

136A.233 WORK-STUDY GRANTS.

Subdivision 1. **Allocation to institutions.** The Minnesota Office of Higher Education shall allocate work-study money to eligible postsecondary institutions according to the resident full-time equivalent enrollment of all eligible postsecondary institutions that apply to participate in the program, and the amount of the allocation that an institution spent during the previous academic year. Each institution wishing to participate in the work-study program must submit, in accordance with policies and procedures established by the office, an estimate of the amount of funds needed by the institution. Any funds allocated to an institution that exceed the actual need of the institution shall be reallocated by the office to other institutions. An institution may carry forward or backward the same percentage of its initial allocation that is authorized under federal work-study provisions.

Subd. 2. **Definitions.** For purposes of sections 136A.231 to 136A.233, the words defined in this subdivision have the meanings ascribed to them.

Subd. 3. **Payments.** Work-study payments shall be made to eligible students by postsecondary institutions as provided in this subdivision.

(a) Students shall be selected for participation in the program by the postsecondary institution on the basis of student financial need.

(b) In selecting students for participation, priority must be given to students enrolled for at least 12 credits. In each academic year, a student may be awarded work-study payments for one period of nonenrollment or less than half-time enrollment if the student will enroll on at least a half-time basis during the following academic term.

(d) Minimum pay rates will be determined by an applicable federal or state law.

(e) The office shall annually establish a minimum percentage rate of student compensation to be paid by an eligible employer.

(f) Each postsecondary institution receiving money for state work-study grants shall make a reasonable effort to place work-study students in employment with eligible employers outside the institution. However, a public employer other than the institution may not terminate, lay off, or reduce the working hours of a permanent employee for the purpose of hiring a work-study student, or replace a permanent employee who is on layoff from the same or substantially the same job by hiring a work-study student.

(g) The percent of the institution's work-study allocation provided to graduate students shall not exceed the percent of graduate student enrollment at the participating institution.

(h) An institution may use up to 30 percent of its allocation for student internships with private, for-profit employers.

Subd. 4. Cooperation with local schools. Each campus using the state work study program is encouraged to cooperate with its local public elementary and secondary schools to place college work study students in activities in the schools, such as tutoring. Students must be placed in meaningful activities that directly assist students in kindergarten through grade 12 in meeting graduation standards including the profiles of learning. College students shall work under direct supervision; therefore, school hiring authorities are not required to request criminal background checks on these students under section 123B.03.
