(a) A charter school board may voluntarily enter into a two-year, renewable agreement for collaboration to enhance student achievement with a school district within whose geographic boundary it operates.

(b) A school district need not be an approved authorizer to enter into a collaboration agreement with a charter school. A charter school need not be authorized by the school district with which it seeks to collaborate.

(c) A charter school authorizer is prohibited from requiring a collaboration agreement as a condition of entering into or renewing a charter contract as defined in section 124E.10, subdivision 1.

(d) Nothing in this section or in the collaboration agreement may impact in any way the authority or autonomy of the charter school.

(e) Nothing in this section or in the collaboration agreement shall cause the state to pay twice for the same student, service, or facility or otherwise impact state funding, or the flow thereof, to the school district or the charter school.

(f) The collaboration agreement may include, but need not be limited to, collaboration regarding facilities, transportation, training, student achievement, assessments, mutual performance standards, and other areas of mutual agreement.

(g) The school district may include the academic performance of the students of a collaborative charter school site operating within the geographic boundaries of the school district, for purposes of student assessment and reporting to the state.

(h) Districts, authorizers, or charter schools entering into a collaborative agreement are equally and collectively subject to the same state and federal accountability measures for student achievement, school performance outcomes, and school improvement strategies. The collaborative agreement and all accountability measures must be posted on the district, charter school, and authorizer Web sites.
