Hardship is an imminent threat to the person's health and well-being that is demonstrated by documentation of no alternatives for payment of long-term care services. The county agency shall make a decision regarding the written request to waive the home equity limit within 30 days if all necessary information has been provided. Sec. 12. Minnesota Statutes 2006, section 256B.058, is amended to read:

256B.058 TREATMENT OF INCOME OF INSTITUTIONALIZED SPOUSE.

Subdivision 1. **Income not available.** The income described in subdivisions 2 and 3 shall be deducted from an institutionalized spouse's monthly income and is not considered available for payment of the monthly costs of an institutionalized ~~person~~ spouse in the institution after ~~the person has been~~ determined eligible for medical assistance.

Subd. 2. **Monthly income allowance for community spouse.** (a) For an institutionalized spouse ~~with a spouse residing in the community~~, monthly income may be allocated to the community spouse as a monthly income allowance for the community spouse. Beginning with the first full calendar month the institutionalized spouse is in the institution, the monthly income allowance is not considered available to the institutionalized spouse for monthly payment of costs of care in the institution as long as the income is made available to the community spouse.

(b) The monthly income allowance is the amount by which the community spouse's monthly maintenance needs allowance under paragraphs (c) and (d) exceeds the amount of monthly income otherwise available to the community spouse.

(c) The community spouse's monthly maintenance needs allowance is the lesser of \$1,500 or 122 percent of the monthly federal poverty guideline for a family of two plus an excess shelter allowance. The excess shelter allowance is for the amount of shelter expenses that exceed 30 percent of 122 percent of the federal poverty guideline line for a family of two. Shelter expenses are the community spouse's expenses for rent, mortgage payments including principal and interest, taxes, insurance, required maintenance charges for a cooperative or condominium that is the community spouse's principal residence, and the standard utility allowance under section 5(e) of the federal Food Stamp Act of 1977. If the community spouse has a required maintenance charge for a cooperative or condominium, the standard utility allowance must be reduced by the amount of utility expenses included in the required maintenance charge.

If the community or institutionalized spouse establishes that the community spouse needs income greater than the monthly maintenance needs allowance determined in this paragraph due to exceptional circumstances resulting in significant financial duress, the monthly maintenance needs allowance may be increased to an amount that provides needed additional income.

(d) The percentage of the federal poverty guideline used to determine the monthly maintenance needs allowance in paragraph (c) is increased to 133 percent on July 1, 1991, and to 150 percent on July 1, 1992. Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the annual changes. The \$1,500 maximum must be adjusted January 1, 1990, and every January 1 after that by the same percentage increase in the Consumer Price Index for all urban consumers (all items; United States city average) between the two previous Septembers.

(e) If a court has entered an order against an institutionalized spouse for monthly income for support of the community spouse, the community spouse's monthly income allowance under this subdivision shall not be less than the amount of the monthly income ordered.

Subd. 3. Family allowance. (a) A family allowance determined under paragraph (b) is not considered available to the institutionalized spouse for monthly payment of costs of care in the institution.

(b) The family allowance is equal to one-third of the amount by which 122 percent of the monthly federal poverty guideline for a family of two exceeds the monthly income for that family member.

(c) For purposes of this subdivision, the term family member only includes a minor or dependent child as defined in the Internal Revenue Code, dependent parent, or

12.1 dependent sibling of the institutionalized or community spouse if the sibling resides with
12.2 the community spouse.

12.3 (d) The percentage of the federal poverty guideline used to determine the family
12.4 allowance in paragraph (b) is increased to 133 percent on July 1, 1991, and to 150 percent
12.5 on July 1, 1992. Adjustments in the income limits due to annual changes in the federal
12.6 poverty guidelines shall be implemented the first day of July following publication of
12.7 the annual changes.

12.8 Subd. 4. **Treatment of income.** (a) No income of the community spouse will
12.9 be considered available to an eligible institutionalized spouse, beginning the first full
12.10 calendar month of institutionalization, except as provided in this subdivision.

12.11 (b) In determining the income of an institutionalized spouse or community spouse,
12.12 after the institutionalized spouse has been determined eligible for medical assistance,
12.13 the following rules apply.

