121A.19 DEVELOPMENTAL SCREENING AID.

1.16

Each school year, the state must pay a district for each child or student screened by

1.17

the district according to the requirements of section 121A.17. The amount of state aid for

1.18

each child or student screened shall be: (1) ~~\$75~~ \$150 for a child screened at age three; (2)

1.21

enrolling in a public school kindergarten if the student has not previously been screened

1.22

according to the requirements of section 121A.17. If this amount of aid is insufficient,

1.23

the district may permanently transfer from the general fund an amount that, when added

1.24

to the aid, is sufficient. Developmental screening aid shall not be paid for any student

1.25

who is screened more than 30 days after the first day of attendance at a public school

1.26

kindergarten, except if a student transfers to another public school kindergarten within

1.27

30 days after first enrolling in a Minnesota public school kindergarten program. In this

case, if the student has not been screened, the district to which the student transfers may receive developmental screening aid for screening that student when the screening is performed within 30 days of the transfer date.

EFFECTIVE DATE. This section is effective for state aid for fiscal year 2015 and later.
