BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

ARTICLE 1

K-12 EDUCATION

Section 1. Minnesota Statutes 2007 Supplement, section 120B.021, subdivision 1, is amended to read:

Subdivision 1. **Required academic standards.** (a) The following subject areas are required for statewide accountability:

(1) language arts;

(2) mathematics;

(3) science;

(4) social studies, including history, geography, economics, and government and citizenship;

(5) physical education;

(6) health and physical education, for which locally developed academic standards apply; and

~~(6)~~ (7) the arts, for which statewide or locally developed academic standards apply, as determined by the school district. Public elementary and middle schools must offer at least three and require at least two of the following four arts areas: dance; music; theater; and visual arts. Public high schools must offer at least three and require at least one of the following five arts areas: media arts; dance; music; theater; and visual arts.

(b) To satisfy the one-half credit physical education requirement under section 120B.024, paragraph (a), clause (5), the state physical education standard under paragraph (a) must be consistent with either the six physical education standards developed by the department's quality teaching network or the six National Physical Education Standards developed by the National Association for Sport and Physical Education. Minnesota Statutes, chapter 14, and section 14.386, specifically, do not apply. To satisfy federal reporting requirements for continued funding under Title VII of the Physical Education for Progress Act, a school district must notify the department, if applicable, of its intent to comply with the National Physical Education Standards. School districts and charter schools also must use either the department's physical education standards or the national physical education standards under this paragraph to comply with paragraph (a), clause (5), in providing physical education instruction and programs to students in kindergarten through grade 8.

(c) The commissioner must submit proposed standards in science and social studies to the legislature by February 1, 2004.

(d) For purposes of applicable federal law, the academic standards for language arts, mathematics, and science apply to all public school students, except the very few students with extreme cognitive or physical impairments for whom an individualized education plan team has determined that the required academic standards are inappropriate.

An individualized education plan team that makes this determination must establish alternative standards.

(e) A school district, no later than the 2007-2008 school year, must adopt graduation requirements that meet or exceed state graduation requirements established in law or rule. A school district that incorporates these state graduation requirements before the 2007-2008 school year must provide students who enter the 9th grade in or before the 2003-2004 school year the opportunity to earn a diploma based on existing locally established graduation requirements in effect when the students entered the 9th grade. District efforts to develop, implement, or improve instruction or curriculum as a result of the provisions of this section must be consistent with sections 120B.10, 120B.11, and 120B.20.

(f) The commissioner must include the contributions of Minnesota American Indian tribes and communities as they relate to the academic standards during the review and revision of the required academic standards.

EFFECTIVE DATE. This section is effective the day following final enactment except that paragraph (a), clause (5), applies to students entering the ninth grade in the 2010-2011 school year and later.

Sec. 2. Minnesota Statutes 2007 Supplement, section 120B.024, is amended to read:

120B.024 GRADUATION REQUIREMENTS; COURSE CREDITS.

(a) Students beginning 9th grade in the 2004-2005 school year and later must successfully complete the following high school level course credits for graduation:

(1) four credits of language arts;

(2) three credits of mathematics, encompassing at least algebra, geometry, statistics, and probability sufficient to satisfy the academic standard;

(3) three credits of science, including at least one credit in biology;

(4) three and one-half credits of social studies, encompassing at least United States history, geography, government and citizenship, world history, and economics or three credits of social studies encompassing at least United States history, geography, government and citizenship, and world history, and one-half credit of economics taught in a school's social studies, agriculture education, or business department;

- (5) one credit in the arts; ~~and~~
(6) one-half credit of physical education; and
(7) a minimum of seven 6-1/2 elective course credits.

A course credit is equivalent to a student successfully completing an academic year of study or a student mastering the applicable subject matter, as determined by the local school district.

(b) An agriculture science course may fulfill a science credit requirement in addition to the specified science credits in biology and chemistry or physics under paragraph (a), clause (3).

(c) A career and technical education course may fulfill a science, mathematics, or arts credit requirement in addition to the specified science, mathematics, or arts credits under paragraph (a), clause (2), (3), or (5).

EFFECTIVE DATE. This section is effective the day following final enactment and applies to students entering ninth grade in the 2010-2011 school year and later.

Sec. 3. Minnesota Statutes 2006, section 120B.131, subdivision 2, is amended to read:

Subd. 2. **Reimbursement for examination fees.** The state may reimburse college-level examination program (CLEP) fees for a Minnesota public or nonpublic high school student who has successfully completed one or more college-level courses in high school in the subject matter of each examination in the following subjects: composition and literature, mathematics and science, social sciences and history, foreign languages, and business and humanities. ~~The state may reimburse each student for up to six examination fees.~~ The commissioner shall establish application procedures and a process and schedule for fee reimbursements. The commissioner must give priority to reimburse the CLEP examination fees of students of low-income families.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 4. **[120B.299] DEFINITIONS.**

Subdivision 1. **Definitions.** The definitions in this section apply to this chapter.

Subd. 2. **Growth.** "Growth" compares the difference between a student's achievement score at two distinct points in time.

Subd. 3. **Value-added.** "Value-added" is the amount of achievement a student demonstrates above an established baseline.

6.1 Subd. 4. **Growth-based value-added.** "Growth-based value-added" is a
6.2 value-added system of assessments that measures the difference between an established
6.3 baseline of growth and a student's growth over time.

6.4 Subd. 5. **Adequate yearly progress.** "Adequate yearly progress" compares the
6.5 average achievement of two different groups of students at two different points in time.

6.6 Subd. 6. **State growth norm.** "State growth norm" is an established statewide
6.7 percentile or standard applicable to all students in a particular grade benchmarked to an
6.8 established school year. Beginning in the 2008-2009 school year, the state growth norm
6.9 is benchmarked to 2006-2007 school year data until the commissioner next changes the
6.10 vertically linked scale score. Each time the commissioner changes the vertically linked
6.11 scale score, a recognized Minnesota assessment group composed of assessment and
6.12 evaluation directors and staff and researchers, in collaboration with the Independent Office
6.13 of Educational Accountability under section 120B.31, subdivision 3, must recommend
6.14 a new state growth norm that the commissioner must consider when revising standards
6.15 under section 120B.023, subdivision 2. For each newly established state growth norm, the
6.16 commissioner also must establish criteria for identifying schools and school districts that
6.17 demonstrate accelerated growth in order to advance educators' professional development
6.18 and to replicate programs that succeed in meeting students' diverse learning needs.

6.19 **EFFECTIVE DATE.** This section is effective the day following final enactment.

6.20 Sec. 5. Minnesota Statutes 2007 Supplement, section 120B.30, is amended to read:

6.21 **120B.30 STATEWIDE TESTING AND REPORTING SYSTEM.**

6.22 Subdivision 1. **Statewide testing.** (a) The commissioner, with advice from experts
6.23 with appropriate technical qualifications and experience and stakeholders, consistent with
6.24 subdivision 1a, shall include in the comprehensive assessment system, for each grade
6.25 level to be tested, state-constructed tests developed from and aligned with the state's
6.26 required academic standards under section 120B.021 and administered annually to all
6.27 students in grades 3 through 8 and at the high school level. A state-developed test in a
6.28 subject other than writing, ~~developed after the 2002-2003 school year,~~ must include both
6.29 machine-scoreable and constructed response questions. The commissioner shall establish
6.30 one or more months during which schools shall administer the tests to students each
6.31 school year. For students enrolled in grade 8 before the 2005-2006 school year, only
6.32 Minnesota basic skills tests in reading, mathematics, and writing shall fulfill students'
6.33 basic skills testing requirements for a passing state notation. The passing scores of basic
6.34 skills tests in reading and mathematics are the equivalent of 75 percent correct for students

entering grade 9 ~~in 1997 and thereafter, as based on the first uniform test administration of~~
administered in February 1998.

(b) For students enrolled in grade 8 in the 2005-2006 school year and later, only the following options shall fulfill students' state graduation test requirements:

(1) for reading and mathematics:

(i) obtaining an achievement level equivalent to or greater than proficient as determined through a standard setting process on the Minnesota comprehensive assessments in grade 10 for reading and grade 11 for mathematics or achieving a passing score as determined through a standard setting process on the graduation-required assessment for diploma in grade 10 for reading and grade 11 for mathematics or subsequent retests;

(ii) achieving a passing score as determined through a standard setting process on the state-identified language proficiency test in reading and the mathematics test for English language learners or the graduation-required assessment for diploma equivalent of those assessments for students designated as English language learners;

(iii) achieving an individual passing score on the graduation-required assessment for diploma as determined by appropriate state guidelines for students with an individual education plan or 504 plan;

(iv) obtaining achievement level equivalent to or greater than proficient as determined through a standard setting process on the state-identified alternate assessment or assessments in grade 10 for reading and grade 11 for mathematics for students with an individual education plan; or

(v) achieving an individual passing score on the state-identified alternate assessment or assessments as determined by appropriate state guidelines for students with an individual education plan; and

(2) for writing:

(i) achieving a passing score on the graduation-required assessment for diploma;

(ii) achieving a passing score as determined through a standard setting process on the state-identified language proficiency test in writing for students designated as English language learners;

(iii) achieving an individual passing score on the graduation-required assessment for diploma as determined by appropriate state guidelines for students with an individual education plan or 504 plan; or

(iv) achieving an individual passing score on the state-identified alternate assessment or assessments as determined by appropriate state guidelines for students with an individual education plan.

(c) The 3rd through 8th grade and high school level test results shall be available to districts for diagnostic purposes affecting student learning and district instruction and curriculum, and for establishing educational accountability. The commissioner must disseminate to the public the test results upon receiving those results.

(d) State tests must be constructed and aligned with state academic standards. The commissioner shall determine the testing process and the order of administration ~~shall be determined by the commissioner~~. The statewide results shall be aggregated at the site and district level, consistent with subdivision 1a.

(e) In addition to the testing and reporting requirements under this section, the commissioner shall include the following components in the statewide public reporting system:

(1) uniform statewide testing of all students in grades 3 through 8 and at the high school level that provides appropriate, technically sound accommodations, alternate assessments, or exemptions consistent with applicable federal law, only with parent or guardian approval, for those very few students for whom the student's individual education plan team under sections 125A.05 and 125A.06 determines that the general statewide test is inappropriate for a student, or for a limited English proficiency student under section 124D.59, subdivision 2;

(2) educational indicators that can be aggregated and compared across school districts and across time on a statewide basis, including average daily attendance, high school graduation rates, and high school drop-out rates by age and grade level;

(3) state results on the American College Test; and

(4) state results from participation in the National Assessment of Educational Progress so that the state can benchmark its performance against the nation and other states, and, where possible, against other countries, and contribute to the national effort to monitor achievement.

Subd. 1a. **Statewide and local assessments; results.** (a) The commissioner must develop reading, mathematics, and science assessments aligned with state academic standards that districts and sites must use to monitor student growth toward achieving those standards. The commissioner must not develop statewide assessments for academic standards in social studies, health and physical education, and the arts. The commissioner must require:

(1) annual reading and mathematics assessments in grades 3 through 8 and at the high school level for the 2005-2006 school year and later; and

(2) annual science assessments in one grade in the grades 3 through 5 span, the grades 6 through ~~9~~ 8 span, and a life sciences assessment in the grades ~~10~~ 9 through 12 span for the 2007-2008 school year and later.

(b) The commissioner must ensure that all statewide tests administered to elementary and secondary students measure students' academic knowledge and skills and not students' values, attitudes, and beliefs.

(c) Reporting of assessment results must:

(1) provide timely, useful, and understandable information on the performance of individual students, schools, school districts, and the state;

(2) include, by no later than the 2008-2009 school year, a growth-based value-added ~~component that is in addition to a measure for student achievement growth over time~~ indicator of student achievement under section 120B.35, subdivision 3, paragraph (b); and

(3)(i) for students enrolled in grade 8 before the 2005-2006 school year, determine whether students have met the state's basic skills requirements; and

(ii) for students enrolled in grade 8 in the 2005-2006 school year and later, determine whether students have met the state's academic standards.

(d) Consistent with applicable federal law and subdivision 1, paragraph (d), clause (1), the commissioner must include appropriate, technically sound accommodations or alternative assessments for the very few students with disabilities for whom statewide assessments are inappropriate and for students with limited English proficiency.

(e) A school, school district, and charter school must administer statewide assessments under this section, as the assessments become available, to evaluate student ~~progress in achieving the~~ proficiency in the context of the state's grade level academic standards. If a state assessment is not available, a school, school district, and charter school must determine locally if a student has met the required academic standards. A school, school district, or charter school may use a student's performance on a statewide assessment as one of multiple criteria to determine grade promotion or retention. A school, school district, or charter school may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.

Subd. 2. Department of Education assistance. The Department of Education shall contract for professional and technical services according to competitive bidding procedures under chapter 16C for purposes of this section.

Subd. 3. Reporting. The commissioner shall report test data publicly and to stakeholders, including the performance achievement levels developed from students' unweighted test scores in each tested subject and a listing of demographic factors that

strongly correlate with student performance. The commissioner shall also report data that compares performance results among school sites, school districts, Minnesota and other states, and Minnesota and other nations. The commissioner shall disseminate to schools and school districts a more comprehensive report containing testing information that meets local needs for evaluating instruction and curriculum.

Subd. 4. **Access to tests.** The commissioner must adopt and publish a policy to provide public and parental access for review of basic skills tests, Minnesota Comprehensive Assessments, or any other such statewide test and assessment. Upon receiving a written request, the commissioner must make available to parents or guardians a copy of their student's actual responses to the test questions ~~to be reviewed by the parent~~ for their review.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 6. Minnesota Statutes 2006, section 120B.31, as amended by Laws 2007, chapter 146, article 2, section 10, is amended to read:

120B.31 SYSTEM ACCOUNTABILITY AND STATISTICAL ADJUSTMENTS.

Subdivision 1. **Educational accountability and public reporting.** Consistent with the ~~process~~ direction to adopt ~~a results-oriented graduation rule~~ statewide academic standards under section 120B.02, the department, in consultation with education and other system stakeholders, must ~~establish~~ maintain a coordinated and comprehensive system of educational accountability and public reporting that promotes ~~higher~~ greater academic achievement, preparation for higher academic education, preparation for the world of work, citizenship as outlined under sections 120B.021, subdivision 1, clause (4), and 120B.024, paragraph (a), clause (4), and the arts.

Subd. 2. **Statewide testing.** Each school year, all school districts shall give a uniform statewide test to students at specified grades to provide information on the status, needs and performance of Minnesota students.

Subd. 3. **Educational accountability.** (a) The Independent Office of Educational Accountability, as authorized by Laws 1997, First Special Session chapter 4, article 5, section 28, subdivision 2, is established, and shall be funded through the Board of Regents of the University of Minnesota. The office shall advise the education committees of the legislature and the commissioner of education, at least on a biennial basis, on the degree to which the statewide educational accountability and reporting system includes a comprehensive assessment framework that measures school accountability for students

11.1 achieving the goals described in the state's ~~results-oriented~~ high school graduation
11.2 rule. The office shall determine and annually report to the legislature whether and how
11.3 effectively:

11.4 (1) the statewide system of educational accountability ~~utilizes~~ uses multiple
11.5 indicators to provide valid and reliable comparative and contextual data on students,
11.6 schools, districts, and the state, and if not, recommend ways to improve the accountability
11.7 reporting system;

11.8 (2) the commissioner makes statistical adjustments when reporting student data over
11.9 time, consistent with clause (4);

11.10 (3) the commissioner uses ~~indicators of student achievement growth~~ a growth-based
11.11 value-added indicator of student achievement over time ~~and a value-added assessment~~
11.12 ~~model~~ that estimates the effects of the school and school district on student achievement to
11.13 measure school performance, consistent with section ~~120B.36, subdivision 1~~ 120B.35,
11.14 subdivision 3, paragraph (b);

11.15 (4) the commissioner makes data available on students who do not pass one or more
11.16 of the state's required GRAD tests and do not receive a diploma as a consequence, and
11.17 categorizes these data according to gender, race, eligibility for free or reduced lunch, and
11.18 English language proficiency; and

11.19 (5) the commissioner fulfills the requirements under section 127A.095, subdivision 2.

11.20 (b) When the office reviews the statewide educational accountability and reporting
11.21 system, it shall also consider:

11.22 (1) the objectivity and neutrality of the state's educational accountability system; and

11.23 (2) the impact of a testing program on school curriculum and student learning.

11.24 Subd. 4. **Statistical adjustments; student performance data.** In ~~developing~~
11.25 managing policies and assessment processes to hold schools and districts accountable
11.26 for high levels of academic standards under section 120B.021, the commissioner shall
11.27 aggregate student data over time to report student performance and growth levels
11.28 measured at the school, school district, ~~regional, or~~ and statewide level. When collecting
11.29 and reporting the performance data, the commissioner shall: (1) acknowledge the impact
11.30 of significant demographic factors such as residential instability, the number of single
11.31 parent families, parents' level of education, and parents' income level on school outcomes;
11.32 and (2) organize and report the data so that state and local policy makers can understand
11.33 the educational implications of changes in districts' demographic profiles over time. Any
11.34 report the commissioner disseminates containing summary data on student performance
11.35 must integrate student performance and the demographic factors that strongly correlate
11.36 with that performance.

12.1 **EFFECTIVE DATE.** This section is effective the day following final enactment.

12.2 Sec. 7. Minnesota Statutes 2006, section 120B.35, as amended by Laws 2007, chapter
12.3 147, article 8, section 38, is amended to read:

12.4 **120B.35 STUDENT ACADEMIC ACHIEVEMENT AND PROGRESS**
12.5 **GROWTH.**

12.6 Subdivision 1. ~~Adequate yearly progress of schools and students~~ School and
12.7 student indicators of growth and achievement. The commissioner must ~~develop~~
12.8 ~~and implement~~ maintain a system for measuring and reporting academic achievement
12.9 and individual student ~~progress~~ growth, consistent with the statewide educational
12.10 accountability and reporting system. The system components ~~of the system~~ must measure
12.11 the adequate yearly progress of schools and the growth of individual students: students'
12.12 current achievement in schools under subdivision 2; and individual students' educational
12.13 ~~progress~~ growth over time under subdivision 3. The system also must include statewide
12.14 measures of student academic ~~achievement~~ growth that identify schools with high levels
12.15 of ~~achievement~~ growth, and also schools with low levels of ~~achievement~~ growth that need
12.16 improvement. When determining a school's effect, the data must include both statewide
12.17 measures of student achievement and, ~~to the extent annual tests are administered,~~
12.18 indicators of achievement growth that take into account a student's prior achievement.
12.19 Indicators of achievement and prior achievement must be based on highly reliable
12.20 statewide or districtwide assessments. Indicators that take into account a student's prior
12.21 achievement must not be used to disregard a school's low achievement or to exclude
12.22 a school from a program to improve low achievement levels. ~~The commissioner by~~
12.23 ~~January 15, 2002, must submit a plan for integrating these components to the chairs of~~
12.24 ~~the legislative committees having policy and budgetary responsibilities for elementary~~
12.25 ~~and secondary education.~~

12.26 Subd. 2. **Expectations for federally mandated student academic achievement.**

12.27 (a) Each school year, a school district must determine if the student achievement levels
12.28 at each school site meet ~~state and local~~ federally mandated expectations. If student
12.29 achievement levels at a school site do not meet ~~state and local~~ federally mandated
12.30 expectations and the site has not made adequate yearly progress for two consecutive
12.31 school years, beginning with the 2001-2002 school year, the district must work with the
12.32 school site to adopt a plan to raise student achievement levels to meet ~~state and local~~
12.33 federally mandated expectations. The commissioner of education shall establish student
12.34 academic achievement levels to comply with this paragraph.

13.1 (b) School sites identified as not meeting federally mandated expectations must
13.2 develop continuous improvement plans in order to meet ~~state and local~~ federally mandated
13.3 expectations for student academic achievement. The department, at a district's request,
13.4 must assist the district and the school site in developing a plan to improve student
13.5 achievement. The plan must include parental involvement components.

13.6 (c) The commissioner must:

13.7 (1) ~~provide assistance to~~ assist school sites and districts identified as not meeting
13.8 federally mandated expectations; and

13.9 (2) provide technical assistance to schools that integrate student ~~progress~~ measures
13.10 ~~under subdivision 3~~ in the school continuous improvement plan.

13.11 (d) The commissioner shall establish and maintain a continuous improvement Web
13.12 site designed to make data on every school and district available to parents, teachers,
13.13 administrators, community members, and the general public.

13.14 Subd. 3. **Student ~~progress assessment~~ growth; other state measures.** (a)

13.15 The state's educational assessment system ~~component~~ measuring individual students'
13.16 educational ~~progress must be~~ growth is based, ~~to the extent annual tests are administered,~~
13.17 on indicators of achievement growth that show an individual student's prior achievement.
13.18 Indicators of achievement and prior achievement ~~must be~~ are based on highly reliable
13.19 statewide or districtwide assessments.

13.20 (b) The commissioner must ~~identify effective models for measuring individual~~
13.21 ~~student progress that enable a school district or school site to perform gains-based~~
13.22 ~~analysis, including evaluating the effects of the teacher, school, and school district on~~
13.23 ~~student achievement over time. At least one model must be a "value-added" assessment~~
13.24 ~~model that reliably estimates those effects for classroom settings where a single teacher~~
13.25 ~~teaches multiple subjects to the same group of students, for team teaching arrangements,~~
13.26 ~~and for other teaching circumstances.~~ use a growth-based value-added system. The
13.27 commissioner must apply the state growth norm to students in grades 4 through 8
13.28 beginning in the 2008-2009 school year, consistent with section 120B.299, subdivision
13.29 6, initially benchmarking the state growth norm to 2006-2007 school year data. The
13.30 model must allow the user to:

13.31 (1) report student growth at and above the state norm; and

13.32 (2) for all student categories with a cell size of at least 20, report and compare
13.33 aggregated and disaggregated state growth data using the nine student categories identified
13.34 under the federal 2001 No Child Left Behind Act and two student gender categories of
13.35 male and female, respectively. The model must measure the effects that teacher teams
13.36 within a grade, teacher teams across an entire grade, the school, and the school district

14.1 have on student growth. The model must not compile test results for teacher teams within
14.2 a grade or across a grade unless the test results encompass data on three or more teachers.

14.3 ~~(c) If a district has an accountability plan that includes gains-based analysis or~~
14.4 ~~"value-added" assessment, the commissioner shall, to the extent practicable, incorporate~~
14.5 ~~those measures in determining whether the district or school site meets expectations. The~~
14.6 ~~department must coordinate with the district in evaluating school sites and continuous~~
14.7 ~~improvement plans, consistent with best practices. If a district has an accountability~~
14.8 plan that includes other growth-based value-added analysis, the commissioner may, to
14.9 the extent practicable and consistent with this section, incorporate those measures in
14.10 determining whether the district or school site shows growth, including accelerated growth.