12.14 (1) For income that is not from a trust, availability is determined according to items
12.15 (i) to (v), unless the instrument providing the income otherwise specifically provides:

12.16 (i) if payment is made solely in the name of one spouse, the income is considered
12.17 available only to that spouse;

12.18 (ii) if payment is made in the names of both spouses, one-half of the income is
12.19 considered available to each;

12.20 (iii) if payment is made in the names of one or both spouses together with one or
12.21 more other persons, the income is considered available to each spouse according to the
12.22 spouse's interest, or one-half of the joint interest is considered available to each spouse
12.23 if each spouse's interest is not specified;

12.24 (iv) if there is no instrument that establishes ownership, one-half of the income is
12.25 considered available to each spouse; and

12.26 (v) either spouse may rebut the determination of availability of income by showing
12.27 by a preponderance of the evidence that ownership interests are different than provided
12.28 above.

12.29 (2) For income from a trust, income is considered available to each spouse as
12.30 provided in the trust. If the trust does not specify an amount available to either or both
12.31 spouses, availability will be determined according to items (i) to (iii):

12.32 (i) if payment of income is made only to one spouse, the income is considered
12.33 available only to that spouse;

12.34 (ii) if payment of income is made to both spouses, one-half is considered available to
12.35 each; and

13.1 (iii) if payment is made to either or both spouses and one or more other persons,
13.2 the income is considered available to each spouse in proportion to each spouse's interest,
13.3 or if no such interest is specified, one-half of the joint interest is considered available
13.4 to each spouse.

13.5 Sec. 13. Minnesota Statutes 2006, section 256B.059, subdivision 1, is amended to read:

13.24 care facility for persons with developmental disabilities, and is not receiving home and
13.25 community-based services under section 256B.0915 or 256B.49.

13.26 (g) "For the sole benefit of" means no other individual or entity can benefit in any
13.27 way from the assets or income at the time of a transfer or at any time in the future.

13.28 (h) "Continuous period of institutionalization" means a 30-consecutive-day period
13.29 of time in which a person is expected to stay in a medical or long-term care facility,
13.30 or receive home and community-based services that would qualify for coverage under
13.31 the elderly waiver (EW) or alternative care (AC) programs. For a stay in a facility, the
13.32 30-consecutive-day period begins on the date of entry into a medical or long-term care
13.33 facility. For receipt of home and community-based services, the 30-consecutive-day
13.34 period begins on the date that the following conditions are met:

- 14.1 (1) the person is receiving services that meet the nursing facility level of care
14.2 determined by a long-term care consultation;
- 14.3 (2) the person has received the long-term care consultation within the past 60 days;
- 14.4 (3) the services are paid by the EW program under section 256B.0915 or the AC
14.5 program under section 256B.0913 or would qualify for payment under the EW or AC
14.6 programs if the person were otherwise eligible for either program, and but for the receipt
14.7 of such services the person would have resided in a nursing facility; and
- 14.8 (4) the services are provided by a licensed provider qualified to provide home and
14.9 community-based services.

14.10 Sec. 14. Minnesota Statutes 2006, section 256B.059, subdivision 1a, is amended to
14.11 read:

14.12 Subd. 1a. **Institutionalized spouse.** The provisions of this section apply only
14.13 when a spouse ~~is institutionalized for a~~ begins the first continuous period ~~beginning of~~
14.14 institutionalization on or after October 1, 1989.

14.15 Sec. 15. Minnesota Statutes 2006, section 256B.0594, is amended to read:

14.16 **256B.0594 PAYMENT OF BENEFITS FROM AN ANNUITY.**

14.17 When payment becomes due under an annuity that names the department a
14.18 remainder beneficiary ~~as described in section 256B.056, subdivision 11,~~ the issuer shall
14.19 request and the department shall, within 45 days after receipt of the request, provide
14.20 a written statement of the total amount of the medical assistance paid or confirmation
14.21 that any family member designated as a remainder beneficiary meets requirements for
14.22 qualification as a beneficiary in the first position. Upon timely receipt of the written
14.23 statement of the amount of medical assistance paid, the issuer shall pay the department an
14.24 amount equal to the lesser of the amount due the department under the annuity or the total
14.25 amount of medical assistance paid on behalf of the individual or the individual's spouse.
14.26 Any amounts remaining after the issuer's payment to the department shall be payable
14.27 according to the terms of the annuity or similar financial instrument. The county agency
14.28 or the department shall provide the issuer with the name, address, and telephone number

14.30 requirements of section 72A.201, subdivision 4, clause (3), shall not apply to payments
14.31 made under this section until the issuer has received final payment information from the
14.32 department, if the issuer has notified the beneficiary of the requirements of this section at
14.33 the time it initially requests payment information from the department.

