18.28 **SUPPLEMENTAL BUDGET APPROPRIATIONS**

18.29 Section 1. Minnesota Statutes 2010, section 13.386, is amended by adding a
18.30 subdivision to read:

19.1 Subd. 4. **Public health exception.** Notwithstanding subdivisions 1 to 3, the
19.2 commissioner of health may collect, store, use, and disseminate any genetic information,
19.3 which includes biological information or specimens, to the extent required or permitted by
19.4 any statute or rule that exists as of the effective date of this subdivision. This subdivision
19.5 does not apply to newborn screening activities conducted under sections 144.125 to
19.6 144.128.

19.7 This subdivision expires July 1, 2013.

19.8 **EFFECTIVE DATE.** This section is effective the day following final enactment.

19.9 Sec. 2. Minnesota Statutes 2010, section 138.668, is amended to read:

19.10 **138.668 ADMISSION FEES.**

19.11 The Minnesota Historical Society may establish and collect reasonable fees for
19.12 admission to state-owned historic sites in the state historic site network in section 138.661
19.13 ~~for deposit in an account in the state treasury.~~ These fees shall be available to the society.

19.14 Sec. 3. Minnesota Statutes 2010, section 144.125, subdivision 3, is amended to read:

19.15 Subd. 3. ~~**Objection of parents to test**~~ **Information provided to parents.** ~~Persons~~
19.16 ~~with a duty to perform testing under subdivision 1 shall advise parents of infants (1) that~~
19.17 ~~the blood or tissue samples used to perform testing thereunder as well as the results of~~
19.18 ~~such testing may be retained by the Department of Health, (2) the benefit of retaining the~~
19.19 ~~blood or tissue sample, and (3) that the following options are available to them with~~
19.20 ~~respect to the testing: (i) to decline to have the tests, or (ii) to elect to have the tests but to~~
19.21 ~~require that all blood samples and records of test results be destroyed within 24 months~~
19.22 ~~of the testing. If the parents of an infant object in writing to testing for heritable and~~
19.23 ~~congenital disorders or elect to require that blood samples and test results be destroyed,~~
19.24 ~~the objection or election shall be recorded on a form that is signed by a parent or legal~~
19.25 ~~guardian and made part of the infant's medical record. A written objection exempts an~~
19.26 ~~infant from the requirements of this section and section 144.128. (a) The department shall~~
19.27 make information and forms available to health care providers who provide prenatal care
19.28 describing the newborn screening program and the provisions of this section to be used in
19.29 a discussion with expectant parents and parents of newborns. The department shall make
19.30 information and forms about newborn screening available to the persons with a duty
19.31 to perform testing under this section and to expectant parents and parents of newborns
19.32 using electronic and other means.

20.1 (b) Prior to collecting a sample, persons with a duty to perform testing under
20.2 subdivision 1 must:

20.3 (1) provide parents or legal guardians of infants with a document that provides
20.4 the following information:

20.5 (i) the benefits of newborn screening;

20.6 (ii) that the blood sample will be used to test for heritable and congenital disorders,
20.7 as determined under subdivision 2;

20.8 (iii) the data that will be collected as part of the testing;

20.9 (iv) the standard retention periods for blood samples and test results as provided in
20.10 subdivision 6;

20.11 (v) that blood samples and test results will be used for program operations during the
20.12 standard retention period in accordance with subdivision 5;

20.13 (vi) the Department of Health's Web site address where more information and forms
20.14 may be obtained; and

20.15 (vii) that parents have a right to elect not to have newborn screening performed and
20.16 a right to secure private testing;

20.17 (2) upon request, provide parents or legal guardians of infants with forms necessary
20.18 to request that the infant not have blood collected for testing; and

20.19 (3) record in the infant's medical record that a parent or legal guardian of the
20.20 infant has received the information provided pursuant to this subdivision and has had
20.21 an opportunity to ask questions.

20.22 (c) Nothing in this section prohibits a parent or legal guardian of an infant from

20.30 The signed form shall be made part of the infant's medical record and a copy shall be
20.31 provided to the Department of Health. When a parent or legal guardian elects not to
20.32 have newborn screening performed, the person with the duty to perform testing under
20.33 subdivision 1 must follow that election. A written election to decline testing exempts
20.34 persons with a duty to perform testing and the Department of Health from the requirements
20.35 of this section and section 144.128.

21.1 Sec. 5. Minnesota Statutes 2010, section 144.125, is amended by adding a subdivision

21.14 (b) No research, public health studies, or development of new newborn screening
21.15 tests shall be conducted under this subdivision.

21.17 to read:

21.18 Subd. 6. **Standard retention period for samples and test results.** The standard
21.19 retention period for blood samples with a negative test result is up to 71 days from the date
21.20 of receipt of the sample. The standard retention period for blood samples with a positive
21.21 test result is up to 24 months from the date of receipt of the sample. The standard retention
21.22 period for all test results is up to 24 months from the last date of reporting. Blood samples
21.23 with a negative test result will be destroyed within one week of the 71-day retention
21.24 period. Blood samples with a positive test result will be destroyed within one week of
21.25 the 24-month retention period. All test results will be destroyed within one month of
21.26 the 24-month retention period. During the standard retention period, the Department of
21.27 Health may use blood samples and test results for newborn screening program operations
21.28 in accordance with subdivision 5.

22.2 described in subdivision 9.

22.4 Tennessee warning pursuant to section 13.04, subdivision 2. The consent form must

22.7 for studies, including studies used to develop new tests;

22.8 (2) information as to the personal identification and use of samples and test results
22.9 for public health studies or research not related to newborn screening;

22.10 (3) information that explains that the Department of Health will not store a blood
22.11 sample or test result for longer than 18 years from an infant's birth date;

22.12 (4) information that explains that, upon approval by the Department of Health's
22.13 Institutional Review Board, blood samples and test results may be shared with external

22.27 to read:

22.28 Subd. 9. **Written informed consent for other use of samples and test results.**
22.29 With the written, informed consent of a parent or legal guardian, the Department of Health
22.30 may:

22.31 (1) use blood samples and test results for studies related to newborn screening,
22.32 including studies used to develop new tests; and

22.33 (2) use blood samples and test results for public health studies or research not related
22.34 to newborn screening, and upon approval by the Department of Health's Institutional