14.11 (d) When reporting student performance under section 120B.36, subdivision 1, the
14.12 commissioner annually, beginning July 1, 2011, must report two core measures indicating
14.13 the extent to which current high school graduates are being prepared for postsecondary
14.14 academic and career opportunities:

14.15 (1) a preparation measure indicating the number and percentage of high school
14.16 graduates in the most recent school year who completed course work important to
14.17 preparing them for postsecondary academic and career opportunities, consistent with the
14.18 core academic subjects required for admission to Minnesota's public four-year colleges
14.19 and universities as determined by the Office of Higher Education under chapter 136A; and

14.20 (2) a rigorous coursework measure indicating the number and percentage of high
14.21 school graduates in the most recent school year who successfully completed one or more
14.22 college-level advanced placement, international baccalaureate, postsecondary enrollment
14.23 options including concurrent enrollment, other rigorous courses of study under section
14.24 120B.021, subdivision 1a, or industry certification courses or programs.

14.25 When reporting the core measures under clauses (1) and (2), the commissioner must also
14.26 analyze and report separate categories of information using the nine student categories
14.27 identified under the federal 2001 No Child Left Behind Act and two student gender
14.28 categories of male and female, respectively.

14.29 (e) When reporting student performance under section 120B.36, subdivision 1, the
14.30 commissioner annually, beginning July 1, 2011, must include summary data showing
14.31 students' average self-reported sense of school safety, engagement in school, and the
14.32 quality of students' relationship with teachers, administrators, and other students. The
14.33 commissioner must gather these data consistently from students in grade 4 or 5, in one
14.34 grade level in grades 6 through 8, and in one grade level in high school, as determined by
14.35 the commissioner in consultation with recognized and qualified experts. All data received,

collected, or created that are used to generate the summary data under this paragraph are nonpublic data under section 13.02, subdivision 9.

Subd. 4. **Improving schools.** Consistent with the requirements of this section, the commissioner of education must ~~establish a second achievement benchmark to identify improving schools. The commissioner must recommend to~~ annually report to the public and the legislature by February 15, 2002, indicators in addition to the achievement benchmark for identifying improving schools, including an indicator requiring a school to demonstrate ongoing successful use of best teaching practices best practices learned from those schools that demonstrate accelerated growth compared to the state growth norm.

Subd. 5. **Improving graduation rates for students with emotional or behavioral disorders.** (a) A district must develop strategies in conjunction with parents of students with emotional or behavioral disorders and the county board responsible for implementing sections 245.487 to 245.4889 to keep students with emotional or behavioral disorders in school, when the district has a drop-out rate for students with an emotional or behavioral disorder in grades 9 through 12 exceeding 25 percent.

(b) A district must develop a plan in conjunction with parents of students with emotional or behavioral disorders and the local mental health authority to increase the graduation rates of students with emotional or behavioral disorders. A district with a drop-out rate for children with an emotional or behavioral disturbance in grades 9 through 12 that is in the top 25 percent of all districts shall submit a plan for review and oversight to the commissioner.

EFFECTIVE DATE. Subdivision 3, paragraph (b), applies to students in the 2008-2009 school year and later. Subdivision 3, paragraph (d), applies to students in the 2010-2011 school year and later. Subdivision 3, paragraph (e), applies to high school students in the 2009-2010 school year and later, and to students in any grades 4 through 8 in the 2010-2011 school year and later, consistent with the commissioner's grade level determinations. Subdivision 4 applies in the 2011-2012 school year and later.

Sec. 8. Minnesota Statutes 2006, section 120B.36, as amended by Laws 2007, chapter 146, article 2, section 11, is amended to read:

120B.36 SCHOOL ACCOUNTABILITY; APPEALS PROCESS.

Subdivision 1. **School performance report cards.** (a) The commissioner shall ~~use objective criteria based on levels of student performance to report at least student~~ academic performance under section 120B.35, subdivision 2, the percentages of students at and above the state growth norm under section 120B.35, subdivision 3, paragraph (b),

H.F. No. 1812, 4th Engrossment - 2007-2008th Legislative Session (2007-2008)

school safety and student engagement under section 120B.35, subdivision 3, paragraph (e), rigorous coursework under section 120B.35, subdivision 3, paragraph (d), two separate student-to-teacher ratios that clearly indicate the definition of teacher consistent with sections 122A.06 and 122A.15 for purposes of determining these ratios, and staff characteristics excluding salaries, ~~with a value-added component added no later than the 2008-2009 school year~~ student enrollment demographics, district mobility, and extracurricular activities. ~~The report must indicate a school's adequate yearly progress status, and must not set any designations applicable to high- and low-performing schools due solely to adequate yearly progress status.~~

(b) The commissioner shall develop, annually update, and post on the department Web site school performance report cards.

(c) The commissioner must make available ~~the first~~ performance report cards by ~~November 2003, and during~~ the beginning of each school year thereafter.

(d) A school or district may appeal its adequate yearly progress status in writing to the commissioner within 30 days of receiving the notice of its status. The commissioner's decision to uphold or deny an appeal is final.

(e) School performance report ~~cards~~ card data are nonpublic data under section 13.02, subdivision 9, until not later than ten days after the appeal procedure described in paragraph (d) concludes. The department shall annually post school performance report cards to its public Web site no later than September 1.

Subd. 2. **Adequate yearly progress data.** All data the department receives, collects, or creates ~~for purposes of determining to determine~~ adequate yearly progress designations status under Public Law 107-110, section 1116, set state growth norms, and determine student growth are nonpublic data under section 13.02, subdivision 9, until not later than ten days after the appeal procedure described in subdivision 1, paragraph (d), concludes. Districts must provide parents sufficiently detailed summary data to permit parents to appeal under Public Law 107-110, section 1116(b)(2). The department shall annually post federally mandated adequate yearly progress data and state student growth data to its public Web site no later than September 1.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 9. Minnesota Statutes 2006, section 120B.362, is amended to read:

120B.362 GROWTH-BASED VALUE-ADDED ASSESSMENT PROGRAM.

~~(a)~~ The commissioner of education must implement a growth-based value-added assessment program to assist school districts, public schools, and charter schools in

H.F. No. 1812, 4th Engrossment - 2007-2008th Legislative Session (2007-2008)

assessing and reporting individual students' growth in academic achievement under section 120B.30, subdivision 1a. The program must use assessments of individual students' academic achievement to make longitudinal comparisons of each student's academic growth over time. ~~School districts, public schools, and charter schools may apply to the commissioner to participate in the initial trial program using a form and in the manner the commissioner prescribes. The commissioner must select program participants from urban, suburban, and rural areas throughout the state.~~

~~(b) The commissioner may issue a request for proposals to contract with an organization that provides a value-added assessment model that reliably estimates school and school district effects on students' academic achievement over time. The model the commissioner selects must accommodate diverse data and must use each student's test data across grades. Data on individual teachers generated under the model are personnel data under section 13.43.~~

~~(c) The contract under paragraph (b) must be consistent with the definition of "best value" under section 16C.02, subdivision 4.~~

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 10. Minnesota Statutes 2006, section 122A.21, is amended to read:

Each application for the issuance, renewal, or extension of a license to teach, including applications for licensure via portfolio under subdivision 2, must be accompanied by a processing fee of \$57. Each application for issuing, renewing, or extending the license of a school administrator or supervisor must be accompanied by a processing fee in the amount set by the Board of Teaching. The processing fee for a teacher's license and for the licenses of supervisory personnel must be paid to the executive secretary of the appropriate board. The executive secretary of the board shall deposit the fees with the commissioner of finance. The fees as set by the board are nonrefundable for applicants not qualifying for a license. However, a fee must be refunded by the commissioner of finance in any case in which the applicant already holds a valid unexpired license. The board may waive or reduce fees for applicants who apply at the same time for more than one license.

Subd. 2. Licensure via portfolio. (a) A candidate seeking licensure via portfolio must submit a \$75 fee to the Educator Licensing Division at the department to determine the candidate's eligibility for licensure via portfolio. An eligible candidate may use

Sec. 12. Minnesota Statutes 2006, section 123B.02, subdivision 21, is amended to read:

Subd. 21. **Wind energy conversion system.** The board, or more than one board acting jointly under the authority granted by section 471.59, may construct, acquire, own in whole or in part, operate, and sell and retain and spend the payment received from selling energy from a wind energy conversion system, as defined in section 216C.06, subdivision 19. The board's share of the installed capacity of the wind energy conversion systems authorized by this subdivision must not exceed 3.3 megawatts of nameplate capacity. A board owning, operating, or selling energy from a wind energy conversion system must integrate information about wind energy conversion systems in its educational programming. The board, or more than one board acting jointly under the authority granted by section 471.59, may be a limited partner in a partnership, a member of a limited liability company, or a shareholder in a corporation, established for the sole purpose of constructing, acquiring, owning in whole or in part, financing, or operating a wind energy conversion system for the benefit of the district or districts in accordance with this section.

19.1 **EFFECTIVE DATE.** This section is effective the day following final enactment.

19.2 Sec. 13. Minnesota Statutes 2007 Supplement, section 123B.143, subdivision 1,
19.3 is amended to read:

19.4 Subdivision 1. **Contract; duties.** All districts maintaining a classified secondary
19.5 school must employ a superintendent who shall be an ex officio nonvoting member of the
19.6 school board. The authority for selection and employment of a superintendent must be
19.7 vested in the board in all cases. An individual employed by a board as a superintendent
19.8 shall have an initial employment contract for a period of time no longer than three years

19.10 period of three years. A board, at its discretion, may or may not renew an employment
19.11 contract. A board must not, by action or inaction, extend the duration of an existing
19.12 employment contract. Beginning 365 days prior to the expiration date of an existing
19.13 employment contract, a board may negotiate and enter into a subsequent employment
19.14 contract to take effect upon the expiration of the existing contract. A subsequent contract
19.15 must be contingent upon the employee completing the terms of an existing contract. If a
19.16 contract between a board and a superintendent is terminated prior to the date specified in
19.17 the contract, the board may not enter into another superintendent contract with that same
19.18 individual that has a term that extends beyond the date specified in the terminated contract.
19.19 A board may terminate a superintendent during the term of an employment contract for any
19.20 of the grounds specified in section 122A.40, subdivision 9 or 13. A superintendent shall
19.21 not rely upon an employment contract with a board to assert any other continuing contract
19.22 rights in the position of superintendent under section 122A.40. Notwithstanding the
19.23 provisions of sections 122A.40, subdivision 10 or 11, 123A.32, 123A.75, or any other law

19.27 the absolute right to select one of the individuals employed to serve as superintendent
19.28 in one of the contracting districts and no individual has a right to employment as the
19.29 superintendent to provide all or part of the services based on order of employment in a
19.30 contracting district. The superintendent of a district shall perform the following:

- 19.31 (1) visit and supervise the schools in the district, report and make recommendations
19.32 about their condition when advisable or on request by the board;
19.33 (2) recommend to the board employment and dismissal of teachers;
19.34 (3) superintend school grading practices and examinations for promotions;
19.35 (4) make reports required by the commissioner; and

H.F. No. 1812, 4th Engrossment - 2007-2008th Legislative Session (2007-2008)

~~(5) by January 10, submit an annual report to the commissioner in a manner prescribed by the commissioner, in consultation with school districts, identifying the expenditures that the district requires to ensure an 80 percent student passage rate on the MCA-IIs taken in the eighth grade, identifying the highest student passage rate the district expects it will be able to attain on the MCA-IIs by grade 12, and the amount of expenditures that the district requires to attain the targeted student passage rate; and~~
(6) perform other duties prescribed by the board.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 14. Minnesota Statutes 2006, section 123B.59, subdivision 1, is amended to read:

Subdivision 1. **To qualify.** (a) An independent or special school district qualifies to participate in the alternative facilities bonding and levy program if the district has:

(1) more than 66 students per grade;

(2) over 1,850,000 square feet of space and the average age of building space is 15 years or older or over 1,500,000 square feet and the average age of building space is 35 years or older;

(3) insufficient funds from projected health and safety revenue and capital facilities revenue to meet the requirements for deferred maintenance, to make accessibility improvements, or to make fire, safety, or health repairs; and

(4) a ten-year facility plan approved by the commissioner according to subdivision 2.

(b) An independent or special school district not eligible to participate in the alternative facilities bonding and levy program under paragraph (a) qualifies for limited participation in the program if the district has:

(1) one or more health and safety projects with an estimated cost of \$500,000 or more per site that would qualify for health and safety revenue except for the project size limitation in section 123B.57, subdivision 1, paragraph (b); and

(2) insufficient funds from capital facilities revenue to fund those projects.

(c) Notwithstanding the square footage limitation in paragraph (a), clause (2), a school district that qualified for eligibility under paragraph (a) as of July 1, 2007, remains eligible for funding under this section as long as the district continues to meet the requirements of paragraph (a), clauses (1), (3), and (4).

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 15. Minnesota Statutes 2006, section 123B.62, is amended to read:

123B.62 BONDS FOR CERTAIN CAPITAL FACILITIES.

21.1 (a) In addition to other bonding authority, with approval of the commissioner, a
21.2 district may issue general obligation bonds for certain capital projects under this section.
21.3 The bonds must be used only to make capital improvements including:

21.4 (1) under section 126C.10, subdivision 14, total operating capital revenue uses
21.5 specified in clauses (4), (6), (7), (8), (9), and (10);

21.6 (2) the cost of energy modifications;

21.7 (3) improving disability accessibility to school buildings; and

21.8 (4) bringing school buildings into compliance with life and safety codes and fire
21.9 codes.

21.10 (b) Before a district issues bonds under this subdivision, it must publish notice
21.11 of the intended projects, the amount of the bond issue, and the total amount of district
21.12 indebtedness.

21.13 (c) A bond issue tentatively authorized by the board under this subdivision becomes
21.14 finally authorized unless a petition signed by more than 15 percent of the registered voters
21.15 of the district is filed with the school board within 30 days of the board's adoption of a
21.16 resolution stating the board's intention to issue bonds. The percentage is to be determined
21.17 with reference to the number of registered voters in the district on the last day before the
21.18 petition is filed with the board. The petition must call for a referendum on the question of
21.19 whether to issue the bonds for the projects under this section. The approval of 50 percent
21.20 plus one of those voting on the question is required to pass a referendum authorized
21.21 by this section.

21.22 (d) The bonds must be paid off within ~~ten~~ 15 years of issuance. The bonds must be

29.20 amount of tax increase in annual dollars for typical residential homesteads, agricultural
29.21 homesteads, apartments, and commercial-industrial property within the school district.

29.22 The notice for a referendum may state that an existing referendum levy is expiring

29.29 ~~result in an increase in your property taxes.~~" renews an existing operating referendum at
29.30 the same amount per pupil as in the previous year."

29.31 (c) A referendum on the question of revoking or reducing the increased revenue
29.32 amount authorized pursuant to paragraph (a) may be called by the board and shall be called

(d) A petition authorized by paragraph (a) or (c) is effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the district on the day the petition is filed with the board. A referendum invoked by petition must be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days before the day of the referendum, the district must submit a copy of the notice required under paragraph (b) to the commissioner and to the county auditor of each county in which the district is located. 32.31 by the commissioner.

(b) The board of an intermediate school district may, upon receipt of a written resolution by each of its member school districts, pledge the member district's full faith and credit and unlimited taxing powers to repay its pro rata share of any certificates issued or the amount paid by the state under section 126C.55, subdivision 2, plus interest, if the revenues specified in paragraph (a) and any other revenues of the intermediate school district are insufficient to do so.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 36. Minnesota Statutes 2006, section 126C.53, is amended to read:

126C.53 ENABLING RESOLUTION; FORM OF CERTIFICATES OF INDEBTEDNESS.

The board of a school district or intermediate school district may authorize and effect such borrowing, and may issue such certificates of indebtedness upon passage of a resolution specifying the amount and purposes for which it deems such borrowing is necessary. The resolution must be adopted by a vote of at least two-thirds of its members. The board must fix the amount, date, maturity, form, denomination, and other details of the certificates of indebtedness, not inconsistent with this chapter. The board must fix the date and place for receipt of bids for the purchase of the certificates when bids are required and direct the clerk to give notice of the date and place for bidding.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 37. Minnesota Statutes 2006, section 126C.55, is amended to read:

126C.55 STATE PAYMENT OF DEBT OBLIGATION UPON POTENTIAL DEFAULT; REPAYMENT; STATE OBLIGATION NOT DEBT.

Subdivision 1. **Definitions.** For the purposes of this section, the term "debt obligation" means:

- (1) ~~a tax or aid anticipation~~ certificate of indebtedness issued under section 126C.52;
- (2) a certificate of participation issued under section 126C.40, subdivision 6; or
- (3) a general obligation bond.

Subd. 2. **Notifications; payment; appropriation.** (a) If a school district or intermediate school district believes that it may be unable to make a principal or interest payment on any outstanding debt obligation on the date that payment is due, it must notify the commissioner as soon as possible, but not less than 15 working days before the date that principal or interest payment is due. The notice must include the name of the school district or intermediate school district, an identification of the debt obligation issue

in question, the date the payment is due, the amount of principal and interest due on the payment date, the amount of principal or interest that the school district or intermediate school district will be unable to repay on that date, the paying agent for the debt obligation, the wire transfer instructions to transfer funds to that paying agent, and an indication as to whether a payment is being requested by the school district or intermediate school district under this section. If a paying agent becomes aware of a potential default, it shall inform the commissioner of that fact. After receipt of a notice which requests a payment under this section, after consultation with the school district or intermediate school district and the paying agent, and after verification of the accuracy of the information provided, the commissioner shall notify the commissioner of finance of the potential default. The notice must include a final figure as to the amount due that the school district or intermediate school district will be unable to repay on the date due.

(b) Except as provided in subdivision 9, upon receipt of this notice from the commissioner, the commissioner of finance shall issue a warrant and authorize the commissioner of education to pay to the paying agent for the debt obligation the specified amount on or before the date due. The amounts needed for the purposes of this subdivision are annually appropriated to the department from the state general fund.

(c) The Departments of Education and Finance must jointly develop detailed procedures for school districts and intermediate school districts to notify the state that they have obligated themselves to be bound by the provisions of this section, procedures for school districts or intermediate school districts and paying agents to notify the state of potential defaults and to request state payment under this section, and procedures for the state to expedite payments to prevent defaults. The procedures are not subject to chapter 14.

Subd. 3. **School district bound; interest rate on state paid amount.** If, at the request of a school district or intermediate school district, the state has paid part or all of the principal or interest due on a district's debt obligation on a specific date, the school district or the intermediate school district is bound by all provisions of this section and the amount paid shall bear taxable interest from the date paid until the date of repayment at the invested cash rate as it is certified by the commissioner of finance. Interest shall only accrue on the amounts paid and outstanding less the reduction in aid under subdivision 4 and other payments received from the school district or intermediate school district.

Subd. 4. **Pledge of district's full faith and credit.** If, at the request of a school district or intermediate school district, the state has paid part or all of the principal or interest due on a district's debt obligation on a specific date, the pledge of the full faith and credit and unlimited taxing powers of the school district or the intermediate school

district to repay the principal and interest due on those debt obligations shall also, without an election or the requirement of a further authorization, become a pledge of the full faith and credit and unlimited taxing powers of the school district or the intermediate school district to repay to the state the amount paid, with interest. Amounts paid by the state must be repaid in the order in which the state payments were made.

Subd. 4a. **Aid reduction for repayment.** (a) Except as provided in this subdivision, the state must reduce the state aid payable to the school district or intermediate school district under this chapter and chapters 122A, 123A, 123B, 124D, 125A, 126C, and 273 by the amount paid by the state under this section on behalf of the district, plus the interest due on it, and the amount reduced must revert from the appropriate account to the state general fund. Payments from the school district endowment fund or any federal aid payments shall not be reduced.

(b) For an intermediate school district, the state aid payable to the intermediate school district must first be reduced, before any reduction is made to the state aids payable to the member districts. If the state aid payable to the intermediate school district is not sufficient to repay the state, state aid payable to member districts may be reduced proportionately based on the ratio of each member district's adjusted net tax capacity to the total adjusted net tax capacity of all member districts.

(c) If, after review of the financial situation of the school district or intermediate school district, the commissioner advises the commissioner of finance that a total reduction of aids would cause an undue hardship on or an undue disruption of the educational program of the district, the commissioner, with the approval of the commissioner of finance, may establish a different schedule for reduction of aids to repay the state. The amount of aids to be reduced is decreased by any amounts repaid to the state by the district from other revenue sources.

Subd. 6. **Tax levy for repayment.** (a) With the approval of the commissioner, a district may levy in the year the state makes a payment under this section an amount up to the amount necessary to provide funds for the repayment of the amount paid by the state plus interest through the date of estimated repayment by the district. The proceeds of this levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the district for purposes of section 275.065, subdivision 6. The amount of aids to be reduced to repay the state shall be decreased by the amount levied. This levy by the district is not eligible for debt service equalization under section 123B.53.

(b) If the state is not repaid in full for a payment made under this section by November 30 of the calendar year following the year in which the state makes the payment, the commissioner shall require the district to certify a property tax levy in an amount up to the amount necessary to provide funds for repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. To prevent undue hardship, the commissioner may allow the district to certify the levy over a five-year period. The proceeds of the levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. If the commissioner orders the district to levy, the amount of aids reduced to repay the state shall be decreased by the amount levied. This levy by the district is not eligible for debt service equalization under section 123B.53 or any successor provision. A levy under this subdivision must be explained as a specific increase at the meeting required under section 275.065, subdivision 6.

(c) For an intermediate school district, a levy made by a member school district under paragraph (a) or (b) to repay its pro rata share must be spread by the commissioner as a tax rate based on the total adjusted net tax capacity of the member school districts. The proceeds of the levy must be remitted by the member school district to the intermediate school district and must be used by the intermediate school district only to repay the state amounts owed. Any amount in excess of the amount owed to the state must be repaid to the member school districts and the commissioner shall adjust each member school district's property tax levy in the next year.