Sec. 16. Minnesota Statutes 2006, section 256B.0595, subdivision 1, is amended to read:

Subdivision 1. **Prohibited transfers.** (a) For transfers of assets made on or before August 10, 1993, if ~~a~~ an institutionalized person or the institutionalized person's spouse has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under the supplemental security program, within 30 months before or any time after the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months before or any time after the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long-term care services for the period of time determined under subdivision 2.

(b) Effective for transfers made after August 10, 1993, ~~a~~ an institutionalized person, ~~a~~ an institutionalized person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the institutionalized person or institutionalized person's spouse, may not give away, sell, or dispose of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under the supplemental security income program, for the purpose of establishing or maintaining medical assistance eligibility. This applies to all transfers, including those made by a community spouse after the month in which the institutionalized spouse is determined eligible for medical assistance. For purposes of determining eligibility for long-term care services, any transfer of such assets within 36 months before or any time after an institutionalized person ~~applies for~~ requests medical assistance payment of long-term care services, or 36 months before or any time after a medical assistance recipient becomes an institutionalized person, for less than fair market value may be considered. Any such transfer is presumed to have been made for the purpose of establishing or maintaining medical assistance eligibility and the institutionalized person is ineligible for long-term care services for the period of time determined under subdivision 2, unless the institutionalized person furnishes convincing evidence to establish that the transaction was exclusively for another purpose, or unless the transfer is permitted under subdivision 3 or 4. In the case of payments from a trust or portions of a trust that are considered transfers of assets under federal law, or in the case of any other disposal of assets made on or after February 8, 2006, any transfers made within 60 months before or any time after an institutionalized person ~~applies for~~ requests medical assistance payment of long-term care services and within 60 months before or any time after a medical assistance recipient becomes an institutionalized person, may be considered.

(c) This section applies to transfers, for less than fair market value, of income or assets, including assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments or income to which the institutionalized person or the institutionalized person's spouse is entitled but does not receive due to action by the institutionalized person, the institutionalized person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the institutionalized person or the institutionalized person's spouse.

(d) This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized, written agreement which was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care or services provided. A notarized written agreement is not required if payment for the services was made within 60 days after the service was provided.

(e) This section applies to the portion of any asset or interest that ~~a~~ an institutionalized person, a an institutionalized person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the institutionalized person or the institutionalized person's spouse, transfers to any annuity that exceeds the value of the benefit likely to be returned to the institutionalized person or institutionalized person's spouse while alive, based on estimated life expectancy ~~using the life expectancy tables employed by the supplemental security income program to determine the value of an agreement for services for life~~ as determined according to the current actuarial tables published by the Office of the Chief Actuary of the Social Security Administration. The commissioner may adopt rules reducing life expectancies based on the need for long-term care. This section applies to an annuity ~~described in this paragraph~~ purchased on or after March 1, 2002, that:

(1) is not purchased from an insurance company or financial institution that is subject to licensing or regulation by the Minnesota Department of Commerce or a similar regulatory agency of another state;

(2) does not pay out principal and interest in equal monthly installments; or

(3) does not begin payment at the earliest possible date after annuitization.

(f) Effective for transactions, including the purchase of an annuity, occurring on or after February 8, 2006, ~~the purchase of an annuity~~ by or on behalf of an ~~individual~~ institutionalized person who has applied for or is receiving long-term care services or the ~~individual's~~ institutionalized person's spouse shall be treated as the disposal of an asset for less than fair market value unless the department is named ~~as the~~ a preferred remainder

