### BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.12 Section 1. Minnesota Statutes 2024, section 162.02, is amended by adding a subdivision to read: 1.13

Subd. 1a. Local design control. (a) A political subdivision may use a roadway design that is different than the design rules adopted and promulgated by the commissioner if the political subdivision adopts, by resolution, a qualifying alternative roadway design standard. A political subdivision that adopts a qualifying alternative design standard is solely responsible for ensuring that the design or designs meet the adopted standard. The commissioner must forgo review of geometric designs, except for the review of design standards for the vertical clearances for underpasses in Minnesota Rules, part 8820.2500, for county state-aid roadway projects in a city or county adopting alternative design standards for that project. If a city has adopted an alternative design standard for a past roadway design project in that city, a county may elect to use the same alternative design standard for the geometric design of a county state-aid project within that city. For purposes of this subdivision, "qualifying alternative roadway design standard" includes any of the following publications:

Sec. 2. Minnesota Statutes 2024, section 162.02, subdivision 3a, is amended to read:

KRB

Subd. 3a. Variances from rules and engineering standards. (a) The commissioner may grant variances from the rules and from the engineering standards developed pursuant to section 162.021 or 162.07, subdivision 2. A political subdivision in which a county state-aid highway is located or is proposed to be located may submit a written request to the commissioner for a variance for that highway. The commissioner shall must comply with section 174.75, subdivision 5, in evaluating a variance request related to a complete streets project. A political subdivision must not be required to seek a variance from county state-aid design standards if the proposed deviation from rules is designed in accordance with a qualifying alternative roadway design standard under subdivision 1a.

- (b) The commissioner may grant or deny the variance within 30 days of receiving the variance request. If the variance is denied, the political subdivision may request, within 30 days of receiving notice of denial, and shall must be granted a contested case hearing. The commissioner must use the criteria set forth in subdivision 3c to evaluate the variance request. The commissioner must give special consideration to proposed modifications for safety considerations if the proposed design is intended to increase the safety of nonmotorized transportation to and from a school.
- (c) If the commissioner denies a variance, the commissioner must notify the chairs and ranking minority members of the legislative committees with jurisdiction over transportation and provide justification for denying the variance within 30 days of notifying the political subdivision of the denial. The justification must include the commissioner's reasoning for the denial, the recommendation of the advisory committee on variances, and the reasoning used by the committee to approve or deny the variance.
- (e) (d) For purposes of this subdivision, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park authority.
- (e) The commissioner must not require a political subdivision to seek a variance from design rules under this section for:
- (1) narrowing lanes from 11 feet to ten feet for roadways in an urban or suburban context, except where specifically prohibited in adopted state-aid rules;
- (2) designs allowed in the current Department of Transportation Facility Design Guide or successor document for roadways of similar context;
- (3) designs allowed by current Department of Transportation trunk highway standards
   for roadways of similar context; or

1.4	(f) Paragraph (e) does not apply to a natural preservation route established under section
1.5	162.021.
1.6	(g) The commissioner may require a resolution by the recipient of a variance that
1.7	indemnifies, saves, and holds harmless the state and its agents and employees of and from
1.8	claims, demands, actions, or causes of action arising out of or by reason of granting the

#### 8820.3300 VARIANCE.

- Subpart 1. **Written requests.** A formal request by a political subdivision for a variance from this chapter must:
  - A. be submitted to the commissioner in writing in the form of a resolution;
  - B. identify the project by location and termini; and
- C. cite the specific part or standard for which the variance is requested and describe the modification proposed.
  - Subp. 1a. Additional information. Additional information needed:
    - A. index map;
    - B. typical section:
      - (1) inplace section;
      - (2) proposed section;
    - C. reasons for the request;
- D. the economic, social, safety, and environmental impacts which may result from the requested variance;
- E. effectiveness of the project in eliminating an existing and projected deficiency in the transportation system;
  - F. effect on adjacent lands;
  - G. number of persons affected; and
  - H. safety considerations as they apply to:
    - (1) pedestrians;
    - (2) bicyclists;
    - (3) motoring public; and
    - (4) fire, police, and emergency units.
- Subp. 3. **Decision.** The commissioner shall base the decision on the criteria in part 8820.3400, subpart 3 and shall notify the political subdivision in writing of the decision. The commissioner may require a resolution by the recipient of the variance that indemnifies, saves, and holds harmless the state and its agents and employees of and from claims, demands, actions, or causes of action arising out of or by reason of the granting of the variance. The recipient of the variance shall further agree to defend at its sole cost and expense any action or proceeding begun for asserting any claim of whatever character arising as a result of the granting of the variance.
- Subp. 4. **Contested case hearing.** Any variance objected to in writing or denied by the commissioner is subject to a contested case hearing as required by law.

### 8820.3400 ADVISORY COMMITTEE ON VARIANCES.

- Subpart 1. **Appointment.** The commissioner may appoint a committee to serve as required to investigate and determine a recommendation for each variance. No elected or appointed official that represents a political subdivision requesting a variance may serve on the committee.
- Subp. 2. **Membership.** The committee shall consist of any five of the following persons: not more than two county highway engineers, only one of whom may be from a county containing a city of the first class; not more than two city engineers, only one of whom may be from a city of the first class; not more than two county officials, only one of whom may be from a county containing a city of the first class; and not more than two

# APPENDIX Repealed Minnesota Rules: S2162-1

officials of an urban municipality, only one of whom may be from a city of the first class. The committee must have at least two elected officials as members. The committee shall have at least one member but not more than four members from a metropolitan area, as defined in Minnesota Statutes, section 473.121, subdivision 2, as well as cities with a population of over 50,000 according to the most recent census.

Subp. 3. **Operating procedure; factors considered.** The committee shall meet on call from the commissioner at which time they must be instructed as to their responsibilities by a designee of the commissioner, shall elect a chairperson, and shall establish their own procedure to investigate the requested variance.

The committee shall consider the:

- A. economic, social, safety, and environmental impacts which may result from the requested variance;
- B. effectiveness of the project in eliminating an existing and projected deficiency in the transportation system;
  - C. effect on adjacent lands;
  - D. number of persons affected;
  - E. effect on future maintenance;
- F. safety considerations as they apply to pedestrians, bicyclists, motoring public, and fire, police, and emergency units; and
- G. effect that the rule and standards may have in imposing an undue burden on a political subdivision.
- Subp. 4. **Recommendation.** The committee after considering all data pertinent to the requested variance shall recommend to the commissioner approval or disapproval of the request.
