ARTICLE 1

ZERO-BASED BUDGETING

Section 1. Minnesota Statutes 2010, section 16A.103, is amended to read:

16A.103 FORECASTS OF REVENUE AND EXPENDITURES.

Subdivision 1. **State revenue and expenditures.** In February and November
each year, the commissioner shall prepare a forecast of state revenue and expenditures.
The November forecast must be delivered to the legislature and governor no later than
the end of the first week of December. The February forecast must be delivered to the
legislature and governor by the end of February. Forecasts must be delivered to the
legislature and governor on the same day. If requested by the Legislative Commission on
Planning and Fiscal Policy, delivery to the legislature must include a presentation to the
commission. The portion of each forecast dealing with state expenditures must forecast
these expenditures only for the remainder of the current biennium.

Subd. 1a. **Forecast parameters.** The forecast must assume the continuation of
current laws and reasonable estimates of projected growth in the national and state
economies and affected populations. Revenue must be estimated for all sources provided
for in current law. Expenditures for the remainder of the current biennium must be

estimated for all obligations imposed by law and those projected to occur as a result of variables outside the control of the legislature. Expenditure estimates must not include an allowance for inflation.

~~Subd. 1b. **Forecast variable.** In determining the amount of state bonding as it affects debt service, the calculation of investment income, and the other variables to be included in the expenditure part of the forecast, the commissioner must consult with the chairs and lead minority members of the senate State Government Finance Committee and the house of representatives Ways and Means Committee, and legislative fiscal staff. This consultation must occur at least three weeks before the forecast is to be released. No later than two weeks prior to the release of the forecast, the commissioner must inform the chairs and lead minority members of the senate State Government Finance Committee and the house of representatives Ways and Means Committee, and legislative fiscal staff of any changes in these variables from the previous forecast.~~

Subd. 1c. **Expenditure data.** State agencies must submit any revisions in expenditure data for the remainder of the current biennium the commissioner determines necessary for the forecast to the commissioner at least four weeks prior to the release of the forecast. The information submitted by state agencies and any modifications to that information made by the commissioner must be made available to legislative fiscal staff no later than three weeks prior to the release of the forecast.

Subd. 1d. **Revenue data.** On a monthly basis, the commissioner must provide legislative fiscal staff with an update of the previous month's state revenues no later than 12 days after the end of that month.

Subd. 1e. **Economic information.** The commissioner must review economic information including economic forecasts with legislative fiscal staff no later than two weeks before the forecast is released. The commissioner must invite the chairs and lead minority members of the senate Finance Committee and the house of representatives Ways and Means Committee, and legislative fiscal staff to attend any meetings held with outside economic advisors. The commissioner must provide legislative fiscal staff with monthly economic forecast information received from outside sources.

Subd. 1f. **Personal income.** In addition, the commissioner shall forecast Minnesota personal income for each of the years covered by the forecast and include these estimates in the forecast documents.

Subd. 1g. **Period to be forecast.** A forecast prepared during the first fiscal year of a biennium must cover that biennium and the next biennium. A forecast prepared during the second fiscal year of a biennium must cover that biennium and the next two

bienniums. However, each forecast must cover expenditures only for the remainder of the current biennium.

Subd. 2. **Local revenue.** In February and November of each year, the commissioner of revenue shall prepare and deliver to the governor and the legislature forecasts of revenue to be received by school districts as a group, counties as a group, and the group of cities and towns that have a population of more than 2,500. The forecasts must assume the continuation of current laws, projections of valuation changes in real property, and reasonable estimates of projected growth in the national and state economies and affected populations. Revenue must be estimated for property taxes, state and federal aids, local sales taxes, if any, and a single projection for all other revenue for each group of affected local governmental units.

~~Subd. 4. **Report on expenditure increases.** By January 10 of an odd-numbered year, the commissioner of management and budget must report on those programs or components of programs for which expenditures for the next biennium according to the forecast issued the previous November are projected to increase more than 15 percent over the expenditures for that program in the current biennium. The report must include an analysis of the factors that are causing the increases in expenditures.~~

Sec. 2. **[16A.106] ZERO-BASED BUDGETING.**

(a) The proposed budget of each state agency and each entity in the legislative branch and judicial branch must be prepared in a manner such that the base budget of the agency or entity is assumed to be zero, and each proposed expenditure must be justified as if it were a new expenditure.

