37.4 all data, other than that made public at the opening, remain private or nonpublic
37.5 until a resolicitation of proposals results in completion of the evaluation process or a

Subdivision 1. **Application.** For the purposes of section 16B.328, the definitions in this section have the meanings given.

Subd. 2. **Energy conservation.** "Energy conservation" means reducing energy use and includes: (1) using a light with lower wattage; and (2) using devices such as time controls, motion detectors, or on and off switches that limit unnecessary use of lighting.

Subd. 3. **Cutoff luminaire.** "Cutoff luminaire" means a luminaire in which 2.5 percent or less of the lamp lumens are emitted above a horizontal plane through the luminaire's lowest part and ten percent or less of the lamp lumens are emitted at a vertical angle 80 degrees above the luminaire's lowest point.

Subd. 4. **Light pollution.** "Light pollution" means the shining of light produced by a luminaire above the height of the luminaire and into the sky.

41.3 Sec. 47. **[16B.328] STANDARDS FOR STATE FUNDED OUTDOOR LIGHTING**
41.4 **FIXTURES; MODEL ORDINANCE.**

41.5 Subdivision 1. Outdoor lighting fixtures. (a) An outdoor lighting fixture may be
41.6 installed or replaced using state funds only if:

41.7 (1) the new or replacement outdoor lighting fixture is a cutoff luminaire if the rated
41.8 output of the outdoor lighting fixture is greater than 1,800 lumens;

41.9 (2) the minimum illuminance adequate for the intended purpose is used with
41.10 consideration given to nationally recognized standards;

41.11 (3) for lighting of a designated highway of the state highway system, the Department
41.12 of Transportation determines that the purpose of the outdoor lighting fixture cannot be
41.13 achieved by the installation of reflective road markers, lines, warning or informational
41.14 signs, or other effective passive methods; and

41.15 (4) full consideration has been given to energy conservation and savings, reducing
41.16 glare, minimizing light pollution, and preserving the natural night environment.

41.17 (b) Paragraph (a) does not apply if:

41.18 (1) a federal law, rule, or regulation preempts state law;

41.19 (2) the outdoor lighting fixture is used on a temporary basis because emergency
41.20 personnel require additional illumination for emergency procedures;

41.21 (3) the outdoor lighting fixture is used on a temporary basis for nighttime work;

41.22 (4) special events or situations require additional illumination, provided that the
41.23 illumination installed shields the outdoor lighting fixtures from direct view and minimizes
41.24 upward lighting and light pollution;

41.25 (5) the outdoor lighting fixture is used solely to highlight the aesthetic aspects of
41.26 a single object or distinctive building; or

41.27 (6) a compelling safety interest exists that cannot be addressed by another method.

41.28 (c) This subdivision does not apply to the operation and maintenance of lights or
41.29 lighting systems purchased or installed, or for which design work is completed, before
41.30 August 1, 2007.

41.31 (d) This section does not apply if a state agency or local unit of government
41.32 determines that compliance with this section would:

41.33 (i) require an increased use of electricity;

41.34 (ii) increase the construction cost of a lighting system more than 15 percent over the
41.35 construction cost of a lighting system that does not comply with this section;

42.1 (iii) increase the cost of operation and maintenance of the lighting system more than
42.2 ten percent over the cost of operating and maintaining the existing lighting system over
42.3 the life of the lighting system; or

42.4 (iv) result in a negative safety impact.

42.5 Subd. 2. **Model ordinance.** The commissioner of administration, in consultation
42.6 with the commissioner of commerce, associations for local governments, and any other
42.7 interested person, shall develop a model ordinance that can be adapted for use by cities,
42.8 counties, and towns, governing outdoor lighting to reduce light pollution. The model
42.9 ordinance must include provisions addressing elements similar to those in subdivision 1.
42.10 In addition, the model ordinance must address:

42.11 (1) standards for lighting on private property, outdoor advertising, lighting on
42.12 commercial, industrial, or institutional property, canopies covering fueling stations, and
42.13 public streets, sidewalks, and alleys;

42.17 (5) treatment of nonconforming lighting;

42.18 (6) lighting standards that might apply in special subdistricts;

42.19 (7) light pole maximum heights; and

42.20 (8) light trespass.

42.21 Sec. 48. Minnesota Statutes 2006, section 16B.35, subdivision 1, is amended to read:

42.24 ~~the lesser of \$100,000 or~~ one percent of the total appropriation for the building for the
42.25 acquisition of works of art, excluding landscaping, which may be an integral part of the
42.26 building or its grounds, attached to the building or grounds or capable of being displayed
42.27 in other state buildings. ~~If the appropriation for works of art is limited by the \$100,000~~
42.28 ~~cap in this section, the appropriation for the construction or alteration of the building must~~
42.29 ~~be reduced to reflect the reduced amount that will be spent on works of art.~~ Money used
42.30 for this purpose is available only for the acquisition of works of art to be exhibited in areas
42.31 of a building or its grounds accessible, on a regular basis, to members of the public. No
42.32 more than ten percent of the total amount available each fiscal year under this subdivision
42.33 may be used for administrative expenses, either by the commissioner of administration or
42.34 by any other entity to whom the commissioner delegates administrative authority. For the

43.5 Sec. 49. **[16B.97] GRANTS MANAGEMENT.**

43.6 Subdivision 1. **Grant agreement.** (a) A grant agreement is a written instrument
43.7 or electronic document defining a legal relationship between a granting agency and a
43.8 grantee when the principal purpose of the relationship is to transfer cash or something of
43.9 value to the recipient to support a public purpose authorized by law instead of acquiring
43.10 by professional/technical contract, purchase, lease, or barter property or services for the
43.11 direct benefit or use of the granting agency.

43.12 (b) This section does not apply to capital project grants to political subdivisions as
43.13 defined by section 16A.86.

43.14 Subd. 2. **Grants governance.** The commissioner shall provide leadership and
43.15 direction for policy related to grants management in Minnesota in order to foster more
43.16 consistent, streamlined interaction between executive agencies, funders, and grantees that
43.17 will enhance access to grant opportunities and information and lead to greater program
43.18 accountability and transparency. The commissioner has the duties and powers stated in this
43.19 section. An executive agency must do what the commissioner requires under this section.

43.20 Subd. 3. **Discretionary powers.** The commissioner has the authority to:

43.21 (1) review grants management practices and propose policy and procedure
43.22 improvements to the governor, legislature, executive agencies, and the federal government;

43.31 (1) create general grants management policies and procedures that are applicable to
43.32 all executive agencies. The commissioner may approve exceptions to these policies and
43.33 procedures for particular grant programs. Exceptions shall expire or be renewed after five
43.34 years. Executive agencies shall retain management of individual grants programs;

44.1 (2) provide a central point of contact concerning statewide grants management
44.2 policies and procedures;

44.3 (3) serve as a resource to executive agencies in such areas as training, evaluation,
44.4 collaboration, and best practices in grants management;

44.5 (4) ensure grants management needs are considered in the development, upgrade,
44.6 and use of statewide administrative systems and leverage existing technology wherever
44.7 possible;

44.8 (5) oversee and approve future professional and technical service contracts and
44.9 other information technology spending related to executive agency grants management
44.10 activities;

44.12 violating statewide grants governance policies and about fraud and waste in grants
44.13 processes;

44.14 (7) forward received comments to the appropriate agency for further action, and
44.15 may follow up as necessary; and

44.16 (8) provide a single listing of all available executive agency competitive grant
44.17 opportunities and resulting grant recipients.

44.18 (b) The commissioner may determine that it is cost-effective for agencies to develop
44.19 and use shared grants management technology systems. This system would be governed
44.20 under section 16E.01, subdivision 3, paragraph (b).

44.21 (c) The duties assigned to the commissioner in this subdivision with respect to
44.22 grants also apply to easements granted by executive agencies.

44.23 Sec. 50. **[16B.98] GRANT AGREEMENTS.**

44.24 Subdivision 1. **Limitation.** As a condition of receiving a grant from an appropriation
44.25 of state funds, the recipient of the grant must agree to minimize administrative costs. The
44.26 granting agency is responsible for negotiating appropriate limits to these costs so that the
44.27 state derives the optimum benefit for grant funding.

44.28 Subd. 2. **Ethical practices and conflict of interest.** An employee of the executive
44.29 branch involved directly or indirectly in grants processes, at any level, is subject to the
44.30 code of ethics in section 43A.38.

44.31 Subd. 3. **Conflict of interest.** (a) The commissioner must develop policies
44.32 regarding code of ethics and conflict of interest designed to prevent conflicts of interest

45.6 (b) The policies must include:
45.7 (1) a process to make all parties to the grant aware of policies and laws relating to
45.8 conflict of interest, and training on how to avoid and address potential conflicts; and
45.9 (2) a process under which those who have a conflict of interest or a potential conflict
45.10 of interest must disclose the matter.
45.11 (c) If the employee, appointing authority, or commissioner determines that a conflict
45.12 of interest exists, the matter shall be assigned to another employee who does not have a
45.13 conflict of interest. If it is not possible to assign the matter to an employee who does not
45.14 have a conflict of interest, interested personnel shall be notified of the conflict and the
45.15 employee may proceed with the assignment.
45.16 Subd. 4. **Reporting of violations.** A state employee who discovers evidence
45.17 of violation of laws or rules governing grants is encouraged to report the violation or
45.18 suspected violation to the employee's supervisor, the commissioner or the commissioner's
45.19 designee, or the legislative auditor. The legislative auditor shall report to the Legislative
45.20 Audit Commission if there are multiple complaints about the same agency. The auditor's
45.21 report to the Legislative Audit Commission under this section must disclose only the
45.22 number and type of violations alleged. An employee making a good faith report under this
45.23 section has the protections provided for under section 181.932, prohibiting the employer
45.24 from discriminating against the employee.
45.25 Subd. 5. **Creation and validity of grant agreements.** (a) A grant agreement is
45.26 not valid and the state is not bound by the grant unless:
45.27 (1) the grant has been executed by the head of the agency or a delegate who is
45.28 party to the grant; and
45.29 (2) the accounting system shows an encumbrance for the amount of the grant in
45.30 accordance with policy approved by the commissioner.
45.31 (b) The combined grant agreement and amendments must not exceed five years
45.32 without specific, written approval by the commissioner according to established policy,
45.33 procedures, and standards, or unless the commissioner determines that a longer duration is
45.34 in the best interest of the state.

