Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Proposed Rules

Comments on Planned Rules or Rule Amendments. An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Rules to be Adopted After a Hearing. After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

Rules to be Adopted Without a Hearing. Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Your comments should identify the portion of the proposed rules addressed, the reason for the comment, and any change proposed. You are encouraged to propose any change that you desire. Any comments that you have about the legality of the proposed rules must also be made during this comment period.

Request for a Hearing. In addition to submitting comments, you may also request that the Department hold a hearing on the rules. If the proposed rules affect you in any way, the Department encourages you to participate in the rulemaking process.

Cancellation of Hearing. The Department will cancel the hearing scheduled for January 20, 2015, if the agency does not receive requests for a hearing from 25 or more persons. Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the State Register, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

Minnesota Department of Natural Resources (DNR) Adopted Expedited Emergency Game and Fish Rules: Spring Turkey Hunt, Special Provisions for Wildlife Management Areas, and Common Crow Season

NOTICE IS HEREBY GIVEN that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13 (b). The statutory authority for the contents of the rules is *Minnesota Statutes*, sections 86A.06, 97A.045, 97A.137, 97A.435, 97B.112, 97B.723, and 97B.731.

The conditions that do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459, are that distribution of licenses for the turkey season are subject to modification on an annual basis as the Department of Natural Resources refines the manner by which the season is conducted. Annual turkey population and harvest data used for selecting hunters and setting quotas and areas is gathered annually and analyzed in late summer. Adjustments to permit area boundaries and license quotas are based on annual and long-term population data as well as input from the public. The St. Michaels Meadows Wildlife Management Area is an integral part of a wetland restoration project but cannot sustain hunting due to its proximity to a large residential housing development. The crow season is being amended to meet requirements specified in *Minnesota Statutes* 97B.731. The Camp Ripley muzzleloader hunt is being amended to correct an error in a previously published rule.

Executive Orders

The governor has the authority to issue written statements or orders, called Executive Orders, as well as Emergency Executive Orders. The governor's authority is specified in the *Constitution of the State of Minnesota*, Article V, and in *Minnesota Statutes* § 4.035. Emergency Executive Orders, for protection from an imminent threat to health and safety, become effective immediately, are filed with the secretary of state, and published in the *State Register* as soon as possible after they are issued. Other Executive Orders become effective 15 days after publication in the *State Register* and filing with the secretary of state. Unless otherwise specified, an executive order expires 90 days after the date the governor who issued the order vacates office.

Office of the Governor

Emergency Executive Order 14-18: Amending Emergency Executive Order 14-17, Providing for Relief from Regulations to Motor Carriers and Drivers Operating in the State of Minnesota for Delivery of Propane

I, MARK DAYTON, GOVERNOR OF THE STATE OF MINNESOTA, by virtue of the authority vested in me by the Constitution and applicable statutes, do hereby issue this Executive Order:

WHEREAS, due to late planting and maturing of corn crops in Minnesota, the propane industry is experiencing a distribution network shortage across the state, causing propane marketers to curtail deliveries to farmers due to transportation limitations; and

WHEREAS, localized terminal shortages are causing drivers to travel further to acquire product for marketers and farmers; and

WHEREAS, the pipeline system that provides propane service to Minnesota also serves Iowa, Nebraska, and Wisconsin where corn harvest has also begun, causing limited deliveries to multiple terminals; and

WHEREAS, long lines at terminals in southern Minnesota and drivers traveling longer distances to acquire product has depleted the available duty hours in accordance with Federal Motor Carrier Safety Regulations; and

WHEREAS, the same hazardous material drivers who transport propane also transport anhydrous ammonia; the anhydrous ammonia season is just beginning as well and will contribute to the hour shortage and driver availability; and

WHEREAS, getting behind in the transportation of propane could impact the propane industry's preparedness for the winter heating season.

NOW, THEREFORE, I hereby order that:

1. A state of emergency exists in Minnesota that requires relief from certain federal regulations incorporated in *Minnesota Statutes*, section 221.0314, subdivision 9, pertaining to hours of service for motor carriers and drivers providing direct assistance in emergency relief efforts.

2. Motor carriers and drivers transporting propane to affected areas of the state and providing direct assistance for emergency relief efforts, are exempted from paragraphs (b), (c), and (d) under the *Code of Federal Regulations*, title 49, part 395.3 which are incorporated in *Minnesota Statutes*, section 221.0314, subdivision 9, pertaining to hours of service.