(b) The commissioner's budget preparation rules and instructions must contain requirements, deadlines, and technical assistance to facilitate implementation of this section. The instructions may establish parameters for the three alternative funding levels required in clause (3). The instructions must require each executive agency to submit the following information to the commissioner, and must also be contained in the detailed budget presented to the legislature:

(1) a description of each activity for which the agency or entity receives an appropriation in the current biennium or for which the agency or entity requests an appropriation in the next biennium;

(2) the legal basis for each activity;

(3) for each activity, three alternative funding levels, and a summary of the priorities that would be accomplished within each level, and the additional increments of value that would be added by the higher funding levels; and

(4) for each activity, one or more measures of cost efficiency and effectiveness of program delivery, which must include comparisons to other states or entities with similar programs.

Sec. 3. Minnesota Statutes 2010, section 16A.11, subdivision 3, is amended to read:

Subd. 3. **Part two: detailed budget.** (a) Part two of the budget, the detailed budget estimates both of expenditures and revenues, must contain any statements on the financial plan which the governor believes desirable or which may be required by the legislature. The detailed estimates shall include the governor's budget arranged in tabular form.

~~(b) Tables listing expenditures for the next biennium must show the appropriation base for each year. The appropriation base is the amount appropriated for the second year of the current biennium. The tables must separately show any adjustments to the base required by current law or policies of the commissioner of management and budget. For forecasted programs, the tables must also show the amount of the forecast adjustments, based on the most recent forecast prepared by the commissioner of management and budget under section 16A.103. For all programs, the tables must show the amount of appropriation changes recommended by the governor, after adjustments to the base and forecast adjustments, and the total recommendation of the governor for that year.~~

~~(c)~~ (b) The detailed estimates must include a separate line listing the total cost of professional and technical service contracts for the prior biennium and the projected costs of those contracts for the current and upcoming biennium. They must also include a summary of the personnel employed by the agency, reflected as full-time equivalent positions.

~~(d)~~ (c) The detailed estimates for internal service funds must include the number of full-time equivalents by program; detail on any loans from the general fund, including dollar amounts by program; proposed investments in technology or equipment of \$100,000 or more; an explanation of any operating losses or increases in retained earnings; and a history of the rates that have been charged, with an explanation of any rate changes and the impact of the rate changes on affected agencies.

Sec. 4. **IMPLEMENTATION.**

The principles of zero-based budgeting required by Minnesota Statutes, section 16A.106, must be implemented for approximately one-half of the executive branch agencies for the biennium beginning July 1, 2011, and for the remaining agencies for the biennium beginning July 1, 2013. The governor must designate which agencies are in each category. For agencies subject to zero-based budgeting for the biennium beginning

5.1 July 1, 2011, agencies must submit supplemental budget materials, in compliance with
5.2 Minnesota statutes, section 16A.106, as soon as possible after enactment of this act.

5.3 Sec. 5. **REPEALER.**

5.4 Minnesota Statutes 2010, section 16A.103, subdivisions 1b and 4, are repealed.

5.5 Sec. 6. **EFFECTIVE DATE.**

5.6 Sections 1 to 5 are effective the day following final enactment.

(1) the efficiency and effectiveness with which the agency or the advisory committee operates;

(2) an identification of the mission, goals, and objectives intended for the agency or advisory committee and of the problem or need that the agency or advisory committee was intended to address and the extent to which the mission, goals, and objectives have been achieved and the problem or need has been addressed;

(2) make recommendations on the consolidation, transfer, or reorganization of programs within state agencies not under review when the programs duplicate functions performed in agencies under review; and

(3) make recommendations to improve the operations of the agency, its policy body, and its advisory committees, including management recommendations that do not require a change in the agency's enabling statute.

