and chemically dependent men that has had a group residential housing contract with the county and has been licensed as a board and lodge facility with special services since 1980;

~~(7) (5)~~ for a group residential housing provider located in the city of St. Cloud, or a county contiguous to the city of St. Cloud, that operates a 40-bed facility, that received financing through the Minnesota Housing Finance Agency Ending Long-Term Homelessness Initiative and serves chemically dependent clientele, providing 24-hour-a-day supervision;

~~(8) (6)~~ for a new 65-bed facility in Crow Wing County that will serve chemically dependent persons, operated by a group residential housing provider that currently operates a 304-bed facility in Minneapolis, and a 44-bed facility in Duluth;

~~(9) (7)~~ for a group residential housing provider that operates two ten-bed facilities, one located in Hennepin County and one located in Ramsey County, that provide community support and 24-hour-a-day supervision to serve the mental health needs of individuals who have chronically lived unsheltered; and

(40) ~~(8)~~ for a group residential facility in Hennepin County with a capacity of up to 48 beds that has been licensed since 1978 as a board and lodging facility and that until August 1, 2007, operated as a licensed chemical dependency treatment program.

(b) A county agency may enter into a group residential housing agreement for beds with rates in excess of the MSA equivalent rate in addition to those currently covered under a group residential housing agreement if the additional beds are only a replacement of beds with rates in excess of the MSA equivalent rate which have been made available due to closure of a setting, a change of licensure or certification which removes the beds from group residential housing payment, or as a result of the downsizing of a group residential housing setting. The transfer of available beds from one county to another can only occur by the agreement of both counties.

Sec. 7. Minnesota Statutes 2012, section 256I.05, subdivision 1c, is amended to read:

Subd. 1c. **Rate increases.** A county agency may not increase the rates negotiated for group residential housing above those in effect on June 30, 1993, except as provided in paragraphs (a) to ~~(g)~~ (f).

(a) A county may increase the rates for group residential housing settings to the MSA equivalent rate for those settings whose current rate is below the MSA equivalent rate.

(b) A county agency may increase the rates for residents in adult foster care whose difficulty of care has increased. The total group residential housing rate for these residents must not exceed the maximum rate specified in subdivisions 1 and 1a. County agencies must not include nor increase group residential housing difficulty of care rates for adults in foster care whose difficulty of care is eligible for funding by home and community-based waiver programs under title XIX of the Social Security Act.

(c) The room and board rates will be increased each year when the MSA equivalent rate is adjusted for SSI cost-of-living increases by the amount of the annual SSI increase, less the amount of the increase in the medical assistance personal needs allowance under section 256B.35.

(d) When a group residential housing rate is used to pay for an individual's room and board, or other costs necessary to provide room and board, the rate payable to the residence must continue for up to 18 calendar days per incident that the person is temporarily absent from the residence, not to exceed 60 days in a calendar year, if the absence or absences have received the prior approval of the county agency's social service staff. Prior approval is not required for emergency absences due to crisis, illness, or injury.

(e) For facilities meeting substantial change criteria within the prior year. Substantial change criteria exists if the group residential housing establishment experiences a 25

percent increase or decrease in the total number of its beds, if the net cost of capital additions or improvements is in excess of 15 percent of the current market value of the residence, or if the residence physically moves, or changes its licensure, and incurs a resulting increase in operation and property costs.

(f) Until June 30, 1994, a county agency may increase by up to five percent the total rate paid for recipients of assistance under sections 256D.01 to 256D.21 or 256D.33 to 256D.54 who reside in residences that are licensed by the commissioner of health as a boarding care home, but are not certified for the purposes of the medical assistance program. However, an increase under this clause must not exceed an amount equivalent to 65 percent of the 1991 medical assistance reimbursement rate for nursing home resident class A, in the geographic grouping in which the facility is located, as established under Minnesota Rules, parts 9549.0050 to 9549.0058.

~~(g) For the rate year beginning July 1, 1996, a county agency may increase the total rate paid for recipients of assistance under sections 256D.01 to 256D.21 or 256D.33 to 256D.54 who reside in a residence that meets the following criteria:~~

- ~~(1) it is licensed by the commissioner of health as a boarding care home;~~
- ~~(2) it is not certified for the purposes of the medical assistance program;~~
- ~~(3) at least 50 percent of its residents have a primary diagnosis of mental illness;~~
- ~~(4) it has at least 17 beds; and~~
- ~~(5) it provides medication administration to residents.~~

~~The rate following an increase under this paragraph must not exceed an amount equivalent to the average 1995 medical assistance payment for nursing home resident class A under the age of 65, in the geographic grouping in which the facility is located, as established under Minnesota Rules, parts 9549.0010 to 9549.0080.~~

Sec. 8. Minnesota Statutes 2012, section 256J.425, subdivision 4, is amended to read:

Subd. 4. **Employed participants.** (a) An assistance unit subject to the time limit under section 256J.42, subdivision 1, is eligible to receive assistance under a hardship extension if the participant who reached the time limit belongs to:

(1) a one-parent assistance unit in which the participant is participating in work activities for at least 30 hours per week, of which an average of at least 25 hours per week every month are spent participating in employment;

(2) a two-parent assistance unit in which the participants are participating in work activities for at least 55 hours per week, of which an average of at least 45 hours per week every month are spent participating in employment; or

(3) an assistance unit in which a participant is participating in employment for fewer hours than those specified in clause (1), and the participant submits verification from a qualified professional, in a form acceptable to the commissioner, stating that the number of hours the participant may work is limited due to illness or disability, as long as the participant is participating in employment for at least the number of hours specified by the qualified professional. The participant must be following the treatment recommendations of the qualified professional providing the verification. The commissioner shall develop a form to be completed and signed by the qualified professional, documenting the diagnosis and any additional information necessary to document the functional limitations of the participant that limit work hours. If the participant is part of a two-parent assistance unit, the other parent must be treated as a one-parent assistance unit for purposes of meeting the work requirements under this subdivision.

(b) For purposes of this section, employment means:

- (1) unsubsidized employment under section 256J.49, subdivision 13, clause (1);
- (2) subsidized employment under section 256J.49, subdivision 13, clause (2);
- (3) on-the-job training under section 256J.49, subdivision 13, clause (2);
- (4) an apprenticeship under section 256J.49, subdivision 13, clause (1);
- (5) supported work under section 256J.49, subdivision 13, clause (2);
- (6) a combination of clauses (1) to (5); or
- (7) child care under section 256J.49, subdivision 13, clause (7), if it is in combination with paid employment.

(c) If a participant is complying with a child protection plan under chapter 260C, the number of hours required under the child protection plan count toward the number of hours required under this subdivision.

(d) The county shall provide the opportunity for subsidized employment to participants needing that type of employment within available appropriations.

(e) To be eligible for a hardship extension for employed participants under this subdivision, a participant must be in compliance for at least ten out of the 12 months the participant received MFIP immediately preceding the participant's 61st month on assistance. If ten or fewer months of eligibility for TANF assistance remain at the time the participant from another state applies for assistance, the participant must be in compliance every month.

(f) The employment plan developed under section 256J.521, subdivision 2, for participants under this subdivision must contain at least the minimum number of hours specified in paragraph (a) for the purpose of meeting the requirements for an extension under this subdivision. The job counselor and the participant must sign the employment

11.3 (g) Participants who fail to meet the requirements in paragraph (a), without good
11.4 cause under section 256J.57, shall be sanctioned or permanently disqualified under
11.5 subdivision 6. Good cause may only be granted for that portion of the month for which
11.6 the good cause reason applies. Participants must meet all remaining requirements in the
11.7 approved employment plan or be subject to sanction or permanent disqualification.

11.8 (h) If the noncompliance with an employment plan is due to the involuntary loss of
11.9 employment, the participant is exempt from the hourly employment requirement under
11.10 this subdivision for one month. Participants must meet all remaining requirements in the
11.11 approved employment plan or be subject to sanction or permanent disqualification. ~~This~~
11.12 ~~exemption is available to each participant two times in a 12-month period.~~

11.13 Sec. 9. Minnesota Statutes 2012, section 518A.65, is amended to read:

11.14 **518A.65 DRIVER'S LICENSE SUSPENSION.**

11.15 (a) Upon motion of an obligee, which has been properly served on the obligor and
11.16 upon which there has been an opportunity for hearing, if a court finds that the obligor has
11.17 been or may be issued a driver's license by the commissioner of public safety and the
11.18 obligor is in arrears in court-ordered child support or maintenance payments, or both,
11.19 in an amount equal to or greater than three times the obligor's total monthly support
11.20 and maintenance payments and is not in compliance with a written payment agreement
11.21 pursuant to section 518A.69 that is approved by the court, a child support magistrate, or
11.22 the public authority, the court shall order the commissioner of public safety to suspend the
11.23 obligor's driver's license. The court's order must be stayed for 90 days in order to allow the
11.24 obligor to execute a written payment agreement pursuant to section 518A.69. The payment
11.25 agreement must be approved by either the court or the public authority responsible for
11.26 child support enforcement. If the obligor has not executed or is not in compliance with
11.27 a written payment agreement pursuant to section 518A.69 after the 90 days expires, the
11.28 court's order becomes effective and the commissioner of public safety shall suspend
11.29 the obligor's driver's license. The remedy under this section is in addition to any other
11.30 enforcement remedy available to the court. An obligee may not bring a motion under this
11.31 paragraph within 12 months of a denial of a previous motion under this paragraph.

11.32 (b) If a public authority responsible for child support enforcement determines that
11.33 the obligor has been or may be issued a driver's license by the commissioner of public
11.34 safety and the obligor is in arrears in court-ordered child support or maintenance payments
11.35 or both in an amount equal to or greater than three times the obligor's total monthly support

12.1 and maintenance payments and not in compliance with a written payment agreement
12.2 pursuant to section 518A.69 that is approved by the court, a child support magistrate, or
12.3 the public authority, the public authority shall direct the commissioner of public safety to
12.4 suspend the obligor's driver's license. The remedy under this section is in addition to any
12.5 other enforcement remedy available to the public authority.

12.6 (c) At least 90 days prior to notifying the commissioner of public safety according
12.7 to paragraph (b), the public authority must mail a written notice to the obligor at the
12.8 obligor's last known address, that it intends to seek suspension of the obligor's driver's
12.9 license and that the obligor must request a hearing within 30 days in order to contest the
12.10 suspension. If the obligor makes a written request for a hearing within 30 days of the date
12.11 of the notice, a court hearing must be held. Notwithstanding any law to the contrary, the
12.12 obligor must be served with 14 days' notice in writing specifying the time and place of the
12.13 hearing and the allegations against the obligor. The notice must include information that
12.14 apprises the obligor of the requirement to develop a written payment agreement that is
12.15 approved by a court, a child support magistrate, or the public authority responsible for
12.16 child support enforcement regarding child support, maintenance, and any arrearages in
12.17 order to avoid license suspension. The notice may be served personally or by mail. If
12.18 the public authority does not receive a request for a hearing within 30 days of the date
12.19 of the notice, and the obligor does not execute a written payment agreement pursuant to
12.20 section 518A.69 that is approved by the public authority within 90 days of the date of the
12.21 notice, the public authority shall direct the commissioner of public safety to suspend the
12.22 obligor's driver's license under paragraph (b).

12.23 (d) At a hearing requested by the obligor under paragraph (c), and on finding that
12.24 the obligor is in arrears in court-ordered child support or maintenance payments or both
12.25 in an amount equal to or greater than three times the obligor's total monthly support
12.26 and maintenance payments, the district court or child support magistrate shall order the
12.27 commissioner of public safety to suspend the obligor's driver's license or operating
12.28 privileges unless the court or child support magistrate determines that the obligor has
12.29 executed and is in compliance with a written payment agreement pursuant to section
12.30 518A.69 that is approved by the court, a child support magistrate, or the public authority.

12.31 (e) An obligor whose driver's license or operating privileges are suspended may:

12.32 (1) provide proof to the public authority responsible for child support enforcement
12.33 that the obligor is in compliance with all written payment agreements pursuant to section
12.34 518A.69;

12.35 (2) bring a motion for reinstatement of the driver's license. At the hearing, if the
12.36 court or child support magistrate orders reinstatement of the driver's license, the court or

13.1 child support magistrate must establish a written payment agreement pursuant to section
13.2 518A.69; or

13.3 (3) seek a limited license under section 171.30. A limited license issued to an obligor
13.4 under section 171.30 expires 90 days after the date it is issued.

13.5 Within 15 days of the receipt of that proof or a court order, the public authority shall
13.6 inform the commissioner of public safety that the obligor's driver's license or operating
13.7 privileges should no longer be suspended.

13.8 ~~(f) On January 15, 1997, and every two years after that, the commissioner of human~~
13.9 ~~services shall submit a report to the legislature that identifies the following information~~
13.10 ~~relevant to the implementation of this section:~~

13.11 ~~(1) the number of child support obligors notified of an intent to suspend a driver's~~
13.12 ~~license;~~

13.13 ~~(2) the amount collected in payments from the child support obligors notified of an~~
13.14 ~~intent to suspend a driver's license;~~

13.15 ~~(3) the number of cases paid in full and payment agreements executed in response~~
13.16 ~~to notification of an intent to suspend a driver's license;~~

13.17 ~~(4) the number of cases in which there has been notification and no payments or~~
13.18 ~~payment agreements;~~

13.19 ~~(5) the number of driver's licenses suspended;~~

13.20 ~~(6) the cost of implementation and operation of the requirements of this section; and~~

13.21 ~~(7) the number of limited licenses issued and number of cases in which payment~~
13.22 ~~agreements are executed and cases are paid in full following issuance of a limited license.~~

13.23 ~~(g)~~ (f) In addition to the criteria established under this section for the suspension of
13.24 an obligor's driver's license, a court, a child support magistrate, or the public authority
13.25 may direct the commissioner of public safety to suspend the license of a party who has
13.26 failed, after receiving notice, to comply with a subpoena relating to a paternity or child
13.27 support proceeding. Notice to an obligor of intent to suspend must be served by first class
13.28 mail at the obligor's last known address. The notice must inform the obligor of the right to
13.29 request a hearing. If the obligor makes a written request within ten days of the date of
13.30 the hearing, a hearing must be held. At the hearing, the only issues to be considered are
13.31 mistake of fact and whether the obligor received the subpoena.

13.32 ~~(h)~~ (g) The license of an obligor who fails to remain in compliance with an
13.33 approved written payment agreement may be suspended. Prior to suspending a license for
13.34 noncompliance with an approved written payment agreement, the public authority must
13.35 mail to the obligor's last known address a written notice that (1) the public authority
13.36 intends to seek suspension of the obligor's driver's license under this paragraph, and (2)

the obligor must request a hearing, within 30 days of the date of the notice, to contest the suspension. If, within 30 days of the date of the notice, the public authority does not receive a written request for a hearing and the obligor does not comply with an approved written payment agreement, the public authority must direct the Department of Public Safety to suspend the obligor's license under paragraph (b). If the obligor makes a written request for a hearing within 30 days of the date of the notice, a court hearing must be held. Notwithstanding any law to the contrary, the obligor must be served with 14 days' notice in writing specifying the time and place of the hearing and the allegations against the obligor. The notice may be served personally or by mail at the obligor's last known address. If the obligor appears at the hearing and the court determines that the obligor has failed to comply with an approved written payment agreement, the court or public authority shall notify the Department of Public Safety to suspend the obligor's license under paragraph (b). If the obligor fails to appear at the hearing, the court or public authority must notify the Department of Public Safety to suspend the obligor's license under paragraph (b).

15.4 Subd. 2. **Evaluation.** (a) The grantee must report to the commissioner on a quarterly
15.5 basis the following information:

15.6 (1) the total number of appointments available for scheduling by specialty;

15.7 (2) the average length of time between scheduling and actual appointment;

15.9 uninsured; and

15.10 (4) the total number of appointments resulting in visits completed and number of
15.11 patients continuing services with the referring clinic.

15.12 ~~(b) The commissioner, in consultation with the Minnesota Hospital Association,~~

15.17 ~~of the costs saved from any documented reductions.~~

15.18 Sec. 2. Minnesota Statutes 2012, section 256.969, subdivision 9, is amended to read:

15.19 Subd. 9. **Disproportionate numbers of low-income patients served.** ~~(a) For~~
15.20 ~~admissions occurring on or after October 1, 1992, through December 31, 1992, the~~
15.21 ~~medical assistance disproportionate population adjustment shall comply with federal law~~
15.22 ~~and shall be paid to a hospital, excluding regional treatment centers and facilities of the~~

15.27 ~~federal Indian Health Service but less than or equal to one standard deviation above the~~
15.28 ~~mean, the adjustment must be determined by multiplying the total of the operating and~~
15.29 ~~property payment rates by the difference between the hospital's actual medical assistance~~
15.30 ~~inpatient utilization rate and the arithmetic mean for all hospitals excluding regional~~
15.31 ~~treatment centers and facilities of the federal Indian Health Service; and~~

15.32 ~~(2) for a hospital with a medical assistance inpatient utilization rate above one~~
15.33 ~~standard deviation above the mean, the adjustment must be determined by multiplying~~
15.34 ~~the adjustment that would be determined under clause (1) for that hospital by 1.1. If~~

16.1 ~~federal matching funds are not available for all adjustments under this subdivision, the~~
16.2 ~~commissioner shall reduce payments on a pro rata basis so that all adjustments qualify for~~
16.3 ~~federal match. The commissioner may establish a separate disproportionate population~~
16.4 ~~operating payment rate adjustment under the general assistance medical care program.~~
16.5 ~~For purposes of this subdivision medical assistance does not include general assistance~~
16.6 ~~medical care. The commissioner shall report annually on the number of hospitals likely to~~
16.7 ~~receive the adjustment authorized by this paragraph. The commissioner shall specifically~~
16.8 ~~report on the adjustments received by public hospitals and public hospital corporations~~

16.15 (1) for a hospital with a medical assistance inpatient utilization rate above the
16.16 arithmetic mean for all hospitals excluding regional treatment centers and facilities of the
16.17 federal Indian Health Service but less than or equal to one standard deviation above the
16.18 mean, the adjustment must be determined by multiplying the total of the operating and
16.19 property payment rates by the difference between the hospital's actual medical assistance
16.20 inpatient utilization rate and the arithmetic mean for all hospitals excluding regional
16.21 treatment centers and facilities of the federal Indian Health Service;

16.22 (2) for a hospital with a medical assistance inpatient utilization rate above one
16.23 standard deviation above the mean, the adjustment must be determined by multiplying
16.24 the adjustment that would be determined under clause (1) for that hospital by 1.1. The
16.25 commissioner may establish a separate disproportionate population operating payment
16.26 rate adjustment under the general assistance medical care program. For purposes of this
16.27 subdivision, medical assistance does not include general assistance medical care. The
16.28 commissioner shall report annually on the number of hospitals likely to receive the
16.29 adjustment authorized by this paragraph. The commissioner shall specifically report on
16.30 the adjustments received by public hospitals and public hospital corporations located
16.31 in cities of the first class;

16.32 (3) for a hospital that had medical assistance fee-for-service payment volume during
16.33 calendar year 1991 in excess of 13 percent of total medical assistance fee-for-service
16.34 payment volume, a medical assistance disproportionate population adjustment shall be
16.35 paid in addition to any other disproportionate payment due under this subdivision as
16.36 follows: \$1,515,000 due on the 15th of each month after noon, beginning July 15, 1995.

For a hospital that had medical assistance fee-for-service payment volume during calendar year 1991 in excess of eight percent of total medical assistance fee-for-service payment volume and was the primary hospital affiliated with the University of Minnesota, a medical assistance disproportionate population adjustment shall be paid in addition to any other disproportionate payment due under this subdivision as follows: \$505,000 due on the 15th of each month after noon, beginning July 15, 1995; and

(4) effective August 1, 2005, the payments in ~~paragraph (b)~~, clause (3); shall be reduced to zero.

