For the purpose of this clause, the term "adverse action" refers to action taken by the entity involved in a report against the person making the report or the person with respect to whom the report was made because of the report, and includes, but is not limited to:

Sec. 6. Minnesota Statutes 2006, section 256B.0911, subdivision 4b, is amended to read:

Subd. 4b. **Exemptions and emergency admissions.** (a) Exemptions from the federal screening requirements outlined in subdivision 4a, paragraphs (b) and (c), are limited to:

- (1) a person who, having entered an acute care facility from a certified nursing facility, is returning to a certified nursing facility;
- (2) a person transferring from one certified nursing facility in Minnesota to another certified nursing facility in Minnesota; and
- (3) a person, 21 years of age or older, who satisfies the following criteria, as specified in Code of Federal Regulations, title 42, section 483.106(b)(2):
 - (i) the person is admitted to a nursing facility directly from a hospital after receiving acute inpatient care at the hospital;
 - (ii) the person requires nursing facility services for the same condition for which care was provided in the hospital; and
 - (iii) the attending physician has certified before the nursing facility admission that the person is likely to receive less than 30 days of nursing facility services.

(b) Persons who are exempt from preadmission screening for purposes of level of care determination include:

(1) persons described in paragraph (a);

(2) an individual who has a contractual right to have nursing facility care paid for indefinitely by the veterans' administration;

(3) an individual enrolled in a demonstration project under section 256B.69, subdivision 8, at the time of application to a nursing facility; and

(4) an individual currently being served under the alternative care program or under a home and community-based services waiver authorized under section 1915(c) of the federal Social Security Act; and

~~(5) individuals admitted to a certified nursing facility for a short-term stay, which is expected to be 14 days or less in duration based upon a physician's certification, and who have been assessed and approved for nursing facility admission within the previous six months. This exemption applies only if the consultation team member determines at the time of the initial assessment of the six-month period that it is appropriate to use the nursing facility for short-term stays and that there is an adequate plan of care for return to the home or community-based setting. If a stay exceeds 14 days, the individual must be referred no later than the first county working day following the 14th resident day for a screening, which must be completed within five working days of the referral. The payment limitations in subdivision 7 apply to an individual found at screening to not meet the level of care criteria for admission to a certified nursing facility.~~

(c) Persons admitted to a Medicaid-certified nursing facility from the community on an emergency basis as described in paragraph (d) or from an acute care facility on a nonworking day must be screened the first working day after admission.

(d) Emergency admission to a nursing facility prior to screening is permitted when all of the following conditions are met:

(2) a physician has determined that delaying admission until preadmission screening is completed would adversely affect the person's health and safety;

(3) there is a recent precipitating event that precludes the client from living safely in the community, such as sustaining an injury, sudden onset of acute illness, or a caregiver's inability to continue to provide care;

(4) the attending physician has authorized the emergency placement and has documented the reason that the emergency placement is recommended; and

(5) the county is contacted on the first working day following the emergency admission.

Transfer of a patient from an acute care hospital to a nursing facility is not considered an emergency except for a person who has received hospital services in the following situations: hospital admission for observation, care in an emergency room without hospital admission, or following hospital 24-hour bed care.

(e) A nursing facility must provide a written ~~notice to persons who satisfy the criteria in paragraph (a), clause (3),~~ information to all persons admitted regarding the person's right to request and receive long-term care consultation services as defined in subdivision 1a. The ~~notice~~ information must be provided prior to the person's discharge from the facility and in a format specified by the commissioner.

Sec. 7. Minnesota Statutes 2006, section 256B.0911, subdivision 6, is amended to read:

Subd. 6. Payment for long-term care consultation services. (a) The total payment for each county must be paid monthly by certified nursing facilities in the county. The monthly amount to be paid by each nursing facility for each fiscal year must be determined by dividing the county's annual allocation for long-term care consultation services by 12 to determine the monthly payment and allocating the monthly payment to each nursing facility based on the number of licensed beds in the nursing facility. Payments to counties in which there is no certified nursing facility must be made by increasing the payment rate of the two facilities located nearest to the county seat.

(b) The commissioner shall include the total annual payment determined under paragraph (a) for each nursing facility reimbursed under section 256B.431 or 256B.434 according to section 256B.431, subdivision 2b, paragraph (g), ~~or 256B.435.~~

(c) In the event of the layaway, delicensure and decertification, or removal from layaway of 25 percent or more of the beds in a facility, the commissioner may adjust the per diem payment amount in paragraph (b) and may adjust the monthly payment amount in paragraph (a). The effective date of an adjustment made under this paragraph shall be on or after the first day of the month following the effective date of the layaway, delicensure and decertification, or removal from layaway.

