# Minnesota Rules: Amendments and Additions

## NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. The current 1999 set is a 13-volume bound collection of all adopted rules in effect at the time. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules and withdrawn proposed rules are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety in the *State Register*, only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted. For a more detailed description of the rulemaking process, see the most current edition of the *Minnesota Guidebook to State Agency Services*.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive; issue #26 cumulative for issues #1-26; issues #27-38 inclusive; issue #39, cumulative for issues #1-39; issues #40-51 inclusive; and issues #1-52 (or 53 in some years), cumulative for issues #1-52 (or 53). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155 (612) 297-3000, or toll-free 1-800-657-3757.

## Exempt Rules

Exempt rules are excluded from the normal rulemaking procedures (*Minnesota Statutes* §§ 14.386 and 14.388). They are most often of two kinds. One kind is specifically exempted by the Legislature from rulemaking procedures, but approved for form by the Revisor of Statutes, reviewed for legality by the Office of Administrative Hearings, and then published in the *State Register*. These exempt rules are effective for two years only.

The second kind of exempt rule is one adopted where an agency for good cause finds that the rulemaking provisions of *Minnesota Statutes*, Chapter 14 are unnecessary, impracticable, or contrary to the public interest. This exemption can be used only where the rules:

- (1) address a serious and immediate threat to the public health, safety, or welfare, or
- (2) comply with a court order or a requirement in federal law in a manner that does not allow for compliance with *Minnesota Statutes* Sections 14.14-14.28, or
- (3) incorporate specific changes set forth in applicable statutes when no interpretation of law is required, or
- (4) make changes that do not alter the sense, meaning, or effect of the rules.

These exempt rules are also reviewed for form by the Revisor of Statutes, for legality by the Office of Administrative Hearings and then published in the *State Register*. In addition, the Office of Administrative Hearings must determine whether the agency has provided adequate justification for the use of this exemption. Rules adopted under clauses (1) or (2) above are effective for two years only. The Legislature may also exempt an agency from the normal rulemaking procedures and establish other procedural and substantive requirements unique to that exemption.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Provisions exist for the Commissioners of some state agencies to adopt expedited rules when conditions exist that do not allow the Commissioner to comply with the requirements for normal rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the conditions. Expedited rules are effective upon publication in the State Register, and may be effective up to seven days before publication under certain conditions.

Expedited rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited rules detail the agency's rulemaking authority.

*Public Law* No. 110-108 extended from November 2, 2007 through November 1, 2014, the provisions of the *Internet Tax Freedom Act* (“ITFA”) (47 U.S.C. 151), which prohibits state taxation of Internet access. The ITFA, as amended, preempts and governs the issue of nontaxable Internet access charges that are aggregated with otherwise taxable charges, which was the subject of Revenue Notice # 05-01.

### Revenue Notice # 08-03: Corporate Franchise Tax - Treatment of Partnership Income of Corporate Partners; Revocation of Revenue Notice # 1992-16

This revenue notice revokes Revenue Notice # 1992-16 and replaces it with the following notice, which in substance does not differ in result from the revoked notice but merely deletes obsolete references to old corporate tax forms.

Partnership income is included in the corporate partner’s Minnesota income in one of two ways.

Partnership income is subject to apportionment as business income of the unitary business when a unitary business relationship exists between the corporation and the partnership. The determination of the existence of a unitary business must be made under *Minnesota Statutes*, section 290.17, subdivision 4, except that a corporation need not own more than 50% direct ownership in the partnership to be included in the unitary business. When a corporation and a partnership are engaged in a unitary business, the corporation must include its partnership income in its apportionable business income. The corporation must also include its pro-rata share of the partnership’s property, payroll, and sales/receipts located within and outside Minnesota in the corporation’s property, payroll, and sales/receipts numerator and denominator.

If the corporation and partnership are not engaged in a unitary business, the corporation must report its partnership income or loss as separately stated income or loss. If the partnership’s business is conducted wholly within Minnesota, the corporate partner’s share of partnership income or loss must be assigned entirely to Minnesota by the corporate partner. If the partnership business is conducted wholly outside Minnesota, the corporate partner’s share of partnership income or loss must be assigned entirely outside Minnesota. If the partnership conducts its business both within and without Minnesota, the corporate partner’s share of partnership income or loss is assigned to Minnesota based on the partnership’s property, payroll, and sales/receipts apportionment factors.

Revenue Notice # 1992-16: Corporate Franchise Tax – Treatment of Partnership Income of Corporate Partners is hereby revoked.

## State Contracts

**Informal Solicitations:** Informal solicitations for professional/technical (consultant) contracts valued at over \$5,000 through \$50,000, may either be published in the *State Register* or posted on the Department of Administration, Materials Management Division's (MMD) Web site. Interested vendors are encouraged to monitor the P/T Contract Section of the MMD Web site at [www.mmd.admin.state.mn.us](http://www.mmd.admin.state.mn.us) for informal solicitation announcements.

**Formal Solicitations:** Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over \$50,000) for professional/technical contracts must be published in the *State Register*. Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

**Requirements:** There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Materials Management Division strongly recommends meeting the following requirements:

\$0 - \$5000 does not need to be advertised. Contact the Materials Management Division: (651) 296-2600  
\$5,000 - \$25,000 should be advertised in the *State Register* for a period of at least seven calendar days;  
\$25,000 - \$50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and  
anything above \$50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days

### **Department of Natural Resources Request for Proposals to Prepare and Execute a Study of North Central Minnesota Boating During Summer of 2008 Certification #14732**

The Minnesota Department of Natural Resources (DNR) is requesting proposals from qualified firms and individuals to conduct a study of North Central Minnesota boating from Memorial Day weekend to Labor Day 2008 (study area approximately: Crow Wing, Aitkin, and southern Cass County). The study will involve aerial boat counts and boater interviews. The study will provide information to the DNR's water access and boating safety programs. The 2008 study is an update of studies done in 1998 and 1985, and the 2008 study will be designed to provide comparable information.

The goals of the project are to measure the quantity and source of boating use on North Central Minnesota lakes, and to measure boater characteristics and attitudes concerning their experience on the water. The quantity and source of boating use will largely be determined from aerial counts, while interviews and/or mail surveys will be used to measure boater characteristics and attitudes. The specific objectives are to:

A. Measure total use by source of boater

1. Determine directly—from aerial counts—boat density distribution at peak times on fair weather weekdays and weekends/holidays.
2. As part of each aerial count, determine the number of boats on the water from public accesses, resorts and private campgrounds.

B. Measure Boater experiences, perceptions and characteristics by source of boater

1. The DNR will provide the contractor with print-ready digital files of six survey instruments: there will be three types of surveys (public access, resort/private campground/marina users, and riparians) and Mille Lacs will have a separate surveys for all other lakes.. The

## **Department of Public Safety ARMER/911 Program Request for Proposals (RFP) for ARMER-Cost Audit**

Professional/technical services are needed to provide the Minnesota Department of Public Safety (DPS), Allied Radio Matrix for Emergency Response (ARMER) Program and the Minnesota Department of Transportation (MnDOT), with an external evaluation and audit of the estimated costs to implement the ARMER public safety communication backbone in the 55 counties of the state of Minnesota that comprise Phases Four, Five and Six of the ARMER project plan.