46.1 (c) A fully executed copy of the grant agreement with all amendments and other
46.2 required records relating to the grant must be kept on file at the granting agency for a time
46.3 equal to that required of grantees in subdivision 8.

46.4 (d) Grant agreements must comply with policies established by the commissioner
46.5 for minimum grant agreement standards and practices.

46.6 (e) The attorney general may periodically review and evaluate a sample of state
46.7 agency grants to ensure compliance with applicable laws.

46.8 Subd. 6. **Grant administration.** A granting agency shall diligently administer
46.9 and monitor any grant it has entered into.

46.10 Subd. 7. **Grant payments.** Payments to the grantee may not be issued until the
46.11 grant agreement is fully executed.

46.12 Subd. 8. **Audit.** (a) A grant agreement made by an executive agency must include
46.13 an expressed or implied audit clause that provides that the books, records, documents,
46.14 and accounting procedures and practices of the grantee or other party that are relevant to
46.15 the grant or transaction are subject to examination by the granting agency and either the
46.16 legislative auditor or the state auditor, as appropriate, for a minimum of six years from the
46.17 grant agreement end date, receipt and approval of all final reports, or the required period
46.18 of time to satisfy all state and program retention requirements, whichever is later.

46.19 (b) If the granting agency is a local unit of government, and the governing body of
46.20 the local unit of government requests that the state auditor examine the books, records,
46.21 documents, and accounting procedures and practices of the grantee or other party
46.22 according to this subdivision, the granting agency shall be liable for the cost of the
46.23 examination. If the granting agency is a local unit of government, and the grantee or other
46.24 party requests that the state auditor examine all books, records, documents, and accounting
46.25 procedures and practices related to the grant, the grantee or other party that requested the
46.26 examination shall be liable for the cost of the examination.

46.27 Subd. 9. **Authority of attorney general.** The attorney general may pursue
46.28 remedies available by law to avoid the obligation of an agency to pay under a grant or to
46.29 recover payments made if activities under the grant are so unsatisfactory, incomplete, or
46.30 inconsistent that payment would involve unjust enrichment. The contrary opinion of the
46.31 granting agency does not affect the power of the attorney general under this subdivision.

46.32 Subd. 10. **Grants with Indian tribes and bands.** Notwithstanding any other law,
46.33 an agency may not require an Indian tribe or band to deny its sovereignty as a requirement
46.34 or condition of a grant with an agency.

47.9 goods and services. Price must be one of the evaluation criteria when acquiring goods

47.11 considerations, quality, and vendor performance. In achieving "best value" strategic
47.12 sourcing tools, including but not limited to best and final offers, negotiations, contract
47.13 consolidation, product standardization, and mandatory-use enterprise contracts shall be
47.14 used at the commissioner's discretion.

47.26 Subd. 14. **Response.** "Response" means the offer received from a vendor in
47.27 response to a solicitation. A response includes submissions commonly referred to as
47.28 "offers," "bids," "quotes," ~~or~~ "proposals-," "best and final offers," or "negotiated offers."

47.29 Sec. 56. Minnesota Statutes 2006, section 16C.02, is amended by adding a subdivision
47.30 to read:

48.1 Subd. 20. **Strategic sourcing.** "Strategic sourcing" means methods used to
48.2 analyze and reduce spending on goods and services, including but not limited to
48.3 spend analysis, product standardization, contract consolidation, negotiations, multiple
48.4 jurisdiction purchasing alliances, reverse and forward auctions, life-cycle costing, and
48.5 other techniques.

48.15 (5) procurement from rehabilitation facilities; and

48.16 (6) organizational conflicts of interest.

48.17 Sec. 58. Minnesota Statutes 2006, section 16C.03, subdivision 4, is amended to read:

48.18 Subd. 4. **Contracting authority.** The commissioner shall conduct all contracting by,
48.19 for, and between agencies and perform all contract management and review functions for
48.20 contracts, except those functions specifically delegated to be performed by the contracting
48.21 agency, the attorney general, or otherwise provided for by law. The commissioner may
48.22 require that agency staff participate in the development of enterprise procurements
48.23 including the development of product standards, specifications and other requirements.

48.24 Sec. 59. Minnesota Statutes 2006, section 16C.03, subdivision 8, is amended to read:

48.25 Subd. 8. **Policy and procedures.** The commissioner is authorized to issue policies,

The commissioner may withdraw any delegation at the commissioner's sole discretion. The commissioner may require an agency head or subordinate to accept delegated responsibility to procure goods or services intended for the exclusive use of the agency receiving the delegation.

Sec. 61. **[16C.046] WEB SITE WITH SEARCHABLE DATABASE ON STATE CONTRACTS AND GRANTS.**

(a) The commissioner of administration must maintain a Web site with a searchable database providing the public with information on state contracts, including grant contracts. The database must include the following information for each state contract valued in excess of \$25,000:

(1) the name and address of the entity receiving the contract;

(2) the name of the agency entering into the contract;

(3) whether the contract is:

(i) for goods;

(ii) for professional or technical services;

(iii) for services other than professional and technical services; or

(iv) a grant;

(4) a brief statement of the purpose of the contract or grant;

(5) the amount of the contract or grant and the fund from which this amount will be paid; and

(6) the dollar value of state contracts, other than grants, the entity has received in each fiscal year and the dollar value of state grants the entity has received in each fiscal year.

(b) Required information on a new contract or grant must be entered into the database within 30 days of the time the contract is entered into.

(c) For purposes of this section, a "grant" is a contract between a state agency and a recipient, the primary purpose of which is to transfer cash or a thing of value to the recipient to support a public purpose. Grant does not include payments to units of local government, payments to state employees, or payments made under laws providing for assistance to individuals.

50.1 (d) The database must include information on grants and contracts entered into
50.2 beginning with fiscal year 2008 funds, and must retain that data for ten years.

50.3 **EFFECTIVE DATE.** This section is effective January 1, 2008.

50.4 Sec. 62. Minnesota Statutes 2006, section 16C.05, subdivision 1, is amended to read:

50.5 Subdivision 1. **Agency cooperation.** Agencies shall fully cooperate with the
50.6 commissioner in the management and review of state contracts and in the development
50.7 and implementation of strategic sourcing techniques.

50.8 Sec. 63. Minnesota Statutes 2006, section 16C.05, subdivision 2, is amended to read:

50.9 Subd. 2. **Creation and validity of contracts.** (a) A contract is not valid and the state
50.10 is not bound by it and no agency, without the prior written approval of the commissioner
50.11 granted pursuant to subdivision 2a, may authorize work to begin on it unless:

50.12 (1) it has first been executed by the head of the agency or a delegate who is a party
50.13 to the contract;

50.14 (2) it has been approved by the commissioner; and

50.15 (3) the accounting system shows an encumbrance for the amount of the contract
50.16 liability, except as allowed by policy approved by the commissioner and commissioner of
50.17 finance for routine, low-dollar procurements.

50.18 (b) The combined contract and amendments must not exceed five years without
50.19 specific, written approval by the commissioner according to established policy, procedures,
50.20 and standards, or unless otherwise provided for by law. The term of the original contract
50.21 must not exceed two years unless the commissioner determines that a longer duration is
50.22 in the best interest of the state.

50.23 (c) Grants, interagency agreements, purchase orders, work orders, and annual plans
50.24 need not, in the discretion of the commissioner and attorney general, require the signature
50.25 of the commissioner and/or the attorney general. A signature is not required for work
50.26 orders and amendments to work orders related to Department of Transportation contracts.
50.27 Bond purchase agreements by the Minnesota Public Facilities Authority do not require
50.28 the approval of the commissioner.

50.29 (d) Amendments to contracts must entail tasks that are substantially similar to
50.30 those in the original contract or involve tasks that are so closely related to the original
50.31 contract that it would be impracticable for a different contractor to perform the work. The
50.32 commissioner or an agency official to whom the commissioner has delegated contracting
50.33 authority under section 16C.03, subdivision 16, must determine that an amendment would
50.34 serve the interest of the state better than a new contract and would cost no more.

51.1 (e) A fully executed copy of every contract, amendments to the contract, and
51.2 performance evaluations relating to the contract must be kept on file at the contracting
51.3 agency for a time equal to that specified for contract vendors and other parties in
51.4 subdivision 5.

51.5 (f) The attorney general must periodically review and evaluate a sample of state
51.6 agency contracts to ensure compliance with laws.

51.7 Sec. 64. Minnesota Statutes 2006, section 16C.08, is amended by adding a subdivision
51.8 to read:

51.9 Subd. 1a. **Enterprise procurement.** Notwithstanding section 15.061 or any
51.10 other law, the commissioner shall, to the fullest extent practicable, conduct enterprise
51.11 procurements that result in the establishment of professional or technical contracts for
51.12 use by multiple state agencies. The commissioner is authorized to mandate use of any
51.13 contract entered into as a result of an enterprise procurement process. Agencies shall fully
51.14 cooperate in the development and use of contracts entered into under this section.

51.15 Sec. 65. Minnesota Statutes 2006, section 16C.08, subdivision 2, is amended to read:

51.16 Subd. 2. **Duties of contracting agency.** (a) Before an agency may seek approval of
51.17 a professional or technical services contract valued in excess of \$5,000, it must provide
51.18 the following:

51.19 (1) a description of how the proposed contract or amendment is necessary and
51.20 reasonable to advance the statutory mission of the agency;

51.21 (2) a description of the agency's plan to notify firms or individuals who may be
51.22 available to perform the services called for in the solicitation; ~~and~~

51.23 (3) a description of the performance measures or other tools that will be used to
51.24 monitor and evaluate contract performance; and

51.25 (4) an explanation detailing, if applicable, why this procurement is being pursued
51.26 unilaterally by the agency and not as an enterprise procurement.