3. Nothing in this order shall be construed to relieve motor carriers and drivers transporting supplies and materials and providing direct assistance for emergency relief efforts from the requirements under paragraph (a) of the *Code of Federal Regulations*, title 49, part 395.3 which states, in part, a driver may drive only during a period of 14 consecutive hours after coming on duty following 10 consecutive hours off duty.

4. Nothing in this order shall be construed to relieve motor carriers and drivers transporting supplies and materials and providing direct assistance for emergency relief efforts from regulations pertaining to driver qualifications; driving of commercial motor vehicles; commercial drivers' licenses; drug and alcohol testing for drivers; or equipment, parts, and accessories necessary for the safe operation of vehicles.

Executive Orders

5. No motor carrier or driver operating under the terms of this order shall require or allow an ill or fatigued driver to operate a motor vehicle. Any driver who informs a carrier that he or she needs immediate rest shall be given at least ten consecutive off-duty hours before the driver is required to return to service.

6. Upon the expiration of this order, or when a motor carrier or driver ceases to provide direct assistance to the emergency relief effort, a driver that has had at least thirty-four consecutive hours off-duty must be permitted to start his or her on-duty status hours and 60/70-hour clock at zero.

Pursuant to *Minnesota Statutes*, section 4.035, subdivision 2, this Emergency Executive Order is effective immediately and must be filed with the Secretary of State and published in the *State Register* as soon as possible after its issuance. Emergency relief from regulations for motor carriers and drivers transporting propane to affected areas of the state, shall remain in effect until November 23rd, 2014, or until the commercial motor carrier or driver ceases direct assistance in providing emergency relief, whichever occurs first. For purposes of this Emergency Executive Order, direct assistance is defined in *Minnesota Statutes*, section 221.0269, subdivision 3, paragraph (c). This Emergency Executive Order may be extended in accordance with *Minnesota Statutes*, section 221.0269, subdivision 2.

Metropolitan Council Environmental Services Public Hearing on Proposed Industrial Pretreatment Incentive Program (IPIP)

Metropolitan Council Chambers
390 Robert St. N.
St. Paul, Minnesota
Tuesday, November 18, 2014
2:00 p.m.

Metropolitan Council Environmental Services (MCES) will conduct a public hearing to provide information and receive public comment on a proposed program that, if adopted, will provide a partnership and incentive to help high-strength wastewater producers develop pretreatment facilities (e.g. anaerobic digestion) on their industrial sites. The incentive would provide: 1) Metropolitan Council financing for eligible capital costs at low AAA-rated public financing rates, and 2) a capital lease over ten years with possible forgiveness of up to 30% of the annual payments.

Background

MCES is proposing this new program with the goal of reducing wastewater strength received by our facilities, which will ultimately save regional wastewater ratepayers money by avoiding or delaying capital costs that otherwise would be needed to expand solids capacity at treatment plants, and potentially eliminating energy or other operating costs needed to treat this waste.

The details and requirements of the proposed program will be presented at the hearing for public review and input, and will be available in November at: <http://www.metrocouncil.org/Wastewater-Water/News-Events.aspx>

Public Hearing Details

- 2:00 p.m., Tuesday, November 18, 2014
- Metropolitan Council Building, Council Chambers
- 390 Robert St. N. (southeast corner of Robert St. and 6th St.), St. Paul, Minnesota

All interested persons are encouraged to attend the public hearing and provide comments. Submitted comments must be received by MCES no later than 5 p.m. Friday, November 28, 2014:

- Send written comments to: Sara Haugen, Metropolitan Council Environmental Services,
390 Robert St. N., St. Paul, MN 55101-1805
- Fax comments to: Sara Haugen at (651) 602-1030
- Record comments on: Metropolitan Council Public Comment Line at (651) 602-1500
- E-mail comments to: public.info@metc.state.mn.us
- Send TTY comments to: (651) 291-0904

Upon request, MCES will provide reasonable accommodations to persons with disabilities at the public hearing. Please submit such requests to Sara Haugen via mail or fax (see above) or by phone at 651-602-1016 before November 13, 2014.