~~(e)~~ (b) The commissioner shall adjust rates paid to a health maintenance organization under contract with the commissioner to reflect rate increases provided in paragraph ~~(b)~~ (a), clauses (1) and (2), on a nondiscounted hospital-specific basis but shall not adjust those rates to reflect payments provided in paragraph (a), clause (3).

~~(d)~~ (c) If federal matching funds are not available for all adjustments under paragraph ~~(b)~~ (a), the commissioner shall reduce payments under paragraph ~~(b)~~ (a), clauses (1) and (2), on a pro rata basis so that all adjustments under paragraph ~~(b)~~ (a) qualify for federal match.

~~(e)~~ (d) For purposes of this subdivision, medical assistance does not include general assistance medical care.

~~(f)~~ (e) For hospital services occurring on or after July 1, 2005, to June 30, 2007:

(1) general assistance medical care expenditures for fee-for-service inpatient and outpatient hospital payments made by the department shall be considered Medicaid disproportionate share hospital payments, except as limited below:

(i) only the portion of Minnesota's disproportionate share hospital allotment under section 1923(f) of the Social Security Act that is not spent on the disproportionate population adjustments in paragraph ~~(b)~~ (a), clauses (1) and (2), may be used for general assistance medical care expenditures;

(ii) only those general assistance medical care expenditures made to hospitals that qualify for disproportionate share payments under section 1923 of the Social Security Act and the Medicaid state plan may be considered disproportionate share hospital payments;

(iii) only those general assistance medical care expenditures made to an individual hospital that would not cause the hospital to exceed its individual hospital limits under section 1923 of the Social Security Act may be considered; and

(iv) general assistance medical care expenditures may be considered only to the extent of Minnesota's aggregate allotment under section 1923 of the Social Security Act.

All hospitals and prepaid health plans participating in general assistance medical care must provide any necessary expenditure, cost, and revenue information required by the

18.1 commissioner as necessary for purposes of obtaining federal Medicaid matching funds for
18.2 general assistance medical care expenditures; and

18.3 (2) certified public expenditures made by Hennepin County Medical Center shall
18.4 be considered Medicaid disproportionate share hospital payments. Hennepin County
18.5 and Hennepin County Medical Center shall report by June 15, 2007, on payments made
18.6 beginning July 1, 2005, or another date specified by the commissioner, that may qualify
18.7 for reimbursement under federal law. Based on these reports, the commissioner shall
18.8 apply for federal matching funds.

18.9 ~~(g)~~ (f) Upon federal approval of the related state plan amendment, paragraph ~~(f)~~ (e)
18.10 is effective retroactively from July 1, 2005, or the earliest effective date approved by the
18.11 Centers for Medicare and Medicaid Services.

18.12 Sec. 3. Minnesota Statutes 2012, section 256B.69, subdivision 2, is amended to read:

18.13 Subd. 2. **Definitions.** For the purposes of this section, the following terms have
18.14 the meanings given.

18.15 (a) "Commissioner" means the commissioner of human services. For the
18.16 remainder of this section, the commissioner's responsibilities for methods and policies
18.17 for implementing the project will be proposed by the project advisory committees and
18.18 approved by the commissioner.

18.19 (b) "Demonstration provider" means a health maintenance organization, community
18.20 integrated service network, or accountable provider network authorized and operating

18.22 to criteria, standards, methods, and other requirements established for the project and
18.23 approved by the commissioner. For purposes of this section, a county board, or group of
18.24 county boards operating under a joint powers agreement, is considered a demonstration
18.25 provider if the county or group of county boards meets the requirements of section
18.26 256B.692. ~~Notwithstanding the above, Itasca County may continue to participate as a~~
18.27 ~~demonstration provider until July 1, 2004.~~

18.28 (c) "Eligible individuals" means those persons eligible for medical assistance
18.29 benefits as defined in sections 256B.055, 256B.056, and 256B.06.

19.4 assistance coverage of eligible individualized education program and individualized family
19.5 service plan services shall not be included in the capitated services for children enrolled
19.6 in health plans through the prepaid medical assistance program and the MinnesotaCare
19.7 program. ~~Upon federal approval,~~ Local school districts shall bill the commissioner for
19.8 these services, and claims shall be paid on a fee-for-service basis.

19.9 Sec. 5. Minnesota Statutes 2012, section 256B.69, subdivision 5, is amended to read:

19.10 Subd. 5. **Prospective per capita payment.** The commissioner shall establish the

19.24 Payments to providers participating in the project are exempt from the requirements
19.25 of sections 256.966 and 256B.03, subdivision 2. The commissioner shall complete
19.26 development of capitation rates for payments before delivery of services under this
19.27 section is begun. ~~For payments made during calendar year 1990 and later years,~~ The
19.28 commissioner shall contract with an independent actuary to establish prepayment rates.

19.29 ~~By January 15, 1996, the commissioner shall report to the legislature on the~~

19.33 ~~methodology for equitable distribution of the funds. The commissioner must involve~~
19.34 ~~participating counties in the development of the report.~~

20.1 Beginning July 1, 2004, the commissioner may include payments for elderly waiver

20.17 (c) ~~Effective for services rendered on or after January 1, 2003,~~ The commissioner
20.18 shall withhold five percent of managed care plan payments under this section and
20.19 county-based purchasing plan payments under section 256B.692 for the prepaid medical
20.20 assistance program pending completion of performance targets. Each performance target
20.21 must be quantifiable, objective, measurable, and reasonably attainable, except in the case
20.22 of a performance target based on a federal or state law or rule. Criteria for assessment
20.23 of each performance target must be outlined in writing prior to the contract effective
20.24 date. Clinical or utilization performance targets and their related criteria must consider
20.25 evidence-based research and reasonable interventions when available or applicable to the
20.26 populations served, and must be developed with input from external clinical experts
20.27 and stakeholders, including managed care plans, county-based purchasing plans, and
20.28 providers. The managed care or county-based purchasing plan must demonstrate,
20.29 to the commissioner's satisfaction, that the data submitted regarding attainment of
20.30 the performance target is accurate. The commissioner shall periodically change the
20.31 administrative measures used as performance targets in order to improve plan performance
20.32 across a broader range of administrative services. The performance targets must include
20.33 measurement of plan efforts to contain spending on health care services and administrative
20.34 activities. The commissioner may adopt plan-specific performance targets that take into
20.35 account factors affecting only one plan, including characteristics of the plan's enrollee

population. The withheld funds must be returned no sooner than July of the following year if performance targets in the contract are achieved. The commissioner may exclude special demonstration projects under subdivision 23.

~~(d) Effective for services rendered on or after January 1, 2009, through December 31, 2009, the commissioner shall withhold three percent of managed care plan payments under this section and county-based purchasing plan payments under section 256B.692 for the prepaid medical assistance program. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following year. The commissioner may exclude special demonstration projects under subdivision 23.~~

~~(e) Effective for services provided on or after January 1, 2010, (d)~~ The commissioner shall require that managed care plans use the assessment and authorization processes, forms, timelines, standards, documentation, and data reporting requirements, protocols, billing processes, and policies consistent with medical assistance fee-for-service or the Department of Human Services contract requirements consistent with medical assistance fee-for-service or the Department of Human Services contract requirements for all personal care assistance services under section 256B.0659.

~~(f) Effective for services rendered on or after January 1, 2010, through December 31, 2010, the commissioner shall withhold 4.5 percent of managed care plan payments under this section and county-based purchasing plan payments under section 256B.692 for the prepaid medical assistance program. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following year. The commissioner may exclude special demonstration projects under subdivision 23.~~

~~(g) Effective for services rendered on or after January 1, 2011, through December 31, 2011, the commissioner shall include as part of the performance targets described in paragraph (c) a reduction in the health plan's emergency room utilization rate for state health care program enrollees by a measurable rate of five percent from the plan's utilization rate for state health care program enrollees for the previous calendar year. (c)~~ Effective for services rendered on or after January 1, 2012, the commissioner shall include as part of the performance targets described in paragraph (c) a reduction in the health plan's emergency department utilization rate for medical assistance and MinnesotaCare enrollees, as determined by the commissioner. For 2012, the reduction shall be based on the health plan's utilization in 2009. To earn the return of the withhold each subsequent year, the managed care plan or county-based purchasing plan must achieve a qualifying reduction of no less than ten percent of the plan's emergency department utilization rate for medical assistance and MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23 and 28, compared to the previous measurement year until the final performance target

is reached. When measuring performance, the commissioner must consider the difference in health risk in a managed care or county-based purchasing plan's membership in the baseline year compared to the measurement year, and work with the managed care or county-based purchasing plan to account for differences that they agree are significant.

The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if the managed care plan or county-based purchasing plan demonstrates to the satisfaction of the commissioner that a reduction in the utilization rate was achieved. The commissioner shall structure the withhold so that the commissioner returns a portion of the withheld funds in amounts commensurate with achieved reductions in utilization less than the targeted amount.

The withhold described in this paragraph shall continue for each consecutive contract period until the plan's emergency room utilization rate for state health care program enrollees is reduced by 25 percent of the plan's emergency room utilization rate for medical assistance and MinnesotaCare enrollees for calendar year 2009. Hospitals shall cooperate with the health plans in meeting this performance target and shall accept payment withholds that may be returned to the hospitals if the performance target is achieved.

~~(h)~~ (f) Effective for services rendered on or after January 1, 2012, the commissioner shall include as part of the performance targets described in paragraph (c) a reduction in the plan's hospitalization admission rate for medical assistance and MinnesotaCare enrollees, as determined by the commissioner. To earn the return of the withhold each year, the managed care plan or county-based purchasing plan must achieve a qualifying reduction of no less than five percent of the plan's hospital admission rate for medical assistance and MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23 and 28, compared to the previous calendar year until the final performance target is reached. When measuring performance, the commissioner must consider the difference in health risk in a managed care or county-based purchasing plan's membership in the baseline year compared to the measurement year, and work with the managed care or county-based purchasing plan to account for differences that they agree are significant.

The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if the managed care plan or county-based purchasing plan demonstrates to the satisfaction of the commissioner that this reduction in the hospitalization rate was achieved. The commissioner shall structure the withhold so that the commissioner returns a portion of the withheld funds in amounts commensurate with achieved reductions in utilization less than the targeted amount.

The withhold described in this paragraph shall continue until there is a 25 percent reduction in the hospital admission rate compared to the hospital admission rates in

calendar year 2011, as determined by the commissioner. The hospital admissions in this performance target do not include the admissions applicable to the subsequent hospital admission performance target under paragraph (i) (g). Hospitals shall cooperate with the plans in meeting this performance target and shall accept payment withholds that may be returned to the hospitals if the performance target is achieved.

(i) (g) Effective for services rendered on or after January 1, 2012, the commissioner shall include as part of the performance targets described in paragraph (c) a reduction in the plan's hospitalization admission rates for subsequent hospitalizations within 30 days of a previous hospitalization of a patient regardless of the reason, for medical assistance and MinnesotaCare enrollees, as determined by the commissioner. To earn the return of the withhold each year, the managed care plan or county-based purchasing plan must achieve a qualifying reduction of the subsequent hospitalization rate for medical assistance and MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23 and 28, of no less than five percent compared to the previous calendar year until the final performance target is reached.

The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if the managed care plan or county-based purchasing plan demonstrates to the satisfaction of the commissioner that a qualifying reduction in the subsequent hospitalization rate was achieved. The commissioner shall structure the withhold so that the commissioner returns a portion of the withheld funds in amounts commensurate with achieved reductions in utilization less than the targeted amount.

The withhold described in this paragraph must continue for each consecutive contract period until the plan's subsequent hospitalization rate for medical assistance and MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23 and 28, is reduced by 25 percent of the plan's subsequent hospitalization rate for calendar year 2011. Hospitals shall cooperate with the plans in meeting this performance target and shall accept payment withholds that must be returned to the hospitals if the performance target is achieved.

~~(j) Effective for services rendered on or after January 1, 2011, through December 31, 2011, the commissioner shall withhold 4.5 percent of managed care plan payments under this section and county-based purchasing plan payments under section 256B.692 for the prepaid medical assistance program. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following year. The commissioner may exclude special demonstration projects under subdivision 23.~~

 24.10 exclude special demonstration projects under subdivision 23.

24.11 ~~(m)~~ (i) Effective for services rendered on or after January 1, 2014, the commissioner
 24.12 shall withhold three percent of managed care plan payments under this section and
 24.13 county-based purchasing plan payments under section 256B.692 for the prepaid medical
 24.14 assistance program. The withheld funds must be returned no sooner than July 1 and
 24.15 no later than July 31 of the following year. The commissioner may exclude special
 24.16 demonstration projects under subdivision 23.

24.26 Subd. 5b. **Prospective reimbursement rates.** (a) For prepaid medical assistance
 24.27 program contract rates set by the commissioner under subdivision 5 ~~and effective on or~~
 24.28 ~~after January 1, 2003~~, capitation rates for nonmetropolitan counties shall on a weighted
 24.29 average be no less than 87 percent of the capitation rates for metropolitan counties,
 24.30 excluding Hennepin County. The commissioner shall make a pro rata adjustment in
 24.31 capitation rates paid to counties other than nonmetropolitan counties in order to make
 24.32 this provision budget neutral. The commissioner, in consultation with a health care
 24.33 actuary, shall evaluate the regional rate relationships based on actual health plan costs
 24.34 for Minnesota health care programs. The commissioner may establish, based on the

25.1 actuary's recommendation, new rate regions that recognize metropolitan areas outside of
25.2 the seven-county metropolitan area.

25.3 (b) This subdivision shall not affect the nongeographically based risk adjusted rates
25.4 established under section 62Q.03, subdivision 5a.

25.5 Sec. 8. Minnesota Statutes 2013 Supplement, section 256B.69, subdivision 5c, is
25.6 amended to read:

25.7 Subd. 5c. **Medical education and research fund.** (a) The commissioner of human
25.8 services shall transfer each year to the medical education and research fund established
25.9 under section 62J.692, an amount specified in this subdivision. The commissioner shall
25.10 calculate the following:

25.11 (1) an amount equal to the reduction in the prepaid medical assistance payments as
25.12 specified in this clause. ~~Until January 1, 2002, the county medical assistance capitation~~
25.13 ~~base rate prior to plan specific adjustments and after the regional rate adjustments under~~
25.14 ~~subdivision 5b is reduced 6.3 percent for Hennepin County, two percent for the remaining~~
25.15 ~~metropolitan counties, and no reduction for nonmetropolitan Minnesota counties; and~~

25.16 After January 1, 2002, the county medical assistance capitation base rate prior to plan
25.17 specific adjustments is reduced 6.3 percent for Hennepin County, two percent for the
25.18 remaining metropolitan counties, and 1.6 percent for nonmetropolitan Minnesota counties.
25.19 Nursing facility and elderly waiver payments and demonstration project payments
25.20 operating under subdivision 23 are excluded from this reduction. The amount calculated
25.21 under this clause shall not be adjusted for periods already paid due to subsequent changes
25.22 to the capitation payments;

25.23 (2) beginning July 1, 2003, \$4,314,000 from the capitation rates paid under this
25.24 section;

25.25 (3) beginning July 1, 2002, an additional \$12,700,000 from the capitation rates
25.26 paid under this section; and

25.28 under this section.

25.29 (b) This subdivision shall be effective upon approval of a federal waiver which
25.30 allows federal financial participation in the medical education and research fund. The
25.31 amount specified under paragraph (a), clauses (1) to (4), shall not exceed the total amount
25.32 transferred for fiscal year 2009. Any excess shall first reduce the amounts specified under
25.33 paragraph (a), clauses (2) to (4). Any excess following this reduction shall proportionally
25.34 reduce the amount specified under paragraph (a), clause (1).

(c) Beginning September 1, 2011, of the amount in paragraph (a), the commissioner shall transfer \$21,714,000 each fiscal year to the medical education and research fund.

(d) Beginning September 1, 2011, of the amount in paragraph (a), following the transfer under paragraph (c), the commissioner shall transfer to the medical education research fund \$23,936,000 in fiscal years 2012 and 2013 and \$49,552,000 in fiscal year 2014 and thereafter.

Sec. 9. Minnesota Statutes 2012, section 256B.69, subdivision 6b, is amended to read:

The commissioner may develop a schedule to phase in implementation of these waiver services, including collaborative service models under paragraph (c). The commissioner shall phase in implementation beginning with those counties participating under section 256B.692, and those counties where a viable collaborative service model has been developed. In consultation with counties and all managed care organizations that have expressed an interest in participating in collaborative service models, the commissioner shall evaluate the models. The commissioner shall consider the evaluation in selecting the most appropriate models for statewide implementation.

Sec. 10. Minnesota Statutes 2012, section 256B.69, subdivision 6d, is amended to read:

Subd. 6d. **Prescription drugs.** ~~Effective January 1, 2004~~, The commissioner may exclude or modify coverage for prescription drugs from the prepaid managed care contracts entered into under this section in order to increase savings to the state by collecting additional prescription drug rebates. The contracts must maintain incentives

27.1 for the managed care plan to manage drug costs and utilization and may require that the
27.2 managed care plans maintain an open drug formulary. In order to manage drug costs and
27.3 utilization, the contracts may authorize the managed care plans to use preferred drug lists
27.4 and prior authorization. This subdivision is contingent on federal approval of the managed
27.5 care contract changes and the collection of additional prescription drug rebates.

27.6 Sec. 11. Minnesota Statutes 2012, section 256B.69, subdivision 17, is amended to read:

27.7 Subd. 17. **Continuation of prepaid medical assistance.** The commissioner may
27.8 continue the provisions of this section after June 30, 1990, in any or all of the participating
27.9 counties if necessary federal authority is granted. The commissioner may adopt permanent
27.10 rules to continue prepaid medical assistance in these areas.

27.11 Sec. 12. Minnesota Statutes 2012, section 256B.69, subdivision 26, is amended to read:

27.12 Subd. 26. **American Indian recipients.** (a) ~~Beginning on or after January 1, 1999,~~

27.16 provided at Indian health services facilities and facilities operated by a tribe or tribal
27.17 organization under funding authorized by United States Code, title 25, sections 450f to
27.18 450n, or title III of the Indian Self-Determination and Education Assistance Act, Public
27.19 Law 93-638, if those services would otherwise be covered under section 256B.0625.
27.20 Payments for services provided under this subdivision shall be made on a fee-for-service
27.21 basis, and may, at the option of the tribe or tribal organization, be made according to
27.22 rates authorized under sections 256.969, subdivision 16, and 256B.0625, subdivision 34.
27.23 Implementation of this purchasing model is contingent on federal approval.

27.24 (b) The commissioner of human services, in consultation with the tribal
27.25 governments, shall develop a plan for tribes to assist in the enrollment process for
27.26 American Indian recipients enrolled in the prepaid medical assistance program under
27.27 this section. This plan also shall address how tribes will be included in ensuring the
27.28 coordination of care for American Indian recipients between Indian health service or
27.29 tribal providers and other providers.

27.30 (c) For purposes of this subdivision, "American Indian" has the meaning given
27.31 to persons to whom services will be provided for in Code of Federal Regulations, title

28.4 **care.** (a) The commissioner may contract with demonstration providers and current or
28.5 former sponsors of qualified Medicare-approved special needs plans, to provide medical
28.6 assistance basic health care services to persons with disabilities, including those with
28.7 developmental disabilities. Basic health care services include:

28.8 (1) those services covered by the medical assistance state plan except for ICF/DD
28.9 services, home and community-based waiver services, case management for persons with
28.10 developmental disabilities under section 256B.0625, subdivision 20a, and personal care
28.11 and certain home care services defined by the commissioner in consultation with the
28.12 stakeholder group established under paragraph (d); and

28.13 (2) basic health care services may also include risk for up to 100 days of nursing
28.14 facility services for persons who reside in a noninstitutional setting and home health
28.15 services related to rehabilitation as defined by the commissioner after consultation with
28.16 the stakeholder group.