51.27 (b) In addition to paragraph (a), the agency must certify that:

51.28 (1) no current state employee is able and available to perform the services called
51.29 for by the contract;

51.30 (2) the normal competitive bidding mechanisms will not provide for adequate
51.31 performance of the services;

51.32 (3) reasonable efforts will be made to publicize the availability of the contract to
51.33 the public;

52.1 (4) the agency will develop and implement a written plan providing for the
52.2 assignment of specific agency personnel to manage the contract, including a monitoring
52.3 and liaison function, the periodic review of interim reports or other indications of past
52.4 performance, and the ultimate utilization of the final product of the services;

52.5 (5) the agency will not allow the contractor to begin work before the contract is fully
52.6 executed unless an exception under section 16C.05, subdivision 2a, has been granted by
52.7 the commissioner and funds are fully encumbered;

52.8 (6) the contract will not establish an employment relationship between the state or
52.9 the agency and any persons performing under the contract; ~~and~~

52.10 (7) in the event the results of the contract work will be carried out or continued by
52.11 state employees upon completion of the contract, the contractor is required to include
52.12 state employees in development and training, to the extent necessary to ensure that after
52.13 completion of the contract, state employees can perform any ongoing work related to
52.14 the same function; and

52.15 (8) the agency will not contract out its previously eliminated jobs for four years
52.16 without first considering the same former employees who are on the seniority unit layoff
52.17 list who meet the minimum qualifications determined by the agency.

52.18 (c) A contract establishes an employment relationship for purposes of paragraph (b),
52.19 clause (6), if, under federal laws governing the distinction between an employee and an
52.20 independent contractor, a person would be considered an employee.

52.21 Sec. 66. Minnesota Statutes 2006, section 16C.08, subdivision 4, is amended to read:

52.22 Subd. 4. **Reports.** (a) The commissioner shall submit to the governor, the chairs of
52.23 the house Ways and Means and senate Finance Committees, and the Legislative Reference
52.24 Library a yearly listing of all contracts for professional or technical services executed.
52.25 The report must identify the contractor, contract amount, duration, and services to be
52.26 provided. The commissioner shall also issue yearly reports summarizing the contract
52.27 review activities of the department by fiscal year.

52.28 (b) The fiscal year report must be submitted by September 1 of each year and must:

52.29 (1) be sorted by agency and by contractor;

52.30 (2) show the aggregate value of contracts issued by each agency and issued to each
52.31 contractor;

52.32 (3) distinguish between contracts that are being issued for the first time and contracts
52.33 that are being extended;

52.34 (4) state the termination date of each contract;

53.1 (5) identify services by commodity code, including topics such as contracts for
53.2 training, contracts for research and opinions, and contracts for computer systems; and

53.3 (6) identify which contracts were awarded without following the solicitation process
53.4 in this chapter because it was determined that there was only a single source for the
53.5 services.

53.6 (c) Within 30 days of final completion of a contract over \$50,000 covered by this
53.7 subdivision, the head of the agency entering into the contract must submit a one-page
53.8 report to the commissioner who must submit a copy to the Legislative Reference Library.
53.9 The report must:

53.10 (1) summarize the purpose of the contract, including why it was necessary to enter
53.11 into a contract;

53.12 (2) state the amount spent on the contract;

53.13 ~~(3) be accompanied by the performance evaluation prepared according to subdivision~~
53.14 ~~4a, and~~

53.15 ~~(4)~~ (3) if the contract was awarded without following the solicitation process in this
53.16 chapter because it was determined that there was only a single source for the services,
53.17 explain why the agency determined there was only a single source for the services; and

53.18 (4) include a written performance evaluation of the work done under the contract.

53.19 The evaluation must include an appraisal of the contractor's timeliness, quality, cost, and
53.20 overall performance in meeting the terms and objectives of the contract. Contractors may
53.21 request copies of evaluations prepared under this subdivision and may respond in writing.
53.22 Contractor responses must be maintained with the contract file.

53.23 Sec. 67. Minnesota Statutes 2006, section 16C.08, is amended by adding a subdivision
53.24 to read:

53.25 Subd. 4b. **Limitations on actions.** No action may be maintained by a contractor
53.26 against an employee or agency who discloses information about a current or former
53.27 contractor under subdivision 4, unless the contractor demonstrates by clear and convincing
53.28 evidence that:

53.29 (1) the information was false and defamatory;

53.30 (2) the employee or agency knew or should have known the information was false
53.31 and acted with malicious intent to injure the current or former contractor; and

53.32 (3) the information was acted upon in a manner that caused harm to the current or
53.33 former contractor.

53.34 Sec. 68. [16C.086] CALL-CENTER.

54.1 An agency may not enter into a contract for operation of a call-center, or a contract
54.2 whose primary purpose is to provide similar services answering or responding to telephone
54.3 calls on behalf of an agency without determining if the service can be provided by state
54.4 employees, and the services must be provided at offices located in the United States. For
54.5 purposes of this section, "agency" includes the Minnesota State Colleges and Universities.

54.6 **EFFECTIVE DATE.** This section is effective the day following final enactment,
54.7 and applies to a contract entered into or renewed or otherwise extended after that date.

54.8 Sec. 69. Minnesota Statutes 2006, section 16C.10, subdivision 7, is amended to read:

54.9 Subd. 7. **Reverse auction.** (a) For the purpose of this subdivision, "reverse auction"
54.10 means a purchasing process in which vendors compete to provide goods or ~~computer~~
54.11 services at the lowest selling price in an open and interactive environment. Reverse
54.12 auctions may not be utilized to procure engineering design services or architectural
54.13 services or to establish building and construction contracts under sections 16C.26 to
54.14 16C.29.

54.15 (b) The provisions of sections 13.591, subdivision 3, and 16C.06, subdivision 2,
54.16 do not apply when the commissioner determines that a reverse auction is the appropriate
54.17 purchasing process.

54.18 Sec. 70. Minnesota Statutes 2006, section 16C.16, subdivision 5, is amended to read:

54.19 Subd. 5. **Designation of targeted groups.** (a) The commissioner of administration
54.20 shall periodically designate businesses that are majority owned and operated by women,
54.21 persons with a substantial physical disability, or specific minorities as targeted group
54.22 businesses within purchasing categories as determined by the commissioner. A group
54.23 may be targeted within a purchasing category if the commissioner determines there is a
54.24 statistical disparity between the percentage of purchasing from businesses owned by
54.25 group members and the representation of businesses owned by group members among all
54.26 businesses in the state in the purchasing category.

54.27 (b) In addition to designations under paragraph (a), an individual business may be
54.28 included as a targeted group business if the commissioner determines that inclusion is
54.29 necessary to remedy discrimination against the owner based on race, gender, or disability
54.30 in attempting to operate a business that would provide goods or services to public agencies.

54.31 (c) In addition to the designations under paragraphs (a) and (b), the commissioner of
54.32 administration shall designate businesses that are majority owned and operated by veterans
54.33 who have served in federal active service as defined in section 190.05, subdivision 5c, in
54.34 support of Operation Enduring Freedom or Operation Iraqi Freedom as targeted group

55.1 businesses within purchasing categories as determined by the commissioner. "Veteran"
55.2 has the meaning given in section 197.447, and also includes both currently serving and
55.3 honorably discharged members of the national guard and other military reserves.

55.4 ~~(e)~~ (d) The designations of purchasing categories and businesses under paragraphs
55.5 (a) ~~and~~, (b), and (c) are not rules for purposes of chapter 14, and are not subject to
55.6 rulemaking procedures of that chapter.

55.7 **EFFECTIVE DATE.** This section is effective July 1, 2007, and applies to
55.8 procurement contract bid solicitations issued on and after that date.

55.9 Sec. 71. **[16C.251] BEST AND FINAL OFFER.**

55.10 A "best and final offer" solicitation process may not be used for building and
55.11 construction contracts.

55.12 Sec. 72. **[16E.22] LICENSING SYSTEM.**

55.13 The state chief information officer may enter into a professional or technical services
55.14 contract for information systems development in which the vendor finances all or part
55.15 of the cost of system development. The state chief information officer may assess and
55.16 accept a fee for business and occupational licenses for the purpose of developing and
55.17 maintaining a licensing system. Before implementing a fee under this section, the director
55.18 must submit the proposed fee to the Legislative Advisory Commission for its review. Fees
55.19 under this section must be established under the rulemaking process in section 14.389.
55.20 Section 16A.1283 does not apply to fees established under this section. Fee revenue
55.21 received under this section is appropriated in fiscal years 2008 and 2009 to the Office of
55.22 Enterprise Technology for purposes of developing and maintaining an electronic system
55.23 for business and occupational licenses.

55.24 Sec. 73. Minnesota Statutes 2006, section 37.06, is amended to read:

55.25 **37.06 SECRETARY; LEGISLATIVE AUDITOR; DUTIES; REPORT.**

55.26 The secretary shall keep a complete record of the proceedings of the annual meetings
55.27 of the State Agricultural Society and all meetings of the board of managers and any
55.28 committee of the board, keep all accounts of the society other than those kept by the
55.29 treasurer of the society, and perform other duties as directed by the board of managers. On
55.30 or before December 31 each year, the secretary shall report to the governor for the fiscal
55.31 year ending October 31 all the proceedings of the society during the current year and its

financial condition as appears from its books. This report must contain a full, detailed statement of all receipts and expenditures during the year.

The books and accounts of the society for the fiscal year must be examined and audited annually by the legislative auditor. The cost of the examination must be paid by the society to the state and credited to the ~~general fund~~ appropriation for the legislative auditor.

A summary of this examination, certified by the legislative auditor, must be appended to the secretary's report, along with the legislative auditor's recommendations and the proceedings of the first annual meeting of the society held following the secretary's report, including addresses made at the meeting as directed by the board of managers. The summary, recommendations, and proceedings must be printed in the same manner as the reports of state officers. Copies of the report must be printed annually and distributed as follows: to each society or association entitled to membership in the society, to each newspaper in the state, and the remaining copies as directed by the board of managers.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 74. Minnesota Statutes 2006, section 43A.02, is amended by adding a subdivision to read:

Subd. 18a. **Domestic partner.** "Domestic partner" means a person who has entered into a committed interdependent relationship with another adult, where the partners:

(1) are responsible for each other's basic common welfare;

(2) share a common residence and intend to do so indefinitely;

(3) are not related by blood or adoption to an extent that would prohibit marriage in this state; and

(4) are legally competent and qualified to enter into a contract.

