3.22 **Subdivision 1. Definition.** (a) For purposes of this section, the following terms have the

3.23 meanings given to them in this subdivision.

3.24 (b) "Manufacturer" means a manufacturer licensed under section 151.252 that is engaged

3.25 in the manufacturing of an opiate.

3.26 (c) "Opiate" means any opiate-containing controlled substance listed in section 152.02,

3.27 subdivisions 3 to 5, that is distributed, delivered, sold, or dispensed into or within this state.

3.28 (d) "Wholesaler" means a wholesale drug distributor licensed under section 151.47 that

3.29 is engaged in the wholesale drug distribution of an opiate.

4.1 Subd. 2. Reporting requirements. (a) By March 1 of each year, beginning March 1,
4.2 2020, each manufacturer and each wholesaler must report to the board every sale, delivery,
4.3 or other distribution within or into this state of any opiate that is made to any practitioner,
4.4 pharmacy, hospital, veterinary hospital, or other person who is permitted by section 151.37
4.5 to possess controlled substances for administration or dispensing to patients that occurred
4.6 during the previous calendar year. Reporting must be in the automation of reports and
4.7 consolidated orders system format unless otherwise specified by the board. If a manufacturer
4.8 or wholesaler fails to provide information required under this paragraph on a timely basis,
4.9 the board may assess an administrative penalty of \$100 per day. This penalty shall not be
4.10 considered a form of disciplinary action.

4.11 (b) By March 1 of each year, beginning March 1, 2020, each owner of a pharmacy with
4.12 at least one location within this state must report to the board any intracompany delivery
4.13 or distribution into this state, of any opiate, to the extent that those deliveries and distributions
4.14 are not reported to the board by a licensed wholesaler owned by, under contract to, or
4.15 otherwise operating on behalf of the owner of the pharmacy. Reporting must be in the
4.16 manner and format specified by the board for deliveries and distributions that occurred
4.17 during the previous calendar year.

4.18 Subd. 3. Determination of an opiate product registration fee. (a) The board shall
4.19 annually assess an opiate product registration fee on any manufacturer of an opiate that
4.20 annually sells, delivers, or distributes an opiate within or into the state 2,000,000 or more
4.21 units as reported to the board under subdivision 2.

4.22 (b) The annual registration fee for each manufacturer meeting the requirement under
4.23 paragraph (a) is \$250,000.

4.24 (c) In conjunction with the data reported under this section, and notwithstanding section
4.25 152.126, subdivision 6, the board may use the data reported under section 152.126,

4.28 (d) By April 1 of each year, beginning April 1, 2020, the board shall notify a manufacturer
4.29 that the manufacturer meets the requirement in paragraph (a) and is required to pay the
4.30 annual registration fee in accordance with section 151.252, subdivision 1, paragraph (b).

4.31 (e) A manufacturer may dispute the board's determination that the manufacturer must
4.32 pay the registration fee no later than 30 days after the date of notification. However, the
4.33 manufacturer must still remit the fee as required by section 151.252, subdivision 1, paragraph
4.34 (b). The dispute must be filed with the board in the manner and using the forms specified

5.1 by the board. A manufacturer must submit, with the required forms, data satisfactory to the
5.2 board that demonstrates that the assessment of the registration fee was incorrect. The board
5.3 must make a decision concerning a dispute no later than 60 days after receiving the required
5.4 dispute forms. If the board determines that the manufacturer has satisfactorily demonstrated
5.5 that the fee was incorrectly assessed, the board must refund the amount paid in error.

5.6 (f) For purposes of this subdivision, a unit means the individual dosage form of the
5.7 particular drug product that is prescribed to the patient. One unit equals one tablet, capsule,
5.8 patch, syringe, milliliter, or gram.

5.9 Subd. 4. **Report.** (a) The Board of Pharmacy shall evaluate the registration fee on drug
5.10 manufacturers established under this section, and whether the registration fee and the
5.11 increased licensure fees have impacted the prescribing practices of opiates by reducing the
5.12 number of opiate prescriptions issued during calendar years 2020, 2021, and 2022, or creating
5.13 any unintended consequences in the availability of opiates for the treatment of chronic or
5.14 intractable pain to the extent the board has the ability to effectively identify a correlation.
5.15 Notwithstanding section 152.126, subdivision 6, the board may access the data reported
5.16 under section 152.126, subdivision 4, to conduct this evaluation.

