CRIMINAL JUSTICE

Section 1. Minnesota Statutes 2006, section 256D.03, subdivision 3, is amended to read:

Subd. 3. **General assistance medical care; eligibility.** (a) General assistance medical care may be paid for any person who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spenddown of excess income according to section 256B.056, subdivision 5, or MinnesotaCare as defined in paragraph (b), except as provided in paragraph (c), and:

(1) who is receiving assistance under section 256D.05, except for families with children who are eligible under Minnesota family investment program (MFIP), or who is having a payment made on the person's behalf under sections 256I.01 to 256I.06; or

(2) who is a resident of Minnesota; and

(i) who has gross countable income not in excess of 75 percent of the federal poverty guidelines for the family size, using a six-month budget period and whose equity in assets is not in excess of \$1,000 per assistance unit. General assistance medical care is not available for applicants or enrollees who are otherwise eligible for medical assistance but fail to verify their assets. Enrollees who become eligible for medical assistance shall be terminated and transferred to medical assistance. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in section 256B.056, subdivision 3, with the following exception: the maximum amount of undistributed funds in a trust that could be distributed to or on behalf of the beneficiary by the trustee, assuming the full exercise of the trustee's discretion under the terms of the trust, must be applied toward the asset maximum;

(ii) who has gross countable income above 75 percent of the federal poverty guidelines but not in excess of 175 percent of the federal poverty guidelines for the family size, using a six-month budget period, whose equity in assets is not in excess of the limits in section 256B.056, subdivision 3c, and who applies during an inpatient hospitalization; or

(iii) the commissioner shall adjust the income standards under this section each July 1 by the annual update of the federal poverty guidelines following publication by the United States Department of Health and Human Services.

(b) Effective for applications and renewals processed on or after September 1, 2006, general assistance medical care may not be paid for applicants or recipients who are adults with dependent children under 21 whose gross family income is equal to or less than 275 percent of the federal poverty guidelines who are not described in paragraph (e).

(c) Effective for applications and renewals processed on or after September 1, 2006, general assistance medical care may be paid for applicants and recipients who meet all eligibility requirements of paragraph (a), clause (2), item (i), for a temporary period beginning the date of application. Immediately following approval of general assistance medical care, enrollees shall be enrolled in MinnesotaCare under section 256L.04, subdivision 7, with covered services as provided in section 256L.03 for the rest of the six-month eligibility period, until their six-month renewal.

(d) To be eligible for general assistance medical care following enrollment in MinnesotaCare as required by paragraph (c), an individual must complete a new application.

(e) Applicants and recipients eligible under paragraph (a), clause (1); who have applied for and are awaiting a determination of blindness or disability by the state medical review team or a determination of eligibility for Supplemental Security Income or Social Security Disability Insurance by the Social Security Administration; who fail to meet the requirements of section 256L.09, subdivision 2; who are classified as end-stage renal disease beneficiaries in the Medicare program; who are enrolled in private health care coverage as defined in section 256B.02, subdivision 9; who are eligible under paragraph (j); or who receive treatment funded pursuant to section 254B.02 are exempt from the MinnesotaCare enrollment requirements of this subdivision.

(f) For applications received on or after October 1, 2003, eligibility may begin no earlier than the date of application. For individuals eligible under paragraph (a), clause (2), item (i), a redetermination of eligibility must occur every 12 months. Individuals are eligible under paragraph (a), clause (2), item (ii), only during inpatient hospitalization but may reapply if there is a subsequent period of inpatient hospitalization.

(g) Beginning September 1, 2006, Minnesota health care program applications and renewals completed by recipients and applicants who are persons described in paragraph (c) and submitted to the county agency shall be determined for MinnesotaCare eligibility by the county agency. If all other eligibility requirements of this subdivision are met, eligibility for general assistance medical care shall be available in any month during which MinnesotaCare enrollment is pending. Upon notification of eligibility for MinnesotaCare, notice of termination for eligibility for general assistance medical care shall be sent to an applicant or recipient. If all other eligibility requirements of this subdivision are met, eligibility for general assistance medical care shall be available until enrollment in MinnesotaCare subject to the provisions of paragraphs (c), (e), and (f).

(h) The date of an initial Minnesota health care program application necessary to begin a determination of eligibility shall be the date the applicant has provided a name, address, and Social Security number, signed and dated, to the county agency or the Department of Human Services. If the applicant is unable to provide a name, address, Social Security number, and signature when health care is delivered due to a medical condition or disability, a health care provider may act on an applicant's behalf to establish the date of an initial Minnesota health care program application by providing the county agency or Department of Human Services with provider identification and a temporary unique identifier for the applicant. The applicant must complete the remainder of the

4.1 application and provide necessary verification before eligibility can be determined. The
4.2 county agency must assist the applicant in obtaining verification if necessary.