beneficiary ~~in first position for an amount equal to at least the total amount of medical assistance paid on behalf of the individual or the individual's spouse; or the department is named as the remainder beneficiary in second position for an amount equal to at least the total amount of medical assistance paid on behalf of the individual or the individual's spouse after the individual's community spouse or minor or disabled child and is named as the remainder beneficiary in the first position if the community spouse or a representative of the minor or disabled child disposes of the remainder for less than fair market value~~ as described in section 256B.056, subdivision 11. Any subsequent change to the designation of the department as a preferred remainder beneficiary shall result in the annuity being treated as a disposal of assets for less than fair market value. The amount of such transfer shall be the maximum amount the individual institutionalized person or the individual's institutionalized person's spouse could receive from the annuity or similar financial instrument. Any change in the amount of the income or principal being withdrawn from the annuity or other similar financial instrument at the time of the most recent disclosure shall be deemed to be a transfer of assets for less than fair market value unless the individual institutionalized person or the individual's institutionalized person's spouse demonstrates that the transaction was for fair market value. In the event a distribution of income or principal has been improperly distributed or disbursed from an annuity or other retirement planning instrument of an institutionalized person or the institutionalized person's spouse, a cause of action exists against the individual receiving the improper distribution for the cost of medical assistance services provided or the amount of the improper distribution, whichever is less.

(g) Effective for transactions, including the purchase of an annuity, occurring on or after February 8, 2006, ~~the purchase of an annuity~~ by or on behalf of an ~~individual institutionalized person~~ applying for or receiving long-term care services shall be treated as a disposal of assets for less than fair market value unless it is:

(i) an annuity described in subsection (b) or (q) of section 408 of the Internal Revenue Code of 1986; or

(ii) purchased with proceeds from:

(A) an account or trust described in subsection (a), (c), or (p) of section 408 of the Internal Revenue Code;

(B) a simplified employee pension within the meaning of section 408(k) of the Internal Revenue Code; or

(C) a Roth IRA described in section 408A of the Internal Revenue Code; or

(iii) an annuity that is irrevocable and nonassignable; is actuarially sound as determined in accordance with actuarial publications of the Office of the Chief Actuary of

the Social Security Administration; and provides for payments in equal amounts during the term of the annuity, with no deferral and no balloon payments made.

(h) For purposes of this section, long-term care services include services in a nursing facility, services that are eligible for payment according to section 256B.0625, subdivision 2, because they are provided in a swing bed, intermediate care facility for persons with developmental disabilities, and home and community-based services provided pursuant to sections 256B.0915, 256B.092, and 256B.49. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility or in a swing bed, or intermediate care facility for persons with developmental disabilities or who is receiving home and community-based services under sections 256B.0915, 256B.092, and 256B.49.

(i) This section applies to funds used to purchase a promissory note, loan, or mortgage unless the note, loan, or mortgage:

(1) has a repayment term that is actuarially sound;

(2) provides for payments to be made in equal amounts during the term of the loan, with no deferral and no balloon payments made; and

(3) prohibits the cancellation of the balance upon the death of the lender.

In the case of a promissory note, loan, or mortgage that does not meet an exception in clauses (1) to (3), the value of such note, loan, or mortgage shall be the outstanding balance due as of the date of the ~~individual's application~~ institutionalized person's request for medical assistance payment of long-term care services.

(j) This section applies to the purchase of a life estate interest in another ~~individual's~~ person's home unless the purchaser resides in the home for a period of at least one year after the date of purchase.

Sec. 17. Minnesota Statutes 2006, section 256B.0595, subdivision 2, is amended to read:

Subd. 2. Period of ineligibility. (a) For any uncompensated transfer occurring on or before August 10, 1993, the number of months of ineligibility for long-term care services shall be the lesser of 30 months, or the uncompensated transfer amount divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred. If the transfer was not reported to the local agency at the time of application, and the applicant received long-term care services during what would have been the period of

ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of long-term care services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. ~~The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.~~ The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

(b) For uncompensated transfers made after August 10, 1993, the number of months of ineligibility for long-term care services shall be the total uncompensated value of the resources transferred divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the first day of the month after the month in which the assets were transferred except that if one or more uncompensated transfers are made during a period of ineligibility, the total assets transferred during the ineligibility period shall be combined and a penalty period calculated to begin on the first day of the month after the month in which the first uncompensated transfer was made. If the transfer was reported to the local agency after the date that advance notice of a period of ineligibility that affects the next month could be provided to the recipient and the recipient received medical assistance services or the transfer was not reported to the local agency, and the applicant or recipient received medical assistance services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee ~~for the cost of medical assistance~~ that portion of long-term care services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. ~~The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.~~

The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received. Effective for transfers made on or after March 1, 1996, involving persons who apply for medical assistance on or after April 13, 1996, no cause of action exists for a transfer unless:

(1) the transferee knew or should have known that the transfer was being made by a person who was a resident of a long-term care facility or was receiving that level of care in the community at the time of the transfer;

(2) the transferee knew or should have known that the transfer was being made to assist the person to qualify for or retain medical assistance eligibility; or

(3) the transferee actively solicited the transfer with intent to assist the person to qualify for or retain eligibility for medical assistance.