5.17 (b) The board shall submit the results of its evaluation to the chairs and ranking minority
5.18 members of the legislative committees with jurisdiction over health and human services
5.19 policy and finance by March 1, 2023.

5.21 Epidemic Response Advisory Council under section 256.042, subdivision 5, paragraph (a),
5.22 the reports from the commissioner of management and budget on the Results First evaluation
5.23 activities under section 256.042, subdivision 5, paragraph (b), the report from the Board of
5.24 Pharmacy under subdivision 4, and any other relevant report or information related to the
5.25 opioid crisis in Minnesota, to make a determination about whether the opiate product
5.26 registration fee assessed under this section should continue beyond July 1, 2023.

5.27 Sec. 5. Minnesota Statutes 2018, section 151.252, subdivision 1, is amended to read:

5.28 Subdivision 1. **Requirements.** (a) No person shall act as a drug manufacturer without
5.29 first obtaining a license from the board and paying any applicable fee specified in section
5.30 151.065.

5.31 (b) In addition to the license required under paragraph (a), each manufacturer required
5.32 to pay the registration fee under section 151.066 must pay the fee by June 1 of each year,
5.33 beginning June 1, 2020. In the event of a change of ownership of the manufacturer, the new

6.1 owner must pay the registration fee specified under section 151.066, subdivision 3, that the
6.2 original owner would have been assessed had the original owner retained ownership. The
6.3 registration fee collected under this paragraph shall be deposited in the opiate epidemic
6.4 response account established under section 256.043.

6.5 ~~(b)~~ (c) Application for a drug manufacturer license under this section shall be made in
6.6 a manner specified by the board.

6.7 ~~(e)~~ (d) No license shall be issued or renewed for a drug manufacturer unless the applicant
6.8 agrees to operate in a manner prescribed by federal and state law and according to Minnesota
6.9 Rules.

6.10 ~~(d)~~ (e) No license shall be issued or renewed for a drug manufacturer that is required to
6.11 be registered pursuant to United States Code, title 21, section 360, unless the applicant
6.12 supplies the board with proof of registration. The board may establish by rule the standards
6.13 for licensure of drug manufacturers that are not required to be registered under United States
6.14 Code, title 21, section 360.

6.15 ~~(e)~~ (f) No license shall be issued or renewed for a drug manufacturer that is required to
6.16 be licensed or registered by the state in which it is physically located unless the applicant
6.17 supplies the board with proof of licensure or registration. The board may establish, by rule,
6.18 standards for the licensure of a drug manufacturer that is not required to be licensed or
6.19 registered by the state in which it is physically located.

6.20 ~~(f)~~ (g) The board shall require a separate license for each facility located within the state
6.21 at which drug manufacturing occurs and for each facility located outside of the state at
6.22 which drugs that are shipped into the state are manufactured, except a manufacturer of
6.23 opiate-containing controlled substances shall not be required to pay the fee under section
6.24 151.065, subdivision 1, clause (16), or 151.065, subdivision 2, clause (14), for more than
6.25 one facility.

6.26 ~~(g)~~ (h) The board shall not issue an initial or renewed license for a drug manufacturing
6.27 facility unless the facility passes an inspection conducted by an authorized representative
6.28 of the board. In the case of a drug manufacturing facility located outside of the state, the
6.29 board may require the applicant to pay the cost of the inspection, in addition to the license
6.30 fee in section 151.065, unless the applicant furnishes the board with a report, issued by the
6.31 appropriate regulatory agency of the state in which the facility is located or by the United
6.32 States Food and Drug Administration, of an inspection that has occurred within the 24
6.33 months immediately preceding receipt of the license application by the board. The board

7.1 may deny licensure unless the applicant submits documentation satisfactory to the board
7.2 that any deficiencies noted in an inspection report have been corrected.

22.9 (8) due to a medical emergency, it is not possible for the prescriber to review the data
 22.10 before the prescriber issues the prescription order for the patient; or

22.11 (9) the prescriber is unable to access the data due to operational or other technological
 22.12 failure of the program so long as the prescriber reports the failure to the board.

