**Subd. 1b. Temporary alternative GRAD test requirements; notations of high
student achievement.** (a) For the 2009-2010 through 2011-2012 school years only, a high

when the student was eligible to take the tests;

(2) completed with a passing score or grade all course work and credits required for
graduation by the school board granting the student his or her diploma; and

(3) participated in the academic remediation available to the student in the student's
school in those subject areas in which the student did not receive a passing GRAD test
score.

(b) A school board may formally decide to include a notation of high achievement
on the high school diplomas of those graduating seniors who, according to school board
criteria, demonstrate exemplary academic achievement during high school. A school
board that decides to include such notations must immediately report its decision to the
department and must annually report to the department the number and percent of students
who receive the notation.