(c) For uncompensated transfers made on or after February 8, 2006, the period of ineligibility:

(1) for uncompensated transfers by or on behalf of individuals receiving medical assistance payment of long-term care services, begins on the first day of the month in which following advance notice can be given following of the penalty period, but no later than the first day of the month in which assets have been transferred for less than fair market value, that follows three full calendar months from the date of the report or discovery of the transfer; or

(2) for uncompensated transfers by individuals requesting medical assistance payment of long-term care services, begins the date on which the individual is eligible for medical assistance under the Medicaid state plan and would otherwise be receiving long-term care services based on an approved application for such care but for the application of the penalty period, whichever is later, and which does not occur

(3) cannot begin during any other period of ineligibility.

(d) If a calculation of a penalty period results in a partial month, payments for long-term care services shall be reduced in an amount equal to the fraction.

(e) In the case of multiple fractional transfers of assets in more than one month for less than fair market value on or after February 8, 2006, the period of ineligibility is calculated by treating the total, cumulative, uncompensated value of all assets transferred during all months on or after February 8, 2006, as one transfer.

Sec. 18. Minnesota Statutes 2006, section 256B.0595, subdivision 3, is amended to read:

Subd. 3. **Homestead exception to transfer prohibition.** (a) An institutionalized person is not ineligible for long-term care services due to a transfer of assets for less than fair market value if the asset transferred was a homestead and:

(1) title to the homestead was transferred to the individual's:

(i) spouse;

(ii) child who is under age 21;

(iii) blind or permanently and totally disabled child as defined in the supplemental security income program;

(iv) sibling who has equity interest in the home and who was residing in the home for a period of at least one year immediately before the date of the individual's admission to the facility; or

(v) son or daughter who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the facility the

21.1 individual became an institutionalized person, and who provided care to the individual
21.2 that, as certified by the individual's attending physician, permitted the individual to reside
21.3 at home rather than receive care in an institution or facility;

21.4 (2) a satisfactory showing is made that the individual intended to dispose of the
21.5 homestead at fair market value or for other valuable consideration; or

21.6 (3) the local agency grants a waiver of a penalty resulting from a transfer for less
21.7 than fair market value because denial of eligibility would cause undue hardship for the
21.8 individual, based on imminent threat to the individual's health and well-being. Whenever
21.9 an applicant or recipient is denied eligibility because of a transfer for less than fair market
21.10 value, the local agency shall notify the applicant or recipient that the applicant or recipient
21.11 may request a waiver of the penalty if the denial of eligibility will cause undue hardship.
21.12 With the written consent of the individual or the personal representative of the individual,
21.13 a long-term care facility in which an individual is residing may file an undue hardship
21.14 waiver request, on behalf of the individual who is denied eligibility for long-term care
21.15 services on or after July 1, 2006, due to a period of ineligibility resulting from a transfer on
21.16 or after February 8, 2006. In evaluating a waiver, the local agency shall take into account
21.17 whether the individual was the victim of financial exploitation, whether the individual has
21.18 made reasonable efforts to recover the transferred property or resource, and other factors
21.19 relevant to a determination of hardship. If the local agency does not approve a hardship
21.20 waiver, the local agency shall issue a written notice to the individual stating the reasons
21.21 for the denial and the process for appealing the local agency's decision.

21.22 (b) When a waiver is granted under paragraph (a), clause (3), a cause of action exists
21.23 against the person to whom the homestead was transferred for that portion of long-term
21.24 care services ~~granted~~ provided within:

21.25 (1) 30 months of a transfer made on or before August 10, 1993;

21.26 (2) 60 months if the homestead was transferred after August 10, 1993, to a trust or
21.27 portion of a trust that is considered a transfer of assets under federal law;

21.28 (3) 36 months if transferred in any other manner after August 10, 1993, but prior
21.29 to February 8, 2006; or

21.30 (4) 60 months if the homestead was transferred on or after February 8, 2006,

