Subd. 2. **Variations.** (a) The commissioner may grant a variance to an applicant, license holder, or certification holder as long as the variance does not affect the staff qualifications or the health or safety of any person in a licensed or certified program and the applicant, license holder, or certification holder meets the following conditions:

(1) an applicant, license holder, or certification holder must request the variance on a form approved by the commissioner and in a manner prescribed by the commissioner;

(2) the request for a variance must include the:

(i) reasons that the applicant, license holder, or certification holder cannot comply with a requirement as stated in the law; and

(ii) alternative equivalent measures that the applicant, license holder, or certification holder will follow to comply with the intent of the law; and

(3) the request for a variance must state the period of time when the variance is requested.

(b) The commissioner may grant a permanent variance when the conditions under which the applicant, license holder, or certification holder requested the variance do not affect the health or safety of any person whom the licensed or certified program serves, and when the conditions of the variance do not compromise the qualifications of staff who provide services to clients. A permanent variance expires when the conditions that warranted the variance change in any way. Any applicant, license holder, or certification holder must inform the commissioner of any changes to the conditions that warranted the permanent variance. If an applicant, license holder, or certification holder fails to advise the commissioner of changes to the conditions that warranted the variance, the commissioner must revoke the permanent variance and may impose other sanctions under sections 245A.06 and 245A.07.