4.3 (i) County agencies are authorized to use all automated databases containing
4.4 information regarding recipients' or applicants' income in order to determine eligibility for
4.5 general assistance medical care or MinnesotaCare. Such use shall be considered sufficient
4.6 in order to determine eligibility and premium payments by the county agency.

4.7 (j) General assistance medical care is not available for a person in a correctional
4.8 facility unless the person is detained by law for less than one year in a county correctional
4.9 or detention facility as a person accused or convicted of a crime, or admitted as an
4.10 inpatient to a hospital on a criminal hold order, and the person is a recipient of general
4.11 assistance medical care at the time the person is detained by law or admitted on a criminal
4.12 hold order and as long as the person continues to meet other eligibility requirements
4.13 of this subdivision.

4.14 (k) General assistance medical care is not available for applicants or recipients who
4.15 do not cooperate with the county agency to meet the requirements of medical assistance.

4.16 (l) In determining the amount of assets of an individual eligible under paragraph
4.17 (a), clause (2), item (i), there shall be included any asset or interest in an asset, including
4.18 an asset excluded under paragraph (a), that was given away, sold, or disposed of for
4.19 less than fair market value within the 60 months preceding application for general
4.20 assistance medical care or during the period of eligibility. Any transfer described in this
4.21 paragraph shall be presumed to have been for the purpose of establishing eligibility for
4.22 general assistance medical care, unless the individual furnishes convincing evidence to
4.23 establish that the transaction was exclusively for another purpose. For purposes of this
4.24 paragraph, the value of the asset or interest shall be the fair market value at the time it
4.25 was given away, sold, or disposed of, less the amount of compensation received. For any
4.26 uncompensated transfer, the number of months of ineligibility, including partial months,
4.27 shall be calculated by dividing the uncompensated transfer amount by the average monthly
4.28 per person payment made by the medical assistance program to skilled nursing facilities
4.29 for the previous calendar year. The individual shall remain ineligible until this fixed period
4.30 has expired. The period of ineligibility may exceed 30 months, and a reapplication for
4.31 benefits after 30 months from the date of the transfer shall not result in eligibility unless
4.32 and until the period of ineligibility has expired. The period of ineligibility begins in the
4.33 month the transfer was reported to the county agency, or if the transfer was not reported,
4.34 the month in which the county agency discovered the transfer, whichever comes first. For
4.35 applicants, the period of ineligibility begins on the date of the first approved application.

(m) When determining eligibility for any state benefits under this subdivision, the income and resources of all noncitizens shall be deemed to include their sponsor's income and resources as defined in the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, title IV, Public Law 104-193, sections 421 and 422, and subsequently set out in federal rules.

(n) Undocumented noncitizens and nonimmigrants are ineligible for general assistance medical care. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented noncitizen is an individual who resides in the United States without the approval or acquiescence of the Immigration and Naturalization Service.

(o) Notwithstanding any other provision of law, a noncitizen who is ineligible for medical assistance due to the deeming of a sponsor's income and resources, is ineligible for general assistance medical care.

(p) Effective July 1, 2003, general assistance medical care emergency services end.

(q) Effective July 1, 2007, individuals in a correctional facility who have been diagnosed with a mental illness as defined in section 245.462, subdivision 20, are eligible for general assistance medical care for three months from the date of release from confinement.

For the purposes of this section, "part-time student" means a student participating in at least 50 percent of the full-time curriculum. An institution may elect to allow students to waive participation in its student health insurance program or any part of it if the institution permitting such waivers requires students waiving participation to certify in writing, prior to any academic year in which they do not participate in the institution's plan, that they are participating in a health insurance plan having comparable coverage.

(b) An individual shall be exempt from this section if the individual files a sworn affidavit with the individual's public or private institution of higher education that the individual does not have creditable coverage and that the individual's sincerely held religious beliefs are the basis of the individual's refusal to obtain and maintain creditable coverage.

Subd. 2. **Report.** Each public and private institution of higher education shall submit an annual report to the commissioner of health detailing its procedures for complying with the provisions of this section. Prior to the implementation of this section, the commissioner of health shall submit a report to the house and senate committees on health policy and finance that includes, but is not limited to, an analysis of the number of students

13.15 (2) Appropriations made to the account do not cancel and are available until
13.16 expended, except that at the end of the biennium, any remaining balance in the account
13.17 that is not committed by contract and is not needed to fulfill existing commitments shall
13.18 cancel to the fund.