21.31 or the amount of the uncompensated transfer, whichever is less, together with the
21.32 costs incurred due to the action. ~~The action shall be brought by the state unless the~~
21.33 ~~state delegates this responsibility to the local agency responsible for providing medical~~
21.34 ~~assistance under chapter 256G.~~

Sec. 19. Minnesota Statutes 2006, section 256B.0595, subdivision 4, is amended to read:

Subd. 4. **Other exceptions to transfer prohibition.** An institutionalized person who has made, or whose spouse has made a transfer prohibited by subdivision 1, is not ineligible for long-term care services if one of the following conditions applies:

(1) the assets were transferred to the individual's spouse or to another for the sole benefit of the spouse; or

(2) the institutionalized spouse, prior to being institutionalized, transferred assets to a spouse, provided that the spouse to whom the assets were transferred does not then transfer those assets to another person for less than fair market value. (At the time when one spouse is institutionalized, assets must be allocated between the spouses as provided under section 256B.059); or

(3) the assets were transferred to the individual's child who is blind or permanently and totally disabled as determined in the supplemental security income program; or

(4) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or

(5) the local agency determines that denial of eligibility for long-term care services would work an undue hardship and grants a waiver of a penalty resulting from a transfer for less than fair market value based on an imminent threat to the individual's health and well-being. Whenever an applicant or recipient is denied eligibility because of a transfer for less than fair market value, the local agency shall notify the applicant or recipient that the applicant or recipient may request a waiver of the penalty if the denial of eligibility will cause undue hardship. With the written consent of the individual or the personal representative of the individual, a long-term care facility in which an individual is residing may file an undue hardship waiver request, on behalf of the individual who is denied eligibility for long-term care services on or after July 1, 2006, due to a period of ineligibility resulting from a transfer on or after February 8, 2006. In evaluating a waiver, the local agency shall take into account whether the individual was the victim of financial exploitation, whether the individual has made reasonable efforts to recover the transferred property or resource, whether the individual has taken any action to prevent the designation of the department as a remainder beneficiary on an annuity as described in section 256B.056, subdivision 11, and other factors relevant to a determination of hardship. The local agency shall make a determination within 30 days of the receipt of all necessary information needed to make such a determination. If the local agency does not approve a hardship waiver, the local agency shall issue a written notice to the individual stating the reasons for the denial and the process for appealing the local agency's decision.

When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of long-term care services ~~granted~~ provided within:

- (i) 30 months of a transfer made on or before August 10, 1993;
- (ii) 60 months of a transfer if the assets were transferred after August 30, 1993, to a trust or portion of a trust that is considered a transfer of assets under federal law;
- (iii) 36 months of a transfer if transferred in any other manner after August 10, 1993, but prior to February 8, 2006; or
- (iv) 60 months of any transfer made on or after February 8, 2006,

or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. ~~The action shall be brought by the state unless the state delegates this responsibility to the local agency responsible for providing medical assistance under this chapter; or~~

(6) for transfers occurring after August 10, 1993, the assets were transferred by the person or person's spouse: (i) into a trust established for the sole benefit of a son or daughter of any age who is blind or disabled as defined by the Supplemental Security Income program; or (ii) into a trust established for the sole benefit of an individual who is under 65 years of age who is disabled as defined by the Supplemental Security Income program.

"For the sole benefit of" has the meaning found in section 256B.059, subdivision 1.

Sec. 20. Minnesota Statutes 2006, section 256B.0595, is amended by adding a subdivision to read:

Subd. 8. Cause of action; transfer prior to death. (a) A cause of action exists against a transferee who receives assets for less than fair market value, either:

(1) from a person who was a recipient of medical assistance and who made an uncompensated transfer that was known to the county agency but a penalty period could not be implemented under this section due to the death of the person; or

(2) from a person who was a recipient of medical assistance who made an uncompensated transfer that was not known to the county agency and the transfer was made with the intent to hinder, delay, or defraud the state or local agency from recovering as allowed under section 256B.15. In determining intent under this clause consideration may be given, among other factors, to whether:

- (i) the transfer was to a family member;
- (ii) the transferor retained possession or control of the property after the transfer;
- (iii) the transfer was concealed;
- (iv) the transfer included the majority of the transferor's assets;

24.1 (v) the value of the consideration received was not reasonably equivalent to the fair
24.2 market value of the property; and

24.3 (vi) the transfer occurred shortly before the death of the transferor.

