Sec. 2. Minnesota Statutes 2006, section 256.01, subdivision 2, is amended to read:

Subd. 2. **Specific powers.** Subject to the provisions of section 241.021, subdivision 2, the commissioner of human services shall carry out the specific duties in paragraphs (a) through (cc):

(a) Administer and supervise all forms of public assistance provided for by state law and other welfare activities or services as are vested in the commissioner. Administration and supervision of human services activities or services includes, but is not limited to, assuring timely and accurate distribution of benefits, completeness of service, and quality program management. In addition to administering and supervising human services activities vested by law in the department, the commissioner shall have the authority to:

(1) require county agency participation in training and technical assistance programs to promote compliance with statutes, rules, federal laws, regulations, and policies governing human services;

(2) monitor, on an ongoing basis, the performance of county agencies in the operation and administration of human services, enforce compliance with statutes, rules, federal laws, regulations, and policies governing welfare services and promote excellence of administration and program operation;

(3) develop a quality control program or other monitoring program to review county performance and accuracy of benefit determinations;

4.1 (4) require county agencies to make an adjustment to the public assistance benefits
4.2 issued to any individual consistent with federal law and regulation and state law and rule
4.3 and to issue or recover benefits as appropriate;

4.4 (5) delay or deny payment of all or part of the state and federal share of benefits and
4.5 administrative reimbursement according to the procedures set forth in section 256.017;

4.6 (6) make contracts with and grants to public and private agencies and organizations,
4.7 both profit and nonprofit, and individuals, using appropriated funds; and

4.8 (7) enter into contractual agreements with federally recognized Indian tribes with
4.9 a reservation in Minnesota to the extent necessary for the tribe to operate a federally
4.10 approved family assistance program or any other program under the supervision of the
4.11 commissioner. The commissioner shall consult with the affected county or counties in
4.12 the contractual agreement negotiations, if the county or counties wish to be included,
4.13 in order to avoid the duplication of county and tribal assistance program services. The
4.14 commissioner may establish necessary accounts for the purposes of receiving and
4.15 disbursing funds as necessary for the operation of the programs.

4.16 (b) Inform county agencies, on a timely basis, of changes in statute, rule, federal law,
4.17 regulation, and policy necessary to county agency administration of the programs.

4.18 (c) Administer and supervise all child welfare activities; promote the enforcement of
4.19 laws protecting disabled, dependent, neglected and delinquent children, and children born
4.20 to mothers who were not married to the children's fathers at the times of the conception
4.21 nor at the births of the children; license and supervise child-caring and child-placing
4.22 agencies and institutions; supervise the care of children in boarding and foster homes or
4.23 in private institutions; and generally perform all functions relating to the field of child
4.24 welfare now vested in the State Board of Control.

4.25 (d) Administer and supervise all noninstitutional service to disabled persons,
4.26 including those who are visually impaired, hearing impaired, or physically impaired
4.27 or otherwise disabled. The commissioner may provide and contract for the care and
4.28 treatment of qualified indigent children in facilities other than those located and available
4.29 at state hospitals when it is not feasible to provide the service in state hospitals.

4.30 (e) Assist and actively cooperate with other departments, agencies and institutions,
4.31 local, state, and federal, by performing services in conformity with the purposes of Laws
4.32 1939, chapter 431.

4.33 (f) Act as the agent of and cooperate with the federal government in matters of
4.34 mutual concern relative to and in conformity with the provisions of Laws 1939, chapter
4.35 431, including the administration of any federal funds granted to the state to aid in the
4.36 performance of any functions of the commissioner as specified in Laws 1939, chapter 431,

and including the promulgation of rules making uniformly available medical care benefits to all recipients of public assistance, at such times as the federal government increases its participation in assistance expenditures for medical care to recipients of public assistance, the cost thereof to be borne in the same proportion as are grants of aid to said recipients.

(g) Establish and maintain any administrative units reasonably necessary for the performance of administrative functions common to all divisions of the department.

(h) Act as designated guardian of both the estate and the person of all the wards of the state of Minnesota, whether by operation of law or by an order of court, without any further act or proceeding whatever, except as to persons committed as developmentally disabled. For children under the guardianship of the commissioner or a tribe in Minnesota recognized by the Secretary of the Interior whose interests would be best served by adoptive placement, the commissioner may contract with a licensed child-placing agency or a Minnesota tribal social services agency to provide adoption services. A contract with a licensed child-placing agency must be designed to supplement existing county efforts and may not replace existing county programs or tribal social services, unless the replacement is agreed to by the county board and the appropriate exclusive bargaining representative, tribal governing body, or the commissioner has evidence that child placements of the county continue to be substantially below that of other counties. Funds encumbered and obligated under an agreement for a specific child shall remain available until the terms of the agreement are fulfilled or the agreement is terminated.

(i) Act as coordinating referral and informational center on requests for service for newly arrived immigrants coming to Minnesota.

(j) The specific enumeration of powers and duties as hereinabove set forth shall in no way be construed to be a limitation upon the general transfer of powers herein contained.

(k) Establish county, regional, or statewide schedules of maximum fees and charges which may be paid by county agencies for medical, dental, surgical, hospital, nursing and nursing home care and medicine and medical supplies under all programs of medical care provided by the state and for congregate living care under the income maintenance programs.

(l) Have the authority to conduct and administer experimental projects to test methods and procedures of administering assistance and services to recipients or potential recipients of public welfare. To carry out such experimental projects, it is further provided that the commissioner of human services is authorized to waive the enforcement of existing specific statutory program requirements, rules, and standards in one or more counties. The order establishing the waiver shall provide alternative methods and procedures of administration, shall not be in conflict with the basic purposes, coverage, or

benefits provided by law, and in no event shall the duration of a project exceed four years. It is further provided that no order establishing an experimental project as authorized by the provisions of this section shall become effective until the following conditions have been met:

(1) the secretary of health and human services of the United States has agreed, for the same project, to waive state plan requirements relative to statewide uniformity; and

(2) a comprehensive plan, including estimated project costs, shall be approved by the Legislative Advisory Commission and filed with the commissioner of administration.

(m) According to federal requirements, establish procedures to be followed by local welfare boards in creating citizen advisory committees, including procedures for selection of committee members.

(n) Allocate federal fiscal disallowances or sanctions which are based on quality control error rates for the aid to families with dependent children program formerly codified in sections 256.72 to 256.87, medical assistance, or food stamp program in the following manner:

(1) one-half of the total amount of the disallowance shall be borne by the county boards responsible for administering the programs. For the medical assistance and the AFDC program formerly codified in sections 256.72 to 256.87, disallowances shall be shared by each county board in the same proportion as that county's expenditures for the sanctioned program are to the total of all counties' expenditures for the AFDC program formerly codified in sections 256.72 to 256.87, and medical assistance programs. For the food stamp program, sanctions shall be shared by each county board, with 50 percent of the sanction being distributed to each county in the same proportion as that county's administrative costs for food stamps are to the total of all food stamp administrative costs for all counties, and 50 percent of the sanctions being distributed to each county in the same proportion as that county's value of food stamp benefits issued are to the total of all benefits issued for all counties. Each county shall pay its share of the disallowance to the state of Minnesota. When a county fails to pay the amount due hereunder, the commissioner may deduct the amount from reimbursement otherwise due the county, or the attorney general, upon the request of the commissioner, may institute civil action to recover the amount due; and

(2) notwithstanding the provisions of clause (1), if the disallowance results from knowing noncompliance by one or more counties with a specific program instruction, and that knowing noncompliance is a matter of official county board record, the commissioner may require payment or recover from the county or counties, in the manner prescribed in

clause (1), an amount equal to the portion of the total disallowance which resulted from the noncompliance, and may distribute the balance of the disallowance according to clause (1).

(o) Develop and implement special projects that maximize reimbursements and result in the recovery of money to the state. For the purpose of recovering state money, the commissioner may enter into contracts with third parties. Any recoveries that result from projects or contracts entered into under this paragraph shall be deposited in the state treasury and credited to a special account until the balance in the account reaches \$1,000,000. When the balance in the account exceeds \$1,000,000, the excess shall be transferred and credited to the general fund. All money in the account is appropriated to the commissioner for the purposes of this paragraph.

(p) Have the authority to make direct payments to facilities providing shelter to women and their children according to section 256D.05, subdivision 3. Upon the written request of a shelter facility that has been denied payments under section 256D.05, subdivision 3, the commissioner shall review all relevant evidence and make a determination within 30 days of the request for review regarding issuance of direct payments to the shelter facility. Failure to act within 30 days shall be considered a determination not to issue direct payments.

(q) Have the authority to establish and enforce the following county reporting requirements:

(1) the commissioner shall establish fiscal and statistical reporting requirements necessary to account for the expenditure of funds allocated to counties for human services programs. When establishing financial and statistical reporting requirements, the commissioner shall evaluate all reports, in consultation with the counties, to determine if the reports can be simplified or the number of reports can be reduced;

(2) the county board shall submit monthly or quarterly reports to the department as required by the commissioner. Monthly reports are due no later than 15 working days after the end of the month. Quarterly reports are due no later than 30 calendar days after the end of the quarter, unless the commissioner determines that the deadline must be shortened to 20 calendar days to avoid jeopardizing compliance with federal deadlines or risking a loss of federal funding. Only reports that are complete, legible, and in the required format shall be accepted by the commissioner;

(3) if the required reports are not received by the deadlines established in clause (2), the commissioner may delay payments and withhold funds from the county board until the next reporting period. When the report is needed to account for the use of federal funds and the late report results in a reduction in federal funding, the commissioner shall

withhold from the county boards with late reports an amount equal to the reduction in federal funding until full federal funding is received;

(4) a county board that submits reports that are late, illegible, incomplete, or not in the required format for two out of three consecutive reporting periods is considered noncompliant. When a county board is found to be noncompliant, the commissioner shall notify the county board of the reason the county board is considered noncompliant and request that the county board develop a corrective action plan stating how the county board plans to correct the problem. The corrective action plan must be submitted to the commissioner within 45 days after the date the county board received notice of noncompliance;

(5) the final deadline for fiscal reports or amendments to fiscal reports is one year after the date the report was originally due. If the commissioner does not receive a report by the final deadline, the county board forfeits the funding associated with the report for that reporting period and the county board must repay any funds associated with the report received for that reporting period;

(6) the commissioner may not delay payments, withhold funds, or require repayment under clause (3) or (5) if the county demonstrates that the commissioner failed to provide appropriate forms, guidelines, and technical assistance to enable the county to comply with the requirements. If the county board disagrees with an action taken by the commissioner under clause (3) or (5), the county board may appeal the action according to sections 14.57 to 14.69; and

(7) counties subject to withholding of funds under clause (3) or forfeiture or repayment of funds under clause (5) shall not reduce or withhold benefits or services to clients to cover costs incurred due to actions taken by the commissioner under clause (3) or (5).

(r) Allocate federal fiscal disallowances or sanctions for audit exceptions when federal fiscal disallowances or sanctions are based on a statewide random sample for the foster care program under title IV-E of the Social Security Act, United States Code, title 42, in direct proportion to each county's title IV-E foster care maintenance claim for that period.

(s) Be responsible for ensuring the detection, prevention, investigation, and resolution of fraudulent activities or behavior by applicants, recipients, and other participants in the human services programs administered by the department.

(t) Require county agencies to identify overpayments, establish claims, and utilize all available and cost-beneficial methodologies to collect and recover these overpayments in the human services programs administered by the department.

(u) Have the authority to administer a drug rebate program for drugs purchased pursuant to the prescription drug program established under section 256.955 after the beneficiary's satisfaction of any deductible established in the program. The commissioner shall require a rebate agreement from all manufacturers of covered drugs as defined in section 256B.0625, subdivision 13. Rebate agreements for prescription drugs delivered on or after July 1, 2002, must include rebates for individuals covered under the prescription drug program who are under 65 years of age. For each drug, the amount of the rebate shall be equal to the rebate as defined for purposes of the federal rebate program in United States Code, title 42, section 1396r-8. The manufacturers must provide full payment within 30 days of receipt of the state invoice for the rebate within the terms and conditions used for the federal rebate program established pursuant to section 1927 of title XIX of the Social Security Act. The manufacturers must provide the commissioner with any information necessary to verify the rebate determined per drug. The rebate program shall utilize the terms and conditions used for the federal rebate program established pursuant to section 1927 of title XIX of the Social Security Act.

(v) Have the authority to administer the federal drug rebate program for drugs purchased under the medical assistance program as allowed by section 1927 of title XIX of the Social Security Act and according to the terms and conditions of section 1927. Rebates shall be collected for all drugs that have been dispensed or administered in an outpatient setting and that are from manufacturers who have signed a rebate agreement with the United States Department of Health and Human Services.

(w) Have the authority to administer a supplemental drug rebate program for drugs purchased under the medical assistance program. The commissioner may enter into supplemental rebate contracts with pharmaceutical manufacturers and may require prior authorization for drugs that are from manufacturers that have not signed a supplemental rebate contract. Prior authorization of drugs shall be subject to the provisions of section 256B.0625, subdivision 13.

(x) Operate the department's communication systems account established in Laws 1993, First Special Session chapter 1, article 1, section 2, subdivision 2, to manage shared communication costs necessary for the operation of the programs the commissioner supervises. A communications account may also be established for each regional treatment center which operates communications systems. Each account must be used to manage shared communication costs necessary for the operations of the programs the commissioner supervises. The commissioner may distribute the costs of operating and maintaining communication systems to participants in a manner that reflects actual usage. Costs may include acquisition, licensing, insurance, maintenance, repair, staff time and

10.1 other costs as determined by the commissioner. Nonprofit organizations and state, county,
10.2 and local government agencies involved in the operation of programs the commissioner
10.3 supervises may participate in the use of the department's communications technology and
10.4 share in the cost of operation. The commissioner may accept on behalf of the state any
10.5 gift, bequest, devise or personal property of any kind, or money tendered to the state for
10.6 any lawful purpose pertaining to the communication activities of the department. Any
10.7 money received for this purpose must be deposited in the department's communication
10.8 systems accounts. Money collected by the commissioner for the use of communication
10.9 systems must be deposited in the state communication systems account and is appropriated
10.10 to the commissioner for purposes of this section.

10.11 (y) Receive any federal matching money that is made available through the medical
10.12 assistance program for the consumer satisfaction survey. Any federal money received for
10.13 the survey is appropriated to the commissioner for this purpose. The commissioner may
10.14 expend the federal money received for the consumer satisfaction survey in either year of
10.15 the biennium.

10.16 (z) Designate community information and referral call centers and incorporate
10.17 cost reimbursement claims from the designated community information and referral
10.18 call centers into the federal cost reimbursement claiming processes of the department
10.19 according to federal law, rule, and regulations. Existing information and referral centers
10.20 provided by Greater Twin Cities United Way or existing call centers for which Greater
10.21 Twin Cities United Way has legal authority to represent, shall be included in these
10.22 designations upon review by the commissioner and assurance that these services are
10.23 accredited and in compliance with national standards. Any reimbursement is appropriated
10.24 to the commissioner and all designated information and referral centers shall receive
10.25 payments according to normal department schedules established by the commissioner
10.26 upon final approval of allocation methodologies from the United States Department of
10.27 Health and Human Services Division of Cost Allocation or other appropriate authorities.

10.28 (aa) Develop recommended standards for foster care homes that address the
10.29 components of specialized therapeutic services to be provided by foster care homes with
10.30 those services.

10.31 (bb) Authorize the method of payment to or from the department as part of the
10.32 human services programs administered by the department. This authorization includes the
10.33 receipt or disbursement of funds held by the department in a fiduciary capacity as part of
10.34 the human services programs administered by the department.

10.35 (cc) Have the authority to administer a drug rebate program for drugs purchased for

22.30 Subd. 10. **MFIP exit level.** The commissioner shall adjust the MFIP earned income
22.31 disregard to ensure that most participants do not lose eligibility for MFIP until their
22.32 income reaches at least ~~45~~ 140 percent of the federal poverty guidelines in effect in
22.33 October of each fiscal year. The adjustment to the disregard shall be based on a household
22.34 size of three, and the resulting earned income disregard percentage must be applied to all
22.35 household sizes. The adjustment under this subdivision must be implemented at the same

23.1 time as the October food stamp or food support cost-of-living adjustment is reflected in
23.2 the food portion of MFIP transitional standard as required under subdivision 5a.

23.3 Sec. 18. Minnesota Statutes 2006, section 256J.42, subdivision 1, is amended to read:

23.4 Subdivision 1. **Time limit.** (a) Except as otherwise provided for in this section, an
23.5 assistance unit in which any adult caregiver has received 60 months of cash assistance
23.6 funded in whole or in part by the TANF block grant in this or any other state or
23.7 United States territory, or from a tribal TANF program, MFIP, the AFDC program
23.8 formerly codified in sections 256.72 to 256.87, or the family general assistance program
23.9 formerly codified in sections 256D.01 to 256D.23, funded in whole or in part by state
23.10 appropriations, is ineligible to receive MFIP. Any cash assistance funded with TANF
23.11 dollars in this or any other state or United States territory, or from a tribal TANF program,
23.12 or MFIP assistance funded in whole or in part by state appropriations, that was received
23.13 by the unit on or after the date TANF was implemented, including any assistance received
23.14 in states or United States territories of prior residence, counts toward the 60-month
23.15 limitation. Months during which any cash assistance is received by an assistance unit
23.16 with a mandatory member who is disqualified for wrongfully obtaining public assistance
23.17 under section 256.98, subdivision 8, counts toward the time limit for the disqualified
23.18 member. The 60-month limit applies to a minor caregiver except under subdivision 5. The
23.19 60-month time period does not need to be consecutive months for this provision to apply.

23.20 (b) The months before July 1998 in which individuals received assistance as part of
23.21 the field trials as an MFIP, MFIP-R, or MFIP or MFIP-R comparison group family are
23.22 not included in the 60-month time limit.

23.23 **EFFECTIVE DATE.** This section is effective October 1, 2007.

23.24 Sec. 19. Minnesota Statutes 2006, section 256J.425, subdivision 3, is amended to read:

23.25 Subd. 3. **Hard-to-employ participants.** An assistance unit subject to the time
23.26 limit in section 256J.42, subdivision 1, is eligible to receive months of assistance under
23.27 a hardship extension if the participant who reached the time limit belongs to any of the
23.28 following groups:

23.29 (1) a person who is diagnosed by a licensed physician, psychological practitioner,
23.30 or other qualified professional, as developmentally disabled or mentally ill, and that
23.31 condition prevents the person from obtaining or retaining unsubsidized employment;

23.32 (2) a person who:

23.33 (i) has been assessed by a vocational specialist or the county agency to be
23.34 unemployable for purposes of this subdivision; or

(ii) has an IQ below 80 who has been assessed by a vocational specialist or a county agency to be employable, but not at a level that makes the participant eligible for an extension under subdivision 4. The determination of IQ level must be made by a qualified professional. In the case of a non-English-speaking person: (A) the determination must be made by a qualified professional with experience conducting culturally appropriate assessments, whenever possible; (B) the county may accept reports that identify an IQ range as opposed to a specific score; (C) these reports must include a statement of confidence in the results;

(3) a person who is determined by a qualified professional to be learning disabled, and the disability severely limits the person's ability to obtain, perform, or maintain suitable employment. For purposes of the initial approval of a learning disability extension, the determination must have been made or confirmed within the previous 12 months. In the case of a non-English-speaking person: (i) the determination must be made by a qualified professional with experience conducting culturally appropriate assessments, whenever possible; and (ii) these reports must include a statement of confidence in the results. If a rehabilitation plan for a participant extended as learning disabled is developed or approved by the county agency, the plan must be incorporated into the employment plan. However, a rehabilitation plan does not replace the requirement to develop and comply with an employment plan under section 256J.521; ~~or~~

(4) a person who has been granted a family violence waiver, and who is complying with an employment plan under section 256J.521, subdivision 3; or

(5) a participant under section 256J.561, subdivision 2, paragraph (d), who is complying with an employment plan tailored to recognize the special circumstances of the caregivers and family, including limitations due to illness or disability, and caregiving needs.

Sec. 20. Minnesota Statutes 2006, section 256J.425, subdivision 4, is amended to read:

Subd. 4. **Employed participants.** (a) An assistance unit subject to the time limit under section 256J.42, subdivision 1, is eligible to receive assistance under a hardship extension if the participant who reached the time limit belongs to:

(1) a one-parent assistance unit in which the participant is participating in work activities for at least 30 hours per week, ~~of which an average of at least 25 hours per week every month are spent participating in employment;~~

(2) a two-parent assistance unit in which the participants are participating in work activities for at least 55 hours per week, ~~of which an average of at least 45 hours per week every month are spent participating in employment;~~ or

(3) an assistance unit in which a participant is participating in employment for fewer hours than those specified in clause (1) or (2), and the participant submits verification from a qualified professional, in a form acceptable to the commissioner, stating that the number of hours the participant may work is limited due to illness or disability, as long as the participant is participating in employment for at least the number of hours specified by the qualified professional. The participant must be following the treatment recommendations of the qualified professional providing the verification. The commissioner shall develop a form to be completed and signed by the qualified professional, documenting the diagnosis and any additional information necessary to document the functional limitations of the participant that limit work hours. If the participant is part of a two-parent assistance unit, the other parent must be treated as a one-parent assistance unit for purposes of meeting the work requirements under this subdivision.

~~(b) For purposes of this section, employment means:~~

~~(1) unsubsidized employment under section 256J.49, subdivision 13, clause (1);~~

~~(2) subsidized employment under section 256J.49, subdivision 13, clause (2);~~

~~(3) on-the-job training under section 256J.49, subdivision 13, clause (2);~~

~~(4) an apprenticeship under section 256J.49, subdivision 13, clause (1);~~

~~(5) supported work under section 256J.49, subdivision 13, clause (2);~~

~~(6) a combination of clauses (1) to (5); or~~

~~(7) child care under section 256J.49, subdivision 13, clause (7), if it is in combination with paid employment.~~

~~(c)~~ If a participant is complying with a child protection plan under chapter 260C, the number of hours required under the child protection plan count toward the number of hours required under this subdivision.

~~(d)~~ (c) The county shall provide the opportunity for subsidized employment to participants needing that type of employment within available appropriations.

~~(e)~~ (d) To be eligible for a hardship extension for employed participants under this subdivision, a participant must be in compliance for at least ten out of the 12 months the participant received MFIP immediately preceding the participant's 61st month on assistance. If ten or fewer months of eligibility for TANF assistance remain at the time the participant from another state applies for assistance, the participant must be in compliance every month.

~~(f)~~ (e) The employment plan developed under section 256J.521, subdivision 2, for participants under this subdivision must contain at least the minimum number of hours specified in paragraph (a) for the purpose of meeting the requirements for an extension under this subdivision. The job counselor and the participant must sign the employment

26.1 plan to indicate agreement between the job counselor and the participant on the contents
26.2 of the plan.

26.3 ~~(g)~~ (f) Participants who fail to meet the requirements in paragraph (a), without
26.4 good cause under section 256J.57, shall be sanctioned or permanently disqualified under
26.5 subdivision 6. Good cause may only be granted for that portion of the month for which
26.6 the good cause reason applies. Participants must meet all remaining requirements in the
26.7 approved employment plan or be subject to sanction or permanent disqualification.

26.8 ~~(h)~~ (g) If the noncompliance with an employment plan is due to the involuntary loss
26.9 of employment, the participant is exempt from the hourly employment requirement under
26.10 this subdivision for one month. Participants must meet all remaining requirements in the
26.11 approved employment plan or be subject to sanction or permanent disqualification. This
26.12 exemption is available to each participant two times in a 12-month period.

26.13 Sec. 21. Minnesota Statutes 2006, section 256J.46, is amended by adding a subdivision
26.14 to read:

26.15 Subd. 3. **Restrictions on sanctions.** A participant shall not be sanctioned for failure
26.16 to meet the agreed upon hours in a participant's employment plan under section 256J.521,
26.17 subdivision 2, when the participant:

26.18 (1) fails to meet the agreed upon hours of participation in paid employment because
26.19 the participant is not eligible for holiday pay and the participant's place of employment is
26.20 closed for a holiday; or

26.21 (2) is otherwise meeting or exceeding the federal TANF work participation rate
26.22 hourly requirements.

26.23 Sec. 22. Minnesota Statutes 2006, section 256J.49, subdivision 13, is amended to read:

26.24 Subd. 13. **Work activity.** "Work activity" means any activity in a participant's
26.25 approved employment plan that leads to employment. For purposes of the MFIP program,
26.26 this includes activities that meet the definition of work activity under the participation
26.27 requirements of TANF. Work activity includes:

26.28 (1) unsubsidized employment, including work study and paid apprenticeships or
26.29 internships;

26.30 (2) subsidized private sector or public sector employment, including grant diversion
26.31 as specified in section 256J.69, on-the-job training as specified in section 256J.66,
26.32 the self-employment investment demonstration program (SEID) as specified in section
26.33 256J.65, paid work experience, and supported work when a wage subsidy is provided;

27.1 (3) unpaid work experience, including community service, volunteer work,
27.2 the community work experience program as specified in section 256J.67, unpaid
27.3 apprenticeships or internships, and supported work when a wage subsidy is not provided.
27.4 Unpaid work performed in return for cash assistance is prohibited and does not count
27.5 as a work activity, unless the participant voluntarily agrees, in writing, to engage in
27.6 unpaid work in return for cash assistance. The participant may terminate the unpaid
27.7 work arrangement, in writing, at any time;

27.8 (4) job search including job readiness assistance, job clubs, job placement,
27.9 job-related counseling, and job retention services;

27.10 (5) job readiness education, including English as a second language (ESL) or
27.11 functional work literacy classes as limited by the provisions of section 256J.531,
27.12 subdivision 2, general educational development (GED) course work, high school
27.13 completion, and adult basic education as limited by the provisions of section 256J.531,
27.14 subdivision 1;

27.15 (6) job skills training directly related to employment, including education and
27.16 training that can reasonably be expected to lead to employment, as limited by the
27.17 provisions of section 256J.53;

27.18 (7) providing child care services to a participant who is working in a community
27.19 service program;

27.20 (8) activities included in the employment plan that is developed under section

27.22 (9) preemployment activities including chemical and mental health assessments,
27.23 treatment, and services; learning disabilities services; child protective services; family
27.24 stabilization services; or other programs designed to enhance employability.

27.25 Sec. 23. Minnesota Statutes 2006, section 256J.521, subdivision 1, is amended to read:

27.26 Subdivision 1. **Assessments.** (a) For purposes of MFIP employment services,
27.27 assessment is a continuing process of gathering information related to employability
27.28 for the purpose of identifying both participant's strengths and strategies for coping with
27.29 issues that interfere with employment. The job counselor must use information from the
27.30 assessment process to develop and update the employment plan under subdivision 2 or 3,
27.31 as appropriate, ~~and~~ to determine whether the participant qualifies for a family violence
27.32 waiver including an employment plan under subdivision 3, and to determine whether the
27.33 participant should be referred to the family stabilization services program under section
27.34 256J.575.

27.35 (b) The scope of assessment must cover at least the following areas:

28.1 (1) basic information about the participant's ability to obtain and retain employment,
28.2 including: a review of the participant's education level; interests, skills, and abilities; prior
28.3 employment or work experience; transferable work skills; child care and transportation
28.4 needs;

28.5 (2) identification of personal and family circumstances that impact the participant's
28.6 ability to obtain and retain employment, including: any special needs of the children, the
28.7 level of English proficiency, family violence issues, and any involvement with social
28.8 services or the legal system;

28.9 (3) the results of a mental and chemical health screening tool designed by the
28.10 commissioner and results of the brief screening tool for special learning needs. Screening
28.11 tools for mental and chemical health and special learning needs must be approved by the
28.12 commissioner and may only be administered by job counselors or county staff trained in
28.13 using such screening tools. The commissioner shall work with county agencies to develop
28.14 protocols for referrals and follow-up actions after screens are administered to participants,
28.15 including guidance on how employment plans may be modified based upon outcomes
28.16 of certain screens. Participants must be told of the purpose of the screens and how the
28.17 information will be used to assist the participant in identifying and overcoming barriers to
28.18 employment. Screening for mental and chemical health and special learning needs must
28.19 be completed by participants who are unable to find suitable employment after six weeks
28.20 of job search under subdivision 2, paragraph (b), and participants who are determined to
28.21 have barriers to employment under subdivision 2, paragraph (d). Failure to complete the
28.22 screens will result in sanction under section 256J.46; and

28.23 (4) a comprehensive review of participation and progress for participants who have
28.24 received MFIP assistance and have not worked in unsubsidized employment during the
28.25 past 12 months. The purpose of the review is to determine the need for additional services
28.26 and supports, including placement in subsidized employment or unpaid work experience
28.27 under section 256J.49, subdivision 13, or referral to the family stabilization services
28.28 program under section 256J.575.

28.29 (c) Information gathered during a caregiver's participation in the diversionary work
28.30 program under section 256J.95 must be incorporated into the assessment process.

28.31 (d) The job counselor may require the participant to complete a professional chemical
28.32 use assessment to be performed according to the rules adopted under section 254A.03,
28.33 subdivision 3, including provisions in the administrative rules which recognize the cultural
28.34 background of the participant, or a professional psychological assessment as a component
28.35 of the assessment process, when the job counselor has a reasonable belief, based on
28.36 objective evidence, that a participant's ability to obtain and retain suitable employment

is impaired by a medical condition. The job counselor may assist the participant with arranging services, including child care assistance and transportation, necessary to meet needs identified by the assessment. Data gathered as part of a professional assessment must be classified and disclosed according to the provisions in section 13.46.

Sec. 24. Minnesota Statutes 2006, section 256J.521, subdivision 2, is amended to read:

Subd. 2. Employment plan; contents. (a) Based on the assessment under subdivision 1, the job counselor and the participant must develop an employment plan that includes participation in activities and hours that meet the requirements of section 256J.55, subdivision 1. The purpose of the employment plan is to identify for each participant the most direct path to unsubsidized employment and any subsequent steps that support long-term economic stability. The employment plan should be developed using the highest level of activity appropriate for the participant. Activities must be chosen from clauses (1) to (6), which are listed in order of preference. Notwithstanding this order of preference for activities, priority must be given for activities related to a family violence waiver when developing the employment plan. The employment plan must also list the specific steps the participant will take to obtain employment, including steps necessary for the participant to progress from one level of activity to another, and a timetable for completion of each step. Levels of activity include:

- (1) unsubsidized employment;
- (2) job search;
- (3) subsidized employment or unpaid work experience;
- (4) unsubsidized employment and job readiness education or job skills training;
- (5) unsubsidized employment or unpaid work experience and activities related to a family violence waiver or preemployment needs; and
- (6) activities related to a family violence waiver or preemployment needs.

(b) Participants who are determined to possess sufficient skills such that the participant is likely to succeed in obtaining unsubsidized employment must job search at least 30 hours per week for up to six weeks and accept any offer of suitable employment. The remaining hours necessary to meet the requirements of section 256J.55, subdivision 1, may be met through participation in other work activities under section 256J.49, subdivision 13. The participant's employment plan must specify, at a minimum: (1) whether the job search is supervised or unsupervised; (2) support services that will be provided; and (3) how frequently the participant must report to the job counselor. Participants who are unable to find suitable employment after six weeks must meet with the job counselor to determine whether other activities in paragraph (a) should be

incorporated into the employment plan. Job search activities which are continued after six weeks must be structured and supervised.

(c) Beginning July 1, 2004, activities and hourly requirements in the employment plan may be adjusted as necessary to accommodate the personal and family circumstances of participants identified under section 256J.561, subdivision 2, paragraph (d). Participants who no longer meet the provisions of section 256J.561, subdivision 2, paragraph (d), must meet with the job counselor within ten days of the determination to revise the employment plan.

(d) Participants who are determined to have barriers to obtaining or retaining employment that will not be overcome during six weeks of job search under paragraph (b) must work with the job counselor to develop an employment plan that addresses those barriers by incorporating appropriate activities from paragraph (a), clauses (1) to (6). The employment plan must include enough hours to meet the participation requirements in section 256J.55, subdivision 1, unless a compelling reason to require fewer hours is noted in the participant's file.

(e) The job counselor and the participant must sign the employment plan to indicate agreement on the contents.

(f) Except as provided under paragraphs (g) and (h), failure to develop or comply with activities in the plan, or voluntarily quitting suitable employment without good cause, will result in the imposition of a sanction under section 256J.46. The job counselor is encouraged to allow participants who are participating in at least 20 hours of work activities to also participate in employment and training activities in order to meet the federal hourly participation rates.

(g) When a participant fails to meet the agreed upon hours of participation in paid employment because the participant is not eligible for holiday pay and the participant's place of employment is closed for a holiday, the job counselor shall not impose a sanction or increase the hours of participation in any other activity, including paid employment, to offset the hours that were missed due to the holiday.

(h) The job counselor shall not impose a sanction for failure to meet the agreed upon hours in a participant's employment plan under this subdivision when the participant is otherwise meeting or exceeding the federal TANF work participation rate hourly requirements.

~~(f)~~ (i) Employment plans must be reviewed at least every three months to determine whether activities and hourly requirements should be revised.

31.1 Sec. 25. Minnesota Statutes 2006, section 256J.521, is amended by adding a
31.2 subdivision to read:

31.3 Subd. 7. **Employment plan; nonmaintenance of effort; single caregivers.** (a)
31.4 When a single caregiver is moved to the nonmaintenance of effort state-funded program
31.5 under section 256J.021, paragraphs (a) and (b), the single caregiver shall develop or revise
31.6 the employment plan as specified in this subdivision with a job counselor or county. The
31.7 plan must address issues interfering with employment, including physical and mental
31.8 health, substance use, and social service issues of the caregiver and the caregiver's family.
31.9 Job search and employment must also be included in the plan to the extent possible.

31.10 (b) Counties must coordinate services by ensuring that all workers involved with
31.11 the family communicate on a regular basis, and that expectations for the family across
31.12 service areas lead to common goals.

31.13 (c) Activities and hourly requirements in the employment plan may be adjusted as
31.14 necessary to accommodate the personal and family circumstances of the participant.
31.15 Participants who no longer meet the criteria for the nonmaintenance of effort state-funded
31.16 program shall meet with the job counselor or county within ten days of the determination
31.17 to revise the employment plan.

31.18 Sec. 26. Minnesota Statutes 2006, section 256J.53, subdivision 2, is amended to read:

31.19 Subd. 2. **Approval of postsecondary education or training.** (a) ~~In order for a~~
31.20 ~~postsecondary education or training program to be an approved activity in an employment~~
31.21 ~~plan, the participant must be working in unsubsidized employment at least 20 hours per~~
31.22 ~~week.~~

31.23 ~~(b)~~ Participants seeking approval of a postsecondary education or training plan
31.24 must provide documentation that:

31.25 (1) the employment goal can only be met with the additional education or training;

31.26 (2) there are suitable employment opportunities that require the specific education or
31.27 training in the area in which the participant resides or is willing to reside;

31.28 (3) the education or training will result in significantly higher wages for the
31.29 participant than the participant could earn without the education or training;

31.30 (4) the participant can meet the requirements for admission into the program; and

31.31 (5) there is a reasonable expectation that the participant will complete the training
31.32 program based on such factors as the participant's MFIP assessment, previous education,
31.33 training, and work history; current motivation; and changes in previous circumstances.

~~(c) The hourly unsubsidized employment requirement does not apply for intensive education or training programs lasting 12 weeks or less when full-time attendance is required.~~

~~(d)~~ (b) Participants with an approved employment plan in place on July 1, 2003, which includes more than 12 months of postsecondary education or training shall be allowed to complete that plan provided that hourly requirements in section 256J.55, subdivision 1, and conditions specified in paragraph ~~(b)~~ (a), and subdivisions 3 and 5 are met. A participant whose case is subsequently closed for three months or less for reasons other than noncompliance with program requirements and who returns to MFIP shall be allowed to complete that plan provided that hourly requirements in section 256J.55, subdivision 1, and conditions specified in paragraph ~~(b)~~ (a) and subdivisions 3 and 5 are met.

Sec. 28. **[256J.575] FAMILY STABILIZATION SERVICES.**

Subdivision 1. **Purpose.** (a) The family stabilization services serve families who are not making significant progress within the Minnesota family investment program (MFIP) due to a variety of barriers to employment.

(b) The goal of the services is to stabilize and improve the lives of families at risk of long-term welfare dependency or family instability due to employment barriers such as physical disability, mental disability, age, or providing care for a disabled household member. These services promote and support families to achieve the greatest possible degree of self-sufficiency.

Subd. 2. **Definitions.** The terms used in this section have the meanings given them in paragraphs (a) to (d).

(a) "Family stabilization services" means the services established under this section.

(b) "Case management" means the services provided by or through the county agency or through the employment services agency to participating families, including assessment, information, referrals, and assistance in the preparation and implementation of a family stabilization plan under subdivision 5.

(c) "Family stabilization plan" means a plan developed by a case manager and the participant, which identifies the participant's most appropriate path to unsubsidized employment, family stability, and barrier reduction, taking into account the family's circumstances.

(d) "Family stabilization services" means programs, activities, and services in this section that provide participants and their family members with assistance regarding, but not limited to:

(1) obtaining and retaining unsubsidized employment;

(e) "Case manager" means the county-designated staff person or employment services counselor.

34.1 Subd. 3. **Eligibility.** (a) The following MFIP or diversionary work program (DWP)

34.14 (6) a new MFIP participant, for the first 30 days the participant receives assistance or
34.15 when the participant's employment plan is completed, whichever is sooner.

34.16 (b) Families must meet all other eligibility requirements for MFIP established in
34.17 this chapter. Families are eligible for financial assistance to the same extent as if they
34.18 were participating in MFIP.

34.24 Subd. 4. **Universal participation.** All caregivers must participate in family
34.25 stabilization services as defined in subdivision 2.

34.26 Subd. 5. **Case management; family stabilization plans; coordinated services.** (a)
34.27 The county agency shall provide family stabilization services to families through a case
34.28 management model. A case manager shall be assigned to each participating family within
34.29 30 days after the family begins to receive financial assistance as a participant of the family
34.30 stabilization services. The case manager, with the full involvement of the participant, shall
34.31 recommend, and the county agency shall establish and modify as necessary, a family
34.32 stabilization plan for each participating family. If a participant is already assigned to a
34.33 county case manager or a county-designated case manager in social services, disability

34.35 for purposes of these services.

34.36 (b) The family stabilization plan must include:

(1) each participant's plan for long-term self-sufficiency, including an employment goal where applicable;

(2) an assessment of each participant's strengths and barriers, and any special circumstances of the participant's family that impact, or are likely to impact, the participant's progress towards the goals in the plan; and

(3) an identification of the services, supports, education, training, and accommodations needed to reduce or overcome any barriers to enable the family to achieve self-sufficiency and to fulfill each caregiver's personal and family responsibilities.

(c) The case manager and the participant shall meet within 30 days of the family's referral to the case manager. The initial family stabilization plan must be completed within 30 days of the first meeting with the case manager. The case manager shall establish a schedule for periodic review of the family stabilization plan that includes personal contact with the participant at least once per month. In addition, the case manager shall review and, if necessary, modify the plan under the following circumstances:

(1) there is a lack of satisfactory progress in achieving the goals of the plan;

(2) the participant has lost unsubsidized or subsidized employment;

(3) a family member has failed or is unable to comply with a family stabilization plan requirement;

(4) services, supports, or other activities required by the plan are unavailable;

(5) changes to the plan are needed to promote the well-being of the children; or

(6) the participant and case manager determine that the plan is no longer appropriate for any other reason.

Subd. 6. **Cooperation with services requirements.** (a) To be eligible, a participant shall comply with paragraphs (b) to (e).

(b) Participants shall engage in family stabilization plan services for the appropriate number of hours per week that the activities are scheduled and available, unless good cause exists for not doing so, as defined in section 256J.57, subdivision 1. The appropriate number of hours must be based on the participant's plan.

(c) The case manager shall review the participant's progress toward the goals in the family stabilization plan every six months to determine whether conditions have changed, including whether revisions to the plan are needed.

(d) When the participant has increased participation in work-related activities sufficient to meet the federal participation requirements of TANF, the county agency shall refer the participant to the MFIP program and assign the participant to a job counselor. The participant and the job counselor shall meet within 15 days of referral to the MFIP

program to develop an employment plan under section 256J.521. No reapplication is necessary and financial assistance continues without interruption.

(e) A participant's requirement to comply with any or all family stabilization plan requirements under this subdivision is excused when the case management services, training and educational services, and family support services identified in the participant's family stabilization plan are unavailable for reasons beyond the control of the participant, including when money appropriated is not sufficient to provide the services.

Subd. 7. **Sanctions.** (a) The financial assistance grant of a participating family is reduced according to section 256J.46, if a participating adult fails without good cause to comply or continue to comply with the family stabilization plan requirements in this subdivision, unless compliance has been excused under subdivision 6, paragraph (e).

(b) Given the purpose of the family stabilization services in this section and the nature of the underlying family circumstances that act as barriers to both employment and full compliance with program requirements, sanctions are appropriate only when it is clear that there is both the ability to comply and willful noncompliance by the participant, as confirmed by a behavioral health or medical professional.

(c) Prior to the imposition of a sanction, the county agency shall review the participant's case to determine if the family stabilization plan is still appropriate and meet with the participant face-to-face. The participant may bring an advocate to the face-to-face meeting.

During the face-to-face meeting, the county agency must:

(1) determine whether the continued noncompliance can be explained and mitigated by providing a needed family stabilization service, as defined in subdivision 2, paragraph (d);

(2) determine whether the participant qualifies for a good cause exemption under section 256J.57, or if the sanction is for noncooperation with child support requirements, determine if the participant qualifies for a good cause exemption under section 256.741, subdivision 10;

(3) determine whether activities in the family stabilization plan are appropriate based on the family's circumstances;

(4) explain the consequences of continuing noncompliance;

(5) identify other resources that may be available to the participant to meet the needs of the family; and

(6) inform the participant of the right to appeal under section 256J.40.

If the lack of an identified activity or service can explain the noncompliance, the county shall work with the participant to provide the identified activity.

(d) If the participant fails to come to the face-to-face meeting, the case manager or a designee shall attempt at least one home visit. If a face-to-face meeting is not conducted, the county agency shall send the participant a written notice that includes the information under paragraph (c).

(e) After the requirements of paragraphs (c) and (d) are met and prior to imposition of a sanction, the county agency shall provide a notice of intent to sanction under section 256J.57, subdivision 2, and, when applicable, a notice of adverse action under section 256J.31.

(f) Section 256J.57 applies to this section except to the extent that it is modified by this subdivision.

Subd. 8. Funding. (a) The commissioner of human services must treat MFIP expenditures made to or on behalf of any minor child under this section, who is part of a household that meets criteria in subdivision 3, as expenditures under a separately funded state program. These expenditures shall not count toward the state's maintenance of effort requirements under the federal TANF program.

(b) A family is no longer part of a separately funded program under this section, if the caregiver no longer meets the criteria for family stabilization services in subdivision 3 or if it is determined at recertification that the caregiver is meeting the federal work participation rate, whichever occurs sooner.

Sec. 29. Minnesota Statutes 2006, section 256J.626, subdivision 1, is amended to read:

Subdivision 1. **Consolidated fund.** The consolidated fund is established to support counties and tribes in meeting their duties under this chapter. (b) Administrative costs that are not matched with county funds as provided in subdivision 8 may not exceed 7.5 percent of a county's or 15 percent of a tribe's allocation under this section. The commissioner shall define administrative costs for purposes of this subdivision.

39.1 (c) The commissioner may waive the cap on administrative costs for a county or tribe

39.20 employment services with the city. Counties may collaborate to develop multicounty,
39.21 multitribal, or regional service agreements.

39.22 (b) The service agreements will be completed in a form prescribed by the
39.23 commissioner. The agreement must include:

39.24 (1) a statement of the needs of the service population and strengths and resources
39.25 in the community;

Subd. 13. **Immediate referral to employment services.** Within one working day of determination that the applicant is eligible for the diversionary work program, but before benefits are issued to or on behalf of the family unit, the county shall refer all caregivers to employment services. The referral to the DWP employment services must be in writing and must contain the following information:

(1) notification that, as part of the application process, applicants are required to develop an employment plan or the DWP application will be denied;

(2) the employment services provider name and phone number;

~~(3) the date, time, and location of the scheduled employment services interview;~~

~~(4)~~ (3) the immediate availability of supportive services, including, but not limited to, child care, transportation, and other work-related aid; and

Sec. 39. Minnesota Statutes 2006, section 259.24, subdivision 3, is amended to read:

Subd. 3. **Child.** When the child to be adopted is over 14 years of age, the child's written consent to adoption by a particular person is also ~~shall be~~ necessary. A child of any age who is under the guardianship of the commissioner and is legally available for adoption may not refuse or waive the commissioner's agent's exhaustive efforts to recruit, identify, and place the child in an adoptive home required under section 260C.317, subdivision 3, paragraph (b), or sign a document relieving county social services agencies of all recruitment efforts on the child's behalf.

Sec. 40. Minnesota Statutes 2006, section 259.53, subdivision 1, is amended to read:

Subdivision 1. **Notice to commissioner; referral for postplacement assessment.**

(a) Upon the filing of a petition for adoption of a child who is:

(1) under the guardianship of the commissioner or a licensed child-placing agency according to section 260C.201, subdivision 11, or 260C.317;

(2) placed by the commissioner, commissioner's agent, or licensed child-placing agency after a consent to adopt according to section 259.24 or under an agreement conferring authority to place for adoption according to section 259.25; or

(3) placed by preadoptive custody order for a direct adoptive placement ordered by the district court under section 259.47,

the court administrator shall immediately transmit a copy of the petition to the commissioner of human services.

(b) The court shall immediately refer the petition to the agency specified below for completion of a postplacement assessment and report as required by subdivision 2.

(1) If the child to be adopted has been committed to the guardianship of the commissioner or an agency under section 260C.317 or an agency has been given authority to place the child under section 259.25, the court shall refer the petition to that agency, unless another agency is supervising the placement, in which case the court shall refer the petition to the supervising agency.

(2) If the child to be adopted has been placed in the petitioner's home by a direct adoptive placement, the court shall refer the petition to the agency supervising the placement under section 259.47, subdivision 3, paragraph (a), clause (6).

(3) If the child is to be adopted by an individual who is related to the child as defined by section 245A.02, subdivision 13, and in all other instances not described in clause (1) or (2), the court shall refer the petition to the local social services agency of the county in which the prospective adoptive parent lives.

Sec. 41. Minnesota Statutes 2006, section 259.57, subdivision 1, is amended to read:

Subdivision 1. **Findings; orders.** Upon the hearing,

(a) if the court finds that it is in the best interests of the child that the petition be granted, a decree of adoption shall be made and recorded in the office of the court administrator, ordering that henceforth the child shall be the child of the petitioner. In the decree the court may change the name of the child if desired. After the decree is granted for a child who is:

(1) under the guardianship of the commissioner or a licensed child-placing agency according to section 260C.201, subdivision 11, or 260C.317;

(2) placed by the commissioner, commissioner's agent, or licensed child-placing agency after a consent to adopt according to section 259.24 or under an agreement conferring authority to place for adoption according to section 259.25; or

(3) adopted after a direct adoptive placement ordered by the district court under section 259.47,

47.1 the court administrator shall immediately mail a copy of the recorded decree to the
47.2 commissioner of human services;

47.3 (b) if the court is not satisfied that the proposed adoption is in the best interests
47.4 of the child, the court shall deny the petition, and shall order the child returned to the
47.5 custody of the person or agency legally vested with permanent custody or certify the
47.6 case for appropriate action and disposition to the court having jurisdiction to determine
47.7 the custody and guardianship of the child.

47.8 Sec. 42. Minnesota Statutes 2006, section 259.67, subdivision 4, is amended to read:

47.9 Subd. 4. **Eligibility conditions.** (a) The placing agency shall use the AFDC
47.10 requirements as specified in federal law as of July 16, 1996, when determining the child's
47.11 eligibility for adoption assistance under title IV-E of the Social Security Act. If the child
47.12 does not qualify, the placing agency shall certify a child as eligible for state funded
47.13 adoption assistance only if the following criteria are met:

47.14 (1) Due to the child's characteristics or circumstances it would be difficult to provide
47.15 the child an adoptive home without adoption assistance.

47.16 (2)(i) A placement agency has made reasonable efforts to place the child for adoption
47.17 without adoption assistance, but has been unsuccessful; or

47.18 (ii) the child's licensed foster parents desire to adopt the child and it is determined by
47.19 the placing agency that the adoption is in the best interest of the child.

47.20 (3)(i) The child has been a ward of the commissioner, a Minnesota-licensed
47.21 child-placing agency, or a tribal social service agency of Minnesota recognized by the
47.22 Secretary of the Interior; or (ii) the child will be adopted according to tribal law without a
47.23 termination of parental rights or relinquishment, provided that the tribe has documented
47.24 the valid reason why the child cannot or should not be returned to the home of the child's
47.25 parent. The placing agency shall not certify a child who remains under the jurisdiction
47.26 of the sending agency pursuant to section 260.851, article 5, for state-funded adoption
47.27 assistance when Minnesota is the receiving state.

47.28 (b) For purposes of this subdivision, the characteristics or circumstances that may
47.29 be considered in determining whether a child is a child with special needs under United
47.30 States Code, title 42, chapter 7, subchapter IV, part E, or meets the requirements of
47.31 paragraph (a), clause (1), are the following:

47.32 (1) The child is a member of a sibling group to be placed as one unit in which at
47.33 least one sibling is older than 15 months of age or is described in clause (2) or (3).

47.34 (2) The child has documented physical, mental, emotional, or behavioral disabilities.

(3) The child has a high risk of developing physical, mental, emotional, or behavioral disabilities.

~~(4) The child is adopted according to tribal law without a termination of parental rights or relinquishment, provided that the tribe has documented the valid reason why the child cannot or should not be returned to the home of the child's parent.~~

(4) The child is five years of age or older.

(c) When a child's eligibility for adoption assistance is based upon the high risk of developing physical, mental, emotional, or behavioral disabilities, payments shall not be made under the adoption assistance agreement unless and until the potential disability manifests itself as documented by an appropriate health care professional.

Sec. 43. Minnesota Statutes 2006, section 259.67, subdivision 7, is amended to read:

Subd. 7. **Reimbursement of costs.** (a) Subject to rules of the commissioner, and the provisions of this subdivision a child-placing agency licensed in Minnesota or any other state, or local or tribal social services agency shall receive a reimbursement from the commissioner equal to 100 percent of the reasonable and appropriate cost of providing adoption services ~~for a child certified as eligible for adoption assistance under subdivision 4. Such assistance.~~ Adoption services under this subdivision may include adoptive family recruitment, counseling, and special training when needed.