Minnesota Pollution Control Agency (MPCA) Environmental Analysis and Outcomes Division Public Notice of Proposed State Implementation Plan Revision

NOTICE IS HEREBY GIVEN that the Commissioner of the Minnesota Pollution Control Agency (MPCA) has determined that a State Implementation Plan (SIP) revision must be submitted to meet Minnesota's transportation-related emissions conformity requirements of the federal Clean Air Act ("CAA"), 42 U.S.C. § 7506(c); the Federal Aid Highway Act, 23 U.S.C. § 109(j); 49 U.S.C. ch. 53; related provisions of the federal Moving Ahead for Progress in the 21st Century Act ("MAP-21"), Pub. L. No 112-141 including, but not limited to, §§ 1113 (amending 23 U.S.C. § 149(b), 1201-1203 (amending 23 U.S.C. §§ 134, 135 & 150), and 20005-20006 (amending 49 U.S.C. §§ 5303 & 5304), 126 Stat. 460-464, 500-526, & 628-652 (2012) and the implementing regulations of U.S. Environmental Protection Agency at 40 CFR parts 51 and 93 (2012), the Federal Highway Administration at 23 CFR part 450 (2013) and the Federal Transit Administration at 49 CFR part 613 (2012). The draft SIP revision is now available for public comment.

Background. The Clean Air Act Amendments of 1990 require that each state develop a plan to ensure that federally supported transportation projects, programs, and plans conform to the air quality state implementation plans (SIP) required under section 110 of the Clean Air Act. Conformity to the purpose of the SIP means that transportation activities will not cause or contribute to new air quality violations.

The conformity requirement applies to areas that are designated as "nonattainment" and those that have been redesignated to "attainment" (known as maintenance areas) for several transportation-related pollutants. Minnesota currently is subject to the conformity requirement in two maintenance areas for carbon monoxide – Twin Cities and Duluth-Superior.

The U.S. Environmental Protection Agency (EPA) issued transportation conformity rules in 1993, and has subsequently amended those rules in 1995, 1997, 2005, and 2008. The transportation rules are codified at 40 CFR §93.

Under the 2008 amendments, states are required to address in their SIPs three specific portions for the federal conformity rule:

- 40 CFR §93.105, which addresses consultation procedures
- 40 CFR §93.122(a)(4)(ii), which addresses written commitments to control measures that are not included in a metropolitan planning organization's Transportation Plan and Transportation Improvement Program that must be obtained prior to a conformity determination and the requirement that such commitments must be fulfilled
- 40 CFR §93.125(c), which addresses written commitments to mitigation measures that must be obtained prior to a project-level conformity determination and the requirement that project sponsors must comply with such commitments

This SIP revision is intended to address these conformity requirements by formalizing practices and procedures already followed by the Minnesota Interagency Air Quality & Transportation Planning Committee.

Purpose of the SIP revision. Minnesota is addressing these requirements in the SIP through *2014 Memorandum of Agreement (MOA) Regarding Determination of Conformity of Transportation Plans, Programs, and Projects to SIPs*. The MOA is a new agreement between

Official Notices

the MPCA, EPA, Federal Highway Administration, Federal Transit Administration, Minnesota Department of Transportation, and the Minnesota Metropolitan Planning Organizations located in the state's maintenance areas, e.g. The Metropolitan Council and the Metropolitan Interstate Council. It is to be used for determining the conformity of the Minneapolis-St. Paul and Duluth-Superior Metropolitan Area Transportation Plans and Transportation Improvement Programs with the State of Minnesota's air quality plans and procedures. The MPCA proposes that EPA approve the MOA for incorporation into Minnesota's SIP.

This MOA defines the practices and procedures the parties intend to follow in determining transportation conformity. It provides a means for the responsible agencies to formally adopt and implement transportation conformity in Minnesota. The MOA formalizes practices and procedures already being followed by the Minnesota Interagency Air Quality & Transportation Planning Committee. This MOA therefore constitutes the Transportation Conformity SIP for the State of Minnesota, as required by the Clean Air Act.

The MPCA will consider changing the contents of the proposed SIP revision based on comments received during the comment period. Following the end of the comment period, the Commissioner will decide whether to submit the proposed SIP revision to the EPA unless, as provided by *Minnesota Statutes* § 116.02, the MPCA Citizens' Board makes this decision.

