Subd. 2. Requirements for video security cameras. (a) By January 1, 2026, a licensed

child care center must have video security cameras to monitor and record infants and toddlers

in public and shared areas of the facility as provided under this subdivision.

(b) A licensed child care center must have at least one video security camera in each

room designated for infants or toddlers. The camera must be positioned to provide maximum

(c) A licensed child care center must have a sufficient number of video security cameras to provide visibility of all outdoor recreational equipment used by infants or toddlers and at least 80 percent of the square footage of a fenced-in outdoor space used by infants or toddlers.

(d) The video security cameras must:

(2) record and display the accurate date and time;

(3) have a display resolution of 720p or higher; and

(4) have a frames per second rate of 15 or higher.

Subd. 3. **Retention and disposal of recordings.** (a) A licensed child care center must retain video security camera recordings required under this section for 60 calendar days after the date of the recording. Except as provided under paragraphs (b), (c), and (d), a licensed child care center must dispose of video security camera recordings required under this section after 60 calendar days.

(b) A licensed child care center that receives notice from a law enforcement official of a suspected crime committed against a child at the center may not dispose of any video security camera recordings required under this section until the law enforcement investigation of the suspected crime is complete.

(c) A licensed child care center must retain video security camera recordings related to an incident that the center must report to the commissioner under Minnesota Rules, part 9503.0130, for six months from the date of the incident.

(d) A licensed child care center may retain video security camera recordings required under this section to use for training center employees. Any recordings used for training purposes must redact, as defined under section 13.825, subdivision 1, identifying information on children shown or heard in the recording, unless a parent or legal guardian has provided written consent providing that the center may use unredacted recordings of the parent's or guardian's child.

3.18 confidentially and must not further disseminate it to any other person except as required
3.19 under law. The employee must not keep the recording or copy or a portion of the recording