Subd. 7. Election as to mandatory application. A school district or intermediate school district may covenant and obligate itself, prior to the issuance of an issue of debt obligations, to notify the commissioner of a potential default and to use the provisions of this section to guarantee payment of the principal and interest on those debt obligations when due. If the school district or intermediate school district obligates itself to be bound by this section, it must covenant in the resolution that authorizes the issuance of the debt obligations to deposit with the paying agent three business days prior to the date on which a payment is due an amount sufficient to make that payment or to notify the commissioner under subdivision 1 that it will be unable to make all or a portion of that payment. A school district or intermediate school district that has obligated itself must include a provision in its agreement with the paying agent for that issue that requires the paying agent to inform the commissioner if it becomes aware of a potential default in the payment of principal or interest on that issue or if, on the day two business days prior to the date a payment is due

on that issue, there are insufficient funds to make the payment on deposit with the paying agent. Funds invested in a refunding escrow account established under section 475.67 that are to become available to the paying agent on a principal or interest payment date are deemed to be on deposit with the paying agent three business days before the payment date. If a school district or intermediate school district either covenants to be bound by this section or accepts state payments under this section to prevent a default of a particular issue of debt obligations, the provisions of this section shall be binding as to that issue as long as any debt obligation of that issue remain outstanding. If the provisions of this section are or become binding for more than one issue of debt obligations and a school district or intermediate school district is unable to make payments on one or more of those issues, the district must continue to make payments on the remaining issues.

Subd. 8. **Mandatory plan; technical assistance.** If the state makes payments on behalf of a school district or intermediate school district under this section or the district defaults in the payment of principal or interest on an outstanding debt obligation, it must submit a plan to the commissioner for approval specifying the measures it intends to implement to resolve the issues which led to its inability to make the payment and to prevent further defaults. The department must provide technical assistance to the school district or intermediate school district in preparing its plan. If the commissioner determines that a district's plan is not adequate, the commissioner shall notify the school district or intermediate school district that the plan has been disapproved, the reasons for the disapproval, and that the state shall not make future payments under this section for debt obligations issued after the date specified in that notice until its plan is approved. The commissioner may also notify the school district or intermediate school district that until its plan is approved, other aids due the district will be withheld after a date specified in the notice.

Subd. 9. **State bond rating.** If the commissioner of finance determines that the credit rating of the state would be adversely affected thereby, the commissioner of finance shall not issue warrants under subdivision 2 for the payment of principal or interest on any debt obligations for which a district did not, prior to their issuance, obligate itself to be bound by the provisions of this section.

Subd. 10. **Continuing disclosure agreements.** The commissioner of finance may enter into written agreements or contracts relating to the continuing disclosure of information needed to facilitate the ability of school districts or intermediate school districts to issue debt obligations according to federal securities laws, rules, and regulations, including securities and exchange commission rules and regulations, section

38.1 240.15c2-12. Such agreements or contracts may be in any form the commissioner of
38.2 finance deems reasonable and in the state's best interests.

38.3 **EFFECTIVE DATE.** This section is effective the day following final enactment.

43.24 **EFFECTIVE DATE.** This section is effective the day following final enactment.

43.25 Sec. 51. **IMPLEMENTING A STUDENT GROWTH-BASED VALUE-ADDED**
43.26 **SYSTEM.**

43.27 (a) To implement the requirements of Minnesota Statutes, section 120B.35,
43.28 subdivision 3, paragraph (b), and to help parents and members of the public compare the
43.29 reported data, the commissioner must convene a group of expert school district assessment
43.30 and evaluation staff, including a recognized Minnesota assessment group composed
43.31 of assessment and evaluation directors and staff and researchers under Minnesota
43.32 Statutes, section 120B.299, subdivision 6, and interested stakeholders, including school

44.1 superintendents, school principals, school teachers, and parents to examine the actual
44.2 statewide performance of students using Minnesota's growth-based value-added system
44.3 and establish criteria for identifying schools and school districts that demonstrate
44.4 accelerated growth in order to advance educators' professional development and replicate
44.5 programs that succeed in meeting students' diverse learning needs.

44.6 (b) The commissioner must submit a written report to the education committees of
44.7 the house of representatives and senate by February 15, 2009, describing the criteria for
44.8 identifying schools and school districts that demonstrate accelerated growth. The group
44.9 convened under this section expires on June 30, 2009.

44.10 **EFFECTIVE DATE.** This section is effective the day following final enactment

44.12 Sec. 52. **IMPLEMENTING RIGOROUS COURSEWORK MEASURES**
44.13 **RELATED TO STUDENT PERFORMANCE.**

44.14 (a) To implement the requirements of Minnesota Statutes, section 120B.35,
44.15 subdivision 3, paragraph(d), clauses (1) and (2), and to help parents and members of the
44.16 public compare the reported data, the commissioner of education must convene a group of
44.17 recognized and qualified experts and interested stakeholders, including parents among
44.18 other stakeholders, to develop a model projecting anticipated performance of each high
44.19 school on preparation and rigorous coursework measures that compares the school with
44.20 similar schools. The model must use information about entering high school students
44.21 based on particular background characteristics that are predictive of differing rates of
44.22 college readiness. These characteristics include grade 8 achievement levels, high school
44.23 student mobility, high school student attendance, and the size of each entering ninth grade
44.24 class. The group of experts and stakeholders may examine other characteristics not part
44.25 of the prediction model including the nine student categories identified under the federal
44.26 2001 No Child Left Behind Act, and two student gender categories of male and female,
44.27 respectively. The commissioner annually must use the predicted level of entering students'

98.27 whole dollar, must be computed to the nearest whole dollar.

99.3 only to unemployment benefits paid for periods after the applicant's discharge from

99.8 business less than 15 calendar weeks each year and the applicant's wage credits from the
99.9 employer are less than 600 times the applicable state or federal minimum wage;

99.10 (4) the employer provided regularly scheduled part-time employment to the
99.11 applicant during the applicant's base period and continues to provide the applicant with

99.17 between academic years or terms;

99.18 (5) the employer is a fire department or firefighting corporation or operator of
99.19 a life-support transportation service, and continues to provide employment for the
99.20 applicant as a volunteer firefighter or a volunteer ambulance service personnel during the

99.26 where 25 percent or more of the employees employed at the affected location, including
99.27 the applicant, became unemployed as a result. This exception does not apply where the
99.28 unemployment was a direct result of the intentional act of the employer or a person acting
99.29 on behalf of the employer;

99.31 transferring of wage credits under a combined wage arrangement provided for in section

99.33 (8) the applicant stopped working because of a labor dispute at the applicant's
99.34 primary place of employment if the employer was not a party to the labor dispute;

99.35 (9) the unemployment benefits were determined overpaid unemployment benefits
99.36 under section 268.18; ~~or~~

100.2 or longer, for an employee who is in the military reserve and was called for active duty
100.3 during the time the applicant worked as a replacement, and the applicant was laid off

100.7 **EFFECTIVE DATE.** This section is effective the day following final enactment.

100.8 Sec. 14. Minnesota Statutes 2007 Supplement, section 268.085, subdivision 3, is
100.9 amended to read:

100.10 Subd. 3. **Payments that delay unemployment benefits.** (a) An applicant is not

100.12 is receiving, has received, or has filed for payment, equal to or in excess of the applicant's
100.13 weekly unemployment benefit amount, in the form of:

100.15 does not apply to (i) vacation pay paid upon a permanent separation from employment; or
100.16 (ii) vacation pay paid from a vacation fund administered by a union or a third party not
100.17 under the control of the employer;

100.18 (2) severance pay, bonus pay, sick pay, and any other payments, except earnings
100.19 under subdivision 5, and back pay under subdivision 6, paid by an employer because
100.20 of, upon, or after separation from employment, but only if the payment is considered
100.21 wages at the time of payment under section 268.035, subdivision 29. This clause does
100.22 not apply to the first \$5,000 of any amount of severance pay, bonus pay, sick pay, or any
100.23 other payments paid to an employee; or

100.24 (3) pension, retirement, or annuity payments from any plan contributed to by a base
100.25 period employer including the United States government, except Social Security benefits
100.26 that are provided for in subdivision 4. The base period employer is considered to have
100.27 contributed to the plan if the contribution is excluded from the definition of wages under
100.28 section 268.035, subdivision 29, clause (1).

100.29 An applicant is not considered to have received the lump sum payment if the
100.30 applicant immediately deposits that payment in a qualified pension plan or account.

100.31 (b) This subdivision applies to all the weeks of payment. Payments under paragraph
100.32 (a), clauses (1) and (2), are applied to the period immediately following the last day
100.33 of employment, ~~and The number of weeks of payment, for purposes of those clauses,~~
100.34 is determined as follows:

(1) if the payments are made periodically, the total of the payments to be received is divided by the applicant's last level of regular weekly pay from the employer; or

(2) if the payment is made in a lump sum, that sum is divided by the applicant's last level of regular weekly pay from the employer.

(c) If the payment is less than the applicant's weekly unemployment benefit amount, unemployment benefits are reduced by the amount of the payment. If the computation of reduced unemployment benefits is not a whole dollar, it is rounded down to the next lower whole dollar.

EFFECTIVE DATE. This section, except for subdivision 3, paragraph (a), clause (2), is effective the day following final enactment. Subdivision 3, paragraph (a), clause (2), is effective for unemployment benefits paid on or after January 1, 2006, regardless of when the continued request was filed or the week for which the unemployment benefits are paid.

123.12 (2) a general obligation bond issued by a governmental unit and acquired under the
123.13 credit enhanced bond program established under section 446A.087.

123.14 Subd. 2. **Application.** (a) This section provides a state guarantee of the payment of
123.15 principal and interest on debt obligations if:

123.16 (1) the obligations are issued after June 30, 2000;
123.17 (2) application to the Public Facilities Authority is made before issuance; and
123.18 (3) the obligations are covered by an agreement meeting the requirements of
123.19 subdivision 3.

123.20 (b) Applications to be covered by the provisions of this section must be made in a
123.21 form and contain the information prescribed by the authority. Applications are subject to a
123.22 fee of \$500 for ~~the first~~ each bond issue requested by the county ~~and \$250 for each bond~~
123.23 ~~issue thereafter~~ or applicable fees under section 446A.087.

123.24 (c) Application fees paid under this section must be deposited in a separate ~~county~~
123.25 credit enhancement bond guarantee account in the general fund. Money in the ~~county~~
123.26 credit enhancement bond guarantee account is appropriated to the authority for purposes
123.27 of administering this section.

123.28 (d) Neither the authority nor the commissioner is required to promulgate
123.29 administrative rules under this section and the procedures and requirements established by
123.30 the authority or commissioner under this section are not subject to chapter 14.

123.31 Subd. 3. **Agreement.** (a) For specified debt obligations ~~of a county~~ to be covered
123.32 by this section, the ~~county~~ governmental unit must enter an agreement with the authority
123.33 obligating the ~~county~~ governmental unit to be bound by this section.

123.34 (b) This agreement must be in a form prescribed by the authority and contain any
123.35 provisions required by the authority, including, at least, an obligation to:

124.1 (1) deposit with the paying agent three days before the date on which the payment is
124.2 due an amount sufficient to make that payment or ten days prior to the date a payment is
124.3 due on revenue bonds issued by the authority under section 446A.087;

124.4 (2) notify the authority, if the ~~county~~ governmental unit will be unable to make all
124.5 or a portion of the payment; and

124.6 (3) include a provision in the bond resolution and county's agreement with the paying
124.7 agent for the debt obligation that requires the paying agent to inform the commissioner if
124.8 it becomes aware of a default or potential default in the payment of principal or interest
124.9 on that issue or if, on the day two business days before the date a payment is due on that
124.10 issue, there are insufficient funds to make the payment on deposit with the paying agent.

124.11 (c) Funds invested in a refunding escrow account established under section 475.67
124.12 that are to become available to the paying agent on a principal or interest payment date are
124.13 deemed to be on deposit with the paying agent three business days before the payment date.

124.14 (d) The provisions of an agreement under this subdivision are binding as to an issue
124.15 as long as any debt obligation of the issue remains outstanding.

124.16 (e) This section and the obligations of the state under this section are not a public debt
124.17 of the state under article XI, section 4, of the Minnesota Constitution, and the legislature
124.18 may, at any time, choose not to appropriate amounts under subdivision 4, paragraph (b).

124.19 Subd. 4. **Notifications; payment; appropriation.** (a) After receipt of a notice of a
124.20 default or potential default in payment of principal or interest in debt obligations covered
124.21 by this section or an agreement under this section, and after consultation with the ~~county~~,
124.22 governmental unit and the paying agent, and after verification of the accuracy of the
124.23 information provided, the authority shall notify the commissioner of the potential default.
124.24 The notice must include a final figure as to the amount due that the ~~county~~ governmental
124.25 unit will be unable to repay on the date due.

124.26 (b) Upon receipt of this notice from the authority, the commissioner shall issue a
124.27 warrant and authorize the authority to pay to the bond holders or paying agent for the
124.28 debt obligation the specified amount on or before the date due. The amounts needed
124.29 for the purposes of this subdivision are annually appropriated to the authority from the
124.30 general fund.

124.31 Subd. 5. **Interest on state paid amount.** If the state has paid part or all of the
124.32 principal or interest due on a ~~county's~~ debt obligation, the amount paid bears interest
124.33 from the date paid by the state until the date of repayment. The interest rate is the
124.34 commissioner's invested cash rate as it is certified by the commissioner. Interest only
124.35 accrues on the amounts paid and outstanding less the reduction in aid under subdivision 7
124.36 and other payments received from the ~~county~~ governmental unit.

Subd. 6. **Pledge of ~~county's~~ governmental unit's full faith and credit.** If the state has paid part or all of the principal or interest due on a ~~county's~~ debt obligation, the ~~county's~~ governmental unit's pledge of its full faith and credit and unlimited taxing powers to repay the principal and interest due on those debt obligations becomes, without an election or the requirement of a further authorization, a pledge of the full faith and credit and unlimited taxing powers of the ~~county~~ governmental unit to repay to the state the amount paid, with interest. Amounts paid by the state must be repaid in the order in which the state payments were made.

Subd. 7. **Aid reduction for repayment.** (a) Except as provided in paragraph (b), the commissioner may reduce, by the amount paid by the state under this section on behalf of the ~~county~~ governmental unit, plus the interest due on the state payments, the ~~county program~~ local government aid under ~~section 477A.0124~~ chapter 477A. The amount of any aid reduction reverts from the appropriate account to the state general fund.

(b) If, after review of the financial situation of the ~~county~~ governmental unit, the authority advises the commissioner that a total reduction of the aids would cause an undue hardship on the ~~county~~ governmental unit, the authority, with the approval of the commissioner, may establish a different schedule for reduction of aids to repay the state. The amount of aids to be reduced are decreased by any amounts repaid to the state by the ~~county~~ governmental unit from other revenue sources.

Subd. 8. **Tax levy for repayment.** (a) With the approval of the authority, a ~~county~~ governmental unit may levy in the year the state makes a payment under this section an amount up to the amount necessary to provide funds for the repayment of the amount paid by the state plus interest through the date of estimated repayment by the ~~county~~ governmental unit. The proceeds of this levy may be used only for this purpose unless they exceed the amount actually due. Any excess must be used to repay other state payments made under this section or must be deposited in the debt redemption fund of the ~~county~~ governmental unit. The amount of aids to be reduced to repay the state are decreased by the amount levied.

(b) If the state is not repaid in full for a payment made under this section by November 30 of the calendar year following the year in which the state makes the payment, the authority shall require the ~~county~~ governmental unit to certify a property tax levy in an amount up to the amount necessary to provide funds for repayment of the amount paid by the state plus interest through the date of estimated repayment by the ~~county~~ governmental unit. To prevent undue hardship, the authority may allow the ~~county~~ governmental unit to certify the levy over a five-year period. The proceeds of the levy may be used only for this purpose unless they are in excess of the amount actually due, in

which case the excess must be used to repay other state payments made under this section or must be deposited in the debt redemption fund of the county governmental unit. If the authority orders the county governmental unit to levy, the amount of aids reduced to repay the state are decreased by the amount levied.

(c) A levy under this subdivision is an increase in the levy limits of the county governmental unit for purposes of section 275.065, subdivision 6, and must be explained as a specific increase at the meeting required under that provision.

Subd. 9. **Mandatory plan; technical assistance.** If the state makes payments on behalf of a county governmental unit under this section or the county governmental unit defaults in the payment of principal or interest on an outstanding debt obligation, it must submit a plan to the authority for approval specifying the measures it intends to implement to resolve the issues which led to its inability to make the payment and to prevent further defaults. If the authority determines that a county's governmental unit's plan is not adequate, the authority shall notify the county governmental unit that the plan has been disapproved, the reasons for the disapproval, and that the state will not make future payments under this section for debt obligations of the affected county governmental unit issued after the date specified in that notice until its plan is approved. The authority may also notify the county governmental unit that until its plan is approved, aids due the county governmental unit will be withheld after a date specified in the notice.

Subd. 10. **Continuing disclosure agreements.** The authority may enter into written agreements or contracts relating to the continuing disclosure of information needed to facilitate the ability of counties governmental units to issue debt obligations according to federal securities laws, rules, and regulations, including securities and exchange commission rules and regulations, section 240.15c2-12. The agreements or contracts may be in any form the authority deems reasonable and in the state's best interests.

Sec. 50. **[446A.087] CREDIT ENHANCED BOND PROGRAM.**

Subdivision 1. Establishment of program. A credit enhanced bond program is established for the purposes set forth in subdivision 2.

Subd. 2. Purpose. The purpose of the credit enhanced bond program is to provide loans to governmental units through the purchase of general obligation bonds of governmental units issued to finance all or a portion of the costs of a project. The program shall include providing credit enhancement to the general obligation bonds of the governmental unit through the guarantee program as provided in section 446A.086. The authority shall obtain funds to make the loans authorized pursuant to this section through

127.1 the issuance of its revenue bonds payable from loan repayments pledged to the bonds, and
127.2 such other sources and security as are specifically pledged by the authority.

127.34 and a borrower in connection with the purchase of the borrower's general obligation bonds
127.35 by the authority pursuant to this section.

128.1 Subd. 4. **Establishment of fund and accounts.** A credit enhancement bond
128.2 program fund is established for the purposes described in subdivision 2. Other accounts
128.3 may be established in the fund as necessary for its management and administration.
128.4 Money in the fund is annually appropriated to the authority and does not lapse. The fund
128.5 must be credited with investment income, and with repayments of principal and interest,
128.6 except for fees assessed under section 446A.04, subdivisions 5 and 15.

128.7 Subd. 5. **Management of fund and accounts.** The authority shall manage and
128.8 administer the credit enhancement bond program fund and individual accounts in the fund.
128.9 For those purposes, the authority may exercise all powers provided in this chapter.

128.11 bond program must submit an application to the authority on forms prescribed by the
128.12 authority. The applicant shall provide information customary to that needed for the

128.20 bonds;

128.21 (4) information showing the applicant's financial status and ability of the applicant
128.22 to repay loans;

128.23 (5) the proposed term and principal repayment schedule for the general obligation
128.24 bonds of the applicant; and

128.25 (6) the statutory authorization for the applicant to issue such general obligation
128.26 bonds, together with a statement that the statutory provision authorizes the use of proceeds
128.27 of such general obligation bonds to pay the costs of a project.

128.28 (b) The authority may establish deadlines or time periods for the submission of
128.29 applications to facilitate funding loans from the proceeds of a specific bond issue proposed
128.30 or previously issued by the authority, or the authority may accept applications from time
128.31 to time.

128.32 (c) Each application must be complete and accurate to be considered delivered to
128.33 and received by the authority or to be considered as having met any deadline established
128.34 by the authority with respect to an application period. If any application is determined by
128.35 the authority to be incomplete or inaccurate, the authority shall notify the applicant and
128.36 specify the missing or inaccurate information.

129.1 (d) The executive director and the staff of the authority shall evaluate the applications
129.2 to determine if the application should be accepted or rejected by the authority.

129.3 (e) The authority is not obligated to accept any application including those complete
129.4 and accurate and submitted by any specified deadline for submission if the authority
129.5 determines that it is not practicable to fund the loan for any reason including, but not
129.6 limited to, the creditworthiness of the applicant, the proposed loan amount, the term
129.7 and repayment schedule, the sources of funding available to the authority, and current
129.8 market conditions. Upon acceptance and approval of an application by the authority, the
129.9 authority may require that the applicant authorize, execute, and deliver a commitment to
129.10 the authority within such time period specified by the authority in its acceptance of the
129.11 application. The authority may reject an approved application for failure by the applicant
129.12 to authorize, execute, and deliver a commitment by the specified deadline.

129.13 Subd. 7. **Loan terms and conditions.** (a) The terms and conditions of loans
129.14 provided by the authority pursuant to the credit enhanced bond program are as provided
129.15 by this section, any applicable bond resolution or series bond resolution of the authority,
129.16 any trust indenture pursuant to which any series of bonds of the authority are issued,
129.17 the regulatory agreement, the commitment and the general obligation bond, and the
129.18 authorizing resolution of the borrower.

129.19 (b) The loan must be made by the authority through its purchase of the general
129.20 obligation bond of the borrower. The borrower shall provide the authority with the
129.21 opinion of nationally recognized bond counsel as to the valid authorization, issuance, and
129.22 enforceability of the general obligation bond of the borrower, and the exclusion of interest
129.23 thereon from gross income for the purposes of federal taxation, subject to customary
129.24 qualifications. The general obligation bond of the borrower may pledge other specified
129.25 sources of revenues for repayment to the extent permitted or required by law, in addition
129.26 to the full faith and credit and unlimited taxing powers of the borrower.

129.27 (c) The authority may disburse the proceeds of the loan as a single payment for the
129.28 general obligation bond or from time to time pursuant to draw requests if the general
129.29 obligation bond of the borrower is structured as a periodic drawdown bond. In the event
129.30 the authority pays for the general obligation bond in a single payment, the borrower
129.31 shall establish a project account and disburse the proceeds of its general obligation bond
129.32 solely for costs of the project approved in its application pursuant to such additional
129.33 requirements specified in the regulatory agreement.

129.34 (d) In order to facilitate the issuance of the authority's revenue bonds to finance
129.35 a pool of loans to different borrowers, the authority may require the borrower in the
129.36 commitment to issue its general obligation bond on a date certain in the future, and

may require the borrower to pay the costs incurred by the authority as a result of the borrower's failure to deliver its general obligation bond as required by the commitment. The commitment may also require the borrower to provide to the authority full disclosure of all material facts and financial information relating to the borrower that would be required if the borrower issued its general obligation bond to the public, certified as to completeness and accuracy by authorized officers of the borrower, and authorization for the authority to use such information in connection with the sale of the authority's revenue bonds or disclosure relating to the authority's revenue bonds.

(e) In addition to delivering its general obligation bond, each borrower shall enter into a regulatory agreement with the authority providing additional terms of the loan as the authority may specify, including providing to the authority periodic reports and information relating to the acquisition or construction of the project and use of the proceeds of the borrower's general obligation bond and periodic operating, financial, and other information as to the creditworthiness of the borrower, and providing and filing continuing secondary market disclosure to the extent required by the authority.

(f) The purchase or commitment to purchase general obligation bonds of borrowers by the authority shall be subject to the availability of proceeds of revenue bonds of the authority for such purpose and the authority is not liable to any borrower for the failure to purchase its general obligation bond pursuant to a commitment or any other agreement if proceeds of the authority's revenue bonds are not available for any reason.