28.17 The commissioner may exclude other medical assistance services from the basic
28.18 health care benefit set. Enrollees in these plans can access any excluded services on the
28.19 same basis as other medical assistance recipients who have not enrolled.

28.20 (b) ~~Beginning January 1, 2007,~~ The commissioner may contract with demonstration
28.21 providers and current and former sponsors of qualified Medicare special needs plans, to
28.22 provide basic health care services under medical assistance to persons who are dually
28.23 eligible for both Medicare and Medicaid and those Social Security beneficiaries eligible
28.24 for Medicaid but in the waiting period for Medicare. The commissioner shall consult with
28.25 the stakeholder group under paragraph (d) in developing program specifications for these
28.26 services. ~~The commissioner shall report to the chairs of the house of representatives and~~
28.27 ~~senate committees with jurisdiction over health and human services policy and finance by~~
28.28 ~~February 1, 2007, on implementation of these programs and the need for increased funding~~
28.29 ~~for the ombudsman for managed care and other consumer assistance and protections~~
28.30 ~~needed due to enrollment in managed care of persons with disabilities.~~ Payment for
28.31 Medicaid services provided under this subdivision for the months of May and June will
28.32 be made no earlier than July 1 of the same calendar year.

28.33 (c) Notwithstanding subdivision 4, beginning January 1, 2012, the commissioner
28.34 shall enroll persons with disabilities in managed care under this section, unless the
28.35 individual chooses to opt out of enrollment. The commissioner shall establish enrollment
28.36 and opt out procedures consistent with applicable enrollment procedures under this section.

(d) The commissioner shall establish a state-level stakeholder group to provide advice on managed care programs for persons with disabilities, including both MnDHO and contracts with special needs plans that provide basic health care services as described in paragraphs (a) and (b). The stakeholder group shall provide advice on program expansions under this subdivision and subdivision 23, including:

- (1) implementation efforts;
- (2) consumer protections; and
- (3) program specifications such as quality assurance measures, data collection and reporting, and evaluation of costs, quality, and results.

(e) Each plan under contract to provide medical assistance basic health care services shall establish a local or regional stakeholder group, including representatives of the counties covered by the plan, members, consumer advocates, and providers, for advice on issues that arise in the local or regional area.

(f) The commissioner is prohibited from providing the names of potential enrollees to health plans for marketing purposes. The commissioner shall mail no more than two sets of marketing materials per contract year to potential enrollees on behalf of health plans, at the health plan's request. The marketing materials shall be mailed by the commissioner within 30 days of receipt of these materials from the health plan. The health plans shall cover any costs incurred by the commissioner for mailing marketing materials.

Sec. 14. Minnesota Statutes 2012, section 256B.69, subdivision 29, is amended to read:

Subd. 29. **Prepaid health plan rates.** In negotiating the prepaid health plan contract rates ~~for services rendered on or after January 1, 2011~~, the commissioner of human services shall take into consideration₂ and the rates shall reflect₂ the anticipated savings in the medical assistance program due to extending medical assistance coverage to services provided in licensed birth centers, the anticipated use of these services within the medical assistance population, and the reduced medical assistance costs associated with the use of birth centers for normal, low-risk deliveries.

Sec. 15. Minnesota Statutes 2012, section 256B.69, subdivision 30, is amended to read:

Subd. 30. **Provision of required materials in alternative formats.** (a) For the purposes of this subdivision, "alternative format" means a medium other than paper and "prepaid health plan" means managed care plans and county-based purchasing plans.

(b) A prepaid health plan may provide in an alternative format a provider directory and certificate of coverage, or materials otherwise required to be available in writing

under Code of Federal Regulations, title 42, section 438.10, or under the commissioner's contract with the prepaid health plan, if the following conditions are met:

(1) the prepaid health plan, local agency, or commissioner, as applicable, informs the enrollee that:

(i) an alternative format is available and the enrollee affirmatively requests of the prepaid health plan that the provider directory, certificate of coverage, or materials otherwise required under Code of Federal Regulations, title 42, section 438.10, or under the commissioner's contract with the prepaid health plan be provided in an alternative format; and

(ii) a record of the enrollee request is retained by the prepaid health plan in the form of written direction from the enrollee or a documented telephone call followed by a confirmation letter to the enrollee from the prepaid health plan that explains that the enrollee may change the request at any time;

(2) the materials are sent to a secure electronic mailbox and are made available at a password-protected secure electronic Web site or on a data storage device if the materials contain enrollee data that is individually identifiable;

(3) the enrollee is provided a customer service number on the enrollee's membership card that may be called to request a paper version of the materials provided in an alternative format; and

(4) the materials provided in an alternative format meets all other requirements of the commissioner regarding content, size of the typeface, and any required time frames for distribution. "Required time frames for distribution" must permit sufficient time for prepaid health plans to distribute materials in alternative formats upon receipt of enrollees' requests for the materials.

(c) A prepaid health plan may provide in an alternative format its primary care network list to the commissioner and to local agencies within its service area. The commissioner or local agency, as applicable, shall inform a potential enrollee of the availability of a prepaid health plan's primary care network list in an alternative format. If the potential enrollee requests an alternative format of the prepaid health plan's primary care network list, a record of that request shall be retained by the commissioner or local agency. The potential enrollee is permitted to withdraw the request at any time.

The prepaid health plan shall submit sufficient paper versions of the primary care network list to the commissioner and to local agencies within its service area to accommodate potential enrollee requests for paper versions of the primary care network list.

(d) A prepaid health plan may provide in an alternative format materials otherwise required to be available in writing under Code of Federal Regulations, title 42, section

438.10, or under the commissioner's contract with the prepaid health plan, if the conditions of paragraphs (b), and (c), ~~and (e)~~, are met for persons who are eligible for enrollment in managed care.

~~(e) The commissioner shall seek any federal Medicaid waivers within 90 days after the effective date of this subdivision that are necessary to provide alternative formats of required material to enrollees of prepaid health plans as authorized under this subdivision.~~

~~(f)~~ (e) The commissioner shall consult with managed care plans, county-based purchasing plans, counties, and other interested parties to determine how materials required to be made available to enrollees under Code of Federal Regulations, title 42, section 438.10, or under the commissioner's contract with a prepaid health plan may be provided in an alternative format on the basis that the enrollee has not opted in to receive the alternative format. The commissioner shall consult with managed care plans, county-based purchasing plans, counties, and other interested parties to develop recommendations relating to the conditions that must be met for an opt-out process to be granted.

Sec. 16. Minnesota Statutes 2012, section 256B.692, subdivision 2, is amended to read:

Subd. 2. **Duties of commissioner of health.** (a) Notwithstanding chapters 62D and 62N, a county that elects to purchase medical assistance in return for a fixed sum without regard to the frequency or extent of services furnished to any particular enrollee is not required to obtain a certificate of authority under chapter 62D or 62N. The county board of commissioners is the governing body of a county-based purchasing program. In a multicounty arrangement, the governing body is a joint powers board established under section 471.59.

(b) A county that elects to purchase medical assistance services under this section must satisfy the commissioner of health that the requirements for assurance of consumer protection, provider protection, and, ~~effective January 1, 2010~~, fiscal solvency of chapter 62D, applicable to health maintenance organizations will be met according to the following schedule:

(1) for a county-based purchasing plan approved on or before June 30, 2008, the plan must have in reserve:

(i) at least 50 percent of the minimum amount required under chapter 62D as of January 1, 2010;

(ii) at least 75 percent of the minimum amount required under chapter 62D as of January 1, 2011;

(iii) at least 87.5 percent of the minimum amount required under chapter 62D as of January 1, 2012; and

(iv) at least 100 percent of the minimum amount required under chapter 62D as of January 1, 2013; and

(2) for a county-based purchasing plan first approved after June 30, 2008, the plan must have in reserve:

(i) at least 50 percent of the minimum amount required under chapter 62D at the time the plan begins enrolling enrollees;

(ii) at least 75 percent of the minimum amount required under chapter 62D after the first full calendar year;

(iii) at least 87.5 percent of the minimum amount required under chapter 62D after the second full calendar year; and

41.14 calendar days after it is developed, unless the case manager has received a written request
41.15 from the child's family or an advocate for the child for a review of the plan every 90
41.16 days after it is developed. To the extent appropriate, the child with severe emotional
41.17 disturbance, the child's family, advocates, service providers, and significant others must
41.18 be involved in all phases of development and implementation of the individual family
41.19 community support plan. Notwithstanding the lack of an individual family community

(1) expansion of the types and categories of licenses that may be granted;

(2) when the standards of an independent accreditation body have been shown to predict compliance with the rules, the commissioner shall consider compliance with the accreditation standards to be equivalent to partial compliance with the rules; and

(3) use of an abbreviated inspection that employs key standards that have been shown to predict full compliance with the rules.

~~If the commissioner determines that the methods in clause (2) or (3) can be used in licensing a program, the commissioner may reduce any fee set under section 254B.03, subdivision 3, by up to 50 percent.~~

(b) The commissioner shall work with the commissioners of health, public safety, administration, and education in consolidating duplicative licensing and certification rules and standards if the commissioner determines that consolidation is administratively feasible, would significantly reduce the cost of licensing, and would

43.1 not reduce the protection given to persons receiving services in licensed programs.

43.2 Where administratively feasible and appropriate, the commissioner shall work with the
43.3 commissioners of health, public safety, administration, and education in conducting joint
43.4 agency inspections of programs.

43.5 (c) The commissioner shall work with the commissioners of health, public safety,

43.13 The commissioner has authority to solicit and determine which tribes may participate
43.14 in a project. Grants may be issued to Minnesota Indian tribes to support the projects.
43.15 The commissioner may waive existing state rules as needed to accomplish the projects.
43.16 Notwithstanding section 626.556, the commissioner may authorize projects to use
43.17 alternative methods of investigating and assessing reports of child maltreatment, provided
43.18 that the projects comply with the provisions of section 626.556 dealing with the rights
43.19 of individuals who are subjects of reports or investigations, including notice and appeal
43.20 rights and data practices requirements. The commissioner may seek any federal approvals
43.21 necessary to carry out the projects as well as seek and use any funds available to the
43.22 commissioner, including use of federal funds, foundation funds, existing grant funds,
43.23 and other funds. The commissioner is authorized to advance state funds as necessary to
43.24 operate the projects. Federal reimbursement applicable to the projects is appropriated

Subd. 4. **Licensing data.** (a) As used in this subdivision:

(1) "licensing data" are all data collected, maintained, used, or disseminated by the welfare system pertaining to persons licensed or registered or who apply for licensure or registration or who formerly were licensed or registered under the authority of the commissioner of human services;

(2) "client" means a person who is receiving services from a licensee or from an applicant for licensure; and

(3) "personal and personal financial data" are Social Security numbers, identity of and letters of reference, insurance information, reports from the Bureau of Criminal Apprehension, health examination reports, and social/home studies.

(b)(1)(i) Except as provided in paragraph (c), the following data on applicants, license holders, and former licensees are public: name, address, telephone number of licensees, date of receipt of a completed application, dates of licensure, licensed capacity, type of client preferred, variances granted, record of training and education in child care and child development, type of dwelling, name and relationship of other family members, previous license history, class of license, the existence and status of complaints, and the number of serious injuries to or deaths of individuals in the licensed program as reported to the commissioner of human services, the local social services agency, or any other county welfare agency. For purposes of this clause, a serious injury is one that is treated by a physician.

(ii) When a correction order, an order to forfeit a fine, an order of license suspension, an order of temporary immediate suspension, an order of license revocation, an order of license denial, or an order of conditional license has been issued, or a complaint is resolved, the following data on current and former licensees and applicants are public: the substance and investigative findings of the licensing or maltreatment complaint, licensing violation, or substantiated maltreatment; the record of informal resolution of a licensing violation; orders of hearing; findings of fact; conclusions of law; specifications of the final correction order, fine, suspension, temporary immediate suspension, revocation, denial, or conditional license contained in the record of licensing action; whether a fine has been paid; and the status of any appeal of these actions.

(iii) When a license denial under section 245A.05 or a sanction under section 245A.07 is based on a determination that the license holder or applicant is responsible for maltreatment under section 626.556 or 626.557, the identity of the applicant or license holder as the individual responsible for maltreatment is public data at the time of the issuance of the license denial or sanction.

(iv) When a license denial under section 245A.05 or a sanction under section 245A.07 is based on a determination that the license holder or applicant is disqualified under chapter 245C, the identity of the license holder or applicant as the disqualified individual and the reason for the disqualification are public data at the time of the issuance of the licensing sanction or denial. If the applicant or license holder requests reconsideration of the disqualification and the disqualification is affirmed, the reason for the disqualification and the reason to not set aside the disqualification are public data.

~~(2) Notwithstanding sections 626.556, subdivision 11, and 626.557, subdivision 12b, when any person subject to disqualification under section 245C.14 in connection with a license to provide family day care for children, child care center services, foster care for children in the provider's home, or foster care or day care services for adults in the provider's home is a substantiated perpetrator of maltreatment, and the substantiated maltreatment is a reason for a licensing action, the identity of the substantiated perpetrator of maltreatment is public data. For purposes of this clause, a person is a substantiated perpetrator if the maltreatment determination has been upheld under section 256.045; 626.556, subdivision 10i; 626.557, subdivision 9d; or chapter 14, or if an individual or facility has not timely exercised appeal rights under these sections, except as provided under clause (1).~~

~~(4)~~ (3) For applicants who are denied a license, the following data are public: the name and address of the applicant, the city and county in which the applicant was seeking licensure, the dates of the commissioner's receipt of the initial application and completed application, the type of license sought, the date of denial of the application, the nature of the basis for the denial, the record of informal resolution of a denial, orders of hearings, findings of fact, conclusions of law, specifications of the final order of denial, and the status of any appeal of the denial.

~~(5) The following data on persons subject to disqualification under section 245C.14 in connection with a license to provide family day care for children, child care center services, foster care for children in the provider's home, or foster care or day care services for adults in the provider's home, are public: the nature of any disqualification set aside under section 245C.22, subdivisions 2 and 4, and the reasons for setting aside the disqualification; the nature of any disqualification for which a variance was granted under sections 245A.04, subdivision 9; and 245C.30, and the reasons for granting any variance under section 245A.04, subdivision 9; and, if applicable, the disclosure that any person subject to a background study under section 245C.03, subdivision 1, has successfully passed a background study. If a licensing sanction under section 245A.07, or a license denial under section 245A.05, is based on a determination that an individual subject to disqualification under chapter 245C is disqualified, the disqualification as a basis for the licensing sanction or denial is public data. As specified in clause (1), item (iv), if the disqualified individual is the license holder or applicant, the identity of the license holder or applicant and the~~

59.1 ~~reason for the disqualification are public data; and, if the license holder or applicant~~
59.2 ~~requested reconsideration of the disqualification and the disqualification is affirmed, the~~
59.3 ~~reason for the disqualification and the reason to not set aside the disqualification are~~
59.4 ~~public data. If the disqualified individual is an individual other than the license holder or~~
59.5 ~~applicant, the identity of the disqualified individual shall remain private data.~~

59.12 holder and the status of the license are public if the county attorney has requested that data
59.13 otherwise classified as public data under clause (1) be considered private data based on the
59.14 best interests of a child in placement in a licensed program.

59.15 (c) The following are private data on individuals under section 13.02, subdivision

59.18 and their family members who provide services under the license.

59.19 (d) The following are private data on individuals: the identity of persons who have
59.20 made reports concerning licensees or applicants that appear in inactive investigative data,
59.21 and the records of clients or employees of the licensee or applicant for licensure whose
59.22 records are received by the licensing agency for purposes of review or in anticipation of a
59.23 contested matter. The names of reporters of complaints or alleged violations of licensing
59.24 standards under chapters 245A, 245B, 245C, and applicable rules and alleged maltreatment
59.25 under sections 626.556 and 626.557, are confidential data and may be disclosed only as
59.26 provided in section 626.556, subdivision 11, or 626.557, subdivision 12b.

59.27 (e) Data classified as private, confidential, nonpublic, or protected nonpublic under
59.28 this subdivision become public data if submitted to a court or administrative law judge as
59.29 part of a disciplinary proceeding in which there is a public hearing concerning a license
59.30 which has been suspended, immediately suspended, revoked, or denied.

59.31 (f) Data generated in the course of licensing investigations that relate to an alleged
59.32 violation of law are investigative data under subdivision 3.

59.33 (g) Data that are not public data collected, maintained, used, or disseminated under
59.34 this subdivision that relate to or are derived from a report as defined in section 626.556,
59.35 subdivision 2, or 626.5572, subdivision 18, are subject to the destruction provisions of
59.36 sections 626.556, subdivision 11c, and 626.557, subdivision 12b.

60.1 (h) Upon request, not public data collected, maintained, used, or disseminated under
60.2 this subdivision that relate to or are derived from a report of substantiated maltreatment as
60.3 defined in section 626.556 or 626.557 may be exchanged with the Department of Health

60.5 the Department of Corrections for purposes of completing background studies pursuant
60.6 to section 241.021.

60.7 (i) Data on individuals collected according to licensing activities under chapters
60.8 245A and 245C, data on individuals collected by the commissioner of human services
60.9 according to investigations under chapters 245A, 245B, and 245C, and sections 626.556
60.10 and 626.557 may be shared with the Department of Human Rights, the Department
60.11 of Health, the Department of Corrections, the ombudsman for mental health and
60.12 developmental disabilities, and the individual's professional regulatory board when there
60.13 is reason to believe that laws or standards under the jurisdiction of those agencies may
60.14 have been violated or the information may otherwise be relevant to the board's regulatory
60.15 jurisdiction. Background study data on an individual who is the subject of a background
60.16 study under chapter 245C for a licensed service for which the commissioner of human
60.17 services is the license holder may be shared with the commissioner and the commissioner's
60.18 delegate by the licensing division. Unless otherwise specified in this chapter, the identity
60.19 of a reporter of alleged maltreatment or licensing violations may not be disclosed.

60.20 (j) In addition to the notice of determinations required under section 626.556,
60.21 subdivision 10f, if the commissioner or the local social services agency has determined
60.22 that an individual is a substantiated perpetrator of maltreatment of a child based on sexual
60.23 abuse, as defined in section 626.556, subdivision 2, and the commissioner or local social
60.24 services agency knows that the individual is a person responsible for a child's care in
60.25 another facility, the commissioner or local social services agency shall notify the head
60.26 of that facility of this determination. The notification must include an explanation of the
60.27 individual's available appeal rights and the status of any appeal. If a notice is given under
60.28 this paragraph, the government entity making the notification shall provide a copy of the

60.32 Services, Licensing Division, and the Department of Corrections for purposes of
60.33 regulating services for which the Department of Human Services and the Department
60.34 of Corrections have regulatory authority.