22.13 (f) Only permissible users identified in paragraph (b), clauses (1), (2), (3), (6), (7), (9),
 22.14 and (10), may directly access the data electronically. No other permissible users may directly
 22.15 access the data electronically. If the data is directly accessed electronically, the permissible
 22.16 user shall implement and maintain a comprehensive information security program that
 22.17 contains administrative, technical, and physical safeguards that are appropriate to the user's
 22.18 size and complexity, and the sensitivity of the personal information obtained. The permissible
 22.19 user shall identify reasonably foreseeable internal and external risks to the security,
 22.20 confidentiality, and integrity of personal information that could result in the unauthorized
 22.21 disclosure, misuse, or other compromise of the information and assess the sufficiency of
 22.22 any safeguards in place to control the risks.

22.23 ~~(e)~~ (g) The board shall not release data submitted under subdivision 4 unless it is provided
 22.24 with evidence, satisfactory to the board, that the person requesting the information is entitled
 22.25 to receive the data.

22.26 ~~(f)~~ (h) The board shall maintain a log of all persons who access the data for a period of
 22.27 at least three years and shall ensure that any permissible user complies with paragraph (c)
 22.28 prior to attaining direct access to the data.

22.29 ~~(g)~~ (i) Section 13.05, subdivision 6, shall apply to any contract the board enters into
 22.30 pursuant to subdivision 2. A vendor shall not use data collected under this section for any
 22.31 purpose not specified in this section.

22.32 ~~(h)~~ (j) The board may participate in an interstate prescription monitoring program data
 22.33 exchange system provided that permissible users in other states have access to the data only

23.1 as allowed under this section, and that section 13.05, subdivision 6, applies to any contract
 23.2 or memorandum of understanding that the board enters into under this paragraph.

23.3 ~~(j)~~ (k) With available appropriations, the commissioner of human services shall establish
 23.4 and implement a system through which the Department of Human Services shall routinely
 23.5 access the data for the purpose of determining whether any client enrolled in an opioid
 23.6 treatment program licensed according to chapter 245A has been prescribed or dispensed a
 23.7 controlled substance in addition to that administered or dispensed by the opioid treatment
 23.8 program. When the commissioner determines there have been multiple prescribers or multiple
 23.9 prescriptions of controlled substances, the commissioner shall:

23.10 (1) inform the medical director of the opioid treatment program only that the
 23.11 commissioner determined the existence of multiple prescribers or multiple prescriptions of
 23.12 controlled substances; and

23.13 (2) direct the medical director of the opioid treatment program to access the data directly,
 23.14 review the effect of the multiple prescribers or multiple prescriptions, and document the
 23.15 review.

23.16 If determined necessary, the commissioner of human services shall seek a federal waiver
 23.17 of, or exception to, any applicable provision of Code of Federal Regulations, title 42, section
 23.18 2.34, paragraph (c), prior to implementing this paragraph.

23.19 ~~(j)~~ (l) The board shall review the data submitted under subdivision 4 on at least a quarterly
 23.20 basis and shall establish criteria, in consultation with the advisory task force, for referring
 23.21 information about a patient to prescribers and dispensers who prescribed or dispensed the
 23.22 prescriptions in question if the criteria are met.

23.23 Sec. 9. Minnesota Statutes 2018, section 152.126, subdivision 10, is amended to read:

23.24 Subd. 10. **Funding.** (a) The board may seek grants and private funds from nonprofit
 23.25 charitable foundations, the federal government, and other sources to fund the enhancement
 23.26 and ongoing operations of the prescription monitoring program established under this section.
 23.27 Any funds received shall be appropriated to the board for this purpose. The board may not
 23.28 expend funds to enhance the program in a way that conflicts with this section without seeking
 23.29 approval from the legislature.

23.30 (b) Notwithstanding any other section, the administrative services unit for the
 23.31 health-related licensing boards shall apportion between the Board of Medical Practice, the
 23.32 Board of Nursing, the Board of Dentistry, the Board of Podiatric Medicine, the Board of
 23.33 Optometry, the Board of Veterinary Medicine, and the Board of Pharmacy an amount to be

24.1 paid through fees by each respective board. The amount apportioned to each board shall
24.2 equal each board's share of the annual appropriation to the Board of Pharmacy from the
24.3 state government special revenue fund for operating the prescription monitoring program
24.4 under this section. Each board's apportioned share shall be based on the number of prescribers
24.5 or dispensers that each board identified in this paragraph licenses as a percentage of the
24.6 total number of prescribers and dispensers licensed collectively by these boards. Each
24.7 respective board may adjust the fees that the boards are required to collect to compensate
24.8 for the amount apportioned to each board by the administrative services unit.

