

4725.1800 DRILLING MACHINE AND HOIST REGISTRATION.

A. Upon licensure or registration, the licensee or registrant must register all drilling machines and hoists and pay a fee for each machine or hoist. Each time the licensee or registrant renews licensure or registration under part 4725.1300, the licensee or registrant must renew each drilling machine and hoist registration and must pay a renewal fee for each drilling machine or hoist. Upon acquiring additional drilling machines or hoists after initial licensure or registration or after renewal of licensure or registration, the licensee or registrant must register the machine or hoist and pay the hoist or drilling machine registration fee. The drilling machine and hoist registrations are concurrent with the license or registration, are not prorated, and expire on January 31 of each year for licensees and December 31 of each year for registrants. Upon receipt of the required fee and information, a drilling machine or hoist registration card shall be issued for identification purposes for each drilling machine and hoist registered by the contractor. The card shall be carried on the drilling machine or hoist at all times where it may be inspected by the commissioner.

B. The registration card and decals furnished for a drilling machine or hoist are not transferable.

C. A person must not use a drilling machine or hoist to conduct activities requiring a license or registration under this chapter unless the drilling machine or hoist is registered, displays the licensee's or registrant's license or registration number, and displays current decals.
