new motor vehicle dealer licensed under section 168.27 is presumed to be injured and has standing to bring an action under section 80E.17 for a violation of this clause;

- (j) prevent a new motor vehicle dealer from transferring or assigning a new motor vehicle dealership to a qualified transferee. There shall be no transfer, assignment of the franchise, or major change in the executive management of the dealership, except as is otherwise provided in sections 80E.01 to 80E.17, without consent of the manufacturer, which shall not be withheld without good cause. In determining whether good cause exists for withholding consent to a transfer or assignment, the manufacturer, distributor, factory branch, or importer has the burden of proving that the transferee is a person who is not of good moral character or does not meet the franchisor's existing and reasonable capital standards and, considering the volume of sales and service of the new motor vehicle dealer, reasonable business experience standards in the market area. Denial of the request must be in writing and delivered to the new motor vehicle dealer within 60 days after the manufacturer receives the completed application customarily used by the manufacturer, distributor, factory branch, or importer for dealer appointments. If a denial is not sent within this period, the manufacturer shall be deemed to have given its consent to the proposed transfer or change. In the event of a proposed sale or transfer of a franchise, the manufacturer, distributor, factory branch, or importer shall be permitted to exercise a right of first refusal to acquire the franchisee's assets or ownership if:
- (1) the franchise agreement permits the manufacturer, distributor, factory branch, or importer to exercise a right of first refusal to acquire the franchisee's assets or ownership in the event of a proposed sale or transfer;
- (2) the proposed transfer of the dealership or its assets is of more than 50 percent of the ownership or assets;
- (3) the manufacturer, distributor, factory branch, or importer notifies the dealer in writing within 60 days of its receipt of the complete written proposal for the proposed sale or transfer on forms generally utilized by the manufacturer, distributor, factory branch, or importer for such purposes and containing the information required therein and all documents and agreements relating to the proposed sale or transfer;
- (4) the exercise of the right of first refusal will result in the dealer and dealer's owners receiving the same or greater consideration with equivalent terms of sale as is provided in the documents and agreements submitted to the manufacturer, distributor, factory branch, or importer under clause (3);
- (5) the proposed change of 50 percent or more of the ownership or of the dealership assets does not involve the transfer or sale of assets or the transfer or issuance of stock by the dealer or one or more dealer owners to a family member, including a spouse,

However, payment of such expenses and attorney fees shall not be required if the dealer has not submitted or caused to be submitted an accounting of those expenses within 20 days after the dealer's receipt of the manufacturer, distributor, factory branch, or importer's written request for such an accounting. The manufacturer, distributor, factory branch, or importer may request such an accounting before exercising its right of first refusal.