(d) Payments for long-term care consultation services are available to the county or counties to cover staff salaries and expenses to provide the services described in subdivision 1a. The county shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide long-term care consultation services while meeting the state's long-term care outcomes and objectives as defined in section 256B.0917, subdivision 1. The county shall be accountable for meeting local

objectives as approved by the commissioner in the biennial home and community-based services quality assurance plan on a form provided by the commissioner.

(e) Notwithstanding section 256B.0641, overpayments attributable to payment of the screening costs under the medical assistance program may not be recovered from a facility.

(f) The commissioner of human services shall amend the Minnesota medical assistance plan to include reimbursement for the local consultation teams.

(g) The county may bill, as case management services, assessments, support planning, and follow-along provided to persons determined to be eligible for case management under Minnesota health care programs. No individual or family member shall be charged for an initial assessment or initial support plan development provided under subdivision 3a or 3b.

Sec. 8. Minnesota Statutes 2006, section 256B.0911, is amended by adding a subdivision to read:

Subd. 6a. **Withholding.** If any provider obligated to pay the long-term care consultation amount as described in subdivision 6 is more than two months delinquent in the timely payment of the monthly installment, the commissioner may withhold payments, penalties, and interest in accordance with the methods outlined in section 256.9657, subdivision 7a. Any amount withheld under this provision must be returned to the county to whom the delinquent payments were due.

Sec. 9. Minnesota Statutes 2006, section 256B.0911, subdivision 7, is amended to read:

Subd. 7. Reimbursement for certified nursing facilities. (a) Medical assistance reimbursement for nursing facilities shall be authorized for a medical assistance recipient only if a preadmission screening has been conducted prior to admission or the county has authorized an exemption. Medical assistance reimbursement for nursing facilities shall not be provided for any recipient who the local screener has determined does not meet the level of care criteria for nursing facility placement or, if indicated, has not had a level II OBRA evaluation as required under the federal Omnibus Budget Reconciliation Act of 1987 completed unless an admission for a recipient with mental illness is approved by the local mental health authority or an admission for a recipient with developmental disability is approved by the state developmental disability authority.

(b) The nursing facility must not bill a person who is not a medical assistance recipient for resident days that preceded the date of completion of screening activities as required under subdivisions 4a, 4b, and 4c. The nursing facility must include unreimbursed resident days in the nursing facility resident day totals reported to the commissioner.

H.F. No. 1998, 1st Engrossment - 85th Legislative Session (2007-2008)

~~(c) The commissioner shall make a request to the Centers for Medicare and Medicaid Services for a waiver allowing team approval of Medicaid payments for certified nursing facility care. An individual has a choice and makes the final decision between nursing facility placement and community placement after the screening team's recommendation, except as provided in subdivision 4a, paragraph (c).~~

Sec. 10. Minnesota Statutes 2006, section 256B.0913, subdivision 4, is amended to read:

Subd. 4. Eligibility for funding for services for nonmedical assistance recipients.

(a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been determined by a community assessment under section 256B.0911 to be a person who would require the level of care provided in a nursing facility, but for the provision of services under the alternative care program;

(2) the person is age 65 or older;

(3) the person would be eligible for medical assistance within 135 days of admission to a nursing facility;

(4) the person is not ineligible for the payment of long-term care services by the medical assistance program due to an asset transfer penalty under section 256B.0595 or equity interest in the home exceeding \$500,000 as stated in section 256B.056;

(5) the person needs services that are not funded through other state or federal funding;

(6) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the monthly limit described under section 256B.0915, subdivision 3a. This monthly limit does not prohibit the alternative care client from payment for additional services, but in no case may the cost of additional services purchased under this section exceed the difference between the client's monthly service limit defined under section 256B.0915, subdivision 3, and the alternative care program monthly service limit defined in this paragraph. If medical supplies and equipment or environmental modifications are or will be purchased for an alternative care services recipient, the costs may be prorated on a monthly basis for up to 12 consecutive months beginning with the month of purchase. If the monthly cost of a recipient's other alternative care services exceeds the monthly limit established in this paragraph, the annual cost of the alternative care services shall be determined. In this event, the annual cost of alternative care services shall not exceed 12 times the monthly limit described in this paragraph; and

(7) the person is making timely payments of the assessed monthly fee.

