48.30 permit in force at any time during the year:

48.31 (1) for nonprofit corporations and school districts, \$200 per 1,000,000 gallons; and

49.1 (2) for all other users, \$420 per 1,000,000 gallons.

(g) The commissioner shall waive the water-use permit fee for installations and projects that use storm water runoff or where public entities are diverting water to treat a water quality issue and returning the water to its source without using the water for any other purpose, unless the commissioner determines that the proposed use adversely affects surface water or groundwater.