24.4 (b) No cause of action exists under this subdivision unless:

24.5 (1) the transferee knew or should have known that the transfer was being made by a
24.6 person who was receiving medical assistance as described in section 256B.15, subdivision
24.7 1, paragraph (b); and

24.8 (2) the transferee received the asset without providing a reasonable equivalent fair
24.9 market value in exchange for the transfer.

24.10 (c) The cause of action is for the uncompensated amount of the transfer or the
24.11 amount of medical assistance paid on behalf of the person, whichever is less. The
24.12 uncompensated transfer amount is the fair market value of the asset at the time it was
24.13 given away, sold, or disposed of, less the amount of the compensation received.

24.14 Sec. 21. Minnesota Statutes 2006, section 256B.0595, is amended by adding a
24.15 subdivision to read:

24.20 (2) subdivision 2, paragraphs (a) and (b);

24.21 (3) subdivision 3, paragraph (b);

24.22 (4) subdivision 4, clause (5); and

24.23 (5) subdivision 8

24.24 on behalf of the claimant who must be the commissioner.

24.25 (b) Notwithstanding any other law to the contrary, a cause of action under
24.26 subdivision 2, paragraph (a) or (b) or subdivision 8, must be commenced within six years
24.27 of the date the local agency determines that a transfer was made for less than fair market
24.28 value. Notwithstanding any other law to the contrary, a cause of action under subdivision
24.29 3, paragraph (b), or subdivision 4, clause (5), must be commenced within six years of the
24.30 date of approval of a waiver of the penalty period for a transfer for less than fair market
24.31 value based on undue hardship.

24.32 Sec. 22. Minnesota Statutes 2006, section 256B.0625, subdivision 13g, is amended to
24.33 read:

Subd. 13g. **Preferred drug list.** (a) The commissioner shall adopt and implement a preferred drug list by January 1, 2004. The commissioner may enter into a contract with a vendor ~~or one or more states~~ for the purpose of participating in a ~~multistate~~ preferred drug list and supplemental rebate program. The commissioner shall ensure that any contract meets all federal requirements and maximizes federal financial participation. The commissioner shall publish the preferred drug list annually in the State Register and shall maintain an accurate and up-to-date list on the agency Web site.

(b) The commissioner may add to, delete from, and otherwise modify the preferred drug list, after consulting with the Formulary Committee and appropriate medical specialists and providing public notice and the opportunity for public comment.

(c) The commissioner shall adopt and administer the preferred drug list as part of the administration of the supplemental drug rebate program. Reimbursement for prescription drugs not on the preferred drug list may be subject to prior authorization, unless the drug manufacturer signs a supplemental rebate contract.

(d) For purposes of this subdivision, "preferred drug list" means a list of prescription drugs within designated therapeutic classes selected by the commissioner, for which prior authorization based on the identity of the drug or class is not required.

(e) The commissioner shall seek any federal waivers or approvals necessary to implement this subdivision.

Sec. 23. Minnesota Statutes 2007 Supplement, section 256B.0625, subdivision 49, is amended to read:

31.1 eligibility requirements of paragraph (a), clause (2), item (i), for a temporary period

31.7 MinnesotaCare as required by paragraph (c), an individual must complete a new
31.8 application.

31.9 (e) Applicants and recipients eligible under paragraph (a), clause (1), ~~who are~~

31.24 (8) reside in the Minnesota sex offender program defined in chapter 246B.

31.25 (f) For applications received on or after October 1, 2003, eligibility may begin no
31.26 earlier than the date of application. For individuals eligible under paragraph (a), clause
31.27 (2), item (i), a redetermination of eligibility must occur every 12 months. Individuals are
31.28 eligible under paragraph (a), clause (2), item (ii), only during inpatient hospitalization but
31.29 may reapply if there is a subsequent period of inpatient hospitalization.

31.30 (g) Beginning September 1, 2006, Minnesota health care program applications and
31.31 renewals completed by recipients and applicants who are persons described in paragraph
31.32 (c) and submitted to the county agency shall be determined for MinnesotaCare eligibility
31.33 by the county agency. If all other eligibility requirements of this subdivision are met,
31.34 eligibility for general assistance medical care shall be available in any month during which
31.35 MinnesotaCare enrollment is pending. Upon notification of eligibility for MinnesotaCare,
31.36 notice of termination for eligibility for general assistance medical care shall be sent to

32.1 an applicant or recipient. If all other eligibility requirements of this subdivision are
32.2 met, eligibility for general assistance medical care shall be available until enrollment in
32.3 MinnesotaCare subject to the provisions of paragraphs (c), (e), and (f).