Subd. 8. Interest rate determination. The rate of interest on the general obligation bonds of the borrower must be the true interest cost on the revenue bonds of the authority issued to purchase such general obligation bonds of the borrower plus the ongoing percentage fee charged by the authority under subdivision 10; provided that the interest rate must not exceed any limit imposed by federal tax law with respect to the authority's revenue bonds.

Subd. 9. Market considerations. The authority may suspend offering loans if it is determined by the executive director that there are extreme or unusual events impacting the bond market and that to continue making loans would be detrimental to holders of the authority's revenue bonds or the financial viability of the credit enhanced bond program, or if the state is warned by one of its rating agencies that continuing to make loans will result in lowering the state's bond rating. If the making of loans is suspended under this section, the authority shall have the option to resume making loans once it has determined that the conditions for suspending the program no longer exist.

Subd. 10. Fees. The authority shall charge a nonrefundable application fee of \$1,000 payable by each applicant upon submission of an application to the authority. A

131.1 separate application fee must be payable for each application submitted, including a
131.2 resubmitted application for an application that was rejected by the authority or determined
131.3 to be incomplete or inaccurate by the authority. The authority shall charge an ongoing
131.4 periodic fee of ten basis points of the outstanding principal amount of the loan to be added
131.5 to, and be a component of, the interest rate on the general obligation bonds of the borrower.

131.6 Subd. 11. **Authority revenue bonds.** (a) The authority is authorized to issue
131.7 revenue bonds as provided in this chapter to fund the credit enhanced bond program.
131.8 The revenue bonds may be issued in one or more series pursuant to a resolution of the
131.9 authority or a series resolution or pursuant to a trust indenture with a financial institution
131.10 with trust powers as trustee, authorized by resolution of the authority. Any issue of bonds
131.11 may be used to fund one or more loans, may be payable by the loans funded from such
131.12 issue of bonds and such additional loans as pledged by the authority, and may be payable
131.13 on a subordinated basis to other bonds. As permitted by the terms of any revenue bonds
131.14 issued by the authority, the authority may sell the general obligations pledged to the
131.15 payment of the revenue bonds and any proceeds of the sale in excess of those used to pay
131.16 the principal of the revenue bonds must be deposited to the credit enhanced bond program
131.17 fund and may be used to purchase additional general obligation bonds of borrowers, to
131.18 provide credit enhancement for the authority's revenue bonds, or to pay any other expense
131.19 of the credit enhanced bond program.

131.20 (b) The authority may issue short-term bonds in anticipation of issuing long-term
131.21 bonds for the purpose of acquiring general obligation bonds of borrowers.

131.22 (c) Bonds issued by the authority for the credit enhanced bond program must not
131.23 be general obligations of the authority to the payment of which the general assets of the
131.24 authority are pledged or available for payment. All bonds issued for the credit enhanced
131.25 bond programs by the authority must be revenue bonds payable solely from the sources
131.26 specified in the bond.

131.27 Subd. 12. **Reports, disclosure, audits.** (a) During the term of the loan the borrower
131.28 shall provide written reports to the authority. The content and timing of these reports must
131.29 be as specified in the regulatory agreement.

131.30 (b) During the term of the loan the borrower shall disclose to the authority any
131.31 material information or events adversely affecting the creditworthiness of the borrower
131.32 as specified in the regulatory agreement. If required by the authority in a regulatory
131.33 agreement, the borrower shall enter into a continuing disclosure undertaking to provide
131.34 disclosure to the market.

132.1 (c) During the term of the loan, the borrower shall provide to the authority on an
132.2 annual basis financial statements of the borrower audited by an independent accounting
132.3 firm, as further specified in the regulatory agreement.

132.4 Sec. 51. Minnesota Statutes 2006, section 446A.12, subdivision 1, is amended to read:

132.5 Subdivision 1. **Bonding authority.** The authority may issue negotiable bonds in a
132.6 principal amount that the authority determines necessary to provide sufficient funds for
132.7 achieving its purposes, including the making of loans and purchase of securities, the
132.8 payment of interest on bonds of the authority, the establishment of reserves to secure
132.9 its bonds, the payment of fees to a third party providing credit enhancement, and the
132.10 payment of all other expenditures of the authority incident to and necessary or convenient
132.11 to carry out its corporate purposes and powers, but not including the making of grants.
132.12 Bonds of the authority may be issued as bonds or notes or in any other form authorized
132.13 by law. The principal amount of bonds issued and outstanding under this section at any
132.14 time may not exceed \$1,500,000,000, excluding bonds for which refunding bonds or
132.15 crossover refunding bonds have been issued, and excluding any bonds issued for the
132.16 credit enhanced bond program or refunding or crossover refunding bonds issued under the
132.17 program. The principal amount of bonds issued and outstanding under section 446A.087,
132.18 may not exceed \$500,000,000, excluding bonds for which refunding bonds or crossover
132.19 refunding bonds have been issued.

132.22 The commissioner of trade and economic development must make loans to
132.23 businesses in the Upper Red Lake area that have been severely affected by the significant
132.24 decline of the walleye fishing resource in Upper Red Lake. The loans may only be
132.25 made to businesses that operated in 1998. A business must submit an application to the
132.26 commissioner on forms provided by the commissioner. The application must include a
132.27 business plan for continued operation, with the assistance of the loan, until the walleye

132.29 business based on the commissioner's evaluation of the probable success of its business
132.30 plan. A loan shall be for a maximum amount of \$75,000 and a duration of ten years from
132.31 the date of the loan and shall be interest free. Repayment of a loan in monthly payments

132.33 fishing on Upper Red Lake is ~~allowed by the department of natural resources~~ recovered to
132.34 a bag limit of six fish. Any principal balance remaining at the end of the ten-year period

133.1 shall be forgiven if the business continues in operation for the ten-year period. Loan

148.2 the governor.)

148.3 (s) \$160,000 the first year is for a onetime
148.4 grant to Workforce Development, Inc., for

149.15 the state of Minnesota. The study should
149.16 focus on how to significantly expand the job
149.17 training available to minorities and promote
149.18 substantial increases in the wages paid to
149.19 minorities, at least to a rate well above living
149.20 wage, and within several years, to equality.
149.21 The commissioner must report on the study
149.22 to the governor and the chair of the finance
149.23 committee in each house of the legislature

149.32 **Sec. 55. BIOMASS HEATING GRANTS AND LOANS PILOT PROJECT.**

149.33 Within the limits of appropriations, the commissioner of the Department of
149.34 Employment and Economic Development shall make grants and loans for costs related
149.35 to the installation of an approved biomass heating project in a publicly owned facility,

150.1 including K-12 public schools, higher education buildings, and buildings owned by a
150.2 local unit of government. The commissioner must approve biomass heating projects that
150.3 produce energy for heating air or water using organic matter available on a renewable
150.4 basis, including but not limited to agricultural crops, grasses and trees, or wood production
150.5 or other waste. Applications for a grant or loan under this section must be made to the
150.6 commissioner on the forms and according to the timeline prescribed by the commissioner.
150.7 At a minimum, the commissioner must require sufficient information on the applications
150.8 to determine that the physical condition of the publicly owned facility is sufficient to
150.9 support the efficient operation of the biomass heating project and that the projected
150.10 cumulative energy cost savings are adequate relative to the costs of the investment.
150.11 The grant and loan may each provide up to 50 percent of the total installed costs of the
150.12 biomass heating projects.

150.13 Sec. 56. **HARDSHIP PAYMENTS.**

150.14 Subdivision 1. **Payments; availability.** Hardship payments are available to
150.15 an applicant if the applicant suffered economic hardship due to delays in receiving
150.16 unemployment benefits resulting from the new unemployment insurance application
150.17 and filing system implemented by the Department of Employment and Economic
150.18 Development on October 15, 2007.

150.19 Subd. 2. **Economic hardship.** "Economic hardship" means financial losses to
150.20 an applicant resulting from: checks returned for insufficient funds; account overdraft
150.21 charges; installment credit penalties, interest, and other fees resulting from missed or
150.22 late payments; mortgage loan late fees, interest charges, or other penalties; charges for
150.23 force-placed automobile or homeowner's insurance; penalties for late payment of income
150.24 or property taxes; and any penalties or adverse consequences, including the suspension of
150.25 an applicant's driver's license due to nonpayment of child support.

150.26 Subd. 3. **Payment from administration account.** Hardship payments are payable
150.27 from the unemployment insurance administration account under Minnesota Statutes,
150.28 section 268.196.

150.29 Subd. 4. **Eligibility conditions.** An applicant is eligible to receive hardship
150.30 payments under this section if the applicant's unemployment benefit payments due and
150.31 payable after October 15, 2007, were delayed at least four weeks.

150.32 Subd. 5. **Amount of hardship payments.** The amount of hardship payments
150.33 available to an applicant is equal to the amount of economic hardship experienced by an
150.34 applicant due to the delay in receiving unemployment benefits. An applicant must provide
150.35 documentation of the amount of financial hardship claimed using financial institution

151.1 records, consumer or business credit records, child support records, or other commonly
151.2 recognized methods of documenting financial transactions.

151.3 Subd. 6. **Notice.** The commissioner must notify applicants of the availability of
151.4 hardship payments by posting a notice on the department's official Web site, by notifying
151.5 applicants by individual mailing where department records show the applicant may be
151.6 eligible under subdivision 4, and by any other appropriate announcement.

151.7 **EFFECTIVE DATE.** This section is effective the day following final enactment.

151.8 Sec. 57. **LUMBER COMPANY EXTRA BENEFITS.**

151.9 Subdivision 1. **Extra benefits; availability.** Extra unemployment benefits are
151.10 available to an applicant if the applicant was laid off due to lack of work from the
151.11 Ainsworth Lumber Company plants in Cook.

151.12 Subd. 2. **Payment from fund; effect on employer.** Extra unemployment benefits
151.13 are payable from the unemployment insurance trust fund. Extra unemployment benefits
151.14 paid under this section will not be used in computing the experience rating of Ainsworth
151.15 Lumber Company under Minnesota Statutes, section 268.047.

151.16 Subd. 3. **Eligibility conditions.** An applicant is eligible to receive extra
151.17 unemployment benefits under this section for any week through December 31, 2008,
151.18 following the effective date of the applicant's benefit account of regular unemployment
151.19 benefits, as a result of a layoff described under subdivision 1, if:

151.20 (1) a majority of the applicant's wage credits were with Ainsworth Lumber Company
151.21 or Ainsworth Engineered;

151.22 (2) the applicant meets the eligibility requirements of Minnesota Statutes, section
151.23 268.085;

151.24 (3) the applicant is not subject to a disqualification under Minnesota Statutes, section
151.25 268.095;

151.26 (4) the applicant is not entitled to regular unemployment benefits and the applicant
151.27 is not entitled to receive unemployment benefits under any other state or federal law
151.28 for that week; and

151.29 (5) the applicant is enrolled in, or has within the last two weeks successfully
151.30 completed, a program that qualifies as reemployment assistance training under Minnesota
151.31 Statutes, section 268.035, subdivision 21a, except that an applicant whose training is
151.32 scheduled to begin in more than 30 days may be considered to be in training if: (i) the
151.33 applicant's chosen training program does not offer an available start date within 30 days;
151.34 (ii) the applicant is scheduled to begin training on the earliest available start date for

152.1 the chosen training program; and (iii) the applicant is scheduled to begin training in no
152.2 more than 60 days.

152.3 Subd. 4. **Weekly amount of extra benefits.** The weekly extra unemployment
152.4 benefits amount available to an applicant is the same as the applicant's weekly regular
152.5 unemployment benefit amount on the benefit account established as a result of a layoff
152.6 under subdivision 1.

152.7 Subd. 5. **Maximum amount of extra unemployment benefits.** (a) The maximum
152.8 amount of extra unemployment benefits available is equal to 13 weeks at the applicant's
152.9 weekly extra unemployment benefits amount.

152.10 (b) If an applicant qualifies for a new regular benefit account under Minnesota
152.11 Statutes, section 268.07, at any time after exhausting regular unemployment benefits
152.12 as a result of the layoff under subdivision 1, the applicant must apply for and exhaust
152.13 entitlement to those new regular unemployment benefits. The maximum amount of extra
152.14 unemployment benefits available is reduced by any new regular unemployment benefits
152.15 available if the majority of wage credits on that new regular benefit account were with
152.16 Ainsworth Lumber Company or Ainsworth Engineered.

152.17 Subd. 6. **Program expiration.** This extra unemployment benefit program expires
152.18 on December 31, 2008. No extra unemployment benefits may be paid for any week after
152.19 the expiration of this program.

152.20 Subd. 7. **Findings.** The legislature finds that providing extra unemployment
152.21 benefits to assist laid-off workers of Ainsworth Lumber Company, while in training, is
152.22 appropriate because:

152.23 (1) the unemployment rate in the applicant's county of employment is higher than
152.24 the statewide average rate of unemployment;

152.25 (2) the average weekly wages paid in the applicant's county of employment is below
152.26 the statewide average weekly wage;

152.27 (3) the applicant's weekly wage is higher than the statewide average weekly wage;
152.28 and

152.29 (4) the dislocated worker program has determined that the applicant does not
152.30 currently possess skills making reemployment in a comparable position likely.

152.31 **EFFECTIVE DATE.** This section is effective the day following final enactment
152.32 and applies retroactively from January 1, 2008.

152.33 Sec. 58. **UNEMPLOYMENT BENEFITS; CONTINUED REQUEST TIME**
152.34 **PERIOD WAIVER.**

153.1 Notwithstanding any other law to the contrary, the commissioner must accept initial
153.2 and continued requests for unemployment benefits and pay unemployment benefits to
153.3 an applicant who currently resides in Hubbard County and applied for unemployment
153.4 benefits on September 15, 2006, and had an account dated September 10, 2006:

153.5 (1) was employed as a technician or inspector for Northwest Airlines, Inc., prior
153.6 to August 20, 2005;

153.7 (2) stopped working on or about August 20, 2005, because of a labor dispute between
153.8 the Aircraft Mechanics Fraternal Association (AMFA) and Northwest Airlines, Inc.;

153.9 (3) did not file an initial or continued requests for unemployment benefits within the
153.10 time periods required under Minnesota Statutes, chapter 268; and

153.11 (4) meets all the other requirements for the payment of unemployment benefits
153.12 under Minnesota Statutes, section 268.069, subdivision 2.

153.13 Any unemployment benefits paid under the account established September 10, 2006,
153.14 shall be deducted from the total benefits authorized under this section.

153.15 **EFFECTIVE DATE.** This section is effective the day following final enactment
153.16 and applies retroactively from August 21, 2005.

153.17 Sec. 59. **OFFICE OF SCIENCE AND TECHNOLOGY.**

153.18 Subdivision 1. **Establishment.** An Office of Science and Technology is established
153.19 in the Department of Employment and Economic Development to do the following:

153.20 (1) coordinate public and private efforts to procure federal funding for collaborative
153.21 research and development projects of primary benefit to small and medium-sized
153.22 businesses;

153.23 (2) promote contractual relationships between Minnesota businesses that are
153.24 recipients of federal grants and prime contractors, and Minnesota-based subcontractors;

153.25 (3) work with Minnesota nonprofit institutions including the University of
153.26 Minnesota, Minnesota State Colleges and Universities, and the Mayo Clinic in promoting
153.27 collaborative efforts to respond to federal funding opportunities;

153.28 (4) develop a framework for Minnesota companies to establish sole-source
153.29 relationships with federal agencies; and

153.30 (5) coordinate workshops, assistance with business proposals, licensing, intellectual
153.31 property protection, commercialization, and government auditing with the University of
153.32 Minnesota and Minnesota State Colleges and Universities.

153.33 For the purposes of this section, "office" means the Office of Science and Technology
153.34 established in this subdivision.

154.1 Subd. 2. **Technology partnering with a prime contractor.** The office must
154.2 develop a program to assist small businesses competing for a small business innovation
154.3 research award by matching the applicant with a larger company. Prime contractors are
154.4 matched to small businesses through a prescreening process that may result in a letter of
154.5 support for the applicant designed to increase the chance of receiving a Small Business
154.6 Innovation Research (SBIR) award.

154.7 Subd. 3. **Collaborate to commercialize.** The office must develop a program to use
154.8 the federal high-risk research and development investment program to encourage the
154.9 development of new technologies, products, and business development and to reduce
154.10 development risks by encouraging alliances between medium-sized companies and
154.11 innovative small businesses.

154.12 Subd. 4. **Technology matchmaking.** The office must assist businesses in
154.13 identifying qualified suppliers and vendors through a program to serve as a conduit for
154.14 Minnesota-based companies to network with firms able to support their success. Firms
154.15 outside Minnesota can participate in the technology matchmaking network if one of the
154.16 participating companies is located in Minnesota.

154.17 Subd. 5. **Commercialization assistance.** The office must provide
154.18 commercialization assistance to Minnesota firms that have received a Phase I Small
154.19 Business Innovation Research (SBIR) or a Phase I Small Business Technology Transfer
154.20 (STTR) award and are submitting a Phase II proposal. Local service providers must assist
154.21 the applicant with developing and reviewing the required commercialization plan prior to
154.22 Phase II submission. The office may provide SBIR Phase I proposal technical review.

154.23 Subd. 6. **Report.** The commissioner of employment and economic development
154.24 must report to the committees in the house of representatives and senate having
154.25 jurisdiction over bioscience and technology issues on the activities of the Office of Science
154.26 and Technology by June 30 of each year.

154.27 Sec. 60. **BIOSCIENCE SUBSIDY.**

154.28 Any bioscience or biotechnology project financed in whole or in part by state
154.29 appropriations or other public subsidies must document how and to what extent the
154.30 project will provide a benefit to consumers in the form of more affordable pricing of the
154.31 products or services being publicly subsidized. The documentation must be reported to
154.32 the committees of the legislature with responsibility for economic development and to
154.33 committees with responsibility for finance.

154.34 Sec. 61. **2009 DISTRIBUTIONS ONLY; TACONITE PRODUCTION TAX.**

(a) For 2007 production, distribution in 2008 only, two cents per taxable ton of the taconite production tax under Minnesota Statutes, chapter 298, must be paid to the Hibbing Economic Development Authority to retire bonds and for economic development purposes.

(b) For 2007 production, distribution in 2008 only, 0.25 cents per taxable ton of the taconite production tax under Minnesota Statutes, chapter 298, must be paid to the St. Louis County school board to study the potential for and impact of consolidation and streamlining the operations of the St. Louis County school district No. 2142.

(c) For 2007 production, distribution in 2008 only, 0.25 cents per taxable ton of the taconite production tax under Minnesota Statutes, chapter 298, must be paid to Grand Rapids, for industrial park work.

(d) For 2007 production, distribution in 2008 only, 0.65 cents per taxable ton of the taconite production tax under Minnesota Statutes, chapter 298, must be paid to the city of Aitkin, for sewer and water for housing projects.

(b) Minnesota Statutes 2006, section 298.28, subdivision 9a, is repealed for 2008 production, distributions in 2009 and thereafter.

EFFECTIVE DATE. This section is effective the day following final enactment.

Supplemental appropriations and

156.1 reductions to appropriations for the fiscal year ending June 30, 2008, are effective the
156.2 day following final enactment.

156.16	<u>Environmental Fund</u>	<u>-0-</u>	<u>134,000</u>	

156.17 \$623,000 is a reduction in fiscal year 2009.
156.18 The commissioner shall make the reduction
156.19 to administrative activities in such a way to
156.20 minimize the effect to program operations.
156.21 \$134,000 in fiscal year 2009 is appropriated
156.22 from the environmental fund for the
156.23 development and adoption of rules to
156.24 regulate emission standards of motor
156.25 vehicles sold in this state as authorized under
156.26 the federal Clean Air Act, United States
156.27 Code, title 42, section 7507. The base for
156.28 fiscal year 2010 is \$114,000.
156.29 \$20,000 in fiscal year 2009 is appropriated
156.30 from the general fund for the following
156.31 purposes:
156.32 (1) the development of recommendations
156.33 for establishing a comprehensive product
156.34 stewardship approach to reducing
156.35 environmental and health risks posed by
156.36 the use or disposal of products. These

157.1 recommendations shall be submitted to
157.2 the chairs and ranking minority members
157.3 of the senate and house committees with
157.4 jurisdiction over environmental policy
157.5 and environmental finance by January
157.6 15, 2009. The recommendations shall
157.7 include, at a minimum: a set of criteria to
157.8 be used to evaluate products proposed for
157.9 product stewardship solutions; a process for
157.10 designating products for product stewardship
157.11 solutions and the role the legislature would
157.12 play in that process; typical components
157.13 of product stewardship plans; options to
157.14 facilitate the creation of industry-managed
157.15 stewardship management organizations;
157.16 methods to identify and monitor progress
157.17 toward stewardship performance goals for
157.18 specific products; and strategies to implement
157.19 the use of standards, certifications, and
157.20 eco-labels to promote environmentally
157.21 preferable products. To the extent possible,
157.22 the recommendations must be consistent
157.23 with existing product stewardship programs
157.24 in North America. In developing the
157.25 recommendations, the commissioner must
157.26 consult with manufacturers, retailers,
157.27 recyclers, environmental advocacy
157.28 organizations, local units of government, and
157.29 other interested parties;
157.30 (2) a report to be submitted by December
157.31 1, 2008, to the chairs and ranking minority
157.32 members of the senate and house committees
157.33 with primary jurisdiction over solid waste
157.34 policy, analyzing the availability of collection
157.35 and processing capacity in the seven-county
157.36 metropolitan area for the recycling of

158.1 construction and demolition waste. The
158.2 report must recommend a percentage of the
158.3 total weight of construction and demolition
158.4 waste generated in the seven-county
158.5 metropolitan area that represents an
158.6 achievable but aggressive recycling goal that
158.7 can be reached in 2012 and must include an
158.8 analysis of the economic and environmental
158.9 costs and benefits of reaching that goal; and
158.10 (3) a report to be submitted by January 1,
158.11 2009, to the chairs and ranking minority
158.12 members of the senate and house committees
158.13 with primary jurisdiction over solid waste
158.14 policy, that recommends options for
158.15 achieving the following goals by 2020: an
158.16 increase in county recycling rates to 60
158.17 percent of the weight of total solid waste
158.18 generation; and the diversion, prior to
158.19 delivery to landfills and waste-to-energy
158.20 plants, and recycling and reuse of an amount

180.24 ~~a radius of five feet from the base of the campfire. The person lighting the campfire shall;~~

180.25 (3) remain with the campfire at all times; and shall

180.26 (4) before leaving the site, completely extinguish the campfire.