For purposes of this subdivision, domestic partners may share a common residence, even if:

(1) they do not each have a legal right to possess the residence; or

(2) one or both domestic partners possess additional real property.

If one domestic partner temporarily leaves the common residence with the intention to return, the domestic partners continue to share a common residence for the purposes of this subdivision.

Sec. 75. Minnesota Statutes 2006, section 43A.24, subdivision 1, is amended to read:

Subdivision 1. **General.** Employees, including persons on layoff from a civil service position, and employees who are employed less than full time, shall be eligible for state paid life insurance and hospital, medical and dental benefits as provided in

57.1 collective bargaining agreements or plans established pursuant to section 43A.18. If a
57.2 collective bargaining agreement or plan provides state paid health insurance for spouses of
57.3 employees, the insurance must be made available to domestic partners of state employees
57.4 on the same terms and conditions.

57.5 Sec. 76. Minnesota Statutes 2006, section 43A.49, is amended to read:

57.6 **43A.49 VOLUNTARY UNPAID LEAVE OF ABSENCE.**

57.7 (a) Appointing authorities in state government may allow each employee to take
57.8 unpaid leaves of absence for up to 1,040 hours ~~between June 1, 2003, and June 30, 2005.~~
57.9 ~~The 1,040-hour limit replaces, and is not in addition to, limits set in prior laws in each~~
57.10 two-year period beginning July 1 of each odd-numbered year. Each appointing authority
57.11 approving such a leave shall allow the employee to continue accruing vacation and
57.12 sick leave, be eligible for paid holidays and insurance benefits, accrue seniority, and, if
57.13 payments are made under paragraph (b), accrue service credit and credited salary in the
57.14 state retirement plans, as if the employee had actually been employed during the time of
57.15 leave. An employee covered by the unclassified plan may voluntarily make the employee
57.16 contributions to the unclassified plan during the leave of absence. If the employee makes
57.17 these contributions, the appointing authority must make the employer contribution. If the
57.18 leave of absence is for one full pay period or longer, any holiday pay shall be included in
57.19 the first payroll warrant after return from the leave of absence. The appointing authority
57.20 shall attempt to grant requests for the unpaid leaves of absence consistent with the need to
57.21 continue efficient operation of the agency. However, each appointing authority shall retain
57.22 discretion to grant or refuse to grant requests for leaves of absence and to schedule and
57.23 cancel leaves, subject to the applicable provisions of collective bargaining agreements
57.24 and compensation plans.

57.25 (b) To receive eligible service credit and credited salary in a defined benefit plan, the

Subd. 2. **Compliance; good faith effort.** (a) The commissioner must approve a plan and issue a certificate of compliance under this section to a business if the business demonstrates that it is in compliance with equitable compensation relationship standards or is making a good faith effort to achieve compliance with those standards. Subd. 5. **Revocation of contract.** A contract awarded by a department or agency of the state may be terminated or abridged by the contracting department or agency because of suspension or revocation of a certificate. If a contract is awarded to a business that does not have a contract compliance certificate as required, the commissioner of administration may void the contract on behalf of the state.

Subd. 6. **Technical assistance.** If the commissioner has suspended a contractor's certificate of compliance, the commissioner shall provide technical assistance that may

59.1 enable the contractor to be recertified within 90 days after the contractor's certificate
59.2 has been suspended.

73.34 The trust administrator must report electronically to the state auditor the portfolio and

74.13 insurance company or agency retirement investment department. Investment earnings
74.14 must be credited to the trust account of the individual political subdivision or public entity.

74.15 (d) For trust assets invested by the State Board of Investment, the investment

74.36 law affecting that political subdivision's or public entity's liabilities for postemployment

benefits, or (ii) there has been a change in the demographic composition of that political subdivision's or public entity's employees eligible for postemployment benefits, or (iii) there has been a change in the provisions or terms of the postemployment benefits in that political subdivision or public entity including, but not limited to, the portion of the costs eligible employees must pay to receive the benefits, or (iv) other factors exist that have a material effect on that political subdivision's or public entity's actuarially determined liabilities for postemployment benefits, in which event any amount in excess of 100 percent of that political subdivision's or public entity's actuarially determined liabilities for postemployment benefits, as determined under standards of the Government Accounting Standards Board, may be withdrawn and used for any purpose.

The political subdivision or public entity that created the trust must ensure that withdrawals comply with the requirements of this section.

(d) The legislature may not divert funds in these trusts or trust accounts for use for any other purpose.

Subd. 8. Status of irrevocable trust. (a) All money in an irrevocable trust or trust account created in this section is held in trust for the exclusive benefit of former officers and employees of the participating political subdivision or public entity, and are not subject to claims by creditors of the state, the participating political subdivision or public entity, the current or former officers and employees of the political subdivision or public entity, or the trust administrator.

(b) An irrevocable trust fund or trust account created in this section shall be deemed an arrangement equivalent to a trust for all legal purposes.

83.32 Board of Trustees (MnSCU), in collaboration with the commissioner of employee relations
83.33 shall establish an enterprise-wide pilot project to provide consumer-owned electronic

84.1 Minnesota State Colleges and Universities Board of Trustees shall work in collaboration
84.2 with the commissioner of the department responsible for administration of the state
84.3 employee group insurance program.

84.4 Subd. 2. **Project goals.** The goal of the project is to provide consumer-owned
84.5 electronic personal health records that are portable among health care providers, health
84.6 plan companies, and employers in order to control costs, improve quality, and enhance
84.7 safety, and to demonstrate the feasibility of a statewide health information exchange.
84.8 The pilot project shall coordinate to the extent possible with other health information

84.10 health information exchange. The electronic personal health records may provide, but
84.11 are not limited to, the following:

84.12 (1) access to electronic medical records;

84.13 (2) prescription and appointment information;

84.14 (3) information regarding health education, public health, and health cost

84.19 the commissioner of finance, may enter into contracts for: (1) development and
84.20 implementation of an electronic system for executive branch state agencies to issue
84.21 licenses; and (2) development and implementation of an integrated system to support
84.22 tax processing, reporting, and enforcement functions. The director must use funds
84.23 appropriated by this act for these purposes. In addition, the director may enter into
84.24 contracts for these purposes under which the vendor initially pays all or part of the costs,
84.25 and the state accounting system does not show an encumbrance for some or all of the
84.26 contract liability when the director initially enters into the contracts.

84.27 (b) Before entering into a contract authorized by this section, the director must
84.28 prepare, and the commissioner of finance must approve, a plan for how payments will be
84.29 made to the vendors under the contracts. If the contracts will involve performance-based
84.30 payments to the vendor, the plan must describe the criteria for making those payments. If
84.31 the director intends to pay for all or part of the contract from savings generated, the plan
84.32 must describe what savings are anticipated, and how the savings will be captured so as to
84.33 be available to make payments under the contract. The plan must explain how the total
84.34 contract costs relate to the costs anticipated in the governor's budget recommendations
84.35 presented to the legislature in 2007.

85.1 (c) The director must present the plan required by paragraph (b) to the chairs of the
85.2 house Ways and Means and Finance Committees and the senate Finance Committee when
85.3 the director submits the plan to the commissioner of finance for approval. The director
85.4 must notify these chairs when the commissioner of finance has approved the plan. This
85.5 notice must include any changes from the original plan.

85.6 (d) The director must report to the chairs of the house Ways and Means and Finance
85.7 Committees and the senate Finance Committee by January 15 each of the next five years
85.8 after entering into a contract authorized under this section. The report must include a
85.9 detailed breakdown of how and by whom the contract costs are being paid, and on the cost
85.10 savings and service improvements achieved as a result of the contract.

85.11 Sec. 119. **PRE-1969 TRA MEMBER GRATUITY PAYMENT.**

85.12 (a) \$4,100,000 is appropriated to the executive director of the Teachers Retirement
85.13 Association for the payment of a gratuity to persons who were teachers as defined in
85.14 Minnesota Statutes, section 354.05, subdivision 2, and who rendered teaching service as
85.15 defined in Minnesota Statutes, section 354.05, subdivision 3, either during the 1968-1969
85.16 school year, but were not covered by the improved money purchase program savings
85.17 clause in Minnesota Statutes, section 354.55, subdivision 17, or before the 1968-1969
85.18 school year, did not take a refund of member contributions upon the termination of teacher
85.19 service, and who were eligible to make an election under Minnesota Statutes 1971, section
85.20 354.55, subdivision 8. The payment is intended to reflect the special contribution of
85.21 these persons to education and to offset any unfulfilled expectation the person may have
85.22 as to potential benefit levels. The gratuity payment amount for each person is \$1,000 or
85.23 a prorated portion of that amount if, at any time, the executive director of the Teachers
85.24 Retirement Association determines that payment of the full amount to the remaining
85.25 participants would likely exceed the appropriation.

85.26 (b) The Teachers Retirement Association shall make available to persons eligible to
85.27 receive a payment under this section on or before August 1, 2007, an application form.
85.28 Filing an application form is a waiver of any legal, equitable, or legislative claim for any
85.29 other special consideration and the form must indicate the waiver.

85.30 (c) On August 1, 2007, the Teachers Retirement Association shall determine those
85.31 remaining persons who are eligible to receive a payment under this section and who have
85.32 not applied for a payment and send to each remaining person, at the person's residence
85.33 of record, a state warrant of the full or a prorated payment amount. If the recipient
85.34 negotiates the state warrant, that negotiation constitutes a waiver of any legal, equitable,
85.35 or legislative claim for any other special consideration as documentation accompanying

86.1 the warrant must indicate the waiver. Any warrant under this section expires on August
86.2 1, 2009, and the amount of any unnegotiated state warrant under this section cancels
86.3 to the Teachers Retirement Association.

