

A bill for an act

relating to education; authorizing the Board of Teaching to amend its licensure rules to permit a tiered teacher licensure structure, revised institutional and program approval requirements, and revised special education licensure requirements; amending Minnesota Statutes 2009 Supplement, section 122A.09, subdivision 4.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Minnesota Statutes 2009 Supplement, section 122A.09, subdivision 4, is amended to read:

Subd. 4. **License and rules.** (a) The board must adopt rules to license public school teachers and interns subject to chapter 14.

(b) The board must adopt rules requiring a person to successfully complete a skills examination in reading, writing, and mathematics as a requirement for initial teacher licensure. Such rules must require college and universities offering a board-approved teacher preparation program to provide remedial assistance to persons who did not achieve a qualifying score on the skills examination, including those for whom English is a second language.

(c) The board must adopt rules to approve teacher preparation programs and institutions and may revise these rules consistent with paragraph (d). The board, upon the request of a postsecondary student preparing for teacher licensure or a licensed graduate of a teacher preparation program, shall assist in resolving a dispute between the person and a postsecondary institution providing a teacher preparation program when the dispute involves an institution's recommendation for licensure affecting the person or the person's credentials. At the board's discretion, assistance may include the application of chapter 14.

(d) The board must provide the leadership and shall adopt rules for the redesign of teacher education programs to implement a research based, results-oriented curriculum that focuses on the skills teachers need in order to be effective. The board shall implement new systems of teacher preparation program evaluation to assure program effectiveness based on proficiency of graduates in demonstrating attainment of program outcomes.

(e) The board must adopt rules requiring candidates for initial licenses to successfully complete an examination of general pedagogical knowledge and examinations of licensure-specific teaching skills. The rules shall be effective by September 1, 2001. The rules under this paragraph also must require candidates for initial licenses to teach prekindergarten or elementary students to successfully complete, as part of the examination of licensure-specific teaching skills, test items assessing the candidates' knowledge, skill, and ability in comprehensive, scientifically based reading instruction under section 122A.06, subdivision 4, and their knowledge and understanding of the foundations of reading development, the development of reading comprehension, and reading assessment and instruction, and their ability to integrate that knowledge and understanding.

(f) The board must adopt rules requiring teacher educators to work directly with elementary or secondary school teachers in elementary or secondary schools to obtain periodic exposure to the elementary or secondary teaching environment.

(g) The board must grant licenses to interns and to candidates for initial licenses.

(h) The board must design and implement an assessment system which requires a candidate for an initial license and first continuing license to demonstrate the abilities necessary to perform selected, representative teaching tasks at appropriate levels.

(i) The board must receive recommendations from local committees as established by the board for the renewal of teaching licenses.

(j) The board must grant life licenses to those who qualify according to requirements established by the board, and suspend or revoke licenses pursuant to sections 122A.20 and 214.10. The board must not establish any expiration date for application for life licenses.

(k) The board must adopt rules that require all licensed teachers who are renewing their continuing license to include in their renewal requirements further preparation in the areas of using positive behavior interventions and in accommodating, modifying, and adapting curricula, materials, and strategies to appropriately meet the needs of individual students and ensure adequate progress toward the state's graduation rule.

(l) In adopting rules to license public school teachers who provide health-related services for disabled children, the board shall adopt rules consistent with license or registration requirements of the commissioner of health and the health-related boards who license personnel who perform similar services outside of the school.

(m) The board must adopt rules that require all licensed teachers who are renewing their continuing license to include in their renewal requirements further reading preparation, consistent with section 122A.06, subdivision 4. The rules do not take effect until they are approved by law. Teachers who do not provide direct instruction including, at least, counselors, school psychologists, school nurses, school social workers, audiovisual directors and coordinators, and recreation personnel are exempt from this section.

(n) The board must adopt rules that require all licensed teachers who are renewing their continuing license to include in their renewal requirements further preparation in understanding the key warning signs of early-onset mental illness in children and adolescents.

(o) The board may adopt rules to license public school teachers who provide instruction or other programs or services to children with disabilities under chapter 125A.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. **PROPOSED RULES; BOARD OF TEACHING.**

The Board of Teaching must develop and submit to the education policy committees of the legislature by February 1, 2011, recommended rules under Minnesota Statutes, chapter 14, for a multitiered teacher licensure structure. The board must not publish notice under Minnesota Statutes, section 14.101, soliciting comments on possible rules for a multitiered teacher licensure structure before June 1, 2011, and must not proceed to finally adopt such rules without first receiving specific legislative authority to do so.

EFFECTIVE DATE. This section is effective the day following final enactment.