180.27 For the purposes of this section, "maintains" means tending or adding substantial
180.28 fuel to a campfire with the intention of extending the life of the campfire.

180.29 Sec. 17. Minnesota Statutes 2006, section 89.715, is amended to read:

180.30 **89.715 ALTERNATIVE RECORDING FOR STATE FOREST ROAD.**

180.31 Subdivision 1. **Authorization.** The commissioner may adopt a ~~recorded~~ state forest
180.32 road map under this section to record the department's state forest road prescriptive

181.1 easements. For purposes of this section, "~~recorded~~ state forest road map" means the
181.2 official map of state forest roads adopted by the commissioner.

181.3 Subd. 2. **Map requirements.** The ~~recorded~~ state forest road map must:

181.4 (1) show state forest roads at the time the map is adopted;

181.5 (2) be prepared at a scale ~~of at least four inches equals one mile~~ compliant with
181.6 county recorder standards;

181.7 (3) include section numbers;

181.8 (4) include a north point arrow;

181.9 (5) include the name of the county and state;

181.10 (6) include a blank and a description under the blank for the date of public hearing
181.11 and date of adoption;

181.12 (7) include blanks for signatures and dates of signatures for the commissioner; and

181.13 (8) include a list of legal descriptions of all parcels crossed by state forest road
181.14 prescriptive easements.

181.15 Subd. 3. **Procedure to adopt map.** (a) The commissioner must prepare an official
181.16 map for each county or smaller geographic area as determined by the commissioner as
181.17 provided in subdivision 2, and set a time, place, and date for a public hearing on adopting
181.18 a ~~recorded~~ state forest road map to record roads.

181.19 (b) The hearing notice must state that the roads to be recorded will be to the width of
181.20 the actual use including ditches, backslopes, fills, and maintained rights-of-way, unless
181.21 otherwise specified in a prior easement of record. The hearing notice must be published
181.22 once a week for two successive weeks in a qualified newspaper of general circulation that
181.23 serves the county or smaller geographic areas as determined by the commissioner, the last
181.24 publication to be made at least ten days before the date of the public hearing. At least 30
181.25 days before the hearing, the hearing notice must be sent by certified mail to the property
181.26 owners directly affected in the county or smaller geographic areas as determined by the
181.27 commissioner at the addresses listed on the tax assessment notices at least seven days
181.28 before appearing in the qualified newspaper. The hearing notice may be sent with the tax
181.29 assessment, but all additional costs incurred shall be billed to the department.

181.30 (c) After the public hearing is held, the commissioner may amend and adopt the
181.31 ~~recorded~~ state forest road map. The ~~recorded~~ adopted state forest road map must be dated
181.32 and signed by the commissioner and must be ~~recorded~~ filed for recording with the county
181.33 recorder within 90 days after the map is adopted. The map is effective when filed with
181.34 the county recorder.

181.35 (d) The ~~recorded~~ state forest road map that is recorded with the county recorder must
181.36 comply with the standards of the county recorder where the state forest roads are located.

182.1 (e) A ~~recorded~~ state forest road map that was prepared by using aerial photographs
182.2 to establish road centerlines and that has been duly recorded with the county recorder is an
182.3 adequate description for purposes of recording road easements and the map is the legally
182.4 constituted description and prevails when a deed for a parcel abutting a road contains
182.5 no reference to a road easement. Nothing prevents the commissioner from accepting a
182.6 more definitive metes and bounds or survey description of a road easement for a road of
182.7 record if the description of the easement is referenced to equal distance on both sides
182.8 of the existing road centerline.

182.9 (f) The commissioner shall consult with representatives of county land
182.10 commissioners, county auditors, county recorders, and Torrens examiners in implementing
182.11 this subdivision.

182.12 Subd. 4. **Appeal.** (a) ~~Before filing an appeal under paragraph (b), a person may~~
182.13 ~~seek resolution of concerns regarding a decision to record a road under this section by~~
182.14 ~~contacting the commissioner in writing.~~

182.15 ~~(b) A person may appeal a decision to record or exclude recording a road under this~~
182.16 ~~section to the district court within 120 days after the date the commissioner adopts the~~
182.17 ~~state forest road map. Appeals may be filed only by property owners who are directly~~
182.18 affected by a proposed map designation and only for those portions of the map designation
182.19 that directly affect them.

182.20 (b) A property owner may appeal the map designation to the commissioner within 60
182.21 days of the map being recorded by filing a written request for review. The commissioner
182.22 shall review the request and any supporting evidence and render a decision within 45
182.23 days of receipt of the request for review.

182.24 (c) If a property owner wishes to appeal a decision of the commissioner after review
182.25 under paragraph (b), the property owner must file an appeal with the district court within
182.26 60 days of the commissioner's decision.

182.27 (d) If any portion of a map appealed under paragraph (b) is modified or found to be
182.28 invalid by a court of competent jurisdiction under paragraph (c), the remainder of the map
182.29 shall not be affected and its recording with the county recorder shall stand.

182.30 Subd. 5. **Unrecorded road or trail not affected.** This section does not affect or
182.31 diminish the legal status or state obligations of roads and trails not shown on the ~~recorded~~
182.32 state forest road map.

182.33 Subd. 6. **Exemption.** Adoption of a ~~recorded~~ state forest road map under this
182.34 section is exempt from the rulemaking requirements of chapter 14 and section 14.386
182.35 does not apply.

183.1 Sec. 18. Minnesota Statutes 2006, section 93.481, is amended by adding a subdivision
183.2 to read:

183.3 Subd. 7. **Mining administration account.** The mining administration account is
183.4 established as an account in the natural resources fund. Ferrous mining administrative fees
183.5 charged to owners, operators, or managers of mines shall be credited to the account and
183.6 may be appropriated to the commissioner to cover the costs of providing and monitoring
183.7 permits to mine ferrous metals under this section.

183.34 issues related to pheasants; and

184.1 (9) a subcommittee to review the report on the turkey stamp and address funding
184.2 issues related to wild turkeys.

184.3 (c) The chairs of each of the subcommittees shall form a Budgetary Oversight
184.4 Committee to coordinate the integration of the subcommittee reports into an annual
184.5 report to the legislature; recommend changes on a broad level in policies, activities, and
184.6 revenue enhancements or reductions; provide a forum to address issues that transcend the
184.7 subcommittees; and submit a report for any subcommittee that fails to submit its report

187.1 (8) coordinate the dissemination of water information and education through
187.2 existing delivery systems.

187.3 Sec. 24. Minnesota Statutes 2007 Supplement, section 103G.291, subdivision 3,
187.4 is amended to read:

187.5 Subd. 3. **Water supply plans; demand reduction.** (a) Every public water supplier
187.6 serving more than 1,000 people must submit a water supply plan to the commissioner
187.7 for approval by January 1, 1996. In accordance with guidelines developed by the
187.8 commissioner, the plan must address projected demands, adequacy of the water supply
187.9 system and planned improvements, existing and future water sources, natural resource
187.10 impacts or limitations, emergency preparedness, water conservation, supply and demand
187.11 reduction measures, and allocation priorities that are consistent with section 103G.261.
187.12 Public water suppliers must update their plan and, upon notification, submit it to the
187.13 commissioner for approval every ten years.

187.14 (b) The water supply plan in paragraph (a) is required for all communities in the
187.15 metropolitan area, as defined in section 473.121, with a municipal water supply system
187.16 and is a required element of the local comprehensive plan required under section 473.859.
187.17 Water supply plans or updates submitted after December 31, 2008, must be consistent
187.18 with the metropolitan area master water supply plan required under section 473.1565,
187.19 subdivision 1, paragraph (a), clause (2).

187.20 (c) Public water suppliers serving more than 1,000 people must employ water
187.21 use demand reduction measures, including a conservation rate structure, as defined in
187.22 subdivision 4, paragraph (a), unless exempted under subdivision 4, paragraph (c), before
187.23 requesting approval from the commissioner of health under section 144.383, paragraph
187.24 (a), to construct a public water supply well or requesting an increase in the authorized
187.25 volume of appropriation. Demand reduction measures must include evaluation of
187.26 conservation rate structures and a public education program that may include a toilet
187.27 and showerhead retrofit program.

187.28 (d) Public water suppliers serving more than 1,000 people must submit records
187.29 that indicate the number of connections and amount of use by customer category and
187.30 volume of water unaccounted for with the annual report of water use required under
187.31 section 103G.281, subdivision 3.

187.32 (e) For the purposes of this ~~subdivision~~ section, "public water supplier" means
187.33 an entity that owns, manages, or operates a public water supply, as defined in section
187.34 144.382, subdivision 4.

Sec. 25. Minnesota Statutes 2006, section 103G.291, is amended by adding a subdivision to read:

Subd. 4. Conservation rate structure required. (a) For the purposes of this section, "conservation rate structure" means a rate structure that encourages conservation and may include increasing block rates, seasonal rates, time of use rates, individualized goal rates, or excess use rates. The rate structure must consider each residential unit as an individual user in multiple-family dwellings.

(b) To encourage conservation, a public water supplier serving more than 1,000 people in the metropolitan area, as defined in section 473.121, subdivision 2, shall use a conservation rate structure by January 1, 2010. All remaining public water suppliers serving more than 1,000 people shall use a conservation rate structure by January 1, 2013.

(c) A public water supplier without the proper measuring equipment to track the amount of water used by its users, as of the effective date of this act, is exempt from this subdivision and the conservation rate structure requirement under subdivision 3, paragraph (c).

Sec. 26. Minnesota Statutes 2006, section 103G.615, subdivision 2, is amended to read:

Subd. 2. Fees. (a) The commissioner shall establish a fee schedule for permits to control or harvest aquatic plants other than wild rice. The fees must be set by rule, and section 16A.1283 does not apply. ~~The fees may not exceed \$750 per permit shall be based~~ upon the cost of receiving, processing, analyzing, and issuing the permit, and additional costs incurred after the application to inspect and monitor the activities authorized by the permit, and enforce aquatic plant management rules and permit requirements.

~~(b) The A~~ fee for a permit for the control of rooted aquatic vegetation ~~is \$35~~ for each contiguous parcel of shoreline owned by an owner may be charged. This fee may not be charged for permits issued in connection with purple loosestrife control or lakewide Eurasian water milfoil control programs.

(c) A fee may not be charged to the state or a federal governmental agency applying for a permit.

(d) The money received for the permits under this subdivision shall be deposited in the treasury and credited to the water recreation account.

Sec. 27. **[115A.9175] LANDFILL; SITING.**

(a) To reduce potential future remediation costs and to protect groundwater, an applicant for a permit for a disposal facility that was not in operation prior to March 1, 2008, and that accepts mixed municipal solid waste, ash, industrial waste, or construction

189.1 and demolition waste for disposal must submit as part of the application, except as
189.2 provided in paragraph (e), the results of an independent laboratory analysis for cations
189.3 and anions and for enriched tritium in water samples taken from an upgradient and
189.4 downgradient well finished in the uppermost unconsolidated aquifer encountered and an
189.5 upgradient and downgradient well finished in the uppermost bedrock aquifer at the site. If
189.6 150 feet of continuous nonaquifer material is encountered above the bedrock, testing of
189.7 bedrock wells is not required. If no unconsolidated or bedrock aquifers are found within
189.8 the first 150 feet at the site, no cation, anion, or tritium testing is required.

189.9 (b) The commissioner may not issue a disposal facility permit to an applicant whose
189.10 test results for tritium required in paragraph (a) report concentrations of five tritium units
189.11 or greater in any well tested, except as provided in paragraph (c).

189.12 (c) If test results report concentrations of five tritium units or greater for any well, an
189.13 applicant may present to the commissioner reasons and supporting documentation why
189.14 the tritium test results may not indicate that the site is highly sensitive to groundwater
189.15 contamination at the site. If the commissioner determines that the applicant's reasons
189.16 and supporting documentation are scientifically valid, the commissioner shall specify
189.17 additional testing of groundwater samples from the site that will allow a better estimate to
189.18 be made of the sensitivity of groundwater contamination at the site. If, after reviewing
189.19 the tritium test results, the additional testing data, and any other data pertaining to the
189.20 site's susceptibility to groundwater contamination, the commissioner determines that the
189.21 conclusion that the site is not highly sensitive to groundwater contamination is supported
189.22 by a preponderance of the scientifically valid evidence available, the commissioner may
189.23 issue the permit.

189.24 (d) Beginning July 1, 2010, and every two years thereafter, the commissioner must
189.25 review air sampling of the atmospheric concentration of tritium and adjust the tritium
189.26 concentration threshold in paragraph (b) to a level no greater than one-half the average
189.27 concentration of tritium in the atmosphere in this state.

189.28 (e) This section does not apply to an application for:

189.29 (1) reissuance of a permit for a land disposal facility operating as of March 1, 2008;

189.30 (2) a permit to expand a land disposal facility operating as of March 1, 2008 beyond
189.31 its permitted boundaries, including expansion on land that is not contiguous to, but is
189.32 located within 600 yards of, the land disposal facility's permitted boundaries;

189.33 (3) a permit to modify the type of waste accepted at a land disposal facility operating
189.34 as of March 1, 2008; or

189.35 (4) a permit to locate a Class I, II, or III land disposal facility that will accept
189.36 construction debris and demolition debris, as described in the Minnesota Pollution Control

Agency's "Demolition Landfill Guidance," published in August 2005, that is operating as of July 1, 2010.

(f) Minnesota Rules, part 7035.2815, applies to a permit application for an industrial solid waste land disposal facility, unless the commissioner determines that the proposed facility is unlikely to pose a risk of groundwater contamination.

(g) By September 15, 2008, the commissioner shall submit a report to the chairs and ranking minority members of the senate and house committees with primary jurisdiction over environmental policy containing recommendations, including suggested legislation or rules, for changes in the provisions governing the location of industrial solid waste land disposal facilities and Class I, II, or III land disposal facilities that accept construction debris and demolition debris, as described in the Minnesota Pollution Control Agency's "Demolition Landfill Guidance," published in August 2005, in order to prevent the contamination of ground water by those facilities.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 28. **INDUSTRIAL AND CONSTRUCTION AND DEMOLITION
LANDFILL WORKING GROUP.**

The commissioner of the Pollution Control Agency shall, by July 15, 2008, convene a working group to develop, evaluate and recommend policies and legislation regarding the management of industrial solid waste and construction and demolition debris in land disposal facilities. The commissioner shall appoint members of the working group, including representatives from counties, state agencies, private landfill owners, waste haulers, environmental organizations, and other interested parties to serve on the working group. The Pollution Control Agency shall serve as staff to the working group. The working group shall submit a report of its findings and recommendations to the chairs and ranking minority members of the senate and house committees with primary jurisdiction over environmental policy and environmental finance by January 15, 2009.

Sec. 29. Minnesota Statutes 2006, section 473.1565, subdivision 3, is amended to read:

Subd. 3. **Reports to legislature.** The council must submit reports to the legislature regarding its findings, recommendations, and continuing planning activities under subdivision 1. ~~The first report must be submitted to the legislature by the date the legislature convenes in 2007 and subsequent reports must be submitted by such date every five years thereafter.~~ These reports shall be included in the "Minnesota Water Plan" required in section 103B.151, and five-year interim reports may be provided as necessary.

191.1 Sec. 30. **FERROUS METALS MINING ADMINISTRATIVE FEE.**

191.2 (a) Until a new application fee schedule is adopted for permits to mine ferrous metals
191.3 according to the report submitted by the commissioner of natural resources under article
191.4 1, section 3, subdivision 2, the commissioner shall charge the following administrative
191.5 fees, payable to the commissioner by June 30 of each year, beginning in 2008 until a
191.6 new application fee schedule is adopted.

191.7 (b) The owner, operator, or manager of the following mines shall pay:

191.8 (1) Minntac and Keetac, \$90,000;

191.9 (2) North Shore, Hibbing Taconite, and United Taconite, \$90,000;

191.10 (3) the Minorca mine, \$10,000;

191.11 (4) Minnesota Steel, \$3,333;

191.12 (5) Mesaba Nugget, \$3,333; and

191.13 (6) Cliffs Erie, formerly LTV, \$3,333.

191.14 **EFFECTIVE DATE.** This section is effective the day following final enactment
191.15 and applies to owners, operators, and managers holding or applying for a permit to mine
191.16 under Minnesota Statutes, section 93.481, during the 2007 calendar year.

191.17 Sec. 31. **RULES.**

191.18 The commissioner of natural resources shall adopt rules to implement the changes in
191.19 law made in sections 3 to 7 and 15. The initial rules required by this section are exempt
191.20 from the rulemaking provisions of Minnesota Statutes, chapter 14. The rules are subject
191.21 to Minnesota Statutes, section 14.386, except that notwithstanding Minnesota Statutes,
191.22 section 14.386, paragraph (b), the rules continue in effect until repealed or superseded
191.23 by other law or rule.

191.24 Sec. 32. **REPEALER.**

198.26 commissioner, notwithstanding the listing of priorities and the goal of maximizing the
198.27 return of public benefits, shall make grants that distribute available money to sites both
198.28 within and outside of the metropolitan area. Unless sufficient applications are not received

199.14 (4), or (5) also exists.

225.29	to read:			

226.1 Subd. 9. **Civil commitment of sexual offenders.** Data relating to the preparation
226.2 of a petition to commit an individual as a sexual psychopathic personality or sexually
226.3 dangerous person is governed by section 253B.185, subdivision 1b.

226.4 Sec. 11. Minnesota Statutes 2006, section 253B.045, subdivision 1, is amended to read:

226.5 Subdivision 1. **Restriction.** Except when ordered by the court pursuant to a finding
226.6 of necessity to protect the life of the proposed patient or others or as provided under
226.7 subdivision 1a, no person subject to the provisions of this chapter shall be confined in a
226.8 jail or correctional institution, except pursuant to chapter 242 or 244.

226.9 **EFFECTIVE DATE.** This section is effective the day following final enactment.

226.10 Sec. 12. Minnesota Statutes 2006, section 253B.045, is amended by adding a
226.11 subdivision to read:

226.12 Subd. 1a. **Exception.** A person who is being petitioned for commitment
226.13 under section 253B.185 and who is placed under a judicial hold order under section
226.14 253B.07, subdivision 2b or 7, may be confined at a Department of Corrections or a
226.15 county correctional or detention facility, rather than a secure treatment facility, until a
226.16 determination of the commitment petition as specified in this subdivision.

226.17 (a) A court may order that a person who is being petitioned for commitment under
226.18 section 253B.185 be confined in a Department of Corrections facility pursuant to the
226.19 judicial hold order under the following circumstances and conditions:

226.20 (1) The person is currently serving a sentence in a Department of Corrections
226.21 facility and the court determines that the person has made a knowing and voluntary (i)
226.22 waiver of the right to be held in a secure treatment facility and (ii) election to be held in a
226.23 Department of Corrections facility. The order confining the person in the Department of
226.24 Corrections facility shall remain in effect until the court vacates the order or the person's
226.25 criminal sentence and conditional release term expire.

226.26 In no case may the person be held in a Department of Corrections facility pursuant
226.27 only to this subdivision, and not pursuant to any separate correctional authority, for more
226.28 than 210 days.

226.29 (2) A person who has elected to be confined in a Department of Corrections facility
226.30 under this subdivision may revoke the election by filing a written notice of intent to revoke
226.31 the election with the court and serving the notice upon the Department of Corrections and
226.32 the county attorney. The court shall order the person transferred to a secure treatment
226.33 facility within 15 days of the date that the notice of revocation was filed with the court,
226.34 except that, if the person has additional time to serve in prison at the end of the 15-day

227.1 period, the person shall not be transferred to a secure treatment facility until the person's
227.2 prison term expires. After a person has revoked an election to remain in a Department of
227.3 Corrections facility under this subdivision, the court may not adopt another election to
227.4 remain in a Department of Corrections facility without the agreement of both parties and
227.5 the Department of Corrections.

227.6 (3) Upon petition by the commissioner of corrections, after notice to the parties
227.7 and opportunity for hearing and for good cause shown, the court may order that the
227.8 person's place of confinement be changed from the Department of Corrections to a secure
227.9 treatment facility.

227.10 (4) While at a Department of Corrections facility pursuant to this subdivision, the
227.11 person shall remain subject to all rules and practices applicable to correctional inmates in
227.12 the facility in which the person is placed, including, but not limited to, the powers and
227.13 duties of the commissioner of corrections under section 241.01, powers relating to use of
227.14 force under section 243.52, and the right of the commissioner of corrections to determine
227.15 the place of confinement in a prison, reformatory, or other facility.

227.16 (5) A person may not be confined in a Department of Corrections facility under this
227.17 provision beyond the end of the person's executed sentence or the end of any applicable
227.18 conditional release period, whichever is later. If a person confined in a Department of
227.19 Corrections facility pursuant to this provision reaches the person's supervised release
227.20 date and is subject to a period of conditional release, the period of conditional release
227.21 shall commence on the supervised release date even though the person remains in the
227.22 Department of Corrections facility pursuant to this provision. At the end of the later of
227.23 the executed sentence or any applicable conditional release period, the person shall be
227.24 transferred to a secure treatment facility.

227.25 (6) Nothing in this section may be construed to establish a right of an inmate in a
227.26 state correctional facility to participate in sex offender treatment. This section must be
227.27 construed in a manner consistent with the provisions of section 244.03.

227.28 (b) The committing county may offer a person who is being petitioned for
227.29 commitment under section 253B.185 and who is placed under a judicial hold order under
227.30 section 253B.07, subdivision 2b or 7, the option to be held in a county correctional or
227.31 detention facility rather than a secure treatment facility, under such terms as may be agreed
227.32 to by the county, the commitment petitioner, and the commitment respondent. If a person
227.33 makes such an election under this paragraph, the court hold order shall specify the terms
227.34 of the agreement, including the conditions for revoking the election.

227.35 **EFFECTIVE DATE.** This section is effective the day following final enactment.