86.4 Sec. 120. **CERTIFICATE OF COMPLIANCE; TEMPORARY PROVISION.**

86.5 Subdivision 1. **Pay equity.** Until July 1, 2008, a business that is not in compliance
86.6 with equitable compensation relationship standards under Minnesota Statutes, section
86.7 43A.50, is making a good faith effort to achieve compliance if the commissioner of
86.8 employee relations has approved:

86.9 (1) a statement of the business's intention to prepare a pay equity report and an
86.10 estimated date no later than July 1, 2008, when the report and plan will be submitted; and

86.11 (2) information on the business's current status, including a statement on the
86.12 existence of a company-wide job evaluation system, the total number of male and female
86.13 employees of the business, and the business's interest in receiving training on how to
86.14 establish equitable compensation relationships.

86.15 Subd. 2. **Report.** The commissioner of employee relations shall report to the
86.16 legislature by January 31, 2008, on implementation of this section. The report must
86.17 include findings and recommendations on any changes needed to ensure that state
86.18 contractors achieve equitable compensation relationships.

86.19 Sec. 121. **SUSTAINABLE GROWTH WORKING GROUP.**

86.20 Subdivision 1. **Creation.** The sustainable growth working group consists of the

87.6 a process for implementing state-level coordination of state and local policies, programs,
87.7 and regulations in the areas of housing, transportation, natural resource preservation,
87.8 capital development, economic development, sustainability, and preservation of the
87.9 environment. The working group must identify sustainable development principles that
87.10 will guide decision making in Minnesota. The working group must gather information
87.11 and develop strategies relative to the strategic use of state resources, to be consistent with
87.12 statewide goals of sustainable development. The working group must report proposed
87.13 strategies, recommendations, and a process for implementation to the legislature and the
87.14 governor by February 1, 2008. In its report to the legislature and the governor, the working
87.15 group must identify its source of funding.

87.16 Subd. 3. **Administrative provisions.** (a) The commissioner of administration
87.17 must convene the initial meeting. Upon request of the working group, the commissioner
87.18 must provide meeting space and administrative services for the group. The Office of
87.19 Geographic and Demographic Analysis must provide staff support for the working group.
87.20 The members of the working group must elect a chair.

87.23 (c) The working group expires June 30, 2008.

87.24 (d) The working group may accept gifts and grants, which are accepted on behalf
87.25 of the state and constitute donations to the state. Funds received are appropriated to the
87.26 commissioner of administration for purposes of the working group.

87.27 Sec. 122. **ASSISTANCE.**

87.28 House and senate staff must assist the Legislative Coordinating Commission with
87.29 new duties assigned to the commission by this act.

87.30 Sec. 123. **TRAINING SERVICES.**

87.31 During the biennium ending June 30, 2009, state executive branch agencies must

ARTICLE 3
BEST VALUE CONTRACTS

Section 1. Minnesota Statutes 2006, section 16C.02, is amended by adding a subdivision to read:

Subd. 4a. **Best value; construction.** For purposes of construction, building, alteration, improvement, or repair services, "best value" describes the result determined by a procurement method that considers price and performance criteria, which may include, but are not limited to:

- (1) the quality of the vendor's or contractor's performance on previous projects;
- (2) the timeliness of the vendor's or contractor's performance on previous projects;
- (3) the level of customer satisfaction with the vendor's or contractor's performance on previous projects;
- (4) the vendor's or contractor's record of performing previous projects on budget and ability to minimize cost overruns;
- (5) the vendor's or contractor's ability to minimize change orders;
- (6) the vendor's or contractor's ability to prepare appropriate project plans;
- (7) the vendor's or contractor's technical capacities;
- (8) the individual qualifications of the contractor's key personnel; or
- (9) the vendor's or contractor's ability to assess and minimize risks.

"Performance on previous projects" does not include the exercise or assertion of a person's legal rights. This definition does not apply to sections 16C.32, 16C.33, 16C.34, and 16C.35.

Sec. 2. Minnesota Statutes 2006, section 16C.02, is amended by adding a subdivision to read:

Subd. 20. **Vendor.** "Vendor" means a business, including a construction contractor or a natural person, and includes both if the natural person is engaged in a business.

Sec. 3. Minnesota Statutes 2006, section 16C.03, subdivision 3, is amended to read:

Subd. 3. **Acquisition authority.** The commissioner shall acquire all goods, services, and utilities needed by agencies. The commissioner shall acquire goods, services, and

89.1 utilities by requests for bids, requests for proposals, reverse auctions as provided in
89.2 section 16C.10, subdivision 7, or other methods provided by law, unless a section of law
89.3 requires a particular method of acquisition to be used. The commissioner shall make all
89.4 decisions regarding acquisition activities. The determination of the acquisition method
89.5 and all decisions involved in the acquisition process, unless otherwise provided for by
89.6 law, shall be based on best value which includes an evaluation of price and may include
89.7 other considerations including, but not limited to, environmental considerations, quality,
89.8 and vendor performance. A best value determination must be based on the evaluation
89.9 criteria detailed in the solicitation document. If criteria other than price are used, the
89.10 solicitation document must state the relative importance of price and other factors. ~~Unless~~
89.11 ~~it is determined by the commissioner that an alternative solicitation method provided by~~
89.12 ~~law should be used to determine best value, a request for bid must be used to solicit~~
89.13 ~~formal responses for all building and construction contracts.~~ Any or all responses may
89.14 be rejected. When using the request for bid process, the bid must be awarded to the
89.15 lowest responsive and responsible bidder, taking into consideration conformity with
89.16 the specifications, terms of delivery, the purpose for which the contract or purchase is
89.17 intended, the status and capability of the vendor, and other considerations imposed in the
89.18 request for bids. The commissioner may decide which is the lowest responsible bidder
89.19 for all purchases and may use the principles of life-cycle costing, where appropriate, in
89.20 determining the lowest overall bid. The duties set forth in this subdivision are subject to
89.21 delegation pursuant to this section.

89.22 Sec. 4. Minnesota Statutes 2006, section 16C.03, is amended by adding a subdivision
89.23 to read:

89.24 Subd. 3a. **Acquisition authority; construction contracts.** For all building and
89.25 construction contracts, the commissioner shall award contracts pursuant to section
89.26 16C.28, and "best value" shall be defined and applied as set forth in sections 16C.02,
89.27 subdivision 4a and 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).
89.28 The duties set forth in this subdivision are subject to delegation pursuant to this section.
89.29 The commissioner shall establish procedures for developing and awarding best value
89.30 requests for proposals for construction projects. The criteria to be used to evaluate the
89.31 proposals must be included in the solicitation document and must be evaluated in an open
89.32 and competitive manner.

89.33 Sec. 5. Minnesota Statutes 2006, section 16C.03, is amended by adding a subdivision
89.34 to read:

90.1 Subd. 19. **Training.** Any personnel administering procurement procedures for a
90.2 user of best value procurement or any consultant retained by a local unit of government to
90.3 prepare or evaluate solicitation documents must be trained, either by the department or
90.4 through other training, in the request for proposals process for best value contracting for
90.5 construction projects. The commissioner may establish a training program for state and
90.6 local officials, and vendors and contractors, on best value procurement for construction
90.7 projects, including those governed by section 16C.28. If the commissioner establishes
90.8 such a training program, the state may charge a fee for providing training.

90.9 Sec. 6. Minnesota Statutes 2006, section 16C.26, is amended to read:

90.10 **16C.26 COMPETITIVE BIDS OR PROPOSALS.**

90.11 Subdivision 1. **Application.** Except as otherwise provided by sections 16C.10,
90.12 16C.26 and 16C.27, all contracts for building and construction or repairs must be based on
90.13 competitive bids or proposals. "Competitive proposals" specifically refers to the method
90.14 of procurement described in section 16C.28, subdivision 1, paragraph (a), clause (2).

90.15 Subd. 2. **Requirement contracts.** Standard requirement price contracts for building
90.16 and construction must be established by competitive bids as provided in subdivision 1.
90.17 The standard requirement price contracts may contain escalation clauses and may provide
90.18 for a negotiated price increase or decrease based upon a demonstrable industrywide or
90.19 regional increase or decrease in the vendor's costs or for the addition of similar products or
90.20 replacement items not significant to the total value of existing contracts. The term of these
90.21 contracts may not exceed five years including all extensions.

90.22 Subd. 3. **Publication of notice; expenditures over \$25,000.** If the amount of an
90.23 expenditure is estimated to exceed \$25,000, bids or proposals must be solicited by public
90.24 notice in a manner designated by the commissioner. To the extent practical, this must
90.25 include posting on a state Web site. For expenditures over \$50,000, when a call for bids is
90.26 issued the commissioner shall solicit sealed bids by providing notices to all prospective
90.27 bidders known to the commissioner by posting notice on a state Web site at least seven
90.28 days before the final date of submitting bids. All bids over \$50,000 must be sealed when
90.29 they are received and must be opened in public at the hour stated in the notice. All
90.30 proposals responsive to a request for proposals according to section 16C.28, subdivision
90.31 1, paragraph (a), clause (2), and paragraph (c), shall be submitted and evaluated in the
90.32 manner described in the request for proposals, regardless of the dollar amount. All original
90.33 bids and proposals and all documents pertaining to the award of a contract must be retained
90.34 and made a part of a permanent file or record and remain open to public inspection.

91.1 Subd. 4. **Building and construction contracts; \$50,000 or less.** An informal bid
91.2 may be used for building, construction, and repair contracts that are estimated at less than
91.3 \$50,000. Informal bids must be authenticated by the bidder in a manner specified by the
91.4 commissioner. Alternatively, a request for proposals may be issued according to section
91.5 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c), for such contracts.

91.6 Subd. 5. **Standard specifications, security.** Contracts must be based on the
91.7 standard specifications prescribed and enforced by the commissioner under this chapter,
91.8 unless otherwise expressly provided or as authorized under section 16C.28, subdivision
91.9 1, paragraph (a), clause (2), and paragraph (c). Each ~~bidder for a contract~~ vendor or
91.10 contractor must furnish security approved by the commissioner to ensure the making of
91.11 the contract being bid for.