13.19 (c) To be eligible to participate in the loan forgiveness program, an individual must

13.23 the nonprofit agency for a three-year full-time term, which shall begin no later than 30
13.24 days following completion of the required training.

13.30 their education.

13.31 (e) For each year that a participant meets the service obligation required under
13.32 paragraph (c), the commissioner shall make annual disbursements directly to the
13.33 participant equivalent to 25 percent of the participant's loan indebtedness, not to exceed
13.34 the balance of the participant's qualifying educational loans. Before receiving loan
13.35 repayment disbursements, and as requested, the participant and the employer must

14.1 complete and return to the commissioner an affidavit of practice form provided by the
14.2 commissioner verifying that the participant is practicing as required under paragraph (c).
14.3 The participant must provide the commissioner with verification that the full amount of
14.4 the loan repayment disbursement received by the participant has been applied toward
14.5 the designated loans. After each disbursement, verification must be received by the
14.6 commissioner and approved before the next loan repayment disbursement is made.

14.7 (f) If a participant does not fulfill the minimum commitment of service under
14.8 paragraph (c), the commissioner shall collect from the participant the full amount paid
14.9 to the participant under the loan forgiveness program plus interest at the rate established
14.10 under section 270C.40. The commissioner shall deposit the money collected in the
14.11 general fund. The commissioner shall allow waivers of all or part of the money owed

The receiving agency shall immediately report the absence to the sending agency. The receiving state has the primary responsibility for, and the authority to direct, the return of these individuals within its borders and is liable for the cost of the action to the extent that it would be liable for costs of its own resident.

39.6 terms of other participants considering the nature of the population served. Payment for
39.7 services provided pursuant to this subdivision shall be as provided to medical assistance
39.8 vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For
39.9 payments made during fiscal year 1990 and later years, the commissioner shall consult
39.10 with an independent actuary in establishing prepayment rates, but shall retain final control
39.11 over the rate methodology.

39.12 (d) Recipients eligible under subdivision 3, paragraph (a), shall pay the following
39.13 co-payments for services provided on or after October 1, 2003:

39.15 (2) \$25 for nonemergency visits to a hospital-based emergency room;

39.16 (3) \$3 per brand-name drug prescription and \$1 per generic drug prescription,

39.20 (e) Co-payments shall be limited to one per day per provider for nonpreventive visits,
39.21 eyeglasses, and nonemergency visits to a hospital-based emergency room. Recipients of
39.22 general assistance medical care are responsible for all co-payments in this subdivision.
39.23 The general assistance medical care reimbursement to the provider shall be reduced by
39.24 the amount of the co-payment, except that reimbursement for prescription drugs shall not
39.25 be reduced once a recipient has reached the \$12 per month maximum for prescription
39.26 drug co-payments. The provider collects the co-payment from the recipient. Providers
39.27 may not deny services to recipients who are unable to pay the co-payment, except as
39.28 provided in paragraph (f).

39.29 (f) If it is the routine business practice of a provider to refuse service to an individual
39.30 with uncollected debt, the provider may include uncollected co-payments under this
39.31 section. A provider must give advance notice to a recipient with uncollected debt before
39.32 services can be denied.

39.33 (g) Any county may, from its own resources, provide medical payments for which
39.34 state payments are not made.

39.35 (h) Chemical dependency services that are reimbursed under chapter 254B must not

(i) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

(j) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

(k) Inpatient and outpatient payments shall be reduced by five percent, effective July 1, 2003. This reduction is in addition to the five percent reduction effective July 1, 2003, and incorporated by reference in paragraph (i).

(l) Payments for all other health services except inpatient, outpatient, and pharmacy services shall be reduced by five percent, effective July 1, 2003.

(m) Payments to managed care plans shall be reduced by five percent for services provided on or after October 1, 2003.

(n) A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(o) Fee-for-service payments for nonpreventive visits shall be reduced by \$3 for services provided on or after January 1, 2006. For purposes of this subdivision, a visit means an episode of service which is required because of a recipient's symptoms, diagnosis, or established illness, and which is delivered in an ambulatory setting by a physician or physician ancillary, chiropractor, podiatrist, advance practice nurse, audiologist, optician, or optometrist.

(p) Payments to managed care plans shall not be increased as a result of the removal of the \$3 nonpreventive visit co-payment effective January 1, 2006.

(q) Payments for mental health services added as covered benefits after December 1, 2007, are not subject to the reductions in paragraphs (i), (k), (l), and (m).

Sec. 22. Minnesota Statutes 2006, section 256D.44, subdivision 5, is amended to read:

Subd. 5. **Special needs.** In addition to the state standards of assistance established in subdivisions 1 to 4, payments are allowed for the following special needs of recipients of Minnesota supplemental aid who are not residents of a nursing home, a regional treatment center, or a group residential housing facility.