228.1 Sec. 13. Minnesota Statutes 2006, section 253B.045, subdivision 2, is amended to read:

228.2 Subd. 2. **Facilities.** Each county or a group of counties shall maintain or provide
228.3 by contract a facility for confinement of persons held temporarily for observation,
228.4 evaluation, diagnosis, treatment, and care. When the temporary confinement is provided
228.5 at a regional treatment center, the commissioner shall charge the county of financial
228.6 responsibility for the costs of confinement of persons hospitalized under section 253B.05,
228.7 subdivisions 1 and 2, and section 253B.07, subdivision 2b, except that the commissioner
228.8 shall bill the responsible health plan first. If the person has health plan coverage, but the
228.9 hospitalization does not meet the criteria in subdivision 6 or section 62M.07, 62Q.53,
228.10 or 62Q.535, the county is responsible. When a person is temporarily confined in a
228.11 Department of Corrections facility solely under subdivision 1a, and not based on any
228.12 separate correctional authority: (i) the commissioner of corrections may charge the county
228.13 of financial responsibility for the costs of confinement; and (ii) the Department of Human
228.14 Services shall use existing appropriations to fund all remaining nonconfinement costs.
228.15 The funds received by the commissioner for the confinement and nonconfinement costs
228.16 are appropriated to the department for these purposes. "County of financial responsibility"
228.17 means the county in which the person resides at the time of confinement or, if the person
228.18 has no residence in this state, the county which initiated the confinement. The charge
228.19 for confinement in a facility operated by the commissioner of human services shall be
228.20 based on the commissioner's determination of the cost of care pursuant to section 246.50,
228.21 subdivision 5. When there is a dispute as to which county is the county of financial
228.22 responsibility, the county charged for the costs of confinement shall pay for them pending
228.23 final determination of the dispute over financial responsibility. Disputes about the county
228.24 of financial responsibility shall be submitted to the commissioner to be settled in the
228.25 manner prescribed in section 256G.09.

228.26 **EFFECTIVE DATE.** This section is effective the day following final enactment.

228.27 Sec. 14. Minnesota Statutes 2007 Supplement, section 253B.185, subdivision 1b,
228.28 is amended to read:

228.29 Subd. 1b. **County attorney access to data.** Notwithstanding sections 144.291
228.30 to 144.298; 245.467, subdivision 6; 245.4876, subdivision 7; 260B.171; 260B.235,
228.31 subdivision 8; 260C.171; and 609.749, subdivision 6, or any provision of chapter 13
228.32 or other state law, prior to filing a petition for commitment as a sexual psychopathic
228.33 personality or as a sexually dangerous person, and upon notice to the proposed patient,
228.34 the county attorney or the county attorney's designee may move the court for an order
228.35 granting access to any records or data, to the extent it relates to the proposed patient, for

229.1 the purpose of determining whether good cause exists to file a petition and, if a petition
229.2 is filed, to support the allegations set forth in the petition.

229.3 The court may grant the motion if: (1) the Department of Corrections refers the case
229.4 for commitment as a sexual psychopathic personality or a sexually dangerous person; or
229.5 (2) upon a showing that the requested category of data or records may be relevant to
229.6 the determination by the county attorney or designee. The court shall decide a motion
229.7 under this subdivision within 48 hours after a hearing on the motion. Notice to the
229.8 proposed patient need not be given upon a showing that such notice may result in harm or
229.9 harassment of interested persons or potential witnesses. Notwithstanding any provision
229.10 of chapter 13 or other state law, a county attorney considering the civil commitment of a
229.11 person under this section may obtain records and data from the Department of Corrections
229.12 or any probation or parole agency in this state upon request, without a court order, for the
229.13 purpose of determining whether good cause exists to file a petition and, if a petition is
229.14 filed, to support the allegations set forth in the petition. At the time of the request for
229.15 the records, the county attorney shall provide notice of the request to the person who is
229.16 the subject of the records.

229.17 Data collected pursuant to this subdivision shall retain their original status and, if not
229.18 public, are inadmissible in any court proceeding unrelated to civil commitment, unless
229.19 otherwise permitted.

229.20 **EFFECTIVE DATE.** This section is effective the day following final enactment.

229.21 Sec. 15. Minnesota Statutes 2006, section 253B.185, subdivision 5, is amended to read:

229.22 Subd. 5. **Financial responsibility.** (a) For purposes of this subdivision, "state
229.23 facility" has the meaning given in section 246.50 and also includes a Department of
229.24 Corrections facility when the proposed patient is confined in such a facility pursuant to
229.25 section 253B.045, subdivision 1a.

229.26 (b) Notwithstanding sections 246.54, 253B.045, and any other law to the contrary,
229.27 when a petition is filed for commitment under this section pursuant to the notice required
229.28 in section 244.05, subdivision 7, the state and county are each responsible for 50 percent of
229.29 the cost of the person's confinement at a state facility or county jail, prior to commitment.

229.30 (c) The county shall submit an invoice to the state court administrator for
229.31 reimbursement of the state's share of the cost of confinement.

229.32 (d) Notwithstanding paragraph (b), the state's responsibility for reimbursement is
229.33 limited to the amount appropriated for this purpose.

229.34 **EFFECTIVE DATE.** This section is effective the day following final enactment.

230.1 Sec. 16. Laws 2007, chapter 54, article 1, section 11, is amended to read:

230.33 violence cases. The board must consult with

230.34 a statewide domestic violence organization

230.35 in developing training courses. The board

230.36 shall utilize a request for proposal process in

231.1 awarding training contracts. The recipient
231.2 of the training contract must conduct these
231.3 trainings with advocates or instructors from
231.4 a statewide domestic violence organization.

246.11 group members and the representation of businesses owned by group members among all
246.12 businesses in the state in the purchasing category.

246.13 (b) In addition to designations under paragraph (a), an individual business may be
246.14 included as a targeted group business if the commissioner determines that inclusion is

248.26 Based on the determination of the chief information officer, the office must conduct an
248.27 independent project audit of the project. The audit analysis and evaluation by the office
248.28 of the projects registered under paragraph (c) must be presented to agency executive
248.29 sponsors, the project governance bodies, and the chief information officer. All reports and
248.30 responses must become part of the project record.

248.31 (e) For any active information and telecommunications technology project that has a
248.32 total expected project cost of more than \$5,000,000, an annual independent audit must be

249.22 (f) "Total expected project cost" includes direct staff costs, all supplemental contract
249.23 staff and vendor costs, and costs of hardware and software development or purchase.
249.24 Breaking a project into several phases does not affect the cost threshold which must be
249.25 computed on the full cost of all aspects of the related subprojects.

249.26 Sec. 28. Minnesota Statutes 2006, section 16E.04, subdivision 2, is amended to read:

249.27 Subd. 2. **Responsibilities.** (a) In addition to other activities prescribed by law, the
249.28 office shall carry out the duties set out in this subdivision.

249.29 (b) The office shall develop and establish a state information architecture to ensure
249.30 that state agency development and purchase of information and communications systems,
249.31 equipment, and services is designed to ensure that individual agency information systems
249.32 complement and do not needlessly duplicate or conflict with the systems of other agencies.
249.33 When state agencies have need for the same or similar public data, the chief information
249.34 officer, in coordination with the affected agencies, shall manage the most efficient and

250.1 cost-effective method of producing and storing data for or sharing data between those

250.12 under this paragraph.

250.13 (d) The office shall review and approve agency requests for funding for the
250.14 development or purchase of information systems equipment or software before the
250.15 requests may be included in the governor's budget.

250.16 (e) The office shall review major purchases of information systems equipment to:

250.17 (1) ensure that the equipment follows the standards and guidelines of the state
250.18 information architecture;

250.19 (2) ensure the agency's proposed purchase reflects a cost-effective policy regarding
250.20 volume purchasing; and

250.21 (3) ensure that the equipment is consistent with other systems in other state agencies
250.22 so that data can be shared among agencies, unless the office determines that the agency
250.23 purchasing the equipment has special needs justifying the inconsistency.

250.24 (f) The office shall review the operation of information systems by state agencies
250.25 and ensure that these systems are operated efficiently and securely and continually meet
250.26 the standards and guidelines established by the office. The standards and guidelines must
250.27 emphasize uniformity that is cost-effective for the enterprise, that encourages information
250.28 interchange, open systems environments, and portability of information whenever
250.29 practicable and consistent with an agency's authority and chapter 13.

250.30 (g) The office shall conduct a comprehensive review at least every three years of
250.31 the information systems investments that have been made by state agencies and higher
250.32 education institutions. The review must include recommendations on any information
250.33 systems applications that could be provided in a more cost-beneficial manner by an outside

A recognized system for classification analysis and its concurrent point allocation system must be used in order to attain compensation equity. Classification range maximums must fall within the system's point allocation window. Market-driven forces are recognized as acceptable in order to maintain employee recruitment and retention efforts whenever the compensation rates exceed the allocated points. 264.30 governmental nature; and

264.31 (3) reimbursement for actual expenses incurred by the employee which the
264.32 governing body determines to be directly related to the performance of job responsibilities,
264.33 including any relocation expenses paid during the initial year of employment.

264.34 The value of other forms of compensation shall be the annual cost to the political
264.35 subdivision for the provision of the compensation.

(d) The salary of a medical doctor or doctor of osteopathy occupying a position that the governing body of the political subdivision has determined requires an M.D. or D.O. degree is excluded from the limitation in this subdivision.

(e) The commissioner may increase the limitation in this subdivision for a position that the commissioner has determined requires special expertise necessitating a higher salary to attract or retain a qualified person. The commissioner shall review each proposed increase giving due consideration to salary rates paid to other persons with similar responsibilities in the state and nation. The commissioner may not increase the limitation until the commissioner has presented the proposed increase to the Legislative Coordinating Commission and received the commission's recommendation on it. The recommendation is advisory only. If the commission does not give its recommendation on a proposed increase within 30 days from its receipt of the proposal, the commission is deemed to have made no recommendation. If the commissioner grants or granted an increase under this paragraph, the new limitation shall be adjusted beginning in August 2005 and in each subsequent calendar year in January by the percentage increase equal to the percentage increase, if any, in the Consumer Price Index for all-urban consumers from October of the second prior year to October of the immediately prior year.

If the commission creates a private nonprofit corporation, the commission must serve as the corporation's board of directors. The private nonprofit corporation is not subject to laws governing state agencies or political subdivisions, except the provisions of chapter 13, the Open Meeting Law under chapter 13D, salary limits under section 15A.0815, ~~subdivision 2,~~ and audits by the legislative auditor under chapter 3 apply. Further provided that the board of directors and the executive director

266.4 is approved under federal law to administer the National and Community Service Trust
266.5 Act. The commission may revoke a delegation of powers and duties at any time, and must

266.15 oversee and direct the work of the administrator, annually review the expenses of the
266.16 administrator, and annually approve the budget of the administrator. The administrator
266.17 may hire staff and may contract for technical expertise in performing duties when existing
266.18 state resources are required for other state responsibilities or when special expertise is
266.19 required. The salary of the administrator is governed by section 15A.0815, ~~subdivision 2.~~

266.20 (b) Costs relating to a specific proceeding, analysis, or project are not general
266.21 administrative costs. For purposes of this section, "energy utility" means public utilities,
266.22 generation and transmission cooperative electric associations, and municipal power
266.23 agencies providing natural gas or electric service in the state.

266.24 (c) The Department of Commerce shall pay:

266.31 regular basis; and

266.32 (2) costs relating to a specific proceeding analysis or project and shall render a bill to
266.33 the specific energy utility or utilities participating in the proceeding, analysis, or project
266.34 directly, either at the conclusion of a particular proceeding, analysis, or project, or from
266.35 time to time during the course of the proceeding, analysis, or project.

(d) For purposes of administrative efficiency, the department shall assess energy utilities and issue bills in accordance with the billing and assessment procedures provided in section 216B.62, to the extent that these procedures do not conflict with this subdivision. The amount of the bills rendered by the department under paragraph (c) must be paid by the energy utility into an account in the special revenue fund in the state treasury within 30 days from the date of billing and is appropriated to the department for the purposes provided in this section. The commission shall approve or approve as modified a rate schedule providing for the automatic adjustment of charges to recover amounts paid by utilities under this section. All amounts assessed under this section are in addition to amounts appropriated to the commission and the department by other law.

306.18 child, the provider must document at least a face-to-face contact with the child, the child's
306.19 parents, or the child's legal representative. To receive payment for an eligible adult, the
306.20 provider must document:

306.21 (1) at least a face-to-face contact with the adult or the adult's legal representative; or

306.22 (2) at least a telephone contact with the adult or the adult's legal representative and

307.17 service is paid by the state without a federal share through fee-for-service, 50 percent of
307.18 the cost shall be provided by the recipient's county of responsibility.

307.19 (i) Notwithstanding any administrative rule to the contrary, prepaid medical
307.20 assistance, general assistance medical care, and MinnesotaCare include mental health case

314.18 must be submitted to the commissioner within six months of the effective date of the
314.19 rate adjustment, and the nursing facility must provide additional information required
314.20 by the commissioner within nine months of the effective date of the rate adjustment.

314.21 The commissioner must respond to all applications within three weeks of receipt.

315.1 commissioner, and which must include a mailing address, e-mail address, and the
315.2 telephone number that may be used by the employee to contact the commissioner or the
315.3 commissioner's representative.

315.4 (g) The commissioner shall ensure that cost increases in distribution plans under

315.24 Upon receipt of the letter of acceptance, the commissioner shall deem all requirements of
315.25 this section as having been met in regard to the members of the bargaining unit.

315.26 (h) The commissioner shall review applications received under paragraph (f) and
315.27 shall provide the portion of the rate adjustment under paragraphs (b) and (c) if the
315.28 requirements of this subdivision have been met. The rate adjustment shall be effective
315.29 October 1. Notwithstanding paragraph (a), if the approved application distributes less
315.30 money than is available, the amount of the rate adjustment shall be reduced so that the

The commissioner shall pay for any costs related to this study using existing resources.

AGENCY MANAGEMENT

322.8 Section 1. Minnesota Statutes 2006, section 13.461, is amended by adding a
322.9 subdivision to read:

322.10 Subd. 24a. **Managed care plans.** Data provided to the commissioner of human
322.11 services by managed care plans relating to contracts and provider payment rates are
322.12 classified under section 256B.69, subdivision 9b.

322.13 Sec. 2. Minnesota Statutes 2006, section 256.01, is amended by adding a subdivision
322.14 to read:

322.15 Subd. 27. Automation and coordination for state health care programs. (a) For
322.16 purposes of this subdivision, "state health care program" means the medical assistance,
322.17 MinnesotaCare, or general assistance medical care programs.

322.18 (b) By July 1, 2010, the commissioner shall improve coordination between state
322.19 health care programs and social service programs including but not limited to WIC, free
322.20 and reduced school lunch programs, and food stamps, and shall develop and use automated
322.21 systems to identify persons served by social service programs who may be eligible for, but
322.22 are not enrolled in, a state health care program. The system must also permit enrollees to
322.23 renew state health care program enrollment through these social services programs. By
322.24 January 15, 2010, the commissioner shall, as necessary, identify and recommend to the
322.25 legislature statutory changes to state health care and social service programs necessary
322.26 to improve coordination and automation of outreach and enrollment efforts, and report
322.27 estimated local and state costs of implementation and evaluate funding alternatives,
322.28 including possible federal reimbursement.

322.29 (c) By January 15, 2010, the commissioner shall establish and implement an
322.30 automated process to send out state health care program renewal forms in the most
322.31 common foreign languages to those state health care program enrollees who request
322.32 renewal forms in those foreign languages. The commissioner, as part of the initial
322.33 enrollment process, shall inform applicants of the availability of this option.

323.1 (d) Beginning July 1, 2010, the commissioner, county social service agencies, and
323.2 health care providers shall update state health care program enrollee addresses and related
323.3 contact information at the time of each enrollee contact. The commissioner shall report
323.4 the costs of automatically updating contact information across programs to health care
323.5 providers and county agencies.

323.6 Sec. 3. Minnesota Statutes 2006, section 256B.69, subdivision 5a, is amended to read:

323.7 Subd. 5a. **Managed care contracts.** (a) Managed care contracts under this section
323.8 and sections 256L.12 and 256D.03, shall be entered into or renewed on a calendar year
323.9 basis beginning January 1, 1996. Managed care contracts which were in effect on June
323.10 30, 1995, and set to renew on July 1, 1995, shall be renewed for the period July 1, 1995
323.11 through December 31, 1995 at the same terms that were in effect on June 30, 1995. The
323.12 commissioner may issue separate contracts with requirements specific to services to
323.13 medical assistance recipients age 65 and older.

323.14 (b) A prepaid health plan providing covered health services for eligible persons
323.15 pursuant to chapters 256B, 256D, and 256L, is responsible for complying with the terms
323.16 of its contract with the commissioner. Requirements applicable to managed care programs
323.17 under chapters 256B, 256D, and 256L, established after the effective date of a contract
323.18 with the commissioner take effect when the contract is next issued or renewed.

323.19 (c) Effective for services rendered on or after January 1, 2003, the commissioner
323.20 shall withhold five percent of managed care plan payments under this section for the
323.21 prepaid medical assistance and general assistance medical care programs pending
323.22 completion of performance targets. Each performance target must be quantifiable,
323.23 objective, measurable, and reasonably attainable, except in the case of a performance
323.24 target based on a federal or state law or rule. Criteria for assessment of each performance
323.25 target must be outlined in writing prior to the contract effective date. The managed
323.26 care plan must demonstrate, to the commissioner's satisfaction, that the data submitted
323.27 regarding attainment of the performance target is accurate. The commissioner shall
323.28 periodically change the administrative measures used as performance targets in order
323.29 to improve plan performance across a broader range of administrative services. The
323.30 performance targets must include measurement of plan efforts to contain spending
323.31 on health care services and administrative activities. The commissioner may adopt
323.32 plan-specific performance targets that take into account factors affecting only one plan,
323.33 including characteristics of the plan's enrollee population. The withheld funds must be
323.34 returned no sooner than July of the following year if performance targets in the contract
323.35 are achieved. The commissioner may exclude special demonstration projects under

324.1 subdivision 23. A managed care plan or a county-based purchasing plan under section
324.2 256B.692 may include as admitted assets under section 62D.044 any amount withheld
324.3 under this paragraph that is reasonably expected to be returned.

324.4 Sec. 4. Minnesota Statutes 2006, section 256B.69, is amended by adding a subdivision
324.5 to read:

324.6 Subd. 5i. **Administrative expenses.** (a) Managed care plan and county-based
324.7 purchasing plan administrative costs for a prepaid health plan provided under this section
324.8 or section 256B.692 must not exceed by more than five percent that prepaid health plan's
324.9 or county-based purchasing plan's actual calculated administrative spending for the
324.10 previous calendar year as a percentage of total revenue. The penalty for exceeding this
324.11 limit must be the amount of administrative spending in excess of 105 percent of the actual
324.12 calculated amount. The commissioner may waive this penalty if the excess administrative
324.13 spending is the result of unexpected shifts in enrollment or member needs or new program
324.14 requirements.

324.15 (b) Capitated rate payments for administrative costs must be reduced to exclude
324.16 onetime or sporadic expenditures in the prior year unless the managed care plan certifies
324.17 that the expenditure will recur during the contract year. The commissioner shall verify
324.18 these certifications on an annual basis and recoup any payments made for onetime or
324.19 sporadic expenditures that did not occur in the prior year.

324.20 (c) Expenses listed under section 62D.12, subdivision 9a, clause (4), are not
324.21 allowable administrative expenses for rate-setting purposes under this section, unless
324.22 approved by the commissioner.

324.23 Sec. 5. Minnesota Statutes 2006, section 256B.69, is amended by adding a subdivision
324.24 to read:

324.25 Subd. 5j. **Treatment of investment earnings.** Capitation rates shall treat investment
324.26 income and interest earnings as income to the same extent that investment-related
324.27 expenses are treated as administrative expenditures.

324.28 Sec. 6. Minnesota Statutes 2006, section 256B.69, is amended by adding a subdivision
324.29 to read:

325.2 administrators;
325.3 (3) a detailed analysis of administrative spending for each Minnesota health care
325.4 program;
325.5 (4) a detailed analysis of the provider's allocation of administrative expenses among
325.6 its public and commercial lines of business;
325.7 (5) a detailed analysis of administrative costs by service category; and
325.8 (6) a detailed analysis of onetime and sporadic expenditures included in the
325.9 administrative spending category.

325.18 defined in section 13.02.

325.19 Sec. 8. Minnesota Statutes 2006, section 256B.692, is amended by adding a
325.20 subdivision to read:

325.21 Subd. 4a. **Expenditure of revenues.** (a) A county that has elected to participate
325.22 in a county-based purchasing plan under this section shall use any excess revenues over
325.23 expenses that are received by the county and are not needed for capital reserves under
325.24 subdivision 2, to increase payments to providers, or to repay county investments or
325.25 contributions to the county-based purchasing plan, for prevention, early intervention, and
325.26 health care programs, services, or activities.

325.27 (b) A county-based purchasing plan under this section is subject to the unreasonable

(b) For services rendered on or after January 1, 2003, to December 31, 2003, the commissioner shall withhold .5 percent of managed care plan payments under this section pending completion of performance targets. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following year if performance targets in the contract are achieved. A managed care plan may include as admitted assets under section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.

(c) For services rendered on or after January 1, 2004, the commissioner shall withhold five percent of managed care plan payments under this section pending completion of performance targets. Each performance target must be quantifiable, objective, measurable, and reasonably attainable, except in the case of a performance target based on a federal or state law or rule. Criteria for assessment of each performance target must be outlined in writing prior to the contract effective date. The managed care plan must demonstrate, to the commissioner's satisfaction, that the data submitted regarding attainment of the performance target is accurate. The commissioner shall periodically change the administrative measures used as performance targets in order to improve plan performance across a broader range of administrative services. The performance targets must include measurement of plan efforts to contain spending on health care services and administrative activities. The commissioner may adopt plan-specific performance targets that take into account factors affecting only one plan, such as characteristics of the plan's enrollee population. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if performance targets in the contract are achieved. A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.

This report must include recommendations to increase rates as needed to eliminate identified access problems; and

(4) a progress report on implementation of Minnesota Statutes, section 256B.76, paragraph (e), requiring payments for physician and professional services to be based on Medicare relative value units, and an estimated completion date for implementation of this payment system.

Sec. 11. HEALTH PLAN AND COUNTY-BASED PURCHASING PLAN REQUIREMENTS.

(a) By January 15, 2009, the commissioner of health shall develop and report to the legislature under Minnesota Statutes, section 3.195, guidelines to ensure that health plans, and county-based purchasing plans where applicable, have consistent procedures for allocating administrative expenses and investment income across their commercial and public lines of business and across individual public programs. The guidelines must be consistent with generally accepted accounting principles and principles from the National Association of Insurance Commissioners. The guidelines must not have the effect of changing allocation for Medicare-related programs as permitted by federal law and the Centers for Medicare and Medicaid Services.

(b) By January 15, 2009, the commissioner of health, in cooperation with the commissioners of commerce and human services, shall develop and report to the legislature under Minnesota Statutes, section 3.195, detailed standards and procedures for examining the reasonableness of health plan and county-based purchasing plan administrative expenditures for publicly funded programs. The report must include:

329.2 (2) cost savings to providers and the department; and
329.3 (3) improved quality and outcomes of care.

329.4 Alternatives considered must include moving to a single dental plan administrator,
329.5 retaining the current model, and other innovative approaches. Issues relating to chronic

329.27 work group shall consider the impact these cuts will have on child protection, mental
329.28 health, and housing relocation services.