91.12 Subd. 6. **Noncompetitive bids.** Agencies are encouraged to contract with small
91.13 targeted group businesses designated under section 16C.16 when entering into contracts
91.14 that are not subject to competitive bidding procedures.

91.15 Sec. 7. Minnesota Statutes 2006, section 16C.27, subdivision 1, is amended to read:

91.16 Subdivision 1. **Single source of supply.** Competitive bidding ~~is~~ or proposals are not
91.17 required for contracts clearly and legitimately limited to a single source of supply, and the
91.18 contract price may be best established by direct negotiation.

91.19 Sec. 8. Minnesota Statutes 2006, section 16C.28, is amended to read:

91.20 **16C.28 CONTRACTS; AWARD.**

91.21 Subdivision 1. ~~Lowest responsible bidder~~ **Award requirements.** (a) All state
91.22 building and construction contracts entered into by or under the supervision of the
91.23 commissioner or an agency for which competitive bids or proposals are required ~~must~~
91.24 ~~be awarded to the lowest responsible bidder, taking into consideration conformity with~~
91.25 ~~the specifications, terms of delivery, the purpose for which the contract is intended, the~~
91.26 ~~status and capability of the vendor, and other considerations imposed in the call for bids.~~
91.27 ~~The commissioner may decide which is the lowest responsible bidder for all contracts~~
91.28 ~~and may use the principles of life cycle costing, where appropriate, in determining the~~
91.29 ~~lowest overall bid. The head of the interested agency shall make the decision, subject~~
91.30 ~~to the approval of the commissioner. Any or all bids may be rejected. In a case where~~
91.31 ~~competitive bids are required and where all bids are rejected, new bids, if solicited, must~~
91.32 ~~be called for as in the first instance, unless otherwise provided by law.~~ may be awarded to
91.33 either of the following:

92.1 (1) the lowest responsible bidder, taking into consideration conformity with the
92.2 specifications, terms of delivery, the purpose for which the contract is intended, the status
92.3 and capability of the vendor or contractor, other considerations imposed in the call for
92.4 bids, and, where appropriate, principles of life-cycle costing; or

92.5 (2) the vendor or contractor offering the best value, taking into account the
92.6 specifications of the request for proposals, the price and performance criteria as set forth
92.7 in section 16C.02, subdivision 4a, and described in the solicitation document.

92.8 (b) The vendor or contractor must secure bonding, commercial general insurance
92.9 coverage, and workers' compensation insurance coverage under paragraph (a), clause
92.10 (1) or (2). The commissioner shall determine whether to use the procurement process
92.11 described in paragraph (a), clause (1), or the procurement process described in paragraph
92.12 (a), clause (2). If the commissioner uses the method in paragraph (a), clause (2), the head
92.13 of the agency shall determine which vendor or contractor offers the best value, subject to
92.14 the approval of the commissioner. Any or all bids or proposals may be rejected.

92.15 (c) When using the procurement process described in paragraph (a), clause (2), the
92.16 solicitation document must state the relative importance of price and other factors.

92.17 Subd. 1a. **Establishment and purpose.** (a) The state recognizes the importance of
92.18 the inclusion of a best value contracting system for construction as an alternative to the
92.19 current low-bid system of procurement. In order to accomplish that goal, state and local
92.20 governmental entities shall be able to choose the best value system in different phases.

92.21 (b) "Best value" means the procurement method defined in section 16C.02,
92.22 subdivision 4a.

92.23 (c) The following entities are eligible to participate in phase I:

92.24 (1) state agencies;

92.25 (2) counties;

92.26 (3) cities; and

92.27 (4) school districts with the highest 25 percent enrollment of students in the state.

92.28 Phase I begins on the effective date of this section.

92.29 (d) The following entities are eligible to participate in phase II:

92.30 (1) those entities included in phase I; and

92.31 (2) school districts with the highest 50 percent enrollment of students in the state.

92.32 Phase II begins two years from the effective date of this section.

92.33 (e) The following entities are eligible to participate in phase III:

92.34 (1) all entities included in phases I and II; and

92.35 (2) all other townships, school districts, and political subdivisions in the state.

93.1 Phase III begins three years from the effective date of this section.

93.2 (f) The commissioner or any agency for which competitive bids or proposals are
93.3 required may not use best value contracting as defined in section 16C.02, subdivision 4a,
93.4 for more than one project annually, or 20 percent of its projects, whichever is greater, in
93.5 each of the first three fiscal years in which best value construction contracting is used.

93.6 Subd. 2. **Alterations and erasures.** A bid containing an alteration or erasure of
93.7 any price contained in the bid which is used in determining the lowest responsible bid
93.8 must be rejected unless the alteration or erasure is corrected in a manner that is clear and
93.9 authenticated by an authorized representative of the responder. An alteration or erasure
93.10 may be crossed out and the correction printed in ink or typewritten adjacent to it and
93.11 initialed by an authorized representative of the responder.

93.12 Subd. 3. **Special circumstances.** The commissioner may reject the bid or proposal
93.13 of any ~~bidder~~ vendor or contractor who has failed to perform a previous contract with
93.14 the state. In the case of identical low bids from two or more bidders, the commissioner
93.15 may use negotiated procurement methods with the tied low bidders for that particular
93.16 transaction so long as the price paid does not exceed the low tied bid price. The
93.17 commissioner may award contracts to more than one ~~bidder~~ vendor or contractor in
93.18 accordance with subdivision 1, if doing so does not decrease the service level or diminish
93.19 the effect of competition.

93.20 Subd. 4. **Record.** A record must be kept of all bids or proposals, including names of
93.21 bidders, amounts of bids or proposals, and each successful bid or proposal. This record is
93.22 open to public inspection, subject to section 13.591 and other applicable law.

93.23 Subd. 5. **Preferences not cumulative.** The preferences under sections 16B.121,
93.24 16C.06, subdivision 7, and 16C.16 apply, but are not cumulative. The total percentage
93.25 of preference granted on a contract may not exceed the highest percentage of preference
93.26 allowed for that contract under any one of those sections.

93.27 Sec. 9. Minnesota Statutes 2006, section 103D.811, subdivision 3, is amended to read:

93.28 Subd. 3. **Awarding of contract.** (a) At a time and place specified in the bid notice,
93.29 the managers may accept or reject any or all bids and may award the contract to the lowest
93.30 responsible bidder. The bidder to whom the contract is to be awarded must give a bond,
93.31 with ample security, conditioned by satisfactory completion of the contract.

93.32 (b) Bids must not be considered which in the aggregate exceed by more than 30
93.33 percent the total estimated cost of construction or implementation.

93.34 (c) As an alternative to the procurement method described in paragraph (a), the
93.35 managers may issue a request for proposals and award the contract to the vendor or

94.1 contractor offering the best value as described in section 16C.28, subdivision 1, paragraph
94.2 (a), clause (2), and paragraph (c).

94.3 (d) The contract must be in writing and be accompanied by or refer to the plans and
94.4 specifications for the work to be done as prepared by the engineer for the watershed
94.5 district. The plans and specifications shall become a part of the contract.

94.6 ~~(d)~~ (e) The contract shall be approved by the managers and signed by the president,
94.7 secretary, and contractor.

94.8 Sec. 10. Minnesota Statutes 2006, section 103E.505, subdivision 5, is amended to read:

94.9 Subd. 5. **How contract may be awarded.** The contract may be awarded in one
94.10 job, in sections, or separately for labor and material and ~~must~~ may be let to the lowest
94.11 responsible bidder. Alternatively, the contract may be awarded to the vendor or contractor
94.12 offering the best value under a request for proposals as described in section 16C.28,
94.13 subdivision 1, paragraph (a), clause (2), and paragraph (c).

94.14 Sec. 11. Minnesota Statutes 2006, section 116A.13, subdivision 5, is amended to read:

94.15 Subd. 5. **How job may be let.** The job may be let in one job, or in sections, or
94.16 separately for labor and material, and ~~shall~~ may be let to the lowest responsible bidder or
94.17 bidders therefor. Alternatively, the contract may be awarded to the vendor or contractor
94.18 offering the best value under a request for proposals as described in section 16C.28,
94.19 subdivision 1, paragraph (a), clause (2), and paragraph (c).

94.20 Sec. 12. Minnesota Statutes 2006, section 123B.52, subdivision 1, is amended to read:

94.21 Subdivision 1. **Contracts.** A contract for work or labor, or for the purchase of
94.22 furniture, fixtures, or other property, except books registered under the copyright laws, or
94.23 for the construction or repair of school houses, the estimated cost or value of which shall
94.24 exceed that specified in section 471.345, subdivision 3, must not be made by the school
94.25 board without first advertising for bids or proposals by two weeks' published notice in the
94.26 official newspaper. This notice must state the time and place of receiving bids and contain
94.27 a brief description of the subject matter.

94.28 Additional publication in the official newspaper or elsewhere may be made as the
94.29 board shall deem necessary.

94.30 After taking into consideration conformity with the specifications, terms of delivery,
94.31 and other conditions imposed in the call for bids, every such contract for which a call for
94.32 bids has been issued must be awarded to the lowest responsible bidder, be duly executed
94.33 in writing, and be otherwise conditioned as required by law. The person to whom the

95.1 contract is awarded shall give a sufficient bond to the board for its faithful performance.
95.2 Notwithstanding section 574.26 or any other law to the contrary, on a contract limited
95.3 to the purchase of a finished tangible product, a board may require, at its discretion, a
95.4 performance bond of a contractor in the amount the board considers necessary. A record
95.5 must be kept of all bids, with names of bidders and amount of bids, and with the successful
95.6 bid indicated thereon. A bid containing an alteration or erasure of any price contained in
95.7 the bid which is used in determining the lowest responsible bid must be rejected unless the
95.8 alteration or erasure is corrected as provided in this section. An alteration or erasure may
95.9 be crossed out and the correction thereof printed in ink or typewritten adjacent thereto and
95.10 initialed in ink by the person signing the bid. In the case of identical low bids from two or
95.11 more bidders, the board may, at its discretion, utilize negotiated procurement methods
95.12 with the tied low bidders for that particular transaction, so long as the price paid does not
95.13 exceed the low tied bid price. In the case where only a single bid is received, the board
95.14 may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as
95.15 the price paid does not exceed the original bid. If no satisfactory bid is received, the
95.16 board may readvertise. Standard requirement price contracts established for supplies or
95.17 services to be purchased by the district must be established by competitive bids. Such
95.18 standard requirement price contracts may contain escalation clauses and may provide for a
95.19 negotiated price increase or decrease based upon a demonstrable industrywide or regional
95.20 increase or decrease in the vendor's costs. Either party to the contract may request that the
95.21 other party demonstrate such increase or decrease. The term of such contracts must not
95.22 exceed two years with an option on the part of the district to renew for an additional two
95.23 years. Contracts for the purchase of perishable food items, except milk for school lunches
95.24 and vocational training programs, in any amount may be made by direct negotiation
95.25 by obtaining two or more written quotations for the purchase or sale, when possible,
95.26 without advertising for bids or otherwise complying with the requirements of this section
95.27 or section 471.345, subdivision 3. All quotations obtained shall be kept on file for a
95.28 period of at least one year after receipt.

