

A bill for an act

relating to public health; requiring labeling of certain human DNA vaccines and informed consent for administration of those vaccines; proposing coding for new law in Minnesota Statutes, chapter 145.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. **[145.669] HUMAN DNA VACCINES.**

(a) Vaccines manufactured using human fetal or embryonic cell lines, proteins, deoxyribonucleic acid (DNA), recombinant DNA, monoclonal antibodies, or any other components derived from elective abortion or using cell lines derived from electively aborted tissue must be clearly labeled as being derived from or manufactured using electively aborted human fetal or embryonic tissue.

(b) Vaccines required to be labeled as "derived from or manufactured using electively aborted human fetal or embryonic tissue" under paragraph (a) shall not be administered to a patient without written, informed consent.