H.F. No. 1998, 1st Engrossment - 85th Legislative Session (2007-2008)

8.1 A person is ineligible if payment of the fee is over 60 days past due, unless the person
8.2 agrees to:

- 8.3 (i) the appointment of a representative payee;
- 8.4 (ii) automatic payment from a financial account;
- 8.5 (iii) the establishment of greater family involvement in the financial management of
8.6 payments; or
- 8.7 (iv) another method acceptable to the county to ensure prompt fee payments.

8.8 The county shall extend the client's eligibility as necessary while making
8.9 arrangements to facilitate payment of past-due amounts and future premium payments.
8.10 Following disenrollment due to nonpayment of a monthly fee, eligibility shall not be
8.11 reinstated for a period of 30 days.

8.12 (b) Alternative care funding under this subdivision is not available for a person
8.13 who is a medical assistance recipient or who would be eligible for medical assistance
8.14 without a spenddown or waiver obligation. A person whose initial application for medical
8.15 assistance and the elderly waiver program is being processed may be served under the
8.16 alternative care program for a period up to 60 days. If the individual is found to be eligible
8.17 for medical assistance, medical assistance must be billed for services payable under the
8.18 federally approved elderly waiver plan and delivered from the date the individual was
8.19 found eligible for the federally approved elderly waiver plan. Notwithstanding this
8.20 provision, alternative care funds may not be used to pay for any service the cost of which:
8.21 (i) is payable by medical assistance; (ii) is used by a recipient to meet a waiver obligation;
8.22 or (iii) is used to pay a medical assistance income spenddown for a person who is eligible
8.23 to participate in the federally approved elderly waiver program under the special income
8.24 standard provision.

8.25 (c) Alternative care funding is not available for a person who resides in a licensed
8.26 nursing home, certified boarding care home, hospital, or intermediate care facility, except
8.27 for case management services which are provided in support of the discharge planning
8.28 process for a nursing home resident or certified boarding care home resident to assist with
8.29 a relocation process to a community-based setting.

8.30 (d) Alternative care funding is not available for a person whose income is greater
8.31 than the maintenance needs allowance under section 256B.0915, subdivision 1d, but
8.32 equal to or less than 120 percent of the federal poverty guideline effective July 1 in the
8.33 year for which alternative care eligibility is determined, who would be eligible for the
8.34 elderly waiver with a waiver obligation.

H.F. No. 1998, 1st Engrossment - 85th Legislative Session (2007-2008)

Sec. 11. Minnesota Statutes 2006, section 256B.0913, subdivision 5a, is amended to read:

Subd. 5a. **Services; service definitions; service standards.** (a) Unless specified in statute, the services, service definitions, and standards for alternative care services shall be the same as the services, service definitions, and standards specified in the federally approved elderly waiver plan, except ~~for~~ alternative care does not cover transitional support services, assisted living services, adult foster care services, and residential care services and benefits defined under section 256B.0625 that meet primary and acute health care needs.

(b) The county agency must ensure that the funds are not used to supplant or supplement services available through other public assistance or services programs, including supplementation of client co-pays, deductibles, premiums, or other cost-sharing arrangements for health-related benefits and services or entitlement programs and services that are available to the person, but in which they have elected not to enroll. For a provider of supplies and equipment when the monthly cost of the supplies and equipment is less than \$250, persons or agencies must be employed by or under a contract with the county agency or the public health nursing agency of the local board of health in order to receive funding under the alternative care program. Supplies and equipment may be purchased from a vendor not certified to participate in the Medicaid program if the cost for the item is less than that of a Medicaid vendor.

(c) Personal care services must meet the service standards defined in the federally approved elderly waiver plan, except that a county agency may contract with a client's relative who meets the relative hardship waiver requirements or a relative who meets the criteria and is also the responsible party under an individual service plan that ensures the client's health and safety and supervision of the personal care services by a qualified professional as defined in section 256B.0625, subdivision 19c. Relative hardship is established by the county when the client's care causes a relative caregiver to do any of the following: resign from a paying job, reduce work hours resulting in lost wages, obtain a leave of absence resulting in lost wages, incur substantial client-related expenses, provide services to address authorized, unstaffed direct care time, or meet special needs of the client unmet in the formal service plan.