24.9 (c) The board has the authority to modify its contract with its vendor as provided in
24.10 subdivision 2, to authorize that vendor to provide a service to prescribers and pharmacies
24.11 that allows them to access prescription monitoring program data from within the electronic
24.12 health record system or pharmacy software used by those prescribers and pharmacists.
24.13 Beginning July 1, 2019, the board has the authority to collect an annual fee from each
24.14 prescriber or pharmacist who accesses prescription monitoring program data through the
24.15 service offered by the vendor. The annual fee collected must not exceed \$50 per user. The
24.16 fees collected by the board under this paragraph shall be deposited in the state government
24.17 special revenue fund and are appropriated to the board for the purposes of this paragraph.

24.18 Sec. 10. Minnesota Statutes 2018, section 214.12, is amended by adding a subdivision to
24.19 read:

24.20 Subd. 6. **Opioid and controlled substances prescribing.** (a) The Board of Medical
24.21 Practice, the Board of Nursing, the Board of Dentistry, the Board of Optometry, and the
24.22 Board of Podiatric Medicine shall require that licensees with the authority to prescribe
24.23 controlled substances obtain at least two hours of continuing education credit on best practices
24.24 in prescribing opioids and controlled substances, as part of the continuing education
24.25 requirements for licensure renewal. Licensees shall not be required to complete more than
24.26 two credit hours of continuing education on best practices in prescribing opioids and
24.27 controlled substances before this subdivision expires. Continuing education credit on best
24.28 practices in prescribing opioids and controlled substances must meet board requirements.

24.29 (b) Paragraph (a) does not apply to any licensee who is participating in the opioid
24.30 prescribing improvement program under section 256B.0638, unless the licensee has been
24.31 terminated as a medical assistance provider under section 256B.0638, subdivision 5,
24.32 paragraph (d).

24.33 (c) This subdivision expires January 1, 2024.

24.34 **EFFECTIVE DATE.** This section is effective January 1, 2020.

25.1 Sec. 11. **PAIN MANAGEMENT.**

25.2 (a) The Health Services Policy Committee established under Minnesota Statutes, section
25.3 256B.0625, subdivision 3c, shall evaluate and make recommendations on the integration
25.4 of nonpharmacologic pain management that are clinically viable and sustainable; reduce or
25.5 eliminate chronic pain conditions; improve functional status; and prevent addiction and
25.6 reduce dependence on opiates or other pain medications. The recommendations must be
25.7 based on best practices for the effective treatment of musculoskeletal pain provided by
25.8 health practitioners identified in paragraph (b), and covered under medical assistance. Each
25.9 health practitioner represented under paragraph (b) shall present the minimum best integrated
25.10 practice recommendations, policies, and scientific evidence for nonpharmacologic treatment
25.11 options for eliminating pain and improving functional status within their full professional
25.12 scope. Recommendations for integration of services may include guidance regarding
25.13 screening for co-occurring behavioral health diagnoses; protocols for communication between
25.14 all providers treating a unique individual, including protocols for follow-up; and universal
25.15 mechanisms to assess improvements in functional status.

25.16 (b) In evaluating and making recommendations, the Health Services Policy Committee
25.17 shall consult and collaborate with the following health practitioners: acupuncture practitioners
25.18 licensed under Minnesota Statutes, chapter 147B; chiropractors licensed under Minnesota

25.20 sections 148.68 to 148.78; medical and osteopathic physicians licensed under Minnesota
25.21 Statutes, chapter 147, and advanced practice registered nurses licensed under Minnesota
25.22 Statutes, sections 148.171 to 148.285, with experience in providing primary care
25.23 collaboratively within a multidisciplinary team of health care practitioners who employ
25.24 nonpharmacologic pain therapies; and psychologists licensed under Minnesota Statutes,
25.25 section 148.907.

25.26 (c) The commissioner shall submit a progress report to the chairs and ranking minority
25.27 members of the legislative committees with jurisdiction over health and human services
25.28 policy and finance by January 15, 2021, and shall report final recommendations by August
25.29 1, 2021. The final report may also contain recommendations for developing and implementing
25.30 a pilot program to assess the clinical viability, sustainability, and effectiveness of integrated
25.31 nonpharmacologic, multidisciplinary treatments for managing musculoskeletal pain and
25.32 improving functional status.

26.1 Sec. 12. APPROPRIATION.
