(b) The commission shall consider mechanisms to encourage the aggregation of C-BED projects.

(c) The commission shall require that ~~qualifying and nonqualifying owners~~ C-BED projects provide sufficient security to secure performance under the power purchase agreement, ~~and shall prohibit the transfer of the C-BED project to a nonqualifying owner during the initial 20 years of the contract.~~

Sec. 3. Minnesota Statutes 2008, section 216B.1612, subdivision 5, is amended to read:

Subd. 5. **Priority for C-BED projects.** (a) A utility subject to section 216B.1691 that needs to construct new generation, or purchase the output from new generation, as part of its plan to satisfy its good faith objective and standard under that section must take reasonable steps to determine if one or more C-BED projects are available that meet the utility's cost and reliability requirements, applying standard reliability criteria, to fulfill some or all of the identified need at minimal impact to customer rates.

Nothing in this section shall be construed to obligate a utility to enter into a power purchase agreement under a C-BED tariff developed under this section.

(b) Each utility shall include in its resource plan submitted under section 216B.2422 a description of its efforts to purchase energy from C-BED projects, including a list of the projects under contract and the amount of C-BED energy purchased.

~~(c) A qualifying owner, or any combination of qualifying owners, may develop a joint venture project with a nonqualifying renewable energy project developer. C-BED project may be jointly developed with a non-C-BED project. However, the terms of the C-BED tariff may only apply to the portion of the energy production of the total project that is directly proportional to the equity share of the project owned by the qualifying owners energy produced by the C-BED project.~~

~~(d)~~ A project that is operating under a power purchase agreement under a C-BED tariff is not eligible for net energy billing under section 216B.164, subdivision 3, or for production incentives under section 216C.41.

~~(e)~~ (d) A public utility must receive commission approval of a power purchase agreement for a C-BED tariffed project. 5.5 In seeking a determination of eligibility under this subdivision, a developer of a C-BED
5.6 project must submit to the commissioner of commerce detailed financial projections
5.7 demonstrating that, based on a net present value analysis, and applying the discount rate to
5.8 qualifying revenues and gross revenues from a power purchase agreement, the project
5.9 meets the requirements of subdivision 2, paragraph (h), clause (1).
