## State of Minnesota

## HOUSE OF REPRESENTATIVES

A bill for an act

relating to energy; establishing reimbursement program for underground petroleum

NINETY-FOURTH SESSION

н. ғ. №. 3298

05/05/2025 Authored by Mekeland, Joy, Tabke and Rehrauer
The bill was read for the first time and referred to the Committee on Energy Finance and Policy

1.3 1.4 1.5	storage tank systems with pressurized single-walled steel piping; amending Minnesota Statutes 2024, sections 115C.08, subdivision 4; 115C.09, by adding a subdivision.
1.6	BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:
1.7	Section 1. Minnesota Statutes 2024, section 115C.08, subdivision 4, is amended to read
1.8	Subd. 4. Expenditures. (a) Money in the fund may only be spent:
1.9	(1) to administer the petroleum tank release cleanup program established in this chapter
1.10	(2) for agency administrative costs under sections 116.46 to 116.50, sections 115C.03
1.11	to 115C.06, and costs of corrective action taken by the agency under section 115C.03,
1.12	including investigations;
1.13	(3) for costs of recovering expenses of corrective actions under section 115C.04;
1.14	(4) for training, certification, and rulemaking under sections 116.46 to 116.50;
1.15	(5) for agency administrative costs of enforcing rules governing the construction,
1.16	installation, operation, and closure of aboveground and underground petroleum storage
1.17	tanks;
1.18	(6) for reimbursement of the environmental response, compensation, and compliance
1.19	account under subdivision 5 and section 115B.26, subdivision 4;
1.20	(7) for administrative and staff costs as set by the board to administer the petroleum tank
1.21	release program established in this chapter;

Section 1.

04/25/25 REVISOR CKM/AD 25-05546

(8) for corrective action performance audits under section 115C.093;

- (9) for contamination cleanup grants, as provided in paragraph (c);
- (10) to assess and remove abandoned underground storage tanks under section 115C.094 and, if a release is discovered, to pay for the specific consultant and contractor services costs necessary to complete the tank removal project, including, but not limited to, excavation soil sampling, groundwater sampling, soil disposal, and completion of an excavation report;
- (11) to acquire interests in real or personal property, including easements, environmental covenants under chapter 114E, and leases, that the agency determines are necessary for corrective actions or to ensure the protectiveness of corrective actions. A donation of an interest in real property to the agency is not effective until the agency executes a certificate of acceptance. The state is not liable under this chapter solely as a result of acquiring an interest in real property under this clause. Agency approval of an environmental covenant under chapter 114E is sufficient evidence of acceptance of an interest in real property when the agency is expressly identified as a holder in the covenant. Acquisition of real property under this clause, except environmental covenants under chapter 114E, is subject to approval by the board-; and
- (12) to reimburse the cost of replacing pressurized single-walled steel piping in underground petroleum storage tank systems under section 115C.09, subdivision 31.
- (b) Except as provided in paragraph (c), money in the fund is appropriated to the board to make reimbursements or payments under this section.
- (c) In fiscal years 2010 and 2011, \$3,700,000 is annually appropriated from the fund to the commissioner of employment and economic development for contamination cleanup grants under section 116J.554. Beginning in fiscal year 2012 and each year thereafter, \$6,200,000 is annually appropriated from the fund to the commissioner of employment and economic development for contamination cleanup grants under section 116J.554. Of this amount, the commissioner may spend up to \$225,000 annually for administration of the contamination cleanup grant program. The appropriation does not cancel and is available until expended. The appropriation shall not be withdrawn from the fund nor the fund balance reduced until the funds are requested by the commissioner of employment and economic development. The commissioner shall schedule requests for withdrawals from the fund to minimize the necessity to impose the fee authorized by subdivision 2. Unless otherwise provided, the appropriation in this paragraph may be used for:

(1) project costs at a qualifying site if a portion of the cleanup costs are attributable to
petroleum contamination or new and used tar and tar-like substances, including but not
limited to bitumen and asphalt, but excluding bituminous or asphalt pavement, that consist
primarily of hydrocarbons and are found in natural deposits in the earth or are distillates,
fractions, or residues from the processing of petroleum crude or petroleum products as
defined in section 296A.01; and
(2) the costs of performing contamination investigation if there is a reasonable basis to
suspect the contamination is attributable to petroleum or new and used tar and tar-like
substances, including but not limited to bitumen and asphalt, but excluding bituminous or
asphalt pavement, that consist primarily of hydrocarbons and are found in natural deposits

Sec. 2. Minnesota Statutes 2024, section 115C.09, is amended by adding a subdivision to read:

in the earth or are distillates, fractions, or residues from the processing of petroleum crude

or petroleum products as defined in section 296A.01.

- Subd. 31. **Reimbursement; single-walled steel piping.** (a) For the purposes of this subdivision, the following terms have the meanings given:
- (1) "eligible equipment" means all equipment between the underground petroleum storage tank and the dispenser, including piping, probes, monitors, pumps, containment, and electrical equipment to support such equipment. Eligible equipment does not include underground petroleum storage tanks, dispensers, canopies, site improvements, or signage replacement;
- (2) "eligible location" means an underground petroleum storage tank system that is located in Minnesota, has pressurized single-walled steel piping, and was installed before the effective date of this subdivision; and
- (3) "qualified person" means someone who is registered as a contractor under sections

  115C.11 to 115C.12 and, as part of the person's trade or business, installs or repairs

  pressurized underground petroleum storage tank systems.
- (b) Notwithstanding any other provision of this chapter or any rules adopted under this chapter, for new projects beginning after January 1, 2026, the board must reimburse an owner 50 percent of the cost of replacing eligible equipment that is at a minimum compatible with E25 or B20 equipment at eligible locations if:
- 3.31 (1) the owner considered at least two bids and selected the bid with the lowest total cost;
   3.32 and
  - (2) the board determines that the costs incurred were reasonable.

Sec. 2. 3

04/25/25	REVISOR	CKM/AD	25-05546

4.1	(c) The board must not reimburse costs that the board determines were unreasonable.
4.2	(d) Reimbursement under paragraph (b) may not exceed \$100,000 per eligible location.
4.3	(e) The maximum annual expenditure from the fund for reimbursing the costs of replacing
4.4	pressurized single-walled steel piping may not exceed \$4,000,000.
4.5	(f) An owner that owns or operates multiple eligible locations must not receive
4.6	reimbursement for more than two eligible locations per calendar year.
4.7	(g) An owner may be reimbursed for the costs of:
4.8	(1) all eligible equipment;
4.9	(2) labor completed by a qualified person and associated with eligible equipment
4.10	installation;
4.11	(3) labor completed by a qualified person and associated with dirt and concrete work
4.12	directly associated with installing eligible equipment; and
4.13	(4) permits, freight, and shipping directly related to eligible equipment.
4.14	(h) Nothing in this subdivision prohibits an owner from receiving reimbursement from
4.15	other sources for costs that are not reimbursed under this subdivision.
4.16	(i) This subdivision expires June 30, 2036.

Sec. 2. 4
