 3.18 for subsequent sale a new video display device unless:

3.19 (1) the video display device is labeled with the manufacturer's brand, which label is  
 3.20 permanently affixed and readily visible; and

3.21 (2) the manufacturer has filed a registration with the agency, as specified in  
 3.22 subdivision 2.

3.23 (b) On or after February 1, 2008, a retailer who sells or offers for sale a new video  
 3.24 display device to a household must, before the initial offer for sale, review the agency  
 3.25 Web site specified in subdivision 2, paragraph (g), to determine that all new video display  
 3.26 devices that the retailer is offering for sale are labeled with the manufacturer's brands that  
 3.27 are registered with the agency.

3.28 (c) A retailer is not responsible for an unlawful sale under this subdivision if the  
 3.29 manufacturer's registration expired or was revoked and the retailer took possession of the  
 3.30 video display device prior to the expiration or revocation of the manufacturer's registration  
 3.31 and the unlawful sale occurred within six months after the expiration or revocation.

4.10 (1) any video display devices sold to households exceed the maximum concentration  
4.11 values established for lead, mercury, cadmium, hexavalent chromium, polybrominated  
4.12 biphenyls (PBB's), and polybrominated diphenyl ethers (PBDE's) under the RoHS

4.32 manufacturers' brands listed in registrations filed with the agency. The agency must  
4.33 update the Web site information promptly upon receipt of a new or updated registration.  
4.34 The Web site must contain prominent language stating, in effect, that sections 115A.1310  
4.35 to 115A.1330 are directed at household equipment and the manufacturers' brands list is,

5.1 therefore, not a list of manufacturers qualified to sell to industrial, commercial, or other  
5.2 markets identified as exempt from the requirements of sections 115A.1310 to 115A.1330.

5.16 has complied and will continue to comply with the requirements of sections 115A.1312  
5.17 to 115A.1318. A registered recycler may conduct recycling activities that are consistent  
5.18 with this chapter. A registration is effective upon receipt by the agency and is valid until  
5.19 July 1 of each year.

5.20 Sec. 9. Minnesota Statutes 2014, section 115A.1314, is amended to read:

5.21 **115A.1314 MANUFACTURER'S REGISTRATION FEE.**

5.22 Subdivision 1. **Registration fee.** (a) Each manufacturer who registers under section  
5.23 115A.1312 must, by ~~September 1, 2007~~ October 1, 2016, and each year thereafter, pay to  
5.24 the commissioner ~~of revenue~~ an annual registration fee. The commissioner ~~of revenue~~  
5.25 must deposit the fee in the state treasury and credit the fee to the environmental fund.

5.26 (b) The registration fee for manufacturers that sell over 100 video display devices to  
5.27 households in the state during the previous calendar year is equal to a base fee of \$2,500,  
5.28 plus a variable recycling fee. The registration fee is calculated according to the formula on  
5.29 the registration form prescribed by the commissioner based on:

5.30  $((A \times B) - (C + D)) \times E$ , where:

5.31 (1) ~~A = the number of pounds of a manufacturer's video display devices sold~~  
5.32 ~~to households during the previous program year, as reported to the department~~ the  
5.33 manufacturer's recycling or reuse obligation as determined by the agency under section  
5.34 ~~115A.1316, subdivision 1~~ 115A.1320;

6.1 ~~(2) B = the proportion of sales of video display devices required to be recycled, set at~~  
 6.2 ~~0.6 for the first program year and 0.8 for the second program year and every year thereafter;~~

6.3 ~~(3) C = (2) the number of pounds of covered electronic devices recycled by a~~  
 6.4 ~~manufacturer from households during the previous program year, as reported to the~~  
 6.5 ~~department agency under section 115A.1316, subdivision 1;~~

6.6 ~~(4) D = (3) the number of recycling credits a manufacturer elects to use to calculate~~  
 6.7 ~~the variable recycling fee, as reported to the department agency under section 115A.1316,~~  
 6.8 ~~subdivision 1; and~~

6.9 ~~(5) E = (4) the estimated per-pound cost of recycling, initially set at \$0.50 per pound~~  
 6.10 ~~for manufacturers who reuse or recycle less than 50 percent of the product (A x B)~~  
 6.11 ~~manufacturer's obligation; \$0.40 per pound for manufacturers who recycle or reuse at least~~  
 6.12 ~~50 percent but less than 90 percent of the product (A x B) manufacturer's obligation; and~~  
 6.13 ~~\$0.30 per pound for manufacturers who reuse or recycle at least 90 percent but less than~~  
 6.14 ~~100 percent of the product (A x B) manufacturer's obligation.~~