Sec. 12. Minnesota Statutes 2006, section 256B.0915, is amended to read:

256B.0915 MEDICAID WAIVER FOR ELDERLY SERVICES.

Subdivision 1. **Authority.** The commissioner is authorized to apply for a home and community-based services waiver for the elderly, authorized under section 1915(c)

of the Social Security Act, in order to obtain federal financial participation to expand the availability of services for persons who are eligible for medical assistance. The commissioner may apply for additional waivers or pursue other federal financial participation which is advantageous to the state for funding home care services for the frail elderly who are eligible for medical assistance. The provision of waived services to elderly and disabled medical assistance recipients must comply with the criteria for service definitions and provider standards approved in the waiver.

Subd. 1a. **Elderly waiver case management services.** (a) Elderly case management services under the home and community-based services waiver for elderly individuals are available from providers meeting qualification requirements and the standards specified in subdivision 1b. Eligible recipients may choose any qualified provider of elderly case management services.

Case management services assist individuals who receive waiver services in gaining access to needed waiver and other state plan services, as well as needed medical, social, educational, and other services regardless of the funding source for the services to which access is gained.

A case aide shall provide assistance to the case manager in carrying out administrative activities of the case management function. The case aide may not assume responsibilities that require professional judgment including assessments, reassessments, and care plan development. The case manager is responsible for providing oversight of the case aide.

Case managers shall be responsible for ongoing monitoring of the provision of services included in the individual's plan of care. Case managers shall initiate and oversee the process of assessment and reassessment of the individual's care and review plan of care at intervals specified in the federally approved waiver plan.

(b) The county of service or tribe must provide access to and arrange for case management services. County of service has the meaning given it in Minnesota Rules, part 9505.0015, subpart 11.

Subd. 1b. **Provider qualifications and standards.** The commissioner must enroll qualified providers of elderly case management services under the home and community-based waiver for the elderly under section 1915(c) of the Social Security Act. The enrollment process shall ensure the provider's ability to meet the qualification requirements and standards in this subdivision and other federal and state requirements of this service. An elderly case management provider is an enrolled medical assistance provider who is determined by the commissioner to have all of the following characteristics:

(1) the demonstrated capacity and experience to provide the components of case management to coordinate and link community resources needed by the eligible population;

(2) administrative capacity and experience in serving the target population for whom it will provide services and in ensuring quality of services under state and federal requirements;

(3) a financial management system that provides accurate documentation of services and costs under state and federal requirements;

(4) the capacity to document and maintain individual case records under state and federal requirements; and

(5) the ~~county~~ lead agency may allow a case manager employed by the ~~county~~ lead agency to delegate certain aspects of the case management activity to another individual employed by the ~~county~~ lead agency provided there is oversight of the individual by the case manager. The case manager may not delegate those aspects which require professional judgment including assessments, reassessments, and care plan development. Lead agencies include counties, health plans, and federally recognized tribes who authorize services under this section.

~~Subd. 1c. Case management activities under the state plan. The commissioner shall seek an amendment to the home and community-based services waiver for the elderly to implement the provisions of subdivisions 1a and 1b. If the commissioner is unable to secure the approval of the secretary of health and human services for the requested waiver amendment by December 31, 1993, the commissioner shall amend the medical assistance state plan to provide that case management provided under the home and community-based services waiver for the elderly is performed by counties as an administrative function for the proper and effective administration of the state medical assistance plan. The state shall reimburse counties for the nonfederal share of costs for case management performed as an administrative function under the home and community-based services waiver for the elderly.~~

Subd. 1d. Posteligibility treatment of income and resources for elderly waiver. Notwithstanding the provisions of section 256B.056, the commissioner shall make the following amendment to the medical assistance elderly waiver program effective July 1, 1999, or upon federal approval, whichever is later.

A recipient's maintenance needs will be an amount equal to the Minnesota supplemental aid equivalent rate as defined in section 256I.03, subdivision 5, plus the medical assistance personal needs allowance as defined in section 256B.35, subdivision 1, paragraph (a), when applying posteligibility treatment of income rules to the gross

H.F. No. 1998, 1st Engrossment - 85th Legislative Session (2007-2008)

12.1 income of elderly waiver recipients, except for individuals whose income is in excess of
12.2 the special income standard according to Code of Federal Regulations, title 42, section
12.3 435.236. Recipient maintenance needs shall be adjusted under this provision each July 1.