(b) An eligible child must have a goal of adoption, which may include an adoption in accordance with tribal law, and meet one of the following criteria:

(1) is a ward of the commissioner of human services or a ward of tribal court pursuant to section 260.755, subdivision 20, who meets one of the criteria in subdivision 4, paragraph (b), clause (1), (2), or (3); or

(2) is under the guardianship of a Minnesota-licensed child-placing agency who meets one of the criteria in subdivision 4, paragraph (b), clause (1) or (2).

(c) A child-placing agency licensed in Minnesota or any other state shall receive reimbursement for adoption services it purchases for or directly provides to an eligible child. Tribal social services shall receive reimbursement for adoption services it purchases for or directly provides to an eligible child. A local or tribal social services agency shall receive such reimbursement only for adoption services it purchases for an eligible child.

~~(b) A child-placing agency licensed in Minnesota or any other state or local or tribal social services agency seeking reimbursement under this subdivision shall enter into~~ Before providing adoption services for which reimbursement will be sought under this subdivision, a reimbursement agreement, on the designated format, must be entered into with the commissioner before providing adoption services for which reimbursement

is sought. No reimbursement under this subdivision shall be made to an agency for services provided prior to entering a reimbursement agreement. Separate reimbursement agreements shall be made for each child and separate records shall be kept on each child for whom a reimbursement agreement is made. The commissioner of human services shall agree that the reimbursement costs are reasonable and appropriate. The commissioner may spend up to \$16,000 for each purchase of service agreement. Only one agreement per child is allowed, unless an exception is granted by the commissioner. Funds encumbered and obligated under such an agreement for the child remain available until the terms of the agreement are fulfilled or the agreement is terminated.

~~(c) When a local or tribal social services agency uses a purchase of service agreement to provide services reimbursable under a reimbursement agreement,~~ The commissioner ~~may~~ shall make reimbursement payments directly to the agency providing the service if direct reimbursement is specified by the purchase of service agreement, and if the request for reimbursement is submitted by the local or tribal social services agency along with a verification that the service was provided.

Sec. 44. Minnesota Statutes 2006, section 259.75, subdivision 8, is amended to read:

Subd. 8. **Reasons for deferral.** Deferral of the listing of a child with the state adoption exchange shall be only for one or more of the following reasons:

(a) the child is in an adoptive placement but is not legally adopted;

(b) the child's foster parents or other individuals are now considering adoption;

(c) diagnostic study or testing is required to clarify the child's problem and provide an adequate description; or

(d) the child is currently in a hospital and continuing need for daily professional care will not permit placement in a family setting; ~~or,~~

~~(e) the child is 14 years of age or older and will not consent to an adoption plan.~~

Approval of a request to defer listing for any of the reasons specified in paragraph (b) or (c) shall be valid for a period not to exceed 90 days, with no subsequent deferrals for those reasons.

Sec. 45. Minnesota Statutes 2006, section 260.012, is amended to read:

260.012 DUTY TO ENSURE PLACEMENT PREVENTION AND FAMILY REUNIFICATION; REASONABLE EFFORTS.

(a) Once a child alleged to be in need of protection or services is under the court's jurisdiction, the court shall ensure that reasonable efforts, including culturally appropriate services, by the social services agency are made to prevent placement or to eliminate the

50.1 need for removal and to reunite the child with the child's family at the earliest possible
50.2 time, and ~~when a child cannot be reunified with the parent or guardian from whom the~~
50.3 ~~child was removed~~, the court must ensure that the responsible social services agency
50.4 makes reasonable efforts to finalize an alternative permanent plan for the child as provided
50.5 in paragraph (e). In determining reasonable efforts to be made with respect to a child and
50.6 in making those reasonable efforts, the child's best interests, health, and safety must be of
50.7 paramount concern. Reasonable efforts to prevent placement and for rehabilitation and
50.8 reunification are always required except upon a determination by the court that a petition
50.9 has been filed stating a prima facie case that:

50.10 (1) the parent has subjected a child to egregious harm as defined in section
50.11 260C.007, subdivision 14;

50.12 (2) the parental rights of the parent to another child have been terminated
50.13 involuntarily;

50.14 (3) the child is an abandoned infant under section 260C.301, subdivision 2,
50.15 paragraph (a), clause (2);

50.16 (4) the parent's custodial rights to another child have been involuntarily transferred
50.17 to a relative under section 260C.201, subdivision 11, paragraph (e), clause (1), or a similar
50.18 law of another jurisdiction; or

50.19 (5) the provision of services or further services for the purpose of reunification is
50.20 futile and therefore unreasonable under the circumstances.

50.21 (b) When the court makes one of the prima facie determinations under paragraph (a),
50.22 either permanency pleadings under section 260C.201, subdivision 11, or a termination
50.23 of parental rights petition under sections 260C.141 and 260C.301 must be filed. A
50.24 permanency hearing under section 260C.201, subdivision 11, must be held within 30
50.25 days of this determination.

50.26 (c) In the case of an Indian child, in proceedings under sections 260B.178 or
50.27 260C.178, 260C.201, and 260C.301 the juvenile court must make findings and conclusions
50.28 consistent with the Indian Child Welfare Act of 1978, United States Code, title 25, section
50.29 1901 et seq., as to the provision of active efforts. In cases governed by the Indian Child
50.30 Welfare Act of 1978, United States Code, title 25, section 1901, the responsible social
50.31 services agency must provide active efforts as required under United States Code, title
50.32 25, section 1911(d).

50.33 (d) "Reasonable efforts to prevent placement" means:

50.34 (1) the agency has made reasonable efforts to prevent the placement of the child in
50.35 foster care; or

51.1 (2) given the particular circumstances of the child and family at the time of the
51.2 child's removal, there are no services or efforts available which could allow the child to
51.3 safely remain in the home.

51.4 (e) "Reasonable efforts to finalize a permanent plan for the child" means due
51.5 diligence by the responsible social services agency to:

51.6 (1) reunify the child with the parent or guardian from whom the child was removed;

51.7 (2) assess a noncustodial parent's ability to provide day-to-day care for the child and,
51.8 where appropriate, provide services necessary to enable the noncustodial parent to safely
51.9 provide the care, as required by section 260C.212, subdivision 4;

51.10 (3) conduct a relative search as required under section 260C.212, subdivision 5; and

51.11 (4) when the child cannot return to the parent or guardian from whom the child was
51.12 removed, to plan for and finalize a safe and legally permanent alternative home for the
51.13 child, and considers permanent alternative homes for the child inside or outside of the
51.14 state, preferably through adoption or transfer of permanent legal and physical custody of
51.15 the child.

51.16 (f) Reasonable efforts are made upon the exercise of due diligence by the responsible
51.17 social services agency to use culturally appropriate and available services to meet the
51.18 needs of the child and the child's family. Services may include those provided by the
51.19 responsible social services agency and other culturally appropriate services available in
51.20 the community. At each stage of the proceedings where the court is required to review
51.21 the appropriateness of the responsible social services agency's reasonable efforts as
51.22 described in paragraphs (a), (d), and (e), the social services agency has the burden of
51.23 demonstrating that:

51.24 (1) it has made reasonable efforts to prevent placement of the child in foster care;

51.25 (2) it has made reasonable efforts to eliminate the need for removal of the child from
51.26 the child's home and to reunify the child with the child's family at the earliest possible time;

51.27 (3) it has made reasonable efforts to finalize an alternative permanent home for
51.28 the child, and considers permanent alternative homes for the child inside or outside of
51.29 the state; or

51.30 (4) reasonable efforts to prevent placement and to reunify the child with the parent
51.31 or guardian are not required. The agency may meet this burden by stating facts in a sworn
51.32 petition filed under section 260C.141, by filing an affidavit summarizing the agency's
51.33 reasonable efforts or facts the agency believes demonstrate there is no need for reasonable
51.34 efforts to reunify the parent and child, or through testimony or a certified report required
51.35 under juvenile court rules.

(g) Once the court determines that reasonable efforts for reunification are not required because the court has made one of the prima facie determinations under paragraph (a), the court may only require reasonable efforts for reunification after a hearing according to section 260C.163, where the court finds there is not clear and convincing evidence of the facts upon which the court based its prima facie determination. In this case when there is clear and convincing evidence that the child is in need of protection or services, the court may find the child in need of protection or services and order any of the dispositions available under section 260C.201, subdivision 1. Reunification of a surviving child with a parent is not required if the parent has been convicted of:

(1) a violation of, or an attempt or conspiracy to commit a violation of, sections 609.185 to 609.20; 609.222, subdivision 2; or 609.223 in regard to another child of the parent;

(2) a violation of section 609.222, subdivision 2; or 609.223, in regard to the surviving child; or

(3) a violation of, or an attempt or conspiracy to commit a violation of, United States Code, title 18, section 1111(a) or 1112(a), in regard to another child of the parent.

(h) The juvenile court, in proceedings under sections 260B.178 or 260C.178, 260C.201, and 260C.301 shall make findings and conclusions as to the provision of reasonable efforts. When determining whether reasonable efforts have been made, the court shall consider whether services to the child and family were:

(1) relevant to the safety and protection of the child;

(2) adequate to meet the needs of the child and family;

(3) culturally appropriate;

(4) available and accessible;

(5) consistent and timely; and

(6) realistic under the circumstances.

In the alternative, the court may determine that provision of services or further services for the purpose of rehabilitation is futile and therefore unreasonable under the circumstances or that reasonable efforts are not required as provided in paragraph (a).

(i) This section does not prevent out-of-home placement for treatment of a child with a mental disability when the child's diagnostic assessment or individual treatment plan indicates that appropriate and necessary treatment cannot be effectively provided outside of a residential or inpatient treatment program.

(j) If continuation of reasonable efforts to prevent placement or reunify the child with the parent or guardian from whom the child was removed is determined by the court to be inconsistent with the permanent plan for the child or upon the court making one of

the prima facie determinations under paragraph (a), reasonable efforts must be made to place the child in a timely manner in a safe and permanent home and to complete whatever steps are necessary to legally finalize the permanent placement of the child.

(k) Reasonable efforts to place a child for adoption or in another permanent placement may be made concurrently with reasonable efforts to prevent placement or to reunify the child with the parent or guardian from whom the child was removed. When the responsible social services agency decides to concurrently make reasonable efforts for both reunification and permanent placement away from the parent under paragraph (a), the agency shall disclose its decision and both plans for concurrent reasonable efforts to all parties and the court. When the agency discloses its decision to proceed on both plans for reunification and permanent placement away from the parent, the court's review of the agency's reasonable efforts shall include the agency's efforts under both plans.

Sec. 46. Minnesota Statutes 2006, section 260.755, subdivision 12, is amended to read:

Subd. 12. **Indian tribe.** "Indian tribe" means an Indian tribe, band, nation, or other organized group or community of Indians recognized as eligible for the services provided to Indians by the secretary because of their status as Indians, including any ~~band~~ Native group under the Alaska Native Claims Settlement Act, United States Code, title 43, section 1602, ~~and exercising tribal governmental powers.~~

Sec. 47. Minnesota Statutes 2006, section 260.755, subdivision 20, is amended to read:

Subd. 20. **Tribal court.** "Tribal court" means a court with ~~federally recognized~~ jurisdiction over child custody proceedings and which is either a court of Indian offenses, or a court established and operated under the code or custom of an Indian tribe, or ~~the~~ any other administrative body of a tribe which is vested with authority over child custody proceedings. Except as provided in section 260.771, subdivision 5, nothing in this chapter shall be construed as conferring jurisdiction on an Indian tribe.

Sec. 48. Minnesota Statutes 2006, section 260.761, subdivision 7, is amended to read:

Subd. 7. **Identification of extended family members.** Any agency considering placement of an Indian child shall make ~~reasonable~~ active efforts to identify and locate extended family members.

Sec. 49. Minnesota Statutes 2006, section 260.765, subdivision 5, is amended to read:

54.1 Subd. 5. **Identification of extended family members.** Any agency considering
54.2 placement of an Indian child shall make ~~reasonable~~ active efforts to identify and locate
54.3 extended family members.

54.4 Sec. 50. Minnesota Statutes 2006, section 260.771, subdivision 1, is amended to read:

54.5 Subdivision 1. **Indian tribe jurisdiction.** An Indian tribe with a tribal court has
54.6 exclusive jurisdiction over a child placement proceeding involving an Indian child who
54.7 resides or is domiciled within the reservation of ~~such the~~ the tribe ~~at the commencement of~~
54.8 ~~the proceedings~~, except where jurisdiction is otherwise vested in the state by existing
54.9 federal law. When an Indian child is ~~in the legal custody of a person or agency pursuant~~
54.10 ~~to an order of~~ a ward of the tribal court, the Indian tribe retains exclusive jurisdiction,
54.11 notwithstanding the residence or domicile of the child.

54.12 Sec. 51. Minnesota Statutes 2006, section 260.771, subdivision 2, is amended to read:

54.13 Subd. 2. **Court determination of tribal affiliation of child.** In any child placement
54.14 proceeding, the court shall establish whether an Indian child is involved and the identity
54.15 of the Indian child's tribe. This chapter and the federal Indian Child Welfare Act are
54.16 applicable without exception in any child custody proceeding, as defined in the federal act,
54.17 involving an Indian child. This chapter applies to child custody proceedings involving
54.18 an Indian child whether the child is in the physical or legal custody of an Indian parent,
54.19 Indian custodian, Indian extended family member, or other person at the commencement
54.20 of the proceedings. A court shall not determine the applicability of this chapter or the
54.21 federal Indian Child Welfare Act to a child custody proceeding based upon whether an
54.22 Indian child is part of an existing Indian family or based upon the level of contact a child
54.23 has with the child's Indian tribe, reservation, society, or off-reservation community.

54.24 Sec. 52. **[260.852] PLACEMENT PROCEDURES.**

54.25 Subdivision 1. **Home study.** The state must have procedures for the orderly and
54.26 timely interstate placement of children that are implemented in accordance with an
54.27 interstate compact and that, within 60 days after the state receives from another state a
54.28 request to conduct a study of a home environment for purposes of assessing the safety
54.29 and suitability of placing a child in the home, the state shall, directly or by contract,
54.30 conduct and complete a home study and return to the other state a report on the results of
54.31 the study, which shall address the extent to which placement in the home would meet the
54.32 needs of the child; except in the case of a home study begun before October 1, 2008, if the
54.33 state fails to comply with conducting and completing the home study within the 60-day

period and this is as a result of circumstances beyond the control of the state, the state has 75 days to comply if the state documents the circumstances involved and certifies that completing the home study is in the best interests of the child.

This subdivision does not require the completion within the applicable period of the parts of the home study involving the education and training of the prospective foster or adoptive parents.

Subd. 2. **Effect of received report.** The state shall treat any report described in subdivision 1 that is received from another state, an Indian tribe, or a private agency under contract with another state or Indian tribe as meeting any requirements imposed by the state for the completion of a home study before placing a child in the home, unless, within 14 days after receipt of the report, the state determines, based on grounds that are specific to the content of the report, that making a decision in reliance on the report would be contrary to the welfare of the child.

Subd. 3. **Resources.** The state shall make effective use of cross-jurisdictional resources, including through contract for the purchase of services, and shall eliminate legal barriers to facilitate timely adoptive or permanent placements for waiting children. The state shall not impose any restriction on the use of private agencies for the purpose of conducting a home study to meet the 60-day requirement.

Subd. 4. **Incentive eligibility.** Minnesota is an incentive-eligible state and must:
(1) have an approved plan as required by the United States Secretary of Health and Human Services;

(2) be in compliance with the data requirements of the United States Department of Health and Human Services; and

(3) have data that verify that a home study is completed within 30 days.

Subd. 5. **Data requirements.** The state shall provide to the United States Secretary of Health and Human Services a written report, covering the preceding fiscal year, that specifies:

(1) the total number of interstate home studies requested by the state with respect to children in foster care under the responsibility of the state, and with respect to each study, the identity of the other state involved;

(2) the total number of timely interstate home studies completed by the state with respect to children in foster care under the responsibility of other states and, with respect to each study, the identity of the other state involved; and

(3) other information the United States Secretary of Health and Human Services requires in order to determine whether Minnesota is a home study incentive-eligible state.

Subd. 6. **Definitions.** (a) The definitions in this subdivision apply to this section.

(b) "Home study" means an evaluation of a home environment conducted in accordance with applicable requirements of the state in which the home is located, to determine whether a proposed placement of a child would meet the individual needs of the child, including the child's safety; permanency; health; well-being; and mental, emotional, and physical development.

(c) "Interstate home study" means a home study conducted by a state at the request of another state to facilitate an adoptive or foster placement in the state of a child in foster care under the responsibility of the state.

(d) "Timely interstate home study" means an interstate home study completed by a state if the state provides to the state that requested the study, within 30 days after receipt of the request, a report on the results of the study, except that there is no requirement for completion within the 30-day period of the parts of the home study involving the education and training of the prospective foster or adoptive parents.

Subd. 7. **Background study requirements for adoption and foster care.** (a) Background study requirements for an adoption home study must be completed consistent with section 259.41, subdivisions 1, 2, and 3.

(b) Background study requirements for a foster care license must be completed consistent with section 245C.08.

Subd. 8. **Home visits.** If a child has been placed in foster care outside the state in which the home of the parents of the child is located, periodically, but at least every six months, a caseworker on the staff of the agency of the state in which the home of the parents of the child is located or the state in which the child has been placed, or a private agency under contract with either state, must visit the child in the home or institution and submit a report on each visit to the agency of the state in which the home of the parents of the child is located.

Sec. 53. Minnesota Statutes 2006, section 260B.157, subdivision 1, is amended to read:

Subdivision 1. **Investigation.** Upon request of the court the local social services agency or probation officer shall investigate the personal and family history and environment of any minor coming within the jurisdiction of the court under section 260B.101 and shall report its findings to the court. The court may order any minor coming within its jurisdiction to be examined by a duly qualified physician, psychiatrist, or psychologist appointed by the court.

The court shall ~~have~~ order a chemical use assessment conducted when a child is (1) found to be delinquent for violating a provision of chapter 152, or for committing a felony-level violation of a provision of chapter 609 if the probation officer determines

that alcohol or drug use was a contributing factor in the commission of the offense, or (2) alleged to be delinquent for violating a provision of chapter 152, if the child is being held in custody under a detention order. The assessor's qualifications and the assessment criteria shall comply with Minnesota Rules, parts 9530.6600 to 9530.6655. If funds under chapter 254B are to be used to pay for the recommended treatment, the assessment and placement must comply with all provisions of Minnesota Rules, parts 9530.6600 to 9530.6655 and 9530.7000 to 9530.7030. The commissioner of human services shall reimburse the court for the cost of the chemical use assessment, up to a maximum of \$100.

The court shall ~~have~~ order a children's mental health screening conducted when a child is found to be delinquent. The screening shall be conducted with a screening instrument approved by the commissioner of human services and shall be conducted by a mental health practitioner as defined in section 245.4871, subdivision 26, or a probation officer who is trained in the use of the screening instrument. If the screening indicates a need for assessment, the local social services agency, in consultation with the child's family, shall have a diagnostic assessment conducted, including a functional assessment, as defined in section 245.4871.

With the consent of the commissioner of corrections and agreement of the county to pay the costs thereof, the court may, by order, place a minor coming within its jurisdiction in an institution maintained by the commissioner for the detention, diagnosis, custody and treatment of persons adjudicated to be delinquent, in order that the condition of the minor be given due consideration in the disposition of the case. Any funds received under the provisions of this subdivision shall not cancel until the end of the fiscal year immediately following the fiscal year in which the funds were received. The funds are available for use by the commissioner of corrections during that period and are hereby appropriated annually to the commissioner of corrections as reimbursement of the costs of providing these services to the juvenile courts.

Sec. 54. Minnesota Statutes 2006, section 260C.152, subdivision 5, is amended to read:

Subd. 5. **Notice to foster parents and preadoptive parents and relatives.** The foster parents, if any, of a child and any preadoptive parent or relative providing care for the child must be provided notice of and ~~an opportunity~~ a right to be heard in any review or hearing to be held with respect to the child. Any other relative may also request, and must be granted, a notice and the opportunity to be heard under this section. This subdivision does not require that a foster parent, preadoptive parent, or relative providing care for the child be made a party to a review or hearing solely on the basis of the notice and ~~opportunity~~ right to be heard.

Sec. 55. Minnesota Statutes 2006, section 260C.163, subdivision 1, is amended to read:

Subdivision 1. **General.** (a) Except for hearings arising under section 260C.425, hearings on any matter shall be without a jury and may be conducted in an informal manner. In all adjudicatory proceedings involving a child alleged to be in need of protection or services, the court shall admit only evidence that would be admissible in a civil trial. To be proved at trial, allegations of a petition alleging a child to be in need of protection or services must be proved by clear and convincing evidence.

(b) Except for proceedings involving a child alleged to be in need of protection or services and petitions for the termination of parental rights, hearings may be continued or adjourned from time to time. In proceedings involving a child alleged to be in need of protection or services and petitions for the termination of parental rights, hearings may not be continued or adjourned for more than one week unless the court makes specific findings that the continuance or adjournment is in the best interests of the child. If a hearing is held on a petition involving physical or sexual abuse of a child who is alleged to be in need of protection or services or neglected and in foster care, the court shall file the decision with the court administrator as soon as possible but no later than 15 days after the matter is submitted to the court. When a continuance or adjournment is ordered in any proceeding, the court may make any interim orders as it deems in the best interests of the minor in accordance with the provisions of sections 260C.001 to 260C.421.

(c) Except as otherwise provided in this paragraph, the court shall exclude the general public from hearings under this chapter and shall admit only those persons who, in the discretion of the court, have a direct interest in the case or in the work of the court.

(d) Adoption hearings shall be conducted in accordance with the provisions of laws relating to adoptions.

(e) In any permanency hearing, including the transition of a child from foster care to independent living, the court shall ensure that any consult with the child is in an age-appropriate manner.

Sec. 56. Minnesota Statutes 2006, section 260C.201, subdivision 11, is amended to read:

Subd. 11. **Review of court-ordered placements; permanent placement determination.** (a) This subdivision and subdivision 11a do not apply in cases where the child is in placement due solely to the child's developmental disability or emotional disturbance, where legal custody has not been transferred to the responsible social services agency, and where the court finds compelling reasons under section 260C.007, subdivision 8, to continue the child in foster care past the time periods specified in this subdivision.

Foster care placements of children due solely to their disability are governed by section 260C.141, subdivision 2a. In all other cases where the child is in foster care or in the care of a noncustodial parent under subdivision 1, the court shall commence proceedings to determine the permanent status of a child not later than 12 months after the child is placed in foster care or in the care of a noncustodial parent. At the admit-deny hearing commencing such proceedings, the court shall determine whether there is a prima facie basis for finding that the agency made reasonable efforts, or in the case of an Indian child active efforts, required under section 260.012 and proceed according to the rules of juvenile court.

For purposes of this subdivision, the date of the child's placement in foster care is the earlier of the first court-ordered placement or 60 days after the date on which the child has been voluntarily placed in foster care by the child's parent or guardian. For purposes of this subdivision, time spent by a child under the protective supervision of the responsible social services agency in the home of a noncustodial parent pursuant to an order under subdivision 1 counts towards the requirement of a permanency hearing under this subdivision or subdivision 11a. Time spent on a trial home visit ~~does not count~~ counts towards the requirement of a permanency hearing under this subdivision ~~or~~ and a permanency review for a child under eight years of age under subdivision 11a.

For purposes of this subdivision, 12 months is calculated as follows:

(1) during the pendency of a petition alleging that a child is in need of protection or services, all time periods when a child is placed in foster care or in the home of a noncustodial parent are cumulated;

(2) if a child has been placed in foster care within the previous five years under one or more previous petitions, the lengths of all prior time periods when the child was placed in foster care within the previous five years are cumulated. If a child under this clause has been in foster care for 12 months or more, the court, if it is in the best interests of the child and for compelling reasons, may extend the total time the child may continue out of the home under the current petition up to an additional six months before making a permanency determination.

(b) Unless the responsible social services agency recommends return of the child to the custodial parent or parents, not later than 30 days prior to the admit-deny hearing required under paragraph (a) and the rules of juvenile court, the responsible social services agency shall file pleadings in juvenile court to establish the basis for the juvenile court to order permanent placement of the child, including a termination of parental rights petition, according to paragraph (d). Notice of the hearing and copies of the pleadings must be provided pursuant to section 260C.152.

(c) The permanency proceedings shall be conducted in a timely fashion including that any trial required under section 260C.163 shall be commenced within 60 days of the admit-deny hearing required under paragraph (a). At the conclusion of the permanency proceedings, the court shall:

(1) order the child returned to the care of the parent or guardian from whom the child was removed; or

(2) order a permanent placement or termination of parental rights if permanent placement or termination of parental rights is in the child's best interests. The "best interests of the child" means all relevant factors to be considered and evaluated. Transfer of permanent legal and physical custody, termination of parental rights, or guardianship and legal custody to the commissioner through a consent to adopt are preferred permanency options for a child who cannot return home.

(d) If the child is not returned to the home, the court must order one of the following dispositions:

(1) permanent legal and physical custody to a relative in the best interests of the child according to the following conditions:

(i) an order for transfer of permanent legal and physical custody to a relative shall only be made after the court has reviewed the suitability of the prospective legal and physical custodian;

(ii) in transferring permanent legal and physical custody to a relative, the juvenile court shall follow the standards applicable under this chapter and chapter 260, and the procedures set out in the juvenile court rules;

(iii) an order establishing permanent legal and physical custody under this subdivision must be filed with the family court;

(iv) a transfer of legal and physical custody includes responsibility for the protection, education, care, and control of the child and decision making on behalf of the child;

(v) the social services agency may bring a petition or motion naming a fit and willing relative as a proposed permanent legal and physical custodian. The commissioner of human services shall annually prepare for counties information that must be given to proposed custodians about their legal rights and obligations as custodians together with information on financial and medical benefits for which the child is eligible; and

(vi) the juvenile court may maintain jurisdiction over the responsible social services agency, the parents or guardian of the child, the child, and the permanent legal and physical custodian for purposes of ensuring appropriate services are delivered to the child and permanent legal custodian or for the purpose of ensuring conditions ordered by the court related to the care and custody of the child are met;

61.1 (2) termination of parental rights when the requirements of sections 260C.301 to
61.2 260C.328 are met or according to the following conditions:

61.3 (i) order the social services agency to file a petition for termination of parental
61.4 rights in which case all the requirements of sections 260C.301 to 260C.328 remain
61.5 applicable; and

61.6 (ii) an adoption completed subsequent to a determination under this subdivision may
61.7 include an agreement for communication or contact under section 259.58;

61.8 (3) long-term foster care according to the following conditions:

61.9 (i) the court may order a child into long-term foster care only if it approves the
61.10 responsible social service agency's compelling reasons that neither an award of permanent
61.11 legal and physical custody to a relative, nor termination of parental rights is in the child's
61.12 best interests;

61.13 (ii) further, the court may only order long-term foster care for the child under this
61.14 section if it finds the following:

61.15 (A) the child has reached age 12 and the responsible social services agency has made
61.16 reasonable efforts to locate and place the child with an adoptive family or with a fit and
61.17 willing relative who will agree to a transfer of permanent legal and physical custody of
61.18 the child, but such efforts have not proven successful; or

61.19 (B) the child is a sibling of a child described in subitem (A) and the siblings have
61.20 a significant positive relationship and are ordered into the same long-term foster care
61.21 home; and

61.22 (iii) at least annually, the responsible social services agency reconsiders its provision
61.23 of services to the child and the child's placement in long-term foster care to ensure that:

61.24 (A) long-term foster care continues to be the most appropriate legal arrangement
61.25 for meeting the child's need for permanency and stability, including whether there is
61.26 another permanent placement option under this chapter that would better serve the child's
61.27 needs and best interests;

61.28 (B) whenever possible, there is an identified long-term foster care family that is
61.29 committed to being the foster family for the child as long as the child is a minor or under
61.30 the jurisdiction of the court;

61.31 (C) the child is receiving appropriate services or assistance to maintain or build
61.32 connections with the child's family and community;

61.33 (D) the child's physical and mental health needs are being appropriately provided
61.34 for; and

61.35 (E) the child's educational needs are being met;

61.36 (4) foster care for a specified period of time according to the following conditions:

62.1 (i) foster care for a specified period of time may be ordered only if:

62.2 (A) the sole basis for an adjudication that the child is in need of protection or
62.3 services is the child's behavior;

62.4 (B) the court finds that foster care for a specified period of time is in the best
62.5 interests of the child; and

62.6 (C) the court approves the responsible social services agency's compelling reasons
62.7 that neither an award of permanent legal and physical custody to a relative, nor termination
62.8 of parental rights is in the child's best interests;

62.9 (ii) the order does not specify that the child continue in foster care for any period
62.10 exceeding one year; or

62.11 (5) guardianship and legal custody to the commissioner of human services under
62.12 the following procedures and conditions:

62.13 (i) there is an identified prospective adoptive home agreed to by the responsible
62.14 social services agency having legal custody of the child pursuant to court order under this
62.15 section that has agreed to adopt the child and the court accepts the parent's voluntary
62.16 consent to adopt under section 259.24, except that such consent executed by a parent under
62.17 this item, following proper notice that consent given under this provision is irrevocable
62.18 upon acceptance by the court, shall be irrevocable unless fraud is established and an order
62.19 issues permitting revocation as stated in item (vii);

62.20 (ii) if the court accepts a consent to adopt in lieu of ordering one of the other
62.21 enumerated permanency dispositions, the court must review the matter at least every 90
62.22 days. The review will address the reasonable efforts of the agency to achieve a finalized
62.23 adoption;

62.24 (iii) a consent to adopt under this clause vests all legal authority regarding the child,
62.25 including guardianship and legal custody of the child, with the commissioner of human
62.26 services as if the child were a state ward after termination of parental rights;

62.27 (iv) the court must forward a copy of the consent to adopt, together with a certified
62.28 copy of the order transferring guardianship and legal custody to the commissioner, to
62.29 the commissioner;

62.30 (v) if an adoption is not finalized by the identified prospective adoptive parent within
62.31 12 months of the execution of the consent to adopt under this clause, the commissioner of
62.32 human services or the commissioner's delegate shall pursue adoptive placement in another
62.33 home unless the commissioner certifies that the failure to finalize is not due to either an
62.34 action or a failure to act by the prospective adoptive parent;

62.35 (vi) notwithstanding item (v), the commissioner of human services or the
62.36 commissioner's designee must pursue adoptive placement in another home as soon as the

commissioner or commissioner's designee determines that finalization of the adoption with the identified prospective adoptive parent is not possible, that the identified prospective adoptive parent is not willing to adopt the child, that the identified prospective adoptive parent is not cooperative in completing the steps necessary to finalize the adoption, or upon the commissioner's determination to withhold consent to the adoption.

(vii) unless otherwise required by the Indian Child Welfare Act, United States Code, title 25, section 1913, a consent to adopt executed under this section, following proper notice that consent given under this provision is irrevocable upon acceptance by the court, shall be irrevocable upon acceptance by the court except upon order permitting revocation issued by the same court after written findings that consent was obtained by fraud.

(e) In ordering a permanent placement of a child, the court must be governed by the best interests of the child, including a review of the relationship between the child and relatives and the child and other important persons with whom the child has resided or had significant contact. When the court has determined that permanent placement of the child away from the parent is necessary, the court shall consider permanent alternative homes that are available both inside and outside the state.

(f) Once a permanent placement determination has been made and permanent placement has been established, further court reviews are necessary if:

(1) the placement is long-term foster care or foster care for a specified period of time;

(2) the court orders further hearings because it has retained jurisdiction of a transfer of permanent legal and physical custody matter;

(3) an adoption has not yet been finalized; or

(4) there is a disruption of the permanent or long-term placement.

(g) Court reviews of an order for long-term foster care, whether under this section or section 260C.317, subdivision 3, paragraph (d), must be conducted at least yearly and must review the child's out-of-home placement plan and the reasonable efforts of the agency to finalize the permanent plan for the child including the agency's efforts to:

(1) ensure that long-term foster care continues to be the most appropriate legal arrangement for meeting the child's need for permanency and stability or, if not, to identify and attempt to finalize another permanent placement option under this chapter that would better serve the child's needs and best interests;

(2) identify a specific long-term foster home for the child, if one has not already been identified;

(3) support continued placement of the child in the identified home, if one has been identified;

64.1 (4) ensure appropriate services are provided to address the physical health, mental
64.2 health, and educational needs of the child during the period of long-term foster care and
64.3 also ensure appropriate services or assistance to maintain relationships with appropriate
64.4 family members and the child's community; and

64.5 (5) plan for the child's independence upon the child's leaving long-term foster care
64.6 living as required under section 260C.212, subdivision 1.

64.7 (h) In the event it is necessary for a child that has been ordered into foster care for a
64.8 specified period of time to be in foster care longer than one year after the permanency
64.9 hearing held under this section, not later than 12 months after the time the child was
64.10 ordered into foster care for a specified period of time, the matter must be returned to
64.11 court for a review of the appropriateness of continuing the child in foster care and of the
64.12 responsible social services agency's reasonable efforts to finalize a permanent plan for
64.13 the child; if it is in the child's best interests to continue the order for foster care for a
64.14 specified period of time past a total of 12 months, the court shall set objectives for the
64.15 child's continuation in foster care, specify any further amount of time the child may be in
64.16 foster care, and review the plan for the safe return of the child to the parent.

64.17 (i) An order permanently placing a child out of the home of the parent or guardian
64.18 must include the following detailed findings:

64.19 (1) how the child's best interests are served by the order;

64.20 (2) the nature and extent of the responsible social service agency's reasonable efforts,
64.21 or, in the case of an Indian child, active efforts to reunify the child with the parent or
64.22 guardian where reasonable efforts are required;

64.23 (3) the parent's or parents' efforts and ability to use services to correct the conditions
64.24 which led to the out-of-home placement; and

64.25 (4) that the conditions which led to the out-of-home placement have not been
64.26 corrected so that the child can safely return home.

64.27 (j) An order for permanent legal and physical custody of a child may be modified
64.28 under sections 518.18 and 518.185. The social services agency is a party to the proceeding
64.29 and must receive notice. A parent may only seek modification of an order for long-term
64.30 foster care upon motion and a showing by the parent of a substantial change in the parent's
64.31 circumstances such that the parent could provide appropriate care for the child and that
64.32 removal of the child from the child's permanent placement and the return to the parent's
64.33 care would be in the best interest of the child. The responsible social services agency may
64.34 ask the court to vacate an order for long-term foster care upon a prima facie showing
64.35 that there is a factual basis for the court to order another permanency option under this
64.36 chapter and that such an option is in the child's best interests. Upon a hearing where

the court determines that there is a factual basis for vacating the order for long-term foster care and that another permanent order regarding the placement of the child is in the child's best interests, the court may vacate the order for long-term foster care and enter a different order for permanent placement that is in the child's best interests. The court shall not require further reasonable efforts to reunify the child with the parent or guardian as a basis for vacating the order for long-term foster care and ordering a different permanent placement in the child's best interests. The county attorney must file pleadings and give notice as required under the rules of juvenile court in order to modify an order for long-term foster care under this paragraph.

(k) The court shall issue an order required under this section within 15 days of the close of the proceedings. The court may extend issuing the order an additional 15 days when necessary in the interests of justice and the best interests of the child.

(l) This paragraph applies to proceedings required under this subdivision when the child is on a trial home visit:

(1) if the child is on a trial home visit 12 months after the child was placed in foster care or in the care of a noncustodial parent as calculated in this subdivision, the responsible social services agency may file a report with the court regarding the child's and parent's progress on the trial home visit and its reasonable efforts to finalize the child's safe and permanent return to the care of the parent in lieu of filing the pleadings required under paragraph (b). The court shall make findings regarding reasonableness of the responsible social services efforts to finalize the child's return home as the permanent order in the best interests of the child. The court may continue the trial home visit to a total time not to exceed six months as provided in subdivision 1. If the court finds the responsible social services agency has not made reasonable efforts to finalize the child's return home as the permanent order in the best interests of the child, the court may order other or additional efforts to support the child remaining in the care of the parent; and

(2) if a trial home visit ordered or continued at proceedings under this subdivision terminates, the court shall re-commence proceedings under this subdivision to determine the permanent status of the child not later than 30 days after the child is returned to foster care.

Sec. 57. Minnesota Statutes 2006, section 260C.212, subdivision 1, is amended to read:

Subdivision 1. **Out-of-home placement; plan.** (a) An out-of-home placement plan shall be prepared within 30 days after any child is placed in a residential facility by court order or by the voluntary release of the child by the parent or parents.

66.1 For purposes of this section, a residential facility means any group home, family
66.2 foster home or other publicly supported out-of-home residential facility, including any
66.3 out-of-home residential facility under contract with the state, county or other political
66.4 subdivision, or any agency thereof, to provide those services or foster care as defined in
66.5 section 260C.007, subdivision 18.

66.6 (b) An out-of-home placement plan means a written document which is prepared by
66.7 the responsible social services agency jointly with the parent or parents or guardian of the
66.8 child and in consultation with the child's guardian ad litem, the child's tribe, if the child is
66.9 an Indian child, the child's foster parent or representative of the residential facility, and,
66.10 where appropriate, the child. For a child in placement due solely or in part to the child's
66.11 emotional disturbance, preparation of the out-of-home placement plan shall additionally
66.12 include the child's mental health treatment provider. As appropriate, the plan shall be:

66.13 (1) submitted to the court for approval under section 260C.178, subdivision 7;

66.14 (2) ordered by the court, either as presented or modified after hearing, under section
66.15 260C.178, subdivision 7, or 260C.201, subdivision 6; and

66.16 (3) signed by the parent or parents or guardian of the child, the child's guardian ad
66.17 litem, a representative of the child's tribe, the responsible social services agency, and, if
66.18 possible, the child.

66.19 (c) The out-of-home placement plan shall be explained to all persons involved in its
66.20 implementation, including the child who has signed the plan, and shall set forth:

66.21 (1) a description of the residential facility including how the out-of-home placement
66.22 plan is designed to achieve a safe placement for the child in the least restrictive, most
66.23 family-like, setting available which is in close proximity to the home of the parent or
66.24 parents or guardian of the child when the case plan goal is reunification, and how the
66.25 placement is consistent with the best interests and special needs of the child according to
66.26 the factors under subdivision 2, paragraph (b);

66.27 (2) the specific reasons for the placement of the child in a residential facility, and
66.28 when reunification is the plan, a description of the problems or conditions in the home of
66.29 the parent or parents which necessitated removal of the child from home and the changes
66.30 the parent or parents must make in order for the child to safely return home;

66.31 (3) a description of the services offered and provided to prevent removal of the child
66.32 from the home and to reunify the family including:

66.33 (i) the specific actions to be taken by the parent or parents of the child to eliminate
66.34 or correct the problems or conditions identified in clause (2), and the time period during
66.35 which the actions are to be taken; and

(ii) the reasonable efforts, or in the case of an Indian child, active efforts to be made to achieve a safe and stable home for the child including social and other supportive services to be provided or offered to the parent or parents or guardian of the child, the child, and the residential facility during the period the child is in the residential facility;

(4) a description of any services or resources that were requested by the child or the child's parent, guardian, foster parent, or custodian since the date of the child's placement in the residential facility, and whether those services or resources were provided and if not, the basis for the denial of the services or resources;

(5) the visitation plan for the parent or parents or guardian, other relatives as defined in section 260C.007, subdivision 27, and siblings of the child if the siblings are not placed together in the residential facility, and whether visitation is consistent with the best interest of the child, during the period the child is in the residential facility;

(6) documentation of steps to finalize the adoption or legal guardianship of the child if the court has issued an order terminating the rights of both parents of the child or of the only known, living parent of the child, ~~and~~. At a minimum, the documentation must include child-specific recruitment efforts such as relative search and the use of state, regional, and national adoption exchanges to facilitate orderly and timely placements in and outside of the state. A copy of this documentation shall be provided to the court in the review required under section 260C.317, subdivision 3, paragraph (b);

~~(7) to the extent available and accessible,~~ the health and educational records of the child including the most recent information available regarding:

(i) the names and addresses of the child's health and educational providers;

(ii) the child's grade level performance;

(iii) the child's school record;

(iv) assurances that the child's placement in foster care takes into account proximity to the school in which the child is enrolled at the time of placement;

(v) a record of the child's immunizations;

(vi) the child's known medical problems, including any known communicable diseases, as defined in section 144.4172, subdivision 2;

(vii) the child's medications; and

(viii) any other relevant health and education information;

(8) an independent living plan for a child age 16 or older who is in placement as a result of a permanency disposition. The plan should include, but not be limited to, the following objectives:

(i) educational, vocational, or employment planning;

(ii) health care planning and medical coverage;

(iii) transportation including, where appropriate, assisting the child in obtaining a driver's license;

(iv) money management;

(v) planning for housing;

(vi) social and recreational skills; and

(vii) establishing and maintaining connections with the child's family and community; and

(9) for a child in placement due solely or in part to the child's emotional disturbance, diagnostic and assessment information, specific services relating to meeting the mental health care needs of the child, and treatment outcomes.

(d) The parent or parents or guardian and the child each shall have the right to legal counsel in the preparation of the case plan and shall be informed of the right at the time of placement of the child. The child shall also have the right to a guardian ad litem. If unable to employ counsel from their own resources, the court shall appoint counsel upon the request of the parent or parents or the child or the child's legal guardian. The parent or parents may also receive assistance from any person or social services agency in preparation of the case plan.

After the plan has been agreed upon by the parties involved or approved or ordered by the court, the foster parents shall be fully informed of the provisions of the case plan and shall be provided a copy of the plan.

Upon discharge from foster care, the parent, adoptive parent, or permanent legal and physical custodian, as appropriate, and the child, if appropriate, must be provided with a current copy of the child's health and education record.

Sec. 58. Minnesota Statutes 2006, section 260C.212, subdivision 4, is amended to read:

Subd. 4. **Responsible social service agency's duties for children in placement.** (a) When a child is in placement, the responsible social services agency shall make diligent efforts to identify, locate, and, where appropriate, offer services to both parents of the child.

(1) The responsible social services agency shall assess whether a noncustodial or nonadjudicated parent is willing and capable of providing for the day-to-day care of the child temporarily or permanently. An assessment under this clause may include, but is not limited to, obtaining information under section 260C.209. If after assessment, the responsible social services agency determines that a noncustodial or nonadjudicated parent is willing and capable of providing day-to-day care of the child, the responsible social services agency may seek authority from the custodial parent or the court to have that parent assume day-to-day care of the child. If a parent is not an adjudicated parent,

the responsible social services agency shall require the nonadjudicated parent to cooperate with paternity establishment procedures as part of the case plan.

(2) If, after assessment, the responsible social services agency determines that the child cannot be in the day-to-day care of either parent, the agency shall:

(i) prepare an out-of-home placement plan addressing the conditions that each parent must meet before the child can be in that parent's day-to-day care; and

(ii) provide a parent who is the subject of a background study under section 260C.209 15 days' notice that it intends to use the study to recommend against putting the child with that parent, as well as the notice provided in section 260C.209, subdivision 4, and the court shall afford the parent an opportunity to be heard concerning the study.

The results of a background study of a noncustodial parent shall not be used by the agency to determine that the parent is incapable of providing day-to-day care of the child unless the agency reasonably believes that placement of the child into the home of that parent would endanger the child's health, safety, or welfare.

(3) If, after the provision of services following an out-of-home placement plan under this section, the child cannot return to the care of the parent from whom the child was removed or who had legal custody at the time the child was placed in foster care, the agency may petition on behalf of a noncustodial parent to establish legal custody with that parent under section 260C.201, subdivision 11. If paternity has not already been established, it may be established in the same proceeding in the manner provided for under chapter 257.

(4) The responsible social services agency may be relieved of the requirement to locate and offer services to both parents by the juvenile court upon a finding of good cause after the filing of a petition under section 260C.141.

(b) The responsible social services agency shall give notice to the parent or parents or guardian of each child in a residential facility, other than a child in placement due solely to that child's developmental disability or emotional disturbance, of the following information:

(1) that residential care of the child may result in termination of parental rights or an order permanently placing the child out of the custody of the parent, but only after notice and a hearing as required under chapter 260C and the juvenile court rules;

(2) time limits on the length of placement and of reunification services, including the date on which the child is expected to be returned to and safely maintained in the home of the parent or parents or placed for adoption or otherwise permanently removed from the care of the parent by court order;

(3) the nature of the services available to the parent;

(4) the consequences to the parent and the child if the parent fails or is unable to use services to correct the circumstances that led to the child's placement;

(5) the first consideration for placement with relatives;

(6) the benefit to the child in getting the child out of residential care as soon as possible, preferably by returning the child home, but if that is not possible, through a permanent legal placement of the child away from the parent;

(7) when safe for the child, the benefits to the child and the parent of maintaining visitation with the child as soon as possible in the course of the case and, in any event, according to the visitation plan under this section; and

(8) the financial responsibilities and obligations, if any, of the parent or parents for the support of the child during the period the child is in the residential facility.

(c) The responsible social services agency shall inform a parent considering voluntary placement of a child who is not developmentally disabled or emotionally disturbed of the following information:

(1) the parent and the child each has a right to separate legal counsel before signing a voluntary placement agreement, but not to counsel appointed at public expense;

(2) the parent is not required to agree to the voluntary placement, and a parent who enters a voluntary placement agreement may at any time request that the agency return the child. If the parent so requests, the child must be returned within 24 hours of the receipt of the request;

(3) evidence gathered during the time the child is voluntarily placed may be used at a later time as the basis for a petition alleging that the child is in need of protection or services or as the basis for a petition seeking termination of parental rights or other permanent placement of the child away from the parent;

(4) if the responsible social services agency files a petition alleging that the child is in need of protection or services or a petition seeking the termination of parental rights or other permanent placement of the child away from the parent, the parent would have the right to appointment of separate legal counsel and the child would have a right to the appointment of counsel and a guardian ad litem as provided by law, and that counsel will be appointed at public expense if they are unable to afford counsel; and

(5) the timelines and procedures for review of voluntary placements under subdivision 3, and the effect the time spent in voluntary placement on the scheduling of a permanent placement determination hearing under section 260C.201, subdivision 11.

(d) When an agency accepts a child for placement, the agency shall determine whether the child has had a physical examination by or under the direction of a licensed physician within the 12 months immediately preceding the date when the child came into

71.1 the agency's care. If there is documentation that the child has had an examination within
71.2 the last 12 months, the agency is responsible for seeing that the child has another physical
71.3 examination within one year of the documented examination and annually in subsequent
71.4 years. If the agency determines that the child has not had a physical examination within
71.5 the 12 months immediately preceding placement, the agency shall ensure that the child
71.6 has an examination within 30 days of coming into the agency's care and once a year
71.7 in subsequent years.

71.8 (e) If a child leaves foster care by reason of having attained the age of majority
71.9 under state law, the child must be given at no cost a copy of the child's health and
71.10 education report.

71.11 Sec. 59. Minnesota Statutes 2006, section 260C.212, subdivision 9, is amended to read:

71.12 Subd. 9. **Review of certain child placements.** (a) When a developmentally
71.13 disabled child or emotionally disturbed child needs placement in a residential facility for
71.14 the sole reason of accessing services or a level of skilled care that cannot be provided in
71.15 the parent's home, the child must be placed pursuant to a voluntary placement agreement
71.16 between the responsible social services agency and the child's parent. The voluntary
71.17 placement agreement must give the responsible social services agency legal responsibility
71.18 for the child's physical care, custody, and control, but must not transfer legal custody of
71.19 the child to the agency. The voluntary placement agreement must be executed in a form
71.20 developed and promulgated by the commissioner of human services. The responsible
71.21 social services agency shall report to the commissioner the number of children who are the
71.22 subject of a voluntary placement agreement under this subdivision and other information
71.23 regarding these children as the commissioner may require.

71.24 (b) If a developmentally disabled child or a child diagnosed as emotionally disturbed
71.25 has been placed in a residential facility pursuant to a voluntary release by the child's parent
71.26 or parents because of the child's disabling conditions or need for long-term residential
71.27 treatment or supervision, the social services agency responsible for the placement shall
71.28 report to the court and bring a petition for review of the child's foster care status as
71.29 required in section 260C.141, subdivision 2a.

71.30 ~~(b)~~ (c) If a child is in placement due solely to the child's developmental disability or
71.31 emotional disturbance, and the court finds compelling reasons not to proceed under section
71.32 260C.201, subdivision 11, and custody of the child is not transferred to the responsible
71.33 social services agency under section 260C.201, subdivision 1, paragraph (a), clause (2),
71.34 and no petition is required by section 260C.201, subdivision 11.

72.1 ~~(e)~~ (d) Whenever a petition for review is brought pursuant to this subdivision, a
72.2 guardian ad litem shall be appointed for the child.

72.3 Sec. 60. Minnesota Statutes 2006, section 260C.317, subdivision 3, is amended to read:

72.4 Subd. 3. **Order; retention of jurisdiction.** (a) A certified copy of the findings and
72.5 the order terminating parental rights, and a summary of the court's information concerning
72.6 the child shall be furnished by the court to the commissioner or the agency to which
72.7 guardianship is transferred. The orders shall be on a document separate from the findings.
72.8 The court shall furnish the individual to whom guardianship is transferred a copy of the
72.9 order terminating parental rights.

72.10 (b) The court shall retain jurisdiction in a case where adoption is the intended
72.11 permanent placement disposition until the child's adoption is finalized, the child is 18 years
72.12 of age, or the child is otherwise ordered discharged from the jurisdiction of the court. The
72.13 guardian ad litem and counsel for the child shall continue on the case until an adoption
72.14 decree is entered. A hearing must be held every 90 days following termination of parental
72.15 rights for the court to review progress toward an adoptive placement and the specific
72.16 recruitment efforts the agency has taken to find an adoptive family or other placement
72.17 living arrangement for the child and to finalize the adoption or other permanency plan.

72.18 (c) The responsible social services agency may make a determination of compelling
72.19 reasons for a child to be in long-term foster care when the agency has made exhaustive
72.20 efforts to recruit, identify, and place the child in an adoptive home, and the child continues
72.21 in foster care for at least 24 months after the court has issued the order terminating
72.22 parental rights. A child of any age who is under the guardianship of the commissioner of
72.23 the Department of Human Services and is legally available for adoption may not refuse
72.24 or waive the commissioner's agent's exhaustive efforts to recruit, identify, and place the
72.25 child in an adoptive home required under paragraph (b) or sign a document relieving
72.26 county social services agencies of all recruitment efforts on the child's behalf. Upon
72.27 approving the agency's determination of compelling reasons, the court may order the
72.28 child placed in long-term foster care. At least every 12 months thereafter as long as the
72.29 child continues in out-of-home placement, the court shall conduct a permanency review
72.30 hearing to determine the future status of the child using the review requirements of section
72.31 260C.201, subdivision 11, paragraph (g).

72.32 (d) The court shall retain jurisdiction through the child's minority in a case where
72.33 long-term foster care is the permanent disposition whether under paragraph (c) or section
72.34 260C.201, subdivision 11.