61.1 Sec. 2. Minnesota Statutes 2013 Supplement, section 245A.03, subdivision 7, is
61.2 amended to read:

61.3 Subd. 7. **Licensing moratorium.** (a) The commissioner shall not issue an initial
61.4 license for child foster care licensed under Minnesota Rules, parts 2960.3000 to 2960.3340,
61.5 or adult foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under
61.6 this chapter for a physical location that will not be the primary residence of the license
61.7 holder for the entire period of licensure. If a license is issued during this moratorium, and
61.8 the license holder changes the license holder's primary residence away from the physical
61.9 location of the foster care license, the commissioner shall revoke the license according
61.10 to section 245A.07. The commissioner shall not issue an initial license for a community
61.11 residential setting licensed under chapter 245D. Exceptions to the moratorium include:

61.12 (1) foster care settings that are required to be registered under chapter 144D;

61.13 (2) foster care licenses replacing foster care licenses in existence on May 15, 2009, or
61.14 community residential setting licenses replacing adult foster care licenses in existence on
61.15 December 31, 2013, and determined to be needed by the commissioner under paragraph (b);

61.16 (3) new foster care licenses or community residential setting licenses determined to
61.17 be needed by the commissioner under paragraph (b) for the closure of a nursing facility,
61.18 ICF/DD, or regional treatment center; restructuring of state-operated services that limits
61.19 the capacity of state-operated facilities; or allowing movement to the community for
61.20 people who no longer require the level of care provided in state-operated facilities as
61.21 provided under section 256B.092, subdivision 13, or 256B.49, subdivision 24;

61.22 (4) new foster care licenses or community residential setting licenses determined
61.23 to be needed by the commissioner under paragraph (b) for persons requiring hospital
61.24 level care; or

61.25 (5) new foster care licenses or community residential setting licenses determined to
61.26 be needed by the commissioner for the transition of people from personal care assistance
61.27 to the home and community-based services.

61.28 (b) The commissioner shall determine the need for newly licensed foster care
61.29 homes or community residential settings as defined under this subdivision. As part of the
61.30 determination, the commissioner shall consider the availability of foster care capacity in
61.31 the area in which the licensee seeks to operate, and the recommendation of the local
61.32 county board. The determination by the commissioner must be final. A determination of
61.33 need is not required for a change in ownership at the same address.

61.34 (c) When an adult resident served by the program moves out of a foster home
61.35 that is not the primary residence of the license holder according to section 256B.49,
61.36 subdivision 15, paragraph (f), or the adult community residential setting, the county

shall immediately inform the Department of Human Services Licensing Division. The department shall decrease the statewide licensed capacity for adult foster care settings where the physical location is not the primary residence of the license holder, or for adult community residential settings, if the voluntary changes described in paragraph (e) are not sufficient to meet the savings required by reductions in licensed bed capacity under Laws 2011, First Special Session chapter 9, article 7, sections 1 and 40, paragraph (f), and maintain statewide long-term care residential services capacity within budgetary limits. Implementation of the statewide licensed capacity reduction shall begin on July 1, 2013. The commissioner shall delicense up to 128 beds by June 30, 2014, using the needs determination process. Under this paragraph, the commissioner has the authority to reduce unused licensed capacity of a current foster care program, or the community residential settings, to accomplish the consolidation or closure of settings. Under this paragraph, the commissioner has the authority to manage statewide capacity, including adjusting the capacity available to each county and adjusting statewide available capacity, to meet the statewide needs identified through the process in paragraph (e). A decreased licensed capacity according to this paragraph is not subject to appeal under this chapter.

(d) Residential settings that would otherwise be subject to the decreased license capacity established in paragraph (c) shall be exempt ~~under the following circumstances:~~

~~(1) until August 1, 2013, the license holder's beds occupied by residents whose primary diagnosis is mental illness and the license holder is:~~

~~(i) a provider of assertive community treatment (ACT) or adult rehabilitative mental health services (ARMHS) as defined in section 256B.0623;~~

~~(ii) a mental health center certified under Minnesota Rules, parts 9520.0750 to 9520.0870;~~

~~(iii) a mental health clinic certified under Minnesota Rules, parts 9520.0750 to 9520.0870; or~~

~~(iv) a provider of intensive residential treatment services (IRTS) licensed under Minnesota Rules, parts 9520.0500 to 9520.0670; or~~

~~(2) if the license holder's beds are occupied by residents whose primary diagnosis is mental illness and the license holder is certified under the requirements in subdivision 6a or section 245D.33.~~

(e) A resource need determination process, managed at the state level, using the available reports required by section 144A.351, and other data and information shall be used to determine where the reduced capacity required under paragraph (c) will be implemented. The commissioner shall consult with the stakeholders described in section 144A.351, and employ a variety of methods to improve the state's capacity to meet

63.1 long-term care service needs within budgetary limits, including seeking proposals from
63.2 service providers or lead agencies to change service type, capacity, or location to improve
63.3 services, increase the independence of residents, and better meet needs identified by the
63.4 long-term care services reports and statewide data and information. By February 1, 2013,
63.5 and August 1, 2014, and each following year, the commissioner shall provide information
63.6 and data on the overall capacity of licensed long-term care services, actions taken under
63.7 this subdivision to manage statewide long-term care services and supports resources, and
63.8 any recommendations for change to the legislative committees with jurisdiction over
63.9 health and human services budget.

63.10 (f) At the time of application and reapplication for licensure, the applicant and the
63.11 license holder that are subject to the moratorium or an exclusion established in paragraph
63.12 (a) are required to inform the commissioner whether the physical location where the foster
63.13 care will be provided is or will be the primary residence of the license holder for the entire
63.14 period of licensure. If the primary residence of the applicant or license holder changes, the
63.15 applicant or license holder must notify the commissioner immediately. The commissioner
63.16 shall print on the foster care license certificate whether or not the physical location is the
63.17 primary residence of the license holder.

63.18 (g) License holders of foster care homes identified under paragraph (f) that are not
63.19 the primary residence of the license holder and that also provide services in the foster care
63.20 home that are covered by a federally approved home and community-based services
63.21 waiver, as authorized under section 256B.0915, 256B.092, or 256B.49, must inform the
63.22 human services licensing division that the license holder provides or intends to provide
63.23 these waiver-funded services.

~~(e) The commissioner shall amend current rules relating to the training of the licensed child care center staff to require cultural dynamics training. Timelines established in the rule amendments for complying with the cultural dynamics training requirements must be based on the commissioner's determination that curriculum materials and trainers are available statewide.~~

119B.035 AT-HOME INFANT CHILD CARE PROGRAM.

Subdivision 1. **Establishment.** A family in which a parent provides care for the family's infant child may receive a subsidy in lieu of assistance if the family is eligible for or is receiving assistance under the basic sliding fee program. An eligible family must meet the eligibility factors under section 119B.09, except as provided in subdivision 4, and the requirements of this section. Subject to federal match and maintenance of effort requirements for the child care and development fund, and up to available appropriations, the commissioner shall provide assistance under the at-home infant child care program and for administrative costs associated with the program. At the end of a fiscal year, the commissioner may carry forward any unspent funds under this section to the next fiscal year within the same biennium for assistance under the basic sliding fee program.

Subd. 2. **Eligible families.** A family with an infant under the age of one year is eligible for assistance if:

- (1) the family is not receiving MFIP, other cash assistance, or other child care assistance;
- (2) the family has not previously received a lifelong total of 12 months of assistance under this section; and
- (3) the family is participating in the basic sliding fee program or provides verification of participating in an authorized activity at the time of application and meets the program requirements.

Subd. 3. **Eligible parent.** A family is eligible for assistance under this section if one parent cares for the family's infant child. The eligible parent must:

- (1) be over the age of 18;
- (2) care for the infant full time in the infant's home; and
- (3) care for any other children in the family who are eligible for child care assistance under this chapter.

For purposes of this section, "parent" means birth parent, adoptive parent, or stepparent.

Subd. 4. **Assistance.** (a) A family is limited to a lifetime total of 12 months of assistance under subdivision 2. The maximum rate of assistance is equal to 68 percent of the rate established under section 119B.13 for care of infants in licensed family child care in the applicant's county of residence.

(b) A participating family must report income and other family changes as specified in the county's plan under section 119B.08, subdivision 3.

(c) Persons who are admitted to the at-home infant child care program retain their position in any basic sliding fee program. Persons leaving the at-home infant child care program reenter the basic sliding fee program at the position they would have occupied.

(d) Assistance under this section does not establish an employer-employee relationship between any member of the assisted family and the county or state.

Subd. 5. **Implementation.** The commissioner shall implement the at-home infant child care program under this section through counties that administer the basic sliding fee program under section 119B.03. The commissioner must develop and distribute consumer information on the at-home infant child care program to assist parents of infants or expectant parents in making informed child care decisions.

Subd. 2. **Sliding fee.** Child care services to families must be made available on a sliding fee basis.

119B.23 OTHER AUTHORIZATION TO MAKE GRANTS.

Subdivision 1. **Authority.** The county board is authorized to provide child care services or to make grants from the community social service fund, special tax revenue, or its general fund, or other sources to any municipality, or corporation for the cost of providing technical assistance or child care services. The county board is also authorized to contract for services with any licensed child care facility to carry out the purposes of this section.

The county board may also make grants to or contract with any municipality, licensed child care facility, organization designated under section 119B.19, subdivision 1a, or corporation for the following purposes:

- (1) creating new licensed child care facilities and expanding existing facilities including, but not limited to, supplies, equipment, and facility renovation and remodeling;
- (2) improving licensed child care facility programs, including, but not limited to, staff specialists, staff training, supplies, equipment, and facility renovation and remodeling, with priority for training grants for child care workers caring for infants, toddlers, sick children, children in low-income families, and children with special needs;
- (3) providing supportive child development services, including, but not limited to, in-service training, curriculum development, consulting specialists, resource centers, and program and resource materials;
- (4) carrying out programs, including, but not limited to, staff, supplies, equipment, facility renovation, and training;
- (5) providing interim financing; or
- (6) carrying out the resource and referral program services identified in section 119B.19, subdivision 7.

Subd. 2. **Donated materials and services; matching share of cost.** For the purposes of this section, donated professional and volunteer services, program materials, equipment, supplies, and facilities may be approved as part of a matching share of the cost, provided that total costs shall be reduced by the costs charged to parents if a sliding fee scale has been used.

Subd. 3. **Biennial plan.** The county board shall biennially develop a plan for the distribution of money for child care services as part of the child care fund plan under section 119B.08. All licensed child care programs shall be given written notice concerning the availability of money and the application process.

119B.231 SCHOOL READINESS SERVICE AGREEMENTS.

Subdivision 1. **Overview.** (a) Effective July 1, 2007, funds must be made available to allow the commissioner to pay higher rates to up to 50 child care providers who are deemed by the commissioner to meet the requirements of a school readiness service agreement (SRSA) provider and perform services that support school readiness for children and economic stability for parents.

- (b) A provider may be paid a rate above that currently allowed under section 119B.13 if:
- (1) the provider has entered into an SRSA with the commissioner;
 - (2) a family using that provider receives child care assistance under any provision in chapter 119B except section 119B.035;
 - (3) the family using that provider meets the criteria in this section; and
 - (4) funding is available under this section.

Subd. 2. **Provider eligibility.** (a) To be considered for an SRSA, a provider shall apply to the commissioner or have been chosen as an SRSA provider prior to June 30, 2009, and have complied with all requirements of the SRSA agreement. Priority for funds is given to providers who had agreements prior to June 30, 2009. If sufficient funds are available, the commissioner shall make applications available to additional providers. To be eligible to apply for an SRSA, a provider shall:

- (1) be eligible for child care assistance payments under chapter 119B;
- (2) have at least 25 percent of the children enrolled with the provider subsidized through the child care assistance program;
- (3) provide full-time, full-year child care services; and
- (4) have obtained a level 3 or 4 star rating under the voluntary Parent Aware quality rating system.

APPENDIX

Repealed Minnesota Statutes: S2397-2

(b) The commissioner may waive the 25 percent requirement in paragraph (a), clause (2), if necessary to achieve geographic distribution of SRSA providers and diversity of types of care provided by SRSA providers.

(c) An eligible provider who would like to enter into an SRSA with the commissioner shall submit an SRSA application. To determine whether to enter into an SRSA with a provider, the commissioner shall evaluate the following factors:

- (1) the provider's Parent Aware rating score;
- (2) the provider's current or planned social service and employment linkages;
- (3) the geographic distribution needed for SRSA providers;
- (4) the inclusion of a variety of child care delivery models; and
- (5) other related factors determined by the commissioner.

Subd. 3. **Family and child eligibility.** (a) A family eligible to choose an SRSA provider for their children shall:

(1) be eligible to receive child care assistance under any provision in chapter 119B except section 119B.035;

(2) be in an authorized activity for an average of at least 35 hours per week when initial eligibility is determined; and

(3) include a child who has not yet entered kindergarten.

(b) A family who is determined to be eligible to choose an SRSA provider remains eligible to be paid at a higher rate through the SRSA provider when the following conditions exist:

(1) the child attends child care with the SRSA provider a minimum of 25 hours per week, on average;

(2) the family has a child who has not yet entered kindergarten; and

(3) the family maintains eligibility under chapter 119B except section 119B.035.

(c) After initial eligibility has been determined, a decrease in the family's authorized activities to an average of less than 35 hours per week does not result in ineligibility for the SRSA rate. A family must continue to maintain eligibility under this chapter and be in an authorized activity.

(d) A family that moves between counties but continues to use the same SRSA provider shall continue to receive SRSA funding for the increased payments.

Subd. 4. **Requirements of providers.** An SRSA must include assessment, evaluation, and reporting requirements that promote the goals of improved school readiness and movement toward appropriate child development milestones. A provider who enters into an SRSA shall comply with all SRSA requirements, including the assessment, evaluation, and reporting requirements in the SRSA. Providers who have been selected previously for SRSAs must begin the process to obtain a rating using Parent Aware according to timelines established by the commissioner. If the initial Parent Aware rating is less than three stars, the provider must submit a plan to improve the rating. If a 3 or 4 star rating is not obtained within established timelines, the commissioner may consider continuation of the agreement, depending upon the progress made and other factors. Providers who apply and are selected for a new SRSA agreement on or after July 1, 2009, must have a level 3 or 4 star rating under the voluntary Parent Aware quality rating system at the time the SRSA agreement is signed.

Subd. 5. **Relationship to current law.** (a) The following provisions in chapter 119B must be waived or modified for families receiving services under this section.

(b) Notwithstanding section 119B.13, subdivisions 1 and 1a, maximum weekly rates under this section are 125 percent of the existing maximum weekly rate for like-care. Providers eligible for a differential rate under section 119B.13, subdivision 3a, remain eligible for the differential above the rate identified in this section. Only care for children who have not yet entered kindergarten may be paid at the maximum rate under this section. The provider's charge for service provided through an SRSA may not exceed the rate that the provider charges a private-pay family for like-care arrangements.

(c) A family or child care provider may not be assessed an overpayment for care provided through an SRSA unless:

(1) there was an error in the amount of care authorized for the family; or

(2) the family or provider did not timely report a change as required under the law.

(d) Care provided through an SRSA is authorized on a weekly basis.

(e) Funds appropriated under this section to serve families eligible under section 119B.03 are not allocated through the basic sliding fee formula under section 119B.03. Funds appropriated under this section are used to offset increased costs when payments are made under SRSA's.

(f) Notwithstanding section 119B.09, subdivision 6, the maximum amount of child care assistance that may be authorized for a child receiving care through an SRSA in a two-week period is 160 hours per child.

APPENDIX

Repealed Minnesota Statutes: S2397-2

(g) Effective May 23, 2008, absent day payment limits under section 119B.13, subdivision 7, do not apply to children for care paid through SRSA's provided the family remains eligible under subdivision 3.

Subd. 6. **Establishment of service agreements.** (a) The commissioner shall approve SRSA's for up to 50 providers that represent diverse parts of the state and a variety of child care delivery models. Entering into a service agreement does not guarantee that a provider will receive payment at a higher rate for families receiving child care assistance. A family eligible under this section shall choose a provider participating in an SRSA in order for a higher rate to be paid. Payments through SRSA's are also limited by the availability of SRSA funds.

(b) Nothing in this section shall be construed to limit parent choice as defined in section 119B.09, subdivision 5.

(c) The commissioner may allow for startup time for some providers if failing to do so would limit geographic diversity of SRSA providers or a variety of child care delivery models.

119B.232 FAMILY, FRIEND, AND NEIGHBOR GRANT PROGRAM.

Subdivision 1. **Establishment.** A family, friend, and neighbor (FFN) grant program is established to promote children's early literacy, healthy development, and school readiness, and to foster community partnerships to promote children's school readiness. The commissioner shall attempt to ensure that grants are made in all areas of the state. The commissioner of human services shall make grants available to fund: community-based organizations, nonprofit organizations, and Indian tribes working with FFN caregivers under subdivision 2, paragraph (a); and community-based partnerships to implement early literacy programs under subdivision 2, paragraph (b).

Subd. 2. **Program components.** (a)(1) Grants that the commissioner awards under this section must be used by community-based organizations, nonprofit organizations, and Indian tribes working with FFN caregivers in local communities, cultural communities, and Indian tribes to:

(vi) provide FFN caregivers and children's families with information about early learning allowances and enrollment opportunities in high quality community-based child-care and preschool programs.

(2) Grants that the commissioner awards under this paragraph also may be used for:

(i) health and safety and early learning kits for FFN caregivers;

(ii) play-and-learn groups with FFN caregivers;

(iii) culturally appropriate early childhood training for FFN caregivers;

(iv) transportation for FFN caregivers and children's families to school readiness and other early childhood training activities;

(v) other activities that promote school readiness;

(vi) data collection and evaluation;

(vii) staff outreach and outreach activities;

(viii) translation needs; or

(ix) administrative costs that equal up to 12 percent of the recipient's grant award.

(b) Grants that the commissioner awards under this section also must be used to fund partnerships among Minnesota public and regional library systems, community-based organizations, nonprofit organizations, and Indian tribes to implement early literacy programs in low-income communities, including tribal communities, to:

(1) purchase and equip early childhood read-mobiles that provide FFN caregivers and children's families with books, training, and early literacy activities;

(2) provide FFN caregivers and children's families with translations of early childhood books, training, and early literacy activities in native languages; or

(3) provide FFN caregivers and children's families with early literacy activities in local libraries.

The agreement may require the collaborative to indemnify the health plan for activities that are not carried out;

(8) ensure that where a collaborative enters into an agreement with the commissioner to provide medical assistance and MinnesotaCare services a separate capitation rate will be determined through an independent actuarial analysis which is based upon the factors set forth in clause (3) to be paid to a collaborative for children in the operational target population who are eligible for medical assistance but not included in the prepaid health plan contract with the commissioner;

(9) ensure that in counties where no prepaid health plan contract to provide medical assistance or MinnesotaCare services exists, a children's mental health collaborative that meets the requirements of section 245.4933 shall:

(i) be paid a capitated rate, actuarially determined, that is based upon the collaborative's operational target population;

APPENDIX

Repealed Minnesota Statutes: S2397-2

Subd. 2. **Procedures without consent.** If the patient has provided a blood sample, but does not consent to blood-borne pathogens testing, the secure treatment facility shall ensure that the blood is tested for blood-borne pathogens if the employee requests the test, provided all of the following criteria are met:

(1) the employee and secure treatment facility have documented exposure to blood or body fluids during performance of the employee's work duties;

(2) a licensed physician has determined that a significant exposure has occurred under section 246.711 and has documented that blood-borne pathogen test results are needed for beginning, modifying, continuing, or discontinuing medical treatment for the employee as recommended by the most current guidelines of the United States Public Health Service;

(3) the employee provides a blood sample for testing for blood-borne pathogens as soon as feasible;

(4) the secure treatment facility asks the patient to consent to a test for blood-borne pathogens and the patient does not consent;

APPENDIX

Repealed Minnesota Statutes: S2397-2

that the patient may refuse to provide a blood sample and that the patient's refusal may result in a request for a court order under subdivision 2 to require the patient to provide a blood sample.

(b) If the patient consents to provide a blood sample, the secure treatment facility shall collect a blood sample and ensure that the sample is tested for blood-borne pathogens.

