(b) Beginning July 1, 2001, Hennepin County's payment under paragraph (a) shall be \$2,066,000 each month.

(c) Beginning July 1, 2001, the commissioner shall increase annual capitation payments to the metropolitan health plan under section 256B.69 for the prepaid medical assistance program by approximately \$3,400,000, plus any available federal matching funds, to recognize higher than average medical education costs.

(d) Effective August 1, 2005, Hennepin County's payment under paragraphs (a) and (b) shall be reduced to \$566,000, and the University of Minnesota's payment under paragraph (a) shall be reduced to zero.

Subd. 1d. Portion of nonfederal share to be paid by certain counties. (a) In addition to the percentage contribution paid by a county under subdivision 1, the governmental units designated in this subdivision shall be responsible for an additional portion of the nonfederal share of medical assistance cost. (b) Beginning in 1994, each of the governmental units designated in this subdivision shall transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of licensed beds in any nursing home owned and operated by the county on that date, with the county named as licensee, multiplied by \$5,723. If two or more counties own and operate a nursing home, the payment shall be prorated. These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs.

(c) Beginning in 2002, in addition to any transfer under paragraph (b), each of the governmental units designated in this subdivision shall transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of licensed beds in any nursing home owned and operated by the county on that date, with the county named as licensee, multiplied by \$10,784. The provisions of paragraph (b) apply to transfers under this paragraph.

(d) The commissioner may reduce the intergovernmental transfers under paragraph (c) based on the commissioner's determination of the payment rate in section 256B.431, subdivision 23, paragraphs (c) and (d). Any adjustments must be made on a per-bed basis and must result in an amount equivalent to the total amount resulting from the rate adjustment in section 256B.431, subdivision 23, paragraphs (c) and (d).

Subd. 2. **Distribution of federal funds.** Federal funds available for administrative purposes shall be distributed between the state and the county in the same proportion that expenditures were made, except as provided for in section 256.017.

Subd. 2a. **Division of costs.** The county shall ensure that only the least costly, most appropriate transportation and travel expenses are used. The state may enter into volume purchase contracts, or use a competitive bidding process, whenever feasible, to minimize the costs of transportation services. If the state has entered into a volume purchase contract or used the competitive bidding procedures of chapter 16C to arrange for transportation services, the county may be required to use such arrangements.

Subd. 2b. **Pilot project reimbursement.** In counties where a pilot or demonstration project is operated under the medical assistance program, the state may pay 100 percent of the administrative costs for the pilot or demonstration project after June 30, 1990.

If the person is eligible for medical assistance, the local agency must find eligibility retroactively to the date on which the person met all eligibility requirements.

(b) When a prepaid health plan under a contract with the state to provide medical assistance services notifies the commissioner that an infant has been or will be born to an enrollee under the contract, the commissioner may notify the appropriate local agency of that fact. The local agency must investigate eligibility for medical assistance for the infant, take appropriate action, and notify the commissioner of that action within 90 days from the date notice is issued. If the infant would have been eligible on the date of birth, the local agency must establish eligibility retroactively to that month.

(c) For general assistance medical care recipients and MinnesotaCare program enrollees, if the local agency fails to comply with paragraph (a), the local agency is responsible for the entire cost of general assistance medical care or MinnesotaCare program services provided from the date the commissioner issues the notice until the date the local agency takes appropriate action on the case and notifies the commissioner of the action. For infants, if the local agency fails to comply with paragraph (b), the commissioner may determine eligibility for medical assistance for the infant for a period of two months, and the local agency shall be responsible for the entire cost

of medical assistance services provided for that infant, in addition to a fee of \$100 for processing the case. The commissioner shall deduct any obligation incurred under this paragraph from the amount due to the local agency under subdivision 1.

Subd. 3. **Study of medical assistance financial participation.** The commissioner shall study the feasibility and outcomes of implementing a variable medical assistance county financial participation rate for long-term care services to developmentally disabled persons in order to encourage the utilization of alternative services to long-term intermediate care for the developmentally disabled. The commissioner shall submit findings and recommendations to the legislature by January 20, 1984.