329.29 (b) The commissioner shall issue a report from the work group summarizing the
329.30 impact of the federal budget cuts on persons eligible for targeted case management

343.17 (c) Medical assistance inpatient payment rates shall increase 20 percent for inpatient
343.18 hospital originally paid admissions, excluding Medicare crossovers, that occur on or
343.19 after October 1, 1992, if: (i) the hospital had 100 or fewer Minnesota medical assistance
343.20 annualized paid admissions, excluding Medicare crossovers, that were paid by March
343.21 1, 1988, for the period January 1, 1987 to June 30, 1987; (ii) the hospital had 100 or
343.22 fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv)
343.23 the hospital is not located in a city of the first class as defined in section 410.01. For a
343.24 hospital that qualifies for an adjustment under this paragraph and under subdivision 9 or
343.25 23, the hospital must be paid the adjustment under subdivisions 9 and 23, as applicable,
343.26 plus any amount by which the adjustment under this paragraph exceeds the adjustment
343.27 under those subdivisions. For this paragraph, medical assistance does not include general
343.28 assistance medical care.

343.29 (d) Medical assistance inpatient payment rates shall increase 15 percent for inpatient
343.30 hospital originally paid admissions, excluding Medicare crossovers, that occur after
343.31 September 30, 1992, if: (i) the hospital had more than 100 but fewer than 250 Minnesota
343.32 medical assistance annualized paid admissions, excluding Medicare crossovers, that
343.33 were paid by March 1, 1988, for the period January 1, 1987 to June 30, 1987; (ii) the
343.34 hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in
343.35 Minnesota; and (iv) the hospital is not located in a city of the first class as defined in
343.36 section 410.01. For a hospital that qualifies for an adjustment under this paragraph and

under subdivision 9 or 23, the hospital must be paid the adjustment under subdivisions 9 and 23, as applicable, plus any amount by which the adjustment under this paragraph exceeds the adjustment under those subdivisions. For purposes of this paragraph, medical assistance does not include general assistance medical care.

(e) For admissions occurring on or after July 1, 2008, fee-for-service inpatient payments must increase eight percent for a hospital with a medical assistance inpatient utilization rate of 17.95 percent of total patient days as of the base year in effect on July 1, 2005, and nine percent for a hospital with a medical assistance inpatient utilization rate of 59.60 percent of total patient days as of the base year in effect on July 1, 2005. Payments made to managed care plans must not be increased to reflect this increase. For purposes of this paragraph, medical assistance does not include general assistance medical care.

Sec. 3. Minnesota Statutes 2006, section 256B.0571, subdivision 8, is amended to read:

Subd. 8. **Program established.** (a) The commissioner, in cooperation with the commissioner of commerce, shall establish the Minnesota partnership for long-term care program to provide for the financing of long-term care through a combination of private insurance and medical assistance.

(b) An individual who meets the requirements in this paragraph is eligible to participate in the partnership program. The individual must:

(1) be a Minnesota resident at the time coverage first became effective under the partnership policy; and

(2) be a beneficiary of a partnership policy that (i) is issued on or after the effective date of the state plan amendment implementing the partnership program in Minnesota, or (ii) qualifies as a partnership policy under the provisions of subdivision 8a; and

~~(3) have exhausted all of the benefits under the partnership policy as described in this section. Benefits received under a long-term care insurance policy before July 1, 2006, do not count toward the exhaustion of benefits required in this subdivision.~~

Sec. 4. Minnesota Statutes 2006, section 256B.0571, subdivision 9, is amended to read:

Subd. 9. **Medical assistance eligibility.** (a) Upon application for medical assistance program payment of long-term care services by an individual who meets the requirements described in subdivision 8, the commissioner shall determine the individual's eligibility for medical assistance according to paragraphs (b) to (i).

(b) After determining assets subject to the asset limit under section 256B.056, subdivision 3 or 3c, or 256B.057, subdivision 9 or 10, the commissioner shall allow the individual to designate assets to be protected from recovery under subdivisions 13 and

15 up to the dollar amount of the benefits utilized under the partnership policy as of the effective date of eligibility for medical assistance program payment of long-term care services. Benefits utilized under a long-term care insurance policy before July 1, 2006, do not count for the purpose of determining the amount of assets that can be designated. Designated assets shall be disregarded for purposes of determining eligibility for payment of long-term care services. The dollar amount of benefits utilized must be equal to the amount of claims paid by the issuer under the policy as verified by the issuer.

(c) The individual shall identify the designated assets and the full fair market value of those assets and designate them as assets to be protected at the time of ~~initial~~ application for medical assistance payment of long-term care services. The full fair market value of real property or interests in real property shall be based on the most recent full assessed value for property tax purposes for the real property, unless the individual provides a complete professional appraisal by a licensed appraiser to establish the full fair market value. The extent of a life estate in real property shall be determined using the life estate table in the health care program's manual. Ownership of any asset in joint tenancy shall be treated as ownership as tenants in common for purposes of its designation as a disregarded asset. The unprotected value of any protected asset is subject to estate recovery according to subdivisions 13 and 15.

(d) The right to designate assets to be protected is personal to the individual and ends when the individual dies, except as otherwise provided in subdivisions 13 and 15. It does not include the increase in the value of the protected asset and the income, dividends, or profits from the asset. It may be exercised by the individual or by anyone with the legal authority to do so on the individual's behalf. It shall not be sold, assigned, transferred, or given away.

~~(e) If the dollar amount of the benefits utilized under a partnership policy is greater than the full fair market value of all assets protected at the time of the application for medical assistance long-term care services, As the individual continues to utilize benefits under a partnership policy after eligibility for medical assistance payment of long-term care services begins, the individual may designate, for additional protection, an increase in the value of protected assets and additional assets that become available during the individual's lifetime for protection under this section up to the amount of additional benefits utilized. The individual must make the designation in writing to the county agency no later than the last date on which the individual must report a change in circumstances to the county agency, as provided for under the medical assistance program. Any excess used for this purpose shall not be available to the individual's estate to protect assets in the estate from recovery under section 256B.15 or 524.3-1202, or otherwise. The amount used for~~

this purpose must reduce the unused amount of asset protection available to protect assets in the individual's estate from recovery under section 256B.15 or 524.3-1202, or otherwise.

(f) This section applies only to estate recovery under United States Code, title 42, section 1396p, subsections (a) and (b), and does not apply to recovery authorized by other provisions of federal law, including, but not limited to, recovery from trusts under United States Code, title 42, section 1396p, subsection (d)(4)(A) and (C), or to recovery from annuities, or similar legal instruments, subject to section 6012, subsections (a) and (b), of the Deficit Reduction Act of 2005, Public Law 109-171.

(g) An individual's protected assets owned by the individual's spouse who applies for payment of medical assistance long-term care services shall not be protected assets or disregarded for purposes of eligibility of the individual's spouse solely because they were protected assets of the individual.

(h) Assets designated under this subdivision shall not be subject to penalty under section 256B.0595.

(i) The commissioner shall otherwise determine the individual's eligibility for payment of long-term care services according to medical assistance eligibility requirements.

Sec. 5. Minnesota Statutes 2007 Supplement, section 256B.0631, subdivision 1, is amended to read:

Subdivision 1. **Co-payments.** (a) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following co-payments for all recipients, effective for services provided on or after October 1, 2003, and before January 1, 2009:

(1) \$3 per nonpreventive visit. For purposes of this subdivision, a visit means an episode of service which is required because of a recipient's symptoms, diagnosis, or established illness, and which is delivered in an ambulatory setting by a physician or physician ancillary, chiropractor, podiatrist, nurse midwife, advanced practice nurse, audiologist, optician, or optometrist;

(2) \$3 for eyeglasses;

(3) \$6 for nonemergency visits to a hospital-based emergency room; and

(4) \$3 per brand-name drug prescription and \$1 per generic drug prescription, subject to a \$12 per month maximum for prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness.

(b) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following co-payments for all recipients, effective for services provided on or after January 1, 2009:

347.1 (1) \$6 for nonemergency visits to a hospital-based emergency room; ~~and~~
347.2 (2) \$3 per brand-name drug prescription and \$1 per generic drug prescription,
347.3 subject to a \$7 per month maximum for prescription drug co-payments. No co-payments
347.4 shall apply to antipsychotic drugs when used for the treatment of mental illness; and
347.5 (3) for individuals identified by the commissioner with income at or below 100
347.6 percent of the federal poverty guidelines, total monthly co-payments must not exceed five
347.7 percent of family income. For purposes of this paragraph, family income is the total
347.8 earned and unearned income of the individual and the individual's spouse, if the spouse is
347.9 enrolled in medical assistance and also subject to the five percent limit on co-payments.
347.10 (c) Recipients of medical assistance are responsible for all co-payments in this
347.11 subdivision.

347.12 Sec. 6. Minnesota Statutes 2007 Supplement, section 256B.0631, subdivision 3,
347.13 is amended to read:

347.14 Subd. 3. **Collection.** (a) The medical assistance reimbursement to the provider shall
347.15 be reduced by the amount of the co-payment, except that ~~reimbursement for prescription~~
347.16 ~~drugs reimbursements~~ shall not be reduced:

347.17 (1) once a recipient has reached the \$12 per month maximum or the \$7 per month
347.18 maximum effective January 1, 2009, for prescription drug co-payments; or

347.19 (2) for a recipient identified by the commissioner under 100 percent of the federal
347.20 poverty guidelines who has met their monthly five percent co-payment limit.

347.21 (b) The provider collects the co-payment from the recipient. Providers may not deny
347.22 services to recipients who are unable to pay the co-payment.

347.23 (c) Medical assistance reimbursement to fee-for-service providers and payments to
347.24 managed care plans shall not be increased as a result of the removal of the co-payments
347.25 effective January 1, 2009.

347.26 Sec. 7. Minnesota Statutes 2006, section 256B.0917, subdivision 8, is amended to read:

347.27 Subd. 8. **Living-at-home/block nurse program grant.** (a) The organization
347.28 awarded the contract under subdivision 7, shall develop and administer a grant program
347.29 to establish or expand up to ~~33~~ 45 community-based organizations that will implement
347.30 living-at-home/block nurse programs that are designed to enable senior citizens to live as
347.31 independently as possible in their homes and in their communities. At least one-half of
347.32 the programs must be in counties outside the seven-county metropolitan area. Nonprofit
347.33 organizations and units of local government are eligible to apply for grants to establish
347.34 the community organizations that will implement living-at-home/block nurse programs.

348.1 In awarding grants, the organization awarded the contract under subdivision 7 shall give
348.2 preference to nonprofit organizations and units of local government from communities
348.3 that:

- 348.4 (1) have high nursing home occupancy rates;
- 348.5 (2) have a shortage of health care professionals;
- 348.6 (3) are located in counties adjacent to, or are located in, counties with existing
348.7 living-at-home/block nurse programs; and
- 348.8 (4) meet other criteria established by LAH/BN, Inc., in consultation with the
348.9 commissioner.

348.10 (b) Grant applicants must also meet the following criteria:

- 348.11 (1) the local community demonstrates a readiness to establish a community model
348.12 of care, including the formation of a board of directors, advisory committee, or similar
348.13 group, of which at least two-thirds is comprised of community citizens interested in
348.14 community-based care for older persons;

- 348.15 (2) the program has sponsorship by a credible, representative organization within
348.16 the community;

- 348.17 (3) the program has defined specific geographic boundaries and defined its
348.18 organization, staffing and coordination/delivery of services;

- 348.19 (4) the program demonstrates a team approach to coordination and care, ensuring
348.20 that the older adult participants, their families, the formal and informal providers are all
348.21 part of the effort to plan and provide services; and

- 348.22 (5) the program provides assurances that all community resources and funding will
348.23 be coordinated and that other funding sources will be maximized, including a person's
348.24 own resources.

348.25 (c) Grant applicants must provide a minimum of five percent of total estimated
348.26 development costs from local community funding. Grants shall be awarded for four-year
348.27 periods, and the base amount shall not exceed \$80,000 per applicant for the grant period.
348.28 The organization under contract may increase the grant amount for applicants from
348.29 communities that have socioeconomic characteristics that indicate a higher level of need
348.30 for assistance. Subject to the availability of funding, grants and grant renewals awarded or
348.31 entered into on or after July 1, 1997, shall be renewed by LAH/BN, Inc. every four years,
348.32 unless LAH/BN, Inc. determines that the grant recipient has not satisfactorily operated the
348.33 living-at-home/block nurse program in compliance with the requirements of paragraphs
348.34 (b) and (d). Grants provided to living-at-home/block nurse programs under this paragraph
348.35 may be used for both program development and the delivery of services.

(d) Each living-at-home/block nurse program shall be designed by representatives of the communities being served to ensure that the program addresses the specific needs of the community residents. The programs must be designed to:

(1) incorporate the basic community, organizational, and service delivery principles of the living-at-home/block nurse program model;

(2) provide senior citizens with registered nurse directed assessment, provision and coordination of health and personal care services on a sliding fee basis as an alternative to expensive nursing home care;

(3) provide information, support services, homemaking services, counseling, and training for the client and family caregivers;

(4) encourage the development and use of respite care, caregiver support, and in-home support programs, such as adult foster care and in-home adult day care;

(5) encourage neighborhood residents and local organizations to collaborate in meeting the needs of senior citizens in their communities;

(6) recruit, train, and direct the use of volunteers to provide informal services and other appropriate support to senior citizens and their caregivers; and

(7) provide coordination and management of formal and informal services to senior citizens and their families using less expensive alternatives.

Sec. 8. [256B.194] FEDERAL PAYMENTS.

Subdivision 1. Payments at actual cost. Notwithstanding any other statute or rule to the contrary, for providers that are units of government, the commissioner may limit medical assistance and MinnesotaCare payments to a provider's actual cost of providing services, according to the Centers for Medicare and Medicaid Services (CMS) final rule referenced in this subdivision. The commissioner may also require medical assistance and MinnesotaCare providers to provide any information necessary to determine Medicaid-related costs, and require the cooperation of providers in any audit or review necessary to ensure payments are limited to cost. This section does not apply to providers who are exempt from the provisions of the CMS final rule. This subdivision becomes effective when the CMS final rule, published May 29, 2007, at Federal Register, Vol. 72, No. 100, governing payments to providers that are units of government goes into effect at the end of the moratorium imposed by Congress.

Subd. 2. Loss of federal financial participation. For all transfers, certified expenditures, and medical assistance payments listed in this subdivision, if the commissioner determines that federal financial participation is no longer available for the medical assistance payments listed, then related obligations for the nonfederal share of

payments and the medical assistance payments must terminate. The commissioner shall notify all affected parties of the loss of federal financial participation, and the resulting payments and obligations that are terminated. If the commissioner determines that federal financial participation is no longer available for any medical assistance payments or contributions to the nonfederal share of medical assistance payments that have already been made, the commissioner may collect the medical assistance payments from providers and return contributions of the nonfederal share to its source. The transfers, certified expenditures, and medical assistance payments subject to this section are those specified in section 62J.692, subdivision 7, paragraphs (b) and (c); 256B.19, subdivisions 1c and 1d; 256B.195; 256B.431, subdivision 23; and 256B.69, subdivision 5c, paragraph (a), clauses (2) to (4); Laws 2002, chapter 220, article 17, section 2, subdivision 3; and Laws 2005, First Special Session chapter 4, article 9, section 2, subdivision 1.

Sec. 9. Minnesota Statutes 2007 Supplement, section 256B.199, is amended to read:

(b) The commissioner shall apply for federal matching funds for certified public expenditures as follows:

(1) ~~Hennepin County; and Hennepin County Medical Center, Ramsey County, Regions Hospital, the University of Minnesota, and Fairview-University Medical Center~~ shall report quarterly to the commissioner beginning June 1, 2007, payments made during the second previous quarter that may qualify for reimbursement under federal law;

(2) based on these reports, the commissioner shall apply for federal matching funds. These funds are appropriated to the commissioner ~~for the payments under section 256.969, subdivision 27~~ to offset medical assistance expenditures; and

(3) by May 1 of each year, beginning May 1, 2007, the commissioner shall inform the nonstate entities listed in this paragraph ~~(a)~~ of the amount of federal disproportionate share hospital payment money expected to be available in the current federal fiscal year.

(c) The commissioner shall apply for federal matching funds for general assistance medical care expenditures as follows:

(1) for hospital services occurring on or after July 1, 2007, general assistance medical care expenditures for fee-for-service inpatient and outpatient hospital payments made by the department shall be used to apply for federal matching funds, except as limited below:

351.1 (i) only those general assistance medical care expenditures made to an individual
351.2 hospital that would not cause the hospital to exceed its individual hospital limits under
351.3 section 1923 of the Social Security Act may be considered; and

351.4 (ii) general assistance medical care expenditures may be considered only to the extent
351.5 of Minnesota's aggregate allotment under section 1923 of the Social Security Act; and

351.6 (2) all hospitals must provide any necessary expenditure, cost, and revenue
351.7 information required by the commissioner as necessary for purposes of obtaining federal
351.8 Medicaid matching funds for general assistance medical care expenditures.

351.9 **EFFECTIVE DATE.** This section is effective retroactively from July 1, 2007.

351.10 Sec. 10. Minnesota Statutes 2006, section 256B.69, subdivision 5a, is amended to read:

351.13 basis beginning January 1, 1996. Managed care contracts which were in effect on June
351.14 30, 1995, and set to renew on July 1, 1995, shall be renewed for the period July 1, 1995

351.22 with the commissioner take effect when the contract is next issued or renewed.

351.23 (c) Effective for services rendered on or after January 1, 2003, the commissioner
351.24 shall withhold five percent of managed care plan payments under this section for the
351.25 prepaid medical assistance and general assistance medical care programs pending
351.26 completion of performance targets. Each performance target must be quantifiable,
351.27 objective, measurable, and reasonably attainable, except in the case of a performance
351.28 target based on a federal or state law or rule. Criteria for assessment of each performance
351.29 target must be outlined in writing prior to the contract effective date. The withheld funds
351.30 must be returned no sooner than July of the following year if performance targets in the
351.31 contract are achieved. The commissioner may exclude special demonstration projects
351.32 under subdivision 23. A managed care plan or a county-based purchasing plan under
351.33 section 256B.692 may include as admitted assets under section 62D.044 any amount
351.34 withheld under this paragraph that is reasonably expected to be returned.

352.1 (d)(1) Effective for services rendered on or after January 1, 2009, the commissioner

352.10 Sec. 11. Minnesota Statutes 2006, section 256L.12, subdivision 9, is amended to read:

352.11 Subd. 9. **Rate setting; performance withholds.** (a) Rates will be prospective,
352.12 per capita, where possible. The commissioner may allow health plans to arrange for
352.13 inpatient hospital services on a risk or nonrisk basis. The commissioner shall consult with
352.14 an independent actuary to determine appropriate rates.

352.15 (b) For services rendered on or after January 1, 2003, to December 31, 2003, the
352.16 commissioner shall withhold .5 percent of managed care plan payments under this section
352.17 pending completion of performance targets. The withheld funds must be returned no
352.18 sooner than July 1 and no later than July 31 of the following year if performance targets
352.19 in the contract are achieved. A managed care plan may include as admitted assets under
352.20 section 62D.044 any amount withheld under this paragraph that is reasonably expected
352.21 to be returned.

352.22 (c) For services rendered on or after January 1, 2004, the commissioner shall
352.23 withhold five percent of managed care plan payments under this section pending
352.24 completion of performance targets. Each performance target must be quantifiable,

In developing the proposal, the commissioner shall consider, but is not required to adopt, disproportionate share hospital payment proposals from other states that have received federal approval.

Sec. 13. **REPEALER.**

Subdivision 1. **Registration or notice filing fee.** (a) There shall be a filing fee of \$100 for every application for registration or notice filing. There shall be an additional fee of one-tenth of one percent of the maximum aggregate offering price at which the securities are to be offered in this state, and the maximum combined fees shall not exceed \$300.

(b) When an application for registration is withdrawn before the effective date or a preeffective stop order is entered under section 80A.13, subdivision 1, all but the \$100 filing fee shall be returned. If an application to register securities is denied, the total of all fees received shall be retained.

(c) Where a filing is made in connection with a federal covered security under section 18(b)(2) of the Securities Act of 1933, there is a fee of \$100 for every initial filing. If the filing is made in connection with redeemable securities issued by an open end management company or unit investment trust, as defined in the Investment Company Act of 1940, there is an additional annual fee of 1/20 of one percent of the maximum aggregate offering price at which the securities are to be offered in this state during the notice filing period. The fee must be paid at the time of the initial filing and thereafter in connection with each renewal no later than July 1 of each year and must be sufficient to cover the shares the issuer expects to sell in this state over the next 12 months. If during a current notice filing the issuer determines it is likely to sell shares in excess of the shares for which fees have been paid to the commissioner, the issuer shall submit an amended notice filing to the commissioner under section 80A.122, subdivision 1, clause (3), together with a fee of 1/20 of one percent of the maximum aggregate offering price of the additional shares. Shares for which a fee has been paid, but which have not been sold at the time of expiration of the notice filing, may not be sold unless an additional fee to cover the shares has been paid to the commissioner as provided in this section and section 80A.122, subdivision 4a. If the filing is made in connection with redeemable

366.1 securities issued by such a company or trust, there is no maximum fee for securities filings
366.2 made according to this paragraph. If the filing is made in connection with any other
366.3 federal covered security under Section 18(b)(2) of the Securities Act of 1933, there is an
366.4 additional fee of one-tenth of one percent of the maximum aggregate offering price at
366.5 which the securities are to be offered in this state, and the combined fees shall not exceed
366.6 \$300. Beginning with fiscal year 2001 and continuing each fiscal year thereafter, as of the
366.7 last day of each fiscal year, the commissioner shall determine the total amount of all fees
366.8 that were collected under this paragraph in connection with any filings made for that fiscal
366.9 year for securities of an open-end investment company on behalf of a security that is a
366.10 federal covered security pursuant to section 18(b)(2) of the Securities Act of 1933. To the
366.11 extent the total fees collected by the commissioner in connection with these filings exceed
366.12 ~~\$25,600,000~~ \$31,385,000 in a fiscal year, the commissioner shall refund, on a pro rata
366.13 basis, to all persons who paid any fees for that fiscal year, the amount of fees collected by
366.14 the commissioner in excess of ~~\$25,600,000~~ \$31,385,000. No individual refund is required
366.15 of amounts of \$100 or less for a fiscal year.

366.16 **EFFECTIVE DATE.** This section is effective beginning for refunds paid for fiscal
366.17 year 2008.