(c) The secure treatment facility shall inform the employee's health care provider about the patient's test results without the patient's name or other uniquely identifying information. The secure treatment facility shall inform the patient of the test results.

(d) If the patient refuses to provide a blood sample for testing, the secure treatment facility shall inform the employee of the patient's refusal.

The petition shall be filed in the district court in the county where the patient is receiving treatment from the secure treatment facility. The secure treatment facility shall serve the petition on the patient three days before a hearing on the petition. The petition shall include one or more affidavits attesting that:

(b) Facilities shall cooperate with petitioners in providing any necessary affidavits to the extent that facility staff can attest under oath to the facts in the affidavits.

(c) The court may order the patient to provide a blood sample for blood-borne pathogen testing if:

(1) there is probable cause to believe the employee of a secure treatment facility has experienced a significant exposure to the patient;

(2) the court imposes appropriate safeguards against unauthorized disclosure that must specify the persons who have access to the test results and the purposes for which the test results may be used;

(3) a licensed physician for the employee of a secure treatment facility needs the test results for beginning, continuing, modifying, or discontinuing medical treatment for the employee; and

(4) the court finds a compelling need for the test results. In assessing compelling need, the court shall weigh the need for the court-ordered blood collection and test results against the interests of the patient, including, but not limited to, privacy, health, safety, or economic interests. The court shall also consider whether involuntary blood collection and testing would serve the public interests.

(d) The court shall conduct the proceeding in camera unless the petitioner or the patient requests a hearing in open court and the court determines that a public hearing is necessary to the public interest and the proper administration of justice.

(e) The patient may arrange for counsel in any proceeding brought under this subdivision.

A person who is a member of, or who acts in an advisory capacity to or who gives counsel or services to, the steering committee or review panel is not liable for damages or other relief in any action brought by a person or persons whose case has been reviewed by the panel, by reason of the performance of any duty, function, or activity of the review panel, unless the performance of the duty, function, or activity was motivated by malice toward the person affected. A member is not liable for damages or other relief in any action by reason of the performance of the member of any duty, function, or activity as a member of the steering committee or review panel or by reason of any recommendation or action of the review committee when the member acts in the reasonable belief that the action or recommendation is warranted by the facts known to the member or review panel after reasonable efforts to ascertain the facts.

Subd. 3. **Agency participation.** (a) The collection remedy under this section is in addition to and not in substitution for any other remedy available by law to the public authority. The public authority remains responsible for the case even after collection efforts are referred to the Department of Revenue, a private agency, or other collection entity.

(b) The Department of Revenue, a private agency, or other collection entity may not claim collections made on a case submitted by the public authority for a state tax offset under chapter 270A as a collection for the purposes of this project.

Subd. 4. **Eligible cases.** (a) For a case to be eligible for a collection project, the criteria in paragraphs (b) and (c) must be met. Any case from a county participating in the collections project meeting the criteria under this subdivision must be subcommitted for collection.

(b) Notice must be sent to the debtor, as defined in section 270A.03, subdivision 4, at the debtor's last known address at least 30 days before the date the collections effort is transferred. The notice must inform the debtor that the Department of Revenue or a private collections agency will use enforcement and collections remedies and may charge a fee of up to 30 percent of the arrearages. The notice must advise the debtor of the right to contest the debt on grounds limited to mistakes of fact. The debtor may contest the debt by submitting a written request for review to the public authority within 21 days of the date of the notice.

(c) The arrearages owed must be based on a court or administrative order. The arrearages to be collected must be at least \$100 and must be at least 90 days past due. For nonpublic assistance cases referred to private agencies, the arrearages must be a docketed judgment under sections 548.09 and 548.091.

Subd. 5. **County participation.** (a) The commissioner of human services shall designate the counties to participate in the projects, after requesting counties to volunteer for the projects.

(b) The commissioner of human services shall designate which counties shall submit cases to the Department of Revenue, a private collection agency, or other collection entity.

Subd. 6. **Fees.** A collection fee set by the commissioner of human services shall be charged to the person obligated to pay the arrearages. The collection fee is in addition to the amount owed, and must be deposited by the commissioner of revenue in the state treasury and credited to the general fund to cover the costs of administering the program or retained by the private agency or other collection entity to cover the costs of administering the collection services.

Subd. 7. **Contracts.** (a) The commissioner of human services may contract with the commissioner of revenue, private agencies, or other collection entities to implement the projects, charge fees, and exchange necessary information.

(b) The commissioner of human services may provide an advance payment to the commissioner of revenue for collection services to be repaid to the Department of Human Services out of subsequent collection fees.

(c) Summary reports of collections, fees, and other costs charged shall be submitted monthly to the state office of child support enforcement.

Subd. 8. **Remedies.** (a) The commissioner of revenue is authorized to use the tax collection remedies in sections 270C.32, subdivision 1, 270C.63, 270C.67, 270C.68, 270C.69, 270C.70 to 270C.72, and 270C.728, and tax return information to collect arrearages.

(b) Liens arising under paragraph (a) shall be perfected under the provisions of section 270C.63. The lien may be filed as long as the time period allowed by law for collecting the arrearages has not expired. The lien shall attach to all property of the debtor within the state, both real and personal under the provisions of section 270C.63. The lien shall be enforced under the provisions in section 270C.63 relating to state tax liens.

256B.04 DUTIES OF STATE AGENCY.

Subd. 16. **Personal care services.** (a) Notwithstanding any contrary language in this paragraph, the commissioner of human services and the commissioner of health shall jointly promulgate rules to be applied to the licensure of personal care services provided under the medical assistance program. The rules shall consider standards for personal care services that

APPENDIX

Repealed Minnesota Statutes: S2397-2

are based on the World Institute on Disability's recommendations regarding personal care services. These rules shall at a minimum consider the standards and requirements adopted by the commissioner of health under section 144A.45, which the commissioner of human services determines are applicable to the provision of personal care services, in addition to other standards or modifications which the commissioner of human services determines are appropriate.

The commissioner of human services shall establish an advisory group including personal care consumers and providers to provide advice regarding which standards or modifications should be adopted. The advisory group membership must include not less than 15 members, of which at least 60 percent must be consumers of personal care services and representatives of recipients with various disabilities and diagnoses and ages. At least 51 percent of the members of the advisory group must be recipients of personal care.

The commissioner of human services may contract with the commissioner of health to enforce the jointly promulgated licensure rules for personal care service providers.

Prior to final promulgation of the joint rule the commissioner of human services shall report preliminary findings along with any comments of the advisory group and a plan for monitoring and enforcement by the Department of Health to the legislature by February 15, 1992.

Limits on the extent of personal care services that may be provided to an individual must be based on the cost-effectiveness of the services in relation to the costs of inpatient hospital care, nursing home care, and other available types of care. The rules must provide, at a minimum:

(1) that agencies be selected to contract with or employ and train staff to provide and supervise the provision of personal care services;

(2) that agencies employ or contract with a qualified applicant that a qualified recipient proposes to the agency as the recipient's choice of assistant;

(3) that agencies bill the medical assistance program for a personal care service by a personal care assistant and supervision by a qualified professional supervising the personal care assistant unless the recipient selects the fiscal agent option under section 256B.0659, subdivision 33;

(4) that agencies establish a grievance mechanism; and

(5) that agencies have a quality assurance program.

(b) The commissioner may waive the requirement for the provision of personal care services through an agency in a particular county, when there are less than two agencies providing services in that county and shall waive the requirement for personal care assistants required to join an agency for the first time during 1993 when personal care services are provided under a relative hardship waiver under Minnesota Statutes 1992, section 256B.0627, subdivision 4, paragraph (b), clause (7), and at least two agencies providing personal care services have refused to employ or contract with the independent personal care assistant.

256B.043 COST-CONTAINMENT EFFORTS.

Subdivision 1. **Alternative and complementary health care.** The commissioner of human services, through the medical director and in consultation with the Health Services Policy Committee established under section 256B.0625, subdivision 3c, as part of the commissioner's ongoing duties, shall consider the potential for improving quality and obtaining cost savings through greater use of alternative and complementary treatment methods and clinical practice; shall incorporate these methods into the medical assistance, MinnesotaCare, and general assistance medical care programs; and shall make related legislative recommendations as appropriate. The commissioner shall post the recommendations required under this subdivision on agency Web sites according to section 144.0506, subdivision 1.

Subd. 2. **Access to care.** (a) The commissioners of human services and health, as part of their ongoing duties, shall consider the adequacy of the current system of community health clinics and centers both statewide and in urban areas with significant disparities in health status and access to services across racial and ethnic groups, including:

(1) methods to provide 24-hour availability of care through the clinics and centers;

(2) methods to expand the availability of care through the clinics and centers;

(3) the use of grants to expand the number of clinics and centers, the services provided, and the availability of care; and

(4) the extent to which increased use of physician assistants, nurse practitioners, medical residents and interns, and other allied health professionals in clinics and centers would increase the availability of services.

APPENDIX

Repealed Minnesota Statutes: S2397-2

(b) The commissioners shall make departmental modifications and legislative recommendations as appropriate on the basis of their considerations under paragraph (a).

256B.0656 CONSUMER-DIRECTED HOME CARE PROJECT.

(a) Upon the receipt of federal waiver authority, the commissioner shall implement a consumer-directed home care demonstration project. The consumer-directed home care demonstration project must demonstrate and evaluate the outcomes of a consumer-directed service delivery alternative to improve access, increase consumer control and accountability over available resources, and enable the use of supports that are more individualized and cost-effective for eligible medical assistance recipients receiving certain medical assistance home care services. The consumer-directed home care demonstration project will be administered locally by county agencies, tribal governments, or administrative entities under contract with the state in regions where counties choose not to provide this service.

(b) Grant awards for persons who have been receiving medical assistance covered personal care, home health aide, or private duty nursing services for a period of 12 consecutive months or more prior to enrollment in the consumer-directed home care demonstration project will be established on a case-by-case basis using historical service expenditure data. An average monthly expenditure for each continuing enrollee will be calculated based on historical expenditures made on behalf of the enrollee for personal care, home health aide, or private duty nursing services during the 12 month period directly prior to enrollment in the project. The grant award will equal 90 percent of the average monthly expenditure.

(c) Grant awards for project enrollees who have been receiving medical assistance covered personal care, home health aide, or private duty nursing services for a period of less than 12 consecutive months prior to project enrollment will be calculated on a case-by-case basis using the service authorization in place at the time of enrollment. The total number of units of personal care, home health aide, or private duty nursing services the enrollee has been authorized to receive will be converted to the total cost of the authorized services in a given month using the statewide average service payment rates. To determine an estimated monthly expenditure, the total authorized monthly personal care, home health aide or private duty nursing service costs will be reduced by a percentage rate equivalent to the difference between the statewide average service authorization and the statewide average utilization rate for each of the services by medical assistance eligibles during the most recent fiscal year for which 12 months of data is available. The grant award will equal 90 percent of the estimated monthly expenditure.

(d) The state of Minnesota, county agencies, tribal governments, or administrative entities under contract with the state that participate in the implementation and administration of the consumer-directed home care demonstration project, shall not be liable for damages, injuries, or liabilities sustained through the purchase of support by the individual, the individual's family, legal representative, or the authorized representative under this section with funds received through the consumer-directed home care demonstration project. Liabilities include but are not limited to: workers' compensation liability, the Federal Insurance Contributions Act (FICA), or the Federal Unemployment Tax Act (FUTA).

(e) With federal approval, the commissioner may adjust methodologies in paragraphs (b) and (c) to simplify program administration, improve consistency between state and federal programs, and maximize federal financial participation.

(3) the plan must include the total budget amount available divided into monthly amounts that cover the number of months of personal care assistance services authorization included in the budget. The amount used each month may vary, but additional funds shall not be provided above the annual personal care assistance services authorized amount unless a change in condition is documented.

(b) The commissioner shall:

(1) establish the format and criteria for the plan as well as the requirements for providers who assist with plan development;

(2) review the assessment and plan and, within 30 days after receiving the assessment and plan, make a decision on approval of the plan;

(3) notify the recipient, parent, or guardian of approval or denial of the plan and provide notice of the right to appeal under section 256.045; and

(4) provide a copy of the plan to the fiscal support entity selected by the recipient.

Subd. 6. Services covered. (a) Services covered under the self-directed supports option include:

(1) personal care assistance services under section 256B.0659; and

(2) items, related services, and supports, including assistive technology, that increase independence or substitute for human assistance to the extent expenditures would otherwise be used for human assistance.

APPENDIX

Repealed Minnesota Statutes: S2397-2

(b) Items, supports, and related services purchased under this option shall not be considered home care services for the purposes of section 144A.43.

Subd. 7. **Noncovered services.** Services or supports that are not eligible for payment under the self-directed supports option include:

- (12) vehicle maintenance or modifications not related to the disability;
- (13) tickets and related costs to attend sporting or other recreational events; and
- (14) costs related to Internet access, except when necessary for operation of assistive technology, to increase independence, or to substitute for human assistance.

Subd. 8. **Self-directed budget requirements.** The budget for the provision of the self-directed service option shall be established based on:

- (1) assessed personal care assistance units, not to exceed the maximum number of personal care assistance units available, as determined by section 256B.0659; and
- (2) the personal care assistance unit rate:
 - (i) with a reduction to the unit rate to pay for a program administrator as defined in subdivision 10; and

Recipients shall also choose the payroll, agency with choice, or the fiscal conduit model of financial and service management.

(b) The fiscal support entity:

APPENDIX

Repealed Minnesota Statutes: S2397-2

(3) must provide the recipient and the home care targeted case manager with a monthly written summary of the self-directed supports option services that were billed, including charges from the fiscal support entity;

(6) must maintain records to track all self-directed supports option services expenditures, including time records of persons paid to provide supports and receipts for any goods purchased. The records must be maintained for a minimum of five years from the claim date and be available for audit or review upon request. Claims submitted by the fiscal support entity must correspond with services, amounts, and time periods as authorized in the recipient's self-directed supports option plan.

(c) The commissioner shall have authority to:

(2) limit the number of fiscal support entities;

(3) identify a process to certify and recertify fiscal support entities and assure fiscal support entities are available to recipients throughout the state; and

(4) establish a uniform format and protocol to be used by eligible fiscal support entities.

Subd. 11. **Stakeholder consultation.** The commissioner shall consult with a statewide consumer-directed services stakeholder group, including representatives of all types of consumer-directed service users, advocacy organizations, counties, and consumer-directed service providers. The commissioner shall seek recommendations from this stakeholder group in developing:

(1) the self-directed plan format;

(2) requirements and guidelines for the person-centered plan assessment and planning process;

The waiver request must include a provision requiring recipients who receive funds directly to provide to the commissioner annually, a description of the type of services used, the amount paid for the services purchased, and the amount of unspent funds.

(b) The commissioner, in cooperation with county representatives, waiver service providers, recipients, recipients' families, legal guardians, and advocacy groups, shall develop criteria for:

- (1) eligibility to receive funding directly;

256B.31 CONTINUED HOSPITAL CARE FOR LONG-TERM POLIO PATIENT.

A medical assistance recipient who has been a polio patient in an acute care hospital for a period of not less than 25 consecutive years is eligible to continue receiving hospital care, whether or not the care is medically necessary for purposes of federal reimbursement. The cost of continued hospital care not reimbursable by the federal government must be paid with state money allocated for the medical assistance program. The rate paid to the hospital is the rate per day established using Medicare principles for the hospital's fiscal year ending December 31, 1981, adjusted each year by the annual hospital cost index established under section 256.969, subdivision 1, or by other limits in effect at the time of the adjustment. This section does not prohibit a voluntary move to another living arrangement by a recipient whose care is reimbursed under this section.

256B.431 RATE DETERMINATION.

Subd. 28. **Nursing facility rate increases beginning July 1, 1999, and July 1, 2000.** (a) For the rate years beginning July 1, 1999, and July 1, 2000, the commissioner shall make available to each nursing facility reimbursed under this section or section 256B.434 an adjustment to the total operating payment rate. For nursing facilities reimbursed under this section or section 256B.434, the July 1, 2000, operating payment rate increases provided in this subdivision shall be applied to each facility's June 30, 2000, operating payment rate. For each facility, total operating costs shall be separated into costs that are compensation related and all other costs. Compensation-related costs include salaries, payroll taxes, and fringe benefits for all employees except management fees, the administrator, and central office staff.

(b) For the rate year beginning July 1, 1999, the commissioner shall make available a rate increase for compensation-related costs of 4.843 percent and a rate increase for all other operating costs of 3.446 percent.

(c) For the rate year beginning July 1, 2000, the commissioner shall make available:

- (1) a rate increase for compensation-related costs of 3.632 percent;
- (2) an additional rate increase for each case mix payment rate which must be used to increase the per-hour pay rate of all employees except management fees, the administrator, and central office staff by an equal dollar amount and to pay associated costs for FICA, the Medicare tax, workers' compensation premiums, and federal and state unemployment insurance, to be calculated according to clauses (i) to (iii):
 - (i) the commissioner shall calculate the arithmetic mean of the 11 June 30, 2000, operating rates for each facility;
 - (ii) the commissioner shall construct an array of nursing facilities from highest to lowest, according to the arithmetic mean calculated in clause (i). A numerical rank shall be assigned to each facility in the array. The facility with the highest mean shall be assigned a numerical rank of one. The facility with the lowest mean shall be assigned a numerical rank equal to the total number of nursing facilities in the array. All other facilities shall be assigned a numerical rank in accordance with their position in the array;

APPENDIX

Repealed Minnesota Statutes: S2397-2

(iii) the amount of the additional rate increase shall be \$1 plus an amount equal to \$3.13 multiplied by the ratio of the facility's numeric rank divided by the number of facilities in the array; and

(3) a rate increase for all other operating costs of 2.585 percent.

Money received by a facility as a result of the additional rate increase provided under clause (2) shall be used only for wage increases implemented on or after July 1, 2000, and shall not be used for wage increases implemented prior to that date.

(d) The payment rate adjustment for each nursing facility must be determined under clause (1) or (2):

(1) for each nursing facility that reports salaries for registered nurses, licensed practical nurses, aides, orderlies, and attendants separately, the commissioner shall determine the payment rate adjustment using the categories specified in paragraph (a) multiplied by the rate increases specified in paragraph (b) or (c), and then dividing the resulting amount by the nursing facility's actual resident days. In determining the amount of a payment rate adjustment for a nursing facility reimbursed under section 256B.434, the commissioner shall determine the proportions of the facility's rates that are compensation-related costs and all other operating costs based on the facility's most recent cost report; and

(2) for each nursing facility that does not report salaries for registered nurses, licensed practical nurses, aides, orderlies, and attendants separately, the payment rate adjustment shall be computed using the facility's total operating costs, separated into the categories specified in paragraph (a) in proportion to the weighted average of all facilities determined under clause (1), multiplied by the rate increases specified in paragraph (b) or (c), and then dividing the resulting amount by the nursing facility's actual resident days.

(e) A nursing facility may apply for the compensation-related payment rate adjustment calculated under this subdivision. The application must be made to the commissioner and contain a plan by which the nursing facility will distribute the compensation-related portion of the payment rate adjustment to employees of the nursing facility. For nursing facilities in which the employees are represented by an exclusive bargaining representative, an agreement negotiated and agreed to by the employer and the exclusive bargaining representative constitutes the plan. For the second rate year, a negotiated agreement constitutes the plan only if the agreement is finalized after the date of enactment of all rate increases for the second rate year. The commissioner shall review the plan to ensure that the payment rate adjustment per diem is used as provided in paragraphs (a) to (c). To be eligible, a facility must submit its plan for the compensation distribution by December 31 each year. A facility may amend its plan for the second rate year by submitting a revised plan by December 31, 2000. If a facility's plan for compensation distribution is effective for its employees after July 1 of the year that the funds are available, the payment rate adjustment per diem shall be effective the same date as its plan.

