3.9 Coverage for nonemergency care obtained out of state shall be according to rates and
3.10 conditions established by the board. The board may require that a resident be transported

3.12 when that transport will not adversely affect a patient's care or condition.

3.13 Subd. 4. **Visitors.** Nonresidents visiting Minnesota shall be billed by the board for all
3.14 services received under the Minnesota Health Plan. The board may enter into

4.6 eligible.

4.7 (b) Any individual is presumed eligible when brought to a health facility according to
4.8 any provision of section 253B.05.

8.14 be used to incentivize the training and development of health care providers and the health
8.15 care workforce needed to meet the health care needs of the population.

8.16 (e) **Health service research account.** The health service research account must be used
8.17 to support research and innovation as determined by the Minnesota Health Board, and
8.18 recommended by the Office of Health Quality and Planning and the Ombudsman for Patient
8.19 Advocacy.

8.20 Subd. 4. **Capital account.** The capital account must be used to pay for capital
8.21 expenditures for institutional providers.

8.22 Subd. 5. **Reserve account.** (a) The Minnesota Health Plan must at all times hold in
8.23 reserve an amount estimated in the aggregate to provide for the payment of all losses and
8.24 claims for which the Minnesota Health Plan may be liable and to provide for the expense
8.25 of adjustment or settlement of losses and claims.

8.29 (c) The board shall have provisions in place to insure the Minnesota Health Plan against
8.30 unforeseen expenditures or revenue shortfalls not covered by the reserve account. The board
8.31 may borrow money to cover temporary shortfalls.

9.1 Sec. 2. [62W.20] REVENUE SOURCES.

9.2 Subdivision 1. Minnesota Health Plan premium. (a) The Minnesota Health Board
9.3 shall:

9.4 (1) determine the aggregate cost of providing health care according to this chapter;

9.5 (2) develop an equitable and affordable premium structure based on income, including
9.6 unearned income, and a business health tax based on payroll;

9.7 (3) in consultation with the Department of Revenue, develop an efficient means of
9.8 collecting premiums and the business health tax; and

9.9 (4) coordinate with existing, ongoing funding sources from federal and state programs.

9.10 (b) The premium structure must be based on ability to pay.

9.11 (c) On or before January 15, 2017, the board shall submit to the governor and the
9.12 legislature a report on the premium and business health tax structure established to finance
9.13 the Minnesota Health Plan.

9.14 Subd. 2. Federal receipts. All federal funding received by Minnesota including the
9.15 premium subsidies under the Affordable Care Act, Public Law 111-148, as amended by
9.16 Public Law 111-152, is appropriated to the Minnesota Health Plan Board to be used to
9.17 administer the Minnesota Health Plan under chapter 62W. Federal funding that is received
9.18 for implementing and administering the Minnesota Health Plan must be used to provide
9.19 health care for Minnesota residents.

9.20 Subd. 3. Funds from outside sources. Institutional providers operating under Minnesota
9.21 Health Plan operating budgets may raise and expend funds from sources other than the
9.22 Minnesota Health Plan including private or foundation donors. Contributions to providers
9.23 in excess of \$500,000 must be reported to the board.

9.24 Subd. 4. Governmental payments. The chief executive officer and, if required under
9.25 federal law, the commissioners of health, human services, and commerce shall seek all
9.26 necessary waivers, exemptions, agreements, or legislation so that all current federal payments
9.27 to the state, including the premium tax credits under the Affordable Care Act, are paid
9.28 directly to the Minnesota Health Plan. When any required waivers, exemptions, agreements,
9.29 or legislation are obtained, the Minnesota Health Plan shall assume responsibility for all
9.30 health care benefits and health care services previously paid for with federal funds. In
9.31 obtaining the waivers, exemptions, agreements, or legislation, the chief executive officer
9.32 and, if required, commissioners shall seek from the federal government a contribution for
9.33 health care services in Minnesota that reflects: medical inflation, the state gross domestic

product, the size and age of the population, the number of residents living below the poverty level, and the number of Medicare and VA eligible individuals, and that does not decrease in relation to the federal contribution to other states as a result of the waivers, exemptions, agreements, or savings from implementation of the Minnesota Health Plan.

Subd. 5. **Federal preemption.** (a) The board shall secure a repeal or a waiver of any provision of federal law that preempts any provision of this chapter. The commissioners of health, human services, and commerce shall provide all necessary assistance.

(b) In the section 1332 waiver application, the board shall request to waive any of the following provisions of the Patient Protection and Affordable Care Act, to the extent necessary to implement this act:

(1) United States Code, title 42, sections 18021 to 18024;

(2) United States Code, title 42, sections 18031 to 18033;

(3) United States Code, title 42, section 18071; and

(4) sections 36B and 5000A of the Internal Revenue Code of 1986, as amended.

(c) In the event that a repeal or a waiver of law or regulations cannot be secured, the board shall adopt rules, or seek conforming state legislation, consistent with federal law, in an effort to best fulfill the purposes of this chapter.

(d) The Minnesota Health Plan's responsibility for providing care shall be secondary to existing federal government programs for health care services to the extent that funding for these programs is not transferred to the Minnesota Health Fund or that the transfer is delayed beyond the date on which initial benefits are provided under the Minnesota Health Plan.

Subd. 6. **No cost-sharing.** No deductible, co-payment, coinsurance, or other cost-sharing shall be imposed with respect to covered benefits.

Sec. 3. **[62W.21] SUBROGATION.**

Subdivision 1. **Collateral source.** (a) When other payers for health care have been terminated, health care costs shall be collected from collateral sources whenever medical services provided to an individual are, or may be, covered services under a policy of insurance, or other collateral source available to that individual, or when the individual has a right of action for compensation permitted under law.

