(4) limit access to information collected and maintained by the agency and take any other action necessary to protect not public data as defined in section 13.02, subdivision 8a, and protected information, in accordance with the limitations contained in section 115B.35.

Subd. 3. **Investigation; obtaining information.** The agency may investigate any claim for compensation and for this purpose it may require from the claimant and request from any person information regarding any matter, fact, or circumstance which is relevant to determination of a claim under section 115B.33. In exercising its powers under this subdivision, the agency may collect information reasonably calculated to lead to the discovery of evidence admissible under section 115B.35. The agency shall reimburse the person requested to provide information the actual cost of copies of documents, papers, samples, or other tangible items necessary to respond to the request from the agency. - (e) request a waiver of medical privilege by the claimant.

The agency shall give written notice of any request under this subdivision at least 15 days before the person is expected to comply with the request. If a person fails or refuses to comply with a request for information relevant to the release of a harmful substance, the agency may issue a subpoena for the production of the information and may petition the district court for an order enforcing the subpoena. If a person fails or refuses to comply with a request for other information relevant to determination of the claim, the agency may petition the district court for an order to compel compliance with the request. If the claimant refuses to comply with a request by the agency for information relevant to the claim, the agency may dismiss the claim.

Subd. 4. Information from state agencies. In order to perform its duties, the agency may request information from the supervising officer of any state agency or state institution of higher education.