73.1 Sec. 61. Minnesota Statutes 2006, section 260C.331, subdivision 1, is amended to read:

73.2 Subdivision 1. **Care, examination, or treatment.** (a) Except where parental rights
73.3 are terminated,

73.4 (1) whenever legal custody of a child is transferred by the court to a responsible
73.5 social services agency,

73.6 (2) whenever legal custody is transferred to a person other than the responsible social
73.7 services agency, but under the supervision of the responsible social services agency, or

73.8 (3) whenever a child is given physical or mental examinations or treatment under
73.9 order of the court, and no provision is otherwise made by law for payment for the care,
73.10 examination, or treatment of the child, these costs are a charge upon the welfare funds of
73.11 the county in which proceedings are held upon certification of the judge of juvenile court.

73.12 (b) The court shall order, and the responsible social services agency shall require,
73.13 the parents or custodian of a child, while the child is under the age of 18, to use the
73.14 total income and resources attributable to the child for the period of care, examination,
73.15 or treatment, except for clothing and personal needs allowance as provided in section
73.16 256B.35, to reimburse the county for the cost of care, examination, or treatment. Income
73.17 and resources attributable to the child include, but are not limited to, Social Security
73.18 benefits, supplemental security income (SSI), veterans benefits, railroad retirement
73.19 benefits and child support. When the child is over the age of 18, and continues to receive
73.20 care, examination, or treatment, the court shall order, and the responsible social services
73.21 agency shall require, reimbursement from the child for the cost of care, examination, or
73.22 treatment from the income and resources attributable to the child less the clothing and
73.23 personal needs allowance. Income does not include earnings from a child over the age of
73.24 18 who is working as part of a plan under section 260C.212, subdivision 1, paragraph (c),
73.25 clause (8), to transition from foster care.

73.26 (c) If the income and resources attributable to the child are not enough to reimburse
73.27 the county for the full cost of the care, examination, or treatment, the court shall inquire
73.28 into the ability of the parents to support the child and, after giving the parents a reasonable
73.29 opportunity to be heard, the court shall order, and the responsible social services agency
73.30 shall require, the parents to contribute to the cost of care, examination, or treatment of
73.31 the child. When determining the amount to be contributed by the parents, the court shall
73.32 use a fee schedule based upon ability to pay that is established by the responsible social
73.33 services agency and approved by the commissioner of human services. The income of
73.34 a stepparent who has not adopted a child shall be excluded in calculating the parental
73.35 contribution under this section.

(d) The court shall order the amount of reimbursement attributable to the parents or custodian, or attributable to the child, or attributable to both sources, withheld under chapter 518A from the income of the parents or the custodian of the child. A parent or custodian who fails to pay without good reason may be proceeded against for contempt, or the court may inform the county attorney, who shall proceed to collect the unpaid sums, or both procedures may be used.

(e) If the court orders a physical or mental examination for a child, the examination is a medically necessary service for purposes of determining whether the service is covered by a health insurance policy, health maintenance contract, or other health coverage plan. Court-ordered treatment shall be subject to policy, contract, or plan requirements for medical necessity. Nothing in this paragraph changes or eliminates benefit limits, conditions of coverage, co-payments or deductibles, provider restrictions, or other requirements in the policy, contract, or plan that relate to coverage of other medically necessary services.

Sec. 62. Minnesota Statutes 2006, section 626.556, subdivision 2, is amended to read:

Subd. 2. **Definitions.** As used in this section, the following terms have the meanings given them unless the specific content indicates otherwise:

(a) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege substantial child endangerment. Family assessment does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

(b) "Investigation" means fact gathering related to the current safety of a child and the risk of subsequent maltreatment that determines whether child maltreatment occurred and whether child protective services are needed. An investigation must be used when reports involve substantial child endangerment, and for reports of maltreatment in facilities required to be licensed under chapter 245A or 245B; under sections 144.50 to 144.58 and 241.021; in a school as defined in sections 120A.05, subdivisions 9, 11, and 13, and 124D.10; or in a nonlicensed personal care provider association as defined in sections 256B.04, subdivision 16, and 256B.0625, subdivision 19a.

(c) "Substantial child endangerment" means a person responsible for a child's care, and in the case of sexual abuse includes a person who has a significant relationship to the child as defined in section 609.341, or a person in a position of authority as defined in

section 609.341, who by act or omission commits or attempts to commit an act against a child under their care that constitutes any of the following:

- (1) egregious harm as defined in section 260C.007, subdivision 14;
- (2) sexual abuse as defined in paragraph (d);
- (3) abandonment under section 260C.301, subdivision 2;
- (4) neglect as defined in paragraph (f), clause (2), that substantially endangers the child's physical or mental health, including a growth delay, which may be referred to as failure to thrive, that has been diagnosed by a physician and is due to parental neglect;
- (5) murder in the first, second, or third degree under section 609.185, 609.19, or 609.195;
- (6) manslaughter in the first or second degree under section 609.20 or 609.205;
- (7) assault in the first, second, or third degree under section 609.221, 609.222, or 609.223;
- (8) solicitation, inducement, and promotion of prostitution under section 609.322;
- (9) criminal sexual conduct under sections 609.342 to 609.3451;
- (10) solicitation of children to engage in sexual conduct under section 609.352;
- (11) malicious punishment or neglect or endangerment of a child under section 609.377 or 609.378;
- (12) use of a minor in sexual performance under section 617.246; or
- (13) parental behavior, status, or condition which mandates that the county attorney file a termination of parental rights petition under section 260C.301, subdivision 3, paragraph (a).

(d) "Sexual abuse" means the subjection of a child by a person responsible for the child's care, by a person who has a significant relationship to the child, as defined in section 609.341, or by a person in a position of authority, as defined in section 609.341, subdivision 10, to any act which constitutes a violation of section 609.342 (criminal sexual conduct in the first degree), 609.343 (criminal sexual conduct in the second degree), 609.344 (criminal sexual conduct in the third degree), 609.345 (criminal sexual conduct in the fourth degree), or 609.3451 (criminal sexual conduct in the fifth degree). Sexual abuse also includes any act which involves a minor which constitutes a violation of prostitution offenses under sections 609.321 to 609.324 or 617.246. Sexual abuse includes threatened sexual abuse.

(e) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child

such as a teacher, school administrator, other school employees or agents, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(f) "Neglect" means:

(1) failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter, health, medical, or other care required for the child's physical or mental health when reasonably able to do so;

(2) failure to protect a child from conditions or actions that seriously endanger the child's physical or mental health when reasonably able to do so, including a growth delay, which may be referred to as a failure to thrive, that has been diagnosed by a physician and is due to parental neglect;

(3) failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child's age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child's own basic needs or safety, or the basic needs or safety of another child in their care;

(4) failure to ensure that the child is educated as defined in sections 120A.22 and 260C.163, subdivision 11, which does not include a parent's refusal to provide the parent's child with sympathomimetic medications, consistent with section 125A.091, subdivision 5;

(5) nothing in this section shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care; except that a parent, guardian, or caretaker, or a person mandated to report pursuant to subdivision 3, has a duty to report if a lack of medical care may cause serious danger to the child's health. This section does not impose upon persons, not otherwise legally responsible for providing a child with necessary food, clothing, shelter, education, or medical care, a duty to provide that care;

(6) prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision 2, used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child at birth, or medical effects or developmental delays during the child's first year of life that medically indicate prenatal exposure to a controlled substance;

(7) "medical neglect" as defined in section 260C.007, subdivision 6, clause (5);

(8) chronic and severe use of alcohol or a controlled substance by a parent or person responsible for the care of the child that adversely affects the child's basic needs and safety; or

(9) emotional harm from a pattern of behavior which contributes to impaired emotional functioning of the child which may be demonstrated by a substantial and observable effect in the child's behavior, emotional response, or cognition that is not within the normal range for the child's age and stage of development, with due regard to the child's culture.

(g) "Physical abuse" means any physical injury, mental injury, or threatened injury, inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive or deprivation procedures, or regulated interventions, that have not been authorized under section 121A.67 or 245.825. Abuse does not include reasonable and moderate physical discipline of a child administered by a parent or legal guardian which does not result in an injury. Abuse does not include the use of reasonable force by a teacher, principal, or school employee as allowed by section 121A.582. Actions which are not reasonable and moderate include, but are not limited to, any of the following that are done in anger or without regard to the safety of the child:

- (1) throwing, kicking, burning, biting, or cutting a child;
- (2) striking a child with a closed fist;
- (3) shaking a child under age three;
- (4) striking or other actions which result in any nonaccidental injury to a child under 18 months of age;
- (5) unreasonable interference with a child's breathing;
- (6) threatening a child with a weapon, as defined in section 609.02, subdivision 6;
- (7) striking a child under age one on the face or head;
- (8) purposely giving a child poison, alcohol, or dangerous, harmful, or controlled substances which were not prescribed for the child by a practitioner, in order to control or punish the child; or other substances that substantially affect the child's behavior, motor coordination, or judgment or that results in sickness or internal injury, or subjects the child to medical procedures that would be unnecessary if the child were not exposed to the substances;
- (9) unreasonable physical confinement or restraint not permitted under section 609.379, including but not limited to tying, caging, or chaining; or
- (10) in a school facility or school zone, an act by a person responsible for the child's care that is a violation under section 121A.58.

78.1 (i) "Facility" means:

78.5 (2) a school as defined in sections 120A.05, subdivisions 9, 11, and 13; and
78.6 124D.10; or

78.7 (3) a nonlicensed personal care provider organization as defined in sections 256B.04,
78.8 subdivision 16, and 256B.0625, subdivision 19a.

78.13 parenting time expeditor services.

78.14 (m) "Mental injury" means an injury to the psychological capacity or emotional
78.15 stability of a child as evidenced by an observable or substantial impairment in the child's
78.16 ability to function within a normal range of performance and behavior with due regard to
78.17 the child's culture.

78.18 (n) "Threatened injury" means a statement, overt act, condition, or status that
78.19 represents a substantial risk of physical or sexual abuse or mental injury. Threatened
78.20 injury includes, but is not limited to, exposing a child to a person responsible for the
78.21 child's care, as defined in paragraph (e), clause (1), who has:

78.22 (1) subjected a child to, or failed to protect a child from, an overt act or condition
78.23 that constitutes egregious harm, as defined in section 260C.007, subdivision 14, or a
78.24 similar law of another jurisdiction;

78.25 (2) been found to be palpably unfit under section 260C.301, paragraph (b), clause

78.28 under section 260C.301, or a similar law of another jurisdiction; or

78.30 and physical custody of a child to a relative under section 260C.201, subdivision 11,

78.32 (o) Persons who conduct assessments or investigations under this section shall take
78.33 into account accepted child-rearing practices of the culture in which a child participates
78.34 and accepted teacher discipline practices, which are not injurious to the child's health,
78.35 welfare, and safety.

79.1 Sec. 63. Minnesota Statutes 2006, section 626.556, subdivision 3, is amended to read:

79.2 Subd. 3. **Persons mandated to report.** (a) A person who knows or has reason
79.3 to believe a child is being neglected or physically or sexually abused, as defined in
79.4 subdivision 2, or has been neglected or physically or sexually abused within the preceding
79.5 three years, shall immediately report the information to the local welfare agency, agency
79.6 responsible for assessing or investigating the report, police department, or the county
79.7 sheriff if the person is:

79.8 (1) a professional or professional's delegate who is engaged in the practice of
79.9 the healing arts, social services, hospital administration, psychological or psychiatric
79.10 treatment, child care, education, correctional supervision, probation and correctional
79.11 services, or law enforcement; or

79.12 (2) employed as a member of the clergy and received the information while
79.13 engaged in ministerial duties, provided that a member of the clergy is not required by
79.14 this subdivision to report information that is otherwise privileged under section 595.02,
79.15 subdivision 1, paragraph (c).

79.16 The police department or the county sheriff, upon receiving a report, shall
79.17 immediately notify the local welfare agency or agency responsible for assessing or
79.18 investigating the report, orally and in writing. The local welfare agency, or agency
79.19 responsible for assessing or investigating the report, upon receiving a report, shall
79.20 immediately notify the local police department or the county sheriff orally and in writing.
79.21 The county sheriff and the head of every local welfare agency, agency responsible
79.22 for assessing or investigating reports, and police department shall each designate a
79.23 person within their agency, department, or office who is responsible for ensuring that
79.24 the notification duties of this paragraph and paragraph (b) are carried out. Nothing in
79.25 this subdivision shall be construed to require more than one report from any institution,
79.26 facility, school, or agency.

79.27 (b) Any person may voluntarily report to the local welfare agency, agency
79.28 responsible for assessing or investigating the report, police department, or the county
79.29 sheriff if the person knows, has reason to believe, or suspects a child is being or has been
79.30 neglected or subjected to physical or sexual abuse. The police department or the county
79.31 sheriff, upon receiving a report, shall immediately notify the local welfare agency or
79.32 agency responsible for assessing or investigating the report, orally and in writing. The
79.33 local welfare agency or agency responsible for assessing or investigating the report, upon
79.34 receiving a report, shall immediately notify the local police department or the county
79.35 sheriff orally and in writing.

(c) A person mandated to report physical or sexual child abuse or neglect occurring within a licensed facility shall report the information to the agency responsible for licensing the facility under sections 144.50 to 144.58; 241.021; 245A.01 to 245A.16; or chapter 245B; or a nonlicensed personal care provider organization as defined in sections 256B.04, subdivision 16; and 256B.0625, subdivision 19. A health or corrections agency receiving a report may request the local welfare agency to provide assistance pursuant to subdivisions 10, 10a, and 10b. A board or other entity whose licensees perform work within a school facility, upon receiving a complaint of alleged maltreatment, shall provide information about the circumstances of the alleged maltreatment to the commissioner of education. Section 13.03, subdivision 4, applies to data received by the commissioner of education from a licensing entity.

(d) Any person mandated to report shall receive a summary of the disposition of any report made by that reporter, including whether the case has been opened for child protection or other services, or if a referral has been made to a community organization, unless release would be detrimental to the best interests of the child. Any person who is not mandated to report shall, upon request to the local welfare agency, receive a concise summary of the disposition of any report made by that reporter, unless release would be detrimental to the best interests of the child.

(e) For purposes of this ~~subdivision~~ section, "immediately" means as soon as possible but in no event longer than 24 hours.

Sec. 64. Minnesota Statutes 2006, section 626.556, is amended by adding a subdivision to read:

Subd. 3e. **Agency responsibility for assessing or investigating reports of sexual abuse.** The local welfare agency is the agency responsible for investigating allegations of sexual abuse if the alleged offender is the parent, guardian, sibling, or an individual functioning within the family unit as a person responsible for the child's care, or a person with a significant relationship to the child if that person resides in the child's household.

Sec. 65. Minnesota Statutes 2006, section 626.556, is amended by adding a subdivision to read:

Subd. 3f. **Law enforcement agency responsibility for investigating maltreatment.** The local law enforcement agency has responsibility for investigating any report of child maltreatment if a violation of a criminal statute is alleged. Law enforcement and the responsible agency must coordinate their investigations or assessments as required under subdivision 10.

81.1 Sec. 66. Minnesota Statutes 2006, section 626.556, subdivision 10, is amended to read:

81.2 Subd. 10. **Duties of local welfare agency and local law enforcement agency upon**
81.3 **receipt of a report.** (a) Upon receipt of a report, the local welfare agency shall determine
81.4 whether to conduct a family assessment or an investigation as appropriate to prevent or
81.5 provide a remedy for child maltreatment. The local welfare agency:

81.6 (1) shall conduct an investigation on reports involving substantial child
81.7 endangerment;

81.8 (2) shall begin an immediate investigation if, at any time when it is using a family
81.9 assessment response, it determines that there is reason to believe that substantial child
81.10 endangerment or a serious threat to the child's safety exists;

81.11 (3) may conduct a family assessment for reports that do not allege substantial child
81.12 endangerment. In determining that a family assessment is appropriate, the local welfare
81.13 agency may consider issues of child safety, parental cooperation, and the need for an
81.14 immediate response; and

81.15 (4) may conduct a family assessment on a report that was initially screened and
81.16 assigned for an investigation. In determining that a complete investigation is not required,
81.17 the local welfare agency must document the reason for terminating the investigation and
81.18 notify the local law enforcement agency if the local law enforcement agency is conducting
81.19 a joint investigation.

81.20 If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian,
81.21 or individual functioning within the family unit as a person responsible for the child's
81.22 care, or sexual abuse by a person with a significant relationship to the child when that
81.23 person resides in the child's household or by a sibling, the local welfare agency shall
81.24 immediately conduct a family assessment or investigation as identified in clauses (1) to
81.25 (4). In conducting a family assessment or investigation, the local welfare agency shall
81.26 gather information on the existence of substance abuse and domestic violence and offer
81.27 services for purposes of preventing future child maltreatment, safeguarding and enhancing
81.28 the welfare of the abused or neglected minor, and supporting and preserving family
81.29 life whenever possible. If the report alleges a violation of a criminal statute involving
81.30 sexual abuse, physical abuse, or neglect or endangerment, under section 609.378, the
81.31 local law enforcement agency and local welfare agency shall coordinate the planning and
81.32 execution of their respective investigation and assessment efforts to avoid a duplication of
81.33 fact-finding efforts and multiple interviews. Each agency shall prepare a separate report of
81.34 the results of its investigation. In cases of alleged child maltreatment resulting in death,
81.35 the local agency may rely on the fact-finding efforts of a law enforcement investigation
81.36 to make a determination of whether or not maltreatment occurred. When necessary the

82.1 local welfare agency shall seek authority to remove the child from the custody of a parent,
82.2 guardian, or adult with whom the child is living. In performing any of these duties, the
82.3 local welfare agency shall maintain appropriate records.

82.4 If the family assessment or investigation indicates there is a potential for abuse of
82.5 alcohol or other drugs by the parent, guardian, or person responsible for the child's care,
82.6 the local welfare agency shall conduct a chemical use assessment pursuant to Minnesota
82.7 Rules, part 9530.6615. The local welfare agency shall report the determination of the
82.8 chemical use assessment, and the recommendations and referrals for alcohol and other
82.9 drug treatment services to the state authority on alcohol and drug abuse.

82.10 (b) When a local agency receives a report or otherwise has information indicating
82.11 that a child who is a client, as defined in section 245.91, has been the subject of physical
82.12 abuse, sexual abuse, or neglect at an agency, facility, or program as defined in section
82.13 245.91, it shall, in addition to its other duties under this section, immediately inform the
82.14 ombudsman established under sections 245.91 to 245.97. The commissioner of education
82.15 shall inform the ombudsman established under sections 245.91 to 245.97 of reports
82.16 regarding a child defined as a client in section 245.91 that maltreatment occurred at a
82.17 school as defined in sections 120A.05, subdivisions 9, 11, and 13, and 124D.10.

82.18 (c) Authority of the local welfare agency responsible for assessing or investigating
82.19 the child abuse or neglect report, the agency responsible for assessing or investigating
82.20 the report, and of the local law enforcement agency for investigating the alleged abuse or
82.21 neglect includes, but is not limited to, authority to interview, without parental consent,
82.22 the alleged victim and any other minors who currently reside with or who have resided
82.23 with the alleged offender. The interview may take place at school or at any facility or
82.24 other place where the alleged victim or other minors might be found or the child may be
82.25 transported to, and the interview conducted at, a place appropriate for the interview of a
82.26 child designated by the local welfare agency or law enforcement agency. The interview
82.27 may take place outside the presence of the alleged offender or parent, legal custodian,
82.28 guardian, or school official. For family assessments, it is the preferred practice to request
82.29 a parent or guardian's permission to interview the child prior to conducting the child
82.30 interview, unless doing so would compromise the safety assessment. Except as provided in
82.31 this paragraph, the parent, legal custodian, or guardian shall be notified by the responsible
82.32 local welfare or law enforcement agency no later than the conclusion of the investigation
82.33 or assessment that this interview has occurred. Notwithstanding rule ~~49.02~~ 32 of the
82.34 Minnesota Rules of Procedure for Juvenile Courts, the juvenile court may, after hearing on
82.35 an ex parte motion by the local welfare agency, order that, where reasonable cause exists,
82.36 the agency withhold notification of this interview from the parent, legal custodian, or

guardian. If the interview took place or is to take place on school property, the order shall specify that school officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school property, as provided under this paragraph, and any other related information regarding the interview that may be a part of the child's school record. A copy of the order shall be sent by the local welfare or law enforcement agency to the appropriate school official.

(d) When the local welfare, local law enforcement agency, or the agency responsible for assessing or investigating a report of maltreatment determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property. For interviews conducted by the local welfare agency, the notification shall be signed by the chair of the local social services agency or the chair's designee. The notification shall be private data on individuals subject to the provisions of this paragraph. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded, unless a school employee or agent is alleged to have maltreated the child. Until that time, the local welfare or law enforcement agency or the agency responsible for assessing or investigating a report of maltreatment shall be solely responsible for any disclosures regarding the nature of the assessment or investigation.

Except where the alleged offender is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Where the school fails to comply with the provisions of this paragraph, the juvenile court may order the school to comply. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school staff when an interview is conducted on school premises.

(e) Where the alleged offender or a person responsible for the care of the alleged victim or other minor prevents access to the victim or other minor by the local welfare agency, the juvenile court may order the parents, legal custodian, or guardian to produce

the alleged victim or other minor for questioning by the local welfare agency or the local law enforcement agency outside the presence of the alleged offender or any person responsible for the child's care at reasonable places and times as specified by court order.

(f) Before making an order under paragraph (e), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interviews and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If appointed, the guardian ad litem shall be present at the hearing on the order to show cause.

(g) The commissioner of human services, the ombudsman for mental health and developmental disabilities, the local welfare agencies responsible for investigating reports, the commissioner of education, and the local law enforcement agencies have the right to enter facilities as defined in subdivision 2 and to inspect and copy the facility's records, including medical records, as part of the investigation. Notwithstanding the provisions of chapter 13, they also have the right to inform the facility under investigation that they are conducting an investigation, to disclose to the facility the names of the individuals under investigation for abusing or neglecting a child, and to provide the facility with a copy of the report and the investigative findings.

(h) The local welfare agency responsible for conducting a family assessment or investigation shall collect available and relevant information to determine child safety, risk of subsequent child maltreatment, and family strengths and needs and share not public information with an Indian's tribal social services agency without violating any law of the state that may otherwise impose duties of confidentiality on the local welfare agency in order to implement the tribal state agreement. The local welfare agency or the agency responsible for investigating the report shall collect available and relevant information to ascertain whether maltreatment occurred and whether protective services are needed. Information collected includes, when relevant, information with regard to the person reporting the alleged maltreatment, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being maltreated; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged maltreatment. The local welfare agency or the agency responsible for assessing or investigating the report may make a determination of no maltreatment early in an assessment, and close the case and retain immunity, if the collected information shows no basis for a full assessment or investigation.

85.1 Information relevant to the assessment or investigation must be asked for, and
85.2 may include:

85.3 (1) the child's sex and age, prior reports of maltreatment, information relating
85.4 to developmental functioning, credibility of the child's statement, and whether the
85.5 information provided under this clause is consistent with other information collected
85.6 during the course of the assessment or investigation;

85.7 (2) the alleged offender's age, a record check for prior reports of maltreatment, and
85.8 criminal charges and convictions. The local welfare agency or the agency responsible for
85.9 assessing or investigating the report must provide the alleged offender with an opportunity
85.10 to make a statement. The alleged offender may submit supporting documentation relevant
85.11 to the assessment or investigation;

85.12 (3) collateral source information regarding the alleged maltreatment and care of the
85.13 child. Collateral information includes, when relevant: (i) a medical examination of the
85.14 child; (ii) prior medical records relating to the alleged maltreatment or the care of the
85.15 child maintained by any facility, clinic, or health care professional and an interview with
85.16 the treating professionals; and (iii) interviews with the child's caretakers, including the
85.17 child's parent, guardian, foster parent, child care provider, teachers, counselors, family
85.18 members, relatives, and other persons who may have knowledge regarding the alleged
85.19 maltreatment and the care of the child; and

85.20 (4) information on the existence of domestic abuse and violence in the home of
85.21 the child, and substance abuse.

85.22 Nothing in this paragraph precludes the local welfare agency, the local law
85.23 enforcement agency, or the agency responsible for assessing or investigating the report
85.24 from collecting other relevant information necessary to conduct the assessment or
85.25 investigation. Notwithstanding section 13.384 or 144.335, the local welfare agency has
85.26 access to medical data and records for purposes of clause (3). Notwithstanding the data's
85.27 classification in the possession of any other agency, data acquired by the local welfare
85.28 agency or the agency responsible for assessing or investigating the report during the course
85.29 of the assessment or investigation are private data on individuals and must be maintained
85.30 in accordance with subdivision 11. Data of the commissioner of education collected
85.31 or maintained during and for the purpose of an investigation of alleged maltreatment
85.32 in a school are governed by this section, notwithstanding the data's classification as
85.33 educational, licensing, or personnel data under chapter 13.

85.34 In conducting an assessment or investigation involving a school facility as defined
85.35 in subdivision 2, paragraph (i), the commissioner of education shall collect investigative

reports and data that are relevant to a report of maltreatment and are from local law enforcement and the school facility.

(i) Upon receipt of a report, the local welfare agency shall conduct a face-to-face contact with the child reported to be maltreated and with the child's primary caregiver sufficient to complete a safety assessment and ensure the immediate safety of the child. The face-to-face contact with the child and primary caregiver shall occur immediately if substantial child endangerment is alleged and within five calendar days for all other reports. If the alleged offender was not already interviewed as the primary caregiver, the local welfare agency shall also conduct a face-to-face interview with the alleged offender in the early stages of the assessment or investigation. At the initial contact, the local child welfare agency or the agency responsible for assessing or investigating the report must inform the alleged offender of the complaints or allegations made against the individual in a manner consistent with laws protecting the rights of the person who made the report. The interview with the alleged offender may be postponed if it would jeopardize an active law enforcement investigation.

(j) When conducting an investigation, the local welfare agency shall use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. For investigations only, the following interviewing methods and procedures must be used whenever possible when collecting information:

(1) audio recordings of all interviews with witnesses and collateral sources; and

(2) in cases of alleged sexual abuse, audio-video recordings of each interview with the alleged victim and child witnesses.

(k) In conducting an assessment or investigation involving a school facility as defined in subdivision 2, paragraph (i), the commissioner of education shall collect available and relevant information and use the procedures in paragraphs (i), (k), and subdivision 3d, except that the requirement for face-to-face observation of the child and face-to-face interview of the alleged offender is to occur in the initial stages of the assessment or investigation provided that the commissioner may also base the assessment or investigation on investigative reports and data received from the school facility and local law enforcement, to the extent those investigations satisfy the requirements of paragraphs (i) and (k), and subdivision 3d.

Sec. 67. Minnesota Statutes 2006, section 626.556, subdivision 10a, is amended to read:

Subd. 10a. ~~Abuse outside family unit~~ **Law enforcement agency responsibility for investigation; welfare agency reliance on law enforcement fact-finding; welfare**

agency offer of services. (a) If the report alleges neglect, physical abuse, or sexual abuse by a person who is not a parent, guardian, sibling, person responsible for the child's care functioning outside within the family unit, or a person who lives in the child's household and who has a significant relationship to the child, in a setting other than a facility as defined in subdivision 2, the local welfare agency shall immediately notify the appropriate law enforcement agency, which shall conduct an investigation of the alleged abuse or neglect if a violation of a criminal statute is alleged.

(b) The local agency may rely on the fact-finding efforts of the law enforcement investigation conducted under this subdivision to make a determination whether or not threatened harm or other maltreatment has occurred under subdivision 2 if an alleged offender has minor children or lives with minors.

(c) The local welfare agency shall offer appropriate social services for the purpose of safeguarding and enhancing the welfare of the abused or neglected minor.

Sec. 68. Minnesota Statutes 2006, section 626.556, subdivision 10c, is amended to read:

Subd. 10c. **Duties of local social service agency upon receipt of a report of medical neglect.** If the report alleges medical neglect as defined in section 260C.007, subdivision ~~4~~ 6, clause (5), the local welfare agency shall, in addition to its other duties under this section, immediately consult with designated hospital staff and with the parents of the infant to verify that appropriate nutrition, hydration, and medication are being provided; and shall immediately secure an independent medical review of the infant's medical charts and records and, if necessary, seek a court order for an independent medical examination of the infant. If the review or examination leads to a conclusion of medical neglect, the agency shall intervene on behalf of the infant by initiating legal proceedings under section 260C.141 and by filing an expedited motion to prevent the withholding of medically indicated treatment.

Sec. 69. Minnesota Statutes 2006, section 626.556, subdivision 10f, is amended to read:

Subd. 10f. **Notice of determinations.** Within ten working days of the conclusion of a family assessment, the local welfare agency shall notify the parent or guardian of the child of the need for services to address child safety concerns or significant risk of subsequent child maltreatment. The local welfare agency and the family may also jointly agree that family support and family preservation services are needed. Within ten working days of the conclusion of an investigation, the local welfare agency or agency responsible for assessing or investigating the report shall notify the parent or guardian of the child, the

person determined to be maltreating the child, and if applicable, the director of the facility, of the determination and a summary of the specific reasons for the determination. The notice must also include a certification that the information collection procedures under subdivision 10, paragraphs (h), (i), and (j), were followed and a notice of the right of a data subject to obtain access to other private data on the subject collected, created, or maintained under this section. In addition, the notice shall include the length of time that the records will be kept under subdivision 11c. The investigating agency shall notify the parent or guardian of the child who is the subject of the report, and any person or facility determined to have maltreated a child, of their appeal or review rights under this section or section 256.022. The notice must also state that a finding of maltreatment may result in denial of a license application or background study disqualification under chapter 245C related to employment or services that are licensed by the Department of Human Services under chapter 245A, the Department of Health under chapter 144 or 144A, the Department of Corrections under section 241.021, and from providing services related to an unlicensed personal care provider organization under chapter 256B.

Funds may also be used for a media campaign to inform kinship families about available information and services, support sites, and other program development.

89.2 Benton Counties to expand the Workforce U program administered by the Stearns-Benton
89.3 Employment and Training Council.

89.5 research and evaluation organization with experience evaluating welfare programs. The
89.6 evaluation must include information on the total number of persons served, percentage
89.7 of participants exiting the program, percentage of former participants reentering the
89.8 program, average wages of program participants, and recommendations to the legislature
89.9 for possible statewide implementation of the program. The evaluation must be presented
89.10 to the legislature by February 15, 2011.

89.11 Subd. 3. **Expiration.** The Workforce U pilot program expires on June 30, 2011.

92.4 for child foster care licensure of a relative as defined in section 260B.007, subdivision
92.5 12, or 260C.007, subdivision 27, the county agency or child-placing agency must explain
92.6 the licensing process to the prospective licensee, including the background study process
92.7 and the procedure for reconsideration of an initial disqualification for licensure. The

An update to a study and report not originally completed under this section must ensure that the study and report, as updated, meet the requirements of this section. An adoption study is valid if the report has been completed or updated within the previous 12 months.

Sec. 27. Minnesota Statutes 2006, section 259.53, subdivision 2, is amended to read:

Subd. 2. **Adoption agencies; postplacement assessment and report.** (a) The agency to which the petition has been referred under subdivision 1 shall conduct a postplacement assessment and file a report with the court within 90 days of receipt of a copy of the adoption petition. The assessment and report must evaluate the environment and antecedents of the child to be adopted, the home of the petitioners, whether placement with the petitioners meets the needs of the child as described in section 259.57, subdivision 2. The report must include a recommendation to the court as to whether the petition should or should not be granted.

In making evaluations and recommendations, the postplacement assessment and report must, at a minimum, address the following:

The prospective adoptive parent shall cooperate in the completion of the background check by supplying the information and authorizations described in section 259.41, subdivision 3, paragraph (a).~~

~~(d)~~ (c) If the report recommends that the court not grant the petition to adopt the child, the provisions of this paragraph apply. Unless the assessment and report were completed by the local social services agency, the agency completing the report, at the time it files the report with the court under paragraph (a), must provide a copy of the report to the local social services agency in the county where the prospective adoptive parent lives. The agency or local social services agency may recommend that the court dismiss the petition. If the local social services agency determines that continued placement in the home endangers the child's physical or emotional health, the agency shall seek a court order to remove the child from the home.

110.1 ~~(e)~~ (d) If, through no fault of the petitioner, the agency to whom the petition was
110.2 referred under subdivision 1, paragraph (b), fails to complete the assessment and file the
110.3 report within 90 days of the date it received a copy of the adoption petition, the court may
110.4 hear the petition upon giving the agency and the local social services agency, if different,
110.5 five days' notice by mail of the time and place of the hearing.

110.6 Sec. 28. Minnesota Statutes 2006, section 259.57, subdivision 2, is amended to read:

110.7 Subd. 2. **Protection of child's best interests.** (a) The policy of the state of
110.8 Minnesota is to ensure that the best interests of children are met by requiring an

110.10 will serve the needs of the child.

110.11 (b) Among the factors the court shall consider in determining the needs of the child
110.12 are those specified under section 260C.193, subdivision 3, paragraph (b). Consistent with

110.17 following order, with (1) a relative or relatives of the child, or (2) an important friend with
110.18 whom the child has resided or had significant contact. Placement of a child cannot be
110.19 delayed or denied based on race, color, or national origin of the adoptive parent or the
110.20 child. Whenever possible, siblings should be placed together unless it is determined
110.21 not to be in the best interests of a sibling.

110.22 (d) If the child's birth parent or parents explicitly request that relatives and important
110.23 friends not be considered, the court shall honor that request consistent with the best
110.24 interests of the child.

110.25 If the child's birth parent or parents express a preference for placing the child in an
110.26 adoptive home of the same or a similar religious background to that of the birth parent
110.27 or parents, the court shall place the child with a family that also meets the birth parent's
110.28 religious preference. Only if no family is available as described in clause (a) or (b)
110.29 may the court give preference to a family described in clause (c) that meets the parent's
110.30 religious preference.

110.31 (e) This subdivision does not affect the Indian Child Welfare Act, United States
110.32 Code, title 25, sections 1901 to 1923, and the Minnesota Indian Family Preservation
110.33 Act, sections 260.751 to 260.835.

113.16 (2) with an individual who is an important friend with whom the child has resided or
113.17 had significant contact.

113.18 (b) Among the factors the agency shall consider in determining the needs of the
113.19 child are the following:

113.20 (1) the child's current functioning and behaviors;

113.22 (3) the child's history and past experience;

113.23 (4) the child's religious and cultural needs;

113.24 (5) the child's connection with a community, school, and church;

113.25 (6) the child's interests and talents;

113.26 (7) the child's relationship to current caretakers, parents, siblings, and relatives; and

113.27 (8) the reasonable preference of the child, if the court, or the child-placing agency
113.28 in the case of a voluntary placement, deems the child to be of sufficient age to express
113.29 preferences.

113.30 (c) Placement of a child cannot be delayed or denied based on race, color, or national
113.31 origin of the foster parent or the child.

113.32 (d) Siblings should be placed together for foster care and adoption at the earliest
113.33 possible time unless it is determined not to be in the best interests of a sibling or unless it
113.34 is not possible after appropriate efforts by the responsible social services agency.

114.1 (e) Except for emergency placement as provided for in section 245A.035, a
114.2 completed background study is required under section 245C.08 before the approval of a
114.3 foster placement in a related or unrelated home.

114.9 resources in the health care access fund exceed expenditures in that fund, ~~effective with~~
114.10 ~~the biennium beginning July 1, 2007,~~ the commissioner shall transfer funds from the
114.11 health care access fund to the general fund to offset the costs of MinnesotaCare enrollees
114.12 shifting to medical assistance due to the implementation of an automated eligibility
114.13 determination system. The medical assistance costs shall be identified and updated in the
114.14 November and February forecasts.

114.15 **(b) In addition to the amounts in paragraph (a),** the commissioner of finance shall

114.19 **\$48,000,000.**

114.20 ~~(b)~~ (c) For fiscal years 2006 to 2009, MinnesotaCare shall be a forecasted program,
114.21 and, if necessary, the commissioner shall reduce these transfers from the health care access
114.22 fund to the general fund to meet annual MinnesotaCare expenditures or, if necessary,
114.23 transfer sufficient funds from the general fund to the health care access fund to meet
114.24 annual MinnesotaCare expenditures.

114.25 Sec. 2. Minnesota Statutes 2006, section 62H.02, is amended to read:

114.26 **62H.02 REQUIRED PROVISIONS.**

114.27 (a) A joint self-insurance plan must include aggregate excess stop-loss coverage and
114.28 individual excess stop-loss coverage provided by an insurance company licensed by the
114.29 state of Minnesota.

114.30 (b) Aggregate excess stop-loss coverage must include provisions to cover incurred,
114.31 unpaid claim liability in the event of plan termination. ~~In addition,~~

114.32 (c) The plan of self-insurance must have participating employers fund an amount at
114.33 least equal to the point at which the excess or stop-loss insurer has contracted to assume
114.34 100 percent of additional liability.

115.1 (d) A joint self-insurance plan must submit its proposed excess or stop-loss insurance
115.2 contract to the commissioner of commerce at least 30 days prior to the proposed plan's
115.3 effective date and at least 30 days subsequent to any renewal date. The commissioner shall
115.4 review the contract to determine if they meet the standards established by sections 62H.01
115.5 to 62H.08 and respond within a 30-day period.

115.6 (e) Any excess or stop-loss insurance plan must contain a provision that the excess
115.7 or stop-loss insurer will give the plan and the commissioner of commerce a minimum of
115.8 180 days' notice of termination or nonrenewal. If the plan fails to secure replacement
115.9 coverage within 60 days after receipt of the notice of cancellation or nonrenewal, the
115.10 commissioner shall issue an order providing for the orderly termination of the plan.

115.11 (f) The commissioner may waive the requirements of this section and of any rule
115.12 relating to the requirements of this section, if the commissioner determines that a joint
115.13 self-insurance plan has established alternative arrangements that fully fund the plan's
115.14 liability or incurred but unpaid claims. The commissioner may not waive the requirement
115.15 that a joint self-insurance plan have excess stop-loss coverage.

115.16 **EFFECTIVE DATE.** This section is effective the day following final enactment.

115.17 Sec. 3. Minnesota Statutes 2006, section 62J.692, subdivision 1, is amended to read:

115.18 Subdivision 1. **Definitions.** For purposes of this section, the following definitions
115.19 apply:

115.20 (a) "Accredited clinical training" means the clinical training provided by a
115.21 medical education program that is accredited through an organization recognized by the
115.22 Department of Education, the Centers for Medicare and Medicaid Services, or another
115.23 national body who reviews the accrediting organizations for multiple disciplines and
115.24 whose standards for recognizing accrediting organizations are reviewed and approved by

115.26 Advisory Committee.

115.27 (b) "Commissioner" means the commissioner of health.

115.28 (c) "Clinical medical education program" means the accredited clinical training of

115.31 registered nurse anesthetists, nurse practitioners, and certified nurse midwives), and
115.32 physician assistants.

115.33 (d) "Sponsoring institution" means a hospital, school, or consortium located in
115.34 Minnesota that sponsors and maintains primary organizational and financial responsibility

116.7 (g) "Eligible trainee FTEs" means the number of trainees, as measured by full-time
116.8 equivalent counts, that are at training sites located in Minnesota with ~~a~~ currently
116.9 active medical assistance provider number enrollment status and a National Provider
116.10 Identification (NPI) number where training occurs in either an inpatient or ambulatory
116.11 patient care setting and where the training is funded, in part, by patient care revenues.

116.12 Sec. 4. Minnesota Statutes 2006, section 62J.692, subdivision 4, is amended to read:

116.13 Subd. 4. **Distribution of funds.** (a) The commissioner shall annually distribute
116.14 90 percent of ~~available medical education~~ funds transferred according to section
116.15 256B.69, subdivision 5c, paragraph (a), clause (1), to all qualifying applicants based on a
116.16 distribution formula that reflects a summation of two factors:

116.17 (1) an education factor, which is determined by the total number of eligible trainee
116.18 FTEs and the total statewide average costs per trainee, by type of trainee, in each clinical
116.19 medical education program; and

116.20 (2) a public program volume factor, which is determined by the total volume of
116.21 public program revenue received by each training site as a percentage of all public
116.22 program revenue received by all training sites in the fund pool.

116.23 In this formula, the education factor is weighted at 67 percent and the public program
116.24 volume factor is weighted at 33 percent.

116.25 Public program revenue for the distribution formula includes revenue from medical
116.26 assistance, prepaid medical assistance, general assistance medical care, and prepaid
116.27 general assistance medical care. Training sites that receive no public program revenue
116.28 are ineligible for funds available under this paragraph. Total statewide average costs per
116.29 trainee for medical residents is based on audited clinical training costs per trainee in
116.30 primary care clinical medical education programs for medical residents. Total statewide
116.31 average costs per trainee for dental residents is based on audited clinical training costs
116.32 per trainee in clinical medical education programs for dental students. Total statewide
116.33 average costs per trainee for pharmacy residents is based on audited clinical training costs
116.34 per trainee in clinical medical education programs for pharmacy students.

117.1 (b) The commissioner shall annually distribute ten percent of ~~total available medical~~
117.2 ~~education~~ funds transferred according to section 256B.69, subdivision 5c, paragraph (a),
117.3 clause (1), to all qualifying applicants based on the percentage received by each applicant
117.4 under paragraph (a). These funds are to be used to offset clinical education costs at
117.5 eligible clinical training sites based on criteria developed by the clinical medical education
117.6 program. Applicants may choose to distribute funds allocated under this paragraph based
117.7 on the distribution formula described in paragraph (a).

117.8 (c) The commissioner shall annually distribute \$5,000,000 of the funds dedicated
117.9 to the commissioner under section 297F.10, subdivision 1, clause (2), plus any federal
117.10 financial participation on these funds and on funds transferred under subdivision 10, to all
117.11 qualifying applicants based on a distribution formula that gives 100 percent weight to a
117.12 public program volume factor, which is determined by the total volume of public program
117.13 revenue received by each training site as a percentage of all public program revenue
117.14 received by all training sites in the fund pool. If federal approval is not obtained for
117.15 federal financial participation on any portion of funds distributed under this paragraph,
117.16 90 percent of the unmatched funds shall be distributed by the commissioner based on
117.17 the formula described in paragraph (a) and ten percent of the unmatched funds shall be
117.18 distributed by the commissioner based on the formula described in paragraph (b).

117.19 (d) The commissioner shall annually distribute \$3,060,000 of funds dedicated to the
117.20 commissioner under section 297F.10, subdivision 1, clause (2), through a formula giving
117.21 100 percent weight to an education factor, which is determined by the total number of
117.22 eligible trainee full-time equivalents and the total statewide average costs per trainee, by
117.23 type of trainee, in each clinical medical education program. If no matching funds are
117.24 received on funds distributed under paragraph (c), funds distributed under this paragraph
117.25 shall be distributed by the commissioner based on the formula described in paragraph (a).

117.26 (e) The commissioner shall annually distribute \$340,000 of funds dedicated to the
117.27 commissioner under section 297F.10, subdivision 1, clause (2), to all qualifying applicants
117.28 based on the percentage received by each applicant under paragraph (a). These funds are
117.29 to be used to offset clinical education costs at eligible clinical training sites based on
117.30 criteria developed by the clinical medical education program. Applicants may choose to
117.31 distribute funds allocated under this paragraph based on the distribution formula described
117.32 in paragraph (a). If no matching funds are received on funds distributed under paragraph
117.33 (c), funds distributed under this paragraph shall be distributed by the commissioner based
117.34 on the formula described in paragraph (b).

117.35 ~~(e)~~ (f) Funds distributed shall not be used to displace current funding appropriations
117.36 from federal or state sources.

118.1 ~~(d)~~ (g) Funds shall be distributed to the sponsoring institutions indicating the amount
118.2 to be distributed to each of the sponsor's clinical medical education programs based on
118.3 the criteria in this subdivision and in accordance with the commissioner's approval letter.
118.4 Each clinical medical education program must distribute funds allocated under paragraph
118.5 (a) to the training sites as specified in the commissioner's approval letter. Sponsoring
118.6 institutions, which are accredited through an organization recognized by the Department
118.7 of Education or the Centers for Medicare and Medicaid Services, may contract directly
118.8 with training sites to provide clinical training. To ensure the quality of clinical training,
118.9 those accredited sponsoring institutions must:

118.10 (1) develop contracts specifying the terms, expectations, and outcomes of the clinical
118.11 training conducted at sites; and

118.12 (2) take necessary action if the contract requirements are not met. Action may
118.13 include the withholding of payments under this section or the removal of students from
118.14 the site.

118.15 ~~(e)~~ (h) Any funds not distributed in accordance with the commissioner's approval
118.16 letter must be returned to the medical education and research fund within 30 days of
118.17 receiving notice from the commissioner. The commissioner shall distribute returned funds
118.18 to the appropriate training sites in accordance with the commissioner's approval letter.

118.19 ~~(f)~~ (i) The commissioner shall distribute by June 30 of each year an amount equal to
118.20 the funds transferred under subdivision 10, ~~plus five percent interest~~ to the University of
118.21 Minnesota Board of Regents for the instructional costs of health professional programs
118.22 at the Academic Health Center and for interdisciplinary academic initiatives within the
118.23 Academic Health Center.

118.24 ~~(g)~~ (j) A maximum of \$150,000 of the funds dedicated to the commissioner
118.25 under section 297F.10, subdivision 1, ~~paragraph (b)~~, clause (2), may be used by the
118.26 commissioner for administrative expenses associated with implementing this section.

118.27 Sec. 5. Minnesota Statutes 2006, section 62J.692, subdivision 7a, is amended to read:

118.28 Subd. 7a. **Clinical medical education innovations grants.** (a) The commissioner
118.29 shall award grants to teaching institutions and clinical training sites for projects that
118.30 increase dental access for underserved populations and promote innovative clinical
118.31 training of dental professionals.

118.32 (b) The commissioner shall award grants to teaching institutions and clinical training
118.33 sites for projects that increase mental health access for underserved populations, promote
118.34 innovative clinical training of mental health professionals, increase the number of mental

119.1 health providers in rural or underserved areas, and promote the incorporation of patient
119.2 safety principles into clinical medical education programs.

119.3 (c) In awarding the grants, the commissioner, in consultation with the commissioner
119.4 of human services, shall consider the following:

119.5 (1) potential to successfully increase access to an underserved population;

119.6 (2) the long-term viability of the project to improve access beyond the period
119.7 of initial funding;

119.8 (3) evidence of collaboration between the applicant and local communities;

119.9 (4) the efficiency in the use of the funding; ~~and~~

119.10 (5) the priority level of the project in relation to state clinical education, access,
119.11 patient safety, and workforce goals; and

119.12 (6) the potential of the project to impact the number or distribution of the health
119.13 care workforce.

119.14 ~~(b)~~ (d) The commissioner shall periodically evaluate the priorities in awarding the
119.15 innovations grants in order to ensure that the priorities meet the changing workforce
119.16 needs of the state.

119.17 Sec. 6. Minnesota Statutes 2006, section 62J.692, subdivision 8, is amended to read:

119.18 Subd. 8. **Federal financial participation.** (a) The commissioner of human
119.19 services shall seek to maximize federal financial participation in payments for medical
119.20 education and research costs. ~~If the commissioner of human services determines that~~
119.21 ~~federal financial participation is available for the medical education and research, the~~
119.22 ~~commissioner of health shall transfer to the commissioner of human services the amount~~
119.23 ~~of state funds necessary to maximize the federal funds available. The amount transferred~~
119.24 ~~to the commissioner of human services, plus the amount of federal financial participation,~~
119.25 ~~shall be distributed to medical assistance providers in accordance with the distribution~~
119.26 ~~methodology described in subdivision 4.~~

119.27 (b) For the purposes of paragraph (a), the commissioner shall use physician clinic
119.28 rates where possible to maximize federal financial participation.

119.29 Sec. 7. Minnesota Statutes 2006, section 62J.692, subdivision 10, is amended to read:

119.30 Subd. 10. **Transfers from University of Minnesota.** Of the funds dedicated to the
119.31 Academic Health Center under section 297F.10, subdivision 1, clause (1), \$4,850,000
119.32 shall be transferred annually to the commissioner of health no later than April 15 of each
119.33 year for distribution under subdivision 4, paragraph ~~(f)~~ (i).

120.1 Sec. 8. Minnesota Statutes 2006, section 256.01, subdivision 2b, is amended to read:

120.2 Subd. 2b. **Performance payments.** (a) The commissioner shall develop and
120.3 implement a pay-for-performance system to provide performance payments to medical
120.4 groups that demonstrate optimum care in serving individuals with chronic diseases who
120.5 are enrolled in health care programs administered by the commissioner under chapters
120.6 256B, 256D, and 256L. The commissioner may receive any federal matching money that
120.7 is made available through the medical assistance program for managed care oversight
120.8 contracted through vendors including consumer surveys, studies, and external quality
120.9 reviews as required by the Federal Balanced Budget Act of 1997, Title 42, Code of Federal
120.10 Regulations, Part 438, Subpart E. Any federal money received for managed care oversight
120.11 is appropriated to the commissioner for this purpose. The commissioner may expend the
120.12 federal money received in either year of the biennium.

120.13 (b) The commissioner shall also develop and implement a patient incentive health
120.14 program to provide incentives and rewards to patients who are enrolled in health care
120.15 programs administered by the commissioner under chapters 256B, 256D, and 256L, and
120.16 who have agreed to and met personal health goals established with their primary care
120.17 provider to manage a chronic disease or condition, including, but not limited to, diabetes,
120.18 high blood pressure, and coronary artery disease.

120.19 Sec. 9. Minnesota Statutes 2006, section 256.969, subdivision 3a, is amended to read:

120.20 Subd. 3a. **Payments.** (a) Acute care hospital billings under the medical
120.21 assistance program must not be submitted until the recipient is discharged. However,
120.22 the commissioner shall establish monthly interim payments for inpatient hospitals that
120.23 have individual patient lengths of stay over 30 days regardless of diagnostic category.
120.24 Except as provided in section 256.9693, medical assistance reimbursement for treatment
120.25 of mental illness shall be reimbursed based on diagnostic classifications. Individual
120.26 hospital payments established under this section and sections 256.9685, 256.9686, and
120.27 256.9695, in addition to third party and recipient liability, for discharges occurring during
120.28 the rate year shall not exceed, in aggregate, the charges for the medical assistance covered
120.29 inpatient services paid for the same period of time to the hospital. This payment limitation
120.30 shall be calculated separately for medical assistance and general assistance medical
120.31 care services. The limitation on general assistance medical care shall be effective for
120.32 admissions occurring on or after July 1, 1991. Services that have rates established under
120.33 subdivision 11 or 12, must be limited separately from other services. After consulting with
120.34 the affected hospitals, the commissioner may consider related hospitals one entity and
120.35 may merge the payment rates while maintaining separate provider numbers. The operating

121.1 and property base rates per admission or per day shall be derived from the best Medicare
121.2 and claims data available when rates are established. The commissioner shall determine
121.3 the best Medicare and claims data, taking into consideration variables of recency of the
121.4 data, audit disposition, settlement status, and the ability to set rates in a timely manner.
121.5 The commissioner shall notify hospitals of payment rates by December 1 of the year
121.6 preceding the rate year. The rate setting data must reflect the admissions data used to
121.7 establish relative values. Base year changes from 1981 to the base year established for the
121.8 rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited
121.9 to the limits ending June 30, 1987, on the maximum rate of increase under subdivision
121.10 1. The commissioner may adjust base year cost, relative value, and case mix index data
121.11 to exclude the costs of services that have been discontinued by the October 1 of the year
121.12 preceding the rate year or that are paid separately from inpatient services. Inpatient stays
121.13 that encompass portions of two or more rate years shall have payments established based
121.14 on payment rates in effect at the time of admission unless the date of admission preceded
121.15 the rate year in effect by six months or more. In this case, operating payment rates for
121.16 services rendered during the rate year in effect and established based on the date of
121.17 admission shall be adjusted to the rate year in effect by the hospital cost index.