(a) The county agency shall pay a monthly allowance for medically prescribed diets if the cost of those additional dietary needs cannot be met through some other maintenance benefit. The need for special diets or dietary items must be prescribed by a licensed physician. Costs for special diets shall be determined as percentages of the allotment for a one-person household under the thrifty food plan as defined by the United

41.1 States Department of Agriculture. The types of diets and the percentages of the thrifty
41.2 food plan that are covered are as follows:

- 41.3 (1) high protein diet, at least 80 grams daily, 25 percent of thrifty food plan;
- 41.4 (2) controlled protein diet, 40 to 60 grams and requires special products, 100 percent
41.5 of thrifty food plan;
- 41.6 (3) controlled protein diet, less than 40 grams and requires special products, 125
41.7 percent of thrifty food plan;
- 41.8 (4) low cholesterol diet, 25 percent of thrifty food plan;

41.16 (b) Payment for nonrecurring special needs must be allowed for necessary home
41.17 repairs or necessary repairs or replacement of household furniture and appliances using
41.18 the payment standard of the AFDC program in effect on July 16, 1996, for these expenses,
41.19 as long as other funding sources are not available.

41.20 (c) A fee for guardian or conservator service is allowed at a reasonable rate
41.21 negotiated by the county or approved by the court. This rate shall not exceed five percent
41.22 of the assistance unit's gross monthly income up to a maximum of \$100 per month. If the
41.23 guardian or conservator is a member of the county agency staff, no fee is allowed.

41.24 (d) The county agency shall continue to pay a monthly allowance of \$68 for
41.25 restaurant meals for a person who was receiving a restaurant meal allowance on June 1,
41.26 1990, and who eats two or more meals in a restaurant daily. The allowance must continue
41.27 until the person has not received Minnesota supplemental aid for one full calendar month
41.28 or until the person's living arrangement changes and the person no longer meets the criteria
41.29 for the restaurant meal allowance, whichever occurs first.

41.30 (e) A fee of ten percent of the recipient's gross income or \$25, whichever is less,
41.31 is allowed for representative payee services provided by an agency that meets the

41.34 their living arrangement.

41.35 (f) Notwithstanding the language in this subdivision, an amount equal to the
41.36 maximum allotment authorized by the federal Food Stamp Program for a single individual

which is in effect on the first day of ~~January~~ July of the ~~previous~~ current state fiscal year will be added to the standards of assistance established in subdivisions 1 to 4 for individuals under the age of 65 who are relocating from an institution, ~~or~~ an adult mental health residential treatment program under section 256B.0622, or an adult eligible for the community alternatives for disabled individuals waiver, and who are shelter needy. An eligible individual who receives this benefit prior to age 65 may continue to receive the benefit after the age of 65.

"Shelter needy" means that the assistance unit incurs monthly shelter costs that exceed 40 percent of the assistance unit's gross income before the application of this special needs standard. "Gross income" for the purposes of this section is the applicant's or recipient's income as defined in section 256D.35, subdivision 10, or the standard specified in subdivision 3, whichever is greater. A recipient of a federal or state housing subsidy, that limits shelter costs to a percentage of gross income, shall not be considered shelter needy for purposes of this paragraph.

~~(e)~~ (f) When a MinnesotaCare enrollee becomes a member of a prepaid health plan, or changes from one prepaid health plan to another during a calendar year, any charges submitted towards the \$10,000 annual inpatient benefit limit, and any out-of-pocket expenses incurred by the enrollee for inpatient services, that were submitted or incurred prior to enrollment, or prior to the change in health plans, shall be disregarded.

Sec. 25. Minnesota Statutes 2006, section 256L.035, is amended to read:

Enrollees are responsible for all co-payments in this section.

(b) Reimbursement to the providers shall be reduced by the amount of the co-payment, except that reimbursement for prescription drugs shall not be reduced once a recipient has reached the \$20 per month maximum for prescription drug co-payments. The provider collects the co-payment from the recipient. Providers may not deny services to recipients who are unable to pay the co-payment, except as provided in paragraph (c).

(c) If it is the routine business practice of a provider to refuse service to an individual with uncollected debt, the provider may include uncollected co-payments under this section. A provider must give advance notice to a recipient with uncollected debt before services can be denied.

Money received by a provider for pay increases under this section may be used only for increases implemented on or after the first day of the rate period in which the increase is available and must not be used for increases implemented prior to that date.

(e) A copy of the provider's plan for complying with paragraph (c) must be made available to all employees by giving each employee a copy or by posting a copy in an area of the provider's operation to which all employees have access.