95.29 Every contract made without compliance with the provisions of this section shall be
95.30 void. Except in the case of the destruction of buildings or injury thereto, where the public
95.31 interest would suffer by delay, contracts for repairs may be made without advertising
95.32 for bids.

95.33 Sec. 13. Minnesota Statutes 2006, section 123B.52, is amended by adding a
95.34 subdivision to read:

96.1 Subd. 1b. **Best value alternative.** As an alternative to the procurement method
96.2 described in subdivision 1, a contract for construction, building, alteration, improvement,
96.3 or repair work may be awarded to the vendor or contractor offering the best value under a
96.4 request for proposals as described in section 16C.28, subdivision 1, paragraph (a), clause
96.5 (2), and paragraph (c).

96.6 Sec. 14. Minnesota Statutes 2006, section 160.17, is amended by adding a subdivision
96.7 to read:

96.8 Subd. 2a. **Best value alternative.** As an alternative to the procurement method
96.9 referenced in subdivision 2, counties or towns may issue a request for proposal and award
96.10 the contract to the vendor or contractor offering the best value as described in section
96.11 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).

96.12 Sec. 15. Minnesota Statutes 2006, section 160.262, is amended by adding a subdivision
96.13 to read:

96.14 Subd. 5. **Best value alternative.** As an alternative to the procurement method
96.15 described in subdivision 4, the commissioner may allow for the award of design-build
96.16 contracts for the projects described in subdivision 4 to the vendor or contractor offering
96.17 the best value under a request for proposals as described in section 16C.28, subdivision 1,
96.18 paragraph (a), clause (2), and paragraph (c).

96.19 Sec. 16. Minnesota Statutes 2006, section 161.32, is amended by adding a subdivision
96.20 to read:

96.21 Subd. 1f. **Best value alternative.** As an alternative to the procurement method
96.22 described in subdivisions 1a to 1e, the commissioner may issue a request for proposals
96.23 and award the contract to the vendor or contractor offering the best value as described in
96.24 section 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).

96.25 Sec. 17. **[161.3206] BEST VALUE CONTRACTING AUTHORITY.**

96.26 Notwithstanding sections 16C.25, 161.32, and 161.321, or any other law to the
96.27 contrary, the commissioner may solicit and award all contracts, other than design-build
96.28 contracts governed by section 161.3412, for a project on the basis of a best value selection
96.29 process as defined in section 16C.02, subdivision 4a. Section 16C.08 does not apply
96.30 to this section.

96.31 Sec. 18. Minnesota Statutes 2006, section 161.3412, subdivision 1, is amended to read:

97.1 Subdivision 1. **Best value selection for design-build contracts.** Notwithstanding
97.2 sections 16C.25, 161.32, and 161.321, or any other law to the contrary, the commissioner
97.3 may solicit and award a design-build contract for a project on the basis of a best value
97.4 selection process. Section 16C.08 does not apply to design-build contracts to which the
97.5 commissioner is a party.

97.6 Sec. 19. Minnesota Statutes 2006, section 161.38, subdivision 4, is amended to read:

97.7 Subd. 4. **Effects on other law of public contract with commissioner.** Whenever
97.8 the road authority of any city enters into an agreement with the commissioner pursuant
97.9 to this section, and a portion of the cost is to be assessed against benefited property,
97.10 the letting of a public contract by the commissioner for the work shall be deemed to
97.11 comply with statutory or charter provisions requiring the city (1) to advertise for bids
97.12 before awarding a contract for a public improvement, (2) to let the contract to the lowest
97.13 responsible bidder or to the vendor or contractor offering the best value, and (3) to require
97.14 a performance bond to be filed by the contractor before undertaking the work. The
97.15 contract so let by the commissioner and the performance bond required of the contractor
97.16 by the commissioner shall be considered to be the contract and bond of the city for the
97.17 purposes of complying with the requirements of any applicable law or charter provision,
97.18 and the bond shall inure to the benefit of the city and operate for their protection to the
97.19 same extent as though they were parties thereto.

97.20 Sec. 20. Minnesota Statutes 2006, section 365.37, is amended by adding a subdivision
97.21 to read:

97.22 Subd. 2a. **Best value alternative.** As an alternative to the procurement method
97.23 described in subdivision 2, a contract for construction, building, alteration, improvement,
97.24 or repair work may be awarded to the vendor or contractor offering the best value under a
97.25 request for proposals as described in section 16C.28, subdivision 1, paragraph (a), clause
97.26 (2), and paragraph (c).

97.27 Sec. 21. Minnesota Statutes 2006, section 374.13, is amended to read:

97.28 **374.13 TO ADVERTISE FOR BIDS.**

97.29 Subdivision 1. **Bidding process.** When the plans and specifications are completed
97.30 and approved by the city council and the county board, the commission shall, after notice
97.31 appropriate to inform possible bidders, obtain bids or proposals for all or any portion of
97.32 the work or materials, or both, to be done, performed, or furnished in the construction of
97.33 the building. All bids or proposals shall be sealed by the bidders or proposers and filed

98.1 with the commission at or before the time specified for the opening of bids or proposals.
98.2 At the time and place specified for the opening of bids or proposals, the commission shall
98.3 meet, open the bids or proposals, tabulate them, and award the contract or contracts to the
98.4 responsible bidder whose bid or proposal is the most favorable to the city or county, or
98.5 reject all bids and proposals. If all bids or proposals are rejected, the commission may,
98.6 after similar notice, obtain more bids or proposals or may modify or change the plans and
98.7 specifications and submit the modified plans and specifications to the city council and the
98.8 county board for approval. When the modified or changed plans and specifications are
98.9 satisfactory to both the city council and the county board, the plans and specifications
98.10 shall be returned to the commission and the commission shall proceed again, after similar
98.11 notice, to obtain bids or proposals. Any contract awarded by the commission shall be
98.12 subject to approval by the city council and the county board.

98.13 Subd. 2. **Best value alternative.** As an alternative to the procurement method
98.14 described in subdivision 1, the commission may issue a request for proposals and award
98.15 the contract to the vendor or contractor offering the best value as described in section
98.16 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).

98.17 Sec. 22. Minnesota Statutes 2006, section 375.21, is amended by adding a subdivision
98.18 to read:

98.19 Subd. 1b. **Best value alternative.** As an alternative to the procurement method
98.20 described in subdivision 1, a county board may award a contract for construction, building,
98.21 alteration, improvement, or repair work to the vendor or contractor offering the best value
98.22 under a request for proposals as described in section 16C.28, subdivision 1, paragraph
98.23 (a), clause (2), and paragraph (c).

98.24 Sec. 23. Minnesota Statutes 2006, section 383C.094, is amended by adding a
98.25 subdivision to read:

98.26 Subd. 1a. **Contracts in excess of \$500; best value alternative.** As an alternative to
98.27 the procurement method described in subdivision 1, the contract may be awarded to the
98.28 vendor or contractor offering the best value under a request for proposals as described in
98.29 section 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).

98.30 Sec. 24. Minnesota Statutes 2006, section 412.311, is amended to read:

98.31 **412.311 CONTRACTS.**

98.32 Subdivision 1. **Lowest responsible bidder.** Except as provided in sections 471.87
98.33 to 471.89, no member of a council shall be directly or indirectly interested in any contract

99.1 made by the council. Whenever the amount of a contract for the purchase of merchandise,
99.2 materials or equipment or for any kind of construction work undertaken by the city is
99.3 estimated to exceed the amount specified by section 471.345, subdivision 3, the contract
99.4 shall be let to the lowest responsible bidder, after notice has been published once in the
99.5 official newspaper at least ten days in advance of the last day for the submission of bids. If
99.6 the amount of the contract exceeds \$1,000, it shall be entered into only after compliance
99.7 with section 471.345.

99.8 Subd. 2. **Best value alternative.** As an alternative to the procurement method
99.9 described in subdivision 1, a contract for construction, building, alteration, improvement,
99.10 or repair work may be awarded to the vendor or contractor offering the best value under a
99.11 request for proposals as described in section 16C.28, subdivision 1, paragraph (a), clause
99.12 (2), and paragraph (c).

99.13 Sec. 25. Minnesota Statutes 2006, section 429.041, is amended by adding a subdivision
99.14 to read:

99.15 Subd. 2a. **Best value alternative.** As an alternative to the procurement method
99.16 described in subdivision 2, the council may issue a request for proposals and award the

99.20 subdivision to read:

99.21 Subd. 2a. **Contracts in excess of \$5,000; best value alternative.** As an alternative
99.22 to the procurement method described in subdivision 2, the board may issue a request for
99.23 proposals and award the contract to the vendor or contractor offering the best value as
99.24 described in section 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).

99.25 Sec. 27. Minnesota Statutes 2006, section 469.015, is amended by adding a subdivision
99.26 to read:

99.27 Subd. 1a. **Best value alternative.** As an alternative to the procurement method
99.28 described in subdivision 1, the authority may issue a request for proposals and award the
99.29 contract to the vendor or contractor offering the best value under a request for proposals as
99.30 described in section 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).