(b) As used in this section, collateral source includes:

11.1 (1) health insurance policies and the medical components of automobile, homeowners,
11.2 and other forms of insurance;

11.3 (2) medical components of worker's compensation;

11.4 (3) pension plans;

11.5 (4) employer plans;

11.6 (5) employee benefit contracts;

11.7 (6) government benefit programs;

11.8 (7) a judgment for damages for personal injury;

11.9 (8) the state of last domicile for individuals moving to Minnesota for medical care who
11.10 have extraordinary medical needs; and

11.11 (9) any third party who is or may be liable to an individual for health care services or
11.12 costs.

11.13 (c) Collateral source does not include:

11.14 (1) a contract or plan that is subject to federal preemption; or

11.15 (2) any governmental unit, agency, or service, to the extent that subrogation is prohibited
11.16 by law. An entity described in paragraph (b) is not excluded from the obligations imposed
11.17 by this section by virtue of a contract or relationship with a government unit, agency, or
11.18 service.

11.19 (d) The board shall negotiate waivers, seek federal legislation, or make other arrangements
11.20 to incorporate collateral sources into the Minnesota Health Plan.

11.21 Subd. 2. **Notification.** When an individual who receives health care services under the
11.22 Minnesota Health Plan is entitled to coverage, reimbursement, indemnity, or other
11.23 compensation from a collateral source, the individual shall notify the health care provider
11.24 and provide information identifying the collateral source, the nature and extent of coverage
11.25 or entitlement, and other relevant information. The health care provider shall forward this
11.26 information to the board. The individual entitled to coverage, reimbursement, indemnity,
11.27 or other compensation from a collateral source shall provide additional information as
11.28 requested by the board.

11.29 Subd. 3. **Reimbursement.** (a) The Minnesota Health Plan shall seek reimbursement
11.30 from the collateral source for services provided to the individual and may institute appropriate
11.31 action, including legal proceedings, to recover the reimbursement. Upon demand, the

12.1 collateral source shall pay to the Minnesota Health Fund the sums it would have paid or
12.2 expended on behalf of the individual for the health care services provided by the Minnesota
12.3 Health Plan.

12.4 (b) In addition to any other right to recovery provided in this section, the board shall
12.5 have the same right to recover the reasonable value of health care benefits from a collateral
12.6 source as provided to the commissioner of human services under section 256B.37.

12.7 (c) If a collateral source is exempt from subrogation or the obligation to reimburse the
12.8 Minnesota Health Plan, the board may require that an individual who is entitled to medical
12.9 services from the source first seek those services from that source before seeking those
12.10 services from the Minnesota Health Plan.

12.11 (d) To the extent permitted by federal law, the board shall have the same right of
12.12 subrogation over contractual retiree health care benefits provided by employers as other
12.13 contracts, allowing the Minnesota Health Plan to recover the cost of health care services
12.14 provided to individuals covered by the retiree benefits, unless arrangements are made to
12.15 transfer the revenues of the health care benefits directly to the Minnesota Health Plan.

12.16 Subd. 4. **Defaults, underpayments, and late payments.** (a) Default, underpayment, or
12.17 late payment of any tax or other obligation imposed by this chapter shall result in the remedies
12.18 and penalties provided by law, except as provided in this section.

12.19 (b) Eligibility for health care benefits under section 62W.04 shall not be impaired by
12.20 any default, underpayment, or late payment of any premium or other obligation imposed
12.21 by this chapter.

12.22 **ARTICLE 5**

12.26 Minnesota may participate in the Minnesota Health Plan and other providers as determined
12.27 by the board.

12.28 (b) A participating health care provider shall comply with all federal laws and regulations
12.29 governing referral fees and fee splitting including, but not limited to, United States Code,
12.30 title 42, sections 1320a-7b and 1395nn, whether reimbursed by federal funds or not.

12.31 (c) A fee schedule or financial incentive may not adversely affect the care a patient
12.32 receives or the care a health provider recommends.

13.1 Subd. 2. **Payments to noninstitutional providers.** (a) The Minnesota Health Board
13.2 shall establish and oversee a fair and efficient payment system for noninstitutional providers.

13.3 (b) The board shall pay noninstitutional providers based on rates negotiated with
13.4 providers. Rates shall take into account the need to address provider shortages.

13.5 (c) The board shall establish payment criteria and methods of payment for care
13.6 coordination for patients especially those with chronic illness and complex medical needs.

13.7 (d) Providers who accept any payment from the Minnesota Health Plan for a covered
13.8 health care service shall not bill the patient for the covered health care service.

13.9 (e) Providers shall be paid within 30 business days for claims filed following procedures
13.10 established by the board.

13.14 the next year based on past performance and projected changes in prices and health care
13.15 service levels. The annual budget for each individual institutional provider must be set
13.16 separately. The board shall not set a joint budget for a group of more than one institutional
13.17 provider nor for a parent corporation that owns or operates one or more institutional provider.

13.18 (b) Providers who accept any payment from the Minnesota Health Plan for a covered
13.19 health care service shall not bill the patient for the covered health care service.

13.20 Subd. 4. **Capital management plan.** (a) The board shall periodically develop a capital
13.21 investment plan that will serve as a guide in determining the annual budgets of institutional
13.22 providers and in deciding whether to approve applications for approval of capital expenditures
13.23 by noninstitutional providers.

13.24 (b) Providers who propose to make capital purchases in excess of \$500,000 must obtain
13.25 board approval. The board may alter the threshold expenditure level that triggers the
13.26 requirement to submit information on capital expenditures. Institutional providers shall
13.27 propose these expenditures and submit the required information as part of the annual budget
13.28 they submit to the board. Noninstitutional providers shall submit applications for approval
13.29 of these expenditures to the board. The board must respond to capital expenditure applications
13.30 in a timely manner.
