Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Adopted Rules

A rule becomes effective after the requirements of *Minnesota Statutes* §§ 14.05-14.28 have been met and five working days after the rule is published in the *State Register*, unless a later date is required by statutes or specified in the rule. If an adopted rule is identical to its proposed form as previously published, a notice of adoption and a citation to its previous *State Register* publication will be printed. If an adopted rule differs from its proposed form, language which has been deleted will be printed with strikeouts and new language will be underlined. The rule's previous *State Register* publication will be cited.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Minnesota Department of Labor and Industry (DLI) Adopted Permanent Rules Relating to Workers' Compensation Treatment with Spinal Cord Stimulators and Intrathecal Drug Delivery Systems

The rules proposed and published at *State Register*, Volume 38, Number 47, pages 1528-1534, May 19, 2014 (38 SR 1528), are adopted as proposed.

Exempt Rules

Exempt rules are excluded from the normal rulemaking procedures (*Minnesota Statutes* §§ 14.386 and 14.388). They are most often of two kinds. One kind is specifically exempted by the Legislature from rulemaking procedures, but approved for form by the Revisor of Statutes, reviewed for legality by the Office of Administrative Hearings, and then published in the *State Register*. These exempt rules are effective for two years only.

The second kind of exempt rule is one adopted where an agency for good cause finds that the rulemaking provisions of *Minnesota Statutes*, Chapter 14 are unnecessary, impracticable, or contrary to the public interest. This exemption can be used only where the rules:

- (1) address a serious and immediate threat to the public health, safety, or welfare, or
- (2) comply with a court order or a requirement in federal law in a manner that does not allow for compliance with *Minnesota Statutes* Sections 14.14-14.28, or
- (3) incorporate specific changes set forth in applicable statutes when no interpretation of law is required, or
- (4) make changes that do not alter the sense, meaning, or effect of the rules.

These exempt rules are also reviewed for form by the Revisor of Statutes, for legality by the Office of Administrative Hearings and then published in the *State Register*. In addition, the Office of Administrative Hearings must determine whether the agency has provided adequate justification for the use of this exemption. Rules adopted under clauses (1) or (2) above are effective for two years only. The Legislature may also exempt an agency from the normal rulemaking procedures and establish other procedural and substantive requirements unique to that exemption.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Minnesota Racing Commission REQUEST FOR COMMENTS on Possible Amendment to Rules Governing Horse Racing, *Minnesota Rules*, 7876 Stabling, 7877 Class C Licenses, 7890 Horse Medication, 7891 Horse Examinations, and 7892 Medical Testing

Subject of Rules. The Minnesota Racing Commission requests comments on its possible amendment to rules governing Horse Racing. The Commission is considering a rule amendment to 7876 that is a housekeeping update that changes the name of health certificate to the currently used term certificate of veterinary inspection for horses arriving on the grounds of a racetrack. It also requires horses leaving and returning on an ongoing basis to renew the certificate within the first five days of each month. One change to 7877 would extend the above requirements to any pony horse coming on to the grounds. The second change to 7877 deals with the notification of emergency veterinary

treatment by the commission veterinarian or association veterinarian. The rule changes to 7890 add to and modify existing definitions; rules on androgenic-anabolic steroids; endogenous, dietary, and environmental substances; regulatory limits of medication; medication labeling; use of compounded medications; and method of disclosure of approved medications to the public. The proposed change to 7891 would require trainers to post, on race day, an “in today” sign outside the stall of an entered horse. Changes to 7892 deal with out of competition testing and laboratory accreditation.

Persons Affected. The amendment to the rules would likely affect the horse owners, trainers, veterinarians, and pony riders.

Statutory Authority. *Minnesota Statutes*, sections 240.03, 240.23, 240.24, and 240.25 authorize the Racing Commission to amend rules which affect the integrity of racing or the public health, welfare, or safety.

Public Comment. Interested persons or groups may submit comments or information on these possible rules in writing or orally until further notice is published in the *State Register* that the Commission intends to adopt or to withdraw the rules. The Commission does not contemplate appointing an advisory committee to comment on the possible rules.

Rules Drafts. The Commission has prepared a draft of the possible rule amendment. It is available on the Commission website at www.mrc.state.mn.us.

The State intends to contract with a vendor (hereafter referred to as the Contractor) to develop and administer proctored, computer-based examinations to qualified candidates. The State will expect the Contractor to administer examinations at assessment centers operated by the Contractor, or at equally secure centers available for the Contractor's use. Minnesota State Lottery

Request for Proposals for Sponsorship Agreements

Description of Opportunity

The Minnesota State Lottery develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

1. Maximize Lottery Visibility – the event, sports or tie-in proposal should draw a large number of desired participants (typically 50,000 or more) whose demographics match the Lottery player profile. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults whose demographics skew primarily towards those aged 25-64, with a household income of \$35,000-\$75,000, and having an educational background of some college or higher. The Lottery does not market to those under the age of 18, and family events with high levels of children present are generally not accepted. Attendance, on-site signage visibility and paid media exposure will be critical components that will be evaluated.

2. Enhance Lottery Image – the event, sports or tie-in proposal should inherently project the attitude that the Lottery is a fun and socially acceptable part of the community. The Lottery's presence should fit well within the lineup of other sponsors. The Lottery is interested in creating opportunities whereby the sponsorship can translate into sales revenue, either via on-site sales from a
(Cite 39 SR 297)

State Contracts

Lottery booth, from sales-generating promotions with Lottery retailers or from joint programs with the sponsor's media partners.

3. Provide Promotional Extensions – the event, sports or tie-in proposal should offer exciting, value-added ways to interact with our players and have opportunities to motivate attendees, listeners and viewers to participate in and purchase Lottery games. The proposal must include proper staffing availability or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria as stated above and on the Evaluation Form are to be met. To view or print copies of the Request for Proposal go to <http://www.mnlottery.com/vendors.html>

This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.

The *State Register* also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.

Besides the following listing, readers are advised to check: <http://www.mmd.admin.state.mn.us/solicitations.htm> as well as the Office of Grants Management (OGM) at: <http://www.grants.state.mn.us/public/>.