121.18 (b) For fee-for-service admissions occurring on or after July 1, 2002, the total
121.19 payment, before third-party liability and spenddown, made to hospitals for inpatient
121.20 services is reduced by .5 percent from the current statutory rates.

121.21 (c) In addition to the reduction in paragraph (b), the total payment for fee-for-service
121.22 admissions occurring on or after July 1, 2003, made to hospitals for inpatient services
121.23 before third-party liability and spenddown, is reduced five percent from the current
121.24 statutory rates. Mental health services within diagnosis related groups 424 to 432, ~~and~~
121.25 facilities defined under subdivision 16, and, effective for admissions occurring on or after
121.26 July 1, 2007, a long-term hospital as designated by the Medicare program that is located in
121.27 a city of the first class as defined in section 410.01, are excluded from this paragraph.

121.28 (d) In addition to the reduction in paragraphs (b) and (c), the total payment for
121.29 fee-for-service admissions occurring on or after July 1, 2005, made to hospitals for
121.30 inpatient services before third-party liability and spenddown, is reduced 6.0 percent from
121.31 the current statutory rates. Mental health services within diagnosis related groups 424 to
121.32 432 ~~and,~~ facilities defined under subdivision 16, and, effective for admissions occurring
121.33 on or after July 1, 2007, a long-term hospital as designated by the Medicare program
121.34 that is located in a city of the first class as defined in section 410.01, are excluded from
121.35 this paragraph. Notwithstanding section 256.9686, subdivision 7, for purposes of this
121.36 paragraph, medical assistance does not include general assistance medical care. Payments

122.1 made to managed care plans shall be reduced for services provided on or after January
122.2 1, 2006, to reflect this reduction.

122.3 Sec. 10. Minnesota Statutes 2006, section 256.969, subdivision 9, is amended to read:

122.4 Subd. 9. **Disproportionate numbers of low-income patients served.** (a) For
122.5 admissions occurring on or after October 1, 1992, through December 31, 1992, the
122.6 medical assistance disproportionate population adjustment shall comply with federal law
122.7 and shall be paid to a hospital, excluding regional treatment centers and facilities of the
122.8 federal Indian Health Service, with a medical assistance inpatient utilization rate in excess
122.9 of the arithmetic mean. The adjustment must be determined as follows:

122.10 (1) for a hospital with a medical assistance inpatient utilization rate above the
122.11 arithmetic mean for all hospitals excluding regional treatment centers and facilities of the
122.12 federal Indian Health Service but less than or equal to one standard deviation above the
122.13 mean, the adjustment must be determined by multiplying the total of the operating and
122.14 property payment rates by the difference between the hospital's actual medical assistance
122.15 inpatient utilization rate and the arithmetic mean for all hospitals excluding regional
122.16 treatment centers and facilities of the federal Indian Health Service; and

122.17 (2) for a hospital with a medical assistance inpatient utilization rate above one
122.18 standard deviation above the mean, the adjustment must be determined by multiplying
122.19 the adjustment that would be determined under clause (1) for that hospital by 1.1. If
122.20 federal matching funds are not available for all adjustments under this subdivision, the
122.21 commissioner shall reduce payments on a pro rata basis so that all adjustments qualify for
122.22 federal match. The commissioner may establish a separate disproportionate population
122.23 operating payment rate adjustment under the general assistance medical care program.
122.24 For purposes of this subdivision medical assistance does not include general assistance
122.25 medical care. The commissioner shall report annually on the number of hospitals likely to
122.26 receive the adjustment authorized by this paragraph. The commissioner shall specifically
122.27 report on the adjustments received by public hospitals and public hospital corporations
122.28 located in cities of the first class.

123.32 rates to reflect payments provided in clause (3).

123.33 (d) If federal matching funds are not available for all adjustments under paragraph
123.34 (b), the commissioner shall reduce payments under paragraph (b), clauses (1) and (2), on a
123.35 pro rata basis so that all adjustments under paragraph (b) qualify for federal match.

126.12 the maximum allowable cost set by the federal government or by the commissioner plus
126.13 the fixed dispensing fee; or the usual and customary price charged to the public. The
126.14 amount of payment basis must be reduced to reflect all discount amounts applied to the
126.15 charge by any provider/insurer agreement or contract for submitted charges to medical

126.18 \$12.92 for multiple-source generic drugs subject to any adjustment by the commissioner
126.19 as provided under section 34, except that the dispensing fee for intravenous solutions

126.27 shall be estimated by the commissioner, at average wholesale price minus 12 percent. The
126.28 actual acquisition cost of antihemophilic factor drugs shall be estimated at the average
126.29 wholesale price minus 30 percent. The maximum allowable cost of a multisource generic
126.30 drug may be set by the commissioner and it shall be comparable to, but no higher than,
126.31 ~~the maximum amount paid by other third-party payors in this state who have maximum~~
126.32 ~~allowable cost programs~~ lower than the price of the drug available to retail pharmacies for
126.33 purchase from prescription drug wholesalers. Establishment of the amount of payment for
126.34 drugs shall not be subject to the requirements of the Administrative Procedure Act.

127.1 (b) The commissioner may, within the limits of available appropriation, increase
127.2 dispensing fees to pharmacists and pharmacies deemed by the commissioner to be critical
127.3 access pharmacy providers. Reimbursement to a critical access pharmacy provider may be
127.4 increased by not more than 50 percent above the dispensing fee that would otherwise be
127.5 paid to the provider. In determining which pharmacists and pharmacies shall be deemed
127.6 critical access pharmacy providers, the commissioner shall review:

127.7 (1) the utilization rate in the service area in which the pharmacist or pharmacy
127.8 operates for pharmacy services to patients covered by medical assistance, general
127.9 assistance medical care, or MinnesotaCare as their primary source of coverage;

127.16 to pharmacists for legend drug prescriptions dispensed to residents of long-term care
127.17 facilities when a unit dose blister card system, approved by the department, is used. Under
127.18 this type of dispensing system, the pharmacist must dispense a 30-day supply of drug.
127.19 The National Drug Code (NDC) from the drug container used to fill the blister card must
127.20 be identified on the claim to the department. The unit dose blister card containing the
127.21 drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700,
127.22 that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider
127.23 will be required to credit the department for the actual acquisition cost of all unused

127.30 ~~(d)~~ (e) The basis for determining the amount of payment for drugs administered in
127.31 an outpatient setting shall be the lower of the usual and customary cost submitted by the
127.32 provider or the amount established for Medicare by the United States Department of
127.33 Health and Human Services pursuant to title XVIII, section 1847a of the federal Social
127.34 Security Act.

127.35 ~~(e)~~ (f) The commissioner may negotiate lower reimbursement rates for specialty
127.36 pharmacy products than the rates specified in paragraph (a). The commissioner may

128.2 to obtain specialty pharmacy products from providers with whom the commissioner has
128.3 negotiated lower reimbursement rates. Specialty pharmacy products are defined as those
128.4 used by a small number of recipients or recipients with complex and chronic diseases
128.5 that require expensive and challenging drug regimens. Examples of these conditions
128.6 include, but are not limited to: multiple sclerosis, HIV/AIDS, transplantation, hepatitis

128.9 biotechnology drugs, high-cost therapies, and therapies that require complex care. The
128.10 commissioner shall consult with the formulary committee to develop a list of specialty
128.11 pharmacy products subject to this paragraph. In consulting with the formulary committee
128.12 in developing this list, the commissioner shall take into consideration the population
128.13 served by specialty pharmacy products, the current delivery system and standard of care in
128.14 the state, and access to care issues. The commissioner shall have the discretion to adjust
128.15 the reimbursement rate to prevent access to care issues.

141.32 premiums, coinsurance and deductible payments;

141.33 (19) medical equipment not specifically listed in this paragraph when the use of
141.34 the equipment will prevent the need for costlier services that are reimbursable under
141.35 this subdivision;

142.1 (20) services performed by a certified pediatric nurse practitioner, a certified family
142.2 nurse practitioner, a certified adult nurse practitioner, a certified obstetric/gynecological
142.3 nurse practitioner, a certified neonatal nurse practitioner, or a certified geriatric nurse
142.4 practitioner in independent practice, if (1) the service is otherwise covered under this
142.5 chapter as a physician service, (2) the service provided on an inpatient basis is not included
142.6 as part of the cost for inpatient services included in the operating payment rate, and (3) the
142.7 service is within the scope of practice of the nurse practitioner's license as a registered
142.8 nurse, as defined in section 148.171;

142.9 (21) services of a certified public health nurse or a registered nurse practicing in
142.10 a public health nursing clinic that is a department of, or that operates under the direct
142.11 authority of, a unit of government, if the service is within the scope of practice of the
142.12 public health nurse's license as a registered nurse, as defined in section 148.171;

142.13 (22) telemedicine consultations, to the extent they are covered under section
142.14 256B.0625, subdivision 3b; ~~and~~

142.15 (23) mental health telemedicine and psychiatric consultation as covered under
142.16 section 256B.0625, subdivisions 46 and 48; and

142.17 (24) care coordination and patient education services provided by a community

142.19 (ii) Effective October 1, 2003, for a person who is eligible under subdivision 3,
142.20 paragraph (a), clause (2), item (ii), general assistance medical care coverage is limited
142.21 to inpatient hospital services, including physician services provided during the inpatient
142.22 hospital stay. A \$1,000 deductible is required for each inpatient hospitalization.

142.23 (b) Effective August 1, 2005, sex reassignment surgery is not covered under this
142.24 subdivision.

142.25 (c) In order to contain costs, the commissioner of human services shall select
142.26 vendors of medical care who can provide the most economical care consistent with high
142.27 medical standards and shall where possible contract with organizations on a prepaid
142.28 capitation basis to provide these services. The commissioner shall consider proposals by
142.29 counties and vendors for prepaid health plans, competitive bidding programs, block grants,
142.30 or other vendor payment mechanisms designed to provide services in an economical
142.31 manner or to control utilization, with safeguards to ensure that necessary services are
142.32 provided. Before implementing prepaid programs in counties with a county operated or
142.33 affiliated public teaching hospital or a hospital or clinic operated by the University of
142.34 Minnesota, the commissioner shall consider the risks the prepaid program creates for the
142.35 hospital and allow the county or hospital the opportunity to participate in the program in a
142.36 manner that reflects the risk of adverse selection and the nature of the patients served by

143.1 the hospital, provided the terms of participation in the program are competitive with the
143.2 terms of other participants considering the nature of the population served. Payment for
143.3 services provided pursuant to this subdivision shall be as provided to medical assistance
143.4 vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For
143.5 payments made during fiscal year 1990 and later years, the commissioner shall consult
143.6 with an independent actuary in establishing prepayment rates, but shall retain final control
143.7 over the rate methodology.

143.8 (d) Effective January 1, 2008, drug coverage under general assistance medical care
143.9 is limited to prescription drugs that:

143.10 (i) are covered under the medical assistance program as described in section
143.11 256B.0625, subdivisions 13 and 13d; and

143.12 (ii) are provided by manufacturers that have fully executed general assistance
143.13 medical care rebate agreements with the commissioner and comply with the agreements.

143.14 Prescription drug coverage under general assistance medical care must conform to
143.15 coverage under the medical assistance program according to section 256B.0625,
143.16 subdivisions 13 to 13g.

143.17 ~~(d)~~ (e) Recipients eligible under subdivision 3, paragraph (a), shall pay the following
143.18 co-payments for services provided on or after October 1, 2003:

143.19 (1) \$25 for eyeglasses;

143.20 (2) \$25 for nonemergency visits to a hospital-based emergency room;

143.21 (3) \$3 per brand-name drug prescription and \$1 per generic drug prescription,
143.22 subject to a \$12 per month maximum for prescription drug co-payments. No co-payments
143.23 shall apply to antipsychotic drugs when used for the treatment of mental illness; and

143.24 (4) 50 percent coinsurance on restorative dental services.

143.25 ~~(e)~~ (f) Co-payments shall be limited to one per day per provider for nonpreventive
143.26 visits, eyeglasses, and nonemergency visits to a hospital-based emergency room.

143.27 Recipients of general assistance medical care are responsible for all co-payments in this
143.28 subdivision. The general assistance medical care reimbursement to the provider shall be
143.29 reduced by the amount of the co-payment, except that reimbursement for prescription
143.30 drugs shall not be reduced once a recipient has reached the \$12 per month maximum for
143.31 prescription drug co-payments. The provider collects the co-payment from the recipient.
143.32 Providers may not deny services to recipients who are unable to pay the co-payment,
143.33 except as provided in paragraph (f).

143.34 ~~(f)~~ (g) If it is the routine business practice of a provider to refuse service to an
143.35 individual with uncollected debt, the provider may include uncollected co-payments

144.1 under this section. A provider must give advance notice to a recipient with uncollected
144.2 debt before services can be denied.

144.3 ~~(g)~~ (h) Any county may, from its own resources, provide medical payments for
144.4 which state payments are not made.

144.5 ~~(h)~~ (i) Chemical dependency services that are reimbursed under chapter 254B must
144.6 not be reimbursed under general assistance medical care.

144.7 ~~(i)~~ (j) The maximum payment for new vendors enrolled in the general assistance
144.8 medical care program after the base year shall be determined from the average usual and
144.9 customary charge of the same vendor type enrolled in the base year.

144.10 ~~(j)~~ (k) The conditions of payment for services under this subdivision are the same
144.11 as the conditions specified in rules adopted under chapter 256B governing the medical
144.12 assistance program, unless otherwise provided by statute or rule.

144.13 ~~(k)~~ (l) Inpatient and outpatient payments shall be reduced by five percent, effective
144.14 July 1, 2003. This reduction is in addition to the five percent reduction effective July 1,
144.15 2003, and incorporated by reference in paragraph (i).

144.16 ~~(l)~~ (m) Payments for all other health services except inpatient, outpatient, and
144.17 pharmacy services shall be reduced by five percent, effective July 1, 2003.

144.18 ~~(m)~~ (n) Payments to managed care plans shall be reduced by five percent for services
144.19 provided on or after October 1, 2003.

144.20 ~~(n)~~ (o) A hospital receiving a reduced payment as a result of this section may apply
144.21 the unpaid balance toward satisfaction of the hospital's bad debts.

144.22 ~~(o)~~ (p) Fee-for-service payments for nonpreventive visits shall be reduced by \$3
144.23 for services provided on or after January 1, 2006. For purposes of this subdivision, a
144.24 visit means an episode of service which is required because of a recipient's symptoms,
144.25 diagnosis, or established illness, and which is delivered in an ambulatory setting by
144.26 a physician or physician ancillary, chiropractor, podiatrist, advance practice nurse,
144.27 audiologist, optician, or optometrist.

144.28 ~~(p)~~ (q) Payments to managed care plans shall not be increased as a result of the
144.29 removal of the \$3 nonpreventive visit co-payment effective January 1, 2006.

144.30 Sec. 29. Minnesota Statutes 2006, section 256L.11, subdivision 7, is amended to read:

144.31 Subd. 7. **Critical access dental providers.** Effective for dental services provided
144.32 to MinnesotaCare enrollees ~~on or after~~ between January 1, 2007, and June 30, 2007, the
144.33 commissioner shall increase payment rates to dentists and dental clinics deemed by the
144.34 commissioner to be critical access providers under section 256B.76, paragraph (c), by 50
144.35 percent above the payment rate that would otherwise be paid to the provider. Effective

145.1 for dental services provided to MinnesotaCare enrollees on or after July 1, 2007, the
145.2 commissioner shall increase payment rates to dentists and dental clinics deemed by the
145.3 commissioner to be critical access providers under section 256B.76, paragraph (c), by
145.4 33 percent above the payment rate that would otherwise be paid to the provider. The
145.5 commissioner shall ~~adjust the rates paid on or after January 1, 2007, to pay the prepaid~~
145.6 health plans under contract with the commissioner amounts sufficient to reflect this rate
145.7 increase. The prepaid health plan must pass this rate increase to providers who have
145.8 been identified by the commissioner as critical access dental providers under section
145.9 256B.76, paragraph (c).

145.10 Sec. 30. **AGRICULTURAL COOPERATIVE HEALTH PLAN FOR FARMERS.**

145.11 Subdivision 1. Pilot project requirements. The commissioner of commerce shall
145.12 authorize a joint self-insurance pilot project administered by a trust sponsored by one
145.13 or more agricultural cooperatives organized under Minnesota Statutes, chapter 308A,
145.14 or under a federal charter for the purpose of offering health coverage to members of
145.15 the cooperatives and their families, provided the project satisfies the requirements of
145.16 Minnesota Statutes, chapter 62H, except as follows:

145.17 (1) Minnesota Statutes, section 62H.02, subdivision 1, paragraph (b), does not apply;

145.18 (2) the notice period required under Minnesota Statutes, section 62H.02, subdivision
145.19 1, paragraph (e), is 90 days;

145.20 (3) the commissioner shall grant necessary waivers and approve an alternative
145.21 arrangement that fully funds the plan's liability or incurred but unpaid claims under
145.22 Minnesota Statutes, section 62H.02, subdivision 1, paragraph (f), unless the commissioner
145.23 provides evidence demonstrating that the insolvency protection proposed is substantially
145.24 less than that typically provided by self-insured group plans of a similar size in Minnesota;

145.25 (4) notwithstanding Minnesota Statutes, section 62H.04, paragraph (a), the joint
145.26 self-insurance plan shall be considered a large group and not subject to the small group
145.27 insurance requirements in Minnesota Statutes, chapter 62L, even if some employer
145.28 groups enrolled in the plan would be defined as small employers, except that the joint
145.29 self-insurance plan may elect to treat the sale of a health plan to or for an employer that
145.30 has only one eligible employee who has not waived coverage as the sale of an individual
145.31 health plan as allowed under Minnesota Statutes, section 62L.02, subdivision 26;

145.32 (5) Minnesota Statutes, section 297I.05, subdivision 12, paragraph (c), does not
145.33 apply; and

145.34 (6) the trust must pay the assessment for the Minnesota comprehensive health
145.35 association as provided under Minnesota Statutes, section 62E.11.

146.1 Subd. 2. **Evaluation and renewal.** The pilot project authorized under this section
146.2 is for a period of four years from the date of initial enrollment. The commissioner shall
146.3 grant an extension of four additional years if the trust provides evidence that it remains in
146.4 compliance with the requirements of this section and other applicable laws and rules. If the
146.5 commissioner determines that the operation of the trust has not improved access, expanded
146.6 health plan choices, or improved affordability of health coverage for farm families, or
146.7 that it has significantly damaged access, choice, or affordability for other consumers not
146.8 enrolled in the trust, the commissioner shall provide at least 180 days' advance written
146.9 notice to the trust and to the chairs of the senate and house finance and policy committees
146.10 with jurisdiction over health and insurance matters of the commissioner's intention not to
146.11 renew the pilot project at the expiration of a four-year period.

146.12 **EFFECTIVE DATE.** This section is effective the day following final enactment.

146.13 Sec. 31. **HENNEPIN COUNTY PILOT PROJECT.**

146.14 The commissioner of human services shall support a pilot project in Hennepin
146.15 County to demonstrate the effectiveness of alternative strategies to redetermine eligibility
146.16 for certain recipient populations in the medical assistance program. The target populations
146.17 for the demonstration are persons who are eligible based upon disability or age, who
146.18 have chronic medical conditions, and who are expected to experience minimal change in
146.19 income or assets from month to month. The commissioner and the county shall analyze
146.20 the issues and strategies employed and the outcomes to determine reasonable efforts to
146.21 streamline eligibility statewide. The commissioner shall apply for any federal waivers
146.22 needed to implement this section.

146.23 Sec. 32. **COUNTY-BASED PURCHASING STUDY.**

146.24 The commissioner of health shall study county-based purchasing initiatives
146.25 established under Minnesota Statutes, section 256B.692, and compare these initiatives
146.26 to managed care plans serving medical assistance, general assistance medical care, and
146.27 MinnesotaCare enrollees. The study must:

146.28 (1) provide a history and description of county-based purchasing initiatives,

- 147.4 (5) summarize successes and challenges of the two service delivery methods;
- 147.5 (6) provide recommendations for possible expansion of county-based purchasing
147.6 in rural and urban settings; and
- 147.7 (7) identify and describe features of county-based purchasing and managed care
147.8 plans serving medical assistance, general assistance medical care, and MinnesotaCare
147.9 enrollees, to provide a comparison of cost, quality, access, and community health
147.10 improvement that includes, but is not limited to:
- 147.11 (i) descriptions of how health care and social services are integrated and coordinated
147.12 for persons with complex care needs, including persons with high-risk pregnancies,

- 147.15 (ii) use of monetary grants and surpluses to:
- 147.16 (A) increase provider reimbursement, including dental care reimbursement, in order
147.17 to improve health care access; and
- 147.18 (B) improve community health beyond the requirements of the public health care
147.19 programs, such as the funding of public education, research, and community initiatives to
147.20 enhance utilization of preventive services, social services, or mental health care;
- 147.21 (iii) administrative costs, including billing and collection of unpaid fees, co-pays or

- 147.24 (v) public access to all information about management and administration, including
147.25 but not limited to provider contracts and reimbursement, models of care management and
147.26 coordination, utilization review, contracts with consultants and other vendors, handling of
147.27 monetary grants and surpluses, and health outcomes data;
- 147.28 (vi) provider reimbursement by clinical practice area;
- 147.29 (vii) populations served, described by age, disability, income, race, language,
147.30 occupation, and other demographic characteristics;
- 147.31 (viii) utilization of community-based prevention interventions, including but not
147.32 limited to public health nursing visits to new parents, use of nurse-managed interventions
147.33 to reduce cardiac hospitalizations, and the use of medical homes for chronic disease
147.34 management;
- 147.35 (ix) utilization of cancer screening;
- 147.36 (x) utilization of interpreter services;

148.1 (xi) immunization rates for children age five and under;
148.2 (xii) hospitalization rates for conditions related to diabetes, asthma, or cardiac
148.3 illnesses;

148.9 (xvii) number of enrollees who do not receive care.
148.10 Managed care plans, county-based purchasing initiatives, health care providers,
148.11 counties, and the commissioner of human services shall, upon request, provide data to

148.15 The commissioner of human services shall award a grant to the Neighborhood
148.16 Health Care Network to pay the costs of maintaining and staffing a toll-free telephone
148.17 number to provide callers with information on health coverage options, eligibility for
148.18 MinnesotaCare and other health care programs, and health care providers that offer free or
148.19 reduced-cost health care services.

148.20 Sec. 34. **IMPLEMENTATION OF PHARMACY DISPENSING FEE INCREASE.**

148.21 (a) The commissioner of human services shall fund the increase in the dispensing
148.22 fee for multiple-source generic drugs under Minnesota Statutes, section 256B.0625,
148.23 subdivision 13e, paragraph (a), using reductions in program costs for ingredient
148.24 reimbursement resulting from changes to the federal upper reimbursement limit under
148.25 title VI, chapter IV of the federal Deficit Reduction Act of 2005, United States Code, title
148.26 42, section 1396r-8(e)(5), and related regulations. The commissioner, after consulting

148.29 fee for multiple-source generic drugs under Minnesota Statutes, section 256B.0625,
148.30 subdivision 13e, paragraph (a), to reflect the actual amount of reductions in program cost
148.31 for ingredient reimbursement savings obtained.

148.32 (b) The Pharmacy Payment Reform Advisory Committee shall analyze the savings
148.33 resulting from changes to the federal upper reimbursement limit, and shall recommend
148.34 to the commissioner of human services and the legislature, by December 15, 2008, the

149.1 level of the dispensing fee for multiple-source generic drugs that should apply beginning
149.2 July 1, 2010.

149.3 **EFFECTIVE DATE.** This section is effective upon implementation of changes to
149.4 the federal upper reimbursement limit under title VI, chapter IV of the federal Deficit
149.5 Reduction Act of 2005, United States Code, title 42, section 1396r-8(e)(5).

149.6 Sec. 35. **MEDICAL EQUIPMENT AND SUPPLIES.**

149.7 The commissioner of human services shall seek all federal waivers and approvals
149.8 necessary to allow medical assistance to cover, for enrollees who pay out-of-pocket
149.9 for medical equipment and supply upgrades, including but not limited to upgrades to
149.10 prostheses, the cost of the standard, nonupgraded item.

149.11 Sec. 36. **REPEALER.**

149.12 Minnesota Statutes 2006, section 256.969, subdivision 27, is repealed effective

149.20 approve the renovation, replacement, upgrading, or relocation of a nursing home or
149.21 boarding care home, under the following conditions:

149.22 (1) to license and certify an 80-bed city-owned facility in Nicollet County to be
149.23 constructed on the site of a new city-owned hospital to replace an existing 85-bed facility
149.24 attached to a hospital that is also being replaced. The threshold allowed for this project
149.25 under section 144A.073 shall be the maximum amount available to pay the additional
149.26 medical assistance costs of the new facility;

149.27 (2) to license and certify 29 beds to be added to an existing 69-bed facility in St.
149.28 Louis County, provided that the 29 beds must be transferred from active or layaway status
149.29 at an existing facility in St. Louis County that had 235 beds on April 1, 2003.

149.30 The licensed capacity at the 235-bed facility must be reduced to 206 beds, but the payment
149.31 rate at that facility shall not be adjusted as a result of this transfer. The operating payment
149.32 rate of the facility adding beds after completion of this project shall be the same as it was

on the day prior to the day the beds are licensed and certified. This project shall not proceed unless it is approved and financed under the provisions of section 144A.073;

(3) to license and certify a new 60-bed facility in Austin, provided that: (i) 45 of the new beds are transferred from a 45-bed facility in Austin under common ownership that is closed and 15 of the new beds are transferred from a 182-bed facility in Albert Lea under common ownership; (ii) the commissioner of human services is authorized by the 2004 legislature to negotiate budget-neutral planned nursing facility closures; and (iii) money is available from planned closures of facilities under common ownership to make implementation of this clause budget-neutral to the state. The bed capacity of the Albert Lea facility shall be reduced to 167 beds following the transfer. Of the 60 beds at the new facility, 20 beds shall be used for a special care unit for persons with Alzheimer's disease or related dementias; ~~and~~

(4) to license and certify up to 80 beds transferred from an existing state-owned nursing facility in Cass County to a new facility located on the grounds of the Ah-Gwah-Ching campus. The operating cost payment rates for the new facility shall be determined based on the interim and settle-up payment provisions of Minnesota Rules, part 9549.0057, and the reimbursement provisions of section 256B.431. The property payment rate for the first three years of operation shall be \$35 per day. For subsequent years, the property payment rate of \$35 per day shall be adjusted for inflation as provided in section 256B.434, subdivision 4, paragraph (c), as long as the facility has a contract under section 256B.434; and

(5) to license and certify 180 beds transferred from an existing facility in Minneapolis to a new facility in Robbinsdale; provided that the beds are transferred from a 219-bed facility under common ownership that shall be closed following the transfer. The operating payment rate of the new facility after completion of this project shall be adjusted upward by \$35 per day and the property payment rate shall be \$34.049 per day.

(b) Projects approved under this subdivision shall be treated in a manner equivalent to projects approved under subdivision 4a.

Subd. 2a. **Contribution amount.** (a) The natural or adoptive parents of a minor child, including a child determined eligible for medical assistance without consideration of parental income, must contribute to the cost of services used by making monthly payments on a sliding scale based on income, unless the child is married or has been married, parental rights have been terminated, or the child's adoption is subsidized according to

151.1 section 259.67 or through title IV-E of the Social Security Act. The parental contribution
151.2 is a partial or full payment for medical services provided for diagnostic, therapeutic,
151.3 curing, treating, mitigating, rehabilitation, and maintenance and personal care services as
151.4 defined in United States Code, title 26, section 213, needed by the child with a chronic
151.5 illness or disability.

151.6 (b) For households with adjusted gross income equal to or greater than 100 percent
151.7 of federal poverty guidelines, the parental contribution shall be computed by applying the
151.8 following schedule of rates to the adjusted gross income of the natural or adoptive parents:

151.9 (1) if the adjusted gross income is equal to or greater than 100 percent of federal
151.10 poverty guidelines and less than 175 percent of federal poverty guidelines, the parental
151.11 contribution is \$4 per month;

151.12 (2) if the adjusted gross income is equal to or greater than 175 percent of federal
151.13 poverty guidelines and less than or equal to 545 percent of federal poverty guidelines,
151.14 the parental contribution shall be determined using a sliding fee scale established by the
151.15 commissioner of human services which begins at one percent of adjusted gross income
151.16 at 175 percent of federal poverty guidelines and increases to 7.5 percent of adjusted
151.17 gross income for those with adjusted gross income up to 545 percent of federal poverty
151.18 guidelines;

151.19 (3) if the adjusted gross income is greater than 545 percent of federal poverty
151.20 guidelines and less than 675 percent of federal poverty guidelines, the parental
151.21 contribution shall be 7.5 percent of adjusted gross income;

151.22 (4) if the adjusted gross income is equal to or greater than 675 percent of federal
151.23 poverty guidelines and less than 975 percent of federal poverty guidelines, the parental
151.24 contribution shall be determined using a sliding fee scale established by the commissioner
151.25 of human services which begins at 7.5 percent of adjusted gross income at 675 percent of
151.26 federal poverty guidelines and increases to ten percent of adjusted gross income for those
151.27 with adjusted gross income up to 975 percent of federal poverty guidelines; and

151.28 (5) if the adjusted gross income is equal to or greater than 975 percent of federal
151.29 poverty guidelines, the parental contribution shall be 12.5 percent of adjusted gross
151.30 income.

151.31 If the child lives with the parent, the annual ~~adjusted gross income~~ parental
151.32 contribution is reduced by ~~\$2,400 prior to calculating the parental contribution~~ \$100
151.33 per month. If the child resides in an institution specified in section 256B.35, the parent
151.34 is responsible for the personal needs allowance specified under that section in addition
151.35 to the parental contribution determined under this section. The parental contribution is

152.1 reduced by any amount required to be paid directly to the child pursuant to a court order,
152.2 but only if actually paid.

152.3 (c) The household size to be used in determining the amount of contribution under
152.4 paragraph (b) includes natural and adoptive parents and their dependents, including the
152.5 child receiving services. Adjustments in the contribution amount due to annual changes
152.6 in the federal poverty guidelines shall be implemented on the first day of July following
152.7 publication of the changes.

152.8 (d) For purposes of paragraph (b), "income" means the adjusted gross income of the
152.9 natural or adoptive parents determined according to the previous year's federal tax form,
152.10 except, effective retroactive to July 1, 2003, taxable capital gains to the extent the funds
152.11 have been used to purchase a home shall not be counted as income.

152.12 (e) The contribution shall be explained in writing to the parents at the time eligibility
152.13 for services is being determined. The contribution shall be made on a monthly basis
152.14 effective with the first month in which the child receives services. Annually upon
152.15 redetermination or at termination of eligibility, if the contribution exceeded the cost of
152.16 services provided, the local agency or the state shall reimburse that excess amount to
152.17 the parents, either by direct reimbursement if the parent is no longer required to pay
152.18 a contribution, or by a reduction in or waiver of parental fees until the excess amount
152.19 is exhausted.

152.20 (f) The monthly contribution amount must be reviewed at least every 12 months;
152.21 when there is a change in household size; and when there is a loss of or gain in income
152.22 from one month to another in excess of ten percent. The local agency shall mail a written
152.23 notice 30 days in advance of the effective date of a change in the contribution amount.
152.24 A decrease in the contribution amount is effective in the month that the parent verifies a
152.25 reduction in income or change in household size.

152.26 (g) Parents of a minor child who do not live with each other shall each pay the
152.27 contribution required under paragraph (a). An amount equal to the annual court-ordered
152.28 child support payment actually paid on behalf of the child receiving services shall be
152.29 deducted from the adjusted gross income of the parent making the payment prior to
152.30 calculating the parental contribution under paragraph (b).

152.31 (h) The contribution under paragraph (b) shall be increased by an additional five
152.32 percent if the local agency determines that insurance coverage is available but not
152.33 obtained for the child. For purposes of this section, "available" means the insurance is a
152.34 benefit of employment for a family member at an annual cost of no more than five percent
152.35 of the family's annual income. For purposes of this section, "insurance" means health

153.1 and accident insurance coverage, enrollment in a nonprofit health service plan, health
153.2 maintenance organization, self-insured plan, or preferred provider organization.

153.3 Parents who have more than one child receiving services shall not be required
153.4 to pay more than the amount for the child with the highest expenditures. There shall
153.5 be no resource contribution from the parents. The parent shall not be required to pay
153.6 a contribution in excess of the cost of the services provided to the child, not counting
153.7 payments made to school districts for education-related services. Notice of an increase in
153.8 fee payment must be given at least 30 days before the increased fee is due.

153.9 (i) The contribution under paragraph (b) shall be reduced by \$300 per fiscal year if,
153.10 in the 12 months prior to July 1:

153.11 (1) the parent applied for insurance for the child;

153.12 (2) the insurer denied insurance;

153.13 (3) the parents submitted a complaint or appeal, in writing to the insurer, submitted
153.14 a complaint or appeal, in writing, to the commissioner of health or the commissioner of
153.15 commerce, or litigated the complaint or appeal; and

153.16 (4) as a result of the dispute, the insurer reversed its decision and granted insurance.

153.17 For purposes of this section, "insurance" has the meaning given in paragraph (h).

153.18 A parent who has requested a reduction in the contribution amount under this
153.19 paragraph shall submit proof in the form and manner prescribed by the commissioner or
153.20 county agency, including, but not limited to, the insurer's denial of insurance, the written
153.21 letter or complaint of the parents, court documents, and the written response of the insurer
153.22 approving insurance. The determinations of the commissioner or county agency under this
153.23 paragraph are not rules subject to chapter 14.

153.24 Sec. 3. Minnesota Statutes 2006, section 252.32, subdivision 3, is amended to read:

153.25 Subd. 3. **Amount of support grant; use.** Support grant amounts shall be
153.26 determined by the county social service agency. Services and items purchased with a
153.27 support grant must:

153.28 (1) be over and above the normal costs of caring for the dependent if the dependent
153.29 did not have a disability;

153.30 (2) be directly attributable to the dependent's disabling condition; and

153.31 (3) enable the family to delay or prevent the out-of-home placement of the dependent.

153.32 The design and delivery of services and items purchased under this section must
153.33 ~~suit the dependent's chronological age and~~ be provided in the least restrictive environment
153.34 possible, consistent with the needs identified in the individual service plan.

154.1 Items and services purchased with support grants must be those for which there
154.2 are no other public or private funds available to the family. Fees assessed to parents
154.3 for health or human services that are funded by federal, state, or county dollars are not
154.4 reimbursable through this program.

154.5 In approving or denying applications, the county shall consider the following factors:

- 154.6 (1) the extent and areas of the functional limitations of the disabled child;
154.7 (2) the degree of need in the home environment for additional support; and
154.8 (3) the potential effectiveness of the grant to maintain and support the person in
154.9 the family environment.

154.10 The maximum monthly grant amount shall be \$250 per eligible dependent, or
154.11 \$3,000 per eligible dependent per state fiscal year, within the limits of available funds and
154.12 as adjusted by any legislatively authorized cost of living adjustment. The county social
154.13 service agency may consider the dependent's supplemental security income in determining
154.14 the amount of the support grant.

154.15 Any adjustments to their monthly grant amount must be based on the needs of the
154.16 family and funding availability.

154.17 Sec. 4. Minnesota Statutes 2006, section 252.46, is amended by adding a subdivision
154.18 to read:

154.19 Subd. 22. **Provider rate increase; St. Louis County.** A day training and
154.20 habilitation provider in St. Louis County licensed to provide services to up to 80
154.21 individuals shall receive a per diem rate increase that does not exceed 95 percent of the
154.22 greater of 125 percent of the current statewide median or 125 percent of the regional
154.23 average per diem rate, whichever is higher.

154.24 Sec. 5. Minnesota Statutes 2006, section 256.01, is amended by adding a subdivision
154.25 to read:

154.26 Subd. 24. **Disability linkage line.** The commissioner shall establish the disability
154.27 linkage line, a statewide consumer information, referral, and assistance system for people
154.28 with disabilities and chronic illnesses that:

154.29 (1) provides information about state and federal eligibility requirements, benefits,
154.30 and service options;

154.31 (2) makes referrals to appropriate support entities;

154.32 (3) delivers information and assistance based on national and state standards;

154.33 (4) assists people to make well-informed decisions; and

154.34 (5) supports the timely resolution of service access and benefit issues.

155.1 Sec. 6. Minnesota Statutes 2006, section 256.476, subdivision 1, is amended to read:

155.2 Subdivision 1. **Purpose and goals.** The commissioner of human services shall
155.3 establish a consumer support grant program for individuals with functional limitations and
155.4 their families who wish to purchase and secure their own supports. ~~The commissioner and~~
155.5 ~~local agencies shall jointly develop an implementation plan which must include a way to~~
155.6 ~~resolve the issues related to county liability.~~ The program shall:

155.7 (1) make support grants available to individuals or families as an effective alternative
155.8 to the ~~developmental disability~~ family support program, personal care attendant services,
155.9 home health aide services, and private duty nursing services;

155.10 (2) provide consumers more control, flexibility, and responsibility over their services
155.11 and supports;

155.12 (3) promote local program management and decision making; and

155.13 (4) encourage the use of informal and typical community supports.

155.14 Sec. 7. Minnesota Statutes 2006, section 256.476, subdivision 2, is amended to read:

155.15 Subd. 2. **Definitions.** For purposes of this section, the following terms have the

157.14 eligibility criteria are met.

157.15 (e) The commissioner shall establish a budgeted appropriation each fiscal year
157.16 for the consumer support grant program. The number of individuals participating in
157.17 the program will be adjusted so the total amount allocated to counties does not exceed
157.18 the amount of the budgeted appropriation. The budgeted appropriation will be adjusted
157.19 annually to accommodate changes in demand for the consumer support grants.

157.20 Sec. 9. Minnesota Statutes 2006, section 256.476, subdivision 4, is amended to read:

157.21 Subd. 4. **Support grants; criteria and limitations.** (a) A county board may

157.24 other entity to provide access to residents of the nonparticipating county who choose
157.25 the consumer support grant option. The commissioner shall notify the county board

157.27 a contract with another county or other entity at least 30 days in advance of entering
157.28 into the contract. The local agency shall establish written procedures and criteria to
157.29 determine the amount and use of support grants. These procedures must include, at least,
157.30 the availability of respite care, assistance with daily living, and adaptive aids. The local

158.2 or other authorized representative will be provided through a monthly subsidy payment
158.3 and be in the form of cash, voucher, or direct county payment to vendor. Support grant
158.4 amounts must be determined by the local agency. Each service and item purchased with a
158.5 support grant must meet all of the following criteria:

158.6 (1) it must be over and above the normal cost of caring for the person if the person
158.7 did not have functional limitations;

158.18 (d) In approving or denying applications, the local agency shall consider the
158.19 following factors:

158.20 (1) the extent and areas of the person's functional limitations;

158.21 (2) the degree of need in the home environment for additional support; and

158.22 (3) the potential effectiveness of the grant to maintain and support the person in the
158.23 family environment or the person's own home.

158.24 (e) At the time of application to the program or screening for other services,
158.25 the person ~~or the person's family~~, a person's legal representative, or other authorized
158.26 representative shall be provided sufficient information to ensure an informed choice
158.27 of alternatives by the person, the person's legal representative, or other authorized
158.28 representative, if any, ~~or the person's family~~. The application shall be made to the local
158.29 agency and shall specify the needs of the person and family, the form and amount of

158.32 (f) Upon approval of an application by the local agency and agreement on a support
158.33 plan for the person or person's family, the local agency shall make grants to the person or

159.5 (h) The state of Minnesota, the county boards participating in the consumer
159.6 support grant program, or the agencies acting on behalf of the county boards in the
159.7 implementation and administration of the consumer support grant program shall not be
159.8 liable for damages, injuries, or liabilities sustained through the purchase of support by
159.9 the individual, the individual's family, or the authorized representative under this section
159.10 with funds received through the consumer support grant program. Liabilities include but
159.11 are not limited to: workers' compensation liability, the Federal Insurance Contributions
159.12 Act (FICA), or the Federal Unemployment Tax Act (FUTA). For purposes of this section,
159.13 participating county boards and agencies acting on behalf of county boards are exempt
159.14 from the provisions of section 268.04.

159.15 Sec. 10. Minnesota Statutes 2006, section 256.476, subdivision 5, is amended to read:

159.20 commissioner between the ~~developmental-disability~~ family support program account, the

159.22 county's participation in transferring persons to the consumer support grant program
159.23 from those programs and services.

159.24 (b) At the beginning of each fiscal year, county allocations for consumer support

159.31 be adjusted periodically by the commissioner based on the actual transfer of persons or
159.32 service openings, and the nonfederal dollars associated with those persons or service
159.33 openings, to the consumer support grant program.

160.1 (c) The amount of funds transferred by the commissioner from the medical
160.2 assistance account for an individual may be changed if it is determined by the county or its
160.3 agent that the individual's need for support has changed.

160.4 (d) The authority to utilize funds transferred to the consumer support grant account
160.5 for the purposes of implementing and administering the consumer support grant program
160.6 will not be limited or constrained by the spending authority provided to the program
160.7 of origination.

160.8 (e) The commissioner may use up to five percent of each county's allocation, as
160.9 adjusted, for payments for administrative expenses, to be paid as a proportionate addition
160.10 to reported direct service expenditures.

160.11 (f) The county allocation for each individual or individual's family cannot exceed
160.12 the amount allowed under subdivision 11.

160.13 (g) The commissioner may recover, suspend, or withhold payments if the county
160.14 board, local agency, or grantee does not comply with the requirements of this section.

160.15 (h) Grant funds unexpended by consumers shall return to the state once a year. The
160.16 annual return of unexpended grant funds shall occur in the quarter following the end of
160.17 the state fiscal year.

179.2 read:

179.3 Subd. 6. **Payment for long-term care consultation services.** (a) The total payment
179.4 for each county must be paid monthly by certified nursing facilities in the county. The
179.5 monthly amount to be paid by each nursing facility for each fiscal year must be determined

179.10 rate of the two facilities located nearest to the county seat.

179.17 amount in paragraph (a). The effective date of an adjustment made under this paragraph
179.18 shall be on or after the first day of the month following the effective date of the layaway,
179.19 delicensure and decertification, or removal from layaway.

179.20 (d) Payments for long-term care consultation services are available to the county
179.21 or counties to cover staff salaries and expenses to provide the services described in

179.23 the limits of available funding, sufficient personnel to provide long-term care consultation
179.24 services while meeting the state's long-term care outcomes and objectives as defined in
179.25 section 256B.0917, subdivision 1. The county shall be accountable for meeting local
179.26 objectives as approved by the commissioner in the biennial home and community-based
179.27 services quality assurance plan on a form provided by the commissioner.

179.28 (e) Notwithstanding section 256B.0641, overpayments attributable to payment of the
179.29 screening costs under the medical assistance program may not be recovered from a facility.

179.30 (f) The commissioner of human services shall amend the Minnesota medical
179.31 assistance plan to include reimbursement for the local consultation teams.

180.4 consultation amount as described in subdivision 6 is more than two months delinquent in
180.5 the timely payment of the monthly installment, the commissioner may withhold payments,
180.6 penalties, and interest in accordance with the methods outlined in section 256.9657,
180.7 subdivision 7a. Any amount withheld under this provision must be returned to the county
180.8 to whom the delinquent payments were due.

180.9 Sec. 34. Minnesota Statutes 2006, section 256B.0911, subdivision 7, is amended to
180.10 read:

180.11 Subd. 7. **Reimbursement for certified nursing facilities.** (a) Medical assistance
180.12 reimbursement for nursing facilities shall be authorized for a medical assistance recipient

180.18 1987 completed unless an admission for a recipient with mental illness is approved by the
180.19 local mental health authority or an admission for a recipient with developmental disability
180.20 is approved by the state developmental disability authority.

180.21 (b) The nursing facility must not bill a person who is not a medical assistance
180.22 recipient for resident days that preceded the date of completion of screening activities as
180.23 required under subdivisions 4a, 4b, and 4c. The nursing facility must include unreimbursed
180.24 resident days in the nursing facility resident day totals reported to the commissioner.

180.25 ~~(c) The commissioner shall make a request to the Centers for Medicare and Medicaid~~
180.26 ~~Services for a waiver allowing team approval of Medicaid payments for certified nursing~~
180.27 ~~facility care. An individual has a choice and makes the final decision between nursing~~
180.28 ~~facility placement and community placement after the screening team's recommendation,~~
180.29 ~~except as provided in subdivision 4a, paragraph (c).~~

180.30 Sec. 35. Minnesota Statutes 2006, section 256B.0913, subdivision 4, is amended to

181.13 this person does not exceed 75 percent of the monthly limit described under section
181.14 256B.0915, subdivision 3a. This monthly limit does not prohibit the alternative care client
181.15 from payment for additional services, but in no case may the cost of additional services
181.16 purchased under this section exceed the difference between the client's monthly service
181.17 limit defined under section 256B.0915, subdivision 3, and the alternative care program
181.18 monthly service limit defined in this paragraph. If ~~medical~~ care-related supplies and
181.19 equipment or environmental modifications and adaptations are or will be purchased for
181.20 an alternative care services recipient, the costs may be prorated on a monthly basis for
181.21 up to 12 consecutive months beginning with the month of purchase. If the monthly cost
181.22 of a recipient's other alternative care services exceeds the monthly limit established in
181.23 this paragraph, the annual cost of the alternative care services shall be determined. In this
181.24 event, the annual cost of alternative care services shall not exceed 12 times the monthly
181.25 limit described in this paragraph; and

181.26 (7) the person is making timely payments of the assessed monthly fee.

181.27 A person is ineligible if payment of the fee is over 60 days past due, unless the person
181.28 agrees to:

181.29 (i) the appointment of a representative payee;

181.30 (ii) automatic payment from a financial account;

181.31 (iii) the establishment of greater family involvement in the financial management of
181.32 payments; or

181.33 (iv) another method acceptable to the ~~county~~ lead agency to ensure prompt fee
181.34 payments.

181.35 The ~~county shall~~ lead agency may extend the client's eligibility as necessary while
181.36 making arrangements to facilitate payment of past-due amounts and future premium

182.1 payments. Following disenrollment due to nonpayment of a monthly fee, eligibility shall
182.2 not be reinstated for a period of 30 days.

182.3 (b) Alternative care funding under this subdivision is not available for a person
182.4 who is a medical assistance recipient or who would be eligible for medical assistance
182.5 without a spenddown or waiver obligation. A person whose initial application for medical
182.6 assistance and the elderly waiver program is being processed may be served under the
182.7 alternative care program for a period up to 60 days. If the individual is found to be eligible
182.8 for medical assistance, medical assistance must be billed for services payable under the
182.9 federally approved elderly waiver plan and delivered from the date the individual was
182.10 found eligible for the federally approved elderly waiver plan. Notwithstanding this
182.11 provision, alternative care funds may not be used to pay for any service the cost of which:
182.12 (i) is payable by medical assistance; (ii) is used by a recipient to meet a waiver obligation;
182.13 or (iii) is used to pay a medical assistance income spenddown for a person who is eligible
182.14 to participate in the federally approved elderly waiver program under the special income
182.15 standard provision.

182.16 (c) Alternative care funding is not available for a person who resides in a licensed
182.17 nursing home, certified boarding care home, hospital, or intermediate care facility, except
182.18 for case management services which are provided in support of the discharge planning
182.19 process for a nursing home resident or certified boarding care home resident to assist with
182.20 a relocation process to a community-based setting.

182.21 (d) Alternative care funding is not available for a person whose income is greater
182.22 than the maintenance needs allowance under section 256B.0915, subdivision 1d, but equal
182.23 to or less than 120 percent of the federal poverty guideline effective July 1 in the fiscal
182.24 year for which alternative care eligibility is determined, who would be eligible for the
182.25 elderly waiver with a waiver obligation.

182.26 Sec. 36. Minnesota Statutes 2006, section 256B.0913, subdivision 5, is amended to
182.27 read:

182.28 Subd. 5. **Services covered under alternative care.** Alternative care funding may
182.29 be used for payment of costs of:

- 182.30 (1) adult day care;
- 182.31 (2) home health aide;
- 182.32 (3) homemaker services;
- 182.33 (4) personal care;

184.1 Sec. 37. Minnesota Statutes 2006, section 256B.0913, subdivision 5a, is amended to
184.2 read:

184.3 Subd. 5a. **Services; service definitions; service standards.** (a) Unless specified in
184.4 statute, the services, service definitions, and standards for alternative care services shall
184.5 be the same as the services, service definitions, and standards specified in the federally
184.6 approved elderly waiver plan, except for alternative care does not cover transitional
184.7 support services, assisted living services, adult foster care services, and residential care
184.8 services and benefits defined under section 256B.0625 that meet primary and acute
184.9 health care needs.

184.10 (b) The county lead agency must ensure that the funds are not used to supplant
184.11 or supplement services available through other public assistance or services programs;
184.12 including supplementation of client co-pays, deductibles, premiums, or other cost-sharing
184.13 arrangements for health-related benefits and services or entitlement programs and services
184.14 that are available to the person, but in which they have elected not to enroll. For a provider
184.15 of supplies and equipment when the monthly cost of the supplies and equipment is less
184.16 than \$250, persons or agencies must be employed by or under a contract with the county
184.17 lead agency or the public health nursing agency of the local board of health in order to
184.18 receive funding under the alternative care program. Supplies and equipment may be
184.19 purchased from a vendor not certified to participate in the Medicaid program if the cost for
184.20 the item is less than that of a Medicaid vendor.