6.15 ~~(c) If, as specified in paragraph (b), the term C - (A x B) equals a positive number~~  
 6.16 ~~of pounds, the manufacturer's collection and reuse or recycling of covered electronic~~  
 6.17 ~~devices exceed the obligation specified in section 115A.1320, that amount is defined as~~  
 6.18 ~~the manufacturer's recycling credits. A manufacturer may retain recycling credits to~~  
 6.19 ~~be added, in whole or in part, to the actual value of C, the obligation as reported under~~  
 6.20 ~~section 115A.1316, subdivision 2, during any succeeding program year, provided that no~~  
 6.21 ~~more than 25 percent of a manufacturer's obligation (A x B) for any program year may be~~  
 6.22 ~~met with recycling credits generated in a prior program year. A manufacturer may sell~~  
 6.23 ~~any portion or all of its recycling credits to another manufacturer, at a price negotiated by~~  
 6.24 ~~the parties, who may use the credits in the same manner.~~

6.25 ~~(d) For the purpose of calculating a manufacturer's variable recycling fee under~~  
 6.26 ~~paragraph (b), the weight of covered electronic devices collected from households located~~  
 6.27 ~~outside the 11-county metropolitan area, as defined in subdivision 2, paragraph (c), is~~  
 6.28 ~~calculated at 1.5 times their actual weight.~~

6.29 ~~(e) The registration fee for the initial program year and the base registration fee~~  
 6.30 ~~thereafter for a manufacturer who produces fewer than 100 video display devices for sale~~  
 6.31 ~~annually to households is \$1,250.~~

6.32 **Subd. 2. Use of registration fees.** (a) Registration fees may be used by the  
 6.33 commissioner for:

6.34 (1) implementing sections 115A.1312 to 115A.1330, including transfer to the  
 6.35 commissioner of revenue to carry out the department's duties under section 115A.1320,

7.1 ~~subdivision 2~~; and for transfer to the commissioner of administration for responsibilities  
7.2 under section 115A.1324; and

7.3 (2) grants to counties outside the 11-county metropolitan area, as defined in  
7.4 paragraph (b), and to private entities that collect for recycling or reuse covered electronic  
7.5 devices in counties outside the 11-county metropolitan area, where the collection ~~and~~,  
7.6 recycling, and reuse is consistent with the respective county's solid waste plan, for  
7.7 the purpose of carrying out the activities under sections 115A.1312 to 115A.1330. In  
7.8 awarding competitive grants under this clause, the commissioner must give preference to  
7.9 counties and private entities that are working cooperatively with manufacturers to help  
7.10 them meet their recycling and reuse obligations under section 115A.1318, subdivision 1.

7.11 (b) The 11-county metropolitan area consists of the counties of Anoka, Carver,  
7.12 Chisago, Dakota, Hennepin, Isanti, Ramsey, Scott, Sherburne, Washington, and Wright.

7.24 video display devices sold nationally times the quotient of Minnesota's population divided  
7.25 by the national population. All manufacturers with sales of 100 or fewer video display  
7.26 devices to households in the state during the previous calendar year must report using the  
7.27 method under this clause for calculating sales.

7.29 description of how the information or estimate was calculated.

7.30 (b) By ~~September~~ October 1 of each year, beginning in ~~2008~~ 2016, each  
7.31 manufacturer must report to the ~~department~~ agency the total weight of covered electronic  
7.32 devices the manufacturer collected from households and recycled or arranged to have  
7.33 collected and recycled during the preceding program year. ~~If a manufacturer wishes~~  
7.34 ~~to receive the variable recycling rate of 1.5 for covered electronic devices it recycles,~~  
7.35 ~~the manufacturer must report separately the total weight of covered electronic devices~~

8.1 collected from households located in counties specified in section 115A.1314, subdivision  
 8.2 1, paragraph (d), and those collected from households located outside those counties.

 8.4 must report to the ~~department~~ agency:

8.5 (1) the number of recycling credits the manufacturer has purchased and sold during  
 8.6 the preceding program year;

 8.21 beginning in ~~2008~~ 2016, a collector must report separately to the agency the total pounds  
 8.22 of covered electronic devices collected in the counties specified in section 115A.1314,  
 8.23 subdivision 1, paragraph (d), and all other Minnesota counties, and a list of all recyclers  
 8.24 to whom collectors delivered covered electronic devices.

8.25 Sec. 11. Minnesota Statutes 2014, section 115A.1318, is amended to read:

8.26 **115A.1318 RESPONSIBILITIES.**

8.27 Subdivision 1. **Manufacturer's responsibilities.** (a) In addition to fulfilling the  
 8.28 requirements of sections 115A.1310 to 115A.1330, a manufacturer must comply with  
 8.29 paragraphs (b) to (e).

8.30 (b) A manufacturer must annually recycle or arrange for the collection and recycling  
 8.31 of an amount of covered electronic devices ~~equal to the total weight of its video display~~  
 8.32 ~~devices sold to households during the preceding program year, multiplied by the proportion~~  
 8.33 ~~of sales of video display devices required to be recycled, as established by the agency~~  
 8.34 ~~under as determined by the agency in section 115A.1320, subdivision 1, paragraph (c).~~

9.1 (c) The obligations of a manufacturer apply only to ~~video display~~ covered electronic  
 9.2 devices received from households and do not apply to ~~video display~~ covered electronic