(b) The commission shall include the estimated fiscal impact of its recommendations and may recommend appropriation levels for certain programs to improve the operations of the state agency.

(c) The commission shall have drafts of legislation prepared to carry out the commission's recommendations under this section, including legislation necessary to continue the existence of agencies that would otherwise sunset if the commission recommends continuation of an agency.

(d) After the legislature acts on the report under section 3D.09, the commission shall present to the legislative auditor the commission's recommendations that do not require a statutory change to be put into effect. Subject to the legislative audit commission's approval, the legislative auditor may examine the recommendations and include as part of the next audit of the agency a report on whether the agency has implemented the recommendations and, if so, in what manner.

Sec. 12. [3D.12] MONITORING OF RECOMMENDATIONS.

During each legislative session, the staff of the commission shall monitor legislation affecting agencies that have undergone sunset review and shall periodically report to the members of the commission on proposed changes that would modify prior recommendations of the commission.

Sec. 13. [3D.13] REVIEW OF ADVISORY COMMITTEES.

An advisory committee, the primary function of which is to advise a particular state agency, is subject to sunset on the date set for sunset of the agency unless the advisory committee is expressly continued by law.

Sec. 14. [3D.14] CONTINUATION BY LAW.

During the regular session immediately before the sunset of a state agency or an advisory committee that is subject to this chapter, the legislature may enact legislation to continue the agency or advisory committee for a period not to exceed 12 years. This chapter does not prohibit the legislature from:

(1) terminating a state agency or advisory committee subject to this chapter at a date earlier than that provided in this chapter; or

(2) considering any other legislation relative to a state agency or advisory committee subject to this chapter.

Sec. 15. [3D.15] PROCEDURE AFTER TERMINATION.

Subdivision 1. **Termination.** Unless otherwise provided by law:

(1) if after sunset review a state agency is abolished, the agency may continue in existence until June 30 of the following year to conclude its business;

(2) abolishment does not reduce or otherwise limit the powers and authority of the state agency during the concluding year;

(3) a state agency is terminated and shall cease all activities at the expiration of the one-year period; and

(4) all rules that have been adopted by the state agency expire at the expiration of the one-year period.

Subd. 2. **Funds of abolished agency or advisory committee.** (a) Any unobligated and unexpended appropriations of an abolished agency or advisory committee lapse on June 30 of the year after abolishment.

(b) Except as provided by subdivision 4 or as otherwise provided by law, all money in a dedicated fund of an abolished state agency or advisory committee on June 30 of the year after abolishment is transferred to the general fund. The part of the law dedicating the money to a specific fund of an abolished agency becomes void on June 30 of the year after abolishment.

Subd. 3. **Property and records of abolished agency or advisory committee.** Unless the governor designates an appropriate state agency as prescribed by subdivision 4, property and records in the custody of an abolished state agency or advisory committee on June 30 of the year after abolishment must be transferred to the commissioner of administration. If the governor designates an appropriate state agency, the property and records must be transferred to the designated state agency.

Subd. 4. **Continuing obligations.** (a) The legislature recognizes the state's continuing obligation to pay bonded indebtedness and all other obligations, including lease, contract, and other written obligations, incurred by a state agency or advisory committee abolished under this chapter, and this chapter does not impair or impede the payment of bonded indebtedness and all other obligations, including lease, contract, and other written obligations, in accordance with their terms. If an abolished state agency or advisory committee has outstanding bonded indebtedness or other outstanding obligations, including lease, contract, and other written obligations, the bonds and all other obligations, including lease, contract, and other written obligations, remain valid and enforceable in accordance with their terms and subject to all applicable terms and conditions of the laws and proceedings authorizing the bonds and all other obligations, including lease, contract, and other written obligations.

(b) The governor shall designate an appropriate state agency that shall continue to carry out all covenants contained in the bonds and in all other obligations, including lease, contract, and other written obligations, and the proceedings authorizing them, including the issuance of bonds, and the performance of all other obligations, including lease, contract, and other written obligations, to complete the construction of projects or the performance of other obligations, including lease, contract, and other written obligations.