32.4 (h) The date of an initial Minnesota health care program application necessary to
32.5 begin a determination of eligibility shall be the date the applicant has provided a name,
32.6 address, and Social Security number, signed and dated, to the county agency or the
32.7 Department of Human Services. If the applicant is unable to provide a name, address,
32.8 Social Security number, and signature when health care is delivered due to a medical
32.9 condition or disability, a health care provider may act on an applicant's behalf to establish
32.10 the date of an initial Minnesota health care program application by providing the county
32.11 agency or Department of Human Services with provider identification and a temporary
32.12 unique identifier for the applicant. The applicant must complete the remainder of the
32.13 application and provide necessary verification before eligibility can be determined. The
32.14 county agency must assist the applicant in obtaining verification if necessary.

32.15 (i) County agencies are authorized to use all automated databases containing
32.16 information regarding recipients' or applicants' income in order to determine eligibility for
32.17 general assistance medical care or MinnesotaCare. Such use shall be considered sufficient
32.18 in order to determine eligibility and premium payments by the county agency.

32.19 (j) General assistance medical care is not available for a person in a correctional
32.20 facility unless the person is detained by law for less than one year in a county correctional
32.21 or detention facility as a person accused or convicted of a crime, or admitted as an
32.22 inpatient to a hospital on a criminal hold order, and the person is a recipient of general
32.23 assistance medical care at the time the person is detained by law or admitted on a criminal
32.24 hold order and as long as the person continues to meet other eligibility requirements
32.25 of this subdivision.

32.26 (k) General assistance medical care is not available for applicants or recipients who
32.27 do not cooperate with the county agency to meet the requirements of medical assistance.

32.28 (l) In determining the amount of assets of an individual eligible under paragraph
32.29 (a), clause (2), item (i), there shall be included any asset or interest in an asset, including
32.30 an asset excluded under paragraph (a), that was given away, sold, or disposed of for
32.31 less than fair market value within the 60 months preceding application for general
32.32 assistance medical care or during the period of eligibility. Any transfer described in this
32.33 paragraph shall be presumed to have been for the purpose of establishing eligibility for
32.34 general assistance medical care, unless the individual furnishes convincing evidence to
32.35 establish that the transaction was exclusively for another purpose. For purposes of this
32.36 paragraph, the value of the asset or interest shall be the fair market value at the time it

was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

(m) When determining eligibility for any state benefits under this subdivision, the income and resources of all noncitizens shall be deemed to include their sponsor's income and resources as defined in the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, title IV, Public Law 104-193, sections 421 and 422, and subsequently set out in federal rules.

(n) Undocumented noncitizens and nonimmigrants are ineligible for general assistance medical care. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented noncitizen is an individual who resides in the United States without the approval or acquiescence of the United States Citizenship and Immigration Services.

(o) Notwithstanding any other provision of law, a noncitizen who is ineligible for medical assistance due to the deeming of a sponsor's income and resources, is ineligible for general assistance medical care.

(p) Effective July 1, 2003, general assistance medical care emergency services end.

EFFECTIVE DATE. This section is effective the day following final enactment.

(ii) any other claim, including claims subject to clause (3), which would otherwise be barred hereunder, upon allowance by the court upon petition of the personal representative or the claimant for cause shown on notice and hearing as the court may direct.

Sec. 32. **HOME MODIFICATIONS.**

Effective upon federal approval, the costs associated with home modifications that add to the square footage of an unlicensed private residence when necessary to complete a modification to configure a bathroom to accommodate a wheelchair may be allowed expenses for home and community-based waiver services provided under Minnesota Statutes, sections 256B.0916 and 256B.49 for persons with disabilities when the following conditions are met:

(1) the annual cost of the care and modifications for the waiver recipient does not exceed the cost of care that would otherwise be incurred for the recipient without the modification, as determined by the local lead agency;

(2) the modification is based on the assessed needs, goals, and best interest of the recipient as identified in the plan of care;

(3) the modification has been found to be the least costly appropriate alternative after other alternatives have been explored through an evaluation by the local lead agency; and

(4) the modification is reasonable given the value and size of the home.