184.21 (c) Personal care services must meet the service standards defined in the federally
184.22 approved elderly waiver plan, except that a county lead agency may contract with a
184.23 client's relative who meets the relative hardship waiver requirements or a relative who
184.24 meets the criteria and is also the responsible party under an individual service plan that
184.25 ensures the client's health and safety and supervision of the personal care services by a
184.26 qualified professional as defined in section 256B.0625, subdivision 19c. Relative hardship
184.27 is established by the county lead agency when the client's care causes a relative caregiver
184.28 to do any of the following: resign from a paying job, reduce work hours resulting in lost
184.29 wages, obtain a leave of absence resulting in lost wages, incur substantial client-related
184.30 expenses, provide services to address authorized, unstaffed direct care time, or meet
184.31 special needs of the client unmet in the formal service plan.

184.32 Sec. 38. Minnesota Statutes 2006, section 256B.0913, subdivision 8, is amended to
184.33 read:

184.34 Subd. 8. **Requirements for individual care plan.** (a) The case manager shall
184.35 implement the plan of care for each alternative care client and ensure that a client's

185.1 service needs and eligibility are reassessed at least every 12 months. The plan shall
185.2 include any services prescribed by the individual's attending physician as necessary to
185.3 allow the individual to remain in a community setting. In developing the individual's care
185.4 plan, the case manager should include the use of volunteers from families and neighbors,
185.5 religious organizations, social clubs, and civic and service organizations to support the
185.6 formal home care services. The ~~county~~ lead agency shall be held harmless for damages or
185.7 injuries sustained through the use of volunteers under this subdivision including workers'
185.8 compensation liability. The ~~county of service~~ case manager shall provide documentation
185.9 in each individual's plan of care and, if requested, to the commissioner that the most
185.10 cost-effective alternatives available have been offered to the individual and that the
185.11 individual was free to choose among available qualified providers, both public and private,
185.12 including qualified case management or service coordination providers other than those
185.13 employed by any county; however, the county or tribe maintains responsibility for prior
185.14 authorizing services in accordance with statutory and administrative requirements. The
185.15 case manager must give the individual a ten-day written notice of any denial, termination,
185.16 or reduction of alternative care services.

185.17 (b) The county of service or tribe must provide access to and arrange for case
185.18 management services, including assuring implementation of the plan. "County of service"
185.19 has the meaning given it in Minnesota Rules, part 9505.0015, subpart 11. The county of
185.20 service must notify the county of financial responsibility of the approved care plan and
185.21 the amount of encumbered funds.

185.22 Sec. 39. Minnesota Statutes 2006, section 256B.0913, subdivision 9, is amended to
185.23 read:

185.24 Subd. 9. **Contracting provisions for providers.** Alternative care funds paid to
185.25 service providers are subject to audit by the commissioner for fiscal and utilization control.

185.26 The lead agency must select providers for contracts or agreements using the
185.27 following criteria and other criteria established by the ~~county~~ lead agency:

185.28 (1) the need for the particular services offered by the provider;

185.29 (2) the population to be served, including the number of clients, the length of time
185.30 services will be provided, and the medical condition of clients;

185.31 (3) the geographic area to be served;

185.32 (4) quality assurance methods, including appropriate licensure, certification, or
185.33 standards, and supervision of employees when needed;

185.34 (5) rates for each service and unit of service exclusive of ~~county~~ lead agency
185.35 administrative costs;

(6) evaluation of services previously delivered by the provider; and
(7) contract or agreement conditions, including billing requirements, cancellation, and indemnification.

The ~~county~~ lead agency must evaluate its own agency services under the criteria established for other providers.

Sec. 40. Minnesota Statutes 2006, section 256B.0913, subdivision 10, is amended to read:

Subd. 10. **Allocation formula.** (a) ~~The alternative care appropriation for fiscal years 1992 and beyond shall cover only alternative care eligible clients.~~ By July 1 of each year, the commissioner shall allocate to county agencies the state funds available for alternative care for persons eligible under subdivision 2.

(b) The adjusted base for each ~~county~~ lead agency is the ~~county's~~ lead agency's current fiscal year base allocation plus any targeted funds approved during the current fiscal year. Calculations for paragraphs (c) and (d) are to be made as follows: for each ~~county~~ lead agency, the determination of alternative care program expenditures shall be based on payments for services rendered from April 1 through March 31 in the base year, to the extent that claims have been submitted and paid by June 1 of that year.

(c) If the alternative care program expenditures as defined in paragraph (b) are 95 percent or more of the ~~county's~~ lead agency's adjusted base allocation, the allocation for the next fiscal year is 100 percent of the adjusted base, plus inflation to the extent that inflation is included in the state budget.

(d) If the alternative care program expenditures as defined in paragraph (b) are less than 95 percent of the ~~county's~~ lead agency's adjusted base allocation, the allocation for the next fiscal year is the adjusted base allocation less the amount of unspent funds below the 95 percent level.

(e) If the annual legislative appropriation for the alternative care program is inadequate to fund the combined ~~county~~ lead agency allocations for a biennium, the commissioner shall distribute to each ~~county~~ lead agency the entire annual appropriation as that ~~county's~~ lead agency's percentage of the computed base as calculated in paragraphs (c) and (d).

(f) On agreement between the commissioner and the lead agency, the commissioner may have discretion to reallocate alternative care base allocations distributed to lead agencies in which the base amount exceeds program expenditures.

Sec. 41. Minnesota Statutes 2006, section 256B.0913, subdivision 11, is amended to read:

Subd. 11. **Targeted funding.** (a) The purpose of targeted funding is to make additional money available to ~~counties~~ lead agencies with the greatest need. Targeted funds are not intended to be distributed equitably among all ~~counties~~ lead agencies, but rather, allocated to those with long-term care strategies that meet state goals.

(b) The funds available for targeted funding shall be the total appropriation for each fiscal year minus ~~county~~ lead agency allocations determined under subdivision 10 as adjusted for any inflation increases provided in appropriations for the biennium.

(c) The commissioner shall allocate targeted funds to ~~counties~~ lead agencies that demonstrate to the satisfaction of the commissioner that they have developed feasible plans to increase alternative care spending. In making targeted funding allocations, the commissioner shall use the following priorities:

(1) ~~counties~~ lead agencies that received a lower allocation in fiscal year 1991 than in fiscal year 1990. Counties remain in this priority until they have been restored to their fiscal year 1990 level plus inflation;

(2) ~~counties~~ lead agencies that sustain a base allocation reduction for failure to spend 95 percent of the allocation if they demonstrate that the base reduction should be restored;

(3) ~~counties~~ lead agencies that propose projects to divert community residents from nursing home placement or convert nursing home residents to community living; and

(4) ~~counties~~ lead agencies that can otherwise justify program growth by demonstrating the existence of waiting lists, demographically justified needs, or other unmet needs.

(d) ~~Counties~~ Lead agencies that would receive targeted funds according to paragraph (c) must demonstrate to the commissioner's satisfaction that the funds would be appropriately spent by showing how the funds would be used to further the state's alternative care goals as described in subdivision 1, and that the county has the administrative and service delivery capability to use them.

(e) The commissioner shall ~~request applications~~ make applications available for targeted funds by November 1 of each year. The ~~counties~~ lead agencies selected for targeted funds shall be notified of the amount of their additional funding. Targeted funds allocated to a ~~county~~ lead agency in one year shall be treated as part of the ~~county's~~ lead agency's base allocation for that year in determining allocations for subsequent years. No reallocations between ~~counties~~ lead agencies shall be made.

188.1 Sec. 42. Minnesota Statutes 2006, section 256B.0913, subdivision 12, is amended to
188.2 read:

188.3 Subd. 12. **Client fees.** (a) A fee is required for all alternative care eligible clients
188.4 to help pay for the cost of participating in the program. The amount of the fee for the
188.5 alternative care client shall be determined as follows:

188.6 (1) when the alternative care client's income less recurring and predictable medical
188.7 expenses is less than 100 percent of the federal poverty guideline effective on July 1 of
188.8 the state fiscal year in which the fee is being computed, and total assets are less than
188.9 \$10,000, the fee is zero;

188.10 (2) when the alternative care client's income less recurring and predictable medical
188.11 expenses is equal to or greater than 100 percent but less than 150 percent of the federal
188.12 poverty guideline effective on July 1 of the state fiscal year in which the fee is being
188.13 computed, and total assets are less than \$10,000, the fee is five percent of the cost of
188.14 alternative care services;

188.15 (3) when the alternative care client's income less recurring and predictable medical
188.16 expenses is equal to or greater than 150 percent but less than 200 percent of the federal
188.17 poverty guidelines effective on July 1 of the state fiscal year in which the fee is being
188.18 computed and assets are less than \$10,000, the fee is 15 percent of the cost of alternative
188.19 care services;

188.20 (4) when the alternative care client's income less recurring and predictable medical
188.21 expenses is equal to or greater than 200 percent of the federal poverty guidelines effective
188.22 on July 1 of the state fiscal year in which the fee is being computed and assets are less than
188.23 \$10,000, the fee is 30 percent of the cost of alternative care services; and

188.24 (5) when the alternative care client's assets are equal to or greater than \$10,000, the
188.25 fee is 30 percent of the cost of alternative care services.

188.26 For married persons, total assets are defined as the total marital assets less the
188.27 estimated community spouse asset allowance, under section 256B.059, if applicable. For
188.28 married persons, total income is defined as the client's income less the monthly spousal
188.29 allotment, under section 256B.058.

188.30 All alternative care services shall be included in the estimated costs for the purpose
188.31 of determining the fee.

188.32 Fees are due and payable each month alternative care services are received unless the
188.33 actual cost of the services is less than the fee, in which case the fee is the lesser amount.

188.34 (b) The fee shall be waived by the commissioner when:

188.35 (1) a person ~~who is residing in a nursing facility is receiving case management only;~~

189.1 (2) a married couple is requesting an asset assessment under the spousal
189.2 impoverishment provisions;

189.3 (3) a person is found eligible for alternative care, but is not yet receiving alternative
189.4 care services including case management services; or

189.5 (4) a person has chosen to participate in a consumer-directed service plan for which
189.6 the cost is no greater than the total cost of the person's alternative care service plan less
189.7 the monthly fee amount that would otherwise be assessed.

189.8 (c) ~~The county agency must record in the state's receivable system the client's~~
189.9 ~~assessed fee amount or the reason the fee has been waived. The commissioner will bill~~
189.10 ~~and collect the fee from the client. Money collected must be deposited in the general fund~~
189.11 ~~and is appropriated to the commissioner for the alternative care program. The client must~~
189.12 ~~supply the county lead agency with the client's Social Security number at the time of~~
189.13 ~~application. The county lead agency shall supply the commissioner with the client's Social~~
189.14 ~~Security number and other information the commissioner requires to collect the fee from~~
189.15 ~~the client. The commissioner shall collect unpaid fees using the Revenue Recapture Act in~~
189.16 ~~chapter 270A and other methods available to the commissioner. The commissioner may~~
189.17 ~~require counties lead agencies to inform clients of the collection procedures that may be~~
189.18 ~~used by the state if a fee is not paid. This paragraph does not apply to alternative care~~
189.19 ~~pilot projects authorized in Laws 1993, First Special Session chapter 1, article 5, section~~
189.20 ~~133, if a county operating under the pilot project reports the following dollar amounts~~
189.21 ~~to the commissioner quarterly:~~

189.22 (1) total fees billed to clients;

189.23 (2) total collections of fees billed; and

189.24 (3) balance of fees owed by clients.

189.25 If a county lead agency does not adhere to these reporting requirements, the commissioner
189.26 may terminate the billing, collecting, and remitting portions of the pilot project and require
189.27 the county lead agency involved to operate under the procedures set forth in this paragraph.

189.28 Sec. 43. Minnesota Statutes 2006, section 256B.0913, subdivision 13, is amended to
189.29 read:

189.30 Subd. 13. **County Lead agency biennial plan.** The county lead agency biennial
189.31 plan for long-term care consultation services under section 256B.0911, the alternative
189.32 care program under this section, and waivers for the elderly under section 256B.0915,
189.33 shall be submitted by the lead agency as the home and community-based services quality
189.34 assurance plan on a form provided by the commissioner.

Sec. 44. Minnesota Statutes 2006, section 256B.0913, subdivision 14, is amended to read:

Subd. 14. **Provider requirements, payment, and rate adjustments.** (a) Unless otherwise specified in statute, providers must be enrolled as Minnesota health care program providers and abide by the requirements for provider participation according to Minnesota Rules, part 9505.0195.

(b) Payment for provided alternative care services as approved by the client's case manager shall occur through the invoice processing procedures of the department's Medicaid Management Information System (MMIS). To receive payment, the county lead agency or vendor must submit invoices within 12 months following the date of service. The county lead agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.

(c) The county lead agency shall negotiate individual rates with vendors and may authorize service payment for actual costs up to the county's current approved rate. Notwithstanding any other rule or statutory provision to the contrary, the commissioner shall not be authorized to increase rates by an annual inflation factor, unless so authorized by the legislature. To improve access to community services and eliminate payment disparities between the alternative care program and the elderly waiver program, the commissioner shall establish statewide maximum service rate limits and eliminate county-specific service rate limits.

(1) Effective July 1, 2001, for service rate limits, except those in subdivision 5, paragraphs (d) and (i), the rate limit for each service shall be the greater of the alternative care statewide maximum rate or the elderly waiver statewide maximum rate.

(2) Counties Lead agencies may negotiate individual service rates with vendors for actual costs up to the statewide maximum service rate limit.

Sec. 45. Minnesota Statutes 2006, section 256B.0915, is amended to read:

256B.0915 MEDICAID WAIVER FOR ELDERLY SERVICES.

Subdivision 1. **Authority.** The commissioner is authorized to apply for a home and community-based services waiver for the elderly, authorized under section 1915(c) of the Social Security Act, in order to obtain federal financial participation to expand the availability of services for persons who are eligible for medical assistance. The commissioner may apply for additional waivers or pursue other federal financial participation which is advantageous to the state for funding home care services for the frail elderly who are eligible for medical assistance. The provision of waived services

191.1 to elderly and disabled medical assistance recipients must comply with the criteria for
191.2 service definitions and provider standards approved in the waiver.

191.3 Subd. 1a. **Elderly waiver case management services.** (a) Elderly case management
191.4 services under the home and community-based services waiver for elderly individuals are
191.5 available from providers meeting qualification requirements and the standards specified
191.6 in subdivision 1b. Eligible recipients may choose any qualified provider of elderly case
191.7 management services.

191.8 Case management services assist individuals who receive waiver services in gaining
191.9 access to needed waiver and other state plan services, as well as needed medical, social,
191.10 educational, and other services regardless of the funding source for the services to which
191.11 access is gained.

191.12 A case aide shall provide assistance to the case manager in carrying out
191.13 administrative activities of the case management function. The case aide may not assume
191.14 responsibilities that require professional judgment including assessments, reassessments,
191.15 and care plan development. The case manager is responsible for providing oversight of
191.16 the case aide.

191.17 Case managers shall be responsible for ongoing monitoring of the provision of
191.18 services included in the individual's plan of care. Case managers shall initiate and oversee
191.19 the process of assessment and reassessment of the individual's care and review plan of
191.20 care at intervals specified in the federally approved waiver plan.

191.21 (b) The county of service or tribe must provide access to and arrange for case
191.22 management services. County of service has the meaning given it in Minnesota Rules,
191.23 part 9505.0015, subpart 11.

191.24 Subd. 1b. **Provider qualifications and standards.** The commissioner must
191.25 enroll qualified providers of elderly case management services under the home
191.26 and community-based waiver for the elderly under section 1915(c) of the Social
191.27 Security Act. The enrollment process shall ensure the provider's ability to meet the
191.28 qualification requirements and standards in this subdivision and other federal and state
191.29 requirements of this service. An elderly case management provider is an enrolled medical
191.30 assistance provider who is determined by the commissioner to have all of the following
191.31 characteristics:

191.32 (1) the demonstrated capacity and experience to provide the components of
191.33 case management to coordinate and link community resources needed by the eligible
191.34 population;

(2) administrative capacity and experience in serving the target population for whom it will provide services and in ensuring quality of services under state and federal requirements;

(3) a financial management system that provides accurate documentation of services and costs under state and federal requirements;

(4) the capacity to document and maintain individual case records under state and federal requirements; and

(5) the ~~county~~ lead agency may allow a case manager employed by the ~~county~~ lead agency to delegate certain aspects of the case management activity to another individual employed by the ~~county~~ lead agency provided there is oversight of the individual by the case manager. The case manager may not delegate those aspects which require professional judgment including assessments, reassessments, and care plan development. Lead agencies include counties, health plans, and federally recognized tribes who authorize services under this section.

~~Subd. 1c. Case management activities under the state plan. The commissioner shall seek an amendment to the home and community-based services waiver for the elderly to implement the provisions of subdivisions 1a and 1b. If the commissioner is unable to secure the approval of the secretary of health and human services for the requested waiver amendment by December 31, 1993, the commissioner shall amend the medical assistance state plan to provide that case management provided under the home and community-based services waiver for the elderly is performed by counties as an administrative function for the proper and effective administration of the state medical assistance plan. The state shall reimburse counties for the nonfederal share of costs for case management performed as an administrative function under the home and community-based services waiver for the elderly.~~

Subd. 1d. **Posteligibility treatment of income and resources for elderly waiver.** Notwithstanding the provisions of section 256B.056, the commissioner shall make the following amendment to the medical assistance elderly waiver program effective July 1, 1999, or upon federal approval, whichever is later.

~~except that the amendment shall seek to add to:~~

(3) an amount equivalent to the group residential housing rate as set by section 256I.03, subdivision 5, and according to the approved federal waiver and medical assistance state plan.

Subd. 3. **Limits of cases.** The number of medical assistance waiver recipients that a ~~county~~ lead agency may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

Subd. 3a. **Elderly waiver cost limits.** (a) The monthly limit for the cost of waived services to an individual elderly waiver client shall be the weighted average monthly nursing facility rate of the case mix resident class to which the elderly waiver client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, less the recipient's maintenance needs allowance as described in subdivision 1d, paragraph (a), until the first day of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented. Effective on the first day of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented and the first day of each subsequent state fiscal year, the monthly limit for the cost of waived services to an individual elderly waiver client shall be the rate of the case mix resident class to which the waiver client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, in effect on the last day of the previous state fiscal year, adjusted by the greater of any legislatively adopted home and community-based services percentage rate increase or the average statewide percentage increase in nursing facility payment rates.

(b) If extended medical supplies and equipment or environmental modifications are or will be purchased for an elderly waiver client, the costs may be prorated for up to 12 consecutive months beginning with the month of purchase. If the monthly cost of a recipient's waived services exceeds the monthly limit established in paragraph (a), the annual cost of all waived services shall be determined. In this event, the annual cost of all waived services shall not exceed 12 times the monthly limit of waived services as described in paragraph (a).

Subd. 3b. **Cost limits for elderly waiver applicants who reside in a nursing facility.** (a) For a person who is a nursing facility resident at the time of requesting a determination of eligibility for elderly waived services, a monthly conversion limit for the cost of elderly waived services may be requested. The monthly conversion limit for the cost of elderly waiver services shall be the resident class assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, for that resident in the nursing facility where the resident currently resides until July 1 of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented. Effective on July 1 of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented, the monthly conversion limit for the cost of elderly waiver services shall be the per diem nursing facility rate as determined by the resident assessment system as described in section 256B.437 for that resident in the nursing facility where the resident currently resides multiplied by 365 and divided by 12, less the recipient's maintenance needs allowance as described in subdivision 1d. The initially approved conversion rate may be adjusted by the greater of any subsequent legislatively adopted home and community-based services percentage rate increase or the average statewide percentage increase in nursing facility payment rates. The limit under this subdivision only applies to persons discharged from a nursing facility after a minimum 30-day stay and found eligible for waived services on or after July 1, 1997. For conversions from the nursing home to the elderly waiver with consumer directed community support services, the conversion rate limit is equal to the nursing facility rate reduced by a percentage equal to the percentage difference between the consumer directed services budget limit that would be assigned according to the federally approved waiver plan and the corresponding community case mix cap, but not to exceed 50 percent.

(b) The following costs must be included in determining the total monthly costs for the waiver client:

Subd. 3d. **Adult foster care rate.** The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. The adult foster care service rate shall be negotiated between the ~~county~~ lead agency and the foster care provider. The elderly waiver payment for the foster care service in combination with the payment for all other elderly waiver services, including case management, must not exceed the limit specified in subdivision 3a, paragraph (a).

The lead agency shall ensure that there is a documented need for all services authorized. Customized living services must not include rent or raw food costs. The negotiated payment rate must be based on services to be provided. Negotiated rates must not exceed payment rates for comparable elderly waiver or medical assistance services and must reflect economies of scale.

(b) The individualized monthly negotiated payment for ~~assisted living~~ customized living services ~~as described in section 256B.0913, subdivisions 5d to 5f, and residential care services as described in section 256B.0913, subdivision 5e,~~ shall not exceed the nonfederal share, in effect on July 1 of the state fiscal year for which the rate limit is being calculated, of the greater of either the statewide or any of the geographic groups' weighted average monthly nursing facility rate of the case mix resident class to which the elderly waiver eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, less the maintenance needs allowance as described in subdivision 1d, paragraph (a), until the July 1 of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented. 196.1 community-based services cost-of-living percentage increase or any legislatively adopted
196.2 statewide percent rate increase for nursing facilities.

196.3 (c) ~~The individualized monthly negotiated payment for assisted~~ Customized living
196.4 ~~services described in section 144A.4605 and~~ are delivered by a provider licensed by the
196.5 Department of Health as a class A or class F home care provider ~~or an assisted living~~
196.6 ~~home care provider~~ and provided in a building that is registered as a housing with services

196.18 shall be made from the medical assistance account through the invoice processing
196.19 procedures of the department's Medicaid Management Information System (MMIS),
196.20 only with the approval of the client's case manager. The budget for the state share of the
196.21 Medicaid expenditures shall be forecasted with the medical assistance budget, and shall
196.22 be consistent with the approved waiver.

196.23 Subd. 3g. **Service rate limits; state assumption of costs.** (a) To improve access
196.24 to community services and eliminate payment disparities between the alternative care
196.25 program and the elderly waiver, the commissioner shall establish statewide maximum
196.26 service rate limits and eliminate ~~county-specific~~ lead agency-specific service rate limits.

196.27 (b) Effective July 1, 2001, for service rate limits, except those described or defined in

196.36 recipient and specify the amount of each service to be provided. The lead agency shall

197.1 ensure that there is a documented need for all services authorized. The lead agency shall
197.2 not authorize 24-hour customized living services unless there is a documented need for

197.9 The lead agency shall ensure that the frequency and mode of supervision of the recipient
197.10 and the qualifications of staff providing supervision are described and meet the needs
197.11 of the recipient. Customized living services must not include rent or raw food costs.
197.12 The negotiated payment rate for 24-hour customized living services must be based on
197.13 services to be provided. Negotiated rates must not exceed payment rates for comparable
197.14 elderly waiver or medical assistance services and must reflect economies of scale. The
197.15 individually negotiated 24-hour customized living payments, in combination with the

197.23 client served under the elderly waiver must be conducted at least every 12 months and
197.24 at other times when the case manager determines that there has been significant change

197.26 from the hospital.

197.27 Subd. 6. **Implementation of care plan.** Each elderly waiver client shall be provided
197.28 a copy of a written care plan that meets the requirements outlined in section 256B.0913,

198.13 provisions of this section, or those in other state laws or rules, the commissioner may
198.14 develop a model for tribal management of the elderly waiver program and implement this
198.15 model through a contract between the state and any of the state's federally recognized tribal
198.16 governments. The model shall include the provision of tribal waiver case management,
198.17 assessment for personal care assistance, and administrative requirements otherwise carried

198.28 the programs must be in counties outside the seven-county metropolitan area. Nonprofit
198.29 organizations and units of local government are eligible to apply for grants to establish

202.32 Subd. 4. **Improvements for incident reporting, investigation, analysis, and**
202.33 **follow-up.** In consultation with the stakeholder group, the commissioner shall identify
202.34 the information, data sources, and technology needed to improve the system of incident
202.35 reporting, including:

203.1 (1) reports made under the Maltreatment of Minors and Vulnerable Adults Acts; and
203.2 (2) investigation, analysis, and follow-up for disability services.

203.3 The commissioner must ensure that the federal home and community-based waiver
203.4 requirements are met and that incidents that may have jeopardized safety; health; or
203.5 violated service-related assurances, civil and human rights, and other protections designed
203.6 to prevent abuse, neglect, and exploitation are reviewed, investigated, and acted upon
203.7 in a timely manner.

203.8 Subd. 5. **Biennial report.** The commissioner shall provide a biennial report to the
203.9 chairs of the legislative committees with jurisdiction over health and human services
203.10 policy and funding beginning January 15, 2009, on the development and activities of the
203.11 quality management, assurance, and improvement system designed to meet the federal
203.12 requirements under the home and community-based services waiver programs for persons
203.13 with disabilities. By January 15, 2008, the commissioner shall provide a preliminary
203.14 report on the priorities for meeting the federal requirements, progress on the annual
203.15 survey, recommendations for improvements in the incident reporting system, and a plan
203.16 for incorporating the quality assurance efforts under section 256B.095 and other regional
203.17 efforts into the statewide system.

203.18 Sec. 51. Minnesota Statutes 2006, section 256B.431, subdivision 1, is amended to read:

203.19 Subdivision 1. **In general.** The commissioner shall determine prospective
203.20 payment rates for resident care costs. For rates established on or after July 1, 1985, the
203.21 commissioner shall develop procedures for determining operating cost payment rates that
203.22 take into account the mix of resident needs, geographic location, and other factors as
203.23 determined by the commissioner. The commissioner shall consider whether the fact that a
203.24 facility is attached to a hospital or has an average length of stay of 180 days or less should
203.25 be taken into account in determining rates. The commissioner shall consider the use of the
203.26 standard metropolitan statistical areas when developing groups by geographic location.
203.27 The commissioner shall provide notice to each nursing facility on or before ~~May 1~~ August
203.28 15 of the rates effective for the following rate year except that if legislation is pending on
203.29 ~~May 1~~ August 15 that may affect rates for nursing facilities, the commissioner shall set the
203.30 rates after the legislation is enacted and provide notice to each facility as soon as possible.

203.31 Compensation for top management personnel shall continue to be categorized as a
203.32 general and administrative cost and is subject to any limits imposed on that cost category.

203.33 Sec. 52. Minnesota Statutes 2006, section 256B.431, subdivision 2e, is amended to
203.34 read:

204.1 Subd. 2e. **Contracts for services for ventilator-dependent persons.** (a)

204.2 The commissioner may negotiate with a nursing facility eligible to receive medical
204.3 assistance payments to provide services to a ventilator-dependent person identified by the
204.4 commissioner according to criteria developed by the commissioner, including:

204.5 (1) nursing facility care has been recommended for the person by a preadmission
204.6 screening team;

204.7 (2) the person has been hospitalized and no longer requires inpatient acute care
204.8 hospital services; and

204.9 (3) the commissioner has determined that necessary services for the person cannot
204.10 be provided under existing nursing facility rates.

204.11 The commissioner may negotiate an adjustment to the operating cost payment
204.12 rate for a nursing facility with a resident who is ventilator-dependent, for that resident.

204.13 The negotiated adjustment must reflect only the actual additional cost of meeting the
204.14 specialized care needs of a ventilator-dependent person identified by the commissioner
204.15 for whom necessary services cannot be provided under existing nursing facility rates and
204.16 which are not otherwise covered under Minnesota Rules, parts 9549.0010 to 9549.0080 or
204.17 9505.0170 to 9505.0475. For persons who are initially admitted to a nursing facility before
204.18 July 1, 2001, and have their payment rate under this subdivision negotiated after July 1,
204.19 2001, the negotiated payment rate must not exceed 200 percent of the highest multiple
204.20 bedroom payment rate for the facility, as initially established by the commissioner for the
204.21 rate year for case mix classification K; or, upon implementation of the RUG's-based case
204.22 mix system, 200 percent of the highest RUG's rate. For persons initially admitted to a
204.23 nursing facility on or after July 1, 2001, the negotiated payment rate must not exceed 300
204.24 percent of the facility's multiple bedroom payment rate for case mix classification K; or,
204.25 upon implementation of the RUG's-based case mix system, 300 percent of the highest
204.26 RUG's rate. The negotiated adjustment shall not affect the payment rate charged to private
204.27 paying residents under the provisions of section 256B.48, subdivision 1.

204.28 (b) Effective July 1, 2007, or upon opening a unit of at least ten beds dedicated to
204.29 care of ventilator-dependent persons in partnership with Mayo Health Systems, whichever
204.30 is later, the operating payment rates for residents determined eligible under paragraph (a)
204.31 of a nursing facility in Waseca County that on February 1, 2007, was licensed for 70 beds
204.32 and reimbursed under this section, section 256B.434, or section 256B.441, shall be 300
204.33 percent of the facility's highest RUG rate.

204.34 Sec. 53. Minnesota Statutes 2006, section 256B.431, subdivision 3f, is amended to
204.35 read:

Subd. 3f. **Property costs after July 1, 1988.** (a) **Investment per bed limit.** For the rate year beginning July 1, 1988, the replacement-cost-new per bed limit must be \$32,571 per licensed bed in multiple bedrooms and \$48,857 per licensed bed in a single bedroom. For the rate year beginning July 1, 1989, the replacement-cost-new per bed limit for a single bedroom must be \$49,907 adjusted according to Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1). Beginning January 1, 1990, the replacement-cost-new per bed limits must be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1). Beginning January 1, 1991, the replacement-cost-new per bed limits will be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1), except that the index utilized will be the Bureau of ~~the Census: Composite fixed-weighted price index as published in the C30 Report, Value of New Construction Put in Place~~ Economic Analysis: Price Indexes for Private Fixed Investments in Structures; Special Care.

(b) **Rental factor.** For the rate year beginning July 1, 1988, the commissioner shall increase the rental factor as established in Minnesota Rules, part 9549.0060, subpart 8, item A, by 6.2 percent rounded to the nearest 100th percent for the purpose of reimbursing nursing facilities for soft costs and entrepreneurial profits not included in the cost valuation services used by the state's contracted appraisers. For rate years beginning on or after July 1, 1989, the rental factor is the amount determined under this paragraph for the rate year beginning July 1, 1988.

(c) **Occupancy factor.** For rate years beginning on or after July 1, 1988, in order to determine property-related payment rates under Minnesota Rules, part 9549.0060, for all nursing facilities except those whose average length of stay in a skilled level of care within a nursing facility is 180 days or less, the commissioner shall use 95 percent of capacity days. For a nursing facility whose average length of stay in a skilled level of care within a nursing facility is 180 days or less, the commissioner shall use the greater of resident days or 80 percent of capacity days but in no event shall the divisor exceed 95 percent of capacity days.

(d) **Equipment allowance.** For rate years beginning on July 1, 1988, and July 1, 1989, the commissioner shall add ten cents per resident per day to each nursing facility's property-related payment rate. The ten-cent property-related payment rate increase is not cumulative from rate year to rate year. For the rate year beginning July 1, 1990, the commissioner shall increase each nursing facility's equipment allowance as established in Minnesota Rules, part 9549.0060, subpart 10, by ten cents per resident per day. For rate years beginning on or after July 1, 1991, the adjusted equipment allowance must be adjusted annually for inflation as in Minnesota Rules, part 9549.0060, subpart 10, item E.

206.1 For the rate period beginning October 1, 1992, the equipment allowance for each nursing
206.2 facility shall be increased by 28 percent. For rate years beginning after June 30, 1993, the
206.3 allowance must be adjusted annually for inflation.

206.4 **(e) Post chapter 199 related-organization debts and interest expense.** For rate
206.5 years beginning on or after July 1, 1990, Minnesota Rules, part 9549.0060, subpart 5, item
206.6 E, shall not apply to outstanding related organization debt incurred prior to May 23, 1983,
206.7 provided that the debt was an allowable debt under Minnesota Rules, parts 9510.0010
206.8 to 9510.0480, the debt is subject to repayment through annual principal payments, and
206.9 the nursing facility demonstrates to the commissioner's satisfaction that the interest rate
206.10 on the debt was less than market interest rates for similar arm's-length transactions at
206.11 the time the debt was incurred. If the debt was incurred due to a sale between family
206.12 members, the nursing facility must also demonstrate that the seller no longer participates
206.13 in the management or operation of the nursing facility. Debts meeting the conditions of
206.14 this paragraph are subject to all other provisions of Minnesota Rules, parts 9549.0010
206.15 to 9549.0080.

206.16 **(f) Building capital allowance for nursing facilities with operating leases.** For
206.17 rate years beginning on or after July 1, 1990, a nursing facility with operating lease costs
206.18 incurred for the nursing facility's buildings shall receive its building capital allowance
206.19 computed in accordance with Minnesota Rules, part 9549.0060, subpart 8. If an operating
206.20 lease provides that the lessee's rent is adjusted to recognize improvements made by the
206.21 lessor and related debt, the costs for capital improvements and related debt shall be allowed
206.22 in the computation of the lessee's building capital allowance, provided that reimbursement
206.23 for these costs under an operating lease shall not exceed the rate otherwise paid.

206.24 Sec. 54. Minnesota Statutes 2006, section 256B.431, subdivision 17e, is amended to
206.25 read:

206.26 Subd. 17e. **Replacement-costs-new per bed limit effective July 1, 2001.**
206.27 Notwithstanding Minnesota Rules, part 9549.0060, subpart 11, item C, subitem (2),
206.28 for a total replacement, as defined in ~~paragraph (f)~~ subdivision 17d, authorized under
206.29 section 144A.071 or 144A.073 after July 1, 1999, or any building project that is a
206.30 relocation, renovation, upgrading, or conversion completed on or after July 1, 2001, the
206.31 replacement-costs-new per bed limit shall be \$74,280 per licensed bed in multiple-bed
206.32 rooms, \$92,850 per licensed bed in semiprivate rooms with a fixed partition separating
206.33 the resident beds, and \$111,420 per licensed bed in single rooms. Minnesota Rules, part
206.34 9549.0060, subpart 11, item C, subitem (2), does not apply. These amounts must be
206.35 adjusted annually as specified in subdivision 3f, paragraph (a), beginning January 1, 2000.

207.1 Sec. 55. Minnesota Statutes 2006, section 256B.434, subdivision 4, is amended to read:

207.2 Subd. 4. **Alternate rates for nursing facilities.** (a) For nursing facilities which
207.3 have their payment rates determined under this section rather than section 256B.431, the
207.4 commissioner shall establish a rate under this subdivision. The nursing facility must enter
207.5 into a written contract with the commissioner.

207.6 (b) A nursing facility's case mix payment rate for the first rate year of a facility's
207.7 contract under this section is the payment rate the facility would have received under
207.8 section 256B.431.

207.9 (c) A nursing facility's case mix payment rates for the second and subsequent years
207.10 of a facility's contract under this section are the previous rate year's contract payment
207.11 rates plus an inflation adjustment and, for facilities reimbursed under this section or
207.12 section 256B.431, an adjustment to include the cost of any increase in Health Department
207.13 licensing fees for the facility taking effect on or after July 1, 2001. The index for the
207.14 inflation adjustment must be based on the change in the Consumer Price Index-all items
207.15 (United States City average) (CPI-U) forecasted by the commissioner of finance's national
207.16 economic consultant, as forecasted in the fourth quarter of the calendar year preceding
207.17 the rate year. The inflation adjustment must be based on the 12-month period from the
207.18 midpoint of the previous rate year to the midpoint of the rate year for which the rate is
207.19 being determined. For the rate years beginning on July 1, 1999, July 1, 2000, July 1, 2001,
207.20 July 1, 2002, July 1, 2003, July 1, 2004, July 1, 2005, July 1, 2006, July 1, 2007, and July
207.21 1, 2008, this paragraph shall apply only to the property-related payment rate, except
207.22 that adjustments to include the cost of any increase in Health Department licensing fees
207.23 taking effect on or after July 1, 2001, shall be provided. Beginning in 2005, adjustment to
207.24 the property payment rate under this section and section 256B.431 shall be effective on
207.25 October 1. In determining the amount of the property-related payment rate adjustment
207.26 under this paragraph, the commissioner shall determine the proportion of the facility's
207.27 rates that are property-related based on the facility's most recent cost report.

207.28 (d) The commissioner shall develop additional incentive-based payments of up to
207.29 five percent above a facility's operating payment rate for achieving outcomes specified
207.30 in a contract. The commissioner may solicit contract amendments and implement those
207.31 which, on a competitive basis, best meet the state's policy objectives. The commissioner
207.32 shall limit the amount of any incentive payment and the number of contract amendments
207.33 under this paragraph to operate the incentive payments within funds appropriated for this
207.34 purpose. The contract amendments may specify various levels of payment for various
207.35 levels of performance. Incentive payments to facilities under this paragraph may be in the
207.36 form of time-limited rate adjustments or onetime supplemental payments. In establishing

208.1 the specified outcomes and related criteria, the commissioner shall consider the following
208.2 state policy objectives:

208.3 (1) successful diversion or discharge of residents to the residents' prior home or other
208.4 community-based alternatives;

208.5 (2) adoption of new technology to improve quality or efficiency;

208.6 (3) improved quality as measured in the Nursing Home Report Card;

208.7 (4) reduced acute care costs; and

208.8 (5) any additional outcomes proposed by a nursing facility that the commissioner
208.9 finds desirable.

208.10 (e) Notwithstanding the threshold in section 256B.431, subdivision 16, facilities that
208.11 take action to come into compliance with existing or pending requirements of the life
208.12 safety code provisions or other federal regulations governing sprinkler systems shall
208.13 receive reimbursement for the costs associated with compliance if all of the following
208.14 conditions are met:

208.15 (1) the expenses associated with compliance occurred on or after January 1, 2005,
208.16 and before December 31, 2008;

208.17 (2) the costs were not otherwise reimbursed under section 144A.071, 144A.073,
208.18 or 256B.434, subdivision 4f; and

208.19 (3) the total allowable costs reported under this paragraph are less than the minimum
208.20 threshold established under section 256B.431, subdivisions 15, paragraph (e), and 16.

208.21 The commissioner shall use funds appropriated for this purpose to provide to qualifying
208.22 nursing facilities a rate adjustment beginning October 1, 2007, and ending September
208.23 30, 2008. Nursing facilities that have expended funds or anticipate the need to expend
208.24 funds to satisfy the most recent life safety code requirements by (1) installing a sprinkler
208.25 system or (2) replacing all or portions of an existing sprinkler system may submit to the
208.26 commissioner by June 30, 2007, on a form provided by the commissioner the actual
208.27 costs of a completed project or the estimated costs, based on a project bid, of a planned
208.28 project. The commissioner shall calculate a rate adjustment equal to the allowable costs
208.29 of the project divided by the resident days reported for the report year ending September
208.30 30, 2006. If the costs from all projects exceed the appropriation for this purpose, the
208.31 commissioner shall allocate the funds appropriated on a pro rata basis to the qualifying
208.32 facilities by reducing the rate adjustment determined for each facility by an equal
208.33 percentage. If the commissioner determines that there are any unexpended funds for the
208.34 purposes of this paragraph, the commissioner may allocate the remainder of the funds to
208.35 the qualifying facilities on a pro rata basis for other physical plant changes required by the
208.36 nursing facility in order to meet the most recent life safety code compliance standards.

H.F. No. 297, 1st Committee Engrossment - 85th Legislative Session (2007-2008)

209.1 Facilities that used estimated costs when requesting the rate adjustment shall report to
209.2 the commissioner by January 31, 2009, on the use of these funds on a form provided by
209.3 the commissioner. If the nursing facility fails to provide the report, the commissioner
209.4 shall recoup the funds appropriated to the facility for this purpose. If the facility reports
209.5 expenditures allowable under this subdivision that are less than the amount received in the
209.6 facility's annualized rate adjustment, the commissioner shall recoup the difference.

209.7 Sec. 56. Minnesota Statutes 2006, section 256B.434, is amended by adding a
209.8 subdivision to read:

209.9 Subd. 4i. **Nursing facility rate increase effective October 1, 2007; Hennepin**
209.10 **County.** For the rate year beginning October 1, 2007, the commissioner shall provide to
209.11 a nursing facility in Hennepin County licensed for 268 beds as of February 1, 2007, an
209.12 increase in the property payment rate of \$6.52 per resident per day. The increase under
209.13 this subdivision must be added following the determination under this chapter of the
209.14 payment rate for the rate year beginning October 1, 2007, and must be included in the
209.15 facility's total payment rate for purposes of determining future rates under this section or
209.16 any other section.

209.17 Sec. 57. Minnesota Statutes 2006, section 256B.434, is amended by adding a
209.18 subdivision to read:

209.19 Subd. 4j. **Rate increase for facilities in Chisago County.** Effective October
209.20 1, 2007, operating payment rates of all nursing facilities in Chisago County that are
209.21 reimbursed under this section or section 256B.441 shall be increased to be equal, for
209.22 a RUG's rate with a weight of 1.00, to the geographic group III median rate for the
209.23 same RUG's weight. The percentage of the operating payment rate for each facility to
209.24 be case-mix adjusted shall be equal to the percentage that is case-mix adjusted in that
209.25 facility's September 30, 2007, operating payment rate. This subdivision applies only if it
209.26 results in a rate increase. Increases provided by this subdivision shall be added to the rate
209.27 determined under any new reimbursement system established under section 256B.441.

209.28 Sec. 58. Minnesota Statutes 2006, section 256B.434, is amended by adding a
209.29 subdivision to read:

209.30 Subd. 4k. **Nursing facility rate increase effective January 1, 2008; Hennepin**
209.31 **County.** Effective January 1, 2008, a nursing facility in Hennepin County licensed for
209.32 137 beds as of February 1, 2007, shall receive an increase of \$2.81 in each case mix
209.33 payment rate to offset property tax payments due as a result of the facility's conversion

210.1 from nonprofit to for-profit status. The increase under this subdivision must be added
210.2 following the determination under this chapter of the payment rate for the rate year
210.3 beginning October 1, 2007, and must be included in the facility's total payment rate for the
210.4 purposes of determining future rates under this section or any other section.

210.5 Sec. 59. Minnesota Statutes 2006, section 256B.434, is amended by adding a
210.6 subdivision to read:

210.7 Subd. 4l. **Property rate adjustment; Kanabec County.** The commissioner
210.8 shall allow a property rate adjustment for a facility located in Kanabec County that
210.9 was approved for a moratorium exception project in 2001, but experienced a delay and
210.10 additional costs associated with the project, and completed the project in 2005. The
210.11 property payment rate for the rate years beginning October 1, 2007, and ending September
210.12 30, 2009, must be \$22.73 per resident day. For subsequent years, the property rate of
210.13 \$22.73 per resident day shall be adjusted as provided in subdivision 4, paragraph (c), as
210.14 long as the facility has a contract under this section.

210.15 Sec. 60. Minnesota Statutes 2006, section 256B.434, is amended by adding a
210.16 subdivision to read:

210.17 Subd. 4m. **Rate increase for facilities in Rice County.** Effective July 1, 2007,
210.18 operating payment rates of nursing facilities in Rice County located within two miles
210.19 of Scott County or Dakota County that are reimbursed under this section or section
210.20 256B.441 must be increased to be equal, for a RUG's rate with a weight of 1.00, to the
210.21 geographic group III median rate for the same RUG's weight. The percentage of the
210.22 operating payment rate for each facility to be case-mix adjusted must be equal to the
210.23 percentage that is case-mix adjusted in that facility's June 30, 2006, operating payment
210.24 rate. This subdivision applies only if it results in a rate increase.

210.25 Sec. 61. Minnesota Statutes 2006, section 256B.434, is amended by adding a
210.26 subdivision to read:

210.27 Subd. 4n. **Facility rate increase.** For the rate year beginning July 1, 2007, and for
210.28 the rate year beginning October 1, 2007, a nursing facility in Faribault County licensed
210.29 for 50 beds as of April 19, 2006, shall receive a rate increase of \$2.64 in each case mix
210.30 payment rate to offset property tax payments due as a result of the facility's conversion
210.31 from nonprofit to for-profit status. The increase under this subdivision shall be added to
210.32 the payment rates in effect for the facility on June 30, 2007, and shall be included in

211.1 the facility's total payment rates for the purposes of determining future rates under this
211.2 section or any other section.

211.3 Sec. 62. Minnesota Statutes 2006, section 256B.434, is amended by adding a
211.4 subdivision to read:

211.5 Subd. 19. **Rate increases for October 1, 2007, and October 1, 2008.** (a) For the
211.6 rate years beginning October 1, 2007, and October 1, 2008, the commissioner shall make
211.7 available to each nursing facility reimbursed under this section an adjustment equal to
211.8 three percent of the total operating payment rate.

211.9 (b) Seventy-five percent of the money resulting from the rate adjustment under
211.10 paragraph (a) must be used to increase wages and benefits and pay associated costs
211.11 for all employees, except management fees, the administrator, and central office staff.
211.12 Seventy-five percent of the money received by a facility as a result of the rate adjustment
211.13 provided in paragraph (a) must be used only for wage and benefit increases and payment
211.14 of associated costs, implemented on or after the effective date of the rate increase each
211.15 year, and must not be used for increases implemented prior to that date.

211.16 (c) Nursing facilities may apply for the portion of the rate adjustment under
211.17 paragraph (a) for employee wages and benefits and associated costs. The application
211.18 must be made to the commissioner and contain a plan by which the nursing facility
211.19 will distribute the funds according to paragraph (b). For nursing facilities in which the
211.20 employees are represented by an exclusive bargaining representative, an agreement
211.21 negotiated and agreed to by the employer and the exclusive bargaining representative
211.22 constitutes the plan. The commissioner shall not review and shall not require changes
211.23 to the portion or portions of the plan covered by collective bargaining agreements. A
211.24 negotiated agreement may constitute the plan only if the agreement is finalized after the
211.25 date of enactment of all increases for the rate year and signed by both parties prior to
211.26 submission to the commissioner. The commissioner shall review the plan to ensure that
211.27 the rate adjustments are used as provided in paragraph (b). To be eligible, a facility must
211.28 submit its distribution plan by March 31, 2008, and March 31, 2009, respectively. The
211.29 commissioner may approve distribution plans on or before June 30, 2008, and June 30,
211.30 2009, respectively. If a facility's distribution plan is effective after the first day of the
211.31 applicable rate period that the funds are available, the rate adjustments are effective the
211.32 same date as the facility's plan.

211.33 (d) A copy of the approved distribution plan must be made available to all employees
211.34 by giving each employee a copy or by posting a copy in an area of the nursing facility
211.35 to which all employees have access. If an employee does not receive the wage and

212.1 benefit adjustment described in the facility's approved plan and is unable to resolve the
212.2 problem with the facility's management or through the employee's union representative,
212.3 the employee may contact the commissioner at an address or telephone number provided
212.4 by the commissioner and included in the approved plan.

212.5 Sec. 63. Minnesota Statutes 2006, section 256B.434, is amended by adding a
212.6 subdivision to read:

212.7 Subd. 20. **Payment of Public Employees Retirement Association costs.** Nursing
212.8 facilities that participate in the Public Employees Retirement Association (PERA) shall
212.9 have the component of their payment rate associated with the costs of PERA determined
212.10 for each rate year. Effective for rate years beginning on and after October 1, 2007, the
212.11 commissioner shall determine the portion of the payment rate in effect on September 30
212.12 each year and shall subtract that amount from the payment rate to be effective on the
212.13 following October 1. The portion that shall be deemed to be included in the September 30,
212.14 2007, rate that is associated with PERA costs shall be the allowed costs in the facility's
212.15 base for determining rates under this section, divided by the resident days reported for that
212.16 year. The commissioner shall add to the payment rate to be effective on October 1 each
212.17 year an amount equal to the reported costs associated with PERA, for the year ended on
212.18 the most recent September 30 for which data is available, divided by total resident days
212.19 for that year, as reported by the facility and audited under section 256B.441.

212.20 Sec. 64. Minnesota Statutes 2006, section 256B.437, is amended by adding a
212.21 subdivision to read:

212.22 Subd. 11. **Big Stone County rate adjustment.** Notwithstanding the time period
212.23 specified in subdivision 3, the commissioner may approve a planned closure rate
212.24 adjustment in Big Stone County for an eight-bed facility in Clinton for reassignment to a
212.25 50-bed facility in Graceville. The adjustment shall be calculated according to subdivision
212.26 6.

212.27 Sec. 65. Minnesota Statutes 2006, section 256B.438, subdivision 3, is amended to read:

212.28 Subd. 3. **Case mix indices.** (a) The commissioner of human services shall assign a
212.29 case mix index to each resident class based on the Centers for Medicare and Medicaid
212.30 Services staff time measurement study and adjusted for Minnesota-specific wage indices.
212.31 The case mix indices assigned to each resident class shall be published in the Minnesota
212.32 State Register at least 120 days prior to the implementation of the 34 group, RUG-III
212.33 resident classification system.

213.1 (b) An index maximization approach shall be used to classify residents.

213.2 ~~(c) After implementation of the revised case mix system, the commissioner of~~
213.3 ~~human services may annually rebase case mix indices and base rates using more current~~
213.4 ~~data on average wage rates and staff time measurement studies. This rebasing shall be~~
213.5 ~~calculated under subdivision 7, paragraph (b). The commissioner shall publish in the~~
213.6 ~~Minnesota State Register adjusted case mix indices at least 45 days prior to the effective~~
213.7 ~~date of the adjusted case mix indices.~~

213.8 Sec. 66. Minnesota Statutes 2006, section 256B.439, subdivision 1, is amended to read:

213.9 Subdivision 1. **Development and implementation of quality profiles.** (a) The
213.10 commissioner of human services, in cooperation with the commissioner of health, shall
213.11 develop and implement a quality profile system for nursing facilities and, beginning not
213.12 later than July 1, 2004, other providers of long-term care services, except when the quality
213.13 profile system would duplicate requirements under section 256B.5011, 256B.5012, or
213.14 256B.5013. Beginning July 1, 2008, the commissioners shall include quality profiles of
213.15 nursing homes that are not medical assistance certified in the Minnesota Nursing Home
213.16 Report Card. The nonmedical assistance certified nursing homes may provide to the
213.17 commissioners information necessary to conduct consumer satisfaction surveys and to
213.18 determine other quality measures. The system must be developed and implemented to the
213.19 extent possible without the collection of significant amounts of new data. To the extent
213.20 possible, the system must incorporate or be coordinated with information on quality
213.21 maintained by area agencies on aging, long-term care trade associations, and other entities.
213.22 The system must be designed to provide information on quality to:

213.23 (1) consumers and their families to facilitate informed choices of service providers;

213.24 (2) providers to enable them to measure the results of their quality improvement
213.25 efforts and compare quality achievements with other service providers; and

213.26 (3) public and private purchasers of long-term care services to enable them to
213.27 purchase high-quality care.

213.28 (b) The system must be developed in consultation with the long-term care task force,
213.29 area agencies on aging, and representatives of consumers, providers, and labor unions.
213.30 Within the limits of available appropriations, the commissioners may employ consultants
213.31 to assist with this project.