(f) A copy of the approved distribution plan must be made available to all employees. This must be done by giving each employee a copy or by posting it in an area of the nursing facility to which all employees have access. If an employee does not receive the compensation adjustment described in their facility's approved plan and is unable to resolve the problem with the facility's management or through the employee's union representative, the employee may contact the commissioner at an address or phone number provided by the commissioner and included in the approved plan.

(g) If the reimbursement system under section 256B.435 is not implemented until July 1, 2001, the salary adjustment per diem authorized in subdivision 2i, paragraph (c), shall continue until June 30, 2001.

(h) For the rate year beginning July 1, 1999, the following nursing facilities shall be allowed a rate increase equal to 67 percent of the rate increase that would be allowed if subdivision 26, paragraph (a), was not applied:

(1) a nursing facility in Carver County licensed for 33 nursing home beds and four boarding care beds;

(2) a nursing facility in Faribault County licensed for 159 nursing home beds on September 30, 1998; and

(3) a nursing facility in Houston County licensed for 68 nursing home beds on September 30, 1998.

(i) For the rate year beginning July 1, 1999, the following nursing facilities shall be allowed a rate increase equal to 67 percent of the rate increase that would be allowed if subdivision 26, paragraphs (a) and (b), were not applied:

(1) a nursing facility in Chisago County licensed for 135 nursing home beds on September 30, 1998; and

APPENDIX
Repealed Minnesota Statutes: S2397-2

(2) a nursing facility in Murray County licensed for 62 nursing home beds on September 30, 1998.

(j) For the rate year beginning July 1, 1999, a nursing facility in Hennepin County licensed for 134 beds on September 30, 1998, shall:

(1) have the prior year's allowable care-related per diem increased by \$3.93 and the prior year's other operating cost per diem increased by \$1.69 before adding the inflation in subdivision 26, paragraph (d), clause (2); and

(2) be allowed a rate increase equal to 67 percent of the rate increase that would be allowed if subdivision 26, paragraphs (a) and (b), were not applied.

The increases provided in paragraphs (h), (i), and (j) shall be included in the facility's total payment rates for the purposes of determining future rates under this section or any other section.

(k) For the rate years beginning on or after July 1, 2000, a nursing home facility in Goodhue County that was licensed for 104 beds on February 1, 2000, shall have its employee pension benefit costs reported on its Rule 50 cost report treated as PERA contributions for the purpose of computing its payment rates.

Subd. 31. **Nursing facility rate increases beginning July 1, 2001, and July 1, 2002.** For the rate years beginning July 1, 2001, and July 1, 2002, the commissioner shall provide to each nursing facility reimbursed under this section or section 256B.434 an adjustment equal to 3.0 percent of the total operating payment rate. The operating payment rates in effect on June 30, 2001, shall include the adjustment in subdivision 2i, paragraph (c).

Subd. 33. **Staged reduction in rate disparities.** (a) For the rate years beginning July 1, 2001, and July 1, 2002, the commissioner shall adjust the operating payment rates for low-rate nursing facilities reimbursed under this section or section 256B.434.

(b) For the rate year beginning July 1, 2001, for each case mix level, if the amount computed under subdivision 31 is less than the amount in clause (1), the commissioner shall make available the lesser of the amount in clause (1) or an increase of ten percent over the rate in effect on June 30, 2001, as an adjustment to the operating payment rate. For the rate year beginning July 1, 2002, for each case mix level, if the amount computed under subdivision 31 is less than the amount in clause (2), the commissioner shall make available the lesser of the amount in clause (2) or an increase of ten percent over the rate in effect on June 30, 2002, as an adjustment to the operating payment rate. For purposes of this subdivision, nursing facilities shall be considered to be metro if they are located in Anoka, Carver, Dakota, Hennepin, Olmsted, Ramsey, Scott, or Washington Counties; or in the cities of Moorhead or Breckenridge; or in St. Louis County, north of Toivola and south of Cook; or in Itasca County, east of a north south line two miles west of Grand Rapids:

Subd. 34. **Nursing facility rate increases beginning July 1, 2001, and July 1, 2002.** (a) For the rate years beginning July 1, 2001, and July 1, 2002, two-thirds of the money resulting from the rate adjustment under subdivision 31 and one-half of the money resulting from the rate adjustment under subdivisions 32 and 33 must be used to increase the wages and benefits and pay associated costs of all employees except management fees, the administrator, and central office staff.

(b) Money received by a facility as a result of the rate adjustments provided in subdivisions 31 to 33, which must be used as provided in paragraph (a), must be used only for wage and benefit increases implemented on or after July 1, 2001, or July 1, 2002, respectively, and must not be used for wage increases implemented prior to those dates.

(c) Nursing facilities may apply for the portions of the rate adjustments under subdivisions 31 to 33, which must be used as provided in paragraph (a). The application must be made to the commissioner and contain a plan by which the nursing facility will distribute to employees of the nursing facility the funds, which must be used as provided in paragraph (a). For nursing facilities in which the employees are represented by an exclusive bargaining representative, an agreement negotiated and agreed to by the employer and the exclusive bargaining representative constitutes the plan. A negotiated agreement may constitute the plan only if the agreement is finalized after the date of enactment of all increases for the rate year. The commissioner shall review the plan to ensure that the rate adjustments are used as provided in paragraph (a). To be eligible, a facility must submit its plan for the wage and benefit distribution by December 31 each year. If a facility's plan for wage and benefit distribution is effective for its employees after July 1 of the year that the funds are available, the portion of the rate adjustments, which must be used as provided in paragraph (a), are effective the same date as its plan.

(d) A hospital-attached nursing facility may include costs in their distribution plan for wages and benefits and associated costs of employees in the organization's shared services departments, provided that:

- (1) the nursing facility and the hospital share common ownership; and
- (2) adjustments for hospital services using the diagnostic-related grouping payment rates per admission under Medicare are less than three percent during the 12 months prior to the effective date of these rate adjustments.

If a hospital-attached facility meets the qualifications in this paragraph, the difference between the rate adjustments approved for nursing facility services and the rate increase approved for hospital services may be permitted as a distribution in the hospital-attached facility's plan regardless of whether the use of those funds is shown as being attributable to employee hours worked in the nursing facility or employee hours worked in the hospital.

For the purposes of this paragraph, a hospital-attached nursing facility is one that meets the definition under subdivision 2j, or, in the case of a facility reimbursed under section 256B.434, met this definition at the time their last payment rate was established under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(e) A copy of the approved distribution plan must be made available to all employees by giving each employee a copy or by posting it in an area of the nursing facility to which all employees have access. If an employee does not receive the wage and benefit adjustment described in the facility's approved plan and is unable to resolve the problem with the facility's management or through the employee's union representative, the employee may contact the commissioner at an address or telephone number provided by the commissioner and included in the approved plan.

(f) Notwithstanding section 256B.48, subdivision 1, clause (a), upon the request of a nursing facility, the commissioner may authorize the facility to raise per diem rates for private-pay residents on July 1 by the amount anticipated to be required upon implementation of the rate adjustments allowable under subdivisions 31 to 33. The commissioner shall require any amounts collected under this paragraph, which must be used as provided in paragraph (a), to be placed in an escrow account established for this purpose with a financial institution that provides deposit

insurance until the medical assistance rate is finalized. The commissioner shall conduct audits as necessary to ensure that:

(1) the amounts collected are retained in escrow until medical assistance rates are increased to reflect the wage-related adjustment; and

(2) any amounts collected from private-pay residents in excess of the final medical assistance rate are repaid to the private-pay residents with interest at the rate used by the commissioner of revenue for the late payment of taxes and in effect on the date the distribution plan is approved by the commissioner of human services.

Subd. 37. **Nursing home rate increases effective July 1, 2002.** For rate years beginning on or after July 1, 2002, the commissioner shall provide to each nursing home reimbursed under this section or section 256B.434 an increase in each case mix payment rate equal to the increase in the per-bed surcharge paid under section 256.9657, subdivision 1, paragraph (c), divided by 365 and further divided by .80. The increase under this subdivision shall be added following the determination of the payment rate for the home under this chapter. The increase shall not be subject to any annual percentage increase.

Subd. 38. **Nursing home rate increases effective in fiscal year 2003.** Effective June 1, 2003, the commissioner shall provide to each nursing home reimbursed under this section or section 256B.434, an increase in each case mix payment rate equal to the increase in the per-bed surcharge paid under section 256.9657, subdivision 1, paragraph (d), divided by 365 and further divided by .90. The increase shall not be subject to any annual percentage increase. The 30-day advance notice requirement in section 256B.47, subdivision 2, shall not apply to rate increases resulting from this section. The commissioner shall not adjust the rate increase under this subdivision unless the adjustment is greater than 1.5 percent of the monthly surcharge payment amount under section 256.9657, subdivision 4.

Subd. 39. **Facility rates beginning on or after July 1, 2003.** For rate years beginning on or after July 1, 2003, nursing facilities reimbursed under this section shall have their July 1 operating payment rate be equal to their operating payment rate in effect on the prior June 30th.

Subd. 40. **Designation of areas to receive metropolitan rates.** (a) For rate years beginning on or after July 1, 2004, and subject to paragraph (b), nursing facilities located in areas designated as metropolitan areas by the federal Office of Management and Budget using Census Bureau data shall be considered metro, in order to:

(1) determine rate increases under this section, section 256B.434, or any other section; and

(2) establish nursing facility reimbursement rates for the new nursing facility reimbursement system developed under Laws 2001, First Special Session chapter 9, article 5, section 35, as amended by Laws 2002, chapter 220, article 14, section 19.

(b) Paragraph (a) applies only if designation as a metro facility results in a level of reimbursement that is higher than the level the facility would have received without application of that paragraph.

Subd. 41. **Rate increases for October 1, 2005, and October 1, 2006.** (a) For the rate period beginning October 1, 2005, the commissioner shall make available to each nursing facility reimbursed under this section or section 256B.434 an adjustment equal to 2.2553 percent of the total operating payment rate, and for the rate year beginning October 1, 2006, the commissioner shall make available to each nursing facility reimbursed under this section or section 256B.434 an adjustment equal to 1.2553 percent of the total operating payment rate.

(b) 75 percent of the money resulting from the rate adjustment under paragraph (a) must be used to increase wages and benefits and pay associated costs for all employees, except management fees, the administrator, and central office staff. Except as provided in paragraph (c), 75 percent of the money received by a facility as a result of the rate adjustment provided in paragraph (a) must be used only for wage, benefit, and staff increases implemented on or after the effective date of the rate increase each year, and must not be used for increases implemented prior to that date.

(c) With respect only to the October 1, 2005, rate increase, a nursing facility that incurred costs for salary and employee benefit increases first provided after July 1, 2003, may count those costs towards the amount required to be spent on salaries and benefits under paragraph (b). These costs must be reported to the commissioner in the form and manner specified by the commissioner.

(d) Nursing facilities may apply for the portion of the rate adjustment under paragraph (a) for employee wages and benefits and associated costs. The application must be made to the commissioner and contain a plan by which the nursing facility will distribute the funds according to paragraph (b). For nursing facilities in which the employees are represented by an exclusive bargaining representative, an agreement negotiated and agreed to by the employer and the exclusive bargaining representative constitutes the plan. A negotiated agreement may constitute the plan only if the agreement is finalized after the date of enactment of all increases for the rate

year and signed by both parties prior to submission to the commissioner. The commissioner shall review the plan to ensure that the rate adjustments are used as provided in paragraph (b). To be eligible, a facility must submit its distribution plan by March 31, 2006, and March 31, 2007, respectively. The commissioner may approve distribution plans on or before June 30, 2006, and June 30, 2007, respectively. The commissioner may waive the deadlines in this paragraph under extraordinary circumstances, either retroactively or prospectively, to be determined at the sole discretion of the commissioner. If a facility's distribution plan is effective after the first day of the applicable rate period that the funds are available, the rate adjustments are effective the same date as the facility's plan.

(e) A copy of the approved distribution plan must be made available to all employees by giving each employee a copy or by posting a copy in an area of the nursing facility to which all employees have access. If an employee does not receive the wage and benefit adjustment described in the facility's approved plan and is unable to resolve the problem with the facility's management or through the employee's union representative, the employee may contact the commissioner at an address or telephone number provided by the commissioner and included in the approved plan.

Subd. 43. **Rate increase for facilities in Stearns, Sherburne, and Benton Counties.** Effective July 1, 2006, operating payment rates of nursing facilities in Stearns, Sherburne, and Benton Counties that are reimbursed under this section, section 256B.434, or section 256B.441 shall be increased to be equal, for a RUG's rate with a weight of 1.00, to the geographic group III median rate for the same RUG's weight. The percentage of the operating payment rate for each facility to be case-mix adjusted shall be equal to the percentage that is case-mix adjusted in that facility's June 30, 2006, operating payment rate. This subdivision shall apply only if it results in a rate increase. Increases provided by this subdivision shall be added to the rate determined under any new reimbursement system established under section 256B.440.

256B.434 ALTERNATIVE PAYMENT DEMONSTRATION PROJECT.

Subd. 19. **Nursing facility rate increases beginning October 1, 2007.** (a) For the rate year beginning October 1, 2007, the commissioner shall make available to each nursing facility reimbursed under this section operating payment rate adjustments equal to 1.87 percent of the operating payment rates in effect on September 30, 2007.

(b) Seventy-five percent of the money resulting from the rate adjustment under paragraph (a) must be used for increases in compensation-related costs for employees directly employed by the nursing facility on or after the effective date of the rate adjustment, except:

- (1) the administrator;
- (2) persons employed in the central office of a corporation that has an ownership interest in the nursing facility or exercises control over the nursing facility; and
- (3) persons paid by the nursing facility under a management contract.

(c) Two-thirds of the money available under paragraph (b) must be used for wage increases for all employees directly employed by the nursing facility on or after the effective date of the rate adjustment, except those listed in paragraph (b), clauses (1) to (3). The wage adjustment that employees receive under this paragraph must be paid as an equal hourly percentage wage increase for all eligible employees. All wage increases under this paragraph must be effective on the same date. Only costs associated with the portion of the equal hourly percentage wage increase that goes to all employees shall qualify under this paragraph. Costs associated with wage increases in excess of the amount of the equal hourly percentage wage increase provided to all employees shall be allowed only for meeting the requirements in paragraph (b). This paragraph shall not apply to employees covered by a collective bargaining agreement.

(d) The commissioner shall allow as compensation-related costs all costs for:

- (1) wages and salaries;
- (2) FICA taxes, Medicare taxes, state and federal unemployment taxes, and workers' compensation;
- (3) the employer's share of health and dental insurance, life insurance, disability insurance, long-term care insurance, uniform allowance, and pensions; and
- (4) other benefits provided, subject to the approval of the commissioner.

(e) The portion of the rate adjustment under paragraph (a) that is not subject to the requirements in paragraphs (b) and (c) shall be provided to nursing facilities effective October 1, 2007.

(f) Nursing facilities may apply for the portion of the rate adjustment under paragraph (a) that is subject to the requirements in paragraphs (b) and (c). The application must be submitted to the commissioner within six months of the effective date of the rate adjustment, and the nursing

APPENDIX

facility must provide additional information required by the commissioner within nine months of the effective date of the rate adjustment. The commissioner must respond to all applications within three weeks of receipt. The commissioner may waive the deadlines in this paragraph under extraordinary circumstances, to be determined at the sole discretion of the commissioner. The application must contain:

(1) an estimate of the amounts of money that must be used as specified in paragraphs (b) and (c);

(2) a detailed distribution plan specifying the allowable compensation-related and wage increases the nursing facility will implement to use the funds available in clause (1);

(3) a description of how the nursing facility will notify eligible employees of the contents of the approved application, which must provide for giving each eligible employee a copy of the approved application, excluding the information required in clause (1), or posting a copy of the approved application, excluding the information required in clause (1), for a period of at least six weeks in an area of the nursing facility to which all eligible employees have access; and

(4) instructions for employees who believe they have not received the compensation-related or wage increases specified in clause (2), as approved by the commissioner, and which must include a mailing address, e-mail address, and the telephone number that may be used by the employee to contact the commissioner or the commissioner's representative.

(g) The commissioner shall ensure that cost increases in distribution plans under paragraph (f), clause (2), that may be included in approved applications, comply with the following requirements:

(1) costs to be incurred during the applicable rate year resulting from wage and salary increases effective after October 1, 2006, and prior to the first day of the nursing facility's payroll period that includes October 1, 2007, shall be allowed if they were not used in the prior year's application;

(2) a portion of the costs resulting from tenure-related wage or salary increases may be considered to be allowable wage increases, according to formulas that the commissioner shall provide, where employee retention is above the average statewide rate of retention of direct care employees;

(3) the annualized amount of increases in costs for the employer's share of health and dental insurance, life insurance, disability insurance, and workers' compensation shall be allowable compensation-related increases if they are effective on or after April 1, 2007, and prior to April 1, 2008; and

(4) for nursing facilities in which employees are represented by an exclusive bargaining representative, the commissioner shall approve the application only upon receipt of a letter of acceptance of the distribution plan, in regard to members of the bargaining unit, signed by the exclusive bargaining agent and dated after May 25, 2007. Upon receipt of the letter of acceptance, the commissioner shall deem all requirements of this section as having been met in regard to the members of the bargaining unit.

(h) The commissioner shall review applications received under paragraph (f) and shall provide the portion of the rate adjustment under paragraphs (b) and (c) if the requirements of this subdivision have been met. The rate adjustment shall be effective October 1. Notwithstanding paragraph (a), if the approved application distributes less money than is available, the amount of the rate adjustment shall be reduced so that the amount of money made available is equal to the amount to be distributed.

256B.440 RECOMMENDATION FOR A NEW REIMBURSEMENT SYSTEM.

Subdivision 1. **In general.** The commissioner shall present to the legislature, by January 15, 2005, a recommendation to establish a new nursing facility reimbursement system that provides facility-specific, prospective payment rates for nursing facilities participating in the medical assistance program. The rates shall be determined using a statistical and cost report filed by each nursing facility. The total payment rate shall be composed of four rate components: direct-care services, support services, external fixed, and property-related costs. The payment rate shall be derived from statistical measures of actual costs incurred in the operation of nursing facilities. From this cost basis, the components of the total payment rate shall be adjusted for quality of services provided, actual costs of operation of each facility, geographic variation in labor costs, rental value, and resident acuity.

Subd. 2. **Recommendation for establishment beginning October 1, 2006.** The recommendation in subdivision 1 shall provide for the establishment of all or part of a nursing facility's rates under the new nursing facility reimbursement system beginning on October 1, 2006. Rates shall be rebased annually. Effective January 1, 2005, each cost reporting year shall

APPENDIX

Repealed Minnesota Statutes: S2397-2

begin on January 1 and end on the following December 31. A cost report shall be filed by each nursing facility by March 31. Notice of rates shall be distributed by August 1 and the rates shall go into effect on October 1 for one year.

Subd. 3. **Reporting of baseline statistical and cost information.** (a) Nursing facilities shall file a baseline statistical and cost report on or before August 31, 2004, for the reporting period ending either September 30, 2003, or December 31, 2003. After July 1, 2004, the report required under Minnesota Rules, part 9549.0041, subpart 1, shall no longer be required. For the period between January 1, 2004, and December 31, 2004, the commissioner may collect statistical and cost information from facilities in no greater detail than items collected from facilities under section 256B.431 or 256B.434, whichever is applicable, for the year ending September 30, 2003.

(b) All nursing facilities shall provide information to the commissioner in the form and manner specified by the commissioner. The commissioner shall consult with stakeholders in developing the baseline statistical and cost report that will be used to collect all data necessary to develop and model the new nursing facility reimbursement system.