MPCA contact person. The MPCA contact person is Innocent Eyoh. Written comments, requests, and petitions should be mailed to: Innocent Eyoh, Minnesota Pollution Control Agency, Environmental Analysis and Outcomes Division, 520 Lafayette Road North, St. Paul, Minnesota 55155-4194; **telephone:** (651)757-2347 or **toll free:** 1-800-657-3864; **fax:** (651) 297-8324; and **e-mail:** Innocent.Eyoh@state.mn.us. **TTY** users may call the MPCA at TTY (651) 252-5332 or 1-800-657-3864.

Availability of SIP. A copy of the proposed SIP revision is available on the MPCA's web site at <http://www.pca.state.mn.us/yrwc6a9>. A copy of the proposed SIP revision is also available upon request by contacting Innocent Eyoh at (651) 757-2347 or Innocent.Eyoh@state.mn.us, or can be mailed to any interested person upon the MPCA's receipt of a written request. Additional materials relating to the SIP revision are available for inspection by appointment at the MPCA, 520 Lafayette Road North, St. Paul, Minnesota 55155-4194, between the hours of 8:00 a.m. and 4:00 p.m., Monday through Friday. To examine these materials, or for more information, please contact Innocent Eyoh. All MPCA offices may be reached by calling 1-800-657-3864.

Public comment period and potential public meeting. Your comments must be in writing and received by Innocent Eyoh by 4:30 p.m. on December 15, 2014. Written comments may be submitted to him at the address, facsimile number, or e-mail address listed above.

As this SIP revision incorporates practices and procedures that are already in use and does not include any substantive changes to the Minnesota's SIP, a public information meeting will only be held if one is requested by 4:30 p.m. on December 15, 2014. If such a meeting is requested, it will be held on Tuesday, January 6, 2015 at 10:00 a.m. at the MPCA St. Paul Office, 520 Lafayette Road North, St. Paul, Minnesota 55155-4194. To find out if a public information meeting will be held, please contact Innocent Eyoh at (651) 757-2347 or Innocent.Eyoh@state.mn.us after December 15, 2014 at 4:30 p.m. The public information meeting, if one is requested, will provide information, receive public input, and answer questions about the proposed SIP revision. If the public information meeting is held, additional written comments on the proposed documents will be accepted until 4:30 p.m. on January 21, 2015, following the same guidelines described above.

Request to have MPCA Citizens' Board make decision. You have the right to submit a petition to the MPCA Commissioner asking that the MPCA Citizens' Board make the decision on submitting the proposed SIP revision to the EPA. Your petition must be in writing and must be received by the MPCA contact person listed above by 4:30 p.m. on December 15, 2014. Whether the petition will be granted or denied is at the sole discretion of the MPCA Commissioner. The MPCA Citizens' Board will only make the decision on the proposed SIP revision if the MPCA Commissioner grants your petition or if an MPCA Citizens' Board member makes a timely request to have the decision made by the MPCA Citizens' Board.

Minnesota Pollution Control Agency (MPCA) Watershed Division

Notice of Availability of the Draft Crow Wing River Watershed Restoration and Protection Strategy (WRAPS) Report and Request for Comment

Public comment period begins:

Monday, November 10, 2014

Public comment period ends:

4:30 pm on Thursday, December 11, 2014

The Minnesota Pollution Control Agency (MPCA) is requesting comments on the draft report for the Crow Wing River Watershed Restoration and Protection Strategy (WRAPS) Report (Report). The draft WRAPS Report for the Crow Wing River Watershed is available for review at <http://www.pca.state.mn.us/zihya01>. Following the comments, the MPCA will revise the draft WRAPS Report and submit it to the MPCA Commissioner for approval. Comments must be received by the MPCA contact person by the public comment period end date shown above.

Required by the state Clean Water Legacy Act, a WRAPS is a document summarizing scientific studies of a major watershed no larger than a hydrologic unit code 8 including the physical, chemical, and biological assessment of the water quality of the watershed; identification of impairments and water bodies in need of protection; identification of biotic stressors and sources of pollution, both point and nonpoint; Total Maximum Daily Load's (TMDL) for the impairments; and an implementation table containing strategies and actions designed to achieve and maintain water quality standards and goals.