367.13 corporations based on net income. These rules or practices may be either formal laws,

368.11 (d) The commissioner shall revoke a foreign jurisdiction's listing under paragraph
368.12 (b) or (c), as applicable, if the United States enters into a tax treaty or other agreement

369.32 under section 168(k)(1)(A) and (k)(4)(A) and the activity generates a loss for the taxable
369.33 year that the taxpayer is not allowed to claim for the taxable year, "the depreciation

373.6 **EFFECTIVE DATE.** This section is effective for taxable years beginning after
373.7 December 31, 2008, provided that for taxable years beginning after December 31,
373.8 2007, and before January 1, 2009, the subtraction under clause (10) is not allowed to
373.9 foreign operating corporations and is limited to income paid to the corporation by a
373.10 foreign corporation that is part of the unitary business for the use of or privilege of using
373.11 outside of the United States patents, copyrights, secret processes and formulas, good will,
373.12 know-how, trademarks, trade brands, franchises, and other like property and is further
373.13 limited to the extent those items are included in the corporation's federal taxable income
373.14 for the taxable year.

373.15 Sec. 6. Minnesota Statutes 2006, section 290.17, subdivision 4, is amended to read:

373.16 Subd. 4. **Unitary business principle.** (a) If a trade or business conducted wholly
373.17 within this state or partly within and partly without this state is part of a unitary business,
373.18 the entire income of the unitary business is subject to apportionment pursuant to section
373.19 290.191. Notwithstanding subdivision 2, paragraph (c), none of the income of a unitary
373.20 business is considered to be derived from any particular source and none may be allocated
373.21 to a particular place except as provided by the applicable apportionment formula. The
373.22 provisions of this subdivision do not apply to business income subject to subdivision 5,
373.23 income of an insurance company, or income of an investment company determined under
373.24 section 290.36.

373.25 (b) The term "unitary business" means business activities or operations which
373.26 result in a flow of value between them. The term may be applied within a single legal
373.27 entity or between multiple entities and without regard to whether each entity is a sole
373.28 proprietorship, a corporation, a partnership or a trust.

373.29 (c) Unity is presumed whenever there is unity of ownership, operation, and use,
373.30 evidenced by centralized management or executive force, centralized purchasing,
373.31 advertising, accounting, or other controlled interaction, but the absence of these
373.32 centralized activities will not necessarily evidence a nonunitary business. Unity is also
373.33 presumed when business activities or operations are of mutual benefit, dependent upon or
373.34 contributory to one another, either individually or as a group.

374.1 (d) Where a business operation conducted in Minnesota is owned by a business
374.2 entity that carries on business activity outside the state different in kind from that
374.3 conducted within this state, and the other business is conducted entirely outside the state, it
374.4 is presumed that the two business operations are unitary in nature, interrelated, connected,
374.5 and interdependent unless it can be shown to the contrary.

374.6 (e) Unity of ownership is not deemed to exist when a corporation is involved unless
374.7 that corporation is a member of a group of two or more business entities and more than 50
374.8 percent of the voting stock of each member of the group is directly or indirectly owned
374.9 by a common owner or by common owners, either corporate or noncorporate, or by one
374.10 or more of the member corporations of the group. For this purpose, the term "voting
374.11 stock" shall include membership interests of mutual insurance holding companies formed
374.12 under section 66A.40.

374.13 (f) The net income and apportionment factors under section 290.191 or 290.20 of
374.14 foreign corporations and other foreign entities which are part of a unitary business shall
374.15 not be included in the net income or the apportionment factors of the unitary business.
374.16 A foreign corporation or other foreign entity which is required to file a return under this
374.17 chapter shall file on a separate return basis. ~~The net income and apportionment factors~~
374.18 ~~under section 290.191 or 290.20 of foreign operating corporations shall not be included in~~
374.19 ~~the net income or the apportionment factors of the unitary business except as provided in~~
374.20 ~~paragraph (g).~~

374.21 ~~(g) The adjusted net income of a foreign operating corporation shall be deemed to~~
374.22 ~~be paid as a dividend on the last day of its taxable year to each shareholder thereof, in~~
374.23 ~~proportion to each shareholder's ownership, with which such corporation is engaged in~~
374.24 ~~a unitary business. Such deemed dividend shall be treated as a dividend under section~~
374.25 ~~290.21, subdivision 4.~~

374.26 ~~Dividends actually paid by a foreign operating corporation to a corporate shareholder~~
374.27 ~~which is a member of the same unitary business as the foreign operating corporation shall~~
374.28 ~~be eliminated from the net income of the unitary business in preparing a combined report~~

~~(j)~~ (j) If a corporation has been divested from a unitary business and is included in a combined report for a fractional part of the common accounting period of the combined report:

16B.281 SALE AND DISPOSITION OF SURPLUS STATE-OWNED LAND.

Subd. 2. **Certification required.** On or before July 1 of each year, the head of each department or agency having control and supervision over any state-owned land, the sale or disposition of which is not otherwise provided for by law, shall certify in writing to the commissioner whether there is any state-owned land under control and supervision of that department or agency that is no longer needed. If the certification discloses lands no longer needed for a department or agency, the head of the department or agency shall include in the certification a description of the lands and the reasons why the lands are no longer needed.

Subd. 4. **Executive Council approval.** Within 60 days after the receipt of the notification from the commissioner, the Executive Council shall approve or disapprove the commissioner's determinations. If the determinations are approved, the lands shall be offered for sale or otherwise disposed of as provided for in sections 16B.281 to 16B.287. If the Executive Council disapproves the determinations, the same determinations regarding the surplus lands may not be resubmitted to the Executive Council until at least six months after the date of the disapproval.

Subd. 5. **Report required.** On or before November 15 of each even-numbered year, the commissioner shall report to the governor and the legislature the following information for the two-year period immediately preceding:

- (1) the lands that state departments and agencies have certified as no longer needed;
- (2) the lands that have been determined to be no longer needed for state purposes, regarding which the Executive Council has been formally notified; and
- (3) the lands that have been publicly sold.

16B.285 RECORD OF CONTRACTS FOR DEED AND ASSIGNMENTS; EFFECT.

(a) A contract for deed issued for land sold according to sections 16B.281 to 16B.287, or any assignment thereof, executed and acknowledged as provided by law for the execution and acknowledgment of deeds, may be recorded in the office of the county recorder of any county in the state in the same manner and with like effect as deeds are therein recorded. The contract for deed entitles the purchaser, or the heirs and assigns of the purchaser, to the exclusive possession of the land therein described, provided its terms have been in all respects complied with, and the contract for deed and the record thereof is conclusive evidence of title in the purchaser, or the heirs and assigns of the purchaser, for all purposes and against all persons, except the state of Minnesota in case of forfeiture.

(b) When a contract for deed or partial interest in a contract for deed is assigned, the assignment must be made on a form provided by the commissioner, executed by the assignor and assignee, and consented to by the commissioner. An assignment of a partial interest must state that payment to date has been made to the commissioner.

(c) When the assignee satisfies the terms of the assignment and corresponding terms of the contract for deed, the commissioner shall issue a deed to the assignee.

84.961 PRAIRIE LAND MANAGEMENT.

Subd. 4. **Prairie biologist.** The position of prairie biologist is established in the Department of Natural Resources to plan, develop, and manage native prairie reserves and prairie land under this section. 121A.67 AVERSIVE AND DEPRIVATION PROCEDURES.

Subdivision 1. **Rules.** The commissioner, after consultation with interested parent organizations and advocacy groups, the Minnesota Administrators for Special Education, the Minnesota Association of School Administrators, Education Minnesota, the Minnesota School Boards Association, the Minnesota Police Officers Association, a representative of a bargaining unit that represents paraprofessionals, the Elementary School Principals Association, and the Secondary School Principals Association, must amend rules governing the use of aversive and deprivation procedures by school district employees or persons under contract with a school district. The rules must:

(1) promote the use of positive behavioral interventions and supports and must not encourage or require the use of aversive or deprivation procedures;

(2) require that planned application of aversive and deprivation procedures only be instituted after completing a functional behavior assessment and developing a behavior intervention plan that is included in or maintained with the individual education plan;

(3) require educational personnel to notify a parent or guardian of a pupil with an individual education plan on the same day aversive or deprivation procedures are used in an emergency or in writing within two school days if district personnel are unable to provide same-day notice;

(4) establish health and safety standards for the use of locked time-out procedures that require a safe environment, continuous monitoring of the child, ventilation, adequate space, a locking mechanism that disengages automatically when not continuously engaged by school personnel, and full compliance with state and local fire and building codes, including state rules on time-out rooms;

(5) contain a list of prohibited procedures;

(6) consolidate and clarify provisions related to behavior intervention plans;

(7) require school districts to register with the commissioner any room used for locked time-out, which the commissioner must monitor by making announced and unannounced on-site visits;

(8) place a student in locked time-out only if the intervention is:

(i) part of the comprehensive behavior intervention plan that is included in or maintained with the student's individual education plan, and the plan uses positive behavioral interventions and supports, and data support its continued use; or

(ii) used in an emergency for the duration of the emergency only; and

(9) require a providing school district or cooperative to establish an oversight committee composed of at least one member with training in behavioral analysis and other appropriate education personnel to annually review aggregate data regarding the use of aversive and deprivation procedures.

Subd. 2. **Removal by peace officer.** If a pupil who has an individual education plan is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or a school staff person during the school day twice in a 30-day period, the pupil's individual education program team must meet to determine if the pupil's individual education plan is adequate or if additional evaluation is needed.

125A.16 PLACEMENT IN STATE INSTITUTION; RESPONSIBILITY.

(a) Responsibility for special instruction and services for a child with a disability placed in a state institution on a temporary basis must be determined in the following manner:

(1) the legal residence of the child is the district in which the child's parent resides, if living, or the child's guardian; and

(2) when the educational needs of the child can be met through the institutional program, the costs for the instruction must be paid by the department to which the institution is assigned with exception of children placed in fee-for-service facilities operated by the commissioner of corrections whose cost for such instruction shall be paid as outlined in section 125A.15.

(b) When it is determined that the child can benefit from public school enrollment, provision for the instruction shall be made in the following manner:

(1) determination of eligibility for special instruction and services must be made by the commissioner and the commissioner of the department responsible for the institution;

APPENDIX

Repealed Minnesota Statutes: H1812-4

(3) the district of the child's residence shall pay the tuition and other program costs excluding transportation costs and may claim general education aid for the child. Transportation costs must be paid by the district where the institution is located and the state must pay transportation aid to that district.

125A.19 NONRESIDENT EDUCATION; BILLING.

All tuition billing for the education of nonresident children pursuant to sections 125A.03 to 125A.24 and 125A.65 must be done on uniform forms prescribed by the commissioner. The billing shall contain an itemized statement of costs that are being charged to the district of residence. One copy of each billing must be filed with the commissioner.

125A.20 TRANSPORTATION AID AGREEMENTS.

Notwithstanding the provisions of sections 125A.11, 125A.14, and 125A.15, when a child receives special instruction and services in a day program outside the resident district, the resident district and the nonresident district where the child is placed may enter into an agreement providing for the nonresident district to pay the cost of any particular transportation categories specified in section 123B.92, subdivision 1, and claim transportation aid for those categories. In this case, the nonresident district may not obtain any payment from the resident district for the categories covered by the agreement.

The surcharge must be deposited in the vehicle services operating account in the special revenue fund.

256.741 CHILD SUPPORT AND MAINTENANCE.

Subd. 15. **Child support distribution.** The state shall distribute current child support and maintenance received by the state to an individual who assigns the right to that support under subdivision 2, paragraph (a).

256.969 PAYMENT RATES.

Subd. 27. **Quarterly payment adjustment.** (a) In addition to any other payment under this section, the commissioner shall make the following payments effective July 1, 2007:

(1) for a hospital located in Minnesota and not eligible for payments under subdivision 20, with a medical assistance inpatient utilization rate greater than 17.8 percent of total patient days as of the base year in effect on July 1, 2005, a payment equal to 13 percent of the total of the operating and property payment rates;

(2) for a hospital located in Minnesota in a specified urban area outside of the seven-county metropolitan area and not eligible for payments under subdivision 20, with a medical assistance inpatient utilization rate less than or equal to 17.8 percent of total patient days as of the base year in effect on July 1, 2005, a payment equal to ten percent of the total of the operating and property payment rates. For purposes of this clause, the following cities are specified urban areas: Detroit Lakes, Rochester, Willmar, Alexandria, Austin, Cambridge, Brainerd, Hibbing, Mankato, Duluth, St. Cloud, Grand Rapids, Wyoming, Fergus Falls, Albert Lea, Winona, Virginia, Thief River Falls, and Wadena;

(3) for a hospital located in Minnesota but not located in a specified urban area under clause (2), with a medical assistance inpatient utilization rate less than or equal to 17.8 percent of total patient days as of the base year in effect on July 1, 2005, a payment equal to four percent of

the total of the operating and property payment rates. A hospital located in Woodbury and not in existence during the base year shall be reimbursed under this clause; and

(4) in addition to any payments under clauses (1) to (3), for a hospital located in Minnesota and not eligible for payments under subdivision 20 with a medical assistance inpatient utilization rate of 17.9 percent of total patient days as of the base year in effect on July 1, 2005, a payment equal to eight percent of the total of the operating and property payment rates, and for a hospital located in Minnesota and not eligible for payments under subdivision 20 with a medical assistance inpatient utilization rate of 59.6 percent of total patient days as of the base year in effect on July 1, 2005, a payment equal to nine percent of the total of the operating and property payment rates. After making any ratable adjustments required under paragraph (b), the commissioner shall proportionately reduce payments under clauses (2) and (3) by an amount needed to make payments under this clause.

(b) The state share of payments under paragraph (a) shall be equal to federal reimbursements to the commissioner to reimburse expenditures reported under section 256B.199. The commissioner shall ratably reduce or increase payments under this subdivision in order to ensure that these payments equal the amount of reimbursement received by the commissioner under section 256B.199, except that payments shall be ratably reduced by an amount equivalent to the state share of a four percent reduction in MinnesotaCare and medical assistance payments for inpatient hospital services. Effective July 1, 2009, the ratable reduction shall be equivalent to the state share of a three percent reduction in these payments.

(c) The payments under paragraph (a) shall be paid quarterly based on each hospital's operating and property payments from the second previous quarter, beginning on July 15, 2007, or upon federal approval of federal reimbursements under section 256B.199, whichever occurs later.

(d) The commissioner shall not adjust rates paid to a prepaid health plan under contract with the commissioner to reflect payments provided in paragraph (a).

(e) The commissioner shall maximize the use of available federal money for disproportionate share hospital payments and shall maximize payments to qualifying hospitals. In order to accomplish these purposes, the commissioner may, in consultation with the nonstate entities identified in section 256B.199, adjust, on a pro rata basis if feasible, the amounts reported by nonstate entities under section 256B.199 when application for reimbursement is made to the federal government, and otherwise adjust the provisions of this subdivision. The commissioner shall utilize a settlement process based on finalized data to maximize revenue under section 256B.199 and payments under this section.

(f) For purposes of this subdivision, medical assistance does not include general assistance medical care.

256J.24 FAMILY COMPOSITION; ASSISTANCE STANDARDS; EXIT LEVEL.

Subd. 6. **Family cap.** (a) MFIP assistance units shall not receive an increase in the cash portion of the transitional standard as a result of the birth of a child, unless one of the conditions under paragraph (b) is met. The child shall be considered a member of the assistance unit according to subdivisions 1 to 3, but shall be excluded in determining family size for purposes of determining the amount of the cash portion of the transitional standard under subdivision 5. The child shall be included in determining family size for purposes of determining the food portion of the transitional standard. The transitional standard under this subdivision shall be the total of the cash and food portions as specified in this paragraph. The family wage level under this subdivision shall be based on the family size used to determine the food portion of the transitional standard.

(b) A child shall be included in determining family size for purposes of determining the amount of the cash portion of the MFIP transitional standard when at least one of the following conditions is met:

(1) for families receiving MFIP assistance on July 1, 2003, the child is born to the adult parent before May 1, 2004;

(2) for families who apply for the diversionary work program under section 256J.95 or MFIP assistance on or after July 1, 2003, the child is born to the adult parent within ten months of the date the family is eligible for assistance;

(3) the child was conceived as a result of a sexual assault or incest, provided that the incident has been reported to a law enforcement agency;

(4) the child's mother is a minor caregiver as defined in section 256J.08, subdivision 59, and the child, or multiple children, are the mother's first birth; or

(5) any child previously excluded in determining family size under paragraph (a) shall be included if the adult parent or parents have not received benefits from the diversionary work program under section 256J.95 or MFIP assistance in the previous ten months. An adult parent or

APPENDIX

Repealed Minnesota Statutes: H1812-4

parents who reapply and have received benefits from the diversionary work program or MFIP assistance in the past ten months shall be under the ten-month grace period of their previous application under clause (2).

(c) Income and resources of a child excluded under this subdivision, except child support received or distributed on behalf of this child, must be considered using the same policies as for other children when determining the grant amount of the assistance unit.

(d) The caregiver must assign support and cooperate with the child support enforcement agency to establish paternity and collect child support on behalf of the excluded child. Failure to cooperate results in the sanction specified in section 256J.46, subdivisions 2 and 2a. Current support paid on behalf of the excluded child shall be distributed according to section 256.741, subdivision 15.

(e) County agencies must inform applicants of the provisions under this subdivision at the time of each application and at recertification.

(f) Children excluded under this provision shall be deemed MFIP recipients for purposes of child care under chapter 119B.

259.83 POSTADOPTION SERVICES.

Subd. 3. **Identifying information.** In adoptive placements made on and after August 1, 1982, the agency responsible for or supervising the placement shall obtain from the birth parents named on the original birth record an affidavit attesting to the following:

(a) That the birth parent has been informed of the right of the adopted person at the age specified in section 259.89 to request from the agency the name, last known address, birthdate and birthplace of the birth parents named on the adopted person's original birth record;

(b) That each birth parent may file in the agency record an affidavit objecting to the release of any or all of the information listed in clause (a) about that birth parent, and that parent only, to the adopted person;

(c) That if the birth parent does not file an affidavit objecting to release of information before the adopted person reaches the age specified in section 259.89, the agency will provide the adopted person with the information upon request;

(d) That notwithstanding the filing of an affidavit, the adopted person may petition the court according to section 259.61 for release of identifying information about a birth parent;

(e) That the birth parent shall then have the opportunity to present evidence to the court that nondisclosure of identifying information is of greater benefit to the birth parent than disclosure to the adopted person; and

(f) That any objection filed by the birth parent shall become invalid when withdrawn by the birth parent or when the birth parent dies. Upon receipt of a death record for the birth parent, the agency shall release the identifying information to the adopted person if requested.

259.89 ACCESS TO ORIGINAL BIRTH RECORD INFORMATION.

Subd. 2. **Search.** Within six months after receiving notice of the request of the adopted person, the commissioner of human services shall make complete and reasonable efforts to notify each parent identified on the original birth record of the adopted person. The commissioner, the commissioner's agents, and licensed child-placing agencies may charge a reasonable fee to the adopted person for the cost of making a search pursuant to this subdivision. Every licensed child-placing agency in the state shall cooperate with the commissioner of human services in efforts to notify an identified parent. All communications under this subdivision are confidential pursuant to section 13.02, subdivision 3.

For purposes of this subdivision, "notify" means a personal and confidential contact with the birth parents named on the original birth record of the adopted person. The contact shall not be by mail and shall be by an employee or agent of the licensed child-placing agency which processed the pertinent adoption or some other licensed child-placing agency designated by the commissioner of human services. The contact shall be evidenced by filing with the commissioner of health an affidavit of notification executed by the person who notified each parent certifying that each parent was given the following information:

(a) The nature of the information requested by the adopted person;

(b) The date of the request of the adopted person;

(c) The right of the parent to file, within 30 days of receipt of the notice, an affidavit with the commissioner of health stating that the information on the original birth record should not be disclosed;

APPENDIX

Repealed Minnesota Statutes: H1812-4

(d) The right of the parent to file a consent to disclosure with the commissioner of health at any time; and

(e) The effect of a failure of the parent to file either a consent to disclosure or an affidavit stating that the information on the original birth record should not be disclosed.

Subd. 3. **Failure to notify parent.** If the commissioner of human services certifies to the commissioner of health an inability to notify a parent identified on the original birth record within six months, and if neither identified parent has at any time filed an unrevoked consent to disclosure with the commissioner of health, the information may be disclosed as follows:

(a) If the person was adopted prior to August 1, 1977, the person may petition the appropriate court for disclosure of the original birth record pursuant to section 259.61, and the court shall grant the petition if, after consideration of the interests of all known persons involved, the court determines that disclosure of the information would be of greater benefit than nondisclosure.

(b) If the person was adopted on or after August 1, 1977, the commissioner of health shall release the requested information to the adopted person.

If either parent identified on the birth record has at any time filed with the commissioner of health an unrevoked affidavit stating that the information on the original birth record should not be disclosed, the commissioner of health shall not disclose the information to the adopted person until the affidavit is revoked by the filing of a consent to disclosure by that parent.

Subd. 4. **Release of information after notice.** If, within six months, the commissioner of human services certifies to the commissioner of health notification of each parent identified on the original birth record pursuant to subdivision 2, the commissioner of health shall disclose the information requested by the adopted person 31 days after the date of the latest notice to either parent. This disclosure will occur if, at any time during the 31 days both of the parents identified on the original birth record have filed a consent to disclosure with the commissioner of health and neither consent to disclosure has been revoked by the subsequent filing by a parent of an affidavit stating that the information should not be disclosed. If only one parent has filed a consent to disclosure and the consent has not been revoked, the commissioner of health shall disclose, to the adopted person, original birth record information on the consenting parent only.

Subd. 5. **Death of parent.** Notwithstanding the provisions of subdivisions 3 and 4, if a parent named on the original birth record of an adopted person has died, and at any time prior to the death the parent has filed an unrevoked affidavit with the commissioner of health stating that the information on the original birth record should not be disclosed, the adopted person may petition the court of original jurisdiction of the adoption proceeding for disclosure of the original birth record pursuant to section 259.61. The court shall grant the petition if, after consideration of the interests of all known persons involved, the court determines that disclosure of the information would be of greater benefit than nondisclosure.

290.01 DEFINITIONS.

Subd. 19. **Fee and tax.** (a) "Tax" means any fee, charge, exaction, or assessment imposed by a governmental entity on an individual, person, entity, transaction, good, service, or other thing. It excludes a price that an individual or entity chooses voluntarily to pay in return for receipt of goods or services provided by the governmental entity. (b) For purposes of applying the laws of this state, a "fee," "charge," or other similar term that satisfies the functional requirements of paragraph (a) must be treated as a tax for all purposes, regardless of whether the statute or law names or describes it as a tax. The provisions of this subdivision do not preempt or supersede limitations under law that apply to fees, charges, or assessments.

(c) This subdivision is not intended to extend or limit article 4, section 18, of the Minnesota Constitution.