213.32 Sec. 67. Minnesota Statutes 2006, section 256B.49, subdivision 11, is amended to read:

213.33 Subd. 11. **Authority.** (a) The commissioner is authorized to apply for home and
213.34 community-based service waivers, as authorized under section 1915(c) of the Social

214.1 Security Act to serve persons under the age of 65 who are determined to require the level
214.2 of care provided in a nursing home and persons who require the level of care provided in a
214.3 hospital. The commissioner shall apply for the home and community-based waivers in
214.4 order to:

214.5 (i) promote the support of persons with disabilities in the most integrated settings;

214.6 (ii) expand the availability of services for persons who are eligible for medical
214.7 assistance;

214.8 (iii) promote cost-effective options to institutional care; and

214.9 (iv) obtain federal financial participation.

214.10 (b) The provision of waived services to medical assistance recipients with
214.11 disabilities shall comply with the requirements outlined in the federally approved
214.12 applications for home and community-based services and subsequent amendments,
214.13 including provision of services according to a service plan designed to meet the needs of
214.14 the individual. For purposes of this section, the approved home and community-based
214.15 application is considered the necessary federal requirement.

214.16 (c) The commissioner shall provide interested persons serving on agency advisory
214.17 committees ~~and~~, task forces, the Centers for Independent Living, and others upon who
214.18 ~~request, with~~ to be on a list to receive, notice of, and an opportunity to comment on,
214.19 at least 30 days before any effective dates, (1) any substantive changes to the state's
214.20 disability services provider manual, or (2) changes or amendments to the federally
214.21 approved applications for home and community-based waivers, prior to their submission
214.22 to the federal Centers for Medicare and Medicaid Services.

214.23 (d) The commissioner shall seek approval, as authorized under section 1915(c) of
214.24 the Social Security Act, to allow medical assistance eligibility under this section for
214.25 children under age 21 without deeming of parental income or assets.

214.26 (e) The commissioner shall seek approval, as authorized under section 1915(c) of
214.27 the Social Act, to allow medical assistance eligibility under this section for individuals
214.28 under age 65 without deeming the spouse's income or assets.

214.29 Sec. 68. Minnesota Statutes 2006, section 256B.49, is amended by adding a
214.30 subdivision to read:

214.31 Subd. 16a. **Medical assistance reimbursement.** (a) The commissioner shall
214.32 seek federal approval for medical assistance reimbursement of independent living skills
214.33 services, foster care waiver service, supported employment, prevocational service,
214.34 structured day service, and adult day care under the home and community-based waiver

215.1 for persons with a traumatic brain injury, the community alternatives for disabled
215.2 individuals waivers, and the community alternative care waivers.

215.3 (b) Medical reimbursement shall be made only when the provider demonstrates
215.4 evidence of its capacity to meet basic health, safety, and protection standards through
215.5 one of the methods in paragraphs (c) to (e).

215.6 (c) The provider is licensed to provide services under chapter 245B and agrees to
215.7 apply these standards to services funded through the traumatic brain injury, community
215.8 alternatives for disabled, or community alternative care home and community-based
215.9 wavers.

215.10 (d) The local agency contracting for the services certifies on a form provided by the
215.11 commissioner that the provider has the capacity to meet the individual needs as identified
215.12 in each person's individual service plan. When certifying that the service provider meets
215.13 the necessary provider qualifications, the local agency shall verify that the provider has
215.14 policies and procedures governing the following:

215.15 (1) protection of the consumer's rights and privacy;

215.16 (2) risk assessment and planning;

215.17 (3) record keeping and reporting of incidents and emergencies with documentation
215.18 of corrective action if needed;

215.19 (4) service outcomes, regular reviews of progress, and periodic reports;

215.20 (5) complaint and grievance procedures;

215.21 (6) service termination or suspension;

215.22 (7) necessary training and supervision of direct care staff that includes:

215.23 (i) documentation in personnel files of 20 hours of orientation training in providing
215.24 training related to service provision;

215.25 (ii) training in recognizing the symptoms and effects of certain disabilities, health
215.26 conditions, and positive behavioral supports and interventions; and

215.27 (iii) a minimum of five hours of related training annually; and

215.28 (8) when applicable, the local agency shall verify that the provider has policies and
215.29 procedures in place governing the following:

215.30 (i) safe medication administration;

215.31 (ii) proper handling of consumer funds; and

215.32 (iii) behavioral interventions that are in compliance with prohibitions and standards
215.33 developed by the commissioner to meet federal requirements regarding the use of
215.34 restraints and restrictive interventions.

216.1 (e) For foster care waiver services or independent living skills services, the local
216.2 agency contracting for the services certifies on a form provided by the commissioner that
216.3 the provider meets the following:

216.4 (1) the provider of foster care waiver services is licensed to provide adult foster
216.5 care under Minnesota Rules, parts 9555.5105 to 9555.6265, or child foster care under
216.6 Minnesota Rules, parts 2960.3000 to 2960.3230;

216.7 (2) the provider of independent living skills services also provides licensed foster
216.8 care services and agrees to apply the foster care standards under Minnesota Rules, parts
216.9 9555.5105; 9555.5705, subpart 2; 9555.6167; 9555.6185; 9555.6195; 9555.6225, subpart
216.10 8; 9555.6245; 9555.6255; and 9555.6265, or parts 2960.3010; 2960.3080, subparts 10
216.11 and 11; 2960.3210; 2960.3220, subparts 5 to 7; and 2960.3230, for the provision of those
216.12 services; and

216.13 (3) the provider has policies and procedures applying to the provision of foster
216.14 care waiver services or independent living skills services that govern (i) behavioral
216.15 interventions that are in compliance with prohibitions and standards developed by the
216.16 commissioner to meet federal requirements regarding the use of restraints and restrictive
216.17 interventions and (ii) documentation of service needs and outcomes, regular reviews
216.18 of progress, and periodic reports.

216.19 (f) The local agency shall review each provider's continued compliance with
216.20 the basic health, safety, and protection standards on a regular basis. For the review
216.21 of paragraph (e), the local agency shall coordinate the review with the county review
216.22 of foster care licensure.

216.23 **EFFECTIVE DATE.** This section is effective the day following final enactment.

216.24 Sec. 69. Minnesota Statutes 2006, section 256B.5012, is amended by adding a
216.25 subdivision to read:

216.26 Subd. 7. **ICF/MR rate increases October 1, 2007, and October 1, 2008.** (a) For
216.27 the rate periods beginning October 1, 2007, and October 1, 2008, the commissioner shall
216.28 make available to each facility reimbursed under this section an adjustment to the total
216.29 operating payment rate of three percent.

216.30 (b) Seventy-five percent of the money resulting from the rate adjustment under
216.31 paragraph (a) must be used to increase wages and benefits and pay associated costs for
216.32 employees, except for administrative and central office employees. Seventy-five percent
216.33 of the money received by a facility as a result of the rate adjustment provided in paragraph
216.34 (a) must be used only for wage, benefit, and staff increases implemented on or after
216.35 the effective date of the rate increase each year, and must not be used for increases

217.1 implemented prior to that date. The wage adjustment eligible employees may receive may
217.2 vary based on merit, seniority, or other factors determined by the provider.

217.3 (c) For each facility, the commissioner shall make available an adjustment, based
217.4 on occupied beds, using the percentage specified in paragraph (a) multiplied by the total
217.5 payment rate, including variable rate but excluding the property-related payment rate, in
217.6 effect on the preceding day. The total payment rate must include the adjustment provided
217.7 in section 256B.501, subdivision 12.

217.8 (d) A facility whose payment rates are governed by closure agreements, receivership
217.9 agreements, or Minnesota Rules, part 9553.0075, is not eligible for an adjustment
217.10 otherwise granted under this subdivision.

217.11 (e) A facility may apply for the portion of the payment rate adjustment provided
217.12 under paragraph (a) for employee wages and benefits and associated costs. The application
217.13 must be made to the commissioner and contain a plan by which the facility will distribute
217.14 the funds according to paragraph (b). For facilities in which the employees are represented
217.15 by an exclusive bargaining representative, an agreement negotiated and agreed to by
217.16 the employer and the exclusive bargaining representative constitutes the plan. The
217.17 commissioner shall not review, and shall not require changes, to the portion or portions
217.18 of the plan covered by collective bargaining agreements. A negotiated agreement may
217.19 constitute the plan only if the agreement is finalized after the date of enactment of all rate
217.20 increases for the rate year. The commissioner shall review the plan to ensure that the
217.21 payment rate adjustment per diem is used as provided in this subdivision. To be eligible, a
217.22 facility must submit its plan by March 31, 2008, and December 31, 2008, respectively.
217.23 If a facility's plan is effective for its employees after the first day of the applicable rate
217.24 period that the funds are available, the payment rate adjustment per diem is effective
217.25 the same date as its plan.

217.26 (f) A copy of the approved distribution plan must be made available to all employees
217.27 by giving each employee a copy or by posting it in an area of the facility to which all
217.28 employees have access. If an employee does not receive the wage and benefit adjustment
217.29 described in the facility's approved plan and is unable to resolve the problem with the
217.30 facility's management or through the employee's union representative, the employee
217.31 may contact the commissioner at an address or telephone number provided by the
217.32 commissioner and included in the approved plan.

217.33 Sec. 70. Minnesota Statutes 2006, section 256B.69, subdivision 23, is amended to read:

217.34 Subd. 23. **Alternative services; elderly and disabled persons.** (a) The
217.35 commissioner may implement demonstration projects to create alternative integrated

218.1 delivery systems for acute and long-term care services to elderly persons and persons
218.2 with disabilities as defined in section 256B.77, subdivision 7a, that provide increased
218.3 coordination, improve access to quality services, and mitigate future cost increases.
218.4 The commissioner may seek federal authority to combine Medicare and Medicaid
218.5 capitation payments for the purpose of such demonstrations and may contract with
218.6 Medicare-approved special needs plans to provide Medicaid services. Medicare funds and
218.7 services shall be administered according to the terms and conditions of the federal contract
218.8 and demonstration provisions. For the purpose of administering medical assistance funds,
218.9 demonstrations under this subdivision are subject to subdivisions 1 to 22. The provisions
218.10 of Minnesota Rules, parts 9500.1450 to 9500.1464, apply to these demonstrations,
218.11 with the exceptions of parts 9500.1452, subpart 2, item B; and 9500.1457, subpart 1,
218.12 items B and C, which do not apply to persons enrolling in demonstrations under this
218.13 section. An initial open enrollment period may be provided. Persons who disenroll from
218.14 demonstrations under this subdivision remain subject to Minnesota Rules, parts 9500.1450
218.15 to 9500.1464. When a person is enrolled in a health plan under these demonstrations and
218.16 the health plan's participation is subsequently terminated for any reason, the person shall
218.17 be provided an opportunity to select a new health plan and shall have the right to change
218.18 health plans within the first 60 days of enrollment in the second health plan. Persons
218.19 required to participate in health plans under this section who fail to make a choice of
218.20 health plan shall not be randomly assigned to health plans under these demonstrations.
218.21 Notwithstanding section 256L.12, subdivision 5, and Minnesota Rules, part 9505.5220,
218.22 subpart 1, item A, if adopted, for the purpose of demonstrations under this subdivision,
218.23 the commissioner may contract with managed care organizations, including counties, to
218.24 serve only elderly persons eligible for medical assistance, elderly and disabled persons, or
218.25 disabled persons only. For persons with a primary diagnosis of developmental disability,
218.26 serious and persistent mental illness, or serious emotional disturbance, the commissioner
218.27 must ensure that the county authority has approved the demonstration and contracting
218.28 design. Enrollment in these projects for persons with disabilities shall be voluntary. The
218.29 commissioner shall not implement any demonstration project under this subdivision for
218.30 persons with a primary diagnosis of developmental disabilities, serious and persistent
218.31 mental illness, or serious emotional disturbance, without approval of the county board of
218.32 the county in which the demonstration is being implemented.

218.33 (b) Notwithstanding chapter 245B, sections 252.40 to 252.46, 256B.092, 256B.501
218.34 to 256B.5015, and Minnesota Rules, parts 9525.0004 to 9525.0036, 9525.1200 to
218.35 9525.1330, 9525.1580, and 9525.1800 to 9525.1930, the commissioner may implement
218.36 under this section projects for persons with developmental disabilities. The commissioner

219.1 may capitate payments for ICF/MR services, waived services for developmental
219.2 disabilities, including case management services, day training and habilitation and
219.3 alternative active treatment services, and other services as approved by the state and by
219.4 the federal government. Case management and active treatment must be individualized
219.5 and developed in accordance with a person-centered plan. Costs under these projects may
219.6 not exceed costs that would have been incurred under fee-for-service. Beginning July 1,
219.7 2003, and until ~~two~~ four years after the pilot project implementation date, subcontractor
219.8 participation in the long-term care developmental disability pilot is limited to a nonprofit
219.9 long-term care system providing ICF/MR services, home and community-based waiver
219.10 services, and in-home services to no more than 120 consumers with developmental
219.11 disabilities in Carver, Hennepin, and Scott Counties. The commissioner shall report to the
219.12 legislature prior to expansion of the developmental disability pilot project. This paragraph
219.13 expires ~~two~~ four years after the implementation date of the pilot project.

219.14 (c) Before implementation of a demonstration project for disabled persons, the
219.15 commissioner must provide information to appropriate committees of the house of
219.16 representatives and senate and must involve representatives of affected disability groups
219.17 in the design of the demonstration projects.

219.18 (d) A nursing facility reimbursed under the alternative reimbursement methodology
219.19 in section 256B.434 may, in collaboration with a hospital, clinic, or other health care entity
219.20 provide services under paragraph (a). The commissioner shall amend the state plan and
219.21 seek any federal waivers necessary to implement this paragraph.

219.22 (e) The commissioner, in consultation with the commissioners of commerce and
219.23 health, may approve and implement programs for all-inclusive care for the elderly (PACE)
219.24 according to federal laws and regulations governing that program and state laws or rules
219.25 applicable to participating providers. The process for approval of these programs shall
219.26 begin only after the commissioner receives grant money in an amount sufficient to cover
219.27 the state share of the administrative and actuarial costs to implement the programs during
219.28 state fiscal years 2006 and 2007. Grant amounts for this purpose shall be deposited in an
219.29 account in the special revenue fund and are appropriated to the commissioner to be used
219.30 solely for the purpose of PACE administrative and actuarial costs. A PACE provider is
219.31 not required to be licensed or certified as a health plan company as defined in section
219.32 62Q.01, subdivision 4. Persons age 55 and older who have been screened by the county
219.33 and found to be eligible for services under the elderly waiver or community alternatives
219.34 for disabled individuals or who are already eligible for Medicaid but meet level of
219.35 care criteria for receipt of waiver services may choose to enroll in the PACE program.
219.36 Medicare and Medicaid services will be provided according to this subdivision and

220.1 federal Medicare and Medicaid requirements governing PACE providers and programs.
220.2 PACE enrollees will receive Medicaid home and community-based services through the
220.3 PACE provider as an alternative to services for which they would otherwise be eligible
220.4 through home and community-based waiver programs and Medicaid State Plan Services.
220.5 The commissioner shall establish Medicaid rates for PACE providers that do not exceed
220.6 costs that would have been incurred under fee-for-service or other relevant managed care
220.7 programs operated by the state.

220.8 (f) The commissioner shall seek federal approval to expand the Minnesota disability
220.9 health options (MnDHO) program established under this subdivision in stages, first to
220.10 regional population centers outside the seven-county metro area and then to all areas
220.11 of the state. ~~Until January 1, 2008~~ July 1, 2009, expansion for MnDHO projects that
220.12 include home and community-based services is limited to the two projects and service
220.13 areas in effect on March 1, 2006. Enrollment in integrated MnDHO programs that
220.14 include home and community-based services shall remain voluntary. Costs for home
220.15 and community-based services included under MnDHO must not exceed costs that
220.16 would have been incurred under the fee-for-service program. In developing program
220.17 specifications for expansion of integrated programs, the commissioner shall involve and
220.18 consult the state-level stakeholder group established in subdivision 28, paragraph (d),
220.19 including consultation on whether and how to include home and community-based waiver
220.20 programs. Plans for further expansion of MnDHO projects shall be presented to the chairs
220.21 of the house and senate committees with jurisdiction over health and human services
220.22 policy and finance by February 1, 2007.

220.23 (g) Notwithstanding section 256B.0261, health plans providing services under this
220.24 section are responsible for home care targeted case management and relocation targeted
220.25 case management. Services must be provided according to the terms of the waivers and
220.26 contracts approved by the federal government.

220.27 **Sec. 71. [256C.261] SERVICES FOR DEAF-BLIND PERSONS.**

220.28 (a) The commissioner of human services shall combine the existing biennial base
220.29 level funding for deaf-blind services into a single grant program. At least 35 percent
220.30 of the total funding is awarded for services and other supports to deaf-blind children
220.31 and their families and at least 25 percent is awarded for services and other supports to
220.32 deaf-blind adults.

220.33 The commissioner shall award grants for the purposes of:

220.34 (1) providing services and supports to individuals who are deaf-blind; and

221.1 (2) developing and providing training to counties and the network of senior citizen
221.2 service providers. The purpose of the training grants is to teach counties how to use
221.3 existing programs that capture federal financial participation to meet the needs of eligible
221.4 deaf-blind persons and to build capacity of senior service programs to meet the needs of
221.5 seniors with a dual sensory hearing and vision loss.

221.21 paragraph (a) or (b).

221.22 Sec. 73. Minnesota Statutes 2006, section 256D.44, subdivision 5, is amended to read:

221.23 Subd. 5. **Special needs.** In addition to the state standards of assistance established in

221.27 (a) The county agency shall pay a monthly allowance for medically prescribed
221.28 diets if the cost of those additional dietary needs cannot be met through some other
221.29 maintenance benefit. The need for special diets or dietary items must be prescribed by
221.30 a licensed physician. Costs for special diets shall be determined as percentages of the
221.31 allotment for a one-person household under the thrifty food plan as defined by the United
221.32 States Department of Agriculture. The types of diets and the percentages of the thrifty
221.33 food plan that are covered are as follows:

222.15 the payment standard of the AFDC program in effect on July 16, 1996, for these expenses,
222.16 as long as other funding sources are not available.

222.17 (c) A fee for guardian or conservator service is allowed at a reasonable rate
222.18 negotiated by the county or approved by the court. This rate shall not exceed five percent
222.19 of the assistance unit's gross monthly income up to a maximum of \$100 per month. If the
222.20 guardian or conservator is a member of the county agency staff, no fee is allowed.

222.21 (d) The county agency shall continue to pay a monthly allowance of \$68 for
222.22 restaurant meals for a person who was receiving a restaurant meal allowance on June 1,
222.23 1990, and who eats two or more meals in a restaurant daily. The allowance must continue
222.24 until the person has not received Minnesota supplemental aid for one full calendar month
222.25 or until the person's living arrangement changes and the person no longer meets the criteria
222.26 for the restaurant meal allowance, whichever occurs first.

222.27 (e) A fee of ten percent of the recipient's gross income or \$25, whichever is less,

222.30 special need is available to all recipients of Minnesota supplemental aid regardless of
222.31 their living arrangement.

222.32 (f) Notwithstanding the language in this subdivision, an amount equal to the
222.33 maximum allotment authorized by the federal Food Stamp Program for a single individual
222.34 which is in effect on the first day of ~~January~~ July of the ~~previous~~ each year will be added to
222.35 the standards of assistance established in subdivisions 1 to 4 for ~~individuals~~ adults under
222.36 the age of 65 who qualify as shelter needy and are: (1) relocating from an institution, or

223.5 owned, operated, or controlled by a provider of service not related by blood or marriage.
223.6 Notwithstanding subdivision 3, paragraph (c), an individual eligible for the shelter needy
223.7 benefit under subdivision 5, paragraph (f), is considered a household of one. An eligible
223.8 individual who receives this benefit prior to age 65 may continue to receive the benefit
223.9 after the age of 65.

223.10 (g)(1) Persons eligible for shelter needy funding under paragraph (f), who are not
223.11 receiving medial assistance home and community-based waiver services, are eligible for
223.12 a state-funded transitional supports allowance under section 256B.49, subdivision 16,
223.13 paragraph (e), to establish their own residence not owned, operated, or controlled by a
223.14 provider of service not related by blood or marriage.

223.15 (2) "Shelter needy" means that the assistance unit incurs monthly shelter costs that
223.16 exceed 40 percent of the assistance unit's gross income before the application of this
223.17 special needs standard. "Gross income" for the purposes of this section is the applicant's or
223.18 recipient's income as defined in section 256D.35, subdivision 10, or the standard specified
223.19 in subdivision 3, paragraph (a) or (b), whichever is greater. A recipient of a federal or
223.20 state housing subsidy, that limits shelter costs to a percentage of gross income, shall not be
223.21 considered shelter needy for purposes of this paragraph.

223.22 Sec. 74. Minnesota Statutes 2006, section 256I.04, subdivision 3, is amended to read:

223.23 Subd. 3. **Moratorium on the development of group residential housing beds.** (a)
223.24 County agencies shall not enter into agreements for new group residential housing beds
223.25 with total rates in excess of the MSA equivalent rate except: (1) for group residential
223.26 housing establishments licensed under Minnesota Rules, parts 9525.0215 to 9525.0355,
223.27 provided the facility is needed to meet the census reduction targets for persons with
223.28 developmental disabilities at regional treatment centers; (2) to ensure compliance with
223.29 the federal Omnibus Budget Reconciliation Act alternative disposition plan requirements
223.30 for inappropriately placed persons with developmental disabilities or mental illness;
223.31 (3) up to 80 beds in a single, specialized facility located in Hennepin County that will
223.32 provide housing for chronic inebriates who are repetitive users of detoxification centers
223.33 and are refused placement in emergency shelters because of their state of intoxication,
223.34 and planning for the specialized facility must have been initiated before July 1, 1991, in
223.35 anticipation of receiving a grant from the Housing Finance Agency under section 462A.05,

224.1 subdivision 20a, paragraph (b); (4) notwithstanding the provisions of subdivision 2a, for
224.2 up to 190 supportive housing units in Anoka, Dakota, Hennepin, or Ramsey County
224.3 for homeless adults with a mental illness, a history of substance abuse, or human
224.4 immunodeficiency virus or acquired immunodeficiency syndrome. For purposes of this
224.5 section, "homeless adult" means a person who is living on the street or in a shelter or
224.6 discharged from a regional treatment center, community hospital, or residential treatment
224.7 program and has no appropriate housing available and lacks the resources and support
224.8 necessary to access appropriate housing. At least 70 percent of the supportive housing
224.9 units must serve homeless adults with mental illness, substance abuse problems, or human
224.10 immunodeficiency virus or acquired immunodeficiency syndrome who are about to be
224.11 or, within the previous six months, has been discharged from a regional treatment center,
224.12 or a state-contracted psychiatric bed in a community hospital, or a residential mental
224.13 health or chemical dependency treatment program. If a person meets the requirements of
224.14 subdivision 1, paragraph (a), and receives a federal or state housing subsidy, the group
224.15 residential housing rate for that person is limited to the supplementary rate under section
224.16 256I.05, subdivision 1a, and is determined by subtracting the amount of the person's
224.17 countable income that exceeds the MSA equivalent rate from the group residential housing
224.18 supplementary rate. A resident in a demonstration project site who no longer participates
224.19 in the demonstration program shall retain eligibility for a group residential housing
224.20 payment in an amount determined under section 256I.06, subdivision 8, using the MSA
224.21 equivalent rate. Service funding under section 256I.05, subdivision 1a, will end June 30,
224.22 1997, if federal matching funds are available and the services can be provided through a
224.23 managed care entity. If federal matching funds are not available, then service funding will
224.24 continue under section 256I.05, subdivision 1a; ~~or (6) (5)~~ for group residential housing
224.25 beds in settings meeting the requirements of subdivision 2a, clauses (1) and (3), which
224.26 are used exclusively for recipients receiving home and community-based waiver services
224.27 under sections 256B.0915, 256B.092, subdivision 5, 256B.093, and 256B.49, and who
224.28 resided in a nursing facility for the six months immediately prior to the month of entry
224.29 into the group residential housing setting. The group residential housing rate for these
224.30 beds must be set so that the monthly group residential housing payment for an individual
224.31 occupying the bed when combined with the nonfederal share of services delivered under
224.32 the waiver for that person does not exceed the nonfederal share of the monthly medical
224.33 assistance payment made for the person to the nursing facility in which the person resided
224.34 prior to entry into the group residential housing establishment. The rate may not exceed
224.35 the MSA equivalent rate plus \$426.37 for any case; or (6) for an additional two beds,
224.36 resulting in a total of 32 beds, for a facility located in Hennepin County providing services

225.1 for recovering and chemically dependent men that has had a group residential housing
225.2 contract with the county and has been licensed as a board and lodge facility with special
225.3 services since 1980; (7) for a group residential housing provider located in Stearns County
225.4 that operates a 40-bed facility, that received financing through the Minnesota Housing
225.5 Finance Agency Ending Long-Term Homelessness Initiative and serves chemically
225.6 dependent clientele, providing 24-hour-a-day supervision; (8) for a group residential
225.7 housing provider located in Crow Wing County that serves a chemically dependent
225.8 clientele, providing 24-hour-a-day supervision and limiting a resident's maximum length
225.9 of stay to 13 months out of a consecutive 24-month period; (9) for a 60-bed facility in
225.10 St. Louis County which opened in January 2006 that will serve chemically dependent
225.11 persons operated by a group residential housing provider that currently operates a 304-bed
225.12 facility in Minneapolis; and (10) for a group residential housing provider that operates two
225.13 ten-bed facilities, one located in Hennepin County and one located in Ramsey County,
225.14 which provide community support and serve the mental health needs of individuals who
225.15 have chronically lived unsheltered, providing 24-hour-a-day supervision.

225.16 (b) A county agency may enter into a group residential housing agreement for beds
225.17 with rates in excess of the MSA equivalent rate in addition to those currently covered
225.18 under a group residential housing agreement if the additional beds are only a replacement
225.19 of beds with rates in excess of the MSA equivalent rate which have been made available
225.20 due to closure of a setting, a change of licensure or certification which removes the beds
225.21 from group residential housing payment, or as a result of the downsizing of a group
225.22 residential housing setting. The transfer of available beds from one county to another can
225.23 only occur by the agreement of both counties.

234.34 Subd. 5. **Special contracts; bordering states.** (a) An individual who is detained,
234.35 committed, or placed on an involuntary basis under chapter 253B may be confined or

235.2 detained, committed, or placed on an involuntary basis under the civil law of a bordering
235.3 state may be confined or treated in Minnesota pursuant to a contract under this section. A
235.4 peace or health officer who is acting under the authority of the sending state may transport
235.5 an individual to a receiving agency that provides services pursuant to a contract under
235.6 this section and may transport the individual back to the sending state under the laws
235.7 of the sending state. Court orders valid under the law of the sending state are granted
235.8 recognition and reciprocity in the receiving state for individuals covered by a contract
235.9 under this section to the extent that the court orders relate to confinement for treatment
235.10 or care of mental illness or chemical dependency. Such treatment or care may address
235.11 other conditions that may be co-occurring with the mental illness or chemical dependency.
235.12 These court orders are not subject to legal challenge in the courts of the receiving state.
235.13 Individuals who are detained, committed, or placed under the law of a sending state and
235.14 who are transferred to a receiving state under this section continue to be in the legal
235.15 custody of the authority responsible for them under the law of the sending state. Except

235.18 under the law of the sending state.

235.19 (b) While in the receiving state pursuant to a contract under this section, an
235.20 individual shall be subject to the sending state's laws and rules relating to length of
235.21 confinement, reexaminations, and extensions of confinement. No individual may be sent
235.22 to another state pursuant to a contract under this section until the receiving state has
235.23 enacted a law recognizing the validity and applicability of this section.

235.24 (c) If an individual receiving services pursuant to a contract under this section leaves
235.25 the receiving agency without permission and the individual is subject to involuntary
235.26 confinement under the law of the sending state, the receiving agency shall use all
235.27 reasonable means to return the individual to the receiving agency. The receiving agency
235.28 shall immediately report the absence to the sending agency. The receiving state has the
235.29 primary responsibility for, and the authority to direct, the return of these individuals
235.30 within its borders and is liable for the cost of the action to the extent that it would be
235.31 liable for costs of its own resident.

235.32 (d) Responsibility for payment for the cost of care remains with the sending agency.

235.33 (e) This subdivision also applies to county contracts under subdivision 2 which

236.2 bordering state, may act as an examiner under sections 253B.07, 253B.08, 253B.092,

236.11 conferences for health care professionals, educators, treatment providers, employee
236.12 assistance programs, and criminal justice representatives; and the establishment of
236.13 certification standards for programs and service providers. The commissioner may enter
236.14 into agreements with other entities and may employ or contract with consultants to
236.15 facilitate the provision of these services or the training of individuals to qualify them to
236.16 provide these services. The program may also include inpatient and outpatient treatment
236.17 and rehabilitation services ~~and~~ for residents in a temporary or permanent residential
236.18 setting for mental health or chemical dependency, and individuals in jails or correctional

236.28 Sec. 5. **[245A.175] MENTAL HEALTH TRAINING REQUIREMENT.**

236.29 Prior to placement of a child in a foster care home, the child foster care provider, if
236.30 required to be licensed, must complete two hours of training that addresses the causes,
236.31 symptoms, and key warning signs of mental health disorders; cultural considerations; and
236.32 effective approaches for dealing with a child's behaviors. At least one hour of the annual
236.33 12-hour training requirement for foster parents must be on children's mental health issues

237.1 and treatment. Training curriculum shall be approved by the commissioner of human

237.6 state of Minnesota a portion of the cost of care provided in a regional treatment center

237.8 shall be made from the county's own sources of revenue and payments shall be ~~paid as~~
237.9 ~~follows: payments to the state from the county shall equal 20 percent~~ a percentage of the
237.10 cost of care, as determined by the commissioner, for each day, or the portion thereof, that
237.11 the client spends at a regional treatment center or a state nursing facility- according to
237.12 the following schedule for each admission:

237.13 (1) for the first 30 days: 20 percent until January 1, 2008, ten percent from January
237.14 1, 2008, to June 30, 2009, and zero percent thereafter;

237.15 (2) 20 percent for days 31 to 60; and

237.16 (3) for any days over 60: 20 percent until January 1, 2008, 30 percent from January
237.17 1, 2008, to June 30, 2009, 40 percent from July 1, 2009, to June 30, 2010, and 50 percent
237.18 thereafter.

237.19 If payments received by the state under sections 246.50 to 246.53 exceed ~~80 percent~~ the
237.20 noncounty portion of the cost of care, the county shall be responsible for paying the state
237.21 only the remaining amount. The county shall not be entitled to reimbursement from
237.22 the client, the client's estate, or from the client's relatives, except as provided in section
237.23 246.53. ~~No such payments shall be made for any client who was last committed prior to~~
237.24 ~~July 1, 1947.~~

237.25 Sec. 7. Minnesota Statutes 2006, section 256B.0623, subdivision 8, is amended to read:

237.26 Subd. 8. **Diagnostic assessment.** Providers of adult rehabilitative mental
237.27 health services must complete a diagnostic assessment as defined in section 245.462,
237.28 subdivision 9, within five days after the recipient's second visit or within 30 days after
237.29 intake, whichever occurs first. A diagnostic assessment must be reimbursed at the
237.30 same rate as an assessment under section 256B.0655, subdivision 8. In cases where a
237.31 diagnostic assessment is available that reflects the recipient's current status, and has been
237.32 completed within 180 days preceding admission, an update must be completed. An
237.33 update shall include a written summary by a mental health professional of the recipient's
237.34 current mental health status and service needs. If the recipient's mental health status

238.1 has changed significantly since the adult's most recent diagnostic assessment, a new
238.2 diagnostic assessment is required. For initial implementation of adult rehabilitative mental
238.3 health services, until June 30, 2005, a diagnostic assessment that reflects the recipient's
238.4 current status and has been completed within the past three years preceding admission
238.5 is acceptable.

238.6 Sec. 8. Minnesota Statutes 2006, section 256B.0625, subdivision 20, is amended to
238.7 read:

238.8 Subd. 20. **Mental health case management.** (a) To the extent authorized by rule
238.9 of the state agency, medical assistance covers case management services to persons with
238.10 serious and persistent mental illness and children with severe emotional disturbance.
238.11 Services provided under this section must meet the relevant standards in sections 245.461
238.12 to 245.4887, the Comprehensive Adult and Children's Mental Health Acts, Minnesota
238.13 Rules, parts 9520.0900 to 9520.0926, and 9505.0322, excluding subpart 10.

238.14 (b) Entities meeting program standards set out in rules governing family community
238.15 support services as defined in section 245.4871, subdivision 17, are eligible for medical
238.16 assistance reimbursement for case management services for children with severe
238.17 emotional disturbance when these services meet the program standards in Minnesota
238.18 Rules, parts 9520.0900 to 9520.0926 and 9505.0322, excluding subparts 6 and 10.

238.19 (c) Medical assistance and MinnesotaCare payment for mental health case
238.20 management shall be made on a monthly basis. In order to receive payment for an eligible
238.21 child, the provider must document at least a face-to-face contact with the child, the child's
238.22 parents, or the child's legal representative. To receive payment for an eligible adult, the
238.23 provider must document:

238.24 (1) at least a face-to-face contact with the adult or the adult's legal representative; or

238.25 (2) at least a telephone contact with the adult or the adult's legal representative and
238.26 document a face-to-face contact with the adult or the adult's legal representative within
238.27 the preceding two months.

238.28 (d) Payment for mental health case management provided by county or state staff
238.29 shall be based on the monthly rate methodology under section 256B.094, subdivision 6,
238.30 paragraph (b), with separate rates calculated for child welfare and mental health, and
238.31 within mental health, separate rates for children and adults.

238.32 (e) Payment for mental health case management provided by Indian health services
238.33 or by agencies operated by Indian tribes may be made according to this section or other
238.34 relevant federally approved rate setting methodology.

(f) Payment for mental health case management provided by vendors who contract with a county or Indian tribe shall be based on a monthly rate negotiated by the host county or tribe. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county or tribe may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county or tribe, except to reimburse the county or tribe for advance funding provided by the county or tribe to the vendor.

(g) If the service is provided by a team which includes contracted vendors, tribal staff, and county or state staff, the costs for county or state staff participation in the team shall be included in the rate for county-provided services. In this case, the contracted vendor, the tribal agency, and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, each entity must document, in the recipient's file, the need for team case management and a description of the roles of the team members.

(h) The commissioner shall calculate the nonfederal share of actual medical assistance and general assistance medical care payments for each county, based on the higher of calendar year 1995 or 1996, by service date, project that amount forward to 1999, and transfer one-half of the result from medical assistance and general assistance medical care to each county's mental health grants under section 256E.12 for calendar year 1999. The annualized minimum amount added to each county's mental health grant shall be \$3,000 per year for children and \$5,000 per year for adults. The commissioner may reduce the statewide growth factor in order to fund these minimums. The annualized total amount transferred shall become part of the base for future mental health grants for each county.

(i) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for mental health case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds. If the service is provided by a tribal agency, the nonfederal share, if any, shall be provided by the recipient's tribe. When this service is paid by the state without a federal share through fee-for-service, 50 percent of the cost shall be provided by the recipient's county of responsibility.

(j) Notwithstanding any administrative rule to the contrary, MinnesotaCare includes mental health case management. When the service is provided through prepaid capitation, the nonfederal share is paid by the state and the county pays no share.

~~(j)~~ (k) The commissioner may suspend, reduce, or terminate the reimbursement to a provider that does not meet the reporting or other requirements of this section. The county

240.1 of responsibility, as defined in sections 256G.01 to 256G.12, or, if applicable, the tribal
240.2 agency, is responsible for any federal disallowances. The county or tribe may share this
240.3 responsibility with its contracted vendors.

240.4 ~~(k)~~ (l) The commissioner shall set aside a portion of the federal funds earned under
240.5 this section to repay the special revenue maximization account under section 256.01,
240.6 subdivision 2, clause (15). The repayment is limited to:

240.7 (1) the costs of developing and implementing this section; and

264.12 and current information possessed by that provider concerning any diagnosis, treatment,
264.13 and prognosis of the patient in terms and language the patient can reasonably be expected
264.14 to understand.

264.20 patients, in a clear and conspicuous manner, a written notice concerning practices and
264.21 rights with respect to access to health records. The notice must include an explanation of:

264.22 (1) disclosures of health records that may be made without the written consent of the
264.23 patient, including the type of records and to whom the records may be disclosed; and

264.24 (2) the right of the patient to have access to and obtain copies of the patient's health
264.25 records and other information about the patient that is maintained by the provider.

264.26 The notice requirements of this subdivision are satisfied if the notice is included with
264.27 the notice and copy of the patient and resident bill of rights under section 144.652 or if it
264.28 is displayed prominently in the provider's place of business. The commissioner of health
264.29 shall develop the notice required in this subdivision and publish it in the State Register.

264.30 Subd. 5. **Copies of health records to patients.** Except as provided in section
264.31 144.296, upon a patient's written request, a provider, at a reasonable cost to the patient,
264.32 shall promptly furnish to the patient:

264.33 (1) copies of the patient's health record, including but not limited to laboratory
264.34 reports, x-rays, prescriptions, and other technical information used in assessing the
264.35 patient's health conditions; or

265.5 informed consent must be provided.

265.6 Subd. 6. **Cost.** (a) When a patient requests a copy of the patient's record for
265.7 purposes of reviewing current medical care, the provider must not charge a fee.

265.8 (b) When a provider or its representative makes copies of patient records upon a
265.9 patient's request under this section, the provider or its representative may charge the
265.10 patient or the patient's representative no more than 75 cents per page, plus \$10 for time
265.11 spent retrieving and copying the records, unless other law or a rule or contract provide for
265.12 a lower maximum charge. This limitation does not apply to x-rays. The provider may
265.13 charge a patient no more than the actual cost of reproducing x-rays, plus no more than
265.14 \$10 for the time spent retrieving and copying the x-rays.

265.15 (c) The respective maximum charges of 75 cents per page and \$10 for time provided
265.16 in this subdivision are in effect for calendar year 1992 and may be adjusted annually each
265.17 calendar year as provided in this subdivision. The permissible maximum charges shall
265.18 change each year by an amount that reflects the change, as compared to the previous year,

265.20 published by the Department of Labor.

265.21 (d) A provider or its representative must not charge a fee to provide copies of records

265.24 Social Security disability benefits under title II or title XVI of the Social Security Act. For
265.25 the purpose of further appeals, a patient may receive no more than two medical record
265.26 updates without charge, but only for medical record information previously not provided.
265.27 For purposes of this paragraph, a patient's authorized representative does not include units
265.28 of state government engaged in the adjudication of Social Security disability claims.

265.29 Subd. 7. **Withholding health records from patient.** (a) If a provider reasonably
265.30 determines that the information is detrimental to the physical or mental health of the
265.31 patient, or is likely to cause the patient to inflict self harm, or to harm another, the provider
265.32 may withhold the information from the patient and may supply the information to an
265.33 appropriate third party or to another provider. The other provider or third party may
265.34 release the information to the patient.

266.1 (b) A provider shall release information upon written request unless, prior to the
266.2 request, a provider has designated and described a specific basis for withholding the
266.3 information as authorized by paragraph (a).

266.4 Sec. 16. **[144.293] RELEASE OR DISCLOSURE OF HEALTH RECORDS.**

266.5 Subdivision 1. **Release or disclosure of health records.** Health records can be
266.6 released or disclosed as specified in subdivisions 2 to 9 and sections 144.294 and 144.295.

266.7 Subd. 2. **Patient consent to release of records.** A provider, or a person who
266.8 receives health records from a provider, may not release a patient's health records to a
266.9 person without:

266.10 (1) a signed and dated consent from the patient or the patient's legally authorized
266.11 representative authorizing the release;

266.12 (2) specific authorization in law; or

266.13 (3) a representation from a provider that the provider holds a consent from the
266.14 patient.

266.15 Subd. 3. **Release from one provider to another.** A patient's health record,
266.16 including, but not limited to, laboratory reports, x-rays, prescriptions, and other technical
266.17 information used in assessing the patient's condition, or the pertinent portion of the record
266.18 relating to a specific condition, or a summary of the record, shall promptly be furnished to
266.19 another provider upon the written request of the patient. The written request shall specify
266.20 the name of the provider to whom the health record is to be furnished. The provider who
266.21 furnishes the health record or summary may retain a copy of the materials furnished. The
266.22 patient shall be responsible for the reasonable costs of furnishing the information.

266.23 Subd. 4. **Duration of consent.** Except as provided in this section, a consent is
266.24 valid for one year or for a lesser period specified in the consent or for a different period
266.25 provided by law.

266.26 Subd. 5. **Exceptions to consent requirement.** This section does not prohibit the
266.27 release of health records:

266.28 (1) for a medical emergency when the provider is unable to obtain the patient's
266.29 consent due to the patient's condition or the nature of the medical emergency;

266.30 (2) to other providers within related health care entities when necessary for the
266.31 current treatment of the patient; or

266.32 (3) to a health care facility licensed by this chapter, chapter 144A, or to the same
266.33 types of health care facilities licensed by this chapter and chapter 144A that are licensed
266.34 in another state when a patient:

266.35 (i) is returning to the health care facility and unable to provide consent; or

267.1 (ii) who resides in the health care facility, has services provided by an outside
267.2 resource under Code of Federal Regulations, title 42, section 483.75(h), and is unable
267.3 to provide consent.

267.4 Subd. 6. **Consent does not expire.** Notwithstanding subdivision 4, if a patient
267.5 explicitly gives informed consent to the release of health records for the purposes and
267.6 restrictions in clauses (1) and (2), the consent does not expire after one year for:

267.7 (1) the release of health records to a provider who is being advised or consulted with
267.8 in connection with the releasing provider's current treatment of the patient;

267.9 (2) the release of health records to an accident and health insurer, health service plan
267.10 corporation, health maintenance organization, or third-party administrator for purposes of
267.11 payment of claims, fraud investigation, or quality of care review and studies, provided that:

267.12 (i) the use or release of the records complies with sections 72A.49 to 72A.505;

267.13 (ii) further use or release of the records in individually identifiable form to a person
267.14 other than the patient without the patient's consent is prohibited; and

267.15 (iii) the recipient establishes adequate safeguards to protect the records from
267.16 unauthorized disclosure, including a procedure for removal or destruction of information
267.17 that identifies the patient.

267.18 Subd. 7. **Exception to consent.** Subdivision 2 does not apply to the release of health
267.19 records to the commissioner of health or the Health Data Institute under chapter 62J,
267.20 provided that the commissioner encrypts the patient identifier upon receipt of the data.

267.21 Subd. 8. **Record locator service.** (a) A provider or group purchaser may send
267.22 patient identifying information and information about the location of the patient's health
267.23 records to a record locator service without consent from the patient. Except in the case of
267.24 a medical emergency, a provider participating in a health information exchange using a
267.25 record locator service cannot access patient identifying information and information
267.26 about the location of the patient's health records until the patient has provided consent.
267.27 The Minnesota Department of Health may not access the record locator service or receive
267.28 data from the record locator service. Only a provider may access patient identifying
267.29 information in a record locator service. The consent does not expire and may be revoked
267.30 by the patient at any time by providing written notice of the revocation to the provider.

267.31 (b) A health information exchange maintaining a record locator service or an entity
267.32 maintaining a record locator service for a health information exchange must maintain an
267.33 audit log of providers accessing information in a record locator service that minimally
267.34 contains information on:

267.35 (1) the identity of the provider accessing the information;

267.36 (2) the identity of the patient whose information was accessed by the provider; and

268.1 (3) the date the information was accessed.

268.2 (c) No group purchaser may in any way require a provider to participate in any
268.3 record locator service as a condition of payment or participation.

268.4 (d) A record locator service must provide a mechanism for patients to opt out of
268.5 including their identifying information and information about the location of their health
268.6 records in a record locator service. At a minimum, any consent form that permits a
268.7 provider to access a record locator service must include a check-box option that allows a
268.8 patient to completely opt out of the record locator service which shall be clearly displayed
268.9 to the patient. A provider participating in a health information exchange with a record
268.10 locator service who receives a patient's request to completely opt out of the record locator
268.11 service or to not have a specific provider contact in the record locator service shall be
268.12 responsible for removing the patient's information from the record locator service.

268.13 Subd. 9. **Documentation of release.** (a) In cases where a provider releases health
268.14 records without patient consent as authorized by law, the release must be documented in
268.15 the patient's health record. In the case of a release under section 144.294, subdivision 2, the
268.16 documentation must include the date and circumstances under which the release was made,
268.17 the person or agency to whom the release was made, and the records that were released.

268.18 (b) When a health record is released using a representation from a provider that
268.19 holds a consent from the patient, the releasing provider shall document:

268.20 (1) the provider requesting the health records;

268.21 (2) the identity of the patient;

268.22 (3) the health records requested; and

268.23 (4) the date the health records were requested.

268.24 **Sec. 17. [144.294] RECORDS RELATING TO MENTAL HEALTH.**

268.25 Subdivision 1. **Provider inquiry.** Upon the written request of a spouse, parent,
268.26 child, or sibling of a patient being evaluated for or diagnosed with mental illness, a
268.27 provider shall inquire of a patient whether the patient wishes to authorize a specific
268.28 individual to receive information regarding the patient's current and proposed course of
268.29 treatment. If the patient so authorizes, the provider shall communicate to the designated
268.30 individual the patient's current and proposed course of treatment. Section 144.293,
268.31 subdivisions 2 and 4, apply to consents given under this subdivision.

268.32 Subd. 2. **Disclosure to law enforcement agency.** Notwithstanding section 144.293,
268.33 subdivisions 2 and 4, a provider must disclose health records relating to a patient's mental
268.34 health to a law enforcement agency if the law enforcement agency provides the name
268.35 of the patient and communicates that the:

269.1 (1) patient is currently involved in an emergency interaction with the law
269.2 enforcement agency; and

269.3 (2) disclosure of the records is necessary to protect the health or safety of the patient
269.4 or of another person.

269.5 The scope of disclosure under this subdivision is limited to the minimum necessary
269.6 for law enforcement to respond to the emergency. A law enforcement agency that obtains
269.7 health records under this subdivision shall maintain a record of the requestor, the provider
269.8 of the information, and the patient's name. Health records obtained by a law enforcement
269.9 agency under this subdivision are private data on individuals as defined in section 13.02,
269.10 subdivision 12, and must not be used by law enforcement for any other purpose.

269.11 Subd. 3. **Records release for family and caretaker; mental health care.** (a)
269.12 Notwithstanding section 144.293, a provider providing mental health care and treatment
269.13 may disclose health record information described in paragraph (b) about a patient to a
269.14 family member of the patient or other person who requests the information if:

269.15 (1) the request for information is in writing;

269.16 (2) the family member or other person lives with, provides care for, or is directly
269.17 involved in monitoring the treatment of the patient;

269.18 (3) the involvement under clause (2) is verified by the patient's mental health care
269.19 provider, the patient's attending physician, or a person other than the person requesting the
269.20 information, and is documented in the patient's medical record;

269.21 (4) before the disclosure, the patient is informed in writing of the request, the name
269.22 of the person requesting the information, the reason for the request, and the specific
269.23 information being requested;

269.24 (5) the patient agrees to the disclosure, does not object to the disclosure, or is
269.25 unable to consent or object, and the patient's decision or inability to make a decision is
269.26 documented in the patient's medical record; and

269.27 (6) the disclosure is necessary to assist in the provision of care or monitoring of the
269.28 patient's treatment.

269.29 (b) The information disclosed under this paragraph is limited to diagnosis, admission
269.30 to or discharge from treatment, the name and dosage of the medications prescribed, side
269.31 effects of the medication, consequences of failure of the patient to take the prescribed
269.32 medication, and a summary of the discharge plan.

269.33 (c) If a provider reasonably determines that providing information under this
269.34 subdivision would be detrimental to the physical or mental health of the patient or is
269.35 likely to cause the patient to inflict self harm or to harm another, the provider must not
269.36 disclose the information.

270.1 (d) This subdivision does not apply to disclosures for a medical emergency or
270.2 to family members as authorized or required under subdivision 1 or section 144.293,
270.3 subdivision 5, clause (1).

270.4 Sec. 18. **[144.295] DISCLOSURE OF HEALTH RECORDS FOR EXTERNAL**
270.5 **RESEARCH.**

270.6 Subdivision 1. **Methods of release.** (a) Notwithstanding section 144.293,
270.7 subdivisions 2 and 4, health records may be released to an external researcher solely for
270.8 purposes of medical or scientific research only as follows:

270.9 (1) health records generated before January 1, 1997, may be released if the patient
270.10 has not objected or does not elect to object after that date;

270.11 (2) for health records generated on or after January 1, 1997, the provider must:

282.17 approach to reducing preventable disability, chronic health conditions, and disease. The
282.18 focus shall be on community based initiatives that address childhood and adult obesity,
282.19 tobacco and substance abuse, improved activity levels among senior citizens, and other
282.20 lifestyle issues that impact health and healthcare costs. Because of its population health
282.21 focus, funding shall be related to the size of the population to be served. The plan shall be
282.22 completed by September 15, 2007, and shared with the Legislative Health Care Access
282.23 Commission.

283.4 (2) develop recommendations, based on the data collected, on how to improve
283.5 the delivery of evidence-based diagnostic imaging services. In developing these
283.6 recommendations, the advisory committee shall consider the impacts on patient care,
283.7 premium costs, and administrative simplicity.

283.8 (b) The members of the Diagnostic Imaging Services Advisory Committee shall
283.9 include the commissioners of health and human services or the commissioners' designees

284.24 subdivision to read:

284.25 Subd. 2a. **Base budget detail.** Within one week of the release of the budget forecasts
284.26 required in section 16A.102 in November of an even-numbered year and February of an
284.27 odd-numbered year, the commissioner, after consulting with the commissioners of human
284.28 services and health, must provide to the legislature information at the program, budget
284.29 activity and management activity level for the base level budget of the Department of
284.30 Human Services and the Department of Health for the next biennium. The information
284.31 must be organized in a manner that explains how base level budget appropriations are
284.32 projected to be spent. Within one week of the release of the budget forecasts required in
284.33 section 16A.102 in November of an even-numbered year, the commissioner must also
284.34 provide the legislature with the information submitted by the commissioners of human
284.35 services and health under subdivision 2, clauses (3) and (4).

285.1 Sec. 2. Minnesota Statutes 2006, section 43A.316, is amended to read:

285.2 **43A.316 PUBLIC EMPLOYEES INSURANCE PROGRAM.**

285.3 Subdivision 1. **Intent.** The legislature finds that the creation of a statewide program
285.4 to provide public employees and other eligible persons with life insurance and hospital,
285.5 medical, and dental benefit coverage ~~through provider organizations~~ would result in a
285.6 ~~greater utilization~~ more efficient use of government resources and would advance the
285.7 health and welfare of the citizens of the state.

