

145.906 POSTPARTUM DEPRESSION EDUCATION AND INFORMATION.

(a) The commissioner of health shall work with health care facilities, licensed health and mental health care professionals, mental health advocates, consumers, and families in the state to develop materials and information about postpartum depression, including treatment resources, and develop policies and procedures to comply with this section.

(b) Physicians, traditional midwives, and other licensed health care professionals providing prenatal care to women must have available to women and their families information about postpartum depression.

(c) Hospitals and other health care facilities in the state must provide departing new mothers and fathers and other family members, as appropriate, with written information about postpartum depression, including its symptoms, methods of coping with the illness, and treatment resources.
