## SENATE STATE OF MINNESOTA NINETY-SECOND SESSION

BD/LN

## S.F. No. 3384

(SENATE AUTI	HORS: PAPP	AS and Dziedzic)
DATE	D-PG	OFFICIAL STATUS
02/24/2022	5112	Introduction and first reading
		Referred to State Government Finance and Policy and Elections

1.1	A bill for an act
1.2 1.3	relating to State Board of Investment; mandating report on impact of climate change on fossil fuel investments currently held by State Board of Investment.
1.4	BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:
1.5	Section 1. STATE BOARD OF INVESTMENT; REPORT ON RISKS OF
1.6	INVESTMENTS IN FOSSIL FUEL COMPANIES.
1.7	Subdivision 1. Findings and purpose. The legislature finds and declares as follows:
1.8	(a) Climate change is a long-term problem that will affect the state's environment, health,
1.9	and economy for decades to come.
1.10	(b) Effects of global climate change are already occurring; sea ice has been lost, sea
1.11	levels are rising at accelerated rates, and extreme weather events are occurring with greater
1.12	duration and intensity.
1.13	(c) As global temperatures continue to rise, these effects will likely accelerate leading
1.14	to greater intensity and frequency of devastating weather events.
1.15	(d) The financial sector will be affected by the adverse effects of climate change.
1.16	(e) Climate change presents an array of material financial risks, including transition risk,
1.17	physical risk, and litigation risk, that responsible investors must take into account when
1.18	making investment decisions. Failure to acknowledge and address these risks will result in
1.19	exposure to subsequent liabilities and financial risk.
1.20	(f) If global temperature rise is to be limited to no more than two degrees Celsius,
1.21	governments must act to limit warming and hasten the transition to a low-carbon economy

1

	02/14/22	REVISOR	BD/LN	22-06246	as introduced		
2.1	by halting the extraction and development of carbon reserves. This regulatory risk will affect						
2.2	major sectors	major sectors of the global economy.					
2.3	(g) If clim	(g) If climate change and carbon emissions continue on their current trajectories, both					
2.4	acute and chronic weather-related activity will greatly compromise the ability of businesses						
2.5	that do not account for these changes to reliably generate returns.						
2.6	(h) In the public pension investment context, these risks are especially salient. The State						
2.7	Board of Investment has a fiduciary duty to retirement plan members, taxpayers, and the						
2.8	state, to invest plan assets prudently. In order to meet this requirement and ensure sufficient						
2.9	funding of bo	th current and futu	re retirees' benefit	s, the State Board of Inv	estment must		
2.10	o consider both short-term and long-term effects of climate change and risks those effects						
2.11	pose to retirement fund investments.						
2.12	(i) The put	rpose of the report	required by subdi	vision 2 is to determine t	the capability of		
2.13	the State Boar	rd of Investment to	measure and resp	ond to the growing finar	icial risks posed		
2.14	by global clim	ate change and to a	assess risks to the a	ssets of the public pensio	n and retirement		
2.15	2.15 <u>funds due to global climate change.</u>						
2.16	Subd. 2. Report required. (a) The State Board of Investment shall prepare a report on						
2.17	the stability and security of investments in companies that are involved in the exploration						
2.18	and extraction of fossil fuels. The report must be limited to assets of the public pension and						
2.19	9 retirement funds managed by the State Board of Investment.						
2.20	(b) The re	port shall include	the following:				
2.21	(1) a descr	iption of the fiduci	ary duties, prudent	person standard, and oth	er requirements		
2.22	that govern th	e State Board of I	nvestment's manag	gement of the retirement	<u>funds;</u>		
2.23	(2) definit	ions of fossil fuel	investments and re	newable energy investm	ients;		
2.24	<u>(3)</u> an asse	essment of the fina	ncial risks of cont	inuing to stay invested in	n fossil fuel		
2.25	companies, ge	enerally, and espec	ially, continued in	vestment in coal mining	and producing		
2.26	companies;						
2.27	(4) identif	ication of already	available assessme	ents of alternatives to fos	sil fuel		
2.28	investments, i	ncluding investme	ent in renewable en	nergy companies and eng	gagement in the		
2.29	governance of	f those fossil fuel a	companies that are	transitioning to become	exclusively		

- 2.29 governance of those fossil fuel companies that are transitioning to become exclusively
- 2.30 <u>renewable energy resource companies;</u>
- 2.31 (5) a summary of existing research on the processes, procedures, and policies utilized
  2.32 by other public pension funds in the United States to address climate change issues;

	02/14/22	REVISOR	BD/LN	22-06246	as introduced		
3.1	(6) a description of how climate change is currently addressed in the combined retirement						
3.2	funds of the State Board of Investment;						
3.3	(7) identification of existing metrics to assess the impact of the carbon exposure of						
3.4	individual companies and describe measures that would address potential adverse						
3.5	consequences to the retirement funds of continued investment in companies holding a large						
3.6	carbon footprint;						
3.7	<u>(8) ident</u>	ification of improve	ements that could	be incorporated into the	State Board of		
3.8	Investment's proxy guidelines regarding environmental policies that encourage further						
3.9	engagement in climate change initiatives; and						
3.10	(9) identification of resources needed by the State Board of Investment to continue						
3.11	acquiring kr	nowledge on climate	e change risk and	related investment altern	atives.		
3.12	<u>(c)</u> The S	State Board of Inves	tment shall delive	r its report on or before F	ebruary 1, 2023,		
3.13	to the chair,	the vice-chair, and	the executive dire	ctor of the Legislative Co	ommission on		
3.14	Pensions an	d Retirement.					
3.15	<b>EFFEC</b>	TIVE DATE. This	section is effectiv	e the day following final	enactment.