12.4 Subd. 2. **Spousal impoverishment policies.** The commissioner shall ~~seek to amend~~
12.5 ~~the federal waiver and the medical assistance state plan to allow~~ apply:

12.6 (1) the spousal impoverishment criteria as authorized under United States Code, title
12.7 42, section 1396r-5, and as implemented in sections 256B.0575, 256B.058, and 256B.059;
12.8 ~~except that the amendment shall seek to add to:~~

12.9 (2) the personal needs allowance permitted in section 256B.0575; and

12.10 (3) an amount equivalent to the group residential housing rate as set by section
12.11 256I.03, subdivision 5, and according to the approved federal waiver and medical
12.12 assistance state plan.

12.13 Subd. 3. **Limits of cases.** The number of medical assistance waiver recipients that
12.14 a ~~county~~ lead agency may serve must be allocated according to the number of medical
12.15 assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be
12.16 served with the approval of the commissioner.

12.17 Subd. 3a. **Elderly waiver cost limits.** (a) The monthly limit for the cost of waived
12.18 services to an individual elderly waiver client shall be the weighted average monthly
12.19 nursing facility rate of the case mix resident class to which the elderly waiver client would
12.20 be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, less the recipient's
12.21 maintenance needs allowance as described in subdivision 1d, paragraph (a), until the first
12.22 day of the state fiscal year in which the resident assessment system as described in section
12.23 256B.437 for nursing home rate determination is implemented. Effective on the first day
12.24 of the state fiscal year in which the resident assessment system as described in section
12.25 256B.437 for nursing home rate determination is implemented and the first day of each
12.26 subsequent state fiscal year, the monthly limit for the cost of waived services to an
12.27 individual elderly waiver client shall be the rate of the case mix resident class to which the
12.28 waiver client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059,
12.29 in effect on the last day of the previous state fiscal year, adjusted by the greater of any
12.30 legislatively adopted home and community-based services percentage rate increase or the
12.31 average statewide percentage increase in nursing facility payment rates.

12.32 (b) If extended medical supplies and equipment or environmental modifications are
12.33 or will be purchased for an elderly waiver client, the costs may be prorated for up to
12.34 12 consecutive months beginning with the month of purchase. If the monthly cost of a
12.35 recipient's waived services exceeds the monthly limit established in paragraph (a), the
12.36 annual cost of all waived services shall be determined. In this event, the annual cost of

13.1 all waived services shall not exceed 12 times the monthly limit of waived services as
13.2 described in paragraph (a).

13.3 Subd. 3b. **Cost limits for elderly waiver applicants who reside in a nursing**
13.4 **facility.** (a) For a person who is a nursing facility resident at the time of requesting a
13.5 determination of eligibility for elderly waived services, a monthly conversion limit for
13.6 the cost of elderly waived services may be requested. The monthly conversion limit for
13.7 the cost of elderly waiver services shall be the resident class assigned under Minnesota
13.8 Rules, parts 9549.0050 to 9549.0059, for that resident in the nursing facility where
13.9 the resident currently resides until July 1 of the state fiscal year in which the resident
13.10 assessment system as described in section 256B.437 for nursing home rate determination
13.11 is implemented. Effective on July 1 of the state fiscal year in which the resident
13.12 assessment system as described in section 256B.437 for nursing home rate determination
13.13 is implemented, the monthly conversion limit for the cost of elderly waiver services
13.14 shall be the per diem nursing facility rate as determined by the resident assessment
13.15 system as described in section 256B.437 for that resident in the nursing facility where
13.16 the resident currently resides multiplied by 365 and divided by 12, less the recipient's
13.17 maintenance needs allowance as described in subdivision 1d. The initially approved
13.18 conversion rate may be adjusted by the greater of any subsequent legislatively adopted
13.19 home and community-based services percentage rate increase or the average statewide
13.20 percentage increase in nursing facility payment rates. The limit under this subdivision
13.21 only applies to persons discharged from a nursing facility after a minimum 30-day stay
13.22 and found eligible for waived services on or after July 1, 1997. For conversions from the
13.23 nursing home to the elderly waiver with consumer directed community support services,
13.24 the conversion rate limit is equal to the nursing facility rate reduced by a percentage equal
13.25 to the percentage difference between the consumer directed services budget limit that
13.26 would be assigned according to the federally approved waiver plan and the corresponding
