

462A.21 HOUSING DEVELOPMENT FUND; ADVANCES, USE REPAYMENT.

Subdivision 1. **Purposes.** The agency may use the moneys held in the housing development fund for the purposes provided in this section.

Subd. 2. **Loans to nonprofit sponsors.** It may make temporary loans to "nonprofit" sponsors to defray development costs, as provided by section 462A.05, subdivision 5. Each such loan shall be repaid in full by the borrower to the agency concurrent with the initial endorsement of such borrower's eligible construction loan, unless the authority extends the period for the repayment of the advances. In no event shall the time of repayment be extended later than the date of the final endorsement of the eligible mortgage loan. If no permanent financing is obtained the loan shall be repaid in accordance with such terms and conditions as the agency has prescribed by rule.

Subd. 3. **Planning grants.** It may make planning grants to local communities, pursuant to rules promulgated by the agency, in such amounts as the agency determines, not to exceed the net costs, exclusive of any federal or other aid or assistance, as are incurred by the local community in planning for land and building acquisition, improvements, renewal, relocation or conservation. Such grants shall be limited to planning for specific sites upon which housing is, or is to be, situated and sites designated for other uses that are reasonably related to such housing.

Subd. 3a. **Capacity building revolving loan fund.** It may establish a revolving loan fund for predevelopment costs for nonprofit organizations and local government units engaged in the construction or rehabilitation of low- and moderate-income housing, and for the purposes specified in sections 462A.05, subdivision 5; and 462A.07, subdivisions 2, 3, 3a, 5, 5a, 6, 7, 11, and 16. The agency may delegate the authority to administer the revolving loan fund for designated areas in the state to existing nonprofit organizations. For purposes of the authority to administer the revolving loan fund under this subdivision, a nonprofit organization includes a private nonprofit corporation that is formed under laws other than the laws of this state, provided that the nonprofit corporation has an office located in this state. Nonprofit entities selected to exercise such delegated powers must have sufficient professional housing development expertise, as determined by the agency, to evaluate the economic feasibility of an applicant's proposed project. Loans to nonprofit organizations or local government units under this subdivision may be made with or without interest as determined by the agency.

Subd. 3b. **Capacity building grants.** It may make capacity building grants to nonprofit organizations, local government units, Indian tribes, and Indian tribal organizations to expand their capacity to provide affordable housing and housing-related services. The grants may be used to assess housing needs and to develop and implement strategies to meet those needs, including the creation or preservation of affordable housing, prepurchase and postpurchase counseling and associated administrative costs, and the linking of supportive services to the housing. The agency shall adopt rules specifying the eligible uses of grant money. Funding priority must be given to those applicants that include low-income persons in their membership, have provided housing-related services to low-income people, and demonstrate a local commitment of local resources, which may include in-kind contributions. Grants under this subdivision may be made only with specific appropriations by the legislature.

Subd. 4. **Special fund.** It may pay all costs and expenses of financing not paid out of a special fund created by a resolution or indenture securing notes or bonds.

Subd. 4a. **Correction of housing defects.** It may make rehabilitation grants and expenditures for correction of residential housing defects as provided in section 462A.05, subdivisions 15 and 16. In order to insure the preservation of the maximum number of housing units with the money appropriated by the

legislature, grants shall be recovered by the agency to the extent provided in this section to be used for future grants. Grants made under the terms of this subdivision shall contain a requirement that the grant be recovered by the agency in accordance with the following schedule:

(1) if the property is sold, transferred, or otherwise conveyed within the first three years after the date of a grant, the recipient shall repay the full amount of the grant;

(2) if the property is sold, transferred, or otherwise conveyed within the fourth year after the date of a grant, the recipient shall repay 75 percent of the amount of the grant;

(3) if the property is sold, transferred, or otherwise conveyed within the fifth year after the date of a grant, the recipient shall repay 50 percent of the amount of the grant;

(4) if the property is sold, transferred, or otherwise conveyed within the sixth year after the date of a grant, the recipient shall repay 25 percent of the amount of the grant;

(5) if the property is sold, transferred, or otherwise conveyed within the seventh year after the date of the grant, or thereafter, there is no repayment requirement; provided that no repayment is required to the extent that the grants are made to improve the accessibility of residential housing to a disabled occupant.

Subd. 4b. Establishment of loan funds. It may establish loan funds and may make eligible loans from them, at rates of interest and with security as the agency deems advisable, if each loan is determined by the agency to be necessary to permit the occupant of residential housing financed wholly or in part by the loan to meet the occupant's housing costs without expending an unreasonable portion of the occupant's income on them. It may combine loan funds established pursuant to legislative appropriations with loan funds established for the same or similar purposes pursuant to the sale of its notes or bonds, and such combined funds may be deposited with a trustee. Portions of these funds derived from appropriations or the sale of its notes or bonds may be set aside as reserves against losses on loans to be made from the combined funds. Each combined fund, including loan and investment principal and income received therefrom, shall be administered, disbursed, and collected as provided in the appropriation act and the resolution or indenture securing the bonds or notes.

Permitted improvements shall include installation or upgrading of ceiling, wall, floor and duct insulation, storm windows and doors, and caulking and weatherstripping. The improvements shall not be inconsistent with the energy standards as promulgated as part of the State Building Code; provided that the improvements need not bring the housing into full compliance with the energy standards. Any loan for such purpose shall be made only upon determination by the agency that such loan is not otherwise available, wholly or in part, from private lenders upon equivalent terms and conditions. The agency may promulgate rules as necessary to implement and make specific the provisions of this subdivision. The rules shall be designed to permit the state, to the extent not inconsistent with this chapter, to seek federal grants or loans for energy purposes.

Direct rental subsidies must be administered by the agency for the benefit of eligible families. Financial assistance provided under this subdivision to recipients of aid to families with dependent children must be in the form of vendor payments whenever possible.