The Crow Wing River Watershed is located in north-central Minnesota and covers approximately 1,946 square miles within Becker, Cass, Clearwater, Crow Wing, Hubbard, Morrison, Otter Tail, Todd, and Wadena Counties.

This Report summarizes the monitoring, Stressor Identification, and TMDL work that has taken place in the watershed, as well as identifies the strategies necessary to restore and protect the Crow Wing River watershed. The WRAPS Report is a follow up to the Crow Wing River Watershed TMDL, which went through its own public comment period and was approved by the U.S. Environmental Protection Agency in April of 2014.

It should be noted that the science, analysis and strategy development described in this Report began before the accountability provisions were added to the Clean Water Legacy Act in 2013 (MS114D); thus, this Report does not address all of those provisions. When this watershed is revisited (according to the 10-year cycle), the information will be updated according to the statutorily required elements of a Watershed Restoration and Protection Strategy Report.

Written Comments: You may submit written comments on the draft WRAPS Report or on the MPCA Commissioner's preliminary determination. Written comments must include the following:

1. A statement of your interest in the draft WRAPS Report;
2. A statement of the action you wish the MPCA to take, including specific references to sections of the draft WRAPS Report that you believe should be changed; and
3. The reasons supporting your position, stated with sufficient specificity as to allow the MPCA Commissioner to investigate the merits of your position.

Written comments on the draft WRAPS Report must be sent to the MPCA contact person listed below and received by 4:30 p.m. on **Thursday, December 11, 2014**. The MPCA will prepare responses to comments received make any necessary revisions of the draft WRAPS Report and submit it to the MPCA Commissioner for approval.

2. The information required under items 1 through 3 of "Written Comments," identified above;
3. A statement of the reasons the MPCA should hold a public informational meeting; and
4. The issues that you would like the MPCA to address at the public informational meeting.

Petition for Contested Case Hearing: You also may submit a petition for a contested case hearing. A contested case hearing is a formal evidentiary hearing before an administrative law judge. In accordance with *Minnesota Rules* 7000.1900, the MPCA will grant a petition to hold a contested case hearing if it finds that: 1) there is a material issue of fact in dispute concerning the draft TMDL Report; 2) the MPCA has the jurisdiction to make a determination on the disputed material issue of fact; and 3) there is a reasonable basis underlying the disputed material issue of fact or facts such that the holding of the contested case hearing would allow the introduction of information that would aid the MPCA in resolving the disputed facts in making a final decision on the draft WRAPS Report. A material issue of fact means a fact question, as distinguished from a policy question, whose resolution could have a direct bearing on a final MPCA decision.

A petition for a contested case hearing must include the following information:

1. A statement of reasons or proposed findings supporting an MPCA decision to hold a contested case hearing according to the criteria in *Minnesota Rules* 7000.1900, as discussed above; and
2. A statement of the issues to be addressed by a contested case hearing and the specific relief requested or resolution of the matter.

In addition and to the extent known, a petition for a contested case hearing should also include the following information:

1. A proposed list of prospective witnesses to be called, including experts, with a brief description of proposed testimony or summary of evidence to be presented at a contested case hearing;
2. A proposed list of publications, references, or studies to be introduced and relied upon at a contested case hearing; and
3. An estimate of time required for you to present the matter at a contested case hearing.

MPCA Decision: You may also submit a petition to the Commissioner requesting that the MPCA Citizen's Board consider the WRAPS Report approval. To be considered timely, the petition must be received by the MPCA by 4:30 p.m. on the date the public comment period ends, identified on page 1 of this notice. According to *Minnesota Statutes* § 116.02 subd 6(4), the decision whether to submit the WRAPS Report and, if so, under what terms, will be presented to the Board for decision if: (1) the Commissioner grants the petition requesting the matter be presented to the Board; (2) one or more Board members request to hear the matter before the time the Commissioner makes a final decision on the WRAPS Report; or (3) a timely request for a contested case hearing is pending. You may participate in the activities of the MPCA Board as provided in *Minnesota Rules* 7000.0650.

The written comment, requests, and petitions submitted on or before the last day of the comment period will be considered in the final decision on this WRAPS Report. If the MPCA does not receive written comments, requests, or petitions during the public comment period, the MPCA staff, as authorized by the Board, will make the final decision on the draft WRAPS Report.