285.8 Subd. 2. **Definitions.** For the purpose of this section, the terms defined in this
285.9 subdivision have the meaning given them.

285.33 (e) **Labor-Management Committee.** "Labor-Management Committee" means the
285.34 committee established by subdivision 4.

285.35 (f) **Program.** "Program" means the statewide public employees insurance program
285.36 created by subdivision 3.

Subd. 3. **Public employee insurance program.** The commissioner shall be the administrator of the public employee insurance program and may determine its funding arrangements. The commissioner may contract with a qualified entity to perform the administrative functions. The commissioner shall model the program after the plan established in section 43A.18, subdivision 2, but may ~~modify~~ adopt variations from that plan, in consultation with the Labor-Management Committee. The variations may include different deductibles, coinsurance, co-pays, or other enrollee cost-sharing provisions.

Subd. 4. **Labor-Management Committee.** (a) The Labor-Management Committee consists of ten members appointed by the commissioner. The Labor-Management Committee must comprise five members who represent employees, including at least one retired employee, and five members who represent eligible employers. Committee members are eligible for expense reimbursement in the same manner and amount as authorized by the commissioner's plan adopted under section 43A.18, subdivision 2. The commissioner shall consult with the labor-management committee in major decisions that affect the program. The committee shall study issues and make recommendations relating to the insurance program including, but not limited to, flexible benefits, utilization review, quality assessment, and cost efficiency. The committee continues to exist while the program remains in operation.

(b) The five members of the Labor-Management Committee who represent employees must be chosen by the commissioner from among persons nominated as provided in this paragraph. The commissioner shall select the fifth employer member from an employer participating in the program and not represented by the other four employer members, if any, or if that is not reasonably possible, the commissioner may appoint any other person as the fifth employer representative.

Subd. 5. **Public employee participation.** (a) Participation in the program is subject to the conditions in this subdivision.

(b) Each exclusive representative for an eligible employer determines whether the employees it represents will participate in the program. The exclusive representative shall give the employer notice of intent to participate at least ~~30~~ 60 days before the expiration date of the collective bargaining agreement preceding the collective bargaining agreement that covers the date of entry into the program. Either all or none of the employees represented by an exclusive representative must participate. The exclusive representative and the eligible employer shall give notice to the commissioner of the determination to participate in the program at least ~~30~~ 60 days before entry into the program. Entry into the program is governed by a schedule established by the commissioner.

(c) Employees not represented by exclusive representatives may become members of the program upon a determination of an eligible employer to include these employees in the program. Either all or none of the employer's unrepresented employees must participate. The eligible employer shall give at least ~~30~~ 60 days' notice to the commissioner before entering the program. Entry into the program is governed by a schedule established by the commissioner.

(d) Participation in the program is for a ~~two-year~~ three-year term. Participation is automatically renewed for an additional ~~two-year~~ three-year term unless the exclusive representative, or the employer for unrepresented employees, gives the commissioner notice of withdrawal at least ~~30~~ 60 days before expiration of the participation period. A group that withdraws must wait two years before rejoining, except with the approval of the commissioner. (f) Each participating eligible employer shall notify the commissioner of the names of individuals who will be participating within two weeks ~~of~~ after the commissioner ~~receiving~~ receives notice of the parties' intent to participate. The employer shall also submit other information as required by the commissioner for administration of the program.

(g) An employer that withdraws from the program under circumstances that do not permit withdrawal under this subdivision is liable to the board for premiums payable by the employer until the time that the employer is eligible to withdraw, and the employer shall pay those premiums voluntarily and no later than their due date. If the premiums are

288.1 not paid voluntarily, the board has authority to and shall collect these premiums under any
288.2 method permitted by law for a governmental or nongovernmental creditor of the employer.

288.3 Subd. 6. **Coverage.** (a) ~~By January 1, 1989,~~ The commissioner shall announce the

288.7 they are available, cost-effective, and capable of servicing the number of people covered
288.8 in the program. Participation in optional coverages may be provided by collective
288.9 bargaining agreements. For employees not represented by an exclusive representative, the
288.10 employer may offer the optional coverages to eligible employees and their dependents
288.11 provided in the program. Health coverage must include at least the benefits required of a
288.12 health plan company regulated under chapter 62A, 62C, or 62D.

288.13 (b) The commissioner, with the assistance of the Labor-Management Committee,
288.14 shall periodically assess whether it is financially feasible for the program to offer or to
288.15 continue an individual retiree program that has competitive premium rates and benefits.
288.16 If the commissioner determines it to be feasible to offer an individual retiree program,
288.17 the commissioner shall announce the applicable benefits, premium rates, and terms of
288.18 participation. Eligibility to participate in the individual retiree program is governed by
288.19 subdivision 8, but applies to retirees of eligible employers that do not participate in the
288.20 program and to those retirees' dependents and surviving spouses.

288.21 Subd. 6a. ~~Chiropractic services~~ Choice of type of provider. All benefits provided
288.22 by the program ~~or a successor program~~ relating to expenses incurred for medical treatment
288.23 or services of a ~~physician~~ health care provider must also include ~~chiropractic~~ treatment
288.24 and services of a ~~chiropractor~~ any other type of licensed, certified, or registered health care
288.25 provider to the extent that the ~~chiropractic~~ services and treatment are within the scope of
288.26 ~~chiropractic licensure~~ the provider's licensure, certification, or registration.

288.27 ~~This subdivision is intended to provide equal access to benefits for program members~~
288.28 ~~who choose to obtain treatment for illness or injury from a doctor of chiropractic, as long~~
288.29 ~~as the treatment falls within the chiropractor's scope of practice. This subdivision is not~~
288.30 ~~intended to change or add to the benefits provided for in the program.~~

288.31 Subd. 7. **Premiums.** (a) The proportion of premium paid by the employer and
288.32 employee is subject to collective bargaining or personnel policies. If, at the beginning of
288.33 the coverage period, no collective bargaining agreement has been finalized, the increased
288.34 dollar costs, if any, from the previous year is the sole responsibility of the individual
288.35 participant until a collective bargaining agreement states otherwise. Premiums, including
288.36 an administration fee, shall be established by the commissioner. The commissioner may

289.1 decide to rate specific employers separately for premium purposes, if the commissioner
289.2 determines that doing so is in the best interests of the program. Each employer shall pay
289.3 monthly the amounts due for employee benefits including the amounts under subdivision
289.4 8 to the commissioner no later than the dates established by the commissioner. If an
289.5 employer fails to make the payments as required, the commissioner ~~may~~ shall cancel
289.6 program benefits and pursue other civil remedies, as provided in subdivision 5, paragraph
289.7 (d).

289.8 (b) The premium charged for an employer's first month in the program must be
289.9 three times the regular monthly premium charged to that employer, to help establish
289.10 and maintain the program's financial resources. The extra two months premium must
289.11 be refunded to the employer if the employer leaves the program, if the refund would
289.12 not reduce the program's reserves below the level determined to be appropriate by the
289.13 commissioner.

289.14 Subd. 8. **Continuation of coverage.** (a) A former employee of an employer
289.15 participating in the program who is receiving a public pension disability benefit or an
289.16 annuity or has met the age and service requirements necessary to receive an annuity under
289.17 chapter 353, 353C, 354, 354A, 356, 422A, 423, 423A, or 424, and the former employee's
289.18 dependents, are eligible to participate in the program. This participation is at the person's
289.19 expense unless a collective bargaining agreement or personnel policy provides otherwise.
289.20 Premiums for these participants must be established by the commissioner.

289.21 The commissioner may provide policy exclusions for preexisting conditions
289.22 only when there is a break in coverage between a participant's coverage under the
289.23 employment-based group insurance program and the participant's coverage under this
289.24 section. An employer shall notify an employee of the option to participate under this
289.25 paragraph no later than the effective date of retirement. The retired employee or the
289.26 employer of a participating group on behalf of a current or retired employee shall notify
289.27 the commissioner within 30 days of the effective date of retirement of intent to participate
289.28 in the program according to the rules established by the commissioner.

289.29 (b) The spouse of a deceased employee or former employee may purchase the
289.30 benefits provided at premiums established by the commissioner if the spouse was a
289.31 dependent under the employee's or former employee's coverage under this section at the
289.32 time of the death. The spouse remains eligible to participate in the program as long as
289.33 the group that included the deceased employee or former employee participates in the
289.34 program. Coverage under this clause must be coordinated with relevant insurance benefits
289.35 provided through the federally sponsored Medicare program.

(c) The program benefits must continue in the event of strike permitted by section 179A.18, if the exclusive representative chooses to have coverage continue and the employee pays the total monthly premiums when due.

~~(d) A participant who discontinues coverage may not reenroll.~~

(d) Persons participating under these paragraphs this subdivision shall make appropriate premium payments in the time and manner established by the commissioner. They are not subject to the payment of the extra payments required under subdivision 7, paragraph (b).

Subd. 9. **Insurance trust fund.** The insurance trust fund in the state treasury consists of deposits of the premiums received from employers participating in the program and transfers before July 1, 1994, from the excess contributions holding account established by section 353.65, subdivision 7. All money in the fund is appropriated to the commissioner to pay insurance premiums, approved claims, refunds, administrative costs, and other related service costs. Premiums paid by employers to the fund are exempt from the taxes imposed by chapter 297I. The commissioner shall reserve an amount of money to cover the estimated costs of claims incurred but unpaid. The State Board of Investment shall invest the money according to section 11A.24. Investment income and losses attributable to the fund must be credited to the fund.

Subd. 10. **Exemption.** The public employee insurance program and, where applicable, the employers participating in it are exempt from chapters 60A, 62A, 62C, 62D, 62E, and 62H, section 471.617, subdivisions 2 and 3, and the bidding requirements of section 471.6161, except as otherwise provided in subdivision 6, paragraph (a).

Subd. 11. **Reinsurance.** The commissioner may, on behalf of the program, participate in an insured or self-insured reinsurance pool.

Sec. 3. **[62Q.40] LANGUAGE INTERPRETER SERVICES.**

(a) A health plan must cover sign language interpreter services provided to deaf and hard-of-hearing enrollees and language interpreter services provided to enrollees with limited English proficiency in order to facilitate the provision of health care services by a provider. For purposes of this section, "provider" has the meaning given in section 62J.03, subdivision 8, and includes a health care provider facility; and "health plan" includes coverage excluded under section 62A.011, subdivision 3, clauses (6), (7), (9), and (10). Interpreter services may be provided in person, by telephone, facsimile, video or audio streaming, or by video conference. In accordance with paragraphs (b) and (c), a health plan company shall reimburse either the party providing interpreter services directly for the costs of language interpreter services provided to the enrollee or the provider

291.1 arranging for the provision of interpreter services. Providers that employ or contract
291.2 with interpreters may bill and shall be reimbursed directly by health plan companies for
291.3 such services in accordance with paragraph (b). A health plan company shall provide to
291.4 enrollees, upon request, the policies and procedures for addressing the needs of deaf and
291.5 hard-of-hearing enrollees and enrollees with limited English proficiency. All parties
291.6 providing interpreter services must disclose their methods for ensuring competency upon
291.7 request of any health plan company, provider, or consumer.

291.8 (b) A health plan company shall pay for interpreter services as required in paragraph
291.9 (a) by establishing a network of interpreter service providers and requiring use of its own
291.10 network of interpreter services providers. The health plan company shall consider, as part
291.11 of its interpreter service provider network, entering into an agreement with a provider for
291.12 use of an interpreter service provider employed by or under contract with the provider if:

291.13 (1) the provider accepts as reimbursement for services rendered by the provider's
291.14 employed or contracted interpreter service provider the lesser of either the health plan
291.15 company's reimbursement rate for its in-network interpreter service providers or the
291.16 provider's fee for services rendered by the provider's interpreter service provider; and

291.17 (2) the interpreter service provider meets the published quality standards of the
291.18 health plan company.

291.19 (c) If a health plan company's or a provider's employed or contracted interpreter
291.20 service provider is unavailable to provide interpreter services, the health plan company
291.21 shall reimburse the interpreter service provider at the lesser of the health plan company's
291.22 median reimbursement rate for its in-network interpreter service providers or the
291.23 interpreter service provider's fee. An interpreter service provider not employed or under
291.24 contract with a health plan company or provider who fails to meet the quality standards
291.25 of a health plan company or as required by law, shall be ineligible for reimbursement
291.26 under this section.

291.27 (d) If the health plan company pays the interpreter service provider directly, it has no
291.28 obligation to pay the provider under this section.

291.29 (e) Nothing in this section requires a health plan company to establish a network
291.30 of interpreter service providers.

291.31 **EFFECTIVE DATE.** This section is effective July 1, 2008, and applies to plans
291.32 issued or renewed to provide coverage to Minnesota residents on or after that date unless
291.33 the legislature enacts alternative funding sources based on the recommendations of the
291.34 commissioner.

292.1 Sec. 4. Minnesota Statutes 2006, section 144.05, is amended by adding a subdivision
292.2 to read:

292.3 Subd. 5. **Base budget detail.** The commissioner shall provide the commissioner
292.4 of finance with the information necessary to provide base budget detail to the legislature
292.5 under section 16A.10, subdivision 2a.

292.6 Sec. 5. Minnesota Statutes 2006, section 148.235, is amended by adding a subdivision
292.7 to read:

292.8 Subd. 11. **Dispensing by protocol.** A registered nurse in a family planning agency
292.9 as defined in Minnesota Rules, part 9505.0280, subpart 3, may dispense oral contraceptives
292.10 prescribed by a licensed practitioner as defined in section 151.01, subdivision 23, pursuant
292.11 to a dispensing protocol established by the agency's medical director or under the direction
292.12 of a physician. The dispensing protocol must address the requirements of sections 151.01,
292.13 subdivision 30, and 151.212, subdivision 1.

292.14 Sec. 6. Minnesota Statutes 2006, section 151.37, subdivision 2, is amended to read:

292.15 Subd. 2. **Prescribing and filing.** (a) A licensed practitioner in the course of
292.16 professional practice only, may prescribe, administer, and dispense a legend drug, and may
292.17 cause the same to be administered by a nurse, a physician assistant, or medical student or
292.18 resident under the practitioner's direction and supervision, and may cause a person who
292.19 is an appropriately certified, registered, or licensed health care professional to prescribe,
292.20 dispense, and administer the same within the expressed legal scope of the person's practice
292.21 as defined in Minnesota Statutes. A licensed practitioner may prescribe a legend drug,
292.22 without reference to a specific patient, by directing a nurse, pursuant to section 148.235,
292.23 subdivisions 8 and 9, physician assistant, or medical student or resident to adhere to
292.24 a particular practice guideline or protocol when treating patients whose condition falls
292.25 within such guideline or protocol, and when such guideline or protocol specifies the
292.26 circumstances under which the legend drug is to be prescribed and administered. An
292.27 individual who verbally, electronically, or otherwise transmits a written, oral, or electronic
292.28 order, as an agent of a prescriber, shall not be deemed to have prescribed the legend drug.
292.29 This paragraph applies to a physician assistant only if the physician assistant meets the
292.30 requirements of section 147A.18.

292.31 (b) A licensed practitioner that dispenses for profit a legend drug that is to be
292.32 administered orally, is ordinarily dispensed by a pharmacist, and is not a vaccine, must
292.33 file with the practitioner's licensing board a statement indicating that the practitioner
292.34 dispenses legend drugs for profit, the general circumstances under which the practitioner

293.1 dispenses for profit, and the types of legend drugs generally dispensed. It is unlawful to
293.2 dispense legend drugs for profit after July 31, 1990, unless the statement has been filed
293.3 with the appropriate licensing board. For purposes of this paragraph, "profit" means (1)
293.4 any amount received by the practitioner in excess of the acquisition cost of a legend drug
293.5 for legend drugs that are purchased in prepackaged form, or (2) any amount received
293.6 by the practitioner in excess of the acquisition cost of a legend drug plus the cost of
293.7 making the drug available if the legend drug requires compounding, packaging, or other
293.8 treatment. The statement filed under this paragraph is public data under section 13.03.
293.9 This paragraph does not apply to a licensed doctor of veterinary medicine or a registered
293.10 pharmacist. Any person other than a licensed practitioner with the authority to prescribe,
293.11 dispense, and administer a legend drug under paragraph (a) shall not dispense for profit.
293.12 To dispense for profit does not include dispensing by a community health clinic when the
293.13 profit from dispensing is used to meet operating expenses.

293.14 (c) A prescription or drug order for a legend drug is not valid unless it is issued
293.15 for a legitimate medical purpose arising from a prescriber-patient relationship that
293.16 includes a documented patient evaluation adequate to establish diagnoses and identify
293.17 underlying conditions and contraindications to the treatment. Treatment, including issuing
293.18 a prescription or drug order, based solely on an online questionnaire does not constitute a
293.19 legitimate medical purpose.

293.20 Sec. 7. Minnesota Statutes 2006, section 152.11, is amended by adding a subdivision to
293.21 read:

293.22 Subd. 2d. **Identification requirement for schedule II or III controlled substance.**
293.23 No person may dispense a controlled substance included in schedule II or III without
293.24 requiring the person purchasing the controlled substance, who need not be the person for
293.25 whom the controlled substance prescription is written, to present valid photographic
293.26 identification, unless the person purchasing the controlled substance, or if applicable the
293.27 person for whom the controlled substance prescription is written, is known to the dispenser.

293.28 Sec. 8. **[152.126] SCHEDULE II AND III CONTROLLED SUBSTANCES**
293.29 **PRESCRIPTION ELECTRONIC REPORTING SYSTEM.**

293.30 Subdivision 1. **Definitions.** For purposes of this section, the terms defined in this
293.31 subdivision have the meanings given.

293.32 (a) "Board" means the Minnesota State Board of Pharmacy established under
293.33 chapter 151.

294.1 (b) "Controlled substances" means those substances listed in section 152.02,
294.2 subdivisions 3 and 4, and those substances defined by the board pursuant to section
294.3 152.02, subdivisions 8 and 12.

294.4 (c) "Dispense" or "dispensing" has the meaning given in section 151.01, subdivision
294.5 30. Dispensing does not include the direct administering of a controlled substance to a
294.6 patient by a licensed health care professional.

294.7 (d) "Dispenser" means a person authorized by law to dispense a controlled substance,
294.8 pursuant to a valid prescription. A dispenser does not include a licensed hospital pharmacy
294.9 that distributes controlled substances for inpatient hospital care.

294.10 (e) "Prescriber" means a licensed health care professional who is authorized to
294.11 prescribe a controlled substance under section 152.12, subdivision 1.

294.12 (f) "Prescription" has the meaning given in section 151.01, subdivision 16.

294.13 Subd. 2. **Prescription electronic reporting system.** (a) By January 1, 2009,
294.14 or upon enactment of legislation that implements the recommendations of the Board
294.15 of Pharmacy under subdivision 3, paragraph (c), whichever is later, the board shall
294.16 establish an electronic system for reporting the information required under subdivision
294.17 4 for all controlled substances dispensed within the state. Data for controlled substance
294.18 prescriptions that are dispensed in a quantity small enough to provide treatment to a
294.19 patient for a period of 48 hours or less need not be reported.

294.20 (b) The board may contract with a vendor for the purpose of obtaining technical
294.21 assistance in the design, implementation, and maintenance of the electronic reporting
294.22 system. The vendor's role shall be limited to providing technical support to the board
294.23 concerning the software, databases, and computer systems required to interface with the
294.24 existing systems currently used by pharmacies to dispense prescriptions and transmit
294.25 prescription data to other third parties.

294.26 (c) The board may issue a waiver to a dispenser that is unable to submit dispensing
294.27 information by electronic means. The waiver may permit the dispenser to submit
294.28 dispensing information by paper form or other means, provided all information required
294.29 by subdivision 4 is submitted in this alternative format.

294.30 Subd. 3. **Prescription Electronic Reporting Advisory Committee.** (a) The
294.31 board shall convene an advisory committee. The committee must include at least one
294.32 representative of:

294.33 (1) the Department of Health;

294.34 (2) the Department of Human Services;

294.35 (3) each health-related licensing board that licenses prescribers;

295.1 (4) a professional medical association, which may include an association of pain
295.2 management and chemical dependency specialists;

295.3 (5) a professional pharmacy association;

295.4 (6) a consumer privacy or security advocate; and

295.5 (7) a consumer or patient rights organization.

295.6 (b) The advisory committee shall advise the board on the development and operation
295.7 of the electronic reporting system, including, but not limited to:

295.8 (1) technical standards for electronic prescription drug reporting;

295.9 (2) proper analysis and interpretation of prescription monitoring data; and

295.10 (3) an evaluation process for the program.

295.11 (c) The Board of Pharmacy, after consultation with the advisory committee, shall
295.12 present recommendations and draft legislation on the issues addressed by the advisory
295.13 committee under paragraph (b), to the legislature by December 15, 2007.

295.14 Subd. 4. **Reporting requirements and notice.** (a) Each dispenser must submit the
295.15 following data to the board or its designated vendor, subject to the notice required under
295.16 paragraph (d):

295.17 (1) prescriber DEA number;

295.18 (2) dispenser DEA number;

295.19 (3) name of the patient for whom the prescription was written;

295.20 (4) date of birth of the patient for whom the prescription was written;

295.21 (5) date the prescription was written;

295.22 (6) date the prescription was filled;

295.23 (7) NDC code for drug dispensed; and

295.24 (8) quantity of controlled substance dispensed.

295.25 (b) The dispenser must submit the required information according to the format and
295.26 protocols specified in the "ASAP Telecommunications Format for Controlled Substances,"
295.27 May 1995 edition, published by the American Society for Automation in Pharmacy, which
295.28 is hereby adopted by reference, by a procedure established by the board.

295.29 (c) A dispenser is not required to submit this data for those controlled substance
295.30 prescriptions dispensed for:

295.31 (1) individuals residing in licensed skilled nursing or intermediate care facilities;

295.32 (2) individuals receiving assisted living services under chapter 144G or through a
295.33 medical assistance home and community-based waiver;

295.34 (3) individuals receiving medication intravenously;

295.35 (4) individuals receiving hospice and other palliative or end-of-life care; and

296.1 (5) individuals receiving services from a home care provider regulated under chapter
296.2 144A.

296.3 (d) A dispenser must not submit data under this subdivision unless a conspicuous
296.4 notice of the reporting requirements of this section is given to the patient for whom the
296.5 prescription was written.

296.6 Subd. 5. Use of data by board. (a) The board shall develop and maintain a database
296.7 of the data reported under subdivision 4. The board shall maintain data that could identify
296.8 an individual prescriber or dispenser in encrypted form. The database may be used by
296.9 permissible users identified under subdivision 6 for the identification of:

296.10 (1) individuals receiving prescriptions for controlled substances from prescribers
296.11 who subsequently obtain controlled substances from dispensers in quantities or with a
296.12 frequency inconsistent with generally recognized standards of dosage for those controlled
296.13 substances; and

296.14 (2) individuals presenting forged or otherwise false or altered prescriptions for
296.15 controlled substances to dispensers.

296.16 (b) No permissible user identified under subdivision 6 may access the database
296.17 for the sole purpose of identifying prescribers of controlled substances for unusual or
296.18 excessive prescribing patterns without a valid search warrant or court order.

296.19 (c) No personnel of a state or federal occupational licensing board or agency may
296.20 access the database for the purpose of obtaining information to be used to initiate or
296.21 substantiate a disciplinary action against a prescriber.

296.22 (d) Data reported under subdivision 4 shall be retained by the board in the database
296.23 for a six-month period, and shall be removed from the database six months from the
296.24 date the data was received.

296.25 Subd. 6. Access to reporting system data. (a) Except as indicated in this
296.26 subdivision, the data submitted to the board under subdivision 4 is private data on
296.27 individuals as defined in section 13.02, subdivision 12, and not subject to public disclosure.

296.28 (b) Except as specified in subdivision 5, the following persons shall be considered
296.29 permissible users and may access the data submitted under subdivision 4 in the same or
296.30 similar manner, and for the same or similar purposes, as those persons who are authorized
296.31 to access similar private data on individuals under federal and state law:

296.32 (1) a prescriber, to the extent the information relates specifically to a current patient
296.33 of the prescriber, to whom the practitioner is prescribing or considering prescribing any
296.34 controlled substance;

296.35 (2) a dispenser to the extent the information relates specifically to a current patient to
296.36 whom that dispenser is dispensing or considering dispensing any controlled substance;

297.1 (3) an individual who is the recipient of a controlled substance prescription for
297.2 which data was submitted under subdivision 4;

297.3 (4) personnel of the board specifically assigned to conduct a bona fide investigation
297.4 of a specific board licensee;

297.5 (5) personnel of the board engaged in the collection of controlled substance
297.6 prescription information as part of the assigned duties and responsibilities under this
297.7 section;

297.8 (6) authorized personnel of a vendor under contract with the board who are engaged
297.9 in the design, implementation, and maintenance of the electronic reporting system as part
297.10 of the assigned duties and responsibilities of their employment, provided that access to data
297.11 is limited to the minimum amount necessary to test and maintain the system databases;

297.12 (7) federal, state, and local law enforcement authorities engaged in a bona fide
297.13 investigation of a specific person; and

297.14 (8) personnel of the medical assistance program assigned to use the data collected
297.15 under this section to identify recipients whose usage of controlled substances may warrant
297.16 restriction to a single primary care physician, a single outpatient pharmacy, or a single
297.17 hospital.

297.18 (c) Any permissible user identified in paragraph (b), who directly accesses
297.19 the data electronically, shall implement and maintain a comprehensive information
297.20 security program that contains administrative, technical, and physical safeguards that
297.21 are appropriate to the user's size and complexity, and the sensitivity of the personal
297.22 information obtained. The permissible user shall identify reasonably foreseeable internal
297.23 and external risks to the security, confidentiality, and integrity of personal information
297.24 that could result in the unauthorized disclosure, misuse, or other compromise of the
297.25 information and assess the sufficiency of any safeguards in place to control the risks.

297.26 (d) The board shall not release data submitted under this section unless it is provided
297.27 with evidence, satisfactory to the board, that the person requesting the information is
297.28 entitled to receive the data. Access to the data by law enforcement authorities must be
297.29 accompanied by a valid search warrant.

297.30 (e) The board shall not release the name of a prescriber without the written consent
297.31 of the prescriber or a valid search warrant or court order. The board shall provide a
297.32 mechanism for a prescriber to submit to the board a signed consent authorizing the release
297.33 of the prescriber's name when data containing the prescriber's name is requested.

297.34 (f) The board shall maintain a log of all persons who access the data and shall ensure
297.35 that any permissible user complies with paragraph (c) prior to attaining direct access to
297.36 the data.

Subd. 7. **Disciplinary action.** (a) A dispenser who knowingly fails to submit data to the board as required under this section is subject to disciplinary action by the appropriate health-related licensing board.

(b) A prescriber or dispenser authorized to access the data who knowingly discloses the data in violation of state or federal laws relating to the privacy of health care data shall be subject to disciplinary action by the appropriate health-related licensing board, and appropriate civil penalties.

Subd. 8. **Evaluation and reporting.** (a) The board shall evaluate the prescription electronic reporting system to determine if the system is cost-effective and whether it is negatively impacting appropriate prescribing practices of controlled substances. The board may contract with a vendor to design and conduct the evaluation.

(b) The board shall submit the evaluation of the system to the legislature by January 15, 2010.

Subd. 9. **Immunity from liability; no requirement to obtain information.** (a) A pharmacist, prescriber, or other dispenser making a report to the program in good faith under this section is immune from any civil, criminal, or administrative liability, which might otherwise be incurred or imposed as a result of the report, or on the basis that the pharmacist or prescriber did or did not seek or obtain or use information from the program.

(b) Nothing in this section shall require a pharmacist, prescriber, or other dispenser to obtain information about a patient from the program, and the pharmacist, prescriber, or other dispenser, if acting in good faith, is immune from any civil, criminal, or administrative liability that might otherwise be incurred or imposed for requesting, receiving, or using information from the program.

EFFECTIVE DATE. This section is effective July 1, 2007, or upon receiving sufficient nonstate funds to implement the prescription electronic reporting program, whichever is later. In the event that nonstate funds are not secured by the Board of Pharmacy to adequately fund the implementation of the prescription electronic reporting program, the board is not required to implement this section without a subsequent appropriation from the legislature.

Sec. 9. Minnesota Statutes 2006, section 179A.03, subdivision 7, is amended to read:

Subd. 7. **Essential employee.** "Essential employee" means firefighters, peace officers subject to licensure under sections 626.84 to 626.863, 911 system and police and fire department public safety dispatchers, guards at correctional facilities, confidential employees, supervisory employees, assistant county attorneys, assistant city attorneys, principals, and assistant principals. However, for state employees, "essential employee"

299.1 means all employees, except for nonprofessional employees employed by the Department
299.2 of Human Services in mental health facilities for the treatment of psychopathic
299.3 personalities, sexual predators, and the criminally insane, in law enforcement, public
299.4 safety radio communications operators, health care professionals, correctional guards,
299.5 professional engineering, and supervisory collective bargaining units, irrespective of
299.6 severance, and no other employees. For University of Minnesota employees, "essential
299.7 employee" means all employees in law enforcement, nursing professional and supervisory
299.8 units, irrespective of severance, and no other employees. "Firefighters" means salaried
299.9 employees of a fire department whose duties include, directly or indirectly, controlling,
299.10 extinguishing, preventing, detecting, or investigating fires. Employees for whom the state
299.11 court administrator is the negotiating employer are not essential employees. For Hennepin
299.12 Healthcare System, Inc. employees, "essential employees" means all employees.

299.13 **EFFECTIVE DATE.** This section is effective the day following final enactment.

299.14 Sec. 10. Minnesota Statutes 2006, section 245.4874, is amended to read:

299.15 **245.4874 DUTIES OF COUNTY BOARD.**

299.16 (a) The county board must:

299.17 (1) develop a system of affordable and locally available children's mental health
299.18 services according to sections 245.487 to 245.4887;

299.19 (2) establish a mechanism providing for interagency coordination as specified in
299.20 section 245.4875, subdivision 6;

299.21 (3) consider the assessment of unmet needs in the county as reported by the local
299.22 children's mental health advisory council under section 245.4875, subdivision 5, paragraph
299.23 (b), clause (3). The county shall provide, upon request of the local children's mental health
299.24 advisory council, readily available data to assist in the determination of unmet needs;

299.25 (4) assure that parents and providers in the county receive information about how to
299.26 gain access to services provided according to sections 245.487 to 245.4887;

299.27 (5) coordinate the delivery of children's mental health services with services
299.28 provided by social services, education, corrections, health, and vocational agencies to
299.29 improve the availability of mental health services to children and the cost-effectiveness of
299.30 their delivery;

299.31 (6) assure that mental health services delivered according to sections 245.487
299.32 to 245.4887 are delivered expeditiously and are appropriate to the child's diagnostic
299.33 assessment and individual treatment plan;

300.1 (7) provide the community with information about predictors and symptoms of
300.2 emotional disturbances and how to access children's mental health services according to
300.3 sections 245.4877 and 245.4878;

300.4 (8) provide for case management services to each child with severe emotional
300.5 disturbance according to sections 245.486; 245.4871, subdivisions 3 and 4; and 245.4881,
300.6 subdivisions 1, 3, and 5;

300.7 (9) provide for screening of each child under section 245.4885 upon admission
300.8 to a residential treatment facility, acute care hospital inpatient treatment, or informal
300.9 admission to a regional treatment center;

300.10 (10) prudently administer grants and purchase-of-service contracts that the county
300.11 board determines are necessary to fulfill its responsibilities under sections 245.487 to
300.12 245.4887;

300.13 (11) assure that mental health professionals, mental health practitioners, and case
300.14 managers employed by or under contract to the county to provide mental health services
300.15 are qualified under section 245.4871;

300.16 (12) assure that children's mental health services are coordinated with adult mental
300.17 health services specified in sections 245.461 to 245.486 so that a continuum of mental
300.18 health services is available to serve persons with mental illness, regardless of the person's
300.19 age;

300.20 (13) assure that culturally informed mental health consultants are used as necessary
300.21 to assist the county board in assessing and providing appropriate treatment for children of
300.22 cultural or racial minority heritage; and

300.23 (14) consistent with section 245.486, arrange for or provide a children's mental
300.24 health screening to a child receiving child protective services or a child in out-of-home
300.25 placement, a child for whom parental rights have been terminated, a child found to be
300.26 delinquent, and a child found to have committed a juvenile petty offense for the third
300.27 or subsequent time, unless a screening or diagnostic assessment has been performed
300.28 within the previous 180 days, or the child is currently under the care of a mental health
300.29 professional. The court or county agency must notify a parent or guardian whose
300.30 parental rights have not been terminated of the potential mental health screening and the
300.31 option to prevent the screening by notifying the court or county agency in writing. The
300.32 screening shall be conducted with a screening instrument approved by the commissioner
300.33 of human services according to criteria that are updated and issued annually to ensure
300.34 that approved screening instruments are valid and useful for child welfare and juvenile
300.35 justice populations, and shall be conducted by a mental health practitioner as defined in
300.36 section 245.4871, subdivision 26, or a probation officer or local social services agency

staff person who is trained in the use of the screening instrument. Training in the use of the instrument shall include training in the administration of the instrument, the interpretation of its validity given the child's current circumstances, the state and federal data practices laws and confidentiality standards, the parental consent requirement, and providing respect for families and cultural values. If the screen indicates a need for assessment, the child's family, or if the family lacks mental health insurance, the local social services agency, in consultation with the child's family, shall have conducted a diagnostic assessment, including a functional assessment, as defined in section 245.4871. The administration of the screening shall safeguard the privacy of children receiving the screening and their families and shall comply with the Minnesota Government Data Practices Act, chapter 13, and the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191. Screening results shall be considered private data and the commissioner shall not collect individual screening results.

(b) When the county board refers clients to providers of children's therapeutic services and supports under section 256B.0943, the county board must clearly identify the desired services components not covered under section 256B.0943 and identify the reimbursement source for those requested services, the method of payment, and the payment rate to the provider.

Sec. 11. Minnesota Statutes 2006, section 253B.185, subdivision 2, is amended to read:

Subd. 2. **Transfer to correctional facility.** (a) If a person has been committed under this section and later is committed to the custody of the commissioner of corrections for any reason, including but not limited to, being sentenced for a crime or revocation of the person's supervised release or conditional release under section 244.05, ~~609.108, subdivision 6,~~ or 609.109, subdivision 7, the person shall be transferred to a facility designated by the commissioner of corrections without regard to the procedures provided in section 253B.18.

(b) If a person is committed under this section after a commitment to the commissioner of corrections, the person shall first serve the sentence in a facility designated by the commissioner of corrections. After the person has served the sentence, the person shall be transferred to a treatment program designated by the commissioner of human services.

Sec. 12. Minnesota Statutes 2006, section 254A.03, subdivision 3, is amended to read:

Subd. 3. **Rules for chemical dependency care.** The commissioner of human services shall establish by rule criteria to be used in determining the appropriate level

Subdivision 1. **Chemical dependency treatment allocation.** The chemical dependency funds appropriated for allocation shall be placed in a special revenue account. The commissioner shall annually transfer funds from the chemical dependency fund to pay for operation of the drug and alcohol abuse normative evaluation system and to pay for all costs incurred by adding two positions for licensing of chemical dependency treatment and rehabilitation programs located in hospitals for which funds are not otherwise appropriated. ~~For each year of the biennium ending June 30, 1999, the commissioner shall allocate funds to the American Indian chemical dependency tribal account for treatment of American Indians by eligible vendors under section 254B.05, equal to the amount allocated in fiscal year 1997.~~ Six percent of the remaining money must be reserved for tribal allocation under section 254B.09, subdivisions 4 and 5. The commissioner shall annually divide the money available in the chemical dependency fund that is not held in reserve by counties from a previous allocation, or allocated to the American Indian chemical dependency tribal account. Six percent of the remaining money must be reserved for the nonreservation American Indian chemical dependency allocation for treatment of American Indians by eligible vendors under section 254B.05, subdivision 1. The remainder of the money must be allocated among the counties according to the following formula, using state demographer data and other data sources determined by the commissioner:

(a) For purposes of this formula, American Indians and children under age 14 are subtracted from the population of each county to determine the restricted population.

(b) The amount of chemical dependency fund expenditures for entitled persons for services not covered by prepaid plans governed by section 256B.69 in the previous year is divided by the amount of chemical dependency fund expenditures for entitled persons for all services to determine the proportion of exempt service expenditures for each county.

(c) The prepaid plan months of eligibility is multiplied by the proportion of exempt service expenditures to determine the adjusted prepaid plan months of eligibility for each county.

(d) The adjusted prepaid plan months of eligibility is added to the number of restricted population fee for service months of eligibility for the Minnesota family investment program, general assistance, and medical assistance and divided by the county restricted population to determine county per capita months of covered service eligibility.

(e) The number of adjusted prepaid plan months of eligibility for the state is added to the number of fee for service months of eligibility for the Minnesota family investment program, general assistance, and medical assistance for the state restricted population and

304.1 divided by the state restricted population to determine state per capita months of covered
304.2 service eligibility.

304.3 (f) The county per capita months of covered service eligibility is divided by the
304.4 state per capita months of covered service eligibility to determine the county welfare
304.5 caseload factor.

304.6 (g) The median married couple income for the most recent three-year period
304.7 available for the state is divided by the median married couple income for the same period
304.8 for each county to determine the income factor for each county.

304.9 (h) The county restricted population is multiplied by the sum of the county welfare
304.10 caseload factor and the county income factor to determine the adjusted population.

304.11 (i) \$15,000 shall be allocated to each county.

304.12 (j) The remaining funds shall be allocated proportional to the county adjusted
304.13 population.

304.14 Sec. 16. Minnesota Statutes 2006, section 254B.02, subdivision 5, is amended to read:

304.16 local agencies from money allocated under this section to support administrative activities
304.17 under sections 254B.03 and 254B.04. The administrative payment must not exceed
304.18 five percent of the first \$50,000, four percent of the next \$50,000, and three percent of
304.19 the remaining payments for services from the allocation. ~~Twenty-five percent of the~~
304.20 ~~administrative allowance shall be advanced at the beginning of each quarter, based on~~
304.21 ~~the payments for services made in the most recent quarter for which data is available.~~
304.22 ~~Adjustment of any overestimate or underestimate based on actual expenditures shall be~~
304.23 ~~made by the state agency by adjusting the administrative allowance for any succeeding~~
304.24 ~~quarter.~~

304.32 (b) In order to contain costs, the county board shall, with the approval of the
304.33 commissioner of human services, select eligible vendors of chemical dependency services
304.34 who can provide economical and appropriate treatment. Unless the local agency is a social

services department directly administered by a county or human services board, the local agency shall not be an eligible vendor under section 254B.05. The commissioner may approve proposals from county boards to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. If a county implements a demonstration or experimental medical services funding plan, the commissioner shall transfer the money as appropriate. If a county selects a vendor located in another state, the county shall ensure that the vendor is in compliance with the rules governing licensure of programs located in the state.

~~(e) The calendar year 2002 rate for vendors may not increase more than three percent above the rate approved in effect on January 1, 2001. The calendar year 2003 rate for vendors may not increase more than three percent above the rate in effect on January 1, 2002. The calendar years 2004 and 2005 rates may not exceed the rate in effect on January 1, 2003.~~

~~(d)~~ (c) A culturally specific vendor that provides assessments under a variance under Minnesota Rules, part 9530.6610, shall be allowed to provide assessment services to persons not covered by the variance.

Payments shall be made at the beginning of each month for services provided in the previous month. The commissioner shall bill the county monthly for services, based on the most recent month for which expenditure information is available. Adjustment of any overestimate or underestimate based on actual expenditures shall be made by the state agency by adjusting the estimate for any succeeding month.~~

Sec. 19. Minnesota Statutes 2006, section 254B.06, subdivision 3, is amended to read:

Subd. 3. **Payment; denial.** The commissioner shall pay eligible vendors for placements made by local agencies under section 254B.03, subdivision 1, and placements by tribal designated agencies according to section 254B.09. The commissioner may reduce or deny payment of the state share when services are not provided according to the placement criteria established by the commissioner. The commissioner may pay for all or a portion of improper county chemical dependency placements and bill the county for the entire payment made when the placement did not comply with criteria established by the

H.F. No. 297, 1st Committee Engrossment - 85th Legislative Session (2007-2008)

The provider entity must review and update the clinical policies and procedures every three years and must distribute the policies and procedures to staff initially and upon each subsequent update.

(b) The clinical infrastructure written policies and procedures must include policies and procedures for:

308.1 (1) providing or obtaining a client's diagnostic assessment that identifies acute and
308.2 chronic clinical disorders, co-occurring medical conditions, sources of psychological and
308.3 environmental problems, and a functional assessment. The functional assessment must
308.4 clearly summarize the client's individual strengths and needs;

308.5 (2) developing an individual treatment plan that is:

308.6 (i) based on the information in the client's diagnostic assessment;

308.7 (ii) developed no later than the end of the first psychotherapy session after the
308.8 completion of the client's diagnostic assessment by the mental health professional who
308.9 provides the client's psychotherapy;

308.10 (iii) developed through a child-centered, family-driven planning process that
308.11 identifies service needs and individualized, planned, and culturally appropriate
308.12 interventions that contain specific treatment goals and objectives for the client and the
308.13 client's family or foster family;

308.14 (iv) reviewed at least once every 90 days and revised, if necessary; and

308.15 (v) signed by the client or, if appropriate, by the client's parent or other person

308.26 aide. A mental health professional must document the clinical supervision the professional
308.27 provides by cosigning individual treatment plans and making entries in the client's record
308.28 on supervisory activities. Clinical supervision does not include the authority to make or
308.29 terminate court-ordered placements of the child. A clinical supervisor must be available
308.30 for urgent consultation as required by the individual client's needs or the situation. Clinical
308.31 supervision may occur individually or in a small group to discuss treatment and review
308.32 progress toward goals. The focus of clinical supervision must be the client's treatment
308.33 needs and progress and the mental health practitioner's or behavioral aide's ability to
308.34 provide services;

309.11 (i) medical assistance shall reimburse a mental health practitioner who maintains a
309.12 consulting relationship with a mental health professional who accepts full professional
309.13 responsibility and is present on site for at least one observation during the first 12 hours
309.14 in which the mental health practitioner provides the individual, family, or group skills
309.15 training to the child or the child's family;

309.16 (ii) thereafter, the mental health professional is required to be present on site for
309.17 observation as clinically appropriate when the mental health practitioner is providing
309.18 individual, family, or group skills training to the child or the child's family; and

309.19 (iii) the observation must be a minimum of one clinical unit. The on-site presence of
309.20 the mental health professional must be documented in the child's record and signed by the
309.21 mental health professional who accepts full professional responsibility;

309.23 mental health behavioral aides, the clinical supervisor must be employed by the provider
309.24 entity or other certified children's therapeutic supports and services provider entity to
309.25 ensure necessary and appropriate oversight for the client's treatment and continuity
309.26 of care. The mental health professional or mental health practitioner giving direction
309.27 must begin with the goals on the individualized treatment plan, and instruct the mental
309.28 health behavioral aide on how to construct therapeutic activities and interventions that
309.29 will lead to goal attainment. The professional or practitioner giving direction must also
309.30 instruct the mental health behavioral aide about the client's diagnosis, functional status,
309.31 and other characteristics that are likely to affect service delivery. Direction must also
309.32 include determining that the mental health behavioral aide has the skills to interact with
309.33 the client and the client's family in ways that convey personal and cultural respect and
309.34 that the aide actively solicits information relevant to treatment from the family. The aide
309.35 must be able to clearly explain the activities the aide is doing with the client and the
309.36 activities' relationship to treatment goals. Direction is more didactic than is supervision

310.1 and requires the professional or practitioner providing it to continuously evaluate the
310.2 mental health behavioral aide's ability to carry out the activities of the individualized
310.3 treatment plan and the individualized behavior plan. When providing direction, the
310.4 professional or practitioner must:

310.5 (i) review progress notes prepared by the mental health behavioral aide for accuracy

310.11 (iii) demonstrate family-friendly behaviors that support healthy collaboration among
310.12 the child, the child's family, and providers as treatment is planned and implemented;

310.13 (iv) ensure that the mental health behavioral aide is able to effectively communicate
310.14 with the child, the child's family, and the provider; and

310.15 (v) record the results of any evaluation and corrective actions taken to modify the
310.16 work of the mental health behavioral aide;

310.17 (6) providing service delivery that implements the individual treatment plan and
310.18 meets the requirements under subdivision 9; and

310.19 (7) individual treatment plan review. The review must determine the extent to which
310.20 the services have met the goals and objectives in the previous treatment plan. The review
310.21 must assess the client's progress and ensure that services and treatment goals continue to
310.22 be necessary and appropriate to the client and the client's family or foster family. Revision
310.23 of the individual treatment plan does not require a new diagnostic assessment unless the
310.24 client's mental health status has changed markedly. The updated treatment plan must be
310.25 signed by the client, if appropriate, and by the client's parent or other person authorized by
310.26 statute to give consent to the mental health services for the child.

310.27 Sec. 25. Minnesota Statutes 2006, section 256B.0943, subdivision 9, is amended to

310.32 to both clients with severe, complex needs and clients with less intensive needs. The
310.33 provider's caseload size should reasonably enable the provider to play an active role in

311.4 (3) a day treatment program is provided to a group of clients by a multidisciplinary
311.5 team under the clinical supervision of a mental health professional. The day treatment

311.16 ~~minimum~~ three-hour time block. The three-hour time block must include at least one
311.17 hour, but no more than two hours, of individual or group psychotherapy. The remainder
311.18 of the three-hour time block may include recreation therapy, socialization therapy, or
311.19 independent living skills therapy, but only if the therapies are included in the client's

311.25 9503.0005 to 9503.0175. The program must be available at least one day a week for a
311.26 minimum two-hour time block. The structured treatment program may include individual
311.27 or group psychotherapy and recreation therapy, socialization therapy, or independent
311.28 living skills therapy, if included in the client's individual treatment plan.

312.1 (3) crisis assistance must be time-limited and designed to resolve or stabilize crisis
312.2 through arrangements for direct intervention and support services to the child and the
312.3 child's family. Crisis assistance must utilize resources designed to address abrupt or
312.4 substantial changes in the functioning of the child or the child's family as evidenced by
312.5 a sudden change in behavior with negative consequences for well being, a loss of usual
312.6 coping mechanisms, or the presentation of danger to self or others;

312.7 (4) medically necessary services that are provided by a mental health behavioral
312.8 aide must be designed to improve the functioning of the child and support the family in
312.9 activities of daily and community living. A mental health behavioral aide must document
312.10 the delivery of services in written progress notes. The mental health behavioral aide
312.11 must implement goals in the treatment plan for the child's emotional disturbance that
312.12 allow the child to acquire developmentally and therapeutically appropriate daily living
312.13 skills, social skills, and leisure and recreational skills through targeted activities. These
312.14 activities may include:

323.2 section 525A.06 is not a refusal and does not bar another person specified in section
323.3 525A.04 or 525A.09 from making an anatomical gift of the donor's body or part under
323.4 section 525A.05 or 525A.10.

323.5 (c) If a person other than the donor makes an unrevoked anatomical gift of the
323.6 donor's body or part under section 525A.05 or an amendment to an anatomical gift of the
323.7 donor's body or part under section 525A.06, another person may not make, amend, or
323.8 revoke the gift of the donor's body or part under section 525A.10.

323.9 (d) A revocation of an anatomical gift of a donor's body or part under section
323.10 525A.06 by a person other than the donor does not bar another person from making an
323.11 anatomical gift of the body or part under section 525A.05 or 525A.10.

323.12 (e) In the absence of an express, contrary indication by the donor or other person
323.13 authorized to make an anatomical gift under section 525A.04, an anatomical gift of a part
323.14 is neither a refusal to give another part nor a limitation on the making of an anatomical gift
323.15 of another part at a later time by the donor or another person.

323.16 (f) In the absence of an express, contrary indication by the donor or other person
323.17 authorized to make an anatomical gift under section 525A.04, an anatomical gift of a
323.18 part for one or more of the purposes set forth in section 525A.04 is not a limitation on
323.19 the making of an anatomical gift of the part for any of the other purposes by the donor
323.20 or any other person under section 525A.05 or 525A.10.

323.21 (g) If a donor who is an unemancipated minor dies, a parent of the donor who is
323.22 reasonably available may revoke or amend an anatomical gift of the donor's body or part.

323.23 (h) If an unemancipated minor who signed a refusal dies, a parent of the minor who
323.24 is reasonably available may revoke the minor's refusal.

323.25 **Sec. 41. [525A.09] WHO MAY MAKE ANATOMICAL GIFT OF DECEDENT'S**
323.26 **BODY OR PART.**

323.27 (a) Subject to paragraphs (b) and (c) and unless barred by section 525A.07 or
323.28 525A.08, an anatomical gift of a decedent's body or part for the purpose of transplantation,
323.29 therapy, research, or education may be made by any member of the following classes of
323.30 persons who is reasonably available, in the order of priority listed:

323.31 (1) an agent of the decedent at the time of death who could have made an anatomical
323.32 gift under section 525A.04, clause (2), immediately before the decedent's death;

323.33 (2) the spouse of the decedent;

323.34 (3) adult children of the decedent;

323.35 (4) parents of the decedent;

- 324.1 (5) adult siblings of the decedent;
- 324.2 (6) adult grandchildren of the decedent;
- 324.3 (7) grandparents of the decedent;
- 324.4 (8) an adult who exhibited special care and concern for the decedent;
- 324.5 (9) the persons who were acting as the guardians of the person of the decedent
- 324.6 at the time of death; and
- 324.7 (10) any other person having the authority to dispose of the decedent's body.
- 324.8 (b) If there is more than one member of a class listed in paragraph (a), clause (1),
- 324.9 (3), (4), (5), (6), (7), or (9), entitled to make an anatomical gift, an anatomical gift may
- 324.10 be made by a member of the class unless that member or a person to which the gift may
- 324.11 pass under section 525A.11 knows of an objection by another member of the class. If
- 324.12 an objection is known, the gift may be made only by a majority of the members of the
- 324.13 class who are reasonably available.
- 324.14 (c) A person may not make an anatomical gift if, at the time of the decedent's death,
- 324.15 a person in a prior class under paragraph (a) is reasonably available to make or to object to
- 324.16 the making of an anatomical gift.