(c) The designated state agency shall provide payment from the sources of payment of the bonds in accordance with the terms of the bonds and shall provide payment from

12.1 the sources of payment of all other obligations, including lease, contract, and other written
12.2 obligations, in accordance with their terms, whether from taxes, revenues, or otherwise,
12.3 until the bonds and interest on the bonds are paid in full and all other obligations,
12.4 including lease, contract, and other written obligations, are performed and paid in full.
12.5 If the proceedings so provide, all funds established by laws or proceedings authorizing
12.6 the bonds or authorizing other obligations, including lease, contract, and other written
12.7 obligations, must remain with the comptroller or the previously designated trustees. If the
12.8 proceedings do not provide that the funds remain with the comptroller or the previously
12.9 designated trustees, the funds must be transferred to the designated state agency.

12.10 Sec. 16. **[3D.16] ASSISTANCE OF AND ACCESS TO STATE AGENCIES.**

12.11 The commission may request the assistance of state agencies and officers. When
12.12 assistance is requested, a state agency or officer shall assist the commission. In carrying
12.13 out its functions under this chapter, the commission or its designated staff member may
12.14 inspect the records, documents, and files of any state agency.

12.15 Sec. 17. **[3D.17] RELOCATION OF EMPLOYEES.**

12.16 If an employee is displaced because a state agency or its advisory committee is
12.17 abolished or reorganized, the state agency shall make a reasonable effort to relocate the
12.18 displaced employee.

12.19 Sec. 18. **[3D.18] SAVING PROVISION.**

12.20 Except as otherwise expressly provided, abolition of a state agency does not affect
12.21 rights and duties that matured, penalties that were incurred, civil or criminal liabilities that
12.22 arose, or proceedings that were begun before the effective date of the abolition.

12.23 Sec. 19. **[3D.19] REVIEW OF PROPOSED LEGISLATION CREATING AN**
12.24 **AGENCY.**

12.25 Each bill filed in a house of the legislature that would create a new state agency or
12.26 a new advisory committee to a state agency shall be reviewed by the commission. The
12.27 commission shall review the bill to determine if:

12.28 (1) the proposed functions of the agency or committee could be administered by one
12.29 or more existing state agencies or advisory committees;

12.30 (2) the form of regulation, if any, proposed by the bill is the least restrictive form of
12.31 regulation that will adequately protect the public;

13.1 (3) the bill provides for adequate public input regarding any regulatory function
13.2 proposed by the bill; and

13.3 (4) the bill provides for adequate protection against conflicts of interest within
13.4 the agency or committee.

13.5 Sec. 20. **[3D.20] GIFTS AND GRANTS.**

13.6 The commission may accept gifts, grants, and donations from any organization
13.7 described in section 501(c)(3) of the Internal Revenue Code for the purpose of funding
13.8 any activity under this chapter. All gifts, grants, and donations must be accepted in an
13.9 open meeting by a majority of the voting members of the commission and reported in the
13.10 public record of the commission with the name of the donor and purpose of the gift, grant,

16A.103 FORECASTS OF REVENUE AND EXPENDITURES.

Subd. 1b. **Forecast variable.** In determining the amount of state bonding as it affects debt service, the calculation of investment income, and the other variables to be included in the expenditure part of the forecast, the commissioner must consult with the chairs and lead minority members of the senate State Government Finance Committee and the house of representatives Ways and Means Committee, and legislative fiscal staff. This consultation must occur at least three weeks before the forecast is to be released. No later than two weeks prior to the release of the forecast, the commissioner must inform the chairs and lead minority members of the senate State Government Finance Committee and the house of representatives Ways and Means Committee, and legislative fiscal staff of any changes in these variables from the previous forecast.

Subd. 4. **Report on expenditure increases.** By January 10 of an odd-numbered year, the commissioner of management and budget must report on those programs or components of programs for which expenditures for the next biennium according to the forecast issued the previous November are projected to increase more than 15 percent over the expenditures for that program in the current biennium. The report must include an analysis of the factors that are causing the increases in expenditures.