99.31 Sec. 28. Minnesota Statutes 2006, section 469.068, subdivision 1, is amended to read:

100.1 Subdivision 1. **Contracts; bids; bonds.** All construction work and every purchase
100.2 of equipment, supplies, or materials necessary in carrying out the purposes of sections
100.3 469.048 to 469.068, that involve the expenditure of \$1,000 or more, shall be awarded by
100.4 contract as provided in this subdivision or in subdivision 1a. Before receiving bids under
100.5 sections 469.048 to 469.068, the authority shall publish, once a week for two consecutive
100.6 weeks in the official newspaper of the port's city, a notice that bids will be received for the
100.7 construction work, or purchase of equipment, supplies, or materials. The notice shall state
100.8 the nature of the work, and the terms and conditions upon which the contract is to be let
100.9 and name a time and place where the bids will be received, opened, and read publicly,
100.10 which time shall be not less than seven days after the date of the last publication. After
100.11 the bids have been received, opened, read publicly, and recorded, the commissioners
100.12 shall award the contract to the lowest responsible bidder, reserving the right to reject
100.13 any or all bids. The contract shall be executed in writing and the person to whom the
100.14 contract is awarded shall give sufficient bond to the board for its faithful performance. If
100.15 no satisfactory bid is received, the port authority may readvertise, or, by an affirmative
100.16 vote of two of its commissioners in the case of a three-member commission, or five of
100.17 its members in the case of a seven-member commission, may authorize the authority
100.18 to perform any part or parts of any construction work by day labor under conditions it
100.19 prescribes. The commissioners may establish reasonable qualifications to determine
100.20 the fitness and responsibility of bidders, and require bidders to meet the qualifications
100.21 before bids are accepted. If the commissioners by a two-thirds or five-sevenths vote
100.22 declare that an emergency exists requiring the immediate purchase of any equipment or
100.23 material or supplies at a cost in excess of \$1,000, but not exceeding \$5,000, in amount,
100.24 or making of emergency repairs, it shall not be necessary to advertise for bids, but the
100.25 material, equipment, or supplies may be purchased in the open market at the lowest price
100.26 obtainable, or the emergency repairs may be contracted for or performed without securing

101.25 award a contract for construction, alteration, repair, or maintenance work to the vendor or

102.12 county, the authority shall authorize the team to provide for the design and construction
102.13 of the ballpark and related public infrastructure, subject to terms of Laws 2006, chapter

102.25 schedule, award contracts on the basis of competitive proposals or perform work with
102.26 its own forces without soliciting competitive bids if the construction manager provides
102.27 evidence of competitive pricing.

102.28 The authority shall require that the construction manager certify, before the contract is
102.29 signed, a fixed and stipulated construction price and completion date to the authority
102.30 and post a performance bond in an amount at least equal to 100 percent of the certified
102.31 price, to cover any costs which may be incurred in excess of the certified price, including
102.32 but not limited to costs incurred by the authority or loss of revenues resulting from
102.33 incomplete construction on the completion date. The authority may secure surety bonds
102.34 as provided in section 574.26, securing payment of just claims in connection with all
102.35 public work undertaken by it. Persons entitled to the protection of the bonds may enforce

103.1 them as provided in sections 574.28 to 574.32, and shall not be entitled to a lien on any
103.2 property of the authority under the provisions of sections 514.01 to 514.16. Contracts for

104.4 general election described in paragraph (a) or a political party that presents candidates at
104.5 an election as required by paragraph (b) becomes a major political party as of January
104.6 1 following that election and retains its major party status for at least two state general
104.7 elections even if the party fails to present a candidate who receives the number and

124.28 ballot under sections 203B.16 to 203B.27. The election judges shall mark the return
124.29 envelope "Accepted" and initial or sign the return envelope below the word "Accepted" if

An absentee ballot case pursuant to sections 203B.16 to 203B.27 may only be rejected for the lack of one of clauses (1) to (4). In particular, failure to place the ballot within the security envelope before placing it in the outer white envelope is not a reason to reject an absentee ballot.

Election judges must note the reason for rejection on the back of the envelope in the space provided for that purpose.

Failure to return unused ballots shall not invalidate a marked ballot, but a ballot shall not be counted if the affidavit on the return envelope is not properly executed. In all other respects the provisions of the Minnesota Election Law governing deposit and counting of ballots shall apply.

ELECTIONS CLARIFICATIONS

Section 1. Minnesota Statutes 2006, section 103C.305, subdivision 3, is amended to read:

Subd. 3. **Ballots.** Ballots shall be prepared by the county auditor. The names of candidates shall be placed on the "canary ballot" described in section 204D.11, subdivision 3. The office title printed on the ballot must be either "Soil and Water Conservation District Supervisor" or "Conservation District Supervisor," based upon the district from which the supervisor is to be elected.

Sec. 2. Minnesota Statutes 2006, section 201.054, subdivision 1, is amended to read:

Subdivision 1. **Registration.** An individual may register to vote:

(1) at any time before the 20th day preceding any election as provided in section 201.061, subdivision 1;

(2) on the day of an election as provided in section 201.061, subdivision 3; or

(3) when submitting an absentee ballot, by enclosing a completed registration ~~card~~ application as provided in section 203B.04, subdivision 4.

Sec. 3. Minnesota Statutes 2006, section 201.061, subdivision 4, is amended to read:

Subd. 4. **Registration by election judges; procedures.** Registration at the polling place on election day shall be conducted by the election judges. The election judge who registers an individual at the polling place on election day shall not handle that voter's ballots at any time prior to the opening of the ballot box after the voting ends. Registration ~~cards~~ applications and forms for oaths shall be available at each polling place. If an individual who registers on election day proves residence by oath of a registered voter, the form containing the oath shall be attached to the individual's registration ~~card~~ application. Registration ~~cards~~ applications completed on election day shall be forwarded to the county auditor who shall add the name of each voter to the registration system unless the information forwarded is substantially deficient. A county auditor who finds an election day registration substantially deficient shall give written notice to the individual whose registration is found deficient. An election day registration shall not be found deficient solely because the individual who provided proof of residence was ineligible to do so.

Sec. 4. Minnesota Statutes 2006, section 201.071, subdivision 3, is amended to read:

141.1 Subd. 3. **Deficient registration.** No voter registration application is deficient if it
141.2 contains the voter's name, address, date of birth, current and valid Minnesota driver's
141.3 license number or Minnesota state identification number, or if the voter has no current and
141.4 valid Minnesota driver's license or Minnesota state identification number, the last four
141.5 digits of the voter's Social Security number, if the voter has been issued a Social Security
141.6 number, prior registration, if any, and signature. The absence of a zip code number does
141.7 not cause the registration to be deficient. Failure to check a box on an application form
141.8 that a voter has certified to be true does not cause the registration to be deficient. The
141.9 election judges shall request an individual to correct a voter registration application if it is
141.10 deficient or illegible ~~or if the name or number of the voter's school district is missing or~~
141.11 ~~obviously incorrect.~~ No eligible voter may be prevented from voting unless the voter's
141.12 registration application is deficient or the voter is duly and successfully challenged in
141.13 accordance with section 201.195 or 204C.12.

141.14 A voter registration application accepted prior to August 1, 1983, is not deficient
141.15 for lack of date of birth. The county or municipality may attempt to obtain the date of
141.16 birth for a voter registration application accepted prior to August 1, 1983, by a request to
141.17 the voter at any time except at the polling place. Failure by the voter to comply with this
141.18 request does not make the registration deficient.

141.19 A voter registration application accepted before January 1, 2004, is not deficient for
141.20 lack of a valid Minnesota driver's license or state identification number or the last four
141.21 digits of a Social Security number. A voter registration application submitted by a voter
141.22 who does not have a Minnesota driver's license or state identification number, or a Social
141.23 Security number, is not deficient for lack of any of these numbers.

141.24 Sec. 5. Minnesota Statutes 2006, section 201.071, subdivision 4, is amended to read:

141.25 Subd. 4. **Change of registration.** ~~Any~~ A county auditor who receives a registration
141.26 ~~card application~~ indicating that an individual was previously registered in a different
141.27 county in Minnesota shall ~~notify the county auditor of that county~~ update the voter's
141.28 record electronically through the statewide registration system in the manner prescribed
141.29 ~~in the rules of~~ by the secretary of state. ~~A county auditor receiving a registration card~~
141.30 ~~indicating that a voter was previously registered in a different precinct in the same county~~
141.31 ~~or receiving a notification as provided in this subdivision shall remove that individual's~~
141.32 ~~voter registration card from the files.~~ Any A county auditor who receives a registration
141.33 ~~card application~~ or notification requiring a change of registration records under this
141.34 subdivision as a result of an election day registration shall also check the statewide

142.1 registration system to determine whether the individual voted in more than one precinct in
142.2 the most recent election.

142.3 Sec. 6. Minnesota Statutes 2006, section 201.081, is amended to read:

142.4 **201.081 REGISTRATION FILES.**

142.6 voter registration ~~cards~~ applications and the terminal providing access to the statewide
142.7 registration system must be under the control of the county auditor or the public official to
142.8 whom the county auditor has delegated the responsibility for maintaining voter registration
142.9 records. The voter registration ~~cards~~ applications and terminals providing access to the
142.10 statewide registration system must not be removed from the control of the county auditor
142.11 except as provided in this subdivision. The county auditor may make photographic copies
142.12 of voter registration ~~cards~~ applications in the manner provided by section 138.17.

142.13 A properly completed voter registration ~~card~~ application that has been submitted to
142.14 the secretary of state or a county auditor must be maintained by the secretary of state or

142.21 current list of registered voters in each precinct in the county which is known as the
142.22 master list. The master list must be created by entering each completed voter registration
142.23 ~~card~~ application received by the county auditor into the statewide registration system. It
142.24 must show the name, residence address, and date of birth of each voter registered in
142.25 the precinct. The information contained in the master list may only be made available
142.26 to public officials for purposes related to election administration, jury selection, and in
142.27 response to a law enforcement inquiry concerning a violation of or failure to comply with
142.28 any criminal statute or state or local tax statute.