(c) Nursing facilities shall report as costs of the nursing facility only costs directly related to the operation of the nursing facility. The facility shall not include costs that are separately reimbursed by residents, medical assistance, or other payors. The commissioner may grant to facilities one extension of up to ten days for the filing of this report, if the extension is requested by August 1. The commissioner may require facilities to submit separately, in the form and manner specified by the commissioner, documentation of statistical and cost information included in the report, in order to ensure accuracy in modeling payment rates and to perform audit and appeal review functions under this section. Facilities shall retain all records necessary to document statistical and cost information provided in the report for a period of no less than seven years.

(d) The commissioner may reject a report filed by a nursing facility under this section if the commissioner determines that the report has been filed in a form that is incomplete or inaccurate and the information is insufficient to model accurate payment rates. If a report is rejected or is not submitted in a timely manner, the commissioner shall reduce payments to a nursing facility to 85 percent of amounts due until the information is completely and accurately filed. The reinstatement of withheld payments shall be retroactive for no more than 90 days. A nursing facility whose report is rejected shall be given notice of the rejection, the reasons for the rejection, and an opportunity to correct the report prior to any payment reduction. A nursing facility that does not submit a report shall be given a prior written notice of the payment reduction.

(e) The commissioner shall use the baseline statistical and cost report data to model and simulate the new nursing facility reimbursement system. Modeling shall be done using both budget neutrality and additional funding assumptions.

(f) The data set in which statistical and cost reports are compiled shall, upon request, be released by the commissioner, once it has been used for statistical analyses for purposes of modeling rate setting.

(g) The commissioner shall determine, in consultation with stakeholders and experts, methods that shall be used to integrate quality measures into the new nursing facility reimbursement system. For the modeling and simulations of the baseline data, the quality measures shall include, at a minimum:

- (1) direct care hours per standardized resident day;
- (2) staff turnover;
- (3) staff retention;
- (4) use of pool staff;
- (5) proportion of beds in single-bed rooms;
- (6) quality indicators from the minimum data set; and
- (7) survey deficiencies.

If data analysis of the modeling and simulations indicates that revisions, deletions, or additional indicators are needed, those modifications shall be made prior to the initial rate year. The quality measures used to determine a component of the payment rates shall be established for a rate year using data submitted in the statistical and cost report from the associated reporting year, and using data from other sources related to the reporting year.

256B.441 VALUE-BASED NURSING FACILITY REIMBURSEMENT SYSTEM.

Subd. 46. **Calculation of quality add-on.** The payment rate for the quality add-on shall be a variable amount based on each facility's quality score.

(a) For the rate year beginning October 1, 2006, the maximum quality add-on percent shall be 2.4 percent and this add-on shall not be subject to a phase-in. The determination of the quality score to be used in calculating the quality add-on for October 1, 2006, shall be

APPENDIX

Repealed Minnesota Statutes: S2397-2

based on a report which must be filed with the commissioner, according to the requirements in subdivision 43, for a six-month period ending January 31, 2006. This report shall be filed with the commissioner by February 28, 2006. The commissioner shall prorate the six months of data to a full year. When new quality measures are incorporated into the quality score methodology and when existing quality measures are updated or improved, the commissioner may increase the maximum quality add-on percent.

(b) For each facility, determine the operating payment rate.

(c) For each facility determine a ratio of the quality score of the facility determined in subdivision 44, less 40 and then divided by 60. If this value is less than zero, use the value zero.

(d) For each facility, the quality add-on shall be the value determined in paragraph (b) times the value determined in paragraph (c) times the maximum quality add-on percent.

Subd. 46a. **Calculation of quality add-on for the rate year beginning October 1, 2007.** (a) The payment rate for the rate year beginning October 1, 2007, for the quality add-on, is a variable amount based on each facility's quality score. For the rate year, the maximum quality add-on is .3 percent of the operating payment rate in effect on September 30, 2007. The commissioner shall determine the quality add-on for each facility according to paragraphs (b) to (d).

(b) For each facility, the commissioner shall determine the operating payment rate in effect on September 30, 2007.

(c) For each facility, the commissioner shall determine a ratio of the quality score of the facility determined in subdivision 44, subtract 40, and then divide by 60. If this value is less than zero, the commissioner shall use the value zero.

(d) For each facility, the quality add-on is the value determined in paragraph (b), multiplied by the value determined in paragraph (c), multiplied by .3 percent.

256B.491 WAIVERED SERVICES.

Subdivision 1. **Study.** The commissioner of human services shall prepare a study on the characteristics of providers who have the potential for offering home and community-based services under federal waivers authorized by United States Code, title 42, sections 1396 to 1396p. The study shall include, but not be limited to:

(a) An analysis of the characteristics of providers presently involved in offering services to the elderly, chronically ill children, disabled persons under age 65, and developmentally disabled persons;

(b) The potential for conversion to waived services of facilities which currently provide services to the disability groups enumerated in clause (a);

(c) Proposals for system redesign to include (1) profiles of the types of providers best able, within reasonable fiscal constraints, to serve the needs of clients and to fulfill public policy goals in provision of waived services, (2) methods for limiting concentration of facilities providing services under waiver, (3) methods for ensuring that services are provided by the widest array of provider groups.

The commissioner shall present the study to the legislature no later than March 15, 1985.

Subd. 2. **Control limited.** Until July 1, 1985, no one person shall control the delivery of waived services to more than 50 persons receiving waived services as authorized by section 256B.501. For the purposes of this section the following terms have the meanings given them:

(1) A "person" is an individual, a corporation, a partnership, an association, a trust, an unincorporated organization, a subsidiary of an organization, and an affiliate. A "person" does not include any governmental authority, agency or body.

(2) An "affiliate" is a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with another person.

(3) "Control" including the terms "controlling," "controlled by," and "under the common control with" is the possession, direct or indirect, or the power to direct or cause the direction of the management, operations or policies of a person, whether through the ownership of voting securities, by contract, through consultation or otherwise.

Subd. 3. **Waivered services; salary adjustments.** For the fiscal year beginning July 1, 1991, the commissioner of human services shall increase the statewide reimbursement rates for home and community-based waived services for persons with developmental disabilities to reflect a three percent increase in salaries, payroll taxes, and fringe benefits of personnel below top management employed by agencies under contract with the county board to provide these services. The specific rate increase made available to county boards shall be calculated based on the estimated portion of the fiscal year 1991 reimbursement rate that is attributable to these costs. County boards shall verify in writing to the commissioner that each waived service provider has complied with this requirement. If a county board determines that a waived service provider has

APPENDIX

Repealed Minnesota Statutes: S2397-2

not complied with this requirement for a specific contract period, the county board shall reduce the provider's payment rates for the next contract period to reflect the amount of money not spent appropriately. The commissioner shall modify reporting requirements for vendors and counties as necessary to monitor compliance with this provision.

256B.501 RATES FOR COMMUNITY-BASED SERVICES FOR DISABLED.

Subd. 3a. **Interim rates.** For rate years beginning October 1, 1988, and October 1, 1989, the commissioner shall establish an interim program operating cost payment rate for care of residents in intermediate care facilities for persons with developmental disabilities.

(a) For the rate year beginning October 1, 1988, the interim program operating cost payment rate is the greater of the facility's 1987 reporting year allowable program operating costs per resident day increased by the composite forecasted index in subdivision 3c, or the facility's January 1, 1988, program operating cost payment rate increased by the composite forecasted index in subdivision 3c, except that the composite forecasted index is established based on the midpoint of the period January 1, 1988, to September 30, 1988, to the midpoint of the following rate year.

(b) For the rate year beginning October 1, 1989, the interim program operating cost payment rate is the greater of the facility's 1988 reporting year allowable program operating costs per resident day increased by the composite forecasted index in subdivision 3c, or the facility's October 1, 1988, program operating cost payment rate increased by the composite forecasted index in subdivision 3c, except that the composite forecasted index is established based on the midpoint of the rate year beginning October 1, 1988, to the midpoint of the following rate year.

Subd. 3b. **Settle up of costs.** The facility's program operating costs are subject to a retroactive settle up for the 1988 and 1989 reporting years, determined by the following method:

(a) If a facility's program operating costs, including onetime adjustment program operating costs for the facility's 1988 or 1989 reporting year, are less than 98 percent of the facility's total program operating cost payments for facilities with 20 or fewer licensed beds, or less than 99 percent of the facility's total program operating cost payments for facilities with more than 20 licensed beds, then the facility must repay the difference to the state according to the desk audit adjustment procedures in Minnesota Rules, part 9553.0041, subpart 13, items B to E. For the purpose of determining the retroactive settle-up amounts, the facility's total program operating cost payments must be computed by multiplying the facility's program operating cost payment rates, including onetime program operating cost adjustment rates for those reporting years, by the prorated resident days that correspond to those program operating cost payment rates paid during those reporting years.

(b) If a facility's program operating costs, including onetime adjustment program operating costs for the facility's 1989 reporting year are between 102 and 105 percent of the amount computed by multiplying the facility's program operating cost payment rates, including onetime program operating cost adjustment rates for those reporting years, by the prorated resident days that correspond to those program operating cost payment rates paid during that reporting year, the state must repay the difference to the facility according to the desk audit adjustment procedures in Minnesota Rules, part 9553.0041, subpart 13, items B to E.

A facility's retroactive settle up must be calculated by October 1, 1990.

Subd. 3h. **Waiving interest charges.** The commissioner may waive interest charges on overpayments incurred by intermediate care facilities for persons with developmental disabilities for the period October 1, 1987, to February 29, 1988, if the overpayments resulted from the continuation of the desk audit rate in effect on September 30, 1987, through the period.

Subd. 3j. **Rules.** The commissioner shall adopt rules to implement this section. The commissioner shall consult with provider groups, advocates, and legislators to develop these rules.

Subd. 3k. **Experimental project.** The commissioner of human services may conduct and administer experimental projects to determine the effects of competency-based wage adjustments for direct-care staff on the quality of care and active treatment for persons with developmental disabilities. The commissioner shall authorize one project under the following conditions:

(a) One service provider will participate in the project.

(b) The vendor must have an existing competency-based training curriculum and a proposed salary schedule that is coordinated with the training package.

(c) The University of Minnesota affiliated programs must approve the content of the training package and assist the vendor in studying the impact on service delivery and outcomes for residents under a competency-based salary structure. The study and its conclusions must be presented to the commissioner at the conclusion of the project.

(d) The project will last no more than 21 months from its inception.

APPENDIX

Repealed Minnesota Statutes: S2397-2

(e) The project will be funded by Title XIX, medical assistance and the costs incurred shall be allowable program operating costs for future rate years under Minnesota Rules, parts 9553.0010 to 9553.0080. The project's total annual cost must not exceed \$49,500. The commissioner shall establish an adjustment to the selected facility's per diem by dividing the \$49,500 by the facility's actual resident days for the reporting year ending December 31, 1988. The facility's experimental training project per diem shall be effective on October 1, 1989, and shall remain in effect for the 21-month period ending June 30, 1991.

(f) Only service vendors who have submitted a determination of need pursuant to Minnesota Rules, parts 9525.0015 to 9525.0165, and Minnesota Statutes, section 252.28, requesting the competency-based training program cost increase are eligible. Furthermore, they are only eligible if their determination of need was approved prior to January 1, 1989, and funds were not available to implement the plan.

Subd. 31. Temporary payment rate provisions. If an intermediate care facility for persons with developmental disabilities located in Kandiyohi County:

(1) was sold during 1994;

(2) is unable to obtain records necessary to complete the cost report from the former operator at no cost; and

(3) delicensed two beds during that year, then the commissioner shall determine the payment rate for the period May 1, 1995, through September 30, 1996, as provided in paragraphs (a) to (c).

(a) A temporary payment rate shall be paid which is equal to the rate in effect as of April 30, 1995.

(b) The payment rate in paragraph (a) shall be subject to a retroactive downward adjustment based on the provisions in paragraph (c).

(c) The temporary payment rate shall be limited to the lesser of the payment in paragraph (a) or the payment rate calculated based on the facility's cost report for the reporting year January 1, 1995, through December 31, 1995, and the provisions of this section and the reimbursement rules in effect on June 30, 1995, except that the provisions referred to in clauses (1) to (3) shall not apply:

(1) the inflation factor in subdivision 3c;

(2) Minnesota Rules, part 9553.0050, subpart 2, items A to E; and

(3) Minnesota Rules, part 9553.0041, subpart 16.

Subd. 5b. ICF/DD operating cost limitation after September 30, 1995. (a) For the rate year beginning on October 1, 1995, and for rate years beginning on or after October 1, 1997, the commissioner shall limit the allowable operating cost per diems, as determined under this subdivision and the reimbursement rules, for high cost ICFs/DD. Prior to indexing each facility's operating cost per diems for inflation, the commissioner shall group the facilities into eight groups. The commissioner shall then array all facilities within each grouping by their general operating cost per service unit per diems.

(b) The commissioner shall annually review and adjust the general operating costs incurred by the facility during the reporting year preceding the rate year to determine the facility's allowable historical general operating costs. For this purpose, the term general operating costs means the facility's allowable operating costs included in the program, maintenance, and administrative operating costs categories, as well as the facility's related payroll taxes and fringe benefits, real estate insurance, and professional liability insurance. A facility's total operating cost payment rate shall be limited according to paragraphs (c) and (d) as follows:

(c) A facility's total operating cost payment rate shall be equal to its allowable historical operating cost per diems for program, maintenance, and administrative cost categories multiplied by the forecasted inflation index in subdivision 3c, clause (1), subject to the limitations in paragraph (d).

(d) For the rate years beginning on or after October 1, 1995, the commissioner shall establish maximum overall general operating cost per service unit limits for facilities according to clauses (1) to (8). Each facility's allowable historical general operating costs and client assessment information obtained from client assessments completed under subdivision 3g for the reporting year ending December 31, 1994 (the base year), shall be used for establishing the overall limits. If a facility's proportion of temporary care resident days to total resident days exceeds 80 percent, the commissioner must exempt that facility from the overall general operating cost per service unit limits in clauses (1) to (8). For this purpose, "temporary care" means care provided by a facility to a client for less than 30 consecutive resident days.

(1) The commissioner shall determine each facility's weighted service units for the reporting year by multiplying its resident days in each client classification level as established in subdivision 3g, paragraph (d), by the corresponding weights for that classification level, as

APPENDIX

Repealed Minnesota Statutes: S2397-2

established in subdivision 3g, paragraph (i), and summing the results. For the reporting year ending December 31, 1994, the commissioner shall use the service unit score computed from the client classifications determined by the Minnesota Department of Health's annual review, including those of clients admitted during that year.

(2) The facility's service unit score is equal to its weighted service units as computed in clause (1), divided by the facility's total resident days excluding temporary care resident days, for the reporting year.

(3) For each facility, the commissioner shall determine the facility's cost per service unit by dividing its allowable historical general operating costs for the reporting year by the facility's service unit score in clause (2) multiplied by its total resident days, or 85 percent of the facility's capacity days times its service unit score in clause (2), if the facility's occupancy is less than 85 percent of licensed capacity. If a facility reports temporary care resident days, the temporary care resident days shall be multiplied by the service unit score in clause (2), and the resulting weighted resident days shall be added to the facility's weighted service units in clause (1) prior to computing the facility's cost per service unit under this clause.

(4) The commissioner shall group facilities based on class A or class B licensure designation, number of licensed beds, and geographic location. For purposes of this grouping, facilities with six beds or less shall be designated as small facilities and facilities with more than six beds shall be designated as large facilities. If a facility has both class A and class B licensed beds, the facility shall be considered a class A facility for this purpose if the number of class A beds is more than half its total number of ICF/DD beds; otherwise the facility shall be considered a class B facility. The metropolitan geographic designation shall include Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington Counties. All other Minnesota counties shall be designated as the nonmetropolitan geographic group. These characteristics result in the following eight groupings:

- (i) small class A metropolitan;
- (ii) large class A metropolitan;
- (iii) small class B metropolitan;
- (iv) large class B metropolitan;
- (v) small class A nonmetropolitan;
- (vi) large class A nonmetropolitan;
- (vii) small class B nonmetropolitan; and
- (viii) large class B nonmetropolitan.

(5) The commissioner shall array facilities within each grouping in clause (4) by each facility's cost per service unit as determined in clause (3).

(6) In each array established under clause (5), facilities with a cost per service unit at or above the median shall be limited to the lesser of: (i) the current reporting year's cost per service unit; or (ii) the prior reporting year's allowable historical general operating cost per service unit plus the inflation factor as established in subdivision 3c, clause (2), increased by three percentage points.

(7) The overall operating cost per service unit limit for each group shall be established as follows:

- (i) each array established under clause (5) shall be arrayed again after the application of clause (6);
- (ii) in each array established in clause (5), two general operating cost limits shall be determined. The first cost per service unit limit shall be established at 0.5 and less than or equal to 1.0 standard deviation above the median of that array. The second cost per service unit limit shall be established at 1.0 standard deviation above the median of the array; and
- (iii) the overall operating cost per service unit limits shall be indexed for inflation annually beginning with the reporting year ending December 31, 1995, using the forecasted inflation index in subdivision 3c, clause (2).

(8) Annually, facilities shall be arrayed using the method described in clauses (5) and (7). Each facility with a cost per service unit at or above its group's first cost per service unit limit, but less than the second cost per service unit limit for that group, shall be limited to 98 percent of its total operating cost per diems then add the forecasted inflation index in subdivision 3c, clause (1). Each facility with a cost per service unit at or above the second cost per service unit limit will be limited to 97 percent of its total operating cost per diems, then add the forecasted inflation index in subdivision 3c, clause (1). Facilities that have undergone a class A to class B conversion since January 1, 1990, are exempt from the limitations in this clause for six years after the completion of the conversion process.

(9) The commissioner may rebase these overall limits, using the method described in this subdivision but no more frequently than once every three years.

APPENDIX

Repealed Minnesota Statutes: S2397-2

(e) For rate years beginning on or after October 1, 1995, the facility's efficiency incentive shall be determined as provided in the reimbursement rule.

(f) The total operating cost payment rate shall be the sum of paragraphs (c) and (e).

(g) For the rate year beginning on October 1, 1996, the commissioner shall exempt a facility from the reductions in this subdivision if the facility is involved in a bed relocation project where more than 25 percent of the facility's beds are transferred to another facility, the relocated beds are six or fewer, there is no change in the total number of ICF/DD beds for the parent organization of the facility, and the relocation is not part of an interim or settle-up rate.

Subd. 5e. **Rate adjustment for care provided to a medically fragile individual.** Beginning July 1, 1996, the commissioner shall increase reimbursement rates for a facility located in Chisholm and licensed as an intermediate care facility for persons with developmental disabilities since 1972, to cover the cost to the facility for providing 24-hour licensed practical nurse care to a medically fragile individual admitted on March 8, 1996. The commissioner shall include in this higher rate a temporary adjustment to reimburse the facility for costs incurred between March 8, 1996, and June 30, 1996. Once this resident is discharged, the commissioner shall reduce the facility's payment rate by the amount of the cost of the 24-hour licensed practical nurse care.

256B.5016 ICF/MR MANAGED CARE OPTION.

Subdivision 1. **Managed care pilot.** The commissioner may initiate a capitated risk-based managed care option for services in an intermediate care facility for persons with developmental disabilities according to the terms and conditions of the federal agreement governing the managed care pilot. The commissioner may grant a variance to any of the provisions in sections 256B.501 to 256B.5015 and Minnesota Rules, parts 9525.1200 to 9525.1330 and 9525.1580.

Subd. 2. **Report.** The commissioner shall report to the legislature financial and program results along with a recommendation as to whether the pilot should be expanded.

256B.503 RULES.

