1.11Section 1. CITATION.

1.12Sections 2 to 14 may be cited as the "Minnesota Children and Family Investment

1.13Program Act."

1.14Sec. 2. LEGISLATIVE FINDINGS.

1.15The legislature finds that:

1.16(1) seven out of ten MFIP recipients are children;

1.17(2) children receiving MFIP assistance are living in poverty;

1.18(3) current MFIP policies are pushing children and their families deeper into poverty;

1.19(4) half of Minnesota children receiving MFIP assistance are under the age of five;

1.20(5) 90 percent of brain development occurs during the first five years of a child's

1.21life; and

1.22(6) research demonstrates that experiences affect the way a child's brain develops,

1.23and that adverse childhood experiences can produce toxic levels of stress and disrupt the

1.24architecture of a child's developing brain.

Sec. 3. Minnesota Statutes 2010, section 119B.025, subdivision 1, is amended to read:

Subdivision 1. **Factors which must be verified.** (a) The county shall verify the following at all initial child care applications using the universal application:

- (1) identity of adults;
- (2) presence of the minor child in the home, if questionable;
- (3) relationship of minor child to the parent, stepparent, legal guardian, eligible relative caretaker, or the spouses of any of the foregoing;
- (4) age;
- (5) immigration status, if related to eligibility;
- (6) Social Security number, if given;
- (7) income;
- (8) spousal support and child support payments made to persons outside the household;
- (9) residence; and
- (10) inconsistent information, if related to eligibility.

(b) If a family did not use the universal application or child care addendum to apply for child care assistance, the family must complete the universal application or child care addendum at its next eligibility redetermination and the county must verify the factors listed in paragraph (a) as part of that redetermination. Once a family has completed a universal application or child care addendum, the county shall use the redetermination form described in paragraph (c) for that family's subsequent redeterminations. Eligibility must be redetermined at least every ~~six~~ 12 months. For a family where at least one parent is under the age of 21, does not have a high school or general equivalency diploma, and is a student in a school district or another similar program that provides or arranges for child care, as well as parenting, social services, career and employment supports, and academic support to achieve high school graduation, the redetermination of eligibility shall be deferred ~~beyond six months~~, but not to exceed 12 months, to the end of the student's school year. If a family reports a change in an eligibility factor before the family's next regularly scheduled redetermination, the county must recalculate eligibility without requiring verification of any eligibility factor that did not change.

(c) The commissioner shall develop a redetermination form to redetermine eligibility and a change report form to report changes that minimize paperwork for the county and the participant.

Prior to placing a participant in unpaid work, the county must inform the participant that the participant will be notified if a paid work experience or supported work position becomes available. Unless a participant consents in writing to participate in unpaid work experience, the participant's employment plan may only include unpaid work experience if including the unpaid work experience in the plan will meet the following criteria:

(i) the unpaid work experience will provide the participant specific skills or experience that cannot be obtained through other work activity options where the participant resides or is willing to reside; and

(ii) the skills or experience gained through the unpaid work experience will result in higher wages for the participant than the participant could earn without the unpaid work experience;

(4) job search including job readiness assistance, job clubs, job placement, job-related counseling, and job retention services;

(10) attending a child's early childhood activities, including developmental screenings and subsequent referral and follow-up services. MFIP employment and training providers must coordinate with county social service agencies and health plans to assist recipients in arranging referrals indicated by screening results.

(b) "Work activity" does not include activities done for political purposes as defined in section 211B.01, subdivision 6.

Sec. 8. Minnesota Statutes 2010, section 256J.50, is amended by adding a subdivision to read:

Subd. 13. **Child development information.** MFIP employment and training providers and county agencies shall post information regarding child development in areas easily accessible to families participating in MFIP.

Sec. 9. Minnesota Statutes 2010, section 256J.521, subdivision 2, is amended to read:

**Subd. 2. Employment plan; contents.** (a) Based on the assessment under subdivision 1, the job counselor and the participant must develop an employment plan that includes participation in activities and hours that meet the requirements of section 256J.55, subdivision 1. The purpose of the employment plan is to identify for each participant the most direct path to unsubsidized employment and any subsequent steps that support long-term economic stability. The employment plan should be developed using the highest level of activity appropriate for the participant. Activities must be chosen from clauses (1) to (6), which are listed in order of preference. Notwithstanding this order of preference for activities, priority must be given for activities related to a family violence waiver when developing the employment plan. The employment plan must also list the specific steps the participant will take to obtain employment, including steps necessary for the participant to progress from one level of activity to another, and a timetable for completion of each step. Levels of activity include:

(1) unsubsidized employment;

(2) job search;

(3) subsidized employment or unpaid work experience;  
(4) unsubsidized employment and job readiness education or job skills training;  
(5) unsubsidized employment or unpaid work experience and activities related to a family violence waiver or preemployment needs; and

(6) activities related to a family violence waiver or preemployment needs.

(b) Participants who are determined to possess sufficient skills such that the participant is likely to succeed in obtaining unsubsidized employment must job search at least 30 hours per week for up to six weeks and accept any offer of suitable employment. The remaining hours necessary to meet the requirements of section 256J.55, subdivision 1, may be met through participation in other work activities under section 256J.49, subdivision 13. The participant's employment plan must specify, at a minimum: (1) whether the job search is supervised or unsupervised; (2) support services that will be provided; and (3) how frequently the participant must report to the job counselor. Participants who are unable to find suitable employment after six weeks must meet with the job counselor to determine whether other activities in paragraph (a) should be incorporated into the employment plan. Job search activities which are continued after six weeks must be structured and supervised.

(c) Participants who are determined to have barriers to obtaining or maintaining suitable employment that will not be overcome during six weeks of job search under paragraph (b) must work with the job counselor to develop an employment plan that addresses those barriers by incorporating appropriate activities from paragraph (a), clauses (1) to (6). The employment plan must include enough hours to meet the participation requirements in section 256J.55, subdivision 1, unless a compelling reason to require fewer hours is noted in the participant's file.

(d) The job counselor and the participant must sign the employment plan to indicate agreement on the contents.

(e) Except as provided under paragraph (f), failure to develop or comply with activities in the plan, or voluntarily quitting suitable employment without good cause, will result in the imposition of a sanction under section 256J.46.

(f) When a participant fails to meet the agreed-upon hours of participation in paid employment because the participant is not eligible for holiday pay and the participant's place of employment is closed for a holiday, the job counselor shall not impose a sanction or increase the hours of participation in any other activity, including paid employment, to offset the hours that were missed due to the holiday.

(g) Employment plans must be reviewed at least every three months to determine whether activities and hourly requirements should be revised. At the time of the

employment plan review, the job counselor must provide information to participants regarding early childhood development and resources for families. The job counselor is encouraged to allow participants who are participating in at least 20 hours of work activities to also participate in education and training activities in order to meet the federal hourly participation rates.