324.17 Sec. 42. **[525A.10] MANNER OF MAKING, AMENDING, OR REVOKING**

324.18 **ANATOMICAL GIFT OF DECEDENT'S BODY OR PART.**

- 324.19 (a) A person authorized to make an anatomical gift under section 525A.09 may
- 324.20 make an anatomical gift by a document of gift signed by the person making the gift or by
- 324.21 that person's oral communication that is electronically recorded or is contemporaneously
- 324.22 reduced to a record and signed by the individual receiving the oral communication.
- 324.23 (b) Subject to paragraph (c), an anatomical gift by a person authorized under section
- 324.24 525A.09 may be amended or revoked orally or in a record by any member of a prior class
- 324.25 who is reasonably available. If more than one member of the prior class is reasonably
- 324.26 available, the gift made by a person authorized under section 525A.09 may be:
- 324.27 (1) amended only if a majority of the reasonably available members agree to the
- 324.28 amending of the gift; or
- 324.29 (2) revoked only if a majority of the reasonably available members agree to the
- 324.30 revoking of the gift or if they are equally divided as to whether to revoke the gift.
- 324.31 (c) A revocation under paragraph (b) is effective only if, before an incision has been
- 324.32 made to remove a part from the donor's body or before invasive procedures have begun to
- 324.33 prepare the recipient, the procurement organization, transplant hospital, or physician or
- 324.34 technician knows of the revocation.

Sec. 43. [525A.11] PERSONS THAT MAY RECEIVE ANATOMICAL GIFT;
PURPOSE OF ANATOMICAL GIFT.

(a) An anatomical gift may be made to the following persons named in the document of gift:

(1) a hospital; accredited medical school, dental school, college, or university; organ procurement organization; or nonprofit organization in medical education or research, for research or education;

(2) subject to paragraph (b), an individual designated by the person making the anatomical gift if the individual is the recipient of the part; and

(3) an eye bank or tissue bank.

(b) If an anatomical gift to an individual under paragraph (a), clause (2), cannot be transplanted into the individual, the part passes in accordance with paragraph (g) in the absence of an express, contrary indication by the person making the anatomical gift.

(c) If an anatomical gift of one or more specific parts or of all parts is made in a document of gift that does not name a person described in paragraph (a) but identifies the purpose for which an anatomical gift may be used, the following rules apply:

(1) if the part is an eye and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate eye bank;

(2) if the part is tissue and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate tissue bank;

(3) if the part is an organ and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate organ procurement organization as custodian of the organ; and

(4) if the part is an organ, an eye, or tissue and the gift is for the purpose of research or education, the gift passes to the appropriate procurement organization.

(d) For the purpose of paragraph (c), if there is more than one purpose of an anatomical gift set forth in the document of gift but the purposes are not set forth in any priority, the gift must be used for transplantation or therapy, if suitable. If the gift cannot be used for transplantation or therapy, the gift may be used for research or education.

(e) If an anatomical gift of one or more specific parts is made in a document of gift that does not name a person described in paragraph (a) and does not identify the purpose of the gift, the gift may be used only for transplantation or therapy, and the gift passes in accordance with paragraph (g).

(f) If a document of gift specifies only a general intent to make an anatomical gift by words such as "donor," "organ donor," or "body donor," or by a symbol or statement

326.1 of similar import, the gift may be used only for transplantation or therapy, and the gift
326.2 passes in accordance with paragraph (g).

326.3 (g) For purposes of paragraphs (b), (e), and (f), the following rules apply:

326.4 (1) if the part is an eye, the gift passes to the appropriate eye bank;

326.5 (2) if the part is tissue, the gift passes to the appropriate tissue bank; and

326.6 (3) if the part is an organ, the gift passes to the appropriate organ procurement
326.7 organization as custodian of the organ.

326.8 (h) An anatomical gift of an organ for transplantation or therapy, other than
326.9 an anatomical gift under paragraph (a), clause (2), passes to the organ procurement
326.10 organization as custodian of the organ.

326.11 (i) If an anatomical gift does not pass pursuant to paragraphs (a) to (h) or the
326.12 decedent's body or part is not used for transplantation, therapy, research, or education,
326.13 custody of the body or part passes to the person under obligation to dispose of the body or
326.14 part.

326.15 (j) A person may not accept an anatomical gift if the person knows that the gift was
326.16 not effectively made under section 525A.05 or 525A.10 or if the person knows that the
326.17 decedent made a refusal under section 525A.07 that was not revoked. For purposes of
326.18 this paragraph, if a person knows that an anatomical gift was made on a document of gift,
326.19 the person is deemed to know of any amendment or revocation of the gift or any refusal
326.20 to make an anatomical gift on the same document of gift.

326.21 (k) Except as otherwise provided in paragraph (a), clause (2), nothing in this chapter
326.22 affects the allocation of organs for transplantation or therapy.

326.23 **Sec. 44. [525A.12] SEARCH AND NOTIFICATION.**

326.24 (a) The following persons shall make a reasonable search of an individual who
326.25 the person reasonably believes is dead or near death for a document of gift or other
326.26 information identifying the individual as a donor or as an individual who made a refusal:

326.27 (1) a law enforcement officer, firefighter, paramedic, or other emergency rescuer
326.28 finding the individual; and

326.29 (2) if no other source of the information is immediately available, a hospital, as soon
326.30 as practical after the individual's arrival at the hospital.

326.31 (b) If a document of gift or a refusal to make an anatomical gift is located by the
326.32 search required by paragraph (a), clause (1), and the individual or deceased individual to
326.33 whom it relates is taken to a hospital, the person responsible for conducting the search
326.34 shall send the document of gift or refusal to the hospital. If a body is transferred to
326.35 the custody of the medical examiner, the person who discovered the body must notify

327.1 the person's dispatcher. A dispatcher notified under this section must notify the state's
327.2 federally designated organ procurement organization and inform the organization of the
327.3 deceased's name, donor status, and location.

327.4 (c) A person is not subject to criminal or civil liability for failing to discharge the
327.5 duties imposed by this section but may be subject to administrative sanctions.

327.6 Sec. 45. **[525A.13] DELIVERY OF DOCUMENT OF GIFT NOT REQUIRED;**
327.7 **RIGHT TO EXAMINE.**

327.8 (a) A document of gift need not be delivered during the donor's lifetime to be
327.9 effective.

327.10 (b) Upon or after an individual's death, a person in possession of a document of
327.11 gift or a refusal to make an anatomical gift with respect to the individual shall allow
327.12 examination and copying of the document of gift or refusal by a person authorized to
327.13 make or object to the making of an anatomical gift with respect to the individual or by a
327.14 person to which the gift could pass under section 525A.11.

327.15 Sec. 46. **[525A.14] RIGHTS AND DUTIES OF PROCUREMENT**
327.16 **ORGANIZATION AND OTHERS.**

327.17 (a) When a hospital refers an individual at or near death to a procurement
327.18 organization, the organization shall make a reasonable search of the records of the
327.19 Department of Public Safety and any donor registry that it knows exists for the
327.20 geographical area in which the individual resides to ascertain whether the individual has
327.21 made an anatomical gift.

327.22 (b) A procurement organization must be allowed reasonable access to information
327.23 in the records of the Department of Public Safety to ascertain whether an individual at
327.24 or near death is a donor.

327.25 (c) When a hospital refers an individual at or near death to a procurement
327.26 organization, the organization may conduct any reasonable examination necessary to
327.27 ensure the medical suitability of a part that is or could be the subject of an anatomical gift
327.28 for transplantation, therapy, research, or education from a donor or a prospective donor.
327.29 During the examination period, measures necessary to ensure the medical suitability of the
327.30 part may not be withdrawn unless the hospital or procurement organization knows that
327.31 the individual expressed a contrary intent.

327.32 (d) Unless prohibited by law other than this chapter, at any time after a donor's death,
327.33 the person to which a part passes under section 525A.11 may conduct any reasonable

328.1 examination necessary to ensure the medical suitability of the body or part for its intended
328.2 purpose.

328.3 (e) Unless prohibited by law other than this chapter, an examination under paragraph
328.4 (c) or (d) may include an examination of all medical and dental records of the donor or
328.5 prospective donor.

328.6 (f) Upon the death of a minor who was a donor or had signed a refusal, unless a
328.7 procurement organization knows the minor is emancipated, the procurement organization
328.8 shall conduct a reasonable search for the parents of the minor and provide the parents with
328.9 an opportunity to revoke or amend the anatomical gift or revoke the refusal.

328.10 (g) Upon referral by a hospital under paragraph (a), a procurement organization shall
328.11 make a reasonable search for any person listed in section 525A.09 having priority to make
328.12 an anatomical gift on behalf of a prospective donor. If a procurement organization receives
328.13 information that an anatomical gift to any other person was made, amended, or revoked, it
328.14 shall promptly advise the other person of all relevant information.

328.15 (h) Subject to sections 525A.11, paragraph (i), and 525A.23, the rights of the person
328.16 to which a part passes under section 525A.11 are superior to the rights of all others with
328.17 respect to the part. The person may accept or reject an anatomical gift in whole or in part.
328.18 Subject to the terms of the document of gift and this chapter, a person that accepts an
328.19 anatomical gift of an entire body may allow embalming, burial, or cremation, and use of
328.20 remains in a funeral service. If the gift is of a part, the person to which the part passes
328.21 under section 525A.11, upon the death of the donor and before embalming, burial, or
328.22 cremation, shall cause the part to be removed without unnecessary mutilation.

328.23 (i) Neither the physician who attends the decedent at death nor the physician who
328.24 determines the time of the decedent's death may participate in the procedures for removing
328.25 or transplanting a part from the decedent.

328.26 (j) A physician or technician may remove a donated part from the body of a donor
328.27 that the physician or technician is qualified to remove.

328.28 **Sec. 47. [525A.15] COORDINATION OF PROCUREMENT AND USE.**

328.29 Each hospital in this state shall enter into agreements or affiliations with procurement
328.30 organizations for coordination of procurement and use of anatomical gifts.

328.31 **Sec. 48. [525A.16] SALE OR PURCHASE OF PARTS PROHIBITED; FELONY.**

328.32 (a) Except as otherwise provided in paragraph (b), a person that, for valuable
328.33 consideration, knowingly purchases or sells a part for transplantation or therapy if removal
328.34 of a part from an individual is intended to occur after the individual's death, commits a

329.1 felony and upon conviction is subject to a fine not exceeding \$10,000 or imprisonment
329.2 not exceeding five years, or both.

329.3 (b) A person may charge a reasonable amount for the removal, processing,
329.4 preservation, quality control, storage, transportation, implantation, or disposal of a part.

329.5 Sec. 49. **[525A.17] PROHIBITED ACTS; FELONY.**

329.6 A person that, in order to obtain a financial gain, intentionally falsifies, forges,
329.7 conceals, defaces, or obliterates a document of gift, an amendment or revocation of a
329.8 document of gift, or a refusal commits a felony and upon conviction is subject to a fine not
329.9 exceeding \$10,000 or imprisonment not exceeding five years, or both.

329.10 Sec. 50. **[525A.18] IMMUNITY.**

329.11 (a) A person that acts in accordance with this chapter or with the applicable
329.12 anatomical gift law of another state, or attempts in good faith to do so, is not liable for the
329.13 act in a civil action, criminal prosecution, or administrative proceeding.

329.14 (b) Neither the person making an anatomical gift nor the donor's estate is liable for
329.15 any injury or damage that results from the making or use of the gift.

329.16 (c) In determining whether an anatomical gift has been made, amended, or revoked
329.17 under this chapter, a person may rely upon representations of an individual listed in
329.18 section 525A.09, paragraph (a), clause (2), (3), (4), (5), (6), (7), or (8), relating to the
329.19 individual's relationship to the donor or prospective donor unless the person knows that
329.20 the representation is untrue.

329.21 (d) An anatomical gift under this chapter is not a sale of goods as that term is defined
329.22 in section 336.2-105, paragraph (1), or the sale of a product.

329.23 Sec. 51. **[525A.19] LAW GOVERNING VALIDITY; CHOICE OF LAW AS TO**
329.24 **EXECUTION OF DOCUMENT OF GIFT; PRESUMPTION OF VALIDITY.**

329.25 (a) A document of gift is valid if executed in accordance with:

329.26 (1) this chapter;

329.27 (2) the laws of the state or country where it was executed; or

329.28 (3) the laws of the state or country where the person making the anatomical gift
329.29 was domiciled, has a place of residence, or was a national at the time the document of
329.30 gift was executed.

329.31 (b) If a document of gift is valid under this section, the law of this state governs
329.32 the interpretation of the document of gift.

330.1 (c) A person may presume that a document of gift or amendment of an anatomical
330.2 gift is valid unless that person knows that it was not validly executed or was revoked.

330.3 Sec. 52. **[525A.20] DONOR REGISTRY.**

330.4 (a) The Department of Health may establish or contract for the establishment of a
330.5 donor registry.

330.6 (b) The Department of Public Safety shall cooperate with a person that administers
330.7 any donor registry that this state establishes, contracts for, or recognizes for the purpose
330.8 of transferring to the donor registry all relevant information regarding a donor's making,
330.9 amendment to, or revocation of an anatomical gift.

330.10 (c) A donor registry must:

330.11 (1) allow a donor or other person authorized under section 525A.04 to include on
330.12 the donor registry a statement or symbol that the donor has made, amended, or revoked
330.13 an anatomical gift;

330.14 (2) be accessible to a procurement organization to allow it to obtain relevant
330.15 information on the donor registry to determine, at or near death of the donor or a
330.16 prospective donor, whether the donor or prospective donor has made, amended, or revoked
330.17 an anatomical gift; and

330.18 (3) be accessible, for purposes of clauses (1) and (2), seven days a week on a
330.19 24-hour basis.

330.20 (d) Personally identifiable information on a donor registry about a donor or
330.21 prospective donor may not be used or disclosed without the express consent of the donor,
330.22 prospective donor, or person that made the anatomical gift for any purpose other than
330.23 to determine, at or near death of the donor or prospective donor, whether the donor or
330.24 prospective donor has made, amended, or revoked an anatomical gift.

330.25 (e) This section does not prohibit any person from creating or maintaining a donor
330.26 registry that is not established by or under contract with the state. Any such registry
330.27 must comply with paragraphs (c) and (d).

330.28 Sec. 53. **[525A.21] EFFECT OF ANATOMICAL GIFT ON ADVANCE HEALTH**
330.29 **CARE DIRECTIVE.**

330.30 (a) In this section:

330.31 (1) "advance health care directive" means a power of attorney for health care
330.32 or a record signed by a prospective donor containing the prospective donor's direction
330.33 concerning a health care decision for the prospective donor;

(2) "declaration" means a record signed by a prospective donor specifying the circumstances under which a life support system may be withheld or withdrawn from the prospective donor; and

(3) "health care decision" means any decision made regarding the health care of the prospective donor.

(b) If a prospective donor has a declaration or advance health care directive, measures necessary to ensure the medical suitability of an organ for transplantation or therapy may not be withheld or withdrawn from the prospective donor, unless the declaration expressly provides to the contrary.

Sec. 54. **[525A.22] COOPERATION BETWEEN MEDICAL EXAMINER AND PROCUREMENT ORGANIZATION.**

(a) A medical examiner shall cooperate with procurement organizations to maximize the opportunity to recover anatomical gifts for the purpose of transplantation, therapy, research, or education.

(b) If a medical examiner receives notice from a procurement organization that an anatomical gift might be available or was made with respect to a decedent whose body is under the jurisdiction of the medical examiner and a postmortem examination is going to be performed, unless the medical examiner denies recovery in accordance with section 525A.23, the medical examiner or designee shall conduct a postmortem examination of the body or the part in a manner and within a period compatible with its preservation for the purposes of the gift.

(c) A part may not be removed from the body of a decedent under the jurisdiction of a medical examiner for transplantation, therapy, research, or education unless the part is the subject of an anatomical gift. The body of a decedent under the jurisdiction of the medical examiner may not be delivered to a person for research or education unless the body is the subject of an anatomical gift. This paragraph does not preclude a medical examiner from performing the medicolegal investigation upon the body or parts of a decedent under the jurisdiction of the medical examiner.

Sec. 55. **[525A.23] FACILITATION OF ANATOMICAL GIFT FROM DECEDENT WHOSE BODY IS UNDER JURISDICTION OF MEDICAL EXAMINER.**

(a) Upon request of a procurement organization, a medical examiner shall release to the procurement organization the name, contact information, and available medical and social history of a decedent whose body is under the jurisdiction of the medical examiner.

332.1 If the decedent's body or part is medically suitable for transplantation, therapy, research,
332.2 or education, the medical examiner shall release postmortem examination results to
332.3 the procurement organization. The procurement organization may make a subsequent
332.4 disclosure of the postmortem examination results or other information received from the
332.5 medical examiner only if relevant to transplantation or therapy.

332.6 (b) The medical examiner may conduct a medicolegal examination by reviewing
332.7 all medical records, laboratory test results, x-rays, other diagnostic results, and other
332.8 information that any person possesses about a donor or prospective donor whose body is
332.9 under the jurisdiction of the medical examiner which the medical examiner determines
332.10 may be relevant to the investigation.

332.11 (c) A person that has any information requested by a medical examiner pursuant
332.12 to paragraph (b) shall provide that information as expeditiously as possible to allow the
332.13 medical examiner to conduct the medicolegal investigation within a period compatible
332.14 with the preservation of parts for the purpose of transplantation, therapy, research, or
332.15 education.

332.16 (d) If an anatomical gift has been or might be made of a part of a decedent whose
332.17 body is under the jurisdiction of the medical examiner and a postmortem examination
332.18 is not required, or the medical examiner determines that a postmortem examination is
332.19 required but that the recovery of the part that is the subject of an anatomical gift will
332.20 not interfere with the examination, the medical examiner and procurement organization
332.21 shall cooperate in the timely removal of the part from the decedent for the purpose of
332.22 transplantation, therapy, research, or education.

332.23 (e) If an anatomical gift of a part from the decedent under the jurisdiction of
332.24 the medical examiner has been or might be made, but the medical examiner initially
332.25 believes that the recovery of the part could interfere with the postmortem investigation
332.26 into the decedent's cause or manner of death, the medical examiner shall consult with
332.27 the procurement organization or physician or technician designated by the procurement
332.28 organization about the proposed recovery. After consultation, the medical examiner may
332.29 allow the recovery.

332.30 (f) Following the consultation under paragraph (e), in the absence of mutually
332.31 agreed-upon protocols to resolve conflict between the medical examiner and the
332.32 procurement organization, if the medical examiner intends to deny recovery of an organ
332.33 for transplantation, the medical examiner or designee, at the request of the procurement
332.34 organization, shall attend the removal procedure for the part before making a final
332.35 determination not to allow the procurement organization to recover the part. During
332.36 the removal procedure, the medical examiner or designee may allow recovery by the

333.1 procurement organization to proceed, or, if the medical examiner or designee reasonably
333.2 believes that the part may be involved in determining the decedent's cause or manner of
333.3 death, deny recovery by the procurement organization.

333.4 (g) If the medical examiner or designee denies recovery under paragraph (f), the
333.5 medical examiner or designee shall:

333.6 (1) explain in a record the specific reasons for not allowing recovery of the part;

333.7 (2) include the specific reasons in the records of the medical examiner; and

333.8 (3) provide a record with the specific reasons to the procurement organization.

333.9 (h) If the medical examiner or designee allows recovery of a part under paragraph

333.10 (d), (e), or (f), the procurement organization, upon request, shall cause the physician

333.11 or technician who removes the part to provide the medical examiner with a record

333.12 describing the condition of the part, a biopsy, a photograph, and any other information and

333.13 observations that would assist in the postmortem examination.

333.14 (i) If a medical examiner or designee is required to be present at a removal procedure

333.15 under paragraph (f), upon request the procurement organization requesting the recovery

Applications for the program must be made available to provider offices, local human services agencies, school districts, schools, community health offices, and other sites willing to cooperate in program outreach. These sites may accept applications and forward applications to the commissioner, and counties where applicable. Applications may also be made directly to the commissioner and to counties that determine eligibility.

Subd. 2. **Eligibility determination.** Counties that determine eligibility for MinnesotaCare as of March 1, 2007, shall determine eligibility for the children's health

341.1 security program. The commissioner, and counties where applicable, shall determine an
341.2 applicant's eligibility for the program within 30 days of the date the application is received,
341.3 according to the procedures in Code of Federal Regulations, title 42, section 435.911.

341.4 Subd. 3. **Presumptive eligibility.** Coverage under the program is available during a
341.5 presumptive eligibility period for children under age 19 whose family income does not
341.6 exceed the applicable income standard. The presumptive eligibility period begins on the
341.7 date on which a health care provider enrolled in the program, or other entity designated by
341.8 the commissioner, determines, based on preliminary information, that the child's family
341.9 income does not exceed the applicable income standard. The presumptive eligibility period
341.10 ends the earlier of the day on which a determination is made of eligibility under this section
341.11 or the last day of the month following the month presumptive eligibility was determined.

341.12 Subd. 4. **Renewal of eligibility.** The commissioner shall require enrollees to renew
341.13 eligibility every 12 months.

341.14 Subd. 5. **Continuous eligibility.** Children under the age of 19 who are eligible

341.18 Counties not required to determine eligibility under section 256N.11, subdivision
341.19 2, may choose to determine eligibility under that section. Counties may also choose
341.20 to provide assistance to applicants under section 256N.17, subdivision 1, and provide
341.21 ombudsperson services under section 256N.17, subdivision 2. This must not limit the
341.22 ability of the commissioner to establish reasonable staffing standards that relate to the
341.23 number of persons served, and that provide a county option to hire part-time staff or pursue
341.24 multicounty implementation models. If a county chooses not to deliver these services, they
341.25 must be delivered by the commissioner. State and federal funding to support these services
341.26 must be the same, whether delivered by the state or by a county or group of counties.

341.27 **Sec. 11. [256N.13] SERVICE DELIVERY.**

341.28 Subdivision 1. **Contracts for service delivery.** The commissioner, within each

341.30 organizations licensed under chapter 62D, community integrated service networks licensed
341.31 under chapter 62N, accountable provider networks licensed under chapter 62T, and
341.32 county-based purchasing plans established under section 256B.692, to provide covered
341.33 health care services to program enrollees under a managed care system, and may contract
341.34 with health care and social service providers to provide services on a fee-for-service basis.

342.1 Section 256B.69, subdivision 26, applies to contracts with managed care organizations. In
342.2 determining the method for service delivery, the commissioner shall consider the cost and
342.3 quality of health care services; the breadth of services offered, including medical, dental
342.4 and mental health services; the breadth of choice of medical providers for enrollees; the
342.5 ease of access to quality medical care for enrollees; the efficiency and cost-effectiveness of
342.6 service delivery; and the integration of best medical practice standards into the children's
342.7 health security program.

342.8 Subd. 2. **Managed care organization requirements.** (a) Managed care
342.9 organizations under contract are responsible for coordinating covered health care services
342.10 provided to eligible individuals. Managed care organizations under contract:

342.11 (1) shall authorize and arrange for the provision of all needed covered health
342.12 services under chapter 256B, with the exception of services available only under a medical
342.13 assistance home and community-based waiver, in order to ensure appropriate health care
342.14 is delivered to enrollees;

342.15 (2) shall comply with the requirements of section 256B.69, subdivision 26;

342.16 (3) shall accept the prospective, per capita payment from the commissioner in return
342.17 for the provision of comprehensive and coordinated health care services for enrollees;

342.18 (4) may contract with health care and social service providers to provide covered
342.19 services to enrollees; and

342.20 (5) shall institute enrollee grievance procedures according to the method established
342.21 by the commissioner, utilizing applicable requirements of chapter 62D and Code of
342.22 Federal Regulations, title 42, section 438, subpart F. Disputes may also be appealed to
342.23 the commissioner using the procedures in section 256.045.

342.24 (b) Upon implementation of the children's health security program, the commissioner
342.25 shall withhold five percent of managed care organization payments pending completion
342.26 of performance targets, including lead screening, well child services, immunizations,
342.27 vision screening, and customer service performance targets. Effective January 1, 2011,
342.28 the commissioner shall add treatment of asthma and screening for mental health as new
342.29 performance targets. Each performance target must apply uniformly to all managed care
342.30 organizations, and be qualitative, objective, measurable, and reasonably attainable, except
342.31 in the case of a performance target based on federal or state law or rule. Criteria for
342.32 assessment of each performance target must be outlined in writing prior to the contract
342.33 effective date. The withhold funds must be returned no sooner than July of the following
342.34 year if performance targets in the contract are achieved. The success of each managed care
342.35 organization in reaching performance targets must be reported to the legislature annually.

Subd. 3. **Fee-for-service delivery.** Disputes related to services provided under the fee-for-service system may be appealed to the commissioner using the procedures in section 256.045.

Subd. 4. **Contracts for waiver services.** The commissioner, when services are delivered through managed care, may contract with health care and social service providers on a fee-for-service basis to provide program enrollees with covered services available only under a medical assistance home and community-based waiver. The commissioner shall determine eligibility for home and community-based waiver services using the criteria and procedures in chapter 256B. Disputes related to services provided on a fee-for-service basis may be appealed to the commissioner using the procedures in section 256.045.

Subd. 5. **Service delivery for Minnesota disabilities health option recipient.** Individuals who voluntarily enroll in the Minnesota Disability Health Option (MnDHO), established under section 256B.69, subdivision 23, shall continue to receive their home and community-based waiver services through MnDHO.

Subd. 6. **Disabled or blind children.** Children eligible for medical assistance due to blindness or disability as determined by the Social Security Administration or the state medical review team are exempt from enrolling in a managed care organization and shall be provided health benefits on a fee-for-service basis.

Sec. 12. **[256N.15] PAYMENT RATES.**

Subdivision 1. **Establishment.** The commissioner, in consultation with a health care actuary, shall establish the method and amount of payments for services. The commissioner shall annually contract with eligible entities to provide services to program enrollees. The commissioner, in consultation with the Risk Adjustment Association established under section 62Q.03, subdivision 6, shall develop and implement a risk adjustment system for the program.

Subd. 2. **Provider rates.** In establishing the payment amount under subdivision 1, the commissioner shall ensure that fee-for-service payment rates for preventative care services provided on or after October 1, 2008, are at least five percent above the medical assistance rates for preventative services in effect on September 30, 2008, and shall ensure that fee-for-service payment rates for all other services provided on or after October 1, 2008, are at least three percent above the medical assistance rates for those services in effect on September 30, 2008. The commissioner shall adjust managed care capitation rates to reflect these increases, and shall require managed care organizations, as a condition of contract, to pass these increases on to providers under contract.

Sec. 13. [256N.17] CONSUMER ASSISTANCE.

Subdivision 1. Assistance to applicants. The commissioner shall assist applicants in choosing a managed care organization or fee-for-service provider by:

(1) establishing a Web site to provide information about managed care organizations and fee-for-service providers and to allow online enrollment;

(2) make information on managed care organizations and fee-for-service providers available at the sites specified in section 256N.11, subdivision 1;

(3) make applications and information on managed care organizations and fee-for-service providers available to applicants and enrollees according to Title VI of the Civil Rights Act and federal regulations adopted under that law or any guidance from the United States Department of Health and Human Services; and

(4) make benefit educators available to assist applicants in choosing a managed care organization or fee-for-service provider.

Subd. 2. Ombudsperson. The commissioner shall designate an ombudsperson to advocate for children enrolled in the children's health security program. The ombudsperson shall assist enrollees in understanding and making use of complaint and appeal procedures and ensure that necessary medical services are provided to enrollees. At the time of enrollment, the commissioner shall inform enrollees about the ombudsperson program, the right to a resolution of the enrollee's complaint by the managed care organization if the enrollee experiences a problem with the managed care organization or its providers, and appeal rights under section 256.045.

Sec. 14. [256N.19] MONITORING AND EVALUATION OF QUALITY AND COSTS.

(a) The commissioner, as a condition of contract, shall require each participating managed care organization and participating provider to submit, in the form and manner specified by the commissioner, data required for assessing enrollee satisfaction, quality of care, cost, and utilization of services. The commissioner shall evaluate this data, in order to:

ARTICLE 9

HEALTH CARE REFORM

Section 1. Minnesota Statutes 2006, section 62A.65, subdivision 3, is amended to read:

Subd. 3. **Premium rate restrictions.** No individual health plan may be offered, sold, issued, or renewed to a Minnesota resident unless the premium rate charged is determined in accordance with the following requirements:

(a) Premium rates must be no more than 25 percent above and no more than 25 percent below the index rate charged to individuals for the same or similar coverage, adjusted pro rata for rating periods of less than one year. The premium variations permitted by this paragraph must be based only upon health status, claims experience, and occupation. For purposes of this paragraph, health status includes refraining from tobacco use or other actuarially valid lifestyle factors associated with good health, provided that the lifestyle factor and its effect upon premium rates have been determined by the commissioner to be actuarially valid and have been approved by the commissioner. Variations permitted under this paragraph must not be based upon age or applied differently at different ages. This paragraph does not prohibit use of a constant percentage adjustment for factors permitted to be used under this paragraph.

(b) Premium rates may vary based upon the ages of covered persons only as provided in this paragraph. In addition to the variation permitted under paragraph (a), each health carrier may use an additional premium variation based upon age for adults aged 19 and above of up to plus or minus 50 percent of the index rate. Premium rates for children under the age of 19 may not vary based on age, regardless of whether the child is covered as a dependent or as a primary insured.

(c) A health carrier may request approval by the commissioner to establish separate geographic regions determined by the health carrier and to establish separate index rates for each such region. The commissioner shall grant approval if the following conditions are met:

- (1) the geographic regions must be applied uniformly by the health carrier;
- (2) each geographic region must be composed of no fewer than seven counties that create a contiguous region; and
- (3) the health carrier provides actuarial justification acceptable to the commissioner for the proposed geographic variations in index rates, establishing that the variations are based upon differences in the cost to the health carrier of providing coverage.

(d) Health carriers may use rate cells and must file with the commissioner the rate cells they use. Rate cells must be based upon the number of adults or children covered

under the policy and may reflect the availability of Medicare coverage. The rates for different rate cells must not in any way reflect generalized differences in expected costs between principal insureds and their spouses.

(e) In developing its index rates and premiums for a health plan, a health carrier shall take into account only the following factors:

(1) actuarially valid differences in rating factors permitted under paragraphs (a) and (b); and

(2) actuarially valid geographic variations if approved by the commissioner as provided in paragraph (c).

(f) All premium variations must be justified in initial rate filings and upon request of the commissioner in rate revision filings. All rate variations are subject to approval by the commissioner.

(g) The loss ratio must comply with the section 62A.021 requirements for individual health plans.

(h) The rates must not be approved, unless the commissioner has determined that the rates are reasonable. In determining reasonableness, the commissioner shall consider the growth rates applied under section 62J.04, subdivision 1, paragraph (b), to the calendar year or years that the proposed premium rate would be in effect, actuarially valid changes in risks associated with the enrollee populations, and actuarially valid changes as a result of statutory changes in Laws 1992, chapter 549.

(i) An insurer may, as part of a minimum lifetime loss ratio guarantee filing under section 62A.02, subdivision 3a, include a rating practices guarantee as provided in this paragraph. The rating practices guarantee must be in writing and must guarantee that the policy form will be offered, sold, issued, and renewed only with premium rates and premium rating practices that comply with subdivisions 2, 3, 4, and 5. The rating practices guarantee must be accompanied by an actuarial memorandum that demonstrates that the premium rates and premium rating system used in connection with the policy form will satisfy the guarantee. The guarantee must guarantee refunds of any excess premiums to policyholders charged premiums that exceed those permitted under subdivision 2, 3, 4, or 5. An insurer that complies with this paragraph in connection with a policy form is exempt from the requirement of prior approval by the commissioner under paragraphs (c), (f), and (h).

361.20 (2) a public program volume factor, which is determined by the total volume of
361.21 public program ~~revenue received~~ charges submitted by each training site as a percentage of

361.23 In this formula, the education factor is weighted at 67 percent and the public program
361.24 volume factor is weighted at 33 percent.

361.25 Public program ~~revenue~~ charges for the distribution formula ~~includes revenue from~~
361.26 include charges for medical assistance, prepaid medical assistance, general assistance

To ensure the quality of clinical training, those accredited sponsoring institutions must:

(1) develop contracts specifying the terms, expectations, and outcomes of the clinical training conducted at sites; and

(2) take necessary action if the contract requirements are not met. Action may include the withholding of payments under this section or the removal of students from the site.

(e) Any funds not distributed in accordance with the commissioner's approval letter must be returned to the medical education and research fund within 30 days of receiving notice from the commissioner. The plan may consist of legislative actions, administrative actions of governmental entities, collaborative actions, and actions of individuals and individual organizations. Among other things, the action plan must include the following, with specific and measurable goals and deadlines for each:

366.9 Sec. 13. Minnesota Statutes 2006, section 62L.12, subdivision 2, is amended to read:

366.10 Subd. 2. **Exceptions.** (a) A health carrier may sell, issue, or renew individual
366.11 conversion policies to eligible employees otherwise eligible for conversion coverage under
366.12 section 62D.104 as a result of leaving a health maintenance organization's service area.

366.13 (b) A health carrier may sell, issue, or renew individual conversion policies to
366.14 eligible employees otherwise eligible for conversion coverage as a result of the expiration
366.15 of any continuation of group coverage required under sections 62A.146, 62A.17, 62A.21,
366.16 62C.142, 62D.101, and 62D.105.

366.17 (c) A health carrier may sell, issue, or renew conversion policies under section
366.18 62E.16 to eligible employees.

366.19 (d) A health carrier may sell, issue, or renew individual continuation policies to
366.20 eligible employees as required.

366.21 (e) A health carrier may sell, issue, or renew individual health plans if the coverage
366.22 is appropriate due to an unexpired preexisting condition limitation or exclusion applicable
366.23 to the person under the employer's group health plan or due to the person's need for health
366.24 care services not covered under the employer's group health plan.

366.25 (f) A health carrier may sell, issue, or renew an individual health plan, if the
366.26 individual has elected to buy the individual health plan not as part of a general plan to
366.27 substitute individual health plans for a group health plan nor as a result of any violation of
366.28 subdivision 3 or 4.

366.29 (g) Nothing in this subdivision relieves a health carrier of any obligation to provide
366.30 continuation or conversion coverage otherwise required under federal or state law.

366.31 (h) Nothing in this chapter restricts the offer, sale, issuance, or renewal of coverage
366.32 issued as a supplement to Medicare under sections 62A.3099 to 62A.44, or policies or
366.33 contracts that supplement Medicare issued by health maintenance organizations, or those
366.34 contracts governed by sections 1833, 1851 to 1859, 1860D, or 1876 of the federal Social
366.35 Security Act, United States Code, title 42, section 1395 et seq., as amended.

(i) Nothing in this chapter restricts the offer, sale, issuance, or renewal of individual health plans necessary to comply with a court order.

(j) A health carrier may offer, issue, sell, or renew an individual health plan to persons eligible for an employer group health plan, if the individual health plan is a high deductible health plan for use in connection with an existing health savings account, in compliance with the Internal Revenue Code, section 223. In that situation, the same or a different health carrier may offer, issue, sell, or renew a group health plan to cover the other eligible employees in the group.

(k) A health carrier may offer, sell, issue, or renew an individual health plan to one or more employees of a small employer if the individual health plan is marketed directly to all employees of the small employer and the small employer does not contribute directly or indirectly to the premiums or facilitate the administration of the individual health plan. The requirement to market an individual health plan to all employees does not require the health carrier to offer or issue an individual health plan to any employee. For purposes of this paragraph, an employer is not contributing to the premiums or facilitating the administration of the individual health plan if the employer does not contribute to the premium and merely collects the premiums from an employee's wages or salary through payroll deductions and submits payment for the premiums of one or more employees in a lump sum to the health carrier. Except for coverage under section 62A.65, subdivision 5, paragraph (b), or 62E.16, at the request of an employee, the health carrier may bill the employer for the premiums payable by the employee, provided that the employer is not liable for payment except from payroll deductions for that purpose. If an employer is submitting payments under this paragraph, the health carrier shall provide a cancellation notice directly to the primary insured at least ten days prior to termination of coverage for nonpayment of premium. Individual coverage under this paragraph may be offered only if the small employer has not provided coverage under section 62L.03 to the employees within the past 12 months.

The employer must provide a written and signed statement to the health carrier that the employer is not contributing directly or indirectly to the employee's premiums. The health carrier may rely on the employer's statement and is not required to guarantee-issue individual health plans to the employer's other current or future employees.

(l) Nothing in this chapter restricts the offer, sale, issuance, or renewal of individual health plans through the Minnesota Health Insurance Exchange under section 62A.67 or 62A.68.

368.4 (1) every Minnesotan has access to a full range of quality health care services;

368.5 (2) every Minnesotan is able to obtain affordable health coverage which pays for the
368.6 full range of services, including preventive and primary care; and

368.7 (3) every Minnesotan pays into the health care system according to that person's
368.8 ability.

368.9 **EFFECTIVE DATE.** This section is effective July 1, 2007.

368.10 Sec. 15. Minnesota Statutes 2006, section 62Q.165, subdivision 2, is amended to read:

368.15 achieved by improving access to private health coverage through insurance reforms and
368.16 market reforms, by making health coverage more affordable for low-income Minnesotans
368.17 through purchasing pools and state subsidies, and by reducing the cost of health coverage
368.18 through cost containment programs and methods of ensuring that all Minnesotans are
368.19 paying into the system according to their ability.

368.20 **EFFECTIVE DATE.** This section is effective July 1, 2007.

368.21 Sec. 16. Minnesota Statutes 2006, section 62Q.80, subdivision 3, is amended to read:

369.20 ~~available federal funds.~~

369.21 Sec. 18. Minnesota Statutes 2006, section 62Q.80, subdivision 13, is amended to read:

371.15 (11) a report on health care capital expenditures during the previous year, as required
371.16 by section 62J.17.

371.17 (b) Beginning with hospital fiscal year 2009, each nonprofit hospital shall report on
371.18 community benefits under paragraph (a), clause (5). "Community benefit" means the costs
371.19 of community care, underpayment for services provided under state health care programs,
371.20 research costs, community health services costs, financial and in-kind contributions, costs
371.21 of community building activities, costs of community benefit operations, education, and
371.22 the cost of operating subsidized services. The cost of bad debts and underpayment for
371.23 Medicare services are not included in the calculation of community benefit.

371.24 Sec. 21. Minnesota Statutes 2006, section 144.699, is amended by adding a subdivision
371.25 to read:

371.26 Subd. 5. **Annual reports on community benefit, community care amounts,**

372.1 is a demonstrated inability to pay. Any costs forgiven under a hospital's community care
372.2 plan or under section 62J.83 may be counted in the hospital's calculation of community
372.3 care. Bad debt expenses and discounted charges available to the uninsured shall not be
372.4 included in the calculation of community care. The amount of community care is the value
372.5 of costs incurred and not the charges made for services.

372.6 (d) For purposes of this subdivision, underpayment for services provided by state
372.7 public health care programs is the difference between hospital costs and public program
372.8 payments. The information shall be reported in terms of total dollars and as a percentage
372.9 of total operating costs for each hospital.

372.15 by the commissioner under chapters 256B, 256D, and 256L;

372.16 (2) medical groups that implement effective medical home models of patient care

372.18 coordination, and management of chronic conditions; and

372.19 (3) eligible medical groups and clinics that evaluate medical provider usage patterns
372.20 and provide feedback to individual medical providers on that provider's practice patterns
372.21 relative to peer medical providers.

372.22 (b) The commissioner shall also develop and implement a patient incentive health
372.23 program to provide incentives and rewards to patients who are enrolled in health care
372.24 programs administered by the commissioner under chapters 256B, 256D, and 256L, and
372.25 who have agreed to and meet personal health goals established with their primary care
372.26 provider to manage a chronic disease or condition including, but not limited to, diabetes,
372.27 high blood pressure, and coronary artery disease.

372.28 (c) The commissioner may receive any federal matching money that is made
372.29 available through the medical assistance program for managed care oversight contracted
372.30 through vendors including consumer surveys, studies, and external quality reviews as
372.31 required by the Federal Balanced Budget Act of 1997, Code of Federal Regulations,
372.32 title 42, part 438, subpart E. Any federal money received for managed care oversight is
372.33 appropriated to the commissioner for this purpose. The commissioner may expend the
372.34 federal money received in either year of the biennium.

372.35 **EFFECTIVE DATE.** This section is effective July 1, 2007.

373.1 Sec. 23. Minnesota Statutes 2006, section 256B.0625, is amended by adding a
373.2 subdivision to read:

373.3 Subd. 49. **Provider-directed care coordination services.** The commissioner
373.4 shall develop and implement a provider-directed care coordination program for medical
373.5 assistance recipients who are not enrolled in the prepaid medical assistance program and
373.6 who are receiving services on a fee-for-service basis. This program provides payment
373.7 to primary care clinics for care coordination for people who have complex and chronic
373.8 medical conditions. Clinics must meet certain criteria such as the capacity to develop care
373.9 plans; have a dedicated care coordinator; and have an adequate number of fee-for-service
373.10 clients, evaluation mechanisms, and quality improvement processes to qualify for
373.11 reimbursement.

373.12 Sec. 24. Minnesota Statutes 2006, section 256L.01, subdivision 4, is amended to read:

373.13 Subd. 4. **Gross individual or gross family income.** (a) "Gross individual or gross
373.14 family income" for nonfarm self-employed means income calculated for the six-month
373.15 period of eligibility using the net profit or loss reported on the applicant's federal income
373.16 tax form for the previous year and using the medical assistance families with children
373.17 methodology for determining allowable and nonallowable self-employment expenses and
373.18 countable income.

373.19 (b) "Gross individual or gross family income" for farm self-employed means income
373.20 calculated for the six-month period of eligibility using as the baseline the adjusted gross
373.21 income reported on the applicant's federal income tax form for the previous year ~~and~~
373.22 ~~adding back in reported depreciation amounts that apply to the business in which the~~
373.23 ~~family is currently engaged.~~

373.24 (c) "Gross individual or gross family income" means the total income for all family
373.25 members, calculated for the six-month period of eligibility.

373.26 **EFFECTIVE DATE.** This section is effective July 1, 2007.

373.27 Sec. 25. **HEALTH CARE PAYMENT SYSTEM REFORM.**

373.28 Subdivision 1. **Payment reform plan.** The commissioners of employee relations,
373.29 human services, commerce, and health shall develop a plan for promoting and facilitating
373.30 changes in payment rates and methods for paying for health care services, drugs, devices,
373.31 supplies, and equipment in order to:

373.32 (1) reward the provision of cost-effective primary and preventive care;

373.33 (2) reward the use of evidence-based care;

373.34 (3) discourage underutilization, overuse, and misuse;

374.1 (4) reward the use of the most cost-effective settings, drugs, devices, providers,
374.2 and treatments; and

374.3 (5) encourage consumers to maintain good health and use the health care system
374.4 appropriately.

374.5 In developing the plan, the commissioners shall analyze existing data to determine
374.6 specific services and health conditions for which changes in payment rates and methods
374.7 would lead to significant improvements in quality of care.

374.8 Subd. 2. **Report.** The commissioners shall submit a report to the legislature by
374.9 December 15, 2007, describing the payment reform plan. The report must include
374.10 proposed legislation for implementing those components of the plan requiring legislative
374.11 action or appropriations of money.

374.12 **EFFECTIVE DATE.** This section is effective July 1, 2007.

374.13 Sec. 26. **COMMUNITY COLLABORATIVE PILOT PROJECTS TO COVER**
374.14 **THE UNINSURED.**

374.15 Subdivision 1. **Community collaboratives.** The commissioner of human services
374.16 shall provide grants to and authorization for up to three community collaboratives that
374.17 satisfy the requirements in this section. To be eligible to receive a grant and authorization
374.18 under this section, a community collaborative must include:

374.19 (1) one or more counties;

374.20 (2) one or more local hospitals;

374.21 (3) one or more local employers who collectively provide at least 300 jobs in the
374.22 community;

374.23 (4) one or more health care clinics or physician groups; and

374.24 (5) a third-party payer, which may be a county-based purchasing plan operating
374.25 under Minnesota Statutes, section 256B.692, a self-insured employer, or a health plan
374.26 company as defined in Minnesota Statutes, section 62Q.01, subdivision 4.

374.27 Subd. 2. **Pilot project requirements.** (a) Community collaborative pilot projects
374.28 must:

374.29 (1) identify and enroll persons in the community who are uninsured, and who have,
374.30 or are at risk of developing, one of the following chronic conditions: mental illness,
374.31 diabetes, asthma, hypertension, or other chronic condition designated by the project;

374.32 (2) assist uninsured persons to obtain private-sector health insurance coverage if
374.33 possible or to enroll in any public health care programs for which they are eligible. If the
374.34 uninsured individual is unable to obtain health coverage, the community collaborative

375.1 must enroll the individual in a local health care assistance program that provides specified
375.2 services to prevent or effectively manage the chronic condition;

375.3 (3) include components to help uninsured persons retain employment or to become
375.4 employable, if currently unemployed;

375.5 (4) ensure that each uninsured person enrolled in the program has a medical home
375.6 responsible for providing, or arranging for, health care services and assisting in the
375.7 effective management of the chronic condition;

375.8 (5) coordinate services between all providers and agencies serving an enrolled
375.9 individual; and

375.10 (6) be coordinated with the state's Q-Care initiative and improve the use of
375.11 evidence-based treatments and effective disease management programs in the broader
375.12 community, beyond those individuals enrolled in the project.

375.13 (b) Projects established under this section are not insurance and are not subject to
375.14 state-mandated benefit requirements or insurance regulations.

375.15 Subd. 3. **Criteria.** Proposals must be evaluated by actuarial, financial, and clinical
375.16 experts based on the likelihood that the project would produce a positive return on
375.17 investment for the community. In awarding grants, the commissioner of human services
375.18 shall give preference to proposals that:

375.19 (1) have broad community support from local businesses, provider counties, and
375.20 other public and private organizations;

375.21 (2) would provide services to uninsured persons who have, or are at risk of
375.22 developing, multiple, co-occurring chronic conditions;

375.23 (3) integrate or coordinate resources from multiple sources, such as employer
375.24 contributions, county funds, social service programs, and provider financial or in-kind
375.25 support;

375.26 (4) provide continuity of treatment and services when uninsured individuals in
375.27 the program become eligible for public or private health insurance or when insured
375.28 individuals lose their coverage;

375.29 (5) demonstrate how administrative costs for health plan companies and providers
375.30 can be reduced through greater simplification, coordination, consolidation, standardization,
375.31 reducing billing errors, or other methods; and

375.32 (6) involve local contributions to the cost of the pilot projects.

375.33 Subd. 4. **Grants.** The commissioner of human services shall provide
375.34 implementation grants of up to one-half of the community collaborative's costs for
375.35 planning, administration, and evaluation. The commissioner shall also provide grants to
375.36 community collaboratives to develop a fund to pay up to 50 percent of the cost of the

services provided to uninsured individuals. The remaining costs must be paid for through other sources or by agreement of a health care provider to contribute the cost as charity care.

Subd. 5. **Evaluation.** The commissioner of human services shall evaluate the effectiveness of each community collaborative project awarded a grant, by comparing actual costs for serving the identified uninsured persons to the predicted costs that would have been incurred in the absence of early intervention and consistent treatment to manage the chronic condition, including the costs to medical assistance, MinnesotaCare, and general assistance medical care. The commissioner shall require community collaborative projects, as a condition of receipt of a grant award, to provide the commissioner with all information necessary for this evaluation.

EFFECTIVE DATE. This section is effective July 1, 2007.

Sec. 27. HEALTH CARE PAYMENT REFORM PILOT PROJECTS.

Subdivision 1. **Pilot projects.** (a) The commissioners of health, human services, and employee relations shall develop and administer payment reform pilot projects for state employees and persons enrolled in medical assistance, MinnesotaCare, or general assistance medical care, to the extent permitted by federal requirements. The purpose of the projects is to promote and facilitate changes in payment rates and methods for paying for health care services, drugs, devices, supplies, and equipment in order to:

(1) reward the provision of cost-effective primary and preventive care;

(2) reward the use of evidence-based care;

(3) reward coordination of care for patients with chronic conditions;

(4) discourage overuse and misuse;

(5) reward the use of the most cost-effective settings, drugs, devices, providers, and treatments;

(6) encourage consumers to maintain good health and use the health care system appropriately.

(b) The pilot projects must involve the use of designated care professionals or clinics to serve as a patient's medical home and be responsible for coordinating health care services across the continuum of care. The pilot projects must evaluate different payment reform models and must be coordinated with the Minnesota senior health options program and the Minnesota disability health options program. To the extent possible, the commissioners shall coordinate state purchasing activities with other public employers and with private purchasers, self-insured groups, and health plan companies to promote the use of pilot projects encompassing both public and private purchasers and markets.

377.1 Subd. 2. **Payment methods and incentives.** The commissioners shall modify
377.2 existing payment methods and rates for those enrollees and health care providers
377.3 participating in the pilot project in order to provide incentives for care management,
377.4 team-based care, and practice redesign, and increase resources for primary care, chronic
377.5 condition care, and care provided to complex patients. The commissioners may create
377.6 financial incentives for patients to select a medical home under the pilot project by
377.7 reducing, modifying, or eliminating deductibles and co-payments for certain services, or
377.8 through other incentives. The commissioners may require patients to remain with their
377.9 designated medical home for a specified period of time. Alternative payment methods
377.10 may include complete or partial capitation, fee-for-service payments, or other payment
377.11 methodologies. The payment methods may provide for the payment of bonuses to medical
377.12 home providers or other providers, or to patients, for the achievement of performance
377.13 goals. The payment methods may include allocating a portion of the payment that
377.14 would otherwise be paid to health plans under state prepaid health care programs to the
377.15 designated medical home for specified services.

377.16 Subd. 3. **Requirements.** In order to be designated a medical home under the pilot
377.17 project, health care professionals or clinics must demonstrate their ability to:

377.18 (1) be the patient's first point of contact by telephone or other means, 24 hours a
377.19 day, seven days a week;

377.20 (2) provide or arrange for patients' comprehensive health care needs, including the
377.21 ability to structure planned chronic disease visits and to manage chronic disease through
377.22 the use of disease registries;

377.23 (3) coordinate patients' care when care must be provided outside the medical home;

377.24 (4) provide longitudinal care, not just episodic care, including meeting long-term
377.25 and unique personal needs;

377.26 (5) utilize an electronic health record and incorporate a plan to develop and make
377.27 available to patients that choose a medical home an electronic personal health record that
377.28 is prepopulated with the patient's data, consumer-directed, connected to the provider,
377.29 24-hour accessible, and owned and controlled by the patient;

377.30 (6) systematically improve quality of care using, among other inputs, patient
377.31 feedback; and

377.32 (7) create a provider network that provides for increased reimbursement for a
377.33 medical home in a cost-neutral manner.

377.34 Subd. 4. **Evaluation.** Pilot projects must be evaluated based on patient satisfaction,
377.35 provider satisfaction, clinical process and outcome measures, program costs and savings,

378.1 and economic impact on health care providers. Pilot projects must be evaluated based
378.2 on the extent to which the medical home:

378.3 (1) coordinated health care services across the continuum of care and thereby
378.4 reduced duplication of services and enhanced communication across providers;

378.5 (2) provided safe and high-quality care by increasing utilization of effective
378.6 treatments, reduced use of ineffective treatments, reduced barriers to essential care and