To implement Laws 1983, chapter 312, article 9, sections 1 to 7, the commissioner shall promulgate rules. Rules adopted to implement Laws 1983, chapter 312, article 9, section 5, must (1) set standards for case management which include, encourage, and enable flexible administration, (2) require the county boards to develop individualized procedures governing case management activities, (3) consider criteria promulgated under section 256B.092, subdivision 3, and the federal waiver plan, (4) identify cost implications to the state and to county boards, and (5) require the screening teams to make recommendations to the county case manager for development of the individual service plan.

The commissioner shall adopt rules to implement this section by July 1, 1986.

256B.53 DENTAL ACCESS GRANTS.

(a) The commissioner shall award grants to community clinics or other nonprofit community organizations, political subdivisions, professional associations, or other organizations that demonstrate the ability to provide dental services effectively to public program recipients. Grants may be used to fund the costs related to coordinating access for recipients, developing and implementing patient care criteria, upgrading or establishing new facilities, acquiring furnishings or equipment, recruiting new providers, or other development costs that will improve access to dental care in a region.

(b) In awarding grants, the commissioner shall give priority to applicants that plan to serve areas of the state in which the number of dental providers is not currently sufficient to meet the needs of recipients of public programs or uninsured individuals. The commissioner shall consider the following in awarding the grants:

(1) potential to successfully increase access to an underserved population;

(2) the long-term viability of the project to improve access beyond the period of initial funding;

(3) the efficiency in the use of the funding; and

(4) the experience of the applicants in providing services to the target population.

(c) The commissioner shall consider grants for the following:

(1) implementation of new programs or continued expansion of current access programs that have demonstrated success in providing dental services in underserved areas;

(2) a program for mobile or other types of outreach dental clinics in underserved geographic areas;

APPENDIX

Repealed Minnesota Statutes: S2397-2

(3) a program for school-based dental clinics in schools with high numbers of children receiving medical assistance;

(4) a program testing new models of care that are sensitive to the cultural needs of the recipients;

(5) a program creating new educational campaigns that inform individuals of the importance of good oral health and the link between dental disease and overall health status;

(6) a program that organizes a network of volunteer dentists to provide dental services to public program recipients or uninsured individuals; and

(7) a program that tests new delivery models by creating partnerships between local providers and county public health agencies.

(d) The commissioner shall evaluate the effects of the dental access initiatives funded through the dental access grants and submit a report to the legislature by January 15, 2003.

256B.69 PREPAID HEALTH PLANS.

Subd. 5e. **Medical education and research payments.** For the calendar years 1999, 2000, and 2001, a hospital that participates in funding the federal share of the medical education and research trust fund payment under Laws 1998, chapter 407, article 1, section 3, shall not be held liable for any amounts attributable to this payment above the charge limit of section 256.969, subdivision 3a. The commissioner of human services shall assume liability for any corresponding federal share of the payments above the charge limit.

Subd. 6c. **Dental services demonstration project.** The commissioner shall establish a dental services demonstration project in Crow Wing, Todd, Morrison, Wadena, and Cass Counties for provision of dental services to medical assistance and MinnesotaCare recipients. The commissioner may contract on a prospective per capita payment basis for these dental services with an organization licensed under chapter 62C, 62D, or 62N in accordance with section 256B.037 or may establish and administer a fee-for-service system for the reimbursement of dental services.

Subd. 24a. **Social service and public health costs.** The commissioner shall report on recommendations to the legislature by January 15, 1997, identifying county social services and public health administrative costs for each target population that should be excluded from the overall capitation rate.

256B.692 COUNTY-BASED PURCHASING.

Subd. 10. **Report to the legislature.** The commissioner shall submit a report to the legislature by February 1, 1998, on the preliminary proposals submitted on or before September 1, 1997.

256C.05 CRIMINAL PENALTY.

Any person, or the agent of any person, firm, or corporation who denies or interferes with admittance to or enjoyment of the public facilities enumerated in section 256C.02 or housing accommodations contrary to section 256C.025, or otherwise interferes with the rights of a totally or partially blind or otherwise disabled person under section 256C.02 shall be guilty of a misdemeanor.

256C.29 COMMUNICATIONS DEVICES REQUIRED IN BUS TERMINALS.

The operator of a bus terminal in the city of Minneapolis or St. Paul that serves intercity buses, defined in section 168.002, subdivision 4, shall provide, in public areas in the terminal, public pay telephones with telecommunications devices, commonly known as "TDD's," that permit a person who has a communication disability to communicate with others by telephone. The operator shall place signs at strategic locations in and about the terminal indicating where the telephones are available.

256D.02 DEFINITIONS.

Subd. 19. **Cost-effective.** "Cost-effective" means that the amount paid by the state for premiums, coinsurance, deductibles, other cost-sharing obligations under a health insurance plan,

APPENDIX

Repealed Minnesota Statutes: S2397-2

and other administrative costs is likely to be less than the amount paid for an equivalent set of services by general assistance medical care.

256D.05 ELIGIBILITY FOR GENERAL ASSISTANCE.

Subd. 4. **Consent to review records.** No person shall be eligible for general assistance medical care unless the person has authorized the commissioner of human services in writing to examine all personal medical records developed while receiving general assistance for the purpose of investigating whether or not a vendor has submitted a claim for reimbursement, a cost report or a rate application which the vendor knows to be false in whole or in part, or in order to determine whether or not the medical care provided was medically necessary. The vendor of medical care shall receive notification from the commissioner at least 24 hours before the commissioner gains access to such records. A vendor of medical care shall require presentation of this authorization before the state agency can obtain access to such records unless the vendor already has received written authorization. Notwithstanding any other law to the contrary, a vendor of medical care shall not be subject to any civil or criminal liability for providing access to medical records to the commissioner pursuant to this subdivision.

256D.46 EMERGENCY MINNESOTA SUPPLEMENTAL AID.

Subdivision 1. **Eligibility.** Applicants for or recipients of SSI or Minnesota supplemental aid who have emergency need may apply for emergency general assistance under section 256D.06, subdivision 2.

Subd. 2. **Income and resource test.** All income and resources available to the recipient must be considered in determining the recipient's ability to meet the emergency need. Property that can be liquidated in time to resolve the emergency and income, excluding an amount equal to the Minnesota supplemental aid standard of assistance, that is normally disregarded or excluded under the Minnesota supplemental aid program must be considered available to meet the emergency need.

Subd. 3. **Payment amount.** The amount of assistance granted under emergency Minnesota supplemental aid is limited to the amount necessary to resolve the emergency. An emergency Minnesota supplemental aid grant is available to a recipient no more than once in any 12-month period. Funding for emergency Minnesota supplemental aid is limited to the appropriation. Each fiscal year, the commissioner shall allocate to counties the money appropriated for emergency Minnesota supplemental aid grants based on each county agency's average share of state's emergency Minnesota supplemental aid expenditures for the immediate past three fiscal years as determined by the commissioner, and may reallocate any unspent amounts to other counties. Any emergency Minnesota supplemental aid expenditures by a county above the amount of the commissioner's allocation to the county must be made from county funds.

256L.05 MONTHLY RATES.

Subd. 1b. **Rates for uncertified boarding care homes.** Effective July 1, 1992, the maximum rate specified in subdivision 1 does not apply to a facility which was licensed by the Minnesota Department of Health as a boarding care home before March 1, 1985, and which is not certified to receive medical assistance.

Subd. 5. **Adult foster care rates.** The commissioner shall annually establish statewide maintenance and difficulty of care limits for adults in foster care.

256L.07 RESPITE CARE PILOT PROJECT; FAMILY ADULT FOSTER CARE.

Subdivision 1. **Program established.** The state recognizes the importance of developing and maintaining quality family foster care resources. In order to accomplish that goal, the commissioner shall establish a two-year respite care pilot project for family adult foster care providers in three counties. This pilot project is intended to provide support to caregivers of family adult foster care residents. The commissioner shall establish a state-funded pilot project to accomplish the provisions in subdivisions 2 to 4.

Subd. 2. **Eligibility.** A family adult foster care home provider as defined under section 144D.01, subdivision 7, who has been licensed for six months is eligible for up to 30 days of respite care per calendar year. In cases of emergency, a county social services agency may waive the six-month licensing requirement. In order to be eligible to receive respite payment, a provider must take time off away from their foster care residents.

APPENDIX

Repealed Minnesota Statutes: S2397-2

Subd. 3. **Payment structure.** (a) The rate of payment for respite care for an adult foster care resident eligible for only group residential housing shall be based on the current monthly group residential housing base room and board rate and the current maximum monthly group residential housing difficulty of care rate.

(b) The rate of payment for respite care for an adult foster care resident eligible for alternative care funds shall be based on the resident's alternative care foster care rate.

(c) The rate of payment for respite care for an adult foster care resident eligible for Medicaid home and community-based services waiver funds shall be based on the group residential housing base room and board rate.

(d) The total amount available to pay for respite care for a family adult foster care provider shall be based on the number of residents currently served in the foster care home. Respite care must be paid for on a per diem basis and for a full day.

Subd. 4. **Private pay residents.** Payment for respite care for private pay foster care residents must be arranged between the provider and the resident or the resident's family.

256J.24 FAMILY COMPOSITION; ASSISTANCE STANDARDS; EXIT LEVEL.

Subd. 10. **MFIP exit level.** The commissioner shall adjust the MFIP earned income disregard to ensure that most participants do not lose eligibility for MFIP until their income reaches at least 115 percent of the federal poverty guidelines at the time of the adjustment. The adjustment to the disregard shall be based on a household size of three, and the resulting earned income disregard percentage must be applied to all household sizes. The adjustment under this subdivision must be implemented whenever a Supplemental Nutrition Assistance Program adjustment is reflected in the food portion of the MFIP transitional standard as required under subdivision 5a.

256K.35 AT-RISK YOUTH OUT-OF-WEDLOCK PREGNANCY PREVENTION PROGRAM.

Subdivision 1. **Establishment and purpose.** The commissioner shall establish a statewide grant program to prevent or reduce the incidence of out-of-wedlock pregnancies among homeless, runaway, or thrown-away youth who are at risk of being prostituted or currently being used in prostitution. The goal of the out-of-wedlock pregnancy prevention program is to significantly increase the number of existing short-term shelter beds for these youth in the state. By providing street outreach and supportive services for emergency shelter, transitional housing, and services to reconnect the youth with their families where appropriate, the number of youth at risk of being sexually exploited or actually being sexually exploited, and thus at risk of experiencing an out-of-wedlock pregnancy, will be reduced.

Subd. 2. **Funds available.** The commissioner shall make funds for street outreach and supportive services for emergency shelter and transitional housing for out-of-wedlock pregnancy prevention available to eligible nonprofit corporations or government agencies to provide supportive services for emergency and transitional housing for at-risk youth. The commissioner shall consider the need for emergency and transitional housing supportive services throughout the state, and must give priority to applicants who offer 24-hour emergency facilities.

Subd. 3. **Application; eligibility.** (a) A nonprofit corporation or government agency must submit an application to the commissioner in the form and manner the commissioner establishes. The application must describe how the applicant meets the eligibility criteria under paragraph (b). The commissioner may also require an applicant to provide additional information.

(b) To be eligible for funding under this section, an applicant must meet the following criteria:

(1) the applicant must have a commitment to helping the community, children, and preventing juvenile prostitution. If the applicant does not have any past experience with youth involved in or at risk of being used in prostitution, the applicant must demonstrate knowledge of best practices in this area and develop a plan to follow those practices;

(2) the applicant must present a plan to communicate with local law enforcement officials, social services, and the commissioner consistent with state and federal law; and

(3) the applicant must present a plan to encourage homeless, runaway, or thrown-away youth to either reconnect with family or to transition into long-term housing.

Subd. 4. **Uses of funds.** (a) Funds available under this section must be used to create and maintain supportive services for emergency shelter and transitional housing for homeless, runaway, and thrown-away youth. Federal TANF funds must be used to serve youth and their

APPENDIX

Repealed Minnesota Statutes: S2397-2

families with household income below 200 percent of the federal poverty guidelines. If other funds are available, services may be provided to youth outside of TANF-eligible families.

(b) Funds available under this section shall not be used to conduct general education or awareness programs unrelated to the operation of an emergency shelter or transitional housing.

259.85 POSTADOPTION SERVICE GRANTS PROGRAM.

Subdivision 1. **Purpose.** The commissioner of human services shall establish and supervise a postadoption service grants program to be administered by local social service agencies for the purpose of preserving and strengthening adoptive families. The program will provide financial assistance to adoptive parents who are not receiving adoption assistance under chapter 259A to meet the special needs of an adopted child that cannot be met by other resources available to the family.

Subd. 2. **Eligibility criteria.** A child may be certified by the local social services agency as eligible for a postadoption service grant after a final decree of adoption if:

(1) the child was a ward of the commissioner or a Minnesota licensed child-placing agency before adoption;

(2) the child had special needs at the time of adoption. For the purposes of this section, "special needs" means a child who had a physical, mental, emotional, or behavioral disability at the time of an adoption or has a preadoption background to which the current development of such disabilities can be attributed;

(3) the adoptive parents have exhausted all other available resources. Available resources include public income support programs, medical assistance, health insurance coverage, services available through community resources, and any other private or public benefits or resources available to the family or to the child to meet the child's special needs; and

(4) the child is under 18 years of age, or if the child is under 22 years of age and remains dependent on the adoptive parent or parents for care and financial support and is enrolled in a secondary education program as a full-time student.

Subd. 3. **Certification statement.** The local social services agency shall certify a child's eligibility for a postadoption service grant in writing to the commissioner. The certification statement shall include:

(1) a description and history of the special needs upon which eligibility is based;

(2) separate certification for each of the eligibility criteria under subdivision 2, that the criteria are met; and

(3) applicable supporting documentation including:

(i) the child's individual service plan;

(ii) medical, psychological, or special education evaluations;

(iii) documentation that all other resources have been exhausted; and

(iv) an estimate of the costs necessary to meet the special needs of the child.

Subd. 4. **Commissioner review.** The commissioner shall review the facts upon which eligibility is based and shall award postadoption service grants to eligible adoptive parents to the extent funds are appropriated consistent with subdivision 5.

Subd. 5. **Grant payments.** The amount of the postadoption service grant payment shall be based on the special needs of the child and the determination that other resources to meet those special needs are not available. The amount of any grant payments shall be based on the severity of the child's disability and the effect of the disability on the family and must not exceed \$10,000 annually. Adoptive parents are eligible for grant payments until their child's 18th birthday, or if the child is under 22 years of age and remains dependent on the adoptive parent or parents for care and financial support and is enrolled in a secondary education program as a full-time student.

Permissible expenses that may be paid from grants shall be limited to:

(1) medical expenses not covered by the family's health insurance or medical assistance;

(2) therapeutic expenses, including individual and family therapy; and

(3) nonmedical services, items, or equipment required to meet the special needs of the child.

The grants under this section shall not be used for maintenance for out-of-home placement of the child in substitute care.

518A.53 INCOME WITHHOLDING.

Subd. 7. **Subsequent income withholding.** (a) This subdivision applies to support orders that do not contain provisions for income withholding.

APPENDIX

Repealed Minnesota Statutes: S2397-2

(b) For cases in which the public authority is providing child support enforcement services to the parties, the income withholding under this subdivision shall take effect without prior judicial notice to the obligor and without the need for judicial or administrative hearing. Withholding shall result when:

(1) the obligor requests it in writing to the public authority;

(2) the obligee or obligor serves on the public authority a copy of the notice of income withholding, a copy of the court's order, an application, and the fee to use the public authority's collection services; or

(3) the public authority commences withholding according to section 518A.46, subdivision 5, paragraph (a), clause (5).

(c) For cases in which the public authority is not providing child support services to the parties, income withholding under this subdivision shall take effect when an obligee requests it by making a written motion to the court and the court finds that previous support has not been paid on a timely consistent basis or that the obligor has threatened expressly or otherwise to stop or reduce payments.

(d) Within two days after the public authority commences withholding under this subdivision, the public authority shall send to the obligor at the obligor's last known address, notice that withholding has commenced. The notice shall include the information provided to the payor of funds in the notice of withholding.

518A.74 PUBLICATION OF NAMES OF DELINQUENT CHILD SUPPORT OBLIGORS.

Subdivision 1. **Making names public.** At least once each year, the commissioner of human services, in consultation with the attorney general, may publish a list of the names and other identifying information of no more than 25 persons who (1) are child support obligors, (2) are at least \$10,000 in arrears, (3) are not in compliance with a written payment agreement regarding both current support and arrearages approved by the court, a child support magistrate, or the public authority, (4) cannot currently be located by the public authority for the purposes of enforcing a support order, and (5) have not made a support payment except tax intercept payments, in the preceding 12 months.

Identifying information may include the obligor's name, last known address, amount owed, date of birth, photograph, the number of children for whom support is owed, and any additional information about the obligor that would assist in identifying or locating the obligor. The commissioner and attorney general may use posters, media presentations, electronic technology, and other means that the commissioner and attorney general determine are appropriate for dissemination of the information, including publication on the Internet. The commissioner and attorney general may make any or all of the identifying information regarding these persons public. Information regarding an obligor who meets the criteria in this subdivision will only be made public subsequent to that person's selection by the commissioner and attorney general.

Before making public the name of the obligor, the Department of Human Services shall send a notice to the obligor's last known address which states the department's intention to make public information on the obligor. The notice must also provide an opportunity to have the obligor's name removed from the list by paying the arrearage or by entering into an agreement to pay the arrearage, or by providing information to the public authority that there is good cause not to make the information public. The notice must include the final date when the payment or agreement can be accepted.

The Department of Human Services shall obtain the written consent of the obligee to make the name of the obligor public.

Subd. 2. **Names published in error.** If the commissioner makes public a name under subdivision 1 which is in error, the commissioner must also offer to publish a printed retraction and a public apology acknowledging that the name was made public in error. If the person whose name was made public in error elects the public retraction and apology, the retraction and apology must appear in the same medium and the same format as the original notice with the name listed in error. In addition to the right of a public retraction and apology, a person whose name was made public in error has a civil action for damages caused by the error.

626.5593 PEER REVIEW OF LOCAL AGENCY RESPONSE.

Subdivision 1. **Establishment.** By January 1, 1991, the commissioner of human services shall establish a pilot program for peer review of local agency responses to child maltreatment reports made under section 626.556. The peer review program shall examine agency assessments of maltreatment reports and delivery of child protection services in at least two counties. The commissioner shall designate the local agencies to be reviewed, and shall appoint a peer review panel composed of child protection workers, as defined in section 626.559, and law enforcement personnel who are responsible for investigating reports of child maltreatment under section 626.556, subdivision 10, within the designated counties.

Subd. 2. **Duties.** The peer review panel shall meet at least quarterly to review case files representative of child maltreatment reports that were investigated or assessed by the local agency. These cases shall be selected randomly from local welfare agency files by the commissioner. Not public data, as defined in section 13.02, subdivision 8, may be shared with panel members in connection with a case review.

The panel shall review each case for compliance with relevant laws, rules, agency policies, appropriateness of agency actions, and case determinations. The panel shall issue a report to the designated agencies after each meeting which includes findings regarding the agency's compliance with relevant laws, rules, policies, case practice, and any recommendations to be considered by the agency. The panel shall also issue a semiannual report concerning its activities. This semiannual report shall be available to the public, but may not include any information that is classified as not public data.

Subd. 3. **Report to legislature.** By January 1, 1992, the commissioner shall report to the legislature regarding the activities of the peer review panel, compliance findings, barriers to the effective delivery of child protection services, and recommendations for the establishment of a permanent peer review system for child protection services.

Subd. 4. **Funds.** The commissioner may use funds allocated for child protection services, training, and grants to pay administrative expenses associated with the peer review panel pilot program created by this section.
